Automated Budget and Evaluation System of Texas (ABEST)

#### 758 Texas State University System

In accordance with the instructions, the Texas State University System (TSUS) Administration submits its fiscal year 2024 and 2025 Legislative Appropriations Request to the Office of the Governor Budget Division and the Legislative Budget Board.

TSUS was established in 1911 and is composed of a system office, four universities (Lamar University, Sam Houston State University, Sul Ross State University, Texas State University), one upper division college (Sul Ross State University Rio Grande College) and the only three state colleges in Texas (Lamar Institute of Technology, Lamar State College Orange, Lamar State College Port Arthur).

The System has been and will continue to be a key participant in the state's 'Talent Strong Texas' initiative. TSUS educates nearly 87,000 students, an increase of 20 percent since 2010. Over the past eight years, TSUS institutions have made significant progress toward key goals outlined in our Vision 2020 strategic plan: Hispanic enrollment is up 101 percent, degrees awarded are up 40 percent, degrees in STEM/key fields are up 81 percent, doctoral degrees completed are up 171 percent, graduation rates are up 12 percent, online degree programs are up 397 percent, and online credit hours are up 395 percent.

On behalf of our component institutions, our priorities for the 88th Legislature are:

- formula funding sufficient to cover enrollment growth and inflation,
- formula funding for the Lamar State Colleges to maintain the 49% tuition and fee reduction,
- funding enhancement at Texas State University to better align their funding with that of peer institutions,
- performance based funding for Comprehensive Regional Universities,
- funding for the TEXAS Grants and TEOG programs trusteed at the THECB,
- relief with the forgone tuition and fees associated with the Hazlewood Program,
- restoration of health insurance premium contribution rates, and
- assistance with Natural Disaster mitigation and resiliency efforts.

The Texas State University System and its component institutions provide exceptional value for individuals seeking higher education opportunities. The Board of Regents, leadership, faculty, and staff are dedicated to providing quality educational services while keeping college affordable for all Texans. We appreciate the Legislature's continuing commitment to our mission.

Brian McCall, Ph.D. Chancellor

<ul> <li>ad. For fiscal years 20242 and 20253, institutions of higher education shall-also consider audits of benefits proportional when developing their annual internal audit plans.</li> <li>be. It is the intent of the Legislature that the State Auditor's Office audit at least two institutions of higher education for compliance with benefits proportional provisions during the 20242-253 biennium.</li> <li>c. If an audit conducted under subsections (a) or (b) identifies any instances in which an institution has not been compliant with the proportionality requirements provided by Article IX, Sec. 6.08, Benefits Paid Proportional by Method of Finance in the prior three fiscal years defined in subsection (a) and received excess General Revenue as a result of this noncompliance, the institution shall submit a reimbursement payment to the Comptroller of Public Accounts within two years from the conclusion of the audit. The Comptroller of Public Accounts shall notify the Legislative Budget Board and State Auditor's Office of all reimbursement payments submitted by an institution of higher education.</li> <li>TSUS requests that the provisions of the rider be modified by deleting subsections a. and c. to allow institution internal audit departments to evaluate the cost/benefit of the audit as part of their annual risk assessment process. Within the TSUS, these audits utilized significant resources and resulted in only minimal findings. Proposed subsection c. is a renumbering/minor revision of existing subsection b. to properly order the provisions of the rider after the deletion of the other subsections. TSUS has not addressed the intent provision (formerly subsection e.) for the State Auditor (SAO) to conduct two audits. The SAO would be in the best position to evaluate whether</li> </ul>
this was beneficial and to make recommendations as to whether to retain, modify or delete this provision.

Higher Education Employees Group Insurance Contributions, Rider 9 (NEW)	III-50 (NEW)	9. HEGI State Premium Contribution Rate. For the 2024-25 biennium, funds identified and appropriated through the Higher Education Employees Group Insurance bill pattern are based on the following percentage of the full Employee Retirement System (ERS) premium rates, based on the following institutional categories:
		<u>2024-25</u>
		The University of Texas System100% Texas A&M University System100% BRS Participating Institutions100% Public Community/Junior Colleges50.0%TSUS requests that the provisions of Rider 61, HEGI State Premium Contribution Rate, be incorporated as a rider in the HEGI bill pattern rather than being in Special Provisions. This allows the information presented to be grouped with the related HEGI appropriations.Additionally, TSUS requests the Legislature restore the rate for ERS Participating Institutions to 100% of the ERS rates for employees funded through appropriated funds.

Support for Military and Veterans Exemptions, Rider 1	III-72 to III-73	1. Distribution to Eligible Institutions. There is appropriated to each eligible institution of higher education for the biennium ending August 31, 2023, an annual distribution amount from the Permanent Fund Supporting Military and Veterans Exemptions to offset the cost to each institution of higher education of the exemptions required by Education Code, Sec. 54.341(k). The annual distribution total from the fund shall be determined by the Texas Treasury Safekeeping Trust Company. The annual distribution from the fund shall be distributed to eligible institutions in proportion to each institution's respective share of the aggregate cost to all institutions of the exemptions required by Education Code, Sec. 54.341(k), as determined and approved by the Legislative Budget Board. The determined distribution allocations shall be considered approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its distribution calculations and forwards the distribution calculations to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board interrupt the counting of the 30 business days.
		Pursuant to Education Code, Sec. 54.341(h), each institution of higher education shall report information required for determining the distribution allocations. In the event an institution of higher education receives any funds from the Permanent Fund Supporting Military and Veterans Exemptions as a result of data reporting errors, the amount of funds related to the reporting errors shall be lapsed.
		The Legislative Budget Board shall provide a copy of the approved annual distribution allocation data and amounts by institution to all receiving Institutions of Higher Education.
		TSUS requests the addition of this provision to allow institutions of higher education to understand the Hazlewood funding distributions and to effectively administer them. The request is consistent with how Permanent Health Fund allocation information is provided to participating entities.

