I. Scope of Agreement
The terms of cooperation for each specific activity implemented under this MOU, including financial aspects, shall be mutually discussed and agreed upon, in writing, by both parties prior to the initiation of that activity. These activities shall be subject to the terms of this MOU. This agreement shall affirm each party's intent to enter into, among others, the following types of collaborative activity:

A. Promote academic/scientific/professional relations between the institutions.

III. Activities Under This Agreement
It is expected that activities taking place under this agreement will be initiated primarily by academic units with consent from respective authorities within each university, and in coordination with their respective administrative units concerned with international activities. All activities undertaken must conform to the policies and procedures in place at each
institution. For Texas State University, faculty and student exchanges will follow relevant university guidelines for such activities.

IV. Planning and Management of Activities
Each distinct activity will be described in a separate agreement drawn up jointly and signed by authorized signatories of each Party. Such agreements will specify the names of those individuals on each campus responsible for the implementation of the activity and set forth all terms and conditions associated with the activity.

V. Financial Commitment
This agreement reflects the commitment of each party to collaborate as expressed, and it is not intended to be of a legally binding nature. As a result of this framework, neither party will incur any financial obligations resulting from the actions of the other party without a separate prior agreement, in writing, to accept specific financial obligations. Any additional agreement pertaining to financial matters will be negotiated separately and will be based upon the availability of funds for each party.

VI. Funding of Activities
Separate agreements under this MOU should make financial costs and obligations explicit. Collaborating units are encouraged to work together to identify and secure any outside funding which may be needed. Activities requiring funding must be approved by both parties. Each party will commit, to the extent allowed by law in their respective countries, the necessary resources of their respective institutions pledged under specific terms of supplemental agreements.

VII. Nondiscrimination
Texas State University and AIMS Institutes agree that no person shall on the grounds of race, religion, color, sex, age, national origin or ancestry, genetic information, marital status, parental status, gender identity and expression, disability, or status as a veteran be excluded from participation under the terms of this agreement.

In their execution of this agreement, all contractors, subcontractors, their respective employees, and others acting by or through them shall comply with all policies and laws of their respective countries prohibiting discrimination, harassment, and sexual misconduct. Any breach of this covenant may result in termination of this agreement.

VIII. Use of Name

All parties must comply with all applicable export control laws and regulations and no party may export or allow the export or re-export of any information or item when to do so would constitute a violation of those laws or regulations.
