Student Right-to-Know and Campus Security Act 30
Student Data, Privacy, and Communications 30
Occupational License Notification 30
Abandoned and Unclaimed Personal Property 30
Undergraduate Academic Advising 31
Using the Undergraduate Catalog 31
Admissions 33
Priority Dates and Deadlines 33
Freshman Admission 34
Application Procedures and Fee 35
State of Texas Uniform Admission Statement 35
Applicants from Non-Ranking Schools 35
Transfer Admission 35
High School Transcript Requirement 36
Academic Departmental Requirements 36
Transfer Credit Evaluation Maximum Hours 36
Round Rock Campus 36
Resolution 37
Transfer Credit 37
Texas Common Course Numbering 38
Credit-by-Examination and International Baccalaureate (IB) 41
Credit for Experiential Learning 41
Readmission of Returning Texas State Students 42
Veterans Admission and Military Credit 42
International Admission 42
SEVIS Transfer 43
Other Admission Categories 44
Early Admission Program 44
Individual Review 44
Second Bachelor's Degree 44
Auditing Courses 44
Academic Forgiveness 44
Transient/Visiting Student Admission 45
Non-Degree Seeking 45
Special Talent 45
Determination of Residency Status 45
Residency for Tuition 46
Admission and Deadline Appeals 46
New Student Orientation and Registration for Classes 46
Academic Bankruptcy Policy 47
Academic Fresh Start 47
Albert B. Alkek Library 47
Career Services 47
Office of Disability Services 47
Financial Aid and Scholarships 48
Housing and Residential Life 49
Veteran's Affairs 49
Tuition and Fees 49

Extension Studies 63
Study Abroad 63
Continuing Education 64
Texas Certified Public Manager Program 64
International Office 64
Texas State Intensive English Program 65
Round Rock Campus 65
Academic Services 65
Student Learning Assistance Center 66

Testing, Evaluation, and Measurement Center 66
Core Curriculum 67
Texas Common Course Numbering 69
Degree and Program Information 71
Undergraduate Degrees 74
Undergraduate Majors 74
Undergraduate Minors 75
Undergraduate Certificates 76
Honors College 76
Minor in Honors Studies 95
College of Applied Arts 95
Department of Aerospace Studies 96
Minor in Aerospace Studies 97
Department of Agriculture 98
B.S.A.G. Major in Agriculture 104
B.S.A.G. Major in Agriculture (Teacher Certification in Agriculture, Food and Natural Resources, Grades 6-12) 105
B.S.A.G. Major in Agriculture Animal Science 106
B.S.A.G. Major in Agriculture Animal Science (Pre-Veterinary Concentration) 107
B.S.A.G. Major in Agriculture Business and Management (Agribusiness Management Concentration) 108
B.S.A.G. Major in Agriculture Business and Management (Agricultural Systems Management Concentration) 109
B.S.A.G. Major in Agriculture Business and Management (Horticultural Business Concentration) 111
Minor in Agriculture 112
Minor in Animal Science 112
Minor in Horticulture 112
Minor in Plant and Soil Science 112
Second Teaching Field in Agriculture, Food and Natural Resources (Grades 6-12) 112
School of Criminal Justice 113
B.S.C.J. Major in Criminal Justice 116
Minor in Criminal Justice 117
School of Family and Consumer Sciences 117
B.S.F.C.S. Major in Consumer Affairs 129
B.S.F.C.S. Major in Consumer Affairs (Family and Consumer Sciences Concentration) 130
B.S.F.C.S. Major in Consumer Affairs (Teacher Certification in Family and Consumer Sciences, Grades 6-12) 131
B.S.F.C.S. Major in Family and Child Development 132
B.S.F.C.S. Major in Family and Child Development (Teacher Certification in Human Development and Family Studies, Grades 8-12) 133
B.S.F.C.S. Major in Fashion Merchandising 134
B.S.F.C.S. Major in Interior Design 135
B.S.F.C.S. Major in Nutrition and Foods 136
B.S.F.C.S. Major in Nutrition and Foods (Dietetics Concentration) 137
B.S.F.C.S. Major in Nutrition and Foods (Teacher Certification in Hospitality, Nutrition, and Food Sciences, Grades 8-12) 138
Minor in Consumer Affairs 139
Minor in Family and Child Development 139
Minor in Family and Consumer Sciences 139
Minor in Fashion Merchandising 140
Department of Military Science 140
Minor in Military Science 141
Department of Occupational, Workforce, and Leadership Studies 141
B.A.A.S. Major in Applied Arts and Sciences 144
School of Social Work 145
B.S.W. Major in Social Work 148
Minor in Social Work 149
Emmett and Miriam McCoy College of Business Administration 150
Minor in Business Administration 152
Minor in International Business 153
Department of Accounting 153
B.B.A. Major in Accounting 155
B.B.A./M.Acy. Major in Accounting (5-year Integrated) 156
Department of Computer Information Systems and Quantitative Methods 156
B.B.A. Major in Computer Information Systems 160
B.B.A. Major in Computer Information Systems (Business Analytics Concentration) 162
Certificate in Computer Information Systems 163
Department of Finance and Economics 164
B.A. Major in Economics 169
B.B.A. Major in Economics 169
B.B.A. Major in Finance 171
Minor in Economics 173
Department of Management 173
B.B.A. Major in Management 177
B.B.A. Major in Management (Entrepreneurial Studies Concentration) 178

B.B.A. Major in Management (Human Resource Management Concentration) 180
Department of Marketing 181
B.B.A. Major in Marketing 184
B.B.A. Major in Marketing (Professional Sales Concentration) 185
B.B.A. Major in Marketing (Services Marketing Concentration) 187
College of Education 188
Department of Counseling, Leadership, Adult Education, and School Psychology 190
Department of Curriculum and Instruction 190
B.S. Major in Interdisciplinary Studies (Teacher Certification in Bilingual Generalist-Spanish, Early Childhood Through Grade 6) 197
B.S. Major in Interdisciplinary Studies (Teacher Certification in English as a Second Language Generalist, Early Childhood Through Grade 6) 198
B.S. Major in Interdisciplinary Studies (Teacher Certification in English Language Arts and Reading/Social Studies, Grades 4-8) 199
B.S. Major in Interdisciplinary Studies (Teacher Certification in Generalist, Grades 4-8) 200
B.S. Major in Interdisciplinary Studies (Teacher Certification in Mathematics, Grades 4-8) 202
B.S. Major in Interdisciplinary Studies (Teacher Certification in Mathematics and Science, Grades 4-8) 203
B.S. Major in Interdisciplinary Studies (Teacher Certification in Science, Grades 4-8) 204
B.S. Major in Interdisciplinary Studies (Teacher Certification in Special Education, Early Childhood Through Grade 12) 205
Minor in Secondary Education 206
Minor in Special Education 207
Department of Health and Human Performance 207
B.E.S.S. Major in Exercise and Sports Science (Clinical Exercise Science Concentration) 222
B.E.S.S Major in Exercise and Sports Science (Pre-Rehabilitation Sciences Concentration) 223
B.E.S.S. Major in Exercise and Sports Science (Teacher Certification in Physical Education, Early Childhood Through Grade 12) 225
B.E.S.S. Major in Health and Fitness Management 226
B.H.W.P. Major in Health and Wellness Promotion 227
B.H.W.P. Major in Health and Wellness Promotion (Teacher Certification in Health, Early Childhood Through Grade 12) 228
B.S. Major in Athletic Training 229
B.S. Major in Recreation Administration 231
B.S. Major in Recreation Administration (Therapeutic Recreation Concentration 232
Minor in Coaching 233
Minor in Exercise and Sports Science 233
Minor in Health and Wellness Promotion 233
Minor in Recreation Administration 234
Second Teaching Field in Health (Early Childhood Through Grade 12) 234
Office of Educator Preparation 234
College of Fine Arts and Communication 236
School of Art and Design 236
B.A. Major in Art 252
B.A. Major in Art History 253
B.F.A. Major in Communication Design 254
B.F.A. Major in Photography 256
B.F.A. Major in Studio Art (Ceramics Concentration) 258
B.F.A. Major in Studio Art (Drawing Concentration) 259
B.F.A. Major in Studio Art (Expanded Media Concentration) 261
B.F.A. Major in Studio Art (Metals Concentration) 263
B.F.A. Major in Studio Art (Painting Concentration) 264
B.F.A. Major in Studio Art (Printmaking Concentration) 266
B.F.A. Major in Studio Art (Sculpture Concentration) 268
B.F.A. Major in Studio Art (Teacher Certification in Art, Early Childhood Through Grade 12) 269
Minor in Art 271
Minor in Art History 271
Department of Communication Studies 271
B.A. Major in Communication Studies 276
B.A. Major in Communication Studies (Interpersonal Communication Concentration) 277
B.A. Major in Communication Studies (Organizational Communication Concentration) 278
B.A. Major in Communication Studies (Persuasive Communication Concentration) 279
B.A. Major in Communication Studies (Teacher Certification in Speech, Grades 7-12) 280
Minor in Communication Studies 281
Minor in Health Communication 281
Minor in Leadership Studies 282
Minor in Political Communication 283
Second Teaching Field in Speech (Grades 7-12) 283
School of Journalism and Mass Communication 283
B.A. Major in Mass Communication 293

B.S. Major in Advertising and Mass Communication 295
B.S. Major in Advertising and Mass Communication (Digital Media Concentration) 296
B.S. Major in Advertising and Mass Communication (Multimedia Production Concentration) 297
B.S. Major in Advertising and Mass Communication (Sports Media Concentration) 299
B.S. Major in Digital Media Innovation and Mass Communication 300
B.S. Major in Digital Media Innovation and Mass Communication (Multimedia Production Concentration) 301
B.S. Major in Digital Media Innovation and Mass Communication (Sports Media Concentration) 303
B.S. Major in Electronic Media and Mass Communication 304
B.S. Major in Electronic Media and Mass Communication (Digital Media Concentration) 305
B.S. Major in Electronic Media and Mass Communication (Multimedia Production Concentration) 307
B.S. Major in Electronic Media and Mass Communication (Sports Media Concentration) 308
B.S. Major in Journalism and Mass Communication 309
B.S. Major in Journalism and Mass Communication (Digital Media Concentration) 310
B.S. Major in Journalism and Mass Communication (Multimedia Production Concentration) 312
B.S. Major in Journalism and Mass Communication (Sports Media Concentration) 313
B.S. Major in Public Relations and Mass Communication 314
B.S. Major in Public Relations and Mass Communication (Digital Media Concentration) 315
B.S. Major in Public Relations and Mass Communication (Multimedia Production Concentration) 317
B.S. Major in Public Relations and Mass Communication (Sports Media Concentration) 318
Minor in Journalism 319
Minor in Mass Communication 320
Second Teaching Field in Journalism (Grades 8-12) 320
School of Music 320
B.A. Major in Music 341
B.M. Major in Music Studies (Choral Concentration Teacher Certification in Music, Early Childhood Through Grade 12) 342
B.M. Major in Music Studies (Instrumental Concentration Teacher Certification in Music, Early Childhood Through Grade 12) 344
B.M. Major in Performance (Composition Concentration) 345
B.M. Major in Performance (Guitar Concentration) 347
B.M. Major in Performance (Instrumental Concentration) 348
B.M. Major in Performance (Jazz Concentration) 349
B.M. Major in Performance (Keyboard Concentration) 351
B.M. Major in Performance (Vocal Concentration) 352
B.S. Major in Sound Recording Technology 354
Minor in Jazz 355
Minor in Mariachi 355
Minor in Music 355
Minor in Music Composition 355
Minor in Opera 356
Department of Theatre and Dance 356
B.A. Major in Dance 372
B.A. Major in Theatre 373
B.F.A. Major in Dance (Performance and Choreography Concentration) 374
B.F.A. Major in Dance (Single Field Teacher Certification in Dance, Grades 8-12) 375
B.F.A. Major in Dance (Two Fields Teacher Certification in Dance, Grades 8-12) 376
B.F.A. Major in Musical Theatre 377
B.F.A. Major in Theatre (Acting Pre-Professional Concentration) 378
B.F.A. Major in Theatre (Performance and Production Pre-Professional Concentration) 379
B.F.A. Major in Theatre (Teacher Certification in Theatre, Early Childhood Through Grade 12) 380
B.F.A. Major in Theatre (Technical Production Concentration) 381
Minor in Theatre 382
College of Health Professions 382
Clinical Laboratory Science Program 383
B.S.C.L.S. Major in Clinical Laboratory Science 385
Department of Communication Disorders 386
B.S.C.D. Major in Communication Disorders 388
School of Health Administration 390
B.H.A. Major in Healthcare Administration 392
Minor in Healthcare Administration 394
Department of Health Information Management 394
B.S.H.I.M. Major in Health Information Management 397
Minor in Health Information Management 399
St. David's School of Nursing 399

B.S.N. Major in Nursing 402
B.S.N. Major in Nursing (RN to BSN Online Completion Program) 404
Department of Physical Therapy 405
Radiation Therapy Program 405
B.S.R.T. Major in Radiation Therapy 408
Department of Respiratory Care 410
B.S.R.C. Major in Respiratory Care 413
B.S.R.C. Major in Respiratory Care (RRT-to-BSRC Online Completion Program) 415
College of Liberal Arts 415
Center for International Studies 416
B.A.I.S. Major in International Relations 417
B.A.I.S. Major in International Studies (Asian Studies Concentration) 419
B.A.I.S. Major in International Studies (European Studies Concentration) 420
B.A.I.S. Major in International Studies (Interamerican Studies Concentration) 421
B.A.I.S. Major in International Studies (International Business Concentration) 422
B.A.I.S. Major in International Studies (Middle East/African Studies Concentration) 423
B.A.I.S. Major in International Studies (Russian/East European Studies Concentration) 424
B.A.I.S. Major in International Studies (Travel and Tourism Concentration) 425
Minor in International Studies 426
Center for Diversity and Gender Studies 427
Minor in Diversity Studies 428
Minor in Women's Studies 429
Center for the Study of the Southwest 430
Minor in Southwestern Studies 430
Department of Anthropology 430
B.A. Major in Anthropology 437
B.S. Major in Anthropology 438
Minor in Anthropology 439
Department of English 439
B.A. Major in English 445
B.A. Major in English (Creative Writing Concentration) 447
B.A. Major in English (Film Concentration) 448
B.A. Major in English (Single Field Teacher Certification in English Language Arts and Reading, Grades 7-12) 450
B.A. Major in English (Two Fields Teacher Certification in English Language Arts and Reading, Grades 7-12) 452
B.A. Major in English (Writing and Rhetoric Concentration) 454
Minor in English 456
Minor in Media Studies 456
Minor in Medieval and Renaissance Studies 456
Minor in Southwestern Studies 457
Minor in Writing 457
Second Teaching Field in English (Grades 7-12) 457
Department of Geography 458
B.A. Major in Geography 467
B.S. Major in Geographic Information Science 468
B.S. Major in Geography 469
B.S. Major in Geography (Teacher Certification in Social Studies, Grades 7-12: History Minor and Political Science Third Field) 470
B.S. Major in Geography (Teacher Certification in Social Studies, Grades 7-12: Political Science Minor and History Third Field) 472
B.S. Major in Geography Resource and Environmental Studies 474
B.S. Major in Geography Urban and Regional Planning 476
B.S. Major in Geography Water Resources 477
B.S. Major in Physical Geography 478
Certificate in Environmental Interpretation 480
Certificate in Geographic Information Science 480
Certificate in Location Analysis 480
Certificate in Water Resources Policy 481
Minor in Geography 481
Minor in Geology 481
Minor in Nature and Heritage Tourism 481
Department of History 482
B.A. Major in History 495
B.A. Major in History (Single Field Teacher Certification in History, Grades 7-12) 497
B.A. Major in History (Teacher Certification in Social Studies, Grades 7-12: Geography Minor and Political Science Third Field) 501
B.A. Major in History (Teacher Certification in Social Studies, Grades 7-12: Political Science Minor and Geography Third Field) 504
B.A. Major in History (Two Fields Teacher Certification in History, Grades 7-12) 508
Minor in History 511
Second Teaching Field in History (Grades 7-12) 511
Department of Modern Languages 511

B.A. Major in French 522
B.A. Major in French (Teacher Certification in French, Early Childhood Through Grade 12) 522
B.A. Major in German 523
B.A. Major in German (Teacher Certification in German, Early Childhood Through Grade 12) 524
B.A. Major in Spanish 525
B.A. Major in Spanish (Teacher Certification in Spanish, Early Childhood Through Grade 12) 526
Minor in French 527
Minor in German 527
Minor in Japanese 528
Minor in Spanish 528
Department of Philosophy 528
B.A. Major in Philosophy 534
Minor in Philosophy 535
Minor in Religious Studies 535
Minor in Value Studies 535
Department of Political Science 536
B.A. Major in Political Science 536
B.A. Major in Political Science (Teacher Certification in Social Studies, Grades 7-12: Geography Minor and History Third Field) 538
B.A. Major in Political Science (Teacher Certification in Social Studies, Grades 7-12: History Minor and Geography Third Field) 541
B.P.A. Major in Public Administration 543
Minor in Political Communication 544
Minor in Political Science 544
Minor in Public Administration 544
Department of Psychology 545
B.A. Major in Psychology 549
B.S. Major in Psychology 551
Minor in Forensic Psychology 552
Minor in Psychology 552
Minor in Sport Psychology 552
Department of Sociology 553
B.A. Major in Sociology 556
B.S. Major in Applied Sociology 557
Minor in Aging and the Life Course 558
Minor in Latina/o Studies 558
Minor in Sociology 559
Minor in Studies in Popular Culture 559
College of Science and Engineering 560
B.S. Major in Interdisciplinary Science (Teacher Certification in Science, Grades 7-12) 561
Second Teaching Field in Life Science (Grades 7-12) 562
Second Teaching Field in Life Science (Grades 8-12) 562
Second Teaching Field in Physical Science (Grades 6-12) 562
Department of Biology 563
B.S. Major in Aquatic Biology 574
B.S. Major in Biology 574
B.S. Major in Biology (Pre-Dental Concentration) 575
B.S. Major in Biology (Pre-Medical Concentration) 576
B.S. Major in Biology (Pre-Physican Assistant Concentration) 577
B.S. Major in Biology (Teacher Certification in Life Science, Grades 7-12) 578
B.S. Major in Microbiology 579
B.S. Major in Microbiology (Pre-Dental Concentration) 580
B.S. Major in Microbiology (Pre-Medical Concentration) 581
B.S. Major in Microbiology (Pre-Physician Assistant Concentration) 582
B.S. Major in Wildlife Biology 583
Minor in Biology 584
Department of Chemistry and Biochemistry 584
B.S. Major in Biochemistry 589
B.S. Major in Biochemistry (American Chemical Society approved program) 590
B.S. Major in Biochemistry (Pre-Dental Concentration) 591
B.S. Major in Biochemistry (Pre-Medical Concentration) 591
B.S. Major in Biochemistry (Pre-Pharmacy Concentration) 592
B.S. Major in Chemistry 593
B.S. Major in Chemistry (Pre-Dental Concentration) 594
B.S. Major in Chemistry (Pre-Medical Concentration) 595
B.S. Major in Chemistry (Pre-Pharmacy Concentration) 597
B.S. Major in Chemistry (Teacher Certification in Chemistry, Grades 7-12) 598
B.S. Major in Chemistry (Teacher Certification in Physical Science, Grades 6-12) 599
B.S./M.S. Major in Biochemistry (Early-Entry Program) ... 600
B.S./M.S. Major in Chemistry (Early-Entry Program) 600
Minor in Biochemistry 600
Minor in Chemistry 600
Second Teaching Field in Chemistry (Grades 7-12) 601