Support for Military and Veterans Exemptions, Rider 2	III-72 to III-73	<b>2. Reimbursements for Hazlewood Exemption Program.</b> Notwithstanding Article IX, §14.01, Appropriation Transfers or similar provisions of this Act, the General Revenue amounts appropriated above in Strategy B.1.1, Reimbursement for Hazlewood Exempts, are for the sole purpose of funding the proportionate share of the total cost to each institution for the Hazlewood Exemption Legacy Program and may not be used for any other purpose.
		The Texas Comptroller of Public Accounts shall annually distribute the appropriations made in Strategy B.1.1, Reimbursement for Hazlewood Exempts, according to the proportion of each institution's respective share of the aggregate cost of the exemption for students under the Hazlewood Exemption Legacy Program in Education Code, §54.341(k), as determined by the Legislative Budget Board consistent with the annual distribution from the Permanent Fund Supporting Military and Veterans Exemptions. The appropriations made in Strategy B.1.1, Reimbursement for Hazlewood Exempts, may not be distributed without the prior written approval of the Legislative Budget Board.
		The determined distribution allocations shall be considered approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its distribution calculations and forwards the distribution calculations to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board interrupt the counting of the 30 business days.
		For purposes of the requirements of Article IX, Sec. 6.08 Benefits Proportional by Fund of this Act, appropriations made in Strategy B.1.1 and transferred to any institution of higher education shall be counted as if the transferred funds were directly appropriated to respective institution.
		Pursuant to Education Code, §54.341(h), each institution of higher education shall report information required for determining the distribution allocations. In the event an institution of higher education receives any General Revenue as a result of data reporting errors, the amount of funds related to the reporting errors shall be lapsed.
		The Legislative Budget Board shall provide a copy of the approved annual distribution allocation data and amounts by institution to all receiving institutions of higher education.
		TSUS requests that proportionality benefits be made available for the general revenue funding associated with Hazlewood. This allows for the more effective use and administration of the funds.

		TSUS requests the addition of the reporting provision to allow institutions of higher education to understand the Hazlewood funding distributions and to effectively administer them. The request is consistent with how Permanent Health Fund allocation information is provided to participating entities.
Support for Military and Veterans Exemptions, Rider 3	III-73	<ul> <li>3. Appropriation: Unexpended Balances. Any unobligated and unexpended balances as of August 31, 202<u>3</u>4, in Permanent Fund Supporting Military and Veterans Exemptions appropriations made to each eligible institution of higher education are appropriated for the same purpose for the fiscal year beginning September 1, 202<u>3</u>4. Any unobligated and unexpended balances as of August 31, 202<u>42</u>, in Permanent Fund Supporting Military and Veterans Exemptions appropriations made to each eligible institution of higher education are appropriated for the same purpose for the fiscal year beginning September 1, 202<u>42</u>. Any unobligated and unexpended balances as of August 31, 2024, resulting from appropriation <u>distributions made to each eligible institution of higher education out of Strategy B.1.1, Reimbursement for Hazlewood Exempts, are appropriated for the same purpose for the fiscal year beginning September 1, 2024.</u></li> <li>TSUS requests the addition of unexpended balance (UB) authority for the general revenue</li> </ul>
		reimbursement distributions made out of funds appropriated in Strategy B.1.1. Adding UB authority for the Hazlewood general revenue creates consistency between the two Hazlewood funds. In addition, the funds are received later in the fiscal year. Without UB authority, the time to spend funds is limited.
Support for Military and Veterans Exemptions, Rider 4 (NEW)	III-73	4. Texas Veterans Commission Veterans Exemption Data. By November 30 of each year of the biennium, the Texas Veterans Commission shall provide a report to eligible institutions and their system office on veteran, child, spouse and legacy participants in the Hazlewood exemption program. At a minimum, the report would include all institutions, broken down by institution and exemption type, and would contain numbers of students, total exemption hours, total value of exemptions. Any information provided would not be personally identifiable, so as to not violate the federal Family Educational Rights and Privacy Act.
		TSUS requests the addition of this reporting rider to allow institutions of higher education to better understand the Hazlewood funding distributions and to effectively administer them.

Special Provisions Relating Only to State Agencies of Higher Education, Sec. 5	III-266 to III-267	(no requested changes to subsections 1 to 4)
		5. Tuition Revenue BondCapital Construction Assistance Project and Revenue Bond Transfers. Notwithstanding the other provisions of this act, transfers are not prohibited to the extent they are required to comply with proceedings authorizing bonds or other obligations now outstanding or hereafter issued pursuant to law.
		TSUS proposes an update to the transfer provision related to the former tuition revenue bonds. The updates adopt the new CCAP name under the assumption that the various appropriation strategies will be renamed.

Special Provisions Relating Only to State Agencies of Higher	III-268	<b>Sec. 6. Expenditure Provisions.</b> The expenditure of the appropriations made in this Article or authorized in law for institutions of higher education, except bequests and gifts specifically designated to be in some manner handled otherwise, shall be subject to the provisions of this section which follow and with exceptions only as specifically noted:
Education, Sec. 6		1. Annual Operating Budgets Required. It is expressly provided that the governing board of each of the institutions of higher education named herein shall approve on or before September 1, 202 <u>3</u> + and 202 <u>4</u> 2, an itemized budget covering the operation of the ensuing fiscal year, which budget shall be prepared within the limits of the revenue available. Each institution's operating budget shall contain a section(s) which provides budget amounts and the method of finance for each listed informational item of appropriated funds contained in this Act. A copy of each budget, and any subsequent amendments thereto, shall be filed with the Legislative Reference Library and the institution's general library to be available for public inspection. Copies of each budget shall also be filed with the Legislative Budget Board (if requested), the Governor, and the Texas Higher Education Coordinating Board by December 1 of each fiscal year.
		(no requested changes to subsections 2 through 8)
		9. Tuition Revenue Bonds Capital Construction Assistance Projects and Other Revenue Bonds. Funds clearly identified in separate informational strategies to the state institutions of higher education named in this Article-general academic teaching institutions and health sciences centers for capital construction assistance projects or other revenue or tuition revenue bond retirement may be expended only to reimburse institutions-or centers for debt retirement authorized by Education Code §55.17 through §55.17991892 and §55.19. Any funds in excess of the amount expended for regularly scheduled principal and interest for debt service reimbursements due each year shall be lapsed to the General Revenue Fund at the end of each fiscal year. Funds may be used for bond and commercial paper debt service payments, which can include principal, interest and fees.
		TSUS requests that the requirement to submit amendments to the Operating Budget be lifted. It is unclear what this provision requires, as routine amendments are not provided to the listed agencies. It is uncertain as to whether the agencies would be equipped to handle the hundreds if not thousands of individual amendments.
		In addition, TSUS has had trouble fulfilling the requirements of the rider specifically with respect to submitting a copy of the budget to the LBB in the years when the LBB's Operating Budget process

is not ongoing. The LBB typically does not want copies of institution budget documents in the off years. The requested revision would alleviate the requirement in the off years, unless the LBB specifically requests the documents.
Under the assumption that the various tuition revenue bond (TRB) appropriation strategies will be renamed, TSUS proposes updates to the former TRB limiting rider. The updates adopt the new CCAP strategy name reference, expands the statutory reference to include authorizations under SB52 (87 <sup>th</sup> Leg, 3 <sup>rd</sup> Called Session) as well as clean up old language limiting the rider only to general academic institutions and health science centers – which omitted system offices, TSTC, and health-related institutions such as U. T. M. D. Anderson Cancer Center which is technically not a "health science center".

