Governor Abbott:

The Texas School Safety Center is in receipt of your letter directing swift action to increase support and oversight of Texas public school districts to ensure their compliance with our state laws surrounding school safety prior to the beginning of the upcoming academic year. The Texas School Safety Center will ensure that working together the goals outlined will be achieved.

Thank you and the Texas Legislature for the continued support and leadership in the area of school safety. The Robb Elementary School tragedy last week is a terrible reminder of the importance and need for robust and tested emergency operations plans for all possible emergencies facing our schools.

Sincerely,

Kathy Martinez-Prather, Ph.D.