Department of Computer Science 601
B.A. Major in Computer Science 605
B.A. Major in Computer Science (Teacher Certification in Computer Science, Grades 8-12) 606
B.S. Major in Computer Science 608
B.S. Major in Computer Science (Computer Engineering Concentration) 609
B.S. Major in Computer Science (Teacher Certification in Computer Science, Grades 8-12) 611
Minor in Computer Science 613
Second Teaching Field in Computer Science (Grades 8-12) 613
Ingram School of Engineering 613
B.S. Major in Electrical Engineering (Computer Engineering Concentration) 623
B.S. Major in Electrical Engineering (Micro and Nano Devices and Systems Concentration) 624
B.S. Major in Electrical Engineering (Networks and Communication Systems Concentration) 626
B.S. Major in Industrial Engineering 627
B.S. Major in Manufacturing Engineering (General Manufacturing Concentration) 629
B.S. Major in Manufacturing Engineering (Mechanical Systems Concentration) 630
Department of Engineering Technology 631
B.S. Major in Concrete Industry Management 638
B.S. Major in Construction Science and Management 639
B.S. Major in Technology Management (Electronics Technology Concentration) 641
B.S. Major in Technology Management (Manufacturing Technology Concentration) 642
B.S. Major in Technology Management (Teacher Certification in Technology Education, Grades 6-12) 643
B.S.T. Major in Engineering Technology (Civil Engineering Technology Concentration) 644
B.S.T. Major in Engineering Technology (Electrical Engineering Technology Concentration) 645
B.S.T. Major in Engineering Technology (Environmental Engineering Technology Concentration) 646
B.S.T. Major in Engineering Technology (Manufacturing Engineering Technology Concentration) 647
B.S.T. Major in Engineering Technology (Mechanical Engineering Technology Concentration) 648
Driver and Traffic Safety Education Certification 649
Minor in Technology 649
Department of Mathematics 649
B.A. Major in Mathematics 654
B.S. Major in Applied Mathematics 655
B.S. Major in Mathematics 656
B.S. Major in Mathematics (Teacher Certification in Mathematics, Grades 7-12) 657
Minor in Applied Mathematics 658
Minor in Mathematics 658
Second Teaching Field in Mathematics (Grades 7-12) 658
Department of Physics 659
B.A. Major in Physics 663
B.S. Major in Physics 664
B.S. Major in Physics (Teacher Certification in Physical Science, Grade 6-12) 665
B.S. Major in Physics (Teacher Certification in Physics/Mathematics, Grades 7-12) 666
Minor in Physics 667
University College 668
B.G.S. Major in General Studies 670
University Seminar 670
Texas Success Initiative Program 671
Athletic Academic Center 671
Graduate 672
General Information 672
Board of Regents 672
University Administration 673
Academic Deans 673
Accreditations 673
History of the University 674
Graduate Council 674
Mission Statement 675
Diversity and Inclusion Policy Statement 676
Students' Rights, Privileges, and Expectations 676
Student Right-to-Know and Campus Security Act 676
Student Data, Privacy, and Communications 677
Occupational License Notification 677
Abandoned and Unclaimed Personal Property 677
Albert B. Alkek Library 677
Career Services 678
Disability Services 678
Veterans Affairs 678
International Office 679
Round Rock Campus 679
Study Abroad 679
Financial Aid 680

Scholarships and Fellowships 681
Admission Information 681
Application Deadlines 682
Master's and Doctoral Degree-Seeking Applicants 682
Non-Degree-Seeking Applicants 683
Visiting/Exchange Applicants 684
Texas State Certificate Program Applicants 684
Teacher Certification Applicants 685
Professional and Master Teacher Certification Applicants 687
Texas Certified Public Manager (CPM) Program 688
Re-application Policy and Procedure 688
Applicants Seeking a Second Graduate Degree or Changing Majors 688
Changing Certification/Certificate/Non-Degree Status to Degree-Seeking Status 688
Texas State Intensive English Language Program (TSIE) 688
Admission Documents 689
General Admission Documents 689
International Admission Documents 690
Registration and Course Credit 690
Course Credit 692
Distance and Extended Learning 693
Academic and Grading Policies 693
Doctoral Leave of Absence Policy 694
Other Leave of Absence 695
Honor Code 695
Information for Graduate Assistants (GA's) 695
Probation and Suspension 697
Degree Information 698
Graduate Student Academic Advising 698
General Graduation Requirements 698
Thesis Requirements for a Master's Degree 699
Dissertation Requirements for Doctoral Degrees 700
Graduate Degrees 701
Graduate Majors 702
Graduate Minors 705
Graduate Certificates 705
Tuition and Fees 706
Additional Fees and Expenses 707
Refund of Fees 709
College of Applied Arts 709
Department of Agriculture 709
M.S. Major in Integrated Agricultural Sciences (Non-thesis Option) 710
M.S. Major in Integrated Agricultural Sciences (Thesis Option) 713
Minor in Agricultural Education 718
School of Criminal Justice 718
Ph.D. Major in Criminal Justice 719
M.S.C.J. Major in Criminal Justice (Executive Concentration Non-thesis Option) 726
M.S.C.J. Major in Criminal Justice (Non-thesis Option) 730
M.S.C.J. Major in Criminal Justice (Research Concentration Non-thesis Option) 733
M.S.C.J. Major in Criminal Justice (Research Concentration Thesis Option) 736
M.S.C.J. Major in Criminal Justice (Thesis Option) 741
Minor in Criminal Justice 745
Certificate in Intelligence Analysis 745
School of Family and Consumer Sciences 746
M.S. Major in Family and Child Studies (Child Life Specialist Concentration Non-thesis Option) 747
M.S. Major in Family and Child Studies (Child Life Specialist Concentration Thesis Option) 750
M.S. Major in Family and Child Studies (Program Administration and Evaluation Concentration Non-thesis Option) 754
M.S. Major in Family and Child Studies (Program Administration and Evaluation Concentration Thesis Option) 757
M.S. Major in Family and Child Studies (Research in Family and Human Development Concentration Thesis Option) 761
M.S. Major in Human Nutrition (Non-thesis Option) 769
M.S. Major in Human Nutrition (Thesis Option) 772
M.S. Major in Merchandising and Consumer Studies (Non-thesis Option) 776
M.S. Major in Merchandising and Consumer Studies (Thesis Option) 778
Department of Occupational, Workforce, and Leadership Studies 781
M.A.I.S. Major in Interdisciplinary Studies 781
M.S.I.S. Major in Interdisciplinary Studies 785
M.Ed. Major in Management of Technical Education 789
School of Social Work 793

HOME

Welcome to the most beautiful campus in Texas.

Located in San Marcos, Texas State University's campus climbs up the Balcones escarpment to the Hill Country. It's a setting that is unique among Texas universities, enhanced even further by the beauty of the crystal clear San Marcos River (https://www.flickr.com/photos/txstateu/sets/72157661036133102) and many large oak, (http://www.facilities.txstate.edu/grounds/trees.html) cypress and pecan trees (http://www.facilities.txstate.edu/grounds/trees.html). Some are the largest in the state. Although the metropolitan centers of Austin and San Antonio are nearby, San Marcos has managed to retain the charm of a smaller community. Texas State, despite its nearly 39,000 students, still has kept a friendly small campus atmosphere. But it is a place where faculty and students take the processes of teaching and learning seriously.

Majors

Majors (http://mycatalog.txstate.edu/university-majors)

Texas State University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, masters, and doctoral degrees. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Texas State University.

Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) accreditation is institutional in nature. Although many programs are accredited by other agencies, SACSCOC accredits the university as a whole, not specific degrees or programs.

For information concerning the Texas State University Catalog, please contact us at mycatalog@txstate.edu.

UNDERGRADUATE DEGREE PROGRAMS

- A (p. 18)
- B (p. 18)
- C (p. 18)
- D (p. 19)
- E (p. 19)
- F (p. 19)
- G (p. 19)
- H (p. 19)
- I (p. 20)
- J (p. 20)
- K (p.)
- L (p.)
- M (p. 20)
- N (p. 20)
- O (p.)
- P (p. 20)
- Q (p.)
- R (p. 21)
- S (p. 21)
- T (p. 21)
- U (p.)
- V (p.)
- W (p. 21)
- X (p.)
- Y (p.)
- Z (p.)

A

- Accounting, B.B.A. (p. 155)
- Accounting, B.B.A/M.Acy. (5-year Integrated) (http://mycatalog.txstate.edu/graduate/mccoy-business-administration/accounting/accounting-bba)
- Advertising and Mass Communication (Digital Media Concentration), B.S. (p. 296)
- Advertising and Mass Communication (Multimedia Production Concentration), B.S. (p. 297)
- Advertising and Mass Communication (Sports Media Concentration), B.S. (p. 299)
- Advertising and Mass Communication, B.S. (p. 295)
- Agriculture (Teacher Certification in Agriculture, Food and Natural Resources, Grades 6-12), B.S.A.G. (p. 105)
- Agriculture Animal Science (Pre-Veterinary Concentration), B.S.A.G. (p. 107)
- Agriculture Animal Science, B.S.A.G. (p. 106)
- Agriculture Business and Management (Agribusiness Management Concentration), B.S.A.G. (p. 108)
- Agriculture Business and Management (Agricultural Systems Management Concentration), B.S.A.G. (p. 109)
- Agriculture Business and Management (Horticultural Business Concentration), B.S.A.G. (p. 111)
- Agriculture, B.S.A.G. (p. 104)
- Anthropology, B.A. (p. 437)
- Anthropology, B.S. (p. 438)
- Applied Arts and Sciences, B.A.A.S. (p. 144)
- Applied Mathematics, B.S. (p. 655)
- Applied Sociology, B.S. (p. 557)
- Aquatic Biology, B.S. (p. 574)
- Art History, B.A. (p. 253)
- Art, B.A. (p. 252)
- Athletic Training, B.S. (p. 229)

B

- Biochemistry (American Chemical Society approved program), B.S. (p. 590)
- Biochemistry (Early-Entry Program), B.S./M.S. (p. 600)
- Biochemistry (Pre-Dental Concentration), B.S. (p. 591)
- Biochemistry (Pre-Medical Concentration), B.S. (p. 591)
- Biochemistry (Pre-Pharmacy Concentration), B.S. (p. 592)
- Biochemistry, B.S. (p. 589)
- Biology (Pre-Dental Concentration), B.S. (p. 591)
- Biology (Pre-Medical Concentration), B.S. (p. 576)
- Biology (Pre-Physician Assistant Concentration), B.S. (p. 577)
- Biology (Teacher Certification in Life Science, Grades 7-12), B.S. (p. 578)
- Biology, B.S. (p. 574)

C

- Chemistry (Early-Entry Program), B.S./M.S. (p. 600)
- Chemistry (Pre-Dental Concentration), B.S. (p. 594)
- Chemistry (Pre-Medical Concentration), B.S. (p. 595)
- Chemistry (Pre-Pharmacy Concentration), B.S. (p. 597)
- Chemistry (Teacher Certification in Chemistry, Grades 7-12), B.S. (p. 598)
- Chemistry (Teacher Certification in Physical Science, Grades 6-12), B.S. (p. 599)
- Chemistry, B.S. (p. 593)
- Clinical Laboratory Science, B.S.C.L.S. (p. 385)
- Communication Design, B.F.A. (p. 254)
- Communication Disorders, B.S.C.D. (p. 388)
- Communication Studies (Interpersonal Communication Concentration), B.A. (p. 277)
- Communication Studies (Organizational Communication Concentration), B.A. (p. 278)
- Communication Studies (Persuasive Communication Concentration), B.A. (p. 279)
- Communication Studies (Teacher Certification in Speech, Grades 7-12), B.A. (p. 280)
- Communication Studies, B.A. (p. 276)
- Computer Information Systems (Business Analytics Concentration), B.B.A. (p. 162)
- Computer Information Systems, B.B.A. (p. 160)
- Computer Science (Computer Engineering Concentration), B.S. (p. 609)

- Computer Science (Teacher Certification in Computer Science, Grades 8-12), B.A. (p. 606)
- Computer Science (Teacher Certification in Computer Science, Grades 8-12), B.S. (p. 611)
- Computer Science, B.A. (p. 605)
- Computer Science, B.S. (p. 608)
- Concrete Industry Management, B.S. (p. 638)
- Construction Science and Management, B.S. (p. 639)
- Consumer Affairs (Family and Consumer Sciences Concentration), B.S.F.C.S. (p. 130)
- Consumer Affairs (Teacher Certification in Family and Consumer Sciences, Grades 6-12), B.S.F.C.S. (p. 131)
- Consumer Affairs, B.S.F.C.S. (p. 129)
- Criminal Justice, B.S.C.J. (p. 116)

D

- Dance (Performance and Choreography Concentration), B.F.A. (p. 374)
- Dance (Single Field Teacher Certification in Dance, Grades 8-12), B.F.A. (p. 375)
- Dance (Two Fields Teacher Certification in Dance, Grades 8-12), B.F.A. (p. 376)
- Dance, B.A. (p. 372)
- Digital Media Innovation and Mass Communication (Multimedia Production Concentration), B.S. (p. 301)
- Digital Media Innovation and Mass Communication (Sports Media Concentration), B.S. (p. 303)
- Digital Media Innovation and Mass Communication, B.S. (p. 300)

E

- Economics, B.A. (p. 169)
- Economics, B.B.A. (p. 169)
- Electrical Engineering (Computer Engineering Concentration), B.S. (p. 623)
- Electrical Engineering (Micro and Nano Devices and Systems Concentration), B.S. (p. 624)
- Electrical Engineering (Networks and Communication Systems Concentration), B.S. (p. 626)
- Electronic Media and Mass Communication (Digital Media Concentration), B.S. (p. 305)
- Electronic Media and Mass Communication (Multimedia Production Concentration), B.S. (p. 307)
- Electronic Media and Mass Communication (Sports Media Concentration), B.S. (p. 308)
- Electronic Media and Mass Communication, B.S. (p. 304)
- Engineering Technology (Civil Engineering Technology Concentration), B.S.T. (p. 644)
- Engineering Technology (Electrical Engineering Technology Concentration), B.S.T. (p. 645)
- Engineering Technology (Environmental Engineering Technology Concentration), B.S.T. (p. 646)
- Engineering Technology (Manufacturing Engineering Technology Concentration), B.S.T. (p. 647)
- Engineering Technology (Mechanical Engineering Technology Concentration), B.S.T. (p. 648)
- English (Creative Writing Concentration), B.A. (p. 447)
- English (Film Concentration), B.A. (p. 448)
- English (Single Field Teacher Certification in English Language Arts and Reading, Grades 7-12), B.A. (p. 450)
- English (Two Fields Teacher Certification in English Language Arts and Reading, Grades 7-12), B.A. (p. 452)
- English (Writing and Rhetoric Concentration), B.A. (p. 454)
- English, B.A. (p. 445)
- Exercise and Sports Science (Clinical Exercise Science Concentration), B.E.S.S. (p. 222)
- Exercise and Sports Science (Pre-Rehabilitation Sciences Concentration), B.E.S.S. (p. 223)
- Exercise and Sports Science (Teacher Certification in Physical Education, Early Childhood Through Grade 12), B.E.S.S. (p. 225)

F

- Family and Child Development (Teacher Certification in Human Development and Family Studies, Grades 8-12), B.S.F.C.S. (p. 133)
- Family and Child Development, B.S.F.C.S. (p. 132)
- Fashion Merchandising, B.S.F.C.S. (p. 134)
- Finance, B.B.A. (p. 171)
- French (Teacher Certification in French, Early Childhood Through Grade 12), B.A. (p. 522)
- French, B.A. (p. 522)

G

- General Studies, B.G.S. (p. 670)
- Geographic Information Science, B.S. (p. 468)
- Geography (Teacher Certification in Social Studies, Grades 7-12: History Minor and Political Science Third Field), B.S. (p. 470)
- Geography (Teacher Certification in Social Studies, Grades 7-12: Political Science Minor and History Third Field), B.S. (p. 472)
- Geography Resource and Environmental Studies, B.S. (p. 474)
- Geography Urban and Regional Planning, B.S. (p. 476)
- Geography Water Resources, B.S. (p. 477)
- Geography, B.A. (p. 467)
- Geography, B.S. (p. 469)
- German (Teacher Certification in German, Early Childhood Through Grade 12), B.A. (p. 524)
- German, B.A. (p. 523)

H

- Health and Fitness Management, B.E.S.S. (p. 226)
- Health and Wellness Promotion (Teacher Certification in Health, Early Childhood Through Grade 12), B.H.W.P. (p. 228)
- Health and Wellness Promotion, B.H.W.P. (p. 227)
- Health Information Management, B.S.H.I.M. (p. 397)
- Healthcare Administration, B.H.A. (p. 392)
- History (Single Field Teacher Certification in History, Grades 7-12), B.A. (p. 497)
- History (Teacher Certification in Social Studies, Grades 7-12: Geography Minor and Political Science Third Field), B.A. (p. 501)
- History (Teacher Certification in Social Studies, Grades 7-12: Political Science Minor and Geography Third Field), B.A. (p. 504)

- History (Two Fields Teacher Certification in History), B.A. (p. 508)
- History, B.A. (p. 495)

I

- Industrial Engineering, B.S. (p. 627)
- Interdisciplinary Science (Teacher Certification in Science, Grades 7-12), B.S. (p. 561)
- Interdisciplinary Studies (Teacher Certification in Bilingual Generalist-Spanish, Early Childhood Through Grade 6), B.S. (p. 197)
- Interdisciplinary Studies (Teacher Certification in English as a Second Language Generalist, Early Childhood Through Grade 6), B.S. (p. 198)
- Interdisciplinary Studies (Teacher Certification in English Language Arts and Reading/Social Studies, Grades 4-8), B.S. (p. 199)
- Interdisciplinary Studies (Teacher Certification in Generalist, Grades 4-8), B.S. (p. 200)
- Interdisciplinary Studies (Teacher Certification in Mathematics and Science, Grades 4-8), B.S. (p. 203)
- Interdisciplinary Studies (Teacher Certification in Mathematics, Grades 4-8), B.S. (p. 202)
- Interdisciplinary Studies (Teacher Certification in Science, Grades 4-8), B.S. (p. 204)
- Interdisciplinary Studies (Teacher Certification in Special Education, Early Childhood Through Grade 12) B.S. (p. 205)
- Interior Design, B.S.F.C.S. (p. 135)
- International Relations, B.A.I.S. (p. 417)
- International Studies (Asian Studies Concentration), B.A.I.S. (p. 419)
- International Studies (European Studies Concentration), B.A.I.S. (p. 420)
- International Studies (Interamerican Studies Concentration), B.A.I.S. (p. 421)
- International Studies (International Business Concentration), B.A.I.S. (p. 422)
- International Studies (Middle East/African Studies Concentration), B.A.I.S. (p. 423)
- International Studies (Russian/East European Studies Concentration), B.A.I.S. (p. 424)
- International Studies (Travel and Tourism Concentration), B.A.I.S. (p. 425)

J

- Journalism and Mass Communication (Digital Media Concentration), B.S. (p. 310)
- Journalism and Mass Communication (Multimedia Production Concentration), B.S. (p. 312)
- Journalism and Mass Communication (Sports Media Concentration), B.S. (p. 313)
- Journalism and Mass Communication, B.S. (p. 309)

M

- Management (Entrepreneurial Studies Concentration), B.B.A. (p. 178)
- Management (Human Resource Management Concentration), B.B.A. (p. 180)
- Management, B.B.A. (p. 177)
- Manufacturing Engineering (General Manufacturing Concentration), B.S. (p. 629)
- Manufacturing Engineering (Mechanical Systems Concentration), B.S. (p. 630)
- Marketing (Professional Sales Concentration), B.B.A. (p. 185)
- Marketing (Services Marketing Concentration), B.B.A. (p. 187)
- Marketing, B.B.A. (p. 184)
- Mass Communication, B.A. (p. 293)
- Mathematics (Teacher Certification in Mathematics, Grades 7-12), B.S. (p. 657)
- Mathematics, B.A. (p. 654)
- Mathematics, B.S. (p. 656)
- Microbiology (Pre-Dental Concentration), B.S. (p. 580)
- Microbiology (Pre-Medical Concentration), B.S. (p. 581)
- Microbiology (Pre-Physician Assistant Concentration), B.S. (p. 582)
- Microbiology, B.S. (p. 579)
- Music Studies (Choral Concentration with Teacher Certification in Music, Early Childhood Through Grade 12), B.M. (p. 342)
- Music Studies (Instrumental Concentration with Teacher Certification in Music, Early Childhood Through Grade 12), B.M. (p. 344)
- Music, B.A. (p. 341)
- Musical Theatre, B.F.A. (p. 377)

N

- Nursing (RN to BSN Online Completion Program), B.S.N. (p. 404)
- Nursing, B.S.N. (p. 402)
- Nutrition and Foods (Dietetics Concentration), B.S.F.C.S. (p. 137)
- Nutrition and Foods (Teacher Certification in Hospitality, Nutrition, and Food Sciences, Grades 8-12), B.S.F.C.S. (p. 138)
- Nutrition and Foods, B.S.F.C.S. (p. 136)

P

- Performance (Composition Concentration), B.M. (p. 345)
- Performance (Guitar Concentration), B.M. (p. 347)
- Performance (Instrumental Concentration), B.M. (p. 348)
- Performance (Jazz Concentration), B.M. (p. 349)
- Performance (Keyboard Concentration), B.M. (p. 351)
- Performance (Vocal Concentration), B.M. (p. 352)
- Philosophy, B.A. (p. 534)
- Photography, B.F.A. (p. 256)
- Physical Geography, B.S. (p. 478)
- Physics (Teacher Certification in Physical Science, Grades 6-12), B.S. (p. 665)
- Physics (Teacher Certification in Physics/Mathematics, Grades 7-12), B.S. (p. 666)
- Physics, B.A. (p. 663)
- Physics, B.S. (p. 664)
- Political Science (Teacher Certification in Social Studies, Grades 7-12: Geography Minor and History Third Field), B.A. (p. 538)
- Political Science (Teacher Certification in Social Studies, Grades 7-12: History Minor and Geography Third Field), B.A. (p. 541)
- Political Science, B.A. (p. 536)
- Psychology, B.A. (p. 549)
- Psychology, B.S. (p. 551)

- Public Administration, B.P.A. (p. 543)
- Public Relations and Mass Communication (Digital Media Concentration), B.S. (p. 315)
- Public Relations and Mass Communication (Multimedia Production Concentration), B.S. (p. 317)
- Public Relations and Mass Communication (Sports Media Concentration), B.S. (p. 318)
- Public Relations and Mass Communication, B.S. (p. 314)