Special Provisions Relating Only to State Agencies of Higher Education, Rider 11	III-271	<ol> <li>Sec. 11. Method of Financing Scholarships.</li> <li>Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code §56.031 to §56.039, cited as the Texas Public Educational Grants Program.</li> </ol>
		2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
		3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
		<u>34</u> . Out of the additional funds appropriated for the 202 <u>42</u> -2 <u>5</u> 3 biennium for the informational strategy described as "Scholarships," funds the respective governing boards shall allocate <u>d</u> and expende <u>d</u> such funds by the respective governing boards for need-based student scholarships shall be allocated and expended without regardless of to the race, sex, color, or ethnicity of the student recipient.
		TSUS requests deletion of the reporting requirement in Paragraph 2 related to scholarships. TPEG scholarships are long established, and this would relieve a regulatory burden.
		TSUS also requests clean-up of Paragraph 4. Since the adoption of the current formula funding model in the 1998-99 appropriation bill (75 <sup>th</sup> Legislature), institutions no longer have the informational strategy of "Scholarships" in their bill pattern. The revision is intended to continue the existing requirement while eliminating the outdated language.

Special Provisions Relating Only to State Agencies of Higher Education, Rider 26	III-274 to III-275	<ul> <li>Sec. 26. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of fourthe following formulas and supplemental items.</li> <li>1. Instruction and Operation Formula. The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 20242-253 biennium is \$59.4555.66 in fiscal year 20242 and fiscal year 20253.</li> </ul>
		Weighting is determined by the following matrix: (matrix and paragraph 2 omitted for space considerations)
		(matrix and paragraph 2 onnued for space considerations)
		3. Infrastructure Support. Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.845.47 in fiscal year 20242 and fiscal year 20253.
		<b>4. Supplemental Non-formula Items.</b> Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue capital construction assistance projects bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
		(no requested changes to Paragraphs 5 except routine updates)
		6. Small Institution Supplement. The Small Institution Supplement, as a set-aside within the General Academic Institution Infrastructure Formula, shall provide supplemental funding to general academic institutions with headcounts of fewer than 10,000 students. For the 20242-253 biennium, general academic institutions with a headcount of fewer than 5,000 students shall receive a small institution supplement of \$2,812,3422,633,133. The small institution supplement shall decrease proportionate to the increase in headcount above 5,000 until the institution reaches 10,000 headcount. Once an institution reaches 10,000 headcount, it shall no longer be eligible for this supplement.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 202224.
TSUS requests the update of these paragraphs to reflect the THECB formula recommendations. The edit to Paragraph 4 is in anticipation of the tuition revenue bond strategies being renamed and is appropriate only if that occurs.

Special Provisions Relating Only to State Agencies of Higher Education, Rider 26	III-274 to III-275	<ul> <li>(all other changes to Rider 26 are requested above)</li> <li>7. Research Funding and Formulas. The general academic institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also shall participate in one of the following research formulas subject to their eligibility for each formula.</li> </ul>
		a. Texas Research University Fund. The Texas Research University Fund shall provide funding to The University of Texas at Austin and Texas A&M University based on each institution's average research expenditures for the previous three-year period as reported to the Higher Education Coordinating Board. For the 2024-25 biennium, each institution receives 10.8 percent of its three- year average of total research expenditures as reported to the Texas Higher Education Coordinating Board.
		b. Core Research Support. The core research support fund is established to promote increased research capacity at Emerging Research Universities. Funding to eligible institutions shall be allocated as follows: 50 percent based on the average amount of restricted research funds expended by each institution per year for the three preceding state fiscal years, determined in the manner described by Section 62.095(b); and 50 percent based on the average amount of total research funds expended by each institution per year for the three preceding state fiscal years, determined in the manner described by Section 62.053(b). For the 2024-25 biennium, each institution is funded at an average of 11.2 percent of eligible research expenditures as determined by criteria listed above.
		c. Comprehensive Research Fund. The Comprehensive Research Fund shall provide funding to promote increased research capacity at general academic institutions, excluding The University of Texas at Austin, Texas A&M University, and institutions of higher education designated as an emerging research university under the Higher Education Coordinating Board's accountability system. Funding to eligible institutions shall be allocated among institutions based on the average amount of restricted research funds expended by each institution per year for the three preceding state fiscal years as reported to the Higher Education Coordinating Board. For the 2024-25 biennium, each institution receives 17.4 percent of its three-year average of restricted research expenditures as reported to the Texas Higher Education Coordinating Board.
		TSUS requests the addition of Paragraph 7 to Rider 26 to consolidate information on all general academic institution formula methodologies into one rider and to update funding to the THECB Formula Funding recommendations. It is believed that this helps clarify formula vs. non-formula

		bill pattern items. The rider is submitted in combination with the requests for Special Provisions Riders 56 and 58 which previously included the methodologies plus unexpended balance authority and informational listings of formula amounts. In the event this request is not adopted, the language should remain in Riders 56 and 58.
Special Provisions Relating Only to State Agencies of Higher Education, Rider 49	III-286	<ul> <li>Sec. 49. State Two Year Institution Funding. The Instruction and Administration Formula for the 2022-23 biennium provides funding for Community Colleges at an annual rate of \$2.84 per contact hour. The Instruction and Administration Formula for the 2022-2324-25 biennium provides funding for Lamar State Colleges at an annual rate of \$7.208.16 per contact hour.</li> <li>TSUS requests the update of this paragraph to reflect the I&amp;A rate necessary for the Lamar State Colleges to maintain the reduced tuition and fees for fiscal year 2024 and fiscal year 2025.</li> </ul>
Special Provisions Relating Only to State Agencies of Higher Education, Rider 35	III-283	Sec. 35. Endowed Programs. A state university that, within five years of receiving a donation, diminishes its financial support from local funds for a program created or endowed by the donor shall notify the donor in accordance with the donor agreement. If the agreement so provides, then upon application by the donor, the university shall return the donation or endowment. TSUS requests the deletion of this rider as regulatory relief.

