

## Comprehensive Exit Exam Statement of No Appeal

Faculty members taking part in the exam committee will evaluate the comprehensive exam essays and determine if the student demonstrates knowledge at the level appropriate for a master's degree holder. While feedback about areas of improvement will be provided, the evaluation of an essay is final and cannot be discussed or appealed.

I understand that the evaluation of my comprehensive exam for completing my Master of Public Administration is final and that I have no option to appeal the evaluation or to discuss the results with any member of the Department of Political Science.