R

- Radiation Therapy, B.S.R.T. (p. 408)
- Recreation Administration (Therapeutic Recreation Concentration), B.S. (p. 232)
- Recreation Administration, B.S. (p. 231)
- Respiratory Care (RRT to BSRC Online Degree Completion Program), B.S.R.C. (p. 415)
- Respiratory Care, B.S.R.C. (p. 413)

S

- Social Work, B.S.W. (p. 148)
- Sociology, B.A. (p. 556)
- Sound Recording Technology, B.S. (p. 354)
- Spanish (Teacher Certification in Spanish, Early Childhood Through Grade 12), B.A. (p. 526)
- Spanish, B.A. (p. 525)
- Studio Art (Ceramics Concentration), B.F.A. (p. 258)
- Studio Art (Drawing Concentration), B.F.A. (p. 259)
- Studio Art (Expanded Media Concentration), B.F.A. (p. 261)
- Studio Art (Metals Concentration), B.F.A. (p. 263)
- Studio Art (Painting Concentration), B.F.A. (p. 264)
- Studio Art (Printmaking Concentration), B.F.A. (p. 266)
- Studio Art (Sculpture Concentration), B.F.A. (p. 268)
- Studio Art (Teacher Certification in Art, Early Childhood Through Grade 12), B.F.A. (p. 269)

T

- Technology Management (Electronics Technology Concentration), B.S. (p. 641)
- Technology Management (Manufacturing Technology Concentration), B.S. (p. 642)
- Technology Management (Teacher Certification in Technology Education, Grades 6-12), B.S. (p. 643)
- Theatre (Acting Pre-Professional Concentration), B.F.A. (p. 378)
- Theatre (Performance and Production Pre-Professional Concentration), B.F.A. (p. 379)
- Theatre (Teacher Certification in Theatre, Early Childhood Through Grade 12), B.F.A. (p. 380)
- Theatre (Technical Production Concentration), B.F.A. (p. 381)
- Theatre, B.A. (p. 373)

W

- Wildlife Biology, B.S. (p. 583)

GRADUATE DEGREE PROGRAMS

- A (p. 22)
- B (p. 22)
- C (p. 22)
- D (p. 23)

A

- Accounting (Auditing Concentration), M.Acy. (p. 928)
- Accounting (Corporate Accounting and Control Concentration), M.Acy. (p. 931)
- Accounting (Information Technology Concentration), M.Acy. (p. 935)
- Accounting (Taxation Concentration), M.Acy. (p. 939)
- Accounting and Information Technology, M.S. (p. 949)
- Accounting, B.B.A./M.Acy. (5-year Integrated) (p. 943)
- Accounting, M.Acy. (p. 924)
- Adult, Professional, and Community Education (Adult English as a Second Language Concentration Non-thesis Option), M.A. (p. 1000)
- Adult, Professional, and Community Education (Adult English as a Second Language Concentration Thesis Option), M.A. (p. 1003)
- Adult, Professional, and Community Education (Workplace, Community, and Continuing Education Concentration Non-thesis Option), M.A. (p. 1007)
- Adult, Professional, and Community Education (Workplace, Community, and Continuing Education Concentration Thesis Option), M.A. (p. 1010)
- Adult, Professional, and Community Education, Ph.D. (p. 975)
- Advanced Practice Leadership (On Campus Advanced BSW Holders Concentration), M.S.W. (p. 793)
- Advanced Practice Leadership (On Campus Regular Non-BSW Holders Concentration), M.S.W. (p. 799)
- Advanced Practice Leadership (Online Advanced BSW Holders Concentration), M.S.W. (p. 804)
- Advanced Practice Leadership (Online Regular Non-BSW Holders Concentration), M.S.W. (p. 809)
- Anthropology (Archaeology Concentration), M.A. (p. 1927)
- Anthropology (Biological Anthropology Concentration), M.A. (p. 1934)
- Anthropology (Cultural and Linguistic Anthropology Concentration), M.A. (p. 1942)
- Applied Anthropology, Ph.D. (p. 1922)
- Applied Philosophy and Ethics (Non-thesis Option), M.A. (p. 2137)
- Applied Philosophy and Ethics (Thesis Option), M.A. (p. 2141)
- Applied Sociology (Non-thesis Option), M.S. (p. 2195)
- Applied Sociology (Practicum Option), M.S. (p. 2199)
- Aquatic Resources (Aquatic Biology Concentration), M.S. (p. 2290)
- Aquatic Resources (Aquatic Systems Concentration), M.S. (p. 2299)
- Aquatic Resources and Integrative Biology (Entering with Bachelor's Degree), Ph.D. (p. 2263)
- Aquatic Resources and Integrative Biology (Entering with Master's Degree), Ph.D. (p. 2245)
- Athletic Training (Non-thesis Option), M.S. (p. 1557)
- Athletic Training (Thesis Option), M.S. (p. 1560)

B

- Biochemistry (Early-Entry Program), B.S./M.S. (p. 2373)
- Biochemistry, M.S. (p. 2365)
- Biology (Non-thesis Minor Option), M.S. (p. 2316)
- Biology (Non-thesis Option), M.S. (p. 2308)
- Biology (Thesis Option), M.S. (p. 2324)
- Biology (Thesis Science or Geography Minor Option), M.S. (p. 2333)
- Biology, M.A. (p. 2281)
- Business Administration (Flex Computer Information Systems Concentration), M.B.A. (p. 842)
- Business Administration (Flex Engineering Technology Concentration), M.B.A. (p. 855)
- Business Administration (Flex Health Administration Concentration), M.B.A. (p. 869)
- Business Administration (Flex Human Resource Management Concentration), M.B.A. (p. 883)
- Business Administration (Flex International Business Concentration M.B.A. (p. 896)
- Business Administration (Full-Time Cohort), M.B.A. (p. 910)
- Business Administration (General Flex Non-thesis Option), M.B.A. (p. 815)
- Business Administration (General Flex Thesis Option), M.B.A. (p. 828)

C

- Chemistry (Early-Entry Program), B.S./M.S. (p. 2374)
- Chemistry, M.A. (p. 2362)
- Chemistry, M.S. (p. 2369)

- Communication Design, M.F.A. (p. 1587)
- Communication Disorders, M.A. (p. 1870)
- Communication Disorders, M.S.C.D. (p. 1875)
- Communication Studies (Non-thesis 9-hour Minor Option), M.A. (p. 1600)
- Communication Studies (Non-thesis Option), M.A. (p. 1594)
- Communication Studies (Research Concentration Non-thesis 6-hour Minor Option), M.A. (p. 1606)
- Communication Studies (Thesis 6-hour Minor Option), M.A. (p. 1618)
- Communication Studies (Thesis Option), M.A. (p. 1611)
- Computer Science (Information Management Concentration Entering with Bachelor's Degree), Ph.D. (p. 2380)
- Computer Science (Information Management Concentration Entering with Master's Degree), Ph.D. (p. 2375)
- Computer Science (Non-thesis Option), M.A. (p. 2397)
- Computer Science (Non-thesis Option), M.S. (p. 2407)
- Computer Science (Non-thesis Science Minor Option), M.S. (p. 2412)
- Computer Science (Software Systems Concentration Entering with Bachelor's Degree), Ph.D. (p. 2391)
- Computer Science (Software Systems Concentration Entering with Master's Degree), Ph.D. (p. 2386)
- Computer Science (Thesis Option), M.A. (p. 2401)
- Computer Science (Thesis Option), M.S. (p. 2416)
- Computer Science (Thesis Science Minor Option), M.S. (p. 2422)
- Creative Writing (Fiction Concentration), M.F.A. (p. 1992)
- Creative Writing (Poetry Concentration), M.F.A. (p. 1997)
- Criminal Justice (Executive Concentration Non-thesis Option), M.S.C.J. (p. 726)
- Criminal Justice (Non-thesis Option), M.S.C.J. (p. 730)
- Criminal Justice (Research Concentration Non-thesis Option), M.S.C.J. (p. 733)
- Criminal Justice (Research Concentration Thesis Option), M.S.C.J. (p. 736)
- Criminal Justice (Thesis Option), M.S.C.J. (p. 741)
- Criminal Justice, Ph.D. (p. 719)

D

- Data Analytics and Information Systems (Non-thesis Option), M.S. (p. 954)

UNDERGRADUATE

This catalog is a general information publication only and is not intended to nor does it contain all regulations that relate to undergraduate students. The information in this version of the Undergraduate Catalog is subject to change without notice. Texas State reserves the right to withdraw courses at any time, to change its fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever authorities determine and will apply to both prospective students and those already enrolled. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student, faculty member, or staff employee and Texas State University or the Texas State University System. In the event of conflict between the provisions of this catalog and the Texas State University System Rules and Regulations, the latter shall govern. Questions regarding current information should be addressed to the office of the Provost and Vice President for Academic Affairs.

This catalog was published in May 2018 and becomes effective with the beginning of the fall semester, 2018.

General Information

As an Emerging Research University, Texas State provides opportunities for discovery and innovation to faculty and students. The university offers bachelor's, master's, specialist, and doctoral degree programs in the colleges of Applied Arts (http://www.txstate.edu/appliedarts), McCoy College of Business Administration (http://www.business.txstate.edu), Education (http://www.education.txstate.edu), Fine Arts and Communication (http://www.finearts.txstate.edu), Health Professions (http://www.health.txstate.edu), Liberal Arts (http://www.txstate.edu/liberalarts), Science and Engineering (http://www.txstate.edu/science), University College (http://www.txstate.edu/ucollege) and The Graduate College (http://www.gradcollege.txstate.edu).

Texas State's main campus is in San Marcos, a growing community of 58,000 people in the southern Austin metropolitan area. Its Round Rock Campus (http://www.rrc.txstate.edu) is located north of Austin. Students there can take upper-level courses leading to several bachelor's degrees and selected complete master's degree and certificate programs.

Accreditations

The following Council on Higher Education Accreditation (CHEA) and/or U.S. Department of Education (USDE)-recognized accrediting organizations accredit Texas State degree programs.

- ABET - Accreditation Board for Engineering and Technology
- Accreditation Council for Education in Nutrition and Dietetics Academy of Nutrition and Dietetics
- Accrediting Council on Education in Journalism and Mass Communciations
- American Council for Construction Education
- American Physical Therapy Association, Commission on Accreditation in Physical Therapy Education
- Commission on Accreditation for Health Informatics and Information Management Education
- Commission on Accreditation for Respiratory Care
- Commission on Accreditation of Athletic Training Education
- Commission on Accreditation of Healthcare Management Education
- Commission on Collegiate Nursing Education
- Council for Accreditation of Counseling and Related Educational Programs
- Council for Interior Design Accreditation
- Council for the Accreditation of Educator Preparation
- Council of the Section of Legal Education and Admissions to the Bar, American Bar Association
- Council on Academic Accreditation in Audiology and Speech-Language Pathology American Speech-Language-Hearing Association
- Council on Social Work Education, Commission on Accreditation
- Joint Review Committee on Education in Radiologic Technology
- National Accrediting Agency for Clinical Laboratory Sciences
- National Association of Schools of Music, Commission on Accreditation
- National Recreation and Park Association, Council on Accreditation of Parks, Recreation, Tourism, and Related Professions
- Network of Schools of Public Policy, Affairs, and Administration Commission on Peer Review and Accreditation

The following organizations not recognized by either the Council on Higher Education Accreditation (CHEA) or the U.S. Department of Education (USDE) accredit or certify other Texas State degree programs.

- AACSB The Association to Advance Collegiate Schools of Business - International
- American Chemical Society
- American Society of Biochemistry and Molecular Biology
- Association of University Programs in Health Administration
- Concrete Industry Management
- Foundry Education Foundation
- International School Psychology Association
- National Association of School Psychologists
- Teacher Education Accreditation Council
- Texas Certified Public Manager Program

The following Council on Higher Education (CHEA) and/or U.S. Department of Education (USDE) - Recognized accrediting organizations accredit Texas State academic support services.

- American Psychological Association Commission on Accreditation
- Commission on English Language Program Accreditation (CEA)

History of the University

Authorized by the Texas Legislature in 1899, Southwest Texas State Normal School opened its doors in 1903. During the first century, the Legislature retained the regional designation in the name, but as its mission changed it became first Normal College, then successively Teachers College, College and University. These changes reflected the change from a teacher-preparation institution to a regional university. In 2003, the Legislature dropped the regional designation and the institution became Texas State University-San Marcos, and in 2013 the place name was eliminated as Texas State University became an emerging research university within the state.

Though Texas State originally became renowned for preparing public school teachers, today it does far more. Texas State, a major institution of higher education approaching an enrollment of 40,000, currently offers programs not only in the College of Education, but also in the College of Applied Arts, Emmett and Miriam McCoy College of Business Administration, College of Fine Arts and Communication, College of Health Professions, Honors College, College of Liberal Arts, College of Science and Engineering, and University College. University College oversees freshman advising as well as other activities of the freshman year experience in addition to housing students who have not yet chosen a major. The Graduate College provides opportunities for continued intellectual growth through advanced and specialized education that develops leaders in the professions and in research up through the doctoral degree.

As Texas State's student population has grown — from 303 in 1903 to nearly 39,000 in 2017 — the campus, too, has expanded and today Texas State is the fifth largest public university in the state. Overlooking the campus from Chautauqua Hill and serving as a landmark since 1903 is Old Main, a red-gabled Victorian building restored to its original grandeur.

In 1979, after adding a number of classroom buildings and residence halls, Texas State purchased the former San Marcos Baptist Academy adjacent to the original campus. In 1981, South Texas entrepreneur Harry M. Freeman donated a 3,500-acre ranch to Texas State to be held in perpetual trust as the Harold M. Freeman Educational Foundation. The working ranch is used as a laboratory for students in agriculture, animal science, anthropology, biology and a variety of other academic disciplines. In 1990, the university opened the seven-story Albert B. Alkek Library. The building, conveniently located in the center of campus, is named for the noted Texas rancher, oil man and educational philanthropist who died in 1995.

Texas State acquired one of the most unique ecosystems in the world in 1994 when it purchased the former Aquarena Springs resort and theme park. The purchase allowed Texas State to serve as steward of the headwaters of the San Marcos River, preserving and protecting one of the oldest inhabited spots in North America for future generations of Texans. Now called the Aquarena Center, the 90-acre property is the site of a wide variety of educational and research pursuits. Aquarena Center is home to eight endangered species of plants and animals that exist nowhere else in the world.

In 1998, as the lead institution, Texas State joined forces with other area universities to establish the Round Rock Higher Education Center, now known as the Texas State University Round Rock Campus (RRC). The RRC, located on 101 acres north of Austin, offers upper-division and graduate educational opportunities in Williamson County and Austin.

Texas State's main campus is located in San Marcos, a Hill Country community about halfway between Austin and San Antonio. Its location on the banks of the San Marcos River provides recreational and leisure activities for students throughout the year.

Texas State became part of the Texas State University System in 1911. The System, governed by a nine-member Board of Regents, also includes Lamar University, Lamar Institute of Technology, Lamar State College–Orange, Lamar State College–Port Arthur, Sam Houston State University, Sul Ross State University and Sul Ross University Rio Grande College. The first president of Texas State was Mr. T.G. Harris, who served from 1903 to 1911. He was followed by Dr. C.E. Evans, 1911–1942; Dr. J.G. Flowers, 1942–1964; Dr. James H. McCrocklin, 1964–1969; Dr. Leland E. Derrick, 1969; Dr. Billy Mac Jones, 1969–1973; Mr. Jerome C. Cates, 1973–1974; Dr. Lee H. Smith, 1974–1981; Mr. Robert L. Hardesty, 1981–1988; Dr. Michael L. Abbott, 1988–1989; Dr. Jerome Supple, 1989–2002, and Dr. Denise M. Trauth, 2002–present.

Mission Statement

Texas State University is a doctoral-granting, student-centered institution dedicated to excellence and innovation in teaching, research, including creative expression, and service. The university strives to create new knowledge, to embrace a diversity of people and ideas, to foster cultural and economic development, and to prepare its graduates to participate fully and freely as citizens of Texas, the nation, and the world.

Shared Values

In pursuing our mission, we, the faculty, staff, and students of Texas State University, are guided by a shared collection of values:

- Teaching and learning based on research, student involvement, and the free exchange of ideas in a supportive environment;
- Research and creative activities that encompass the full range of academic disciplines--research with relevance, from the sciences to the arts, from the theoretical to the applied;
- The cultivation of character, integrity, honesty, civility, compassion, fairness, respect, and ethical behavior in all members of our university community;
- A diversity of people and ideas, a spirit of inclusiveness, a global perspective, and a sense of community as essential conditions for campus life;
- A commitment to service and leadership for the public good;
- Responsible stewardship of our resources and environment; and
- Continued reflection and evaluation to ensure that our strengths as a community always benefit those we serve.

Diversity and Inclusion Policy Statement

Texas State believes that freedom of thought, innovation and creativity are fundamental characteristics of a community of scholars. To promote such a learning environment, the university has a special responsibility to seek diversity, to promote inclusion, to instill a global perspective in its students, and to nurture sensitivity, dialogue and mutual respect. Discrimination against or harassment of individuals on the basis of race, color, national origin, religion, sex, sexual orientation, age, disability, veterans' status, gender identity or expression are inconsistent with the purposes of the university.

Students' Rights, Privileges, and Expectations

Texas State is committed to the value of a racial and ethnic diversity and believes that the primary purpose of higher education is to promote learning for all and to stimulate inquiry for truth in an atmosphere of freedom. Accordingly, Texas State encourages students to exercise the rights of citizenship. However, these rights are subject to reasonable limitations necessary for the orderly operation of the university. Texas State expects students to accept their responsibilities as citizens and members of a scholarly community. Paramount among these responsibilities is respect for the rights of others, academic and personal integrity, and adherence to federal, state, and local law as well as university regulations.

The faculty and administration are genuinely concerned with the physical and ethical welfare of students. To that end, Texas State has established rules of conduct and has published these in a Code of Student Conduct and Honor Code. These regulations guide students in achieving personal and academic goals and help the university function in an orderly way. Since students voluntarily associate themselves with Texas State, they should know that these rules are honestly and faithfully enforced. The rules include clear prohibitions against sexual or discrimination and racial harassment.

Texas State has established a grievance procedure for the prompt and equitable resolution of complaints related to illegal discrimination or harassment. Texas State, to the extent not in conflict with federal or state law, prohibits discrimination or harassment on the basis of race, color, national origin, age, sex, religion, disability, veterans' status, sexual orientation, gender identity, or expression. This grievance procedure is described in University Policy and Procedure Statement 04.04.46 (http://www.txstate.edu/effective/UPPS/UPPS-04-04-46.HTML), *Prohibition of Discrimination*. The Texas State University System Sexual Misconduct Policy outlines our policy and procedure related to Title IX (sexual misconduct). Students should follow the procedures for reporting instances of discrimination or harassment.

The administration and faculty encourage students to participate in managing Texas State through its system of advisory councils and committees. Students are invited to serve as voting members on many of these groups, and are expected to contribute actively to their success. Students may submit recommendations for changes in policy, not only

through the committee structure, but also through their own student government.

Student Right-to-Know and Campus Security Act

The Student-Right-to-Know and Campus Security Act was enacted in 1990 by federal law. The law requires institutions that receive student aid assistance to prepare and distribute an Annual Security Report (Campus Watch). The Campus Watch for Texas State University at San Marcos and Round Rock campuses includes descriptions of campus crime prevention programs, procedures for reporting crimes and information about the number and frequency of crimes reported to the University Police Department for the last three years. It also provides Texas State's policies for campus security and law enforcement related to sexual offenses, liquor law violations, and controlled substance offenses. In addition to publishing crime statistics, the act requires the institution to provide timely warnings to the campus community of certain crimes reported to the University Police Department or local law enforcement which may be considered a threat to the campus community. The Campus Watch is available on the Texas State website at http://www.police.txstate.edu/Clery.html, in the offices of Undergraduate Admissions, The Graduate College, Human Resources, and the University Police Department.

For a hard copy of the Campus Watch, contact the University Police Department, Nueces Building or to have a hard copy mailed free of charge call 512-245-2890.

Student Data, Privacy, and Communications

Correct Data

All students are responsible for making certain Texas State has correct demographic data. A student's name will appear on official records as it is stated on the application for admission, unless a student has previously attended Texas State under a different name. Changes in name, local and/or permanent address, telephone number, marital status, etc. should be reported immediately to the office of the University Registrar. Texas State is not responsible for loss of correspondence credits due to unreported name changes. Address changes can be submitted at http://www.registrar.txstate.edu/our-services.html.

Family Educational Rights and Privacy Act of 1974 (FERPA)

FERPA protects the privacy of educational records, establishes the right of students to inspect and review their educational records, and provides guidelines for the correction of inaccurate or misleading data. Students also have the right to file complaints with the FERPA Office concerning alleged failures by Texas State to comply with the Act. University policy explains in detail the procedures to be used in complying with the Act. The policy is available at http://www.registrar.txstate.edu/legislative-policies/ferpa.html. The Dean of Students and the University Registrar both presume that each student is independent of his or her parents when dealing with the student's educational records. Procedures for establishing dependency status are available in both offices.