Special Provisions Relating Only to State Agencies of Higher Education, Rider 39	III-284	<ul> <li>Sec. 39. Appropriation of Funds from the Permanent Health Fund for Higher Education.</li> <li>Included in the amounts appropriated to health related institutions of higher education is an estimated appropriation based on the institution's allocation of the estimated earnings out of the Permanent Health Fund for Higher Education for each fiscal year of the biennium. Amounts available for distribution from this fund are estimated to be \$21,758,685 each fiscal year of the biennium. The funds appropriated out of the Permanent Health Fund for Higher Education shall be distributed to the institutions of higher education in accordance with Education Code \$63,003 for the purpose of medical research, health education, or treatment programs. The determined distribution allocations shall be considered approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its distribution calculations and forwards the distribution calculations to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board interrupt the counting of the 30 business days.</li> <li>Along with the determined distributions referenced above, the Texas Comptroller of Public Accounts shall also distribute any current or prior interest carned on pre-distribution balances held in the State Treasury to the eligible institutions in proportion to the allocation distributions determined by the Legislative Budget Board in accordance with Education Code §63.003.</li> <li>The Legislative Budget Board shall provide a copy of the approved annual distribution allocation data and amounts by institution to the applicable Institutions. Might much shall ensure a current LBB-approved distribution. We estimate this currently to be \$40-50K total with a much smaller amount to be earned annually in the future.</li></ul>
--	---------	---

Special Provisions Relating Only to State Agencies of Higher Education, Rider	III-284 to III-285	Sec. 46. Report Concerning Designated Tuition.
		(a) Not later than January 1, 2022, the governing board of each public institution of higher education that charges students designated tuition under §54.0513, Education Code, shall use the appropriations in the Act to report to the legislature, for the 2019-20 and 2020-21 academic years:
44		(1)the amount the institution has collected in designated tuition;
		(2)the purposes for which the institution spent the money derived from designated tuition and the amount of that money spent for each of those purposes; and
		<ul> <li>(3)the amount set aside from designated tuition for resident undergraduate and graduate student assistance under §§56.011 and 56.012, Education Code and how these amounts are allocated under the following categories.         <ul> <li>(a) grants</li> <li>(b) scholarships,</li> <li>(c) work-study programs,</li> <li>(d) students loans,</li> <li>(e) and student loan repayment assistance.</li> </ul> </li> <li>(b) Reports required by this section shall be delivered to the Lieutenant Governor, the Speaker of the House, the chair of the Senate Finance Committee, the chair of the House Appropriations Committee, and the Liegislative Budget Board.</li> </ul>
		TSUS requests the deletion of this reporting requirement as a reduction of administrative burden. Tuition deregulation has been in statute for almost 20 years and the report has likely lessened in importance. An informational listing/projection of designated tuition by institution is included Rider 50.

Special Provisions Relating Only to State Agencies of Higher Education, Rider 56	III-288 to III-289	<ul> <li>Sec. 56. Research Funding for General Academic Institutions. Below are informational amounts related to the Texas Research University Fund and the Comprehensive Research Fund.</li> <li>1. Texas Research University Fund. The Texas Research University Fund shall provide funding to The University of Texas at Austin and Texas A&amp;M University based on each institution's average research expenditures for the previous three year period as reported to the Higher Education Coordinating Board. For the 2022-23 biennium, each institution receives 10.1 percent of its three year average of total research expenditures as reported to the Texas Higher Education Coordinating Board. The amounts listed below for informational purposes are appropriated out of the General Revenue fund elsewhere in the Act in each affected institution's "Texas Research University Fund" strategy and shall be expended to support faculty for the purpose of instructional excellence and research. Any unexpended balances as of August 31, 20242, are hereby appropriated for the same purpose for the fiscal year beginning September 1, 20242.</li> </ul>
		(informational listing of institutions and amounts not included in this request – update as appropriate)
		2. Comprehensive Research Fund. The Comprehensive Research Fund shall provide funding to promote increased research capacity at general academic institutions, excluding The University of Texas at Austin, Texas A&M University, and institutions of higher education designated as an emerging research university under the Higher Education Coordinating Board's accountability system. Funding to eligible institutions shall be allocated among institutions based on the average amount of restricted research funds expended by each institution per year for the three preceding state fiscal years as reported to the Higher Education Coordinating Board. For the 2022-23 biennium, each institution receives 16.3 percent of its three year average of restricted research expenditures as reported to the Texas Higher Education Coordinating Board. The amounts listed below for informational purposes are appropriated out of the General Revenue fund elsewhere in the Act in each affected institutions' "Comprehensive Research Fund" strategy and shall be expended for the support and maintenance of educational and general activities, including research and student services, that promote increased research capacity at the institution. Any unexpended balances as of August 31, 20242, are hereby appropriated for the same purpose for the fiscal year beginning September 1, 20242.
		(listing of institutions and amounts not included in this request – update as appropriate)
		TSUS requests the changes to consolidate information on all general academic institution formula methodologies into one rider (Rider 26). It is believed that this helps clarify formula vs. non-

		formula bill pattern items. The changes to Rider 56 are submitted in combination with the requests for Special Provisions Riders 26 (GAI formula rider) and 58 Emerging Research Universities Research Funding.
Special Provisions Relating Only to State Agencies of Higher Education, Rider 58	III-289 to III-290	<ul> <li>Sec. 58. Emerging Research Universities Research Funding. Below are informational amounts for the two Ffunding programs to support research at Emerging Research Universities shall consist of appropriations from two research programs.</li> <li>1. Texas Research Incentive Program. Pursuant to Education Code, Sec. 62.121-62.124, the Texas Research Incentive Program shall provide matching funds to emerging research universities, designated under the Higher Education Coordinating Board's accountability system, to assist institutions in leveraging private gifts for the enhancement of research productivity. The amounts listeds below for each emerging research university are for informational purposes only.</li> <li>(listing of institutions and amounts not included in this request – update as appropriate)</li> <li>2. Core Research Support: The core research support fund is established to promote increased research capacity at Emerging Research Universities. Funding to eligible institutions shall be allocated as follows: 50 percent based on the average amount of restricted research funds expended by each institution per year for the three preceding state fiscal years, determined in the manner described by Section 62.095(b); and 50 percent based on the average amount of total research funds expended by each institution per year for the three preceding state fiscal years, determined in the manner described by Section 62.095(b); and 50 percent based on the average amount of total research funds expended by each institution per year for the three preceding state fiscal years, determined in the manner described by Section 62.095(b); and 50 percent based on the average amount of total research funds expended by each institution per year for the three preceding state fiscal years, determined in the manner described by Section 62.095(b); and 50 percent based on the average amount of total research funds expended by each institution per year for the three preceding state fiscal years, determined in the manner described</li></ul>