Communications

Most university offices use Texas State email as the official means of communication. Students are expected to set up and read their Texas State email frequently.

Occupational License Notification

As a point of information required by the Texas Occupations Code, Section 1, Chapter 53, Sections 53.151 – 53.152, as amended in 2017 by HB 1508, if you are applying for admission to or currently enrolled in an educational program that may prepare an individual for an initial occupational license as defined under Texas Occupations Code Section 58.001 and/or if you later decide to change to an educational program that prepares you for an initial occupational license as defined under Texas Occupations Code Section 58.001, in accordance with state law, please be advised of the following:

1. An individual who has been convicted of an offense may be ineligible for issuance of an occupational license upon completion of the educational program.
2. Each licensing authority that may issue an occupational license to an individual who completes an educational program must establish guidelines that state the reasons a particular crime is considered to relate to a particular license and any other criterion that affects the decisions of the licensing authority.
3. Local or county licensing authorities may issue additional guidelines related to criminal history. Applicants should contact their respective local or county licensing authority for more details.
4. A person may request a criminal history evaluation letter regarding the personal eligibility for a license issued by a licensing authority under Texas Occupations Code Section 53.102.

Applicants are encouraged to review all applicable eligibility requirements related to the respective occupational license. Questions related to eligibility requirements should be directed to the applicable licensing authority.

A list of the Texas State University degree and certificate programs that prepare a student for an initial occupational license as defined under Texas Occupations Code Section 58.001 is available here. (http://www.txstate.edu/curriculumservices/programs/occupational-license-HB-1508.html)

Abandoned and Unclaimed Personal Property

Abandoned and unclaimed personal property discovered on campus is turned over to the University Police Department (UPD) for safekeeping and standard handling. Property is considered abandoned if it appears that the owner has thrown it away, has voluntarily left it, or has lost it without any intent or expectation to regain it.

Abandoned and unclaimed personal property is held by UPD for a minimum of 120 days from the time the department acquires the property. A reasonable effort will be made to notify the owner and UPD will facilitate the return of unclaimed personal property to the proper owners. If the property is reclaimed during the 120-day period, the university may charge the owner a reasonable storage fee.

If not reclaimed after 120 days, the property will be declared abandoned and, the property may be sold as part of a normal surplus property

sale. For specifics on the handling and processing of abandoned and unclaimed property, please refer to University Policy and Procedure Statement 05.01.20.

Undergraduate Academic Advising

Academic advising is a student-centered, collaborative process that engages students in educational planning to promote academic, personal, and professional development, while considering diverse interests, abilities, and goals. Academic advising is an integral part of teaching and learning at Texas State.

Purpose

Academic advising is an educational process that, by intention and design, facilitates students' understanding of the meaning and purpose of higher education and fosters their intellectual and personal development toward academic success and lifelong learning (National Academic Advising Association, 2004).

At Texas State, academic advising provides students with the opportunity to meet with an advisor for assistance in planning their educational careers, in developing the skills needed for academic success, and in learning how to access the variety of resources and services available to them on the Texas State campus.

Academic advisors at Texas State University adhere to the standards and guidelines published in *CAS Professional Standards for Higher Education* by the Council for the Advancement of Standards in Higher Education (CAS). Their membership in the National Academic Advising Association (NACADA) provides professional guidance in their advising philosophies.

Academic advising is a partnership between a student and an academic advisor to develop meaningful educational goals and plans that are consistent with the student's personal values, interests and abilities. This is a collaborative approach in which the student and the advisor have clear responsibilities for ensuring that the advising partnership is successful.

Professional academic advisors are located in each college and are available to assist students throughout the year. Technological tools such as the Degree Works degree audit system provide additional resources to assist students in defining the path to graduation.

Students may visit http://www.registrar.txstate.edu/resources/degreeworks.html for more information about degree audits and a video tutorial.

Student Responsibilities

Students have clear responsibilities in the advising partnership in order for it to be successful:

- Clarify personal values and goals.
- Provide accurate information regarding interests and abilities.
- Schedule timely, regular appointments with an advisor during each semester.
- Come prepared, bring student ID, and be on time for each appointment.
- Bring questions and materials for discussion, such as a degree audit, degree worksheet, and/or other relevant documents, to your appointment.
- Participate fully in the advising experience - ask questions when an issue is not understood or there is a specific concern.
- Know the requirements of the degree program and make sure the courses needed for graduation are being taken.
- Gather and understand all relevant decision-making information (e.g., deadlines, prerequisites, policies).
- Organize official documents for convenient access.
- Follow through with all advisor recommendations.
- Keep a personal record of progress toward meeting goals.
- Comply with all university and college policies, procedures, and deadlines.
- Adhere to the Texas State Honor Code when interacting with others.

Advisor Responsibilities

Advisors can be expected to:

- Be accessible for advising appointments.
- Provide assistance in understanding the purposes and goals of higher education and its effect on life and personal goals.
- Assist the student with learning decision-making skills and assuming responsibility for educational plans and achievements.
- Encourage and guide the student to define and develop realistic goals.
- Understand and effectively communicate the curriculum, graduation requirements, and university and college policies and procedures.
- Provide information and strategies for using available campus resources and services.
- Encourage and support students as they gain the skills to develop clear and attainable educational plans.
- Accurately document the student's progress toward meeting goals.
- Maintain confidentiality as required by the Family Educational Rights and Privacy Act.

Locate academic advisors and other student resources at http://advising.txstate.edu/.

Using the Undergraduate Catalog

Glossary of Terms

Academic Advising Center

Located in each College, the Academic Advising Center houses most of the undergraduate advisors for that College.

Classification

Academic level based on hours earned: 1–29 freshman, 30–59 sophomore, 60–89 junior, and 90+ senior.

Contact Hours

Clock hours spent each week in the instruction process. Contact hours are not course credit hours. Lecture contact hours are the hours per week students are required to spend in contact with faculty in a lecture setting, e.g., class, conference, seminar, individual instruction, private lesson, thesis or dissertation discussion, or independent study. Laboratory contact hours are the number of hours per week that students are required to spend in contact with faculty in an experiential situation, e.g., laboratory clinical, practicum, internship, or student teaching.

Core Curriculum

Serves as the common foundation for all majors and accounts for about 35 percent of the approximately 120 semester credit hours required for a bachelor's degree. See the Academic Services (http://mycatalog.txstate.edu/undergraduate/general-education-core-curriculum) section of the catalog for more detailed information.

Co-requisite

A directive from a School or Department that requires a certain action be taken while enrolled in a certain course. A corequisite may be a course, permission from a faculty member, a specified classification, or additional requirements as determined by the faculty.

Course Description

Summarizes the content of the course. May include repeatability information as well as pre-requisites or co-requisites.

Course Number

Courses listed in this catalog and in the Schedule of Classes follow a four-digit numbering system. The first digit indicates the level of the course: 1-freshman, 2-sophomore, 3-junior, 4-senior, 5- and 6-masters, and 7-doctoral. The second digit indicates the number of semester credit hours. The last two digits usually indicate the sequencing of the course in the curriculum. The letter (A, B, C, etc.) at the end of a course number usually indicates a topics course whose content may vary from semester to semester.

Course Prefix

Letters preceding the course number that indicate the subject of the course. For example, CJ = Criminal Justice; ANTH = Anthropology.

Credit Hour

For purposes of this catalog and in accord with federal regulations, a credit hour is:

- not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time;
- at least an equivalent amount of work as outlined in the item above for other academic activities including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

A semester credit hour is defined by the Texas Higher Education Coordinating Board as a unit of measure of instruction consisting of 60 minutes, of which 50 minutes must be direct instruction over a 15-week period in a semester system. Credit hours must be presented in whole numbers. Academic administrative units are responsible for ensuring that credit hours are awarded only for work that meets this requirement. Students should expect to invest a minimum of two hours of additional work for each hour of classroom or faculty instruction per week. Additional work often includes reading, studying, writing, conducting research, meeting with tutors, and other learning activities.

Degree Audit

An advising report, through *Degree Works software*, that shows students progress towards their degrees. Students can request a degree audit report through the Self Service Banner for the degree program(s) in which they are enrolled or for degree programs in which they are interested. Visit http://www.registrar.txstate.edu/resources/degreeworks.html for more information and a video tutorial or contact an academic advisor.

Degree Plan

Set of Texas State University courses that a student may follow in order to achieve the desired bachelor's degree.

Grade Point Average (GPA)

Texas State uses a four-point system. The GPA is the total number of grade points earned divided by the number of semester hours attempted. Semester grade symbols have the following values: "A" = 4 points; "B" = 3 points; "C" = 2 points; "D" = 1 point; "F" = 0 points. Neither hours nor grades are calculated for "I" (Incomplete), "CR" (Credit), "PR" (Progress), or "W" (Withdraw). "U" (Failure Unearned) and "N" (Failure Never Attended) grades are the same as an "F" and equal 0 points.

Graduate Student

A student who has graduated with a bachelor's degree and is returning to the university to pursue either a master's or doctoral degree.

Graduation with Honors

Students earning a GPA of 3.40-3.59 will graduate *cum laude*; 3.6-3.79 will graduate *magna cum laude*; 3.8-4.0 will graduate *summa cum laude*. To be eligible for graduation with honors a student seeking a baccalaureate degree must have completed a minimum of 54 semester credit hours preceding graduation at Texas State. Graduation in the Honors College is described on p. 47.

Multicultural Course

Course identified in the catalog and schedule of classes that offers students an opportunity to enhance their multicultural competence.

Post Baccalaureate Student

Student who has completed a bachelor's degree and returned to the university to take additional course work that will not count towards a second bachelor's degree.

Prerequisite

A directive from a School or Department that requires a certain action be taken before enrolling in a certain course. A prerequisite may be a course, permission from a faculty member, a specified classification, or additional requirements as determined by the faculty.

Probation, Academic

An emphatic warning that the quality of the student's work has not met Texas State's minimum academic standards and that the quality must improve during the probationary semester in order for the student to continue at Texas State. A student will be placed on academic probation at the end of the fall or spring semester in which the Texas State GPA is less than 2.00. A student will be removed from academic probation at the end of any long semester or summer term if the Texas State GPA is 2.00 or higher.

Second Degree Seeking Student

Student who has completed a bachelor's degree and returned to the university with the intention to take additional course work that will complete a second baccalaureate degree.

SLAC

The Student Learning Assistance Center provides a wide range of academic support programs. Whether students are seeking help with

course content, study skills, or test preparation, SLAC provides a walk-in tutoring lab, Supplemental Instruction, campus presentations, and online services.

Suspension, Academic

Imposed on students who fail to raise their GPA higher than a 2.00 at the end of the second probationary semester.

Transcript

Official Texas State transcripts bear the University Seal and the University Registrar's signature. The transcript is an official record of a student's academic course-work.

Transfer Student

Student who has attended another institution of higher education prior to enrollment at Texas State.

TSIP

The Texas Success Initiative program is a legislatively mandated program for certain college freshmen and transfer students, and is located within University College. Additional information about this program and its requirements can be found in the University College section of this catalog.

Undergraduate Student

Student enrolled in course-work with the intent of receiving a bachelor's degree at Texas State.

Writing Intensive

Undergraduate courses for which at least 65 percent of the grade must be based on written exams or assignments, and at least one assignment must be 500 words or more in length. Writing intensive is a designation intended to address the writing policy for undergraduate degree programs.

How to Interpret a Course Entry in the Catalog

Academic courses are located alphabetically by course prefix within the school or department in which they are taught. Within each prefix, the courses are listed numerically beginning with freshman level and proceeding through senior level course-work. Graduate courses may be found in the Graduate Catalog.

Texas State reserves the right to withdraw courses at any time, to change its fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever authorities determine and will apply to both prospective students and those already enrolled. Questions regarding current information should be addressed to the office of the Provost and Vice President for Academic Affairs.

Undergraduate Admissions

429 N. Guadalupe Street
www.admissions.txstate.edu (http://www.admissions.txstate.edu)
T: 512-245-2364 F: 512-245-8100

Texas State University offers general admission programs for first-time freshman, transfer, and international students. Admission standards are designed to ensure that admitted students are prepared to meet the academic challenges at Texas State.

Students and their guests are invited to visit campus any day the university is open. Drop-in visitors are welcome but it is recommended that all visitors reserve a tour by means of our online reservation system (http://www.admissions.txstate.edu/visit/campus-tours.html) or phone call a few days in advance. Campus tours are available Monday through Friday when classes are in session. Although university offices are closed on weekends, the Welcome Center is open on a limited basis on weekends during the fall and spring semesters (twice each long semester). The Welcome Center is located in the LBJ Student Center 3rd floor. Convenient parking is available at the adjacent Student Center Parking Garage.

Bobcat Days are Texas State University's premier visitation event for prospective students and their families. The event takes place twice in the fall and the spring on Saturdays. Guests can visit campus to learn more about academic programs, support services, admissions procedures, housing options as well as financial aid and scholarships opportunities. Visit the admission web site for Bobcat Days (http://www.admissions.txstate.edu/visit/bobcat-days.html) dates, a schedule of activities and registration options.

For further information on available tour times or scheduling a visit, contact the Welcome Center (http://www.admissions.txstate.edu/visit) at 512.245.8871 or email welcomecenter@txstate.edu (#@txstate.edu).

Priority Dates and Deadlines

Prospective undergraduate students should apply for admission as early as possible. Those still in high school may apply once they have completed six semesters and can provide a high school transcript showing class rank and grades. College transfer students should do so after they have successfully completed 30 hours or more of transfer credit. The application for admission and all supporting documents must be received by the following priority dates or deadlines:

Summer 2018

Student Type	Application Becomes Available on	Submit Application and All Credentials by
Freshman	August 1, 2017	March 1, 2018
International Freshman	August 1, 2017	March 1, 2018
Transfers/ Non-Degree Seeking	August 1, 2017	May 1, 2018
International Transfer	August 1, 2017	May 1, 2018
Returning (Readmit)	August 1, 2017	May 1, 2018
Visiting (Transient)	August 1, 2017	May 1, 2018

Applications received after the Priority Date may be considered on a space-available basis. For more information on pursuing a Second Bachelor's degree, click here (http://www.admissions.txstate.edu/future/admission-categories.html).

Fall 2018

Student Type	Application Becomes Available on	Submit Application and All Credentials by
Freshman	August 1, 2017	March 1, 2018
International Freshman	August 1, 2017	March 1, 2018

Transfer/ Non-Degree Seeking	August 1, 2017	July 15, 2018
International Transfer	August 1, 2017	July 15, 2018
Returning (Readmit)	August 1, 2017	August 1, 2018

Applications received after the Priority Date may be considered on a space-available basis. For more information on pursuing a Second Bachelor's degree, click here.

Spring 2019

Student Type	Application Becomes Available on	Submit Application and All Credentials by
Freshman	January 12, 2018	November 15, 2018
International Freshman	January 12, 2018	November 15, 2018
Transfer/ Non-Degree Seeking	January 12, 2018	November 15, 2018
International Transfer	January 12, 2018	November 15, 2018
Returning (Readmit)	January 12, 2018	December 1, 2018

Applications received after the Priority Date will be considered on a space-available basis. For information on pursuing a Second Bachelor's degree click here (http://www.admissions.txstate.edu/future/admission-categories.html).

Freshman Admission

State of Texas Uniform Admission Standards

Per state law, TEC 51.803-51.809, Uniform Admissions Policy (UAP) requires applicants to four-year public universities to meet college readiness standards by means of completion of a high school graduation program, equivalent or by means of SAT or ACT score benchmarks.

Assured Admission

Assured Admission is granted when the student graduates with one of the following diploma types: (UAP) Distinguished, (UAP) Recommended or (HB5) Distinguished Achievement high school program (or equivalent), and meets the class rank and test score requirement listed in the table below:

Class Rank	Old SAT (Prior to March 2016)	New SAT (March 2016 and after)	ACT
Top 10%	No minimum required[1]	No minimum required[1]	
1st Quartile	920	20	
2nd Quartile	1010	22	
3rd Quartile	1180	26	
4th Quartile	1270	29	

[1] Although no minimum scores are required, you still must submit your SAT/ACT scores.

The SAT score is the sum of the critical reading and math sections only. The ACT score is your composite score. An SAT/ACT writing section score is recommended.

Falsification of Documents

Students found to have deliberately falsified application information either by failing to submit accurate information, altering their application or misrepresenting their academic work, will be subject to disciplinary action up to and including denial of admission, withdrawal of an admission offer, or registration cancellation.

Admission Review

Applicants who rank in the top 75 percent of their high school graduating class, and their class rank and test scores place them near the assured admission requirements, may be eligible for Texas State's holistic review process. Those who rank in the top three quartiles of their class and earn one of the following diploma types -- Distinguished, Recommended, Distinguished Achievement, Foundation with Endorsements and recommended math and science courses, or Foundation with recommended math and science courses — but do not meet the SAT/ACT scores listed in this section, will undergo a holistic review of their admission file. This review (http://www.admissions.txstate.edu/future/freshman/admissions-requirements/pas-review.html) considers the competitive level of courses taken and grades earned, the admission essay(s), extracurricular involvement including community service, leadership, and work experience. Spaces fill quickly and applications will be reviewed in the order they are received.

The Office of Undergraduate Admission strongly encourage anyone who is not offered freshman admission to attend another college, complete 30 hours of transferable credit with a minimum GPA of a 2.25, and apply for transfer admission. A limited number of fall applicants who are reviewed through the holistic process may be offered admission to a co-enrollment program with Austin Community College

Pathway Program

The Pathway program (http://www.admissions.txstate.edu/pathway) is a unique one-year co-enrollment partnership between Texas State University and Austin Community College (ACC). As a participant in the program, the student enrolls for courses at Texas State each semester and at ACC Hays. Acceptance into the program is by invitation and is based on the university's holistic review process. A limited number of fall applicants will be offered a place in this alternative program based on the outcome of the holistic review

Limited Access Program

Emmett and Miriam McCoy College of Business Administration

Admission to the McCoy College of Business Administration (http://www.admissions.txstate.edu/future/limited-access.html) is highly competitive. Students who wish to pursue a major in the McCoy College are required to meet admission standards more rigorous than those for non-business applicants. Interested students will automatically be admitted when they:

- Select Business as a first-choice major and receive assured admission to Texas State
- Achieves one of the following: an SAT score of 1200 or higher, an ACT score of 27 or higher, or a ranking in the top 25 percent of their high school graduating class.

Other applicants who have received admission to Texas State will be considered through a competitive review process.

Application Procedures and Fee

Texas State admits first-time freshmen in one of two ways, either Assured Admission or Admission Review. Applicants for freshman admission must meet the following requirements to be considered for admission:

1. Complete the State of Texas Foundation (HB5), Foundation with Endorsements (HB5), Distinguished Achievement (HB5), Minimum (HB5), Recommended (UAP) or Distinguished (UAP) high school program (or their equivalents).

NOTE: To be successful at Texas State, students should successfully complete a rigorous curriculum in high school. Texas State recommends that all applicants complete four credits of English, including English I-IV; four credits of math, including Algebra I, Algebra II, Geometry, and an additional advanced math; four credits of science, including Biology, Chemistry, Physics, and an additional advanced science; four credits of social studies, including one credit of World History, World Geography, U.S. History Since 1877, 1/2 credit of U.S. Government and 1/2 credit of Economics; two credits of a foreign language; one credit of fine arts; and one credit of Physical Education.

1. Submit parts I and II of the ApplyTexas Application (http://www.applytexas.org).
2. Submit one of the ApplyTexas application essays (Topic A, B, or C).
3. Submit an official high school transcript (which must include class rank or a statement that the school does not rank) or GED certificate.
4. Submit official SAT or ACT scores including the writing sections.
5. Submit an application fee of $75 (check, money order, American Express, Visa or MasterCard). Waivers are available for eligible students.
6. Submit an official college transcript from each postsecondary school attended. Students must be eligible to return (e.g., free of suspension, dismissal or enforced withdraw) and have a cumulative 2.0 grade point average in all transferable college work.

State of Texas Uniform Admission Statement

Per state law, TEC 51.803-51.809, Uniform Admissions Standards (UAS) requires applicants to four-year public universities to meet college readiness standards through completion of a high school graduation program or equivalent or through SAT or ACT score benchmarks.

Applicants from Non-Ranking Schools

Nontraditional Secondary Education: GED and Homeschool Applicants

In accordance with Senate Bill 1543 (SB1543), applicants for admission who present evidence of completion of a nontraditional secondary education without an official class rank will have a class rank assigned by Texas State. The class rank will be comparable to the average class rank of other applicants who have equivalent ACT or SAT scores. A nontraditional secondary education includes Homeschool and GED graduates. Texas State requires an official homeschool or GED transcript to demonstrate evidence of completion.

Non-Ranking Public and Private High Schools

Applicants from non-ranking public or private schools must meet the freshman requirements outlined above and will be considered for admission based on an individual review by the Office of Undergraduate Admission. This review will take into account ACT or SAT scores, curriculum and grades, admission essay, employment and service to community. For admission purposes, a class rank will be assigned by Texas State in accordance with SB 1543 referenced above.

For more information regarding the admission process for applicants from non-ranking schools or other educational programs, contact the Office of Undergraduate Admission.

Transfer Admission

Transfer Students with Fewer than 30 Hours

Students with fewer than 30 hours (http://www.admissions.txstate.edu/future/transfer/how-to-apply-1-29.html) at the time of application will be evaluated based on a combination of high school and college work. Applicants must meet the following requirements:

1. Submit the ApplyTexas Transfer Student application, Parts I and II, along with one essay, an official high school transcript, and a resume of activities by the appropriate Admission Priority Date (p. 33).
2. Send your ACT or SAT scores to Texas State. Our ACT code number is 4178 and SAT I code number is 6667. Texas State accepts the highest composite score from a single test date.
3. Submit an official college transcript from each post-secondary institution attended. Students must be eligible to return (e.g., free of suspension, dismissal or enforced withdrawal) to all previous institutions attended regardless of grade point average (GPA) or degree received.
4. Submit a non-refundable application fee of $75 (check, money order, American Express, VISA, MasterCard, or Discover) or apply for a fee waiver.
5. Present a cumulative GPA of at least 2.0 in all transferable course work.

Transfer Students with 30 Hours or More

Students with 30-plus transferable credit hours (http://www.admissions.txstate.edu/future/transfer/how-to-apply-30plus.html) must meet the 2.25 grade point average (GPA) on all transferable credit. Transfer applicants must meet the following requirements:

1. Submit Part I of the ApplyTexas application for either Transfer, Readmit, or Transient students by the appropriate Admission Priority Date (p. 33).
2. Submit an official college transcript from each post-secondary institution attended. Students must be eligible to return (e.g., free of suspension, dismissal or enforced withdrawal) to all previous institutions attended regardless of grade point average or degree received.
3. Submit an official high school transcript

4. Submit a non-refundable application fee of $75 (check, money order, American Express, VISA, MasterCard or Discover) or apply for a fee waiver.
5. Present a cumulative GPA of at least 2.25 in all transferable work (unless applying to the McCoy College of Business Administration (http://www.admissions.txstate.edu/future/limited-access.html)).

In calculating the GPA, grades of A, B, C, D, and F are counted. Non-punitive grades such as W or WP are posted but not calculated. Grades of WF or I are averaged as F. If a course has been repeated, every grade except the first will be calculated. Grades in non-transferable and technical/VocEd courses are disregarded. See the Academic Policies section for more on repeated grades and courses. To see what course credits will transfer, visit our Transfer Course Equivalency System (http://www.admissions.txstate.edu/future/transfer/equivalency-guides.html).

Additional Competencies

Entering students are required to demonstrate competency in a foreign language and computer Science. This can be demonstrated by means of:

- Two years of the same foreign language in high school or two semesters of the same foreign language in college. (Some degree programs may have additional requirements for graduation.)
- One year of computer course work in high school or one semester in college
- A placement exam
- CLEP

Falsification of Documents

Students found to have deliberately falsified application information either by failing to submit accurate information, altering their application or misrepresenting their academic work, will be subject to disciplinary action up to and including denial of admission, withdrawal of an admission offer, or registration cancellation.

High School Transcript Requirement

As of fall semester 2015, Texas State requires undergraduate applicants to submit all official transcripts, including high school and/or college or university, to the Office of Undergraduate Admissions. This policy extends to all undergraduate applicants including transfer, returning students and military veterans. Contact your high school and previous colleges to learn how to request official transcripts. In most cases, transcripts can be sent directly to Texas State.

Academic Departmental Requirements

Academic Program Entry Requirements

In addition to gaining general admission to the University, some academic programs at Texas State have their own entry requirements. It is possible that some students may be offered general admittance to Texas State but not admitted to their major and, as a result, will have to start their program classified as a "pre-major" (for example: pre-communication studies). Students interested in pursuing one of these majors are not eligible to graduate in their program until they have completed the entry requirements, a departmental application and upper-level courses required by the department.

For a list of majors with additional entry requirements separate from general admission, please visit the Program Entry Requirements (http://www.admissions.txstate.edu/future/transfer/additional-program-requirements.html) page for complete information on each major.

Teacher Education Program

To be eligible for a Texas teaching certificate, a student must first be admitted to the university, then they can apply for admittance to the teacher preparation program through the Office of Educator Preparation (http://mycatalog.txstate.edu/undergraduate/education/office-of-educator-preparation). Information regarding these requirements can be found in the College of Education section of this catalog.

Transfer Credit Evaluation Maximum Hours

Texas State will apply to a specific degree no more than 66 semester hours from an accredited junior/community college (at the approval of the individual dean, 6-8 hours may be added). At the time of the transfer, all transferable work completed at a junior or community college will be recorded on the official transcript. If the number of hours transferred from a junior/community college exceeds 66 hours, it will be the responsibility of the departmental chair or director to recommend to the academic dean how the student will satisfy degree requirement

Round Rock Campus

1555 University Blvd.
Round Rock, TX 78665-8017
www.rrc.txstate.edu (http://www.rrc.txstate.edu)
T: 512-716-4001

Texas State University offers students who live or work in or around the north Austin or Round Rock area a convenient option for completing a bachelor's or graduate degree. The Round Rock Campus (http://www.rrc.txstate.edu) (RRC) offers classes after 5:00 p.m. one night per week while other programs are offered during the day. In addition to admissions, advising, financial aid and veteran affairs counseling, the RRC also provides computer technology assistance, library services, study areas, workshops, and convenient parking. Students who complete their degree requirements at the RRC are Texas State students who meet all of the same admissions and graduation requirements as students at the main campus.

The RRC offers junior- and senior-level classes to complete a bachelor's degree in 10 programs as well as 12 graduate degrees and 5 post baccalaureate certificate programs. Students may enroll in hybrid and online courses and, if they choose, can complete their freshman- and sophomore-level classes at the San Marcos campus, at a community college or some other (accredited) institution then transfer to the RRC.

Undergraduate Degree Programs

To register for classes at the Round Rock Campus, students must have completed their sophomore year or at least 45 transferable hours. The 45 hours of credit must be from one of the several degree plans (http://www.rrc.txstate.edu/about/programs/bachelors.html) offered by the RRC. Students who intend to complete the junior- and senior-level classes at the RRC will follow the same application process (http://www.rrc.txstate.edu/prospective/starting.html) as other applicants to Texas State. Because the advising and orientation processes are unique

to the RRC it is important to contact RRC student services as soon as possible.

Graduate Degree Programs

Students wanting to grow in their career or simply expand their knowledge can choose to pursue one of the Continuing Education, Post-Baccalaureate Certificate or Master's degrees programs offered at the Round Rock Campus. Click for a list of those programs (http://www.rrc.txstate.edu/about/programs.html).

Resolution

1. The following procedures shall be followed by public institutions of higher education in the resolution of transfer credit disputes involving lower-division courses:
   a. If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied.
   b. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and/or guidelines.
   c. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the institution whose credit is denied for transfer shall notify the Commissioner of the denial.
2. The Commissioner of Higher Education or the Commissioner's designee shall make the final determination about the dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.
3. All public institutions of higher education shall publish the procedures described in sub-sections (1) and (2) of this section in their undergraduate course catalogs.
4. All public institutions of higher education shall furnish data to the Board on transfer disputes as the Board may require in accord with its statutory responsibilities under Texas Education Code Section 61.826.
5. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should notify the Commissioner of Higher Education. The Commissioner may investigate the course. If its quality is found to be unacceptable, the Board may discontinue funding for the course.

Transfer Credit

Evaluation of Transfer Credit

Transfer of credit from another institution to Texas State involves the consideration of the transfer institution's accreditation, how the course work compares and applies to a Texas State degree program, and the grades and hours earned. The Office of Undergraduate Admissions provides, along with the admission notification letter (when applicable), a link to the office's Transfer Course Equivalency System (https://tim.txstate.edu/transferguide) page which enables students to view their evaluated transfer work online so they are aware of how each course was evaluated for transfer purposes. Other transfer student resources are available here (p. 37).

Regional Accreditation

Texas State will consider for transfer credit (subject to other provisions outlined below) course work completed at institutions which have been granted membership or candidacy status in a regional association of the Association of Colleges and Schools, excluding accrediting commissions for vocational or occupational training.

No Regional Accreditation

Course work from an institution which is neither regionally accredited nor a candidate for such accreditation will not be recognized for transfer purposes. Student appeals may be reviewed on an individual basis.

Bible College Accreditation

Courses from institutions accredited solely by ABHE (Association for Biblical Higher Education) are awarded transfer credit on a parallel course by course basis. Remedial courses are nontransferable. Religious courses of a doctrinal or denominational character (sacraments, Christian approaches to missions, etc.) are not transferable.

Credit from Abroad

Course work completed at foreign institutions will be evaluated on an individual basis. Foreign institutions must be officially recognized by their Ministry of Education for transfer credit to be considered.

Role of the Office of Undergraduate Admissions in Determining Transfer Credit

The Office of Undergraduate Admissions reviews each course taken at another college or university and makes the initial determination of whether or not a course is transferable. The course is evaluated for transfer credit by comparing the nature, content, and level of transfer credit and in consultation with appropriate academic units at Texas State. Courses transfer to Texas State on the same level and with the corresponding grades and number of hours as earned at the other institution. It is sometimes necessary for the transfer student to provide such materials as catalogs, course descriptions, syllabi, class assignments, or textbooks to assure proper evaluation. The holding of an associate degree from another institution has no effect on the transfer of credit or admission to Texas State.

Role of University College

The University College will review student requests for review of elective courses (ELNA, ELADV) for application to the general education core curriculum.

Role of College Dean and Program Chair/Department Chair/School Director of Student's Major

The applicability of transferred credit toward a degree at Texas State will be the decision of the college dean and the chair/director of the student's major department/school/program. The applicability of transferred credit will be evaluated on a course-by-course basis.

Explanation of Evaluation Symbols. Admissions personnel assign evaluation symbols to all courses submitted.

1. Courses that have direct Texas State course equivalency will be equated to the Texas State course number and be reflected accordingly on the evaluated transcript record.
2. Courses that hold transfer credit value, but which do not have an exact Texas State course equivalency, will transfer as elective courses. Elective courses will be recorded as ELNA (for lower-level freshman and sophomore courses) and ELADV (for upper-level junior and senior courses). Courses transferred at the lower-level cannot be equated as upper-level courses. The college dean and the chair/director of the student's major department/school/program will determine how these elective courses apply toward the student's degree.
3. Courses evaluated as Vocational Education (VocEd) are not transferable and are not computed in the GPA for admission purposes. In cases where VocEd courses support a student's degree program, the student may request the chair/director of his/her major department/school/program to review the courses. If approved, the VocEd credit will be recorded on the student's official Texas State transcript for application to that degree program. Should the student's major change, the applicability of the VocEd credit toward the new major will be subject to review by the chair/director of the student's new major department/school/program.
4. Courses that hold no transfer value for either admission or degree purposes are evaluated as Non-Transferable (NOCRD). Generally, these are courses that are remedial, preparatory, or developmental in nature.
5. Physical fitness activity courses are evaluated as Activity (ACT). These are transferable for admission and degree purposes.

Course Equivalency Information

Course equivalency information may be obtained from the junior/community college counselor, the Texas State Office of Undergraduate Admissions or through CatsWeb on the Texas State web site (www.txstate.edu (http://www.txstate.edu)). Students are encouraged to plan all course selections at the junior/community college as far in advance as possible. Proper planning and use of the equivalency information will maximize the transfer of credit to Texas State.

Texas Junior/Community College Transfer Students

Prior to transferring from a Texas junior/community college, students should discuss their course selections and degree plans with their two-year college counselor or academic advisor.

Articulation Agreements and Transfer Planning Guides

Texas State has formal articulation agreements and/or transfer planning guides with Alvin Community College, Amarillo College, Austin Community College, Blinn College, Brazosport College Central Texas College, Cisco Jr. College, Coastal Bend College, Collin County Community College, Dallas County Community College District, El Paso Community College, Frank Philips College, Houston Community College, Kilgore College, Laredo Community College, Lone Star College, McLennan Community College, Midland College, Northeast Lakeview College, Northwest Vista, Odessa College, Palo Alto College, Paris Jr. College, San Antonio College, San Jacinto College, South Plains College, South Texas College, Southwest Texas Junior College, St. Philips College, Tarrant Community College, Temple College, Western Texas College, Wharton Jr. College and Victoria College. Transfer planning guides have been developed for many programs in these community colleges and for many additional programs in other community colleges. Potential transfer students may access existing transfer planning guides at www.admissions.txstate.edu/future/transfer/tpg.html (http://www.admissions.txstate.edu/future/transfer/tpg.html).

Texas Common Course Numbering

Under Texas Education Code 61.832, the Texas Common Course Numbering System (TCCNS) was developed to facilitate transfer of general academic courses among Texas public institutions. Common courses are included in the Community College General Academic Course Guide Manual, published by the Texas Higher Education Coordinating Board and may be used to determine how freshman and sophomore-level courses transfer from and to Texas public institutions. The statewide TCCN may be accessed at this url: www.tccns.org (https://www.tccns.org)

The common course number has a standardized four-letter prefix followed by a four-digit number, for example, ENGL 1301. The four-letter prefix identifies the subject area. Each digit in the four-digit sequence gives additional information about the course. The first digit identifies the course as either freshman level (1) or sophomore level (2). The second digit identifies the number of credit hours a student will earn upon completion of the course. Most often this digit will be a 1, 2, 3, or 4. The final two digits serve to establish the sequence in which courses are generally taken.

In the course description sections of the catalog, the common course number is shown in parentheses, for example, (ENGL 1301). In most cases, the common course number is also the course number at the community or junior college. For other institutions, if two courses share the same common course number, no matter what their actual institutional number is, they will be accepted as equivalent for transfer. The following is a list of all the common course numbers currently adopted by Texas State. The courses that fulfill Texas State's general education core curriculum requirements are designated with an asterisk.

Credit-by-Examination and International Baccalaureate (IB)

Credit-by-Examination

Credit may be earned by achieving a sufficient score (as determined by the relevant academic department at Texas State University) on any of several exams and submitting official score reports to the Testing, Research Support, & Evaluation Center (TREC). Credit may also be earned by submitting a transcript from another college or university to the Office of Undergraduate Admissions, which documents credits awarded through examination.

Sufficient scores on the following examinations may be applied for credit:

1. College Level Examination Program (CLEP),
2. College Board Advanced Placement Examination Program (AP),
3. International Baccalaureate Program (IB), and
4. Certain established departmental examinations (administered by TREC or by the relevant academic department)

Credit established in this manner through TREC will be recorded as "credit only" (CR) on the transcript and will not affect the GPA, except that Texas State recognizes superior scores for CLEP exams in French, German, and Spanish language by awarding letter grades of A or B according to the Credit & Grade Awarding Table (http://tllg.net/Zbzr). Letter grades for the French, German, and Spanish language CLEP exams are optional and may be recorded as CR at the student's request.

Evidence of credit by any examination must be evaluated by TREC before it can be entered on a transcript. Additional information on this and other TREC services are available at the TREC web site (http://www.txstate.edu/trec).

When an official transcript from a previously attended institution of higher education indicating credit earned through examination is received in Undergraduate Admissions, those credits are evaluated by transfer credit criteria and awarded grades of "credit only" (CR).

Credit earned by exam satisfies degree requirements in the same way as credit earned by passing the course except that it does not count as credit earned in residence.

International Baccalaureate (IB)

The International Baccalaureate is an international program of courses and examinations offered at the high school level. Those participating in the IB program and planning on attending Texas State University should indicate Texas State as the recipient of the official IB transcript of grades (diploma or certificate) for evaluation and awarding of appropriate course credit. Students who present an IB diploma will receive a minimum of 24 course-specific semester credit hours in the appropriate subject areas if all IB exam scores are 4 or higher. Students who successfully complete the IB diploma program may receive fewer than 24 semester credit hours under this policy if the student has scored lower than 4 on any IB examination administered as part of the diploma program. Standard (SL) and Higher Level (HL) exams approved for course credit at Texas State can be found at this Testing, Research Support and Evaluation Center web page (http://www.txstate.edu/trec/studentTesting/examsforCrdit/ib.html).

Credit for Experiential Learning

The Department of Occupational, Workforce, and Leadership Studies, or OWLS (https://bobcatmail.txstate.edu/owa/redir.aspx?REF=JFaXSFE46dhH8hZk5mJWNV4H4CYP64aiTxK7ua8scI8dqJCaJEjTCAFodHRwc
is the only academic unit at Texas State that employs a systematic process for evaluating and credentialing experiential learning with academic merit and credit. Such credit is validated after enrollment at Texas State according to established criteria and is forwarded to the University Registrar for posting to the student's record. Should a student change majors, the validation of extra-institutional credit will be re-evaluated by the new academic department/school.
The department prepares nontraditional students for careers through high-quality academic, professional, and technical programs.
It grants college credit for experiential learning such as work-life experience (https://bobcatmail.txstate.edu/owa/redir.aspx?REF=IjqLC-1dGqCeu6HM_8LPjG6a2QqZXxpMKEf8KtamgGAdqJCaJEjTCAFodHRwcz
credit for non-collegiate instruction, and credit by exam. To apply for admission to the OWLS program, contact the Office of Undergraduate Admissions.

Readmission of Returning Texas State Students

Any Texas State student who does not enroll in the university for one long semester but wishes to return is considered a returning student (http://www.admissions.txstate.edu/future/former-students). Whether the student leaves on academic or disciplinary suspension or of their own accord, he or she must follow these procedures for readmission:

1. Submit part I of the ApplyTexas Application (http://www.applytexas.org) for Transfer/Transient/Readmit and required transcripts prior to the start of classes for the semester of desired enrollment.
2. Submit application fee of $40 (check, money order, American Express, Visa or MasterCard). Fee waivers (http://www.admissions.txstate.edu/future/freshman/app-fee-and-waiver.html) based on need are available.
3. Submit official transcripts from every institution attended since last enrolled at Texas State.
4. Attest that no suspensions, withdrawals, or dismissals affect his or her eligibility to return to all previously attended institutions.

NOTE: Returning students who have taken 30 or more transferable hours since last enrolled must be eligible to return to all previous institutions and have a minimum GPA of 2.25 in that work. Those who left and enrolled for fewer than 30 transferable hours at another institution must also be eligible to return to all previous institutions and have a 2.0 GPA in that work.

A student who has left Texas State due to academic suspension will return on probationary status after complying with the suspension requirements and meeting the readmission criteria outlined above. (See the policy stated in "Readmission Following Suspension" in the Academic Policies of this catalog.) Some Texas State returning students may be eligible to take advantage of our Academic Bankruptcy or Academic Fresh Start programs. See Academic Forgiveness Programs (p. 44) for more information.

A student who is member of the U.S. Armed Forces or National Guard who withdrew from school as a result of a call to active duty is eligible to re-enroll without paying a reapplication fee or having to complete a readmit application if the student returns to Texas State within a year of being released from active duty. These students will need to complete the Returning Military Information Form (http://gato-docs.its.txstate.edu/office-of-undergraduate-admissions/forms/Returning-Military-Information/Returning%20Military%20Information.pdf), provide a copy of their DD-214 and contact the Office of Undergraduate Admissions to have their status reactivated.

Veteran Admission and Military Credit

The Office of Undergraduate Admissions collects and reviews the academic course work of those who earned post-secondary credit while serving in the armed forces. Post-secondary credit is defined as credit earned by means of successful completion of a college-level course at a regionally accredited college or university, including the CCAF. In compliance with Texas Education Code 51.3042, eligible former members of the military who are admitted or readmitted as an undergraduate student will be awarded two hours of physical education credit and an additional 12 hours of "military education" credit, which may be applied to satisfy any elective requirement.

The two hours of physical education credit will be awarded by Undergraduate Admissions upon receipt of Form DD-214 as long as the following can be verified: two years of active military duty, the student graduated from an accredited high school or equivalent, and the student is an honorably discharged member of the military who completed at least two years of service or was discharged because of a disability. The student must also submit an official high school transcript. Other military course work may be considered for transfer credit upon receipt of these acceptable forms of documentation:

1. JST (Joint Services Transcript): Army, Coast Guard, Navy
2. CCAF Transcript (Community College of the Air Force)

The Office of Undergraduate Admission grants credits for lower- and upper-division course work but not for graduate-level work. Transfer credit is subject to approval by the student's major department/ school. For information on how and when to apply for admission, please visit Veteran Admission Services (http://www.admissions.txstate.edu/future/veterans.html).

International Admission

An international student is defined as anyone who is not a United States citizen. A permanent resident alien who has completed two or more years and graduated from a U.S. high school is required to meet the same admission requirements established for U.S. citizens.

International students should complete the International Student Application of the ApplyTexas (https://www.applytexas.org/adappc/gen/c_start.WBX) application. Students must submit the application and all academic credentials by the Priority Date or deadline (http://mycatalog.txstate.edu/undergraduate/general-information/admissions/priority-dates-and-deadlines). A non-refundable $90.00 application fee (USD) is required of all international applicants. Freshman applicants who will be graduates of a foreign secondary school must demonstrate above-average classroom achievement and present an academic curriculum equivalent to that of a U.S. high school curriculum. Freshman applicants who will be graduates of a U.S. high school and have completed at least two years in a U.S. high school must meet the same admission requirements as those of U.S. applicants.