Special	III-290	Sec. 59. Research Funding Reporting Requirement. Each general academic institution and health
Provisions		related institution shall report, by December 1 of each year of the biennium, to the Legislative Budget
Relating Only to State Agencies of		Board and Governor, the following information:
Higher Education, Rider		(a) The amount of research funds awarded to the institution in the prior fiscal year, from appropriations
59		made elsewhere in this Act, from the following, listed individually by source of funding:
		1. Core Research Support;
		2. Texas Research University Fund;
		3. Comprehensive Research Fund;
		4. Available National Research University Fund;
		5. Texas Research Incentive Program;
		6. Governor's University Research Initiative; and the
		7. Cancer Prevention and Research Institute of Texas.
		(b) For each individual award granted to an institution under programs listed in Subsection (a), the amount of funding, if any, provided to an institution from an external source as a matching award amount.
		or runding, it any, provided to an institution from an external source as a matching award amount.
		TSUS requests the deletion of this rider and reporting requirement. The report is redundant as all information included in the report is found in the General Appropriations Act or online at the Texas Higher Education Coordinating Board (TRIP) and CPRIT websites.
Special	III-291	Sec. 61. HEGI State Premium Contribution Rate. For the 2022-23 biennium, funds identified and
Provisions		appropriated through the Higher Education Employees Group Insurance bill pattern are based on the
Relating Only to		following percentage of the full Employee Retirement System (ERS) premium rates, based on the
State Agencies of		following institutional categories:
Higher Education, Rider		
59		<u></u>
00		The University of Texas System 78.2%
		Texas A&M University System 78.2%
		ERS Participating Institutions 78.6%
		Public Community/Junior Colleges 50.0%
		TSUS requests that the provisions of Rider 61 be moved to the Higher Education Group Insurance
		bill pattern and added to it as a new rider (see request above). This allows the information
		presented to be grouped with the related HEGI appropriations. In the event this is not moved to
		the HEGI bill pattern, this request is withdrawn.

Article IX, Section 6.08	IX-28 to IX-30	Sec. 6.08. Benefits Paid Proportional by Method of Finance. (Paragraph (a) through (f) omitted due to space considerations)
		(g) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20 following the close of the fiscal year for the salaries, wages, and benefits of the preceding year which ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office. <u>The Comptroller shall have 180 days after the due date to review this report, after which the report is considered final and approved. This deadline shall not apply if an agency or institution of higher education has not satisfactorily resolved issues raised by the Comptroller.</u>
		(The remainder of Section 6.08 is omitted due to space considerations) TSUS requests that a deadline for review of the Benefits Proportionality reports (APS 11 Reports) be established. Currently reviews are often in excess of 18 months, making it difficult to administer the provisions of the HEGI reallocation rider (Rider 6.a) on a timely basis. Appropriations lapse two years after the end of a fiscal year and this leaves little time to ensure an appropriate reallocation has occurred.

Article IX, Section 7.01	IX-35 to IX-36	Sec. 7.01. Budgeting and Reporting.
		<ul> <li>(a) As a limitation and restriction upon appropriations made by this Act, agencies and institutions of higher education appropriated funds by this Act may expend appropriated funds only if there is compliance with the following provisions:</li> </ul>
		(1) On or before December 1 of each year, an itemized budget covering the operation of that fiscal year shall be filed with the Governor, the Legislative Budget Board, and the Legislative Reference Library in the format prescribed jointly by the Legislative Budget Board and the Governor.
		(2) All subsequent amendments to the original budget shall be filed with the Governor and the Legislative Budget Board within 30 days of approval of such amendments unless such reporting requirement is waived.
		(3) Under guidelines developed by the Legislative Budget Board, each agency shall file a report with the Legislative Budget Board, the Governor, the Legislative Reference Library, the state publications clearinghouse of the Texas State Library, State Auditor's Office, and the appropriate substantive committees of the House and Senate. The report shall analyze the agency's performance relative to the attainment of stated outcome, output and efficiency targets of each funded goal and strategy. The report shall be submitted at such intervals required by the Legislative Budget Board. The report shall contain a comparison of actual performance for the reporting period with targeted performance based on the level of funding appropriated. In developing guidelines for the submission of agency performance reports, the Legislative Budget Board (in consultation with the Governor) shall:
		<ul> <li>(A) specify the measures to be reported including the key performance measures established in this Act;</li> <li>(B) approve the definitions of measures reported; and</li> <li>(C) establish standards for and the reporting of variances between actual and targeted performance levels.</li> </ul>
		<ul> <li>(4) The Legislative Budget Board (in consultation with the Governor) may adjust projected performance target levels, develop new measures, modify or omit existing measures and measure definitions, and/or transfer measures between agencies, goals or strategies to reflect appropriation changes made by riders or other legislation subsequent to passage of this Act, invocation of budget execution authority by the Governor and the Legislative Budget Board, or as unforeseen circumstances may warrant during the biennium.</li> </ul>

	(5) To ensure that the Program and Cost Accounting functions of the Uniform Statewide Accounting System (USAS) are maximized, it is the intent of the Legislature that the Legislative Budget Board and the Governor:
	<ul> <li>(A) determine the agencies, institutions, goals, strategies or other reporting units for which cost accounting data is required;</li> </ul>
	(B) approve the basis for calculating and allocating costs to selected functions, tasks or measures;
	<ul><li>(C) determine the frequency of reporting cost accounting data needed; and</li><li>(D) provide for the integration of cost accounting data into the budget development and oversight</li></ul>
	process.
	(6) The determinations to be made should be based upon due consideration of the relative benefits and cost-effectiveness of applying cost accounting requirements to a given state operation.
	(b) It is further the intent of the Legislature that the Comptroller develop and provide USAS training modules and support for state agencies and institutions to activate the cost accounting requirements addressed above.
	(c) The provisions of (a)(1) and (a)(2) of this section shall not apply to an institution of higher education as annual operating budget requirements for institutions of higher education are set forth in Article III, Sec. 6.1, Annual Operating Budgets Required, of this Act.
	TSUS requests that the budget and budget amendment provisions of this section be made not applicable to institutions of higher education. Higher Education has a competing budget requirement in Article III, Sec. 6.01. The primary difference between the two sections is the inclusion of a method of finance in the Article III budget requirements and the recipient lists for budget amendments and the annual budget.