The grade point average (GPA) requirement for all transfer students is 2.25 or 3.25 for applicants to the McCoy College of Business Administration (http://www.admissions.txstate.edu/future/limited-access.html). International transfer applicants from within the U.S. as well as those transferring from foreign universities must meet the GPA criteria outlined above.
Applicants must submit original academic records (or copies which have been certified by an appropriate school official) of all secondary and post-secondary course work, examination results, SAT or ACT test scores (directly from the testing center), certificates awarded, and/or diplomas. A certified English translation must accompany the original academic records if the originals are not in English.

Students whose native language is something other than English must present proof of English proficiency. Texas State accepts the following measures of English proficiency for regular admission:

- Test of English as a Foreign Language (TOEFL) minimum score of 550 (paper-based test) or 213 (computer-based test), or 78 total score (internet-based test) with the following 3 out of 4 minimum section scores: 19 in Reading, 19 in Listening, 19 in Speaking and 18 in Writing, or
- International English Language Testing System (IELTS) minimum score of 6.5 with a 6.0 in each section

The TOEFL or IELTS will be waived for applicants who:

- Graduated from a U.S. high school and completed three full years of regular English (non-ESL) course work. Students who meet these criteria are also expected to submit an ACT or SAT for admission purposes and will be held to the same admission standard as U.S. applicants, or
- Successfully completed at least three consecutive years of high school within an exempt country including three years of regular English with a grade of B or better, or
- Scored a 520 or higher (if taken after March 2016) on the SAT I Evidence-based Reading and Writing, or 21 or higher on the ACT English component. If taken prior to March 2016, an SAT I verbal score of 500 or higher, or
- Scored an International Baccalaureate grade of 4 or higher in English A1 or A2 at the Higher Level or Standard Level or English B at the Higher Level, or
- Earned a bachelor's degree from an accredited U.S. college or university, or successfully completed 45 or more semester hours of transferable credit from an accredited U.S. college or university (or from within an exempt country), or
- Successfully completed 30 semester hours of credit to include College Writing I and College Writing II with grades of "C" or higher (ESL courses do not count as transferable courses), or
- Scored an Advanced Level exam in English Language on GCE, GCSE, IGCSE or HKCEE with grade of "C" or higher, or
- Successfully completed all level 5500 Texas State Intensive English classes with composite grade of "A" or "B" and positive recommendation from the program director.

International students who meet the established admission requirements but do not yet have the required level of English proficiency may be eligible for the Texas State Intensive English program (TSIEP). To learn more about the program, its courses, application procedures and dates, cost of attendance and support services, call, email or visit the TSIE (http://www.txstate.edu/ie) offices. NOTE: acceptance into the program does not guarantee admission to Texas State.

International Students and SEVIS Transfer

F1 International Students Transferring to Texas State from Another SEVIS-Approved U.S. Institution

International students who are on F-1 visa status and wish to transfer to Texas State must meet all academic and immigration requirements. Students who have been admitted into an academic program at Texas State should follow the steps below to initiate the transfer of their SEVIS record. This is a separate procedure not to be confused with the transfer admission process managed by the Offices of Undergraduate or Graduate Admission. Submitting all the required academic transfer information and gaining admission to Texas State doesn't complete the SEVIS transfer process.

- Once admitted to Texas State you must,
  a. Inform your current DSO to transfer your SEVIS record to Texas State using the school code: SNA214F00331000
  b. Ask your current DSO to complete the SEVIS Record Transfer-In Form: http://www.international.txstate.edu/prospective/SEVIS-Record-Transfer-In-Form-.html
  c. Request your I-20 from the Office of International Affairs: http://www.international.txstate.edu/prospective/requireddocs.html.
- After the release date of your SEVIS record,
  a. The Office of International Affairs will review all required documents and issue a new I-20.
  b. You can either request a shipping label to have your I-20 shipped to you or pick-up your I-20 at the Office of International Affairs.
- All new F-1 international students must report to the Office of International Affairs for mandatory immigration check-in prior to the first day of classes: http://www.international.txstate.edu/prospective/CheckIn.html.

Important Considerations

- SEVIS transfer students must begin classes at the transfer-in school the next available term or within five months of the student's last day of classes at the transfer-out school, whichever is sooner, or within five months of the program completion date on the student's current Form I-20 or EAD granted for OPT.
- If a student completes a course of study or OPT, the student is eligible for transfer through the end of the 60-day grace period. Students who are terminated or out of status should contact the Office of International Affairs prior to transferring their SEVIS record to Texas State.
- If a student is planning to travel abroad, the student must re-enter the US with the I-20 from the school that holds the student's SEVIS record at the time. If the release date passes while the student is abroad, the Office of International Affairs will create the student a new I-20 as long as the student has submitted an I-20 request.
- A student's authorization for OPT or CPT ends on the transfer release date or the end of the work authorization whichever one is earlier.

F1 International Students Transferring to Another SEVIS-Approved U.S. Institution from Texas State

To transfer from Texas State to another U.S. institution, you must complete the SEVIS Transfer-Out Form, which is posted at http://www.international.txstate.edu/current/TransferOut.html. The form requires you to indicate a release date and a copy of your acceptance letter to a SEVIS-approved institution.

The SEVIS transfer process is separate from the academic transfer process and does not imply a transfer of your academic records. The SEVIS transfer will enable your new institution to issue a new I-20 that will allow you to maintain your F1 visa status.

If you decide to cancel your transfer, you must notify Texas State's Office of International Affairs (http://www.international.txstate.edu). Once the transfer release date has reached, Texas State will no longer have access to your SEVIS record and your new institution will be responsible for the management of your record.

For further information on SEVIS regulations, contact the Texas State Office of International Affairs at 512.245.7966 or www.international.txstate.edu (http://www.international.txstate.edu).

Other Admission Categories

In addition to the more common admission types --freshman, transfer, returning (readmit) and international-- Texas State admits and enrolls students from less common admission categories as well. Applicants for admission from these categories must comply with modified application procedures and, in some cases, special (category-specific) admission requirements:

- Early Admission
- Individual Review
- Second Bachelor's
- Transient/ Visiting
- Non-degree Seeking
- Special Talent

Visit undergraduate admission for details on what each of these additional admission categories represent and how to apply or be considered for any of them. Information concerning course audits may be found on the Office of the University Registrar's (http://www.registrar.txstate.edu) catalog page.

Early Admission Program

Texas State's Early Admission Program affords local high school juniors and seniors the opportunity to take college-level courses at Texas State while still in high school. The program is intended for students whose grade point average is a B or higher, meet or exceed the university's assured freshman admission requirements, and come recommended by their high school counselor or principal. PSAT scores will be used in lieu of SAT or ACT scores until they become available. All the usual freshman deadlines (http://www.admissions.txstate.edu/future/deadlines.html) apply. For more information on the Early Admission Program, visit this Office of Undergraduate Admissions web page (http://www.admissions.txstate.edu/future/admission-categories.html).

Students admitted under this option are considered non-degree seeking and are ineligible for financial aid. After high school graduation, those wishing to continue in a degree-seeking status must reapply and submit their final high school transcript.

Individual Review

Applicants who have been out of high school for at least three years and have 0-29 transferable credit hours may be considered for admission on an individual basis. Applicants must submit an official high school transcript validating high school graduation or GED completion certificate. The high school transcript or GED certificate, college transcript(s), application including one essay (Topic C) and information on extracurricular activities, and the $75 application fee must be submitted by the appropriate deadline. No test score is required for admission review, but test score submission is recommended.

Second Bachelor's Degree

Students who have completed a bachelor's degree and wish to obtain a second bachelor's degree are required to apply for admission. Those seeking a second bachelor's degree in business administration, the McCoy College requires the overall GPA from your first degree be a 2.5 or higher. Second-bachelor degree seekers cannot pursue a General Studies major. Students who hold a bachelor's degree and wish to pursue additional course work but not a second bachelor's degree should apply through the Graduate College.

To apply, students should submit the ApplyTexas application, $75 application fee and official transcripts from all colleges or universities attended including the transcript where the highest degree was obtained. Transcripts for any course work completed after the degree was earned must also be submitted. All the usual deadlines (http://www.admissions.txstate.edu/future/deadlines.html) apply. For more information on how to apply for a second bachelor's degree, visit this Office of Undergraduate Admission web page (http://www.admissions.txstate.edu/future/admission-categories.html).

Auditing Courses

Those who wish to audit a course must be accepted by the Office of Undergraduate Admissions and approved by the school, department, or program offering the course. Audit status must be declared at registration. Participation in class discussion and examinations are optional with the instructor. Auditors receive no course credit but are expected to attend class regularly. With departmental/school approval, a student who has audited a course may later take the course for credit. After registering for class(es), the student must contact the Office of the University Registrar (http://www.registrar.txstate.edu/registration/audit.html) in person by the 4th class day in the summer, or by the 12th class day in the fall or spring. Check the university's Academic Calendar for the exact date. Auditors will pay the same fees as if the course were taken for credit, and the course will be entered on his or her transcript record, but the student will not receive credit for the course.

Citizens 65 or older may audit courses without payment of a fee if space is available. Registration is permitted just prior to the start of the semester, with reduction made by the tuition adjustment clerk, Student Business Services (JCK Administration Building), before registering.

Academic Forgiveness

Some prospective transfer students may be eligible for one of these alternative admission programs. Students interested in either the Academic Fresh Start or Academic Bankruptcy program are urged to consult with an admission counselor first before pursuing one of these options. These programs are intended for prospective students only and cannot be applied after the student has been accepted.

Academic Fresh Start

Under the provisions of the Texas Education Code, the Academic Fresh Start program was established to allow a Texas resident to apply for admission and elect to have all academic course work earned 10 or more years prior to the requested enrollment date ignored for admission purposes. Individuals who choose Academic Fresh Start, including former Texas State students, must meet current published admission criteria for Texas State and must submit official records from all colleges attended. Students admitted under this provision will not receive any course credit for courses taken 10 or more years prior to enrollment.

Academic Bankruptcy Policy

Students who have not enrolled in any accredited college or university for five or more consecutive calendar years immediately prior to admission to Texas State may, at the time they apply for admission, request

permission to declare academic bankruptcy. Under this policy all college-level work done at an earlier date is eliminated from computation of the GPA and none of it is applied toward a degree at Texas State. Such work, however, will not be removed from the student's records. Those granted academic bankruptcy are admitted on academic probation.

Transient/Visiting Student Admission

Students who have completed college work and who are working toward a degree at another college or university are eligible to be considered for transient/visiting admission. Transient/Visiting admission is for the summer only. The applicant must complete an application for admission listing all colleges and universities attended. To be admissible as a transient/visiting, a student must be in good standing at their current institution. A current transcript or documentation from Registrar indicating good standing at the institution of current enrollment must be submitted to the Office of Undergraduate Admissions. Upon completion of the summer work, the student may request a transcript/visiting for use in the home institution. Credit and grade points earned as a transient/visiting student at Texas State will not be used in determining regular eligibility for admission to Texas State.

Non-Degree Seeking

The Non-degree Seeking Student option is intended for those not working toward a degree from Texas State. Students who have prior college work but have not earned a Bachelor's degree and wish to enroll for courses at Texas State may be considered for admission as a non-degree seeking student. Non-degree seekers are limited to a total of 24 semester hours and must reapply for admission each semester. Credit earned as a non-degree seeking student will not be considered for future admission to Texas State but may be considered for degree purposes only after the student has reapplied and met general admission requirements. Those admitted under this option are not eligible for Financial Aid. For more information on admission requirements and application procedures, visit the Office of Undergraduate Admissions.

Students who have earned a Bachelor's degree and wish to enroll in undergraduate courses should apply for admission as non-degree seeking through The Graduate College.

Special Talent

Students who are receive a Fine Arts or Athletic scholarship and are recommended for admission by the Dean of the College of Fine Arts and Communication or the Director of Athletics, but do not meet Assured, Predicted Academic Success or Individual Approval admission requirements, may be granted admission to Texas State. Freshman students admitted under the Special Talent Program must rank in the top three quarters of their high school class. Transfer students must have a minimum 2.00 cumulative GPA. The university president may authorize exceptions to this policy.

Determination of Residency Status

1. The following persons shall be classified as Texas residents and entitled to pay resident tuition:
   a. a person who graduated from a public or accredited private high school in this state or received the equivalent of a high school diploma in this state, and maintained a residence continuously in this state for the thirty-six months immediately preceding the date of graduation or receipt of the diploma equivalent, as applicable; and the 12 months preceding the census date of the academic semester in which the person enrolls in an institution;
   b. a person who established a domicile in this state not less than 12 months before the census date of the academic semester in which the person enrolls in an institution; and maintained a residence continuously in the state for the 12 months immediately preceding the census date of the academic semester in which the person enrolls in an institution; and
   c. a dependent whose parent established a domicile in this state not less than 12 months before the census date of the academic semester in which the person enrolls in an institution; and maintained a residence continuously in the state for the 12 months immediately preceding the census date of the academic semester in which the person enrolls in an institution.
2. The following non-U.S. citizens may establish a domicile in this state for the purposes of subsection (1)(b) or (c) of this section:
   a. a Permanent Resident;
   b. a person who is eligible for permanent resident status;
   c. an eligible nonimmigrant that holds one of the approved types of visas. A complete list is available at www.collegeforalltexans.com (http://www.collegeforalltexans.com);
   d. a person classified by the USCIS as a Refugee, Asylee, Parolee, Conditional Permanent Resident, or Temporary Resident;
   e. a person holding Temporary Protected Status, and Spouses and Children with approved petitions under the Violence Against Women Act (VAWA), an applicant with an approved USCIS I-360, Special Agricultural Worker, and a person granted deferred action status by USCIS;
   f. a person who has filed an application for Cancellation of Removal and Adjustment of Status under Immigration and Nationality Act 240A(b) or a Cancellation of Removal and Adjustment of Status under the Nicaraguan and Central American Relief Act (NACARA), Haitian Refugee Immigrant Fairness Act (HRIFA), or the Cuban Adjustment Act, and who has been issued a fee/filing receipt or Notice of Action by USCIS; and
   g. a person who has filed for adjustment of status to that of a person admitted as a Permanent Resident under 8 United States Code 1255, or under the "registry" program (8 United States Code 1259), or the Special Immigrant Juvenile Program (8 USC 1101(a)(27)(J)) and has been issued a fee/filing receipt or Notice of Action by USCIS.
3. The domicile of a dependent's parent is presumed to be the domicile of the dependent unless the dependent establishes eligibility for resident tuition under subsection (1)(a) of this section.
4. A domicile in Texas is presumed if, at least 12 months prior to the census date of the semester in which he or she is to enroll, the person owns real property in Texas, owns a business in Texas, or is married to a person who has established a domicile in Texas. Gainful employment other than work-study and other such student employment can also be a basis for establishing a domicile.
5. The temporary absence of a person or a dependent's parent from the state for the purpose of service in the U.S. Armed Forces, Public Health Service, Department of Defense, U.S. Department of State, as a result of an employment assignment, or for educational purposes, shall not affect a person's ability to continue to claim that he or she is a domiciliary of this state. The person or the dependent's parent shall provide documentation of the reason for the temporary absence.
6. The temporary presence of a person or a dependent's parent in Texas for the purpose of service in the U.S. Armed Forces, Public Health

Service, Department of Defense or service with the U.S. Department of State, or as a result of any other type of employment assignment does not preclude the person or parent from establishing a domicile in Texas.

For information on Residency Requirements contact the Residency Determination Officer for Texas State University at Residency@txstate.edu.

Exceptions. A non-resident or foreign student may qualify to pay in-state tuition. Questions and documentation should be directed to Student Business Services.

1. The student or student's spouse or parent is a member of the Armed Forces or a commissioned officer of the Public Health Service and is stationed in Texas. (Military and Public Health Service personnel who maintain their official home of record as Texas or who meet the criteria for establishing a domicile in Texas are considered to be Texas residents.)
2. The student or student's spouse or parent is employed at least half-time as a teaching or research assistant in a position related to the assistant's degree program at a Texas public institution of higher education.
3. The student or student's spouse or parent is employed at least half-time on a regular monthly salaried basis as a teacher or professor at a Texas public institution of higher education.
4. The student holds an approved competitive scholarship from Texas State of at least $1000 for the academic year or summer awarded by an official Texas State scholarship committee.
5. The student or student's spouse or parent has located in Texas as an employee of a business or organization that became established in this state as part of the state economic development and diversification program. (Refer to www.collegeforalltexans.com (http://www.collegeforalltexans.com/index.cfm?ObjectID=6D1466D9-AEA5-DE00-C12F3F75E7367718) for a list of qualified employers.)
6. The student is a New Mexico resident who resides in a county bordering Texas.
7. The student is a Louisiana resident who resides in a parish bordering Texas.
8. The student is a resident of Mexico who has demonstrated a financial need.

Residency for Tuition

Residency status affects an individual's eligibility for resident tuition and for financial aid at Texas State. Applicants for admission to Texas State as well as current students are classified either as an in-state resident of Texas or an out-of-state non-resident.
Rules for determining Texas residency (http://www.admissions.txstate.edu/future/residency.html) classification are different from those regarding standard legal residency. An individual's residency classification is initially determined by the information provided by the student on their ApplyTexas admission application. The student is responsible for ensuring that their residency information is accurate and any corrections are made to their classification before the census date (normally the 12th day of classes for the spring and fall semesters or the 4th day for summer terms). Questions or updates regarding a student's residency classification should be directed at the Residency Specialist at residency@txstate.edu.

Some non-residents may qualify to have the out-of-state portion of their tuition waived (http://www.sbs.txstate.edu/students/waivers-exemptions.html). It is imperative that students understand that the waiver is temporary and does not grant in-state residency. If the waiver expires, or is lost, the tuition bill will reflect the full non-resident amount if residency has not otherwise been established.

Admission and Deadline Appeals

Students denied admission to Texas State have the right to appeal the decision. Those who file an appeal will undergo an extensive review by the Admission Appeals Committee and will be notified in writing of the final decision.

For an appeal to have merit, it must bring to light new academic information (new semester grades, class rank and/ or test scores sent directly from the high school or the testing service) and/or information relevant to any extenuating circumstances that were not reflected in the original application. Students who have retested or are scheduled to retest should submit their official scores to the Office of Undergraduate Admission as soon as they are available. Sending new scores does not require a student to go through the appeals process, but rather allows the student to be reconsidered for admission based on the new test scores. All appeals are reviewed on an individual basis.

Students who failed to complete their admission file (consisting of the application and application fee, and all supporting documents) by the published deadline may appeal. Appellants should send a letter of appeal to:

Texas State University Office of Undergraduate Admission
429 N Guadalupe St.
San Marcos, TX 78666

or via email to processing@txstate.edu. The Admission Appeals Committee will notify you of their decision by mail after they have addressed your appeal.

Residency Appeals

Students who believe they meet the qualifications for in-state residency but were incorrectly classified as out-of-state by the Office of Undergraduate Admissions have the right to appeal. If the initial classification was determined by the ApplyTexas application, as are most initial residency decisions, students should contact the Residency Office (residency@txstate.edu) for assistance. If the classification was ascertained by a Residency Specialist, and you believe the decision was made in error, you should send a letter of appeal to residency@txstate.edu or to the street address listed above.

The Residency Appeals Committee will notify you of their decision by mail after they have addressed your appeal.

New Student Orientation and Registration for Classes

All students, including returning/ readmit, second bachelor's, international, non-degree seeking, and visiting/ transient students, are required to attend a New Student Orientation (http://www.admissions.txstate.edu/admitted/orientation.html) (NSO) session prior to the start of classes. For the student who has not attended Texas State for one long semester, he or she will be required to both reapply to the university and complete orientation. NSO takes place before each

semester as a means of providing just-in-time information regarding student support services, class scheduling, and other university resources. It covers a range of activities but is highlighted by advisement and class registration services.

Academic Bankruptcy Policy

Students who have not enrolled in any accredited college or university for five or more consecutive calendar years immediately prior to admission to Texas State may, at the time they apply for admission, request permission to declare academic bankruptcy. Under this policy all college-level work done at an earlier date is eliminated from computation of the GPA and none of it is applied toward a degree at Texas State. Such work, however, will not be removed from the student's records. Those granted academic bankruptcy are admitted on academic probation.

Academic Fresh Start

Under the provisions of the Texas Education Code, the Academic Fresh Start program was established to allow a Texas resident to apply for admission and elect to have all academic course work earned 10 or more years prior to the requested enrollment date ignored for admission purposes. Individuals who choose Academic Fresh Start, including former Texas State students, must meet current published admission criteria for Texas State and must submit official records from all colleges attended. Students admitted under this provision will not receive any course credit for courses taken 10 or more years prior to enrollment.

Albert B. Alkek Library

Alkek Library
www.library.txstate.edu (http://www.library.txstate.edu)
Telephone: 512-245-2686 Fax: 512-245-0392

The Albert B. Alkek Library, located in the heart of the San Marcos campus, is where students and researchers come ti find abundant information resources, cutting-edge technology, and diverse work and study spaces that support successful research and academic endeavors. The Alkek is the architectural centerpiece and intellectual hub of the campus and is open year round with early morning and late night hours during the fall and spring semesters, including continuous 24-hour access during mid-terms and finals. In addition, the library's online services and resources can be accessed 24/7 through the website (http://library.txstate.edu/).