IX-35 to IX-36	Sec. 7.04. Contract Notification: Amounts Greater than \$50,000.
	<ul> <li>(a) In this section "contract" includes a contract, grant, or agreement, including a revenue generating contract, an interagency or interlocal grant or agreement, purchase order or other written expression of terms of agreement or an amendment, modification, renewal, or extension of such for the purchase or sale of goods or services that was entered into or paid for, either in whole or in part with funds appropriated by this Act, by a state agency or institution of higher education.</li> </ul>
	(b) In this section "contract" does not include a contract with a value of less than or equal to \$50,000.
	(c) In this section "contract" includes an amendment, modification, renewal or extension which increases a contract's value from a value less than or equal to \$50,000 to a value greater than \$50,000.
	(d) Before the 30th calendar day after awarding a contract or granting an amendment, modification, renewal, or extension, a state agency or institution of higher education shall report to the Legislative Budget Board in the manner prescribed by Legislative Budget Board all contracts, amendments, modifications, renewals, and extensions to which the agency or institution was a party.
	(e) A state agency or institution of higher education receiving an appropriation under this Act shall report a contract pursuant to this section without regard to source of funds or method of finance associated with the expenditure, including a contract for which only non-appropriated funds will be expended.
	(f) The Legislative Budget Board may conduct reviews of contracts required to be submitted under this section 7.04 and valued at \$1,000,000 or more. If a contract reported under this section is found to violate:
	(1) State of Texas Procurement and Contract Management Guide; or
	(2) Any applicable statutes, rules, policies and procedures related to the procurement and contracting of goods and services, including compliance with conflict of interest disclosure requirements; the Director of the Legislative Budget Board may provide written notification to the comptroller, the governor, and/or the Legislative Budget Board detailing the requirements of this section that the agency did not meet and any recommendations to address identified risks related to the procurement or contract. The recommendations may include enhanced monitoring by Legislative Budget Board staff; auditing by the State Auditor's Office; required agency consultation with the Quality
	IX-35 to IX-36

(g) For contracts with an initial award value greater than \$1 million, a state agency or institution of higher education shall provide notice of a contract for services for which the expected total value of the contract subsequent to amendment or renewal exceeds the total value of the initial contract award by 10 percent or more, in accordance with procedures established by the Legislative Budget Board, to:
(1) the governor;
(2) the lieutenant governor; and
(3) the speaker of the house of representatives.
(h) A state agency or institution of higher education must provide the notice required under Subsection (g) not later than the 30th day after the date of the disclosure or discovery that the expected total value of the contract subsequent to amendment or renewal exceeds the total value of the initial contract award by 10 percent. The notice must include:
(1) the amount of the cost increase;
(2) the reason for the cost increase; and
(3) any opportunity the state agency had to lessen the cost or to purchase the service from another vendor after the first dollar of the increased cost was discovered or disclosed to the agency or institution.
(i) The Legislative Budget Board shall establish the procedures for the notice required by Subsections (g) or (h).
TSUS requests the revision of this reporting requirement to limit it to funds within the Act as regulatory relief.

Article IX, Section 7.04	IX-35 to IX-36	Sec. 7.04. Contract Notification: Amounts Greater than \$50,000.
		<ul> <li>(a) In this section "contract" includes a contract, grant, or agreement, including a revenue generating contract, an interagency or interlocal grant or agreement, purchase order or other written expression of terms of agreement or an amendment, modification, renewal, or extension of such for the purchase or sale of goods or services that was entered into or paid for, either in whole or in part, by a state agency or institution of higher education.</li> </ul>
		(b) In this section "contract" does not include a contract with a value of less than or equal to \$50,000 for a state agency or a value of less than or equal to \$250,000 for an institution of higher education.
		(c) In this section "contract" includes an amendment, modification, renewal or extension which increases a contract's value from a value less than or equal to \$50,000 to a value greater than \$50,000 for a state agency or from a value of less than or equal to \$250,000 to a value greater than \$250,000 for an institution of higher education.
		(d) Before the 30th calendar day after awarding a contract or granting an amendment, modification, renewal, or extension, a state agency or institution of higher education shall report to the Legislative Budget Board in the manner prescribed by Legislative Budget Board all contracts, amendments, modifications, renewals, and extensions to which the agency or institution was a party.
		(e) A state agency or institution of higher education receiving an appropriation under this Act shall report a contract pursuant to this section without regard to source of funds or method of finance associated with the expenditure, including a contract for which only non-appropriated funds will be expended.
		(f) The Legislative Budget Board may conduct reviews of contracts required to be submitted under this section 7.04 and valued at \$1,000,000 or more. If a contract reported under this section is found to violate:
		(1) State of Texas Procurement and Contract Management Guide; or
		(2) Any applicable statutes, rules, policies and procedures related to the procurement and contracting of goods and services, including compliance with conflict of interest disclosure requirements; the Director of the Legislative Budget Board may provide written notification to the comptroller, the governor, and/or the Legislative Budget Board detailing the requirements of this section that the agency did not meet and any recommendations to address identified risks related to the procurement

or contract. The recommendations may include enhanced monitoring by Legislative Budget Board staff; auditing by the State Auditor's Office; required agency consultation with the Quality Assurance Team and/or Contract Advisory Team; or contract cancellation.
(g) For contracts with an initial award value greater than \$1 million, a state agency or institution of higher education shall provide notice of a contract for services for which the expected total value of the contract subsequent to amendment or renewal exceeds the total value of the initial contract award by 10 percent or more, in accordance with procedures established by the Legislative Budget Board, to:
(1) the governor;
(2) the lieutenant governor; and
(3) the speaker of the house of representatives.
(h) A state agency or institution of higher education must provide the notice required under Subsection (g) not later than the 30th day after the date of the disclosure or discovery that the expected total value of the contract subsequent to amendment or renewal exceeds the total value of the initial contract award by 10 percent. The notice must include:
(1) the amount of the cost increase;
(2) the reason for the cost increase; and
(3) any opportunity the state agency had to lessen the cost or to purchase the service from another vendor after the first dollar of the increased cost was discovered or disclosed to the agency or institution.
<ul> <li>(i) The Legislative Budget Board shall establish the procedures for the notice required by Subsections (g) or (h).</li> </ul>
TSUS requests the revision of this reporting requirement to increase the reporting threshold for institutions of higher education from \$50,000 to \$250,000 as regulatory relief.

Article IX, Section 7.11	IX-40 to IX-41	Sec. 7.11. Notification of Certain Purchases or Contract Awards, Amendments, and Extensions.
		(a) In this section "contract" includes a contract, grant or agreement, including a revenue generating contract, an interagency or interlocal grant or agreement, purchase order or other written expression of terms of agreement or an amendment, modification, renewal, or extension of such for the purchase or sale of goods or services that was entered into or paid for, either in whole or in part with funds appropriated by this Act, by a state agency or institution of higher education.
		(b) Until providing notice that satisfies the requirements of Subsections 7.11(c) and (d), an agency or institution of higher education appropriated funds in this Act may not expend any funds to make a payment on a contract if the expected amount of the contract exceeds or may reasonably be expected to exceed either of the following thresholds:
		(1) \$10 million; or
		(2) \$1 million in the case of a contract awarded:
		(A) as a result of an emergency or following an emergency procedure allowed by statute; or
		(B) without issuing a request for proposal, request for bid, or other similar process common to participation in the competitive bidding processes required by statute, rule, or ordinary and commonly recognized state policies and procedures.
		(c) An agency or institution of higher education may not expend funds to make a payment on a contract under Subsection (b)(1) or (b)(2) until the notice required in this Section 7.11 is provided to the Legislative Budget Board. The notice shall be provided to the Legislative Budget Board:
		(1) within 15 calendar days of contract award; or
		(2) within 5 calendar days of contract award if the contract was awarded as a result of an emergency or following an emergency procedure allowed by statute. Such a purchase must be necessary to avoid an immediate hazard to life, health, safety or the welfare of humans, or to avoid an immediate hazard to property.
		(d) The notice required by Section 7.11(c) must include:

(1	) (A) information regarding the nature, term, amount and the vendor(s) awarded the contract;
	(B) a copy of the contract documents, including all appendices and attachments, and, if applicable, a finding of fact for major consulting contracts from the Governor's Office stating that the consulting services are necessary as required by Government Code, Section 2254.028(a)(3);
	(C) each request for proposal, invitation to bid, or comparable solicitation related to the contract; and
	(D) Subsections (d)(1)(B) and (C) shall not apply:
	(i) to an enrollment contract described by T.A.C. Section 391.183 as that section existed November 1, 2013;
	(ii) to a contract of the Texas Department of Transportation that relates to highway construction or engineering, or is subject to Section 201.112, Transportation Code;
(2	) (A) certification signed by the executive director of the agency or other similar agency or institution administrator or designee of the agency or institution of higher education stating that the process used to award the contract, contract extension, or purchase complies with or is consistent with the following:
	(i) State of Texas Procurement and Contract Management Guide; and
	(ii) statutes, rules, policies and procedures related to the procurement and contracting of goods and services, including compliance with conflict of interest disclosure requirements; or
	(B) if the process to award the contract, contract extension, or procurement did not comply with the requirements of Subsection (d)(2)(A)(i) and (ii), or if these requirements are found to be inapplicable, the agency or institution of higher education shall provide either a legal justification for the inapplicability of the requirements or an explanation for the alternative process utilized, and legal justification for the alternative process;
(3	certification by the executive director of the agency or other similar agency or institution administrator or designee of the agency or institution of higher education that the agency or institution has a process for:

(A) verification of vendor performance and deliverables;
(B) payment for goods and services only within the scope of the contract or procurement order;
(C) calculation and collection of any liquidated damages associated with vendor performance; and
(D) when, why, or how to apply corrective action plans for continuing poor vendor performance;
(4) certification by the executive director of the agency or other similar agency or institution administrator or designee of the agency or institution of higher education that the agency or institution will comply with the requirement to provide information to the Vendor Performance Tracking System when the contract is completed; and
(5) any other information requested by the Legislative Budget Board before or after the Legislative Budget Board receives the notice as required by this Section 7.11.
(e) A state agency or institution of higher education receiving an appropriation under this Act shall provide notice of a contract pursuant to this section without regard to the source of funds or method of finance associated with the expenditures, including a contract for which only non-appropriated funds will be expended.
(f) If the agency does not satisfy the notification requirements of this section, the Director of the Legislative Budget Board may provide written notification to the comptroller, governor, and Legislative Budget Board detailing the requirements of this section that the agency did not meet and any recommendations to address identified risks related to the procurement or contract. The recommendations may include enhanced monitoring by Legislative Budget Board staff; auditing by the State Auditor's Office; required agency consultation with the Quality Assurance Team and/or Contract Advisory Team; or contract cancellation.
(g) It is the intent of the legislature that a written notice certified as required by this Section 7.11 should be considered a "governmental record" as defined under Chapter 37, Penal Code.
TSUS requests the revision of this reporting requirement to limit it to funds within the Act as regulatory relief. TSUS also proposes the deletion of references to "institution" in the provision related to the Vendor Performance Tracking System. Pursuant to SB 799, 87th Leg RS, Section 7, which amended Government Code, Section 2155.089(c), contracts entered into by institutions of

higher education are statutorily excluded from VPTS requirements.	
---	--

Article IX, Section 9.12	IX-50 to IX-52	Sec. 9.12. Assignment of Contract Responsibility.
		(a) In this section:
		(1) "Agency" and "state agency" mean a state officer, board, commission, or department in the executive branch of government appropriated funds under this General Appropriations Act.
		(2) "Assignment" includes any legal means for transferring the responsibilities for fulfillment of any duties, rights, or obligations due to a state agency or institution of higher education under a contract, from the original party obligated to the agency or institution (the assignor) to another party (the assignee) assuming the duties, rights, or obligations due to a state agency or institution of higher education of higher education under a contract.
		<ul><li>(3) "Contract" has the meaning provided by Sec. 7.04 (Contract Notification: Amounts Greater than \$50,000), Article IX, of this General Appropriations Act.</li></ul>
		<ul><li>(4) "Institution of higher education" or "institution" has the meaning provided by Sec. 61.003(8), Education Code, except that the term does not include a public junior college.</li></ul>
		(5) "Major information resources project" has the meaning provided by Sec. 2054.003, Government Code.
		<ul><li>(6) "Quality assurance team" means the quality assurance team established under Sec. 2054.158, Government Code.</li></ul>
		(7) "Sensitive personal information" has the meaning provided by Sec. 521.002, Business & Commerce Code.
		(8) "Total value of the contract" includes the value of all payments <u>from funds appropriated by this Act</u> , as calculated by the quality assurance team, made and expected to be made in the future by a state agency or institution of higher education over the life of the contract beginning from the date of execution of the original contract between the state agency or institution of higher education and the original party with responsibilities for fulfillment of any duties, rights, or obligations due to a state agency or institution of higher education under the contract and including total payments made before assignment of the contract and the total payments expected to be made in the future after the assignment of the contract.

(no changes proposed to the remainder of this section)
TSUS requests the modification of this section as regulatory relief. As modified, it is believed that the provisions of this rider would still be applicable to contracts funded from appropriated sources.