Special holdings of the Library include The Wittliff Collections (comprised of the Southwestern Writers Collection, the Southwestern and Mexican Photography Collection and the new Texas Music Collection) and the University Archives. The Library is also a selective depository for federal government documents. As a member of the Texas Digital Library, the Library's Digital Collections (http://digital.library.txstate.edu/) provide access to unique Texas State collections, including scholarship authored by university faculty, students, and staff and selected materials from The Wittliff Collections and the University Archives.

The Library's online catalog (http://catalog.library.txstate.edu) provides information on the Library's holdings.

Wireless access to the university network is available within the Library. Laptop computers may be checked out for building use and there are multiple workstations, laser printers and scanners located throughout the library. Alkek also has a self-service video recording studio, 3D printing technology, video conferencing and video-editing technology, presentation and Geographic Information Systems technology support, and adaptive equipment for individuals with disabilities.

The Library maintains cooperative borrowing agreements with other libraries in the region. Through TexShare, a statewide resource sharing program, students and faculty may borrow materials held by most public and private university libraries in the state.

Career Services

LBJ Student Center, 5th Floor
www.careerservices.txstate.edu (http://www.careerservices.txstate.edu)
Telephone: 512-245-2645

Career Services serves as a bridge between students' college experience and life after Texas State University. Starting their first year, and continuing beyond graduation, we are here to help students explore who they are, to weight their options, and to pursue their careers. In addition we will help them to connect their experiences–whether from the classroom, campus activities, on- or off-campus work, internships, or even graduate school--to their post-graduation goals.

Among our services are:

Career Planning and Exploration - Career Counselors are here to help you research majors, study your options, and plan and implement your professional future.

Career Advising and Job Search - Career Advisors are also available to further discuss the job search, including resumes, cover letters, interview skills, and salary negotiations.

Internships and Jobs - In Jobs4Cats, our exclusive job search database, students can find part-time/full-time employment and internship opportunities. Job seekers can also apply for on and off-campus positions through this online resources.

Employer Connections - There are also a wide range of opportunities to research and network with employers, including more than 20 career fairs, dozens of workshops and information sessions, and hundreds of employers interviewing on campus.

Office of Disability Services

LBJ Student Center 5-5.1
www.ods.txstate.edu (http://www.ods.txstate.edu)
Telephone: 512-245-3451 Fax: 512-245-3452

the Office of Disability Services (ODS) at Texas State University is dedicated to supporting the lives of students with disabilities who seek the goal of higher education. Because each individual's situation is unique, the ODS asks that any interested student meet with office staff. Since documentation requirements vary by situation, the ODS staff member will discuss documentation during the initial consultation, but no student should delay out of concern for not having appropriate paperwork.

Texas State University does not discriminate on the basis of disability in the recruitment and admission of students though students with disabilities must meet the same admission requirements as all other prospective students. A student whose educational and/or personal goals for success have been negatively impacted due to disability-based reasons may wish to address this in the supplemental essay portion of the admission application. Students needing sign language or oral

interpreting services for admissions counseling, disability counseling or academic advising should contact ODS one week prior to the event to ensure interpreter availability.

Students with disabilities may be entitled to financial assistance from the Department of Assistive and Rehabilitative Services (DARS).

Texas State University has established a grievance procedure for the prompt and equitable resolution of complaints related to illegal discrimination on the basis of disability. This grievance procedure is described in UPPS No. 04.04.46 (http://www.txstate.edu/effective/UPPS/UPPS-04-04-46.HTML), *Prohibition of Discrimination or Harassment*. A copy is available in the university library, the office of Disability Services and most other university offices. Students who have concerns or complaints should contact the ODS Director at 512-245-3451 or the university Americans with Disabilities Act Coordinator at 512-245-2278.

Financial Aid and Scholarships

J.C. Kellam Building Room 240
www.financialaid.txstate.edu (http://www.financialaid.txstate.edu)
Email: financialaid@txstate.edu
Telephone: 512-245-2315

Texas State makes every effort to help students who need assistance in paying for the cost of their education. Interested students should contact Financial Aid and Scholarships or visit the office's website to view the types of assistance that are available.

Federal and State Aid Programs

Texas State participates in both federal and state financial aid programs. Students with sufficient financial need can benefit from such grants as the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, TEACH Grant, Iraq-Afghanistan Service Grant, TEXAS Grant, Texas State Tuition Grant and Texas Public Educational Grant. Aid can come in the form of grants, work study, student and parent loans, scholarships and other varieties.

Applying for Financial Aid

To apply for financial aid, a student must complete and submit the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov (http://www.fafsa.ed.gov) and include the Texas State University school code – 003615.

Deadlines

- January 15 is the priority date for filing a FAFSA for the upcoming academic year (fall and spring). If the deadline is missed, a student may still apply and receive some forms of assistance such as the Pell Grant and student loans.
- March 1 is the priority deadline for filing the separate summer financial aid application prior to the upcoming summer semester. This separate summer application, which can be found online at www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), is in addition to filing the appropriate year's FAFSA.
- For scholarships deadline information, visit www.financialaid.txstate.edu/scholarships (http://www.financialaid.txstate.edu/scholarships).

Satisfactory Academic Progress Requirements

Federal regulations require students to meet certain minimum academic standards in order to remain eligible for financial assistance. The requirements are that a student:

1. maintain a minimum cumulative Texas State GPA;
2. complete at least 67 percent of all coursework; and
3. not exceed a maximum limit of attempted hours toward their degree.

Additional program-specific requirements also exist. View these SAP criteria in more detail at www.financialaid.txstate.edu (http://www.financialaid.txstate.edu) by selecting *Undergraduate Aid* from the dropdown menu and then *Maintain My Eligibility.*

Courses Counting

The federal government requires that a student's aid eligibility only be based on those courses that count toward the completion of the student's degree. So to be considered a full-time student for financial aid purposes, a student would want to enroll in 12 credit hours as an undergraduate (or 9 credit hours as a graduate) **that count toward their degree.** Remember, to be eligible for most financial aid, a student only needs to be enrolled at least half-time (6 hours for undergraduates and 5 hours for graduates). For more details, visit http://www.financialaid.txstate.edu, select *Undergraduate Aid* from the dropdown menu and then *Course Counting.*

Alternative Loan Resources

For information on alternative loans, visit www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), select *Undergraduate Aid* from the dropdown menu and then *Types of Aid*.

Official Withdrawals and Financial Aid

If a student withdraws or is expelled from the university on or prior to the 60-percent point of the semester, the student is required to repay any unearned portion of federal Title IV aid. For more details, visit www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), select *Undergraduate Aid* from the dropdown menu and then *Withdrawing & Attendance.*

Unofficial Withdrawals and Financial Aid

If a student is a federal financial aid recipient and fails to receive earned grades (e.g., all U's, all I's or a combination of all U's, W's or I's) in courses that span the entire period the student is scheduled to complete during a semester, the student is considered to have unofficially withdrawn from the university. As a result, a federal withdrawal calculation must be preformed to determine the amount of Title IV funds that the student must repay. For more details, visit www.financialaid.txstate.edu (http://www.financialaid.txstate.edu), select *Undergraduate Aid* from the dropdown menu and then *Withdrawing & Attendance.*

Non-Attendance and Financial Aid

If the student is a Pell Grant, Iraq-Afghanistan Service Grant (IASG) or TEACH Grant recipient, federal regulations require the student to have begun attending the courses for which the student is enrolled and receiving these grants. If on the census date roster (e.g., 12th class day of each fall and spring semester) the student is reflected as not attending a course, the student is assumed (for financial aid

purposes) not to have begun attendance for that course. The student's grant will then be adjusted or cancelled based on the courses the student has actually begun attending. If the student is receiving any other forms of federal or state financial aid, this aid may also require adjustment due to the revised enrollment status. For more details, visit http://www.financialaid.txstate.edu, select *Undergraduate Aid* from the dropdown menu and then *Withdrawing & Attendance.*

To Withdraw

The student must submit the *Online University Withdrawal* form available on the University Registrar's Office. Financial aid recipients should speak with a Financial Aid and Scholarships representative before the withdrawal is processed. The withdrawal date is defined as the date on which a student first indicates his or her intent to withdraw.

Housing and Residential Life

DHRL Office Building
515 N. Comanche Street
www.reslife.txstate.edu (http://www.reslife.txstate.edu)
Telephone: 512-245-4663 Fax: 512-245-7619

University Housing Policy

In support of the educational mission of the university and the student value of the on-campus residential experience, the Department of Housing and Residential Life provides a safe, comfortable and convenient living environment, while offering opportunities for increased campus involvement, community interaction and academic assistance. For these reasons, the university requires that certain students live on campus.

New freshmen under the age of 20 (by September 1 for fall admission or January 1 for spring admission) with fewer than 30 semester credit hours are required to live in on-campus university housing. All students who graduated from high school within the preceding 12 months of the semester of their admission are required to live on campus, regardless of the number of credits they may have accumulated prior to attending Texas State University.

Living On-Campus

It is the mission of the Department of Housing and Residential Life to provide welcoming living communities that foster academic success, campus engagement. and personal development. The on-campus living experience is where lifetime friendships are formed, ideas and ideals are exchanged, and a whole world of opportunity and potential is spread before those willing to explore, study and get involved.

Research at Texas State and nationally has shown that, when compared to those living elsewhere, students living in the residence halls are more fully involved in academic and extracurricular activities and tend to earn a higher GPA.

Dining On-Campus

The university offers four different dining plans so students can pick the one that best fits their schedule, eating preferences, and pocketbook.

Applying to Live On Campus

Contracts for on-campus housing may be submitted upon formal admission to the university.

Cancellation Deadlines

Contracts for on-campus living are for the entire academic year. Once the contract has been signed and returned there are very limited reasons for cancellation. For those not planning to attend the university, there is a prorated refund scale that is dependent upon the date of cancellation. See the contract terms and conditions for specific cancellation details.

Veterans Affairs

J.C. Kellam Building Room 105
www.va.txstate.edu (http://www.va.txstate.edu)
Email: veteransaffairs@txstate.edu
Telephone: 512-245-2641

Students attending Texas State while receiving educational assistance under one of the public laws for veterans and/or their dependents must contact the Texas State Office of Veterans Affairs to complete the required forms. Information and forms are also available at www.va.txstate.edu (http://www.va.txstate.edu).

New and transfer students applying for educational benefits under the U.S. Department of Veterans Affairs (VA) for the first time must provide the Office of Veterans Affairs with a Certificate of Eligibility for the respective benefit, a photocopy of the DD214, *Certificate of Release or Discharge from Active Duty*, and a Change of Place of Training VA Form 22-1995 for transfer students. Reserve and National Guard members applying for Chapter 1606 benefits must provide DD 2384 *Notice of Basic Eligibility*. Active duty military and dependents are exempt from the DD-214 requirement.

All students must follow their degree requirements in order to receive the maximum benefit payout. It is the student's responsibility to notify the Office of Veterans Affairs of any adds, drops, course, or program changes.

Any student enrolling under any of the provisions for VA educational benefits should bring sufficient funds to defray the initial cost of tuition, fees, and living expenses for approximately three (3) months. Benefit payments are made at the end of each month.

Graduate students receiving veteran benefits must file with the office an official degree outline, a certification deficiency plan, or other similar documentation showing the requirements needed. As with undergraduate students, it is the student's responsibility to notify the Office of Veterans Affairs of any adds, drops, course, or program changes.

Dependents of Texas veterans and veterans who have exhausted VA educational benefits, should check with the office for information about the Hazlewood Exemption. Note: dependent students who are eligible for Hazlewood are subject to federal satisfactory academic progress (SAP) policies. For more information, go to http://www.va.txstate.edu/benefits/hazlewood.html. Applications and information sheets for the Hazlewood Exemption may be obtained at the Office of Veterans Affairs or at www.va.txstate.edu (http://www.va.txstate.edu).

Tuition and Fees

Further information regarding tuition and fees may be obtained at http://www.sbs.txstate.edu/.

The university reserves the right to change fees in keeping with the acts of the Texas Legislature and the Board of Regents of the Texas State University System. The payment of all fees entitles the student to admission to classes; admission to auditorium and athletic attractions;

subscription to the University Star student newspaper; use of the L.B.J. Student Center and Recreational Sports Center, health services, and Sewell Park facilities; and group use of the Wimberley Camp. These fees also help provide funds for the Associated Students (student government), band, choir, dramatics, debate and other student activities.

Tuition

Tuition for Excessive Undergraduate Hours

Texas Education Code §54.014 specifies that resident undergraduate students may be subject to a higher tuition rate for attempting excessive hours at any public institution of higher education while classified as a resident student for tuition purposes. Texas State students attempting hours in excess of their degree program requirements will be charged at the non-resident (out-of-state) tuition rate for those hours. Those students are categorized as follows:

- Students initially enrolled during or after the fall 2006 semester will be charged at the non-resident rate if, prior to the start of the semester or session, the student has previously attempted 30 or more hours over the minimum number of semester credit hours required for completion of the degree program in which the student is enrolled.
- Students initially enrolled during the fall 1999 through summer 2006 semesters will be charged at the non-resident rate if, prior to the start of the semester or session, the student has previously attempted 45 or more hours over the minimum number of semester credit hours required for completion of the degree program in which the student is enrolled.

Attempted courses include those courses attempted at Texas State or any Texas public institution of higher education. The following types of credit hours **will count** toward the excessive hour limit:

- hours earned in courses in which a grade is earned on the transcript;
- major courses;
- dual degree (excessive calculation assumes 30 hours);
- minor courses (for optional minors, excessive calculation assumes 18 hours. For minors above 18 hours, the academic advisor notifies Student Business Services to override the excess hours calculation);
- certificate courses
- teaching certification courses
- hours in distance and off-campus courses
- bankruptcy hours;
- repeated courses; and
- courses dropped after the official census date.

The following types of credit hours **are exempt** and will not count toward the limit:

- hours earned by the undergraduate before receiving a bachelor's degree that has been previously awarded;
- hours earned through examination or similar method without registering for a course;
- hours from developmental courses or interventions, workforce education courses, or other courses that would not generate academic credit that could be applied to a degree at Texas State if the course work is within the 27-hour limit at two-year colleges and the 18-hour limit at general academic institutions;
- hours earned by the undergraduate at a private institution or an out-of-state institution;
- hours not eligible and/or not reported for state formula funding (i.e., correspondence or extension courses);
- hours earned by the undergraduate before graduating from high school and used to satisfy high school graduation requirements; and
- hours earned by the undergraduate ten or more years before beginning a new degree program under Academic Fresh Start as described in Texas Education Code §51.931 and Texas Education Code §61.0595(c).
- Effective summer 2017, the first additional 15 semester credit hours earned toward a degree program if a student has re-enrolled at an institution of higher education following a break in enrollment from the institution or another institution of higher education covering the 24-month period preceding the re-enrollment and that student has successfully completed at least 50 semester credit hours of course work at an institution of higher education before that break in enrollment.

Students with excessive hours are encouraged to contact their academic advisor to review their degree plan and insure that it is complete, accurate and to verify the hours required for completion.

Exceptions due to economic hardship are permitted under defined institutional policy. A student with an economic hardship is defined as someone who, at the time of registration, is documented with the Office of Financial Aid and Scholarships as being eligible for a Federal Pell Grant, regardless of whether they actually receive the funding due to enrollment status, non-satisfactory academic progress, or other reasons. Students who become Pell eligible, during the semester in which they are charged the non-resident tuition, may submit eligibility documents to the Student Business Services office no later than the official last class day of the semester in which the exception is being requested.

Tuition Rebate Program

Under Texas Education Code §54.0065, qualified students will receive up to a $1,000 tuition rebate upon graduation from Texas State. To determine eligibility for the rebate it is particularly important to follow the advice and counsel of an academic advisor. Application for the rebate must be made no sooner than the first day of the semester of graduation and no later than 60 days after graduation. Failure to graduate will require reapplication for the rebate for the next semester of eligibility.

To be eligible for the rebate program:

- Student must complete the tuition rebate application form and submit it to their academic advisor within 60 days of graduation date.
- The first enrollment in any institution of higher education must be in the fall 1997 semester or later.
- Students must have received their baccalaureate degree from a Texas public university.
- Student must be residents of Texas and entitled to pay resident tuition at all times while pursuing the degree.
- If enrolled for the first time in fall 2005 or later, students must graduate within four calendar years from the first semester enrolled for a four-year degree or within five calendar years for a five-year degree. Note that the four- or five-year time limit prescribed begins on the first day of the month for enrollment in the semesters described as follows: September for a fall semester, January for a spring semester, June for summer I, and August for summer II. For example, a student enrolling for the first time in fall 2006 for a four-year degree must complete that degree no later than September 1, 2010 to be eligible for the rebate.

- Student must attempt no more than three hours in excess of the minimum number of semester credit hours required to complete the degree under the catalog under which they graduate. Hours attempted include transfer credits, course credit earned exclusively by examination (except that, for the purposes of this Rebate Program, only the number of semester credit hours earned exclusively by examination in excess of nine semester credit hours is treated as hours attempted), courses that are dropped after the official census date (12th class day for fall and spring semesters, 4th class day for summer sessions, including mini-session), for-credit developmental courses, optional internship and cooperative education courses, and repeated courses. For students concurrently earning a baccalaureate degree and a Texas teaching certificate, required teacher education courses shall not be counted to the extent that they are over and above the free electives allowed in the baccalaureate degree program. Courses dropped for any reasons that are determined by the institution to be totally beyond the control of the student shall not be counted.

This tuition rebate program is designed to provide a financial incentive for students to complete their baccalaureate studies with as few extraneous courses as possible. Rebates will first be applied to outstanding obligations owed to Texas State prior to funds being issued to the student.

Appeals due to hardship are permitted under defined institutional policy. Effective for students who enroll for the first time in fall 2005 or later, an otherwise eligible student may be eligible for a rebate without satisfying the above requirements, if the student is awarded a baccalaureate degree and the college dean certifying the degree has determined, with the completion of a Tuition Rebate Hardship Justification form, that the student has demonstrated a hardship under any of the following conditions:

- a severe illness or other debilitating condition that may affect the student's academic performance;
- an indication that the student is responsible for the care of a sick, injured, or needy person and that the student's provision of care may affect his or her academic performance; or
- performance of active duty military service.

Special Fees and Charges

Admission Application Fee	$60.00
Admissions/Evaluation Fee for International Applicants	$75.00
Athletic Training Fee (to sophomores who have earned competitive admission to the undergraduate athletic training education program)	$100.00
Auditing Fee	same as if course were taken for credit
Certificate Fee (payable when applying for teacher certification)	
Texas Standard Certificate	$77.00
Deficiency Plan Fees (for students seeking teacher certification)	
First Plan	$75.00
Additional Plans (each)	$25.00
Late Payment Fee (for installments not paid by due dates)	$25.00
Electronic Course Fee (per semester credit hour)	$50.00
Evaluation of Foreign Credentials (for domestic applicants)	$35.00
Payment Plan Enrollment Fee (for handling & other processing)	$30.00
Late Registration Fee	
Prior to first day of class	$25.00
1st 7 class days - fall/spring	$100.00
1st 2 class days - summer	$100.00
8th through 12th class day - fall/spring	$200.00
3rd-4th class days - summer	$200.00
Off-Campus Course Fee (per semester credit hour)	$30.00/semester credit hour
Orientation Fee (mandatory, non-refundable)	$60.00
Physical Therapy Application Fee	$50.00
Post-Baccalaureate Teaching Intern Application Fee	$500.00
Returned Item Fee (for handling and other processing)	$30.00
Transcript Fee (official copy)	$5.00

Some fees are waived for students taking classes exclusively at the Round Rock Campus.

Campus Parking/Vehicle Registration Fee

Every faculty or staff member, or student, who operates or parks a vehicle on campus must:

- register the vehicle at Parking Services;
- purchase a permit;
- properly display the permit anytime the vehicle is parked on campus; and
- become familiar with and abide by the traffic and parking rules which are enforced at all times throughout the year.

Fees for vehicle registration will be published each year in the Schedule of Classes and in the official rules and regulations.The purchase of a permit and registration of the vehicle does not guarantee a parking space.

Additional information concerning the purchase and issuance of parking permits may be obtained by contacting Parking Services at 512-245-2887.

Vehicles may be registered online at www.parking.txstate.edu (http://www.parking.txstate.edu).

Course Repeat Fee

The Texas Legislature (TEC 54.014) eliminated funding to higher education for courses that are attempted three or more times. An attempted course is defined as any course in which a grade is earned on the transcript, including repeated courses and courses dropped with a grade of "W".

In order to compensate for this loss of state funding, students attempting a course for the third or more time may be charged a fee in addition to the tuition charged for the course. The fee is subject to change each year upon action of the Texas Higher Education Coordinating Board. This fee will be assessed for courses attempted at Texas State as of the fall semester of 2002 or later. This assessment does not include courses attempted at other colleges or universities.