Sec. 11.03. Statewide Capital Planning.
(a) An agency or institution of higher education appropriated funds by this Act shall supply to the Bond Review Board capital planning information relating to projects subject to this section and financing options for the 2024-25 fiscal biennium in a format and according to guidelines developed by the Bond Review Board. Such information shall include:
(1) a description of the project or acquisition;
(2) the cost of the project;
(3) the anticipated useful life of the project;
(4) the timing of the capital need;
(5) a proposed source of funds (method of financing);
(6) a proposed type of financing; and
(7) any additional related information requested by the Bond Review Board.
(b) The Bond Review Board shall compile a statewide capital expenditure plan for the 2024-25 fiscal biennium from the information submitted by agencies and institutions in accordance with the capital planning guidelines. Copies of the guidelines shall be filed with the Governor and the Legislative Budget Board no later than December 31, 2021. The Bond Review Board shall file copies of the capital expenditure plan for the period beginning September 1, 2023, with the Governor and the Legislative Budget Board no later than September 1, 2022.
(c) The statewide capital plan required by this section shall identify the state's capital needs and alternatives to finance these needs. The Bond Review Board shall review input from all state agencies and institutions regarding the agencies' and institutions' current and future capital needs as part of the strategic planning process. The Bond Review Board shall inform the Legislature on the possible budget impact of the capital plan on the state's debt capacity
(d) This section applies to each anticipated state project requiring capital expenditures for:

<ul> <li>(1) land acquisition;</li> <li>(2) construction of buildings and other facilities;</li> <li>(3) renovations of buildings and other facilities estimated to exceed \$1 million in the aggregate for a single state agency or institution of higher education; or</li> <li>(4) major information resources projects estimated to exceed \$1 million.</li> </ul>
(e) The Higher Education Coordinating Board and the Bond Review Board shall eliminate redundant reporting by consolidating this report and the <u>An institution of higher education that completes the</u> Higher Education Coordinating Board's Master Plan report <u>is exempt from the provisions of this section.</u> <u>The Bond Review Board shall utilize information obtained from the Higher Education Coordinating</u> <u>Board's Master Plan report</u> , to the greatest extent possible.
TSUS requests the modification of this section as regulatory relief. The Texas Higher Education Coordinating Board (THECB) collects capital information from institutions of higher education. The Legislature has previously instructed the Bond Review Board (BRB) and THECB to consolidate reporting to the greatest extent possible. Rather than having institutions prepare two reports, the BRB should use information obtained from THECB and work with THECB to incorporate any required information not currently available into the existing Master Plan report.

Article IX, Section 13.11	IX-67	Sec. 13.11. Reporting of Federal Homeland Security Funding. All state agencies and institutions shall include in their operating budget reports to the Legislative Budget Board:
		(1) an estimated amount of federal homeland security funding received by the agency or institution of higher education and used for the operation and administration of state homeland security programs; and
		(2) the amount of federal homeland security funding received by the agency or institution and passed through to other agencies, institutions of higher education, or local units of government.
		(3) This section does not apply to institutions or agencies of higher education that do not receive an appropriation of federal homeland security funding in this Act.
		TSUS requests the modification of this rider to be limited to agencies and institutions of higher education that receive federal funding for Homeland Security appropriated through the General Appropriations Act.

Article IX, Section 17.10	IX-82 to IX-84	Sec. 17.10. Contract Management and Oversight.
(Paragraphs (b)(10) and (f)		(Paragraph (a) omitted due to space considerations)
only)		(b) Agencies and institutions should manage contracts consistent with state statute, the General Appropriations Act, and the State of Texas Procurement and Contract Management Guide and ensure proper oversight of contract processes including:
		(intervening provisions (1) to (9) omitted due to space considerations)
		(10) Ensure that vendor performance is reported to the Vendor Performance Tracking System (VPTS) and that VPTS data is used in selecting vendors for contract awards. <u>This provision does not apply to an institution of higher education.</u>
		(subsequent paragraphs omitted due to space considerations)
		TSUS requests the change to this requirement as regulatory relief. Pursuant to SB 799, 87 <sup>th</sup> Leg RS, Section 7, which amended Government Code, Section 2155.089(c), contracts entered into by institutions of higher education are statutorily excluded from the requirement to include VPTS. Accordingly, changes are proposed to specifically exempt institutions of higher education from provision (b)(10).

Article IX, Section 17.11	IX-84	Sec. 17.11. Energy Efficiency Savings for State Facilities.
		(a) In this section, "facility" means a facility with at least 100,000 gross square feet.
		(b) It is the intent of the legislature that a state agency that is appropriated money by this Act with charge and control over a facility shall have a remote or on-site assessment of the facility performed by the Energy Systems Laboratory at Texas A&M Engineering Experiment Station or another qualified provider to determine whether implementation of continuous commissioning or existing building commissioning practices would result in estimated savings of at least 10 percent in utility costs for the facility. A state agency shall supply any documents necessary to perform the assessment. The state agency shall report to the Legislative Budget Board on the results of the assessment.
		(c) If the results of an assessment performed under Subsection (b) of this section show estimated utility cost savings of at least 10 percent, the state agency shall have the Energy Systems Laboratory at Texas A&M Engineering Experiment Station or another qualified provider prepare a plan for implementation of continuous commissioning or existing building commissioning practices and monitoring of the implementation for the state agency.
		(d) <u>This section does not apply to an institution of higher education.</u>
		TSUS requests the change to this requirement as regulatory relief.

88th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST) Date: 8/2/2022 Time: 3:29:56PM

#### **B.** Assessment of Attainment of HUB Procurement Goals

#### Attainment:

Total HUB spent as a percentage of total expenditures was 10.54% in FY 2020 and 7.25% in FY 2021.

#### **Applicability:**

Heavy Construction and Building Construction were not applicable to TSUS Administration in FY 2020 and FY 2021 given existing programs.

#### **Factors Affecting Attainment:**

TSUS Administration has limited funding available for the purchase of goods and services.

#### C. Good-Faith Efforts to Increase HUB Participation

#### **Outreach Efforts and Mentor-Protégé Programs:**

TSUS Administration makes the following efforts to comply with HUB procurement goals:

- a. Provides information to personnel to determine availability of HUB vendors for needed good and services.
- b. Sponsors component institution attendance at HUB events (e.g., HMSDC Business Expo).
- c. Participates in HUB Discussion Workgroup calls.
- d. Sponsored advertisements for the TSUS HUB programs in the publication Subcontractors USA.
- e. Attends various HUB events (e.g., component institution HUB vendor fairs, HHS & DFPS Annual HUB Forum, GLO webinars, etc.)

Date: 8/2/2022 Time: 3:29:56PM

Agency Code: 758 Agency: Texas State University System

### **HUB Program Staffing:**

TSUS Administration has two employees that dedicate approximately 5% of their time to HUB related activities.

### **Current and Future Good-Faith Efforts:**

TSUS Administration strives for inclusion of small businesses in purchasing & contracting efforts. TSUS Administration will continue to participate in outreach opportunities.