Certain courses are exempt from this fee because they are designed to be repeated for additional credit, such as thesis, dissertation, and independent study courses; various music, physical education, physical fitness and wellness, studio art, and theatre courses; developmental education courses; and topics courses.

Exceptions due to economic hardship are permitted under defined institutional policy. A student with an economic hardship is defined as someone who, at the time of registration, is documented with the Office of Financial Aid and Scholarship as being eligible for a Federal Pell Grant, regardless of whether they actually receive the funding due to enrollment status, non-satisfactory academic progress, or other reasons. Students who become Pell eligible, during the semester in which they are charged the non-resident tuition, may submit eligibility documents to the Student Business Services office no later than the official last class day of the semester in which the appeal is being requested.

A student will be exempt from payment of higher tuition for any course repeated in the final semester in which the student is graduating, if the course(s) is taken for the purpose of receiving a grade that will satisfy a degree requirement. This exemption applies for only one semester. The exemption does not affect an institution's ability to charge a higher rate for courses that cannot be reported for funding for other reasons such as the excess credit hour limit, or an institution's ability to waive higher tuition rates for economic hardship. Students who are eligible for this exemption, during the semester in which they are charged the extra fee, may submit eligibility documents from their academic advisor to the Student Business Services office no later than the official last class day of the semester in which the appeal is being requested

International Student Operations Fee

All international students with an immigration status of "F1" or "J1" will be charged $60.00 per semester for the maintenance of records, compliance with government regulations, and other services.

Laboratory Fees

The amount of lab fees varies on a per course basis. See the Schedule of Classes for current lab fees.

Testing Fees

Texas State students, enrolled in a distance education course, who wish to take a course exam through the Testing, Research-Support, and Evaluation Center (TREC) or the Correspondence, Extension, and Study Abroad Programs Office in San Marcos, or the Round Rock Campus Testing Center, will be charged $20.00 per test. This fee applies only to students who wish to take a course exam through these offices rather than take the exam at the times offered as part of the distance education course.

Non-Texas State students, enrolled in a distance education course at another college or university, who wish to take a course exam at the Testing, Research-Support, and Evaluation Center or the Correspondence, Extension, and Study Abroad Programs Office in San Marcos, or the Round Rock Campus Testing Center, will be charged $40.00 per test.

Room and Board Rates

Information regarding room and board rates for a specific semester may be obtained at www.reslife.txstate.edu (http://www.reslife.txstate.edu). Room and board is billed on a semester basis and may be paid in full at registration or in installments. All residence halls will be closed between semesters; however, Texas State may choose to keep some of the halls open during the break for an additional room charge.

Refund of Room and Board Fees

Any student who withdraws officially from Texas State may receive a refund on the unused portion of the room and board payment. Room and board charges will continue until the student has officially moved from university housing and has received written clearance from the director of Housing and Residential Life. Any refund due will be applied to any unpaid financial obligation with Texas State. If the refund exceeds any unpaid balance, a refund will be processed within 30 days to the permanent address on file in the University Registrar's Office or deposited to the students' bank account if they have signed up for direct deposit.

Student's Financial Obligations

Students are expected to meet financial obligations to the university when they are due. Tuition is due on the date given in the academic calendar, and students are not entitled to attend classes unless the tuition bill has been paid in full or in accordance with an approved payment plan. Refer to Student Business Services website Payment Options (http://www.sbs.txstate.edu/students/payment-options.html) for detailed information on payment options and requirements of payment plans.

Failure to pay the amount owed in the allotted time, or payments made with checks that are returned to Texas State unpaid by the bank may result in any or all of the following:

- Dismissal from the university.
- Withholding of future registration privileges.
- Withholding of grades or an official transcript.
- Withholding the conferring of a degree.
- Bar against re-admission for the student.
- Warrant hold with the State of Texas.
- Referral of debt to a collection agency.

Returned Checks

If a check or electronic funds transfer is returned unpaid for any reason other than the admitted error of the bank, the student must pay for the returned check with cash, cashier's check, money order or credit card (MasterCard, VISA, Discover, Diners Club or American Express) immediately. A $30.00 service fee is assessed for each returned check. Until the check is paid, the student will be on *Cash Only* status. Cash Only status is a denial of check cashing privileges on campus.

Individuals who have three returned checks or electronic funds transfers within a 12-month period, will be placed on *Cash Only* status.

Stopping payment on a check for fees or allowing the check to be returned unpaid by the bank for any reason does not constitute official withdrawal. Failure to follow procedures for withdrawing from Texas State may result in financial penalties and delays with future enrollment at the university.

Installment Policy

Tuition, fees, and room and board may be paid through the following alternatives:

- Full payment is due prior to the beginning of the semester.
- Students may enroll in a payment plan. See: http://www.sbs.txstate.edu/.

Installment Payments

Students are responsible for making their installment payments by the due date. For questions about due dates and amounts due, contact the Student Business Services Office at 512-245-2544. Students can check their balance and make payments online at http://www.sbs.txstate.edu/.

Late Payment Fees

A delinquent charge of $25 will be assessed the first day after the installment due date. Under Texas Education Code §54.007, a student who fails to make full payment of tuition and fees, including any incidental fees, by the due date may be prohibited from registering for classes until full payment is made. A student who fails to make full payment prior to the end of the semester or term may be denied credit for the work done that semester or term. See the Student Financial Obligation section for more details.

Refunds

Enrolling for courses at Texas State University constitutes a financial obligation to the university. It is the student's responsibility to withdraw from the university prior to the first official university class day for any semester or term to avoid financial obligation. Withdrawal Information is available on the University Registrar website.

Dropping courses or withdrawing from the university does not relieve a student of their financial obligation to the university for any unpaid charges (including financial aid adjustments) incurred for the related semester or term. Refund percentages are applicable to all tuition and fees except non-refundable fees including late fees and orientation fees. Refunds of parking fees must be requested at the Parking Services office.

An immediate refund **WILL NOT** be made at the time a student withdraws. All refunds will be applied to remaining unpaid obligations, including registration balances for future terms, before funds are returned to the student.

Refunds on payments made by credit card will refunded back to the card. All other refunds will be processed as direct deposit (eRefund) or check. Refunds by check will be mailed to the student's address in the following priority (unless otherwise noted): (1) Mailing (2) Local (3) Permanent.

All refunds will be processed within 30 days.

Room and board refunds will be applied to any remaining financial obligation owed to Texas State. The additional charge for moving from one residence hall to another or moving into a private room will be added to the balance due.

Refunds in the Event of Death. In the event a student dies and a refund of tuition, fees, room and board, deposits, or other monies is due the estate of the deceased student, the university will, as soon as practicable after the death of the student, pay all refunds to the estate of the deceased student.

Drops

IMPORTANT: Dropping credit hours or withdrawing from the semester may affect the financial aid award. Students receiving financial aid should contact the Financial Aid and Scholarship Office before dropping or withdrawing. If hours have been dropped or the student has withdrawn from the university, the term balance may not reflect the necessary adjustments. Please allow a minimum 10 business day waiting period for award adjustments to be processed.

Dropping a course or courses means that there is at least one other course left in the registered schedule for a semester/term. Refer to the Academic Calendar or Refund Schedule for semester/term specific deadlines for drop refunds.

There is no refund for courses dropped after the 12th class day of the fall/spring term and 4th class day of a regular 5-week summer term*.

*Please note: Contact the University Registrar for specific drop dates for summer.

Withdrawals

Withdrawing means a student will no longer be attending any course for the semester/term. Students must withdraw from ALL courses to be considered as withdrawn for the semester. Withdrawals are initiated in the office of the University Registrar. Please refer to the Academic Calendar or Refund Schedule for semester/term specific deadlines for withdrawal refunds. Withdrawal Information is available on the office of University Registrar website.

Academic Policies

This section of the catalog contains information about Texas State's general academic policies. All Texas State students should review this information carefully when they enter the University.

Honor Code

As members of a community dedicated to learning, inquiry, and creation, the students, faculty, and administration of our university live by the principles in this Honor Code. These principles require all members of this community to be conscientious, respectful, and honest.

We are Conscientious

We complete our work on time and make every effort to do it right. We come to class and meetings prepared and are willing to demonstrate it. We hold ourselves to doing what is required, embrace rigor, and shun mediocrity, special requests, and excuses.

We are Respectful

We act civilly toward one another and we cooperate with each other. We will strive to create an environment in which people respect and listen to one another, speaking when appropriate, and permitting other people to participate and express their views.

We are Honest

We do our own work and are honest with one another in all matters. We understand how various acts of dishonesty, like plagiarizing, falsifying data, and giving or receiving assistance to which one is not entitled,

conflict as much with academic achievement as with the values of honesty and integrity.

The Pledge for Students

Students at our university recognize that, to ensure honest conduct, more is needed than an expectation of academic honesty, and we therefore adopt the practice of affixing the following pledge of honesty to the work we submit for evaluation:

"I pledge to uphold the principles of
honesty and responsibility at our university."

The Pledge for Faculty and Administration

Faculty at our university recognize that the students have rights when accused of academic dishonesty and will inform the accused of their rights of appeal laid out in the student handbook and inform them of the process that will take place:

"I recognize students' rights and pledge to uphold the
principles of honesty and responsibility at our university."

Addressing Acts of Dishonesty

Students accused of dishonest conduct may have their cases heard by the faculty member. The student may also appeal the faculty member's decision to the Honor Code Council. Students and faculty will have the option of having an advocate present to insure their rights. Possible actions that may be taken range from exoneration to expulsion. Information about the Honor Code Council and its policies and procedures may be found at http://www.txstate.edu/honorcodecouncil/.

Registration

Registration Instructions

Registration Instructions contain CatsWeb registration instructions, dates, fee schedules, instructions on dropping a class or withdrawing, refund schedules, and other information that will be needed throughout the semester. This information, along with the most current class offerings, is available at www.registrar.txstate.edu/registration.html (http://www.registrar.txstate.edu/registration.html).

Academic Advising

Texas State encourages all students to seek academic advising before each registration and at other times when academic questions arise. In some departments, schools, or colleges and for some students, this advising may be mandatory. Students who are undecided about their major are advised through the University College, others through their major department or school and/or in the appropriate college advising center. Advisors help students understand academic requirements and plan schedules to meet those requirements as well as address the choice of majors and career preparation issues.

Undergraduate Student Classification

Classification is based on cumulative hours passed, not counting hours in progress.

Classification	Number of Hours
Freshman	0-29 hours
Sophomore	30-59 hours
Junior	60-89 hours
Senior	90+ hours

Course Numbers

Courses listed in this catalog and in the Schedule of Classes follow a four-digit numbering system. The first digit indicates the level of the course: 1–freshman, 2–sophomore, 3–junior, 4–senior, 5– and 6–master's, 7–doctoral. The second digit indicates the number of semester credit hours the course carries. The last two digits usually indicate the location of the course in the department/school's curriculum. A letter (A, B, C, etc.) attached to a course number usually indicates a topics course. The numbers in parentheses following a course title indicate the clock hours per week spent in lecture and in laboratory, respectively.

Texas Legislative Requirements

Texas Success Initiative Program

The main component of the Texas Success Initiative Program (TSIP) program is an initial assessment that measures skills in mathematics, reading, and writing. All students, except those who are TSI-Exempt, should take an initial assessment test before their first semester in college at a Texas public institution of higher education. Students with disabilities who need reasonable accommodations should contact the Office of Disability Services.

The State of Texas has one approved assessment instrument, the TSI Assessment. This assessment instrument is administered at Texas State University as well as all two- and four-year public institutions across the state year-round. Prior to taking the TSI Assessment, all examinees must complete a Pre-Assessment Activity (PAA) to understand the importance and process of the assessment, developmental options, and institutional resources.

Approved Assessment Instruments and Cut-Scores

TSI Assessment

- College Ready Cut-Scores
  - Mathematics - 350
  - Reading - 351
  - Writing - Essay Score of 5; Essay Score of 4 with Multiple Choice of 363
- Developmental Education Cut-Scores
  - Mathematics - 336
  - Reading - 342
  - Writing - 350

TSI Exemptions

Some students are exempt or partially exempt from assessment. A student will be identified as TSI-Exempt or partially exempt when Texas State has received official proof that he or she satisfies any one of the following:

- Earned an associate or bachelor's degree from an institution of higher education whose accreditation is recognized by SACSCOC (Southern Association of Colleges and Schools Commission on Colleges);
- Earned a composite score of at least 23 and at least 19 on the Mathematics and/or English components of an ACT test which is no more than five years old;

- Earned a Verbal plus Mathematics total of at least 1070 on a SAT test that is less than five years old, with a minimum score of 500 on the Verbal and/or a minimum of 500 on the Math;
- Performed on the 11th grade exit-level Texas Assessment of Knowledge and Skills (TAKS) test that is no more than five years old with a minimum scale score of 2200 on the English Language Arts section with a writing composition score of at least 3 and/or a minimum scale score of 2200 on the Mathematics section;
- Earned STAAR end-of-course (EOC) with a minimum score of Level 2 on the English III, and a minimum score of Level 4 on the Algebra II.
- Enrolled in a certificate program of one year or less (Level-One certificates, 42 or fewer semester credit hours or the equivalent);
- Previously attended any institution of higher education and has been determined to have met readiness standards by that institution;
- Is serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment;
- Was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the United States on or after August 1, 1990.
- Is a non-degree seeking or non-certificate seeking student.
- ESOL Waiver—An institution may grant a temporary waiver from the assessment required under this title for students with demonstrated limited English proficiency in order to provide appropriate ESOL/ESL coursework and interventions

The office of Undergraduate Admissions should receive the student's transcript and ACT, SAT, or TAKS scores. The Office of Disability Services should receive the necessary documentation that the student is deaf or blind. The Success Initiative Program office may also receive TAKS scores.

Remediation

If students fail one or more parts of the initial assessment test, they will be required to participate in an individualized developmental education program that will prepare them for freshman-level coursework in the area of deficiency. There are several ways to meet the requirements of the Success Initiative. The program may require re-testing, enrollment in developmental courses, and/or participation in lab-based remediation. The student and a Success Initiative Program representative will jointly determine successful completion of the program.

Out-of-State/Private School Transfers

A student who is transferring coursework from a private or out-of-state school may not need to take an assessment test. This rule has many restrictions, and students should check with the Success Initiative Program Office before assuming this applies to them. The following statements apply to exact transfer courses and not to elective a non-advanced (ELNA) courses taken at private or out-of-state schools. A student who transfers a grade of "A", "B", or "C" in the following will be regarded as having passed the Mathematics part of the assessment test.

Code	Title	Hours
MATH 1315	College Algebra	3
MATH 1316	Survey of Contemporary Mathematics	3
MATH 1319	Mathematics for Business and Economics I	3

A student who transfers a grade of "A", "B", or "C" in the following will be regarded as having passed the writing part of the assessment test.

Code	Title	Hours
ENG 1310	College Writing I	3
ENG 1320	College Writing II	3

A student who transfers a grade of "A", "B", or "C" in any one of the following will be regarded as having passed the reading part of the assessment test:

Code	Title	Hours
HIST 1310	History of the United States to 1877	3
HIST 1320	History of the United States, 1877 to Date	3
POSI 2310	Principles of American Government	3
POSI 2320	Functions of American Government	3
PSY 1300	Introduction to Psychology	3
ENG 2310	British Literature before 1785	3
ENG 2320	British Literature since 1785	3
ENG 2330	World Literature before 1600	3
ENG 2340	World Literature since 1600	3
ENG 2360	US Literature since 1865	3

If a student has passed some part of the assessment test satisfactorily, he or she should take the remaining parts of the test prior to attempting to register for classes at Texas State.

Incoming students who have taken an assessment test but have not submitted their scores to Texas State, should contact the Success Initiative Program Office for additional information: www.txstate.edu/tsip (http://www.txstate.edu/tsip).

History and Government

Pursuant to Texas Education Code §51.302, every student graduating from a state-supported college or university must complete six semester hours of American history (HIST 1310 and HIST 1320 at Texas State University) and six semester hours of American government (POSI 2310 and POSI 2320 at Texas State University). Both of these requirements are included in Texas State's general education core curriculum. According to current law, up to three semester hours of credit in an upper-level ROTC course may be applied to the core curriculum history requirement (HIST 1310 or HIST 1320) and up to three hours to the core curriculum government requirement (POSI 2320 only).

Field of Study

A Field of Study curriculum (FOS) is a set of courses that fulfills lower division requirements for a specific major/degree plan in addition to the core curriculum. FOS curricula were mandated in the 75th Texas Legislature and are intended, along with general education core curricula, to facilitate the transferability of lower-division academic course credit among public colleges and universities throughout Texas. As found in Texas Education Code (TEC) Chapter 61, Subchapter S, Section 61.821-61.829, field of study curricula are developed in accordance with the policies and procedures of the Texas Higher Education Coordinating Board, along with the assistance of advisory committees composed of representatives of institutions of higher education. To date, FOS have been developed in the following academic areas that are pertinent to degree programs offered at Texas State University:

Business, Communication, Computer Science, Criminal Justice, Electrical Engineering, Engineering Technology, Music and Nursing.

Each FOS will include the lower division courses that are required before a student may enroll in upper-division courses within the degree program, and may also offer guidelines and suggestions for appropriate general education core curriculum or elective courses in addition to the courses that actually compose the field of study curriculum itself. In TEC 61.823(b), "If a student successfully completes a field of study curriculum developed by the board, that block of courses may be transferred to a general academic teaching institution and must be substituted for that institution's lower division requirements for the degree program for the field of study into which the student transfers, and the student shall receive full academic credit toward the degree program for the block of courses transferred." In TEC 61.823(c) "A student who transfers from one institution of higher education to another without completing the field of study curriculum of the sending institution shall receive academic credit from the receiving institution for each of the courses that the student has successfully completed in the field of study curriculum of the sending institution. Following receipt of the credit for these courses, the student may be required to satisfy further course requirements in the field of study curriculum of the receiving institution." A student concurrently enrolled at more than one institution shall follow the field of study curriculum of the institution in which the student is classified as a degree-seeking student.

Degree Plan

Upon enrollment, all degree-seeking students are provided with a degree plan through *DegreeWorks, a degree audit software*. Based upon the student's major, this online system displays the courses required for graduation, tracks the student's progress and maintains an up-to-date list of their remaining course-work. Students and advisors utilize this tool to facilitate proper class scheduling and to monitor progress toward the degree. (Texas Education Code, Chapter 51, Section 51.9685)

Academic Regulations

Catalog Designation

The catalog designation a student receives when entering Texas State determines the curriculum and other academic policies that apply to the student. Catalog designations are made according to the following guidelines:

1. Students with no prior college work are assigned to the current catalog.
2. Students with prior college work:
   a. Students with prior college work from out-of-state or private institutions are assigned to the current catalog.
   b. Students with prior college work during the last six years, solely from Texas public institutions of higher education, are assigned to the Texas State catalog which was in effect at the time of the student's initial college enrollment.
3. Returning Texas State students (Any Texas State student who does not enroll in the university for one long semester but wishes to return is considered a returning student. Refer to "Readmission of Returning Texas State Students (http://mycatalog.txstate.edu/undergraduate/general-information/admissions/readmission-returning-students)"):
   a. Returning students whose initial Texas State enrollment was more than six years ago are assigned to the current catalog.
   b. Returning Texas State students whose initial Texas State enrollment was within the last six years and who have completed fewer than 30 hours of college work elsewhere during the interim retain their initial Texas State catalog designation.
   c. Returning Texas State students whose initial Texas State enrollment was within the last six years and who have completed 30 or more hours of college work elsewhere during the interim are assigned to the current catalog.
4. A college dean may change the catalog designation.

Per Texas Administrative Code, Rule 4.25, each institution of higher education shall permit a student who transfers from another Texas public institution of higher education to choose a catalog for the purpose of specifying graduation requirements, base upon the dates of attendance at the receiving institution and at the transferring institution, in the same manner that a non-transfer student may choose a catalog.

Each Texas public institution of higher education shall include information about graduating requirements under a particular catalog in its official publications, including print and electronic catalogs.

Public Access to Course Information

Information on Texas State's undergraduate classroom courses, including lecture and seminar courses, may be found at the following website: http://hb2504.txstate.edu. Contents include course syllabi, curriculum vita for the instructor of record, departmental budget reports, end-of-course evaluations of faculty and current work-study job openings.

Course Load

The following regulations govern the number of credit hours an undergraduate student may carry during a given term:

1. Fall or Spring Semesters: Students enrolled in 12 or more credit hours are considered full-time students. Students in good academic standing may register for up to 18 credit hours each semester. Graduating seniors or other students with a Texas State GPA of 3.50 or higher may register for 19 or more credit hours with approval from their academic dean.
2. Summer Term: Students enrolled in 12 or more hours combined over the summer term are considered full-time students. Students in good academic standing may register for up to 10 credit hours in each of the parts of summer term.

Only in exceptional circumstances, and only with the approval of the college dean, will students be allowed to exceed the stated course load limitations. In any regular semester or summer term during which a student is enrolled at Texas State, the course load limitations apply to all work attempted, whether at Texas State or elsewhere.

Class Attendance

Texas State expects students to attend every scheduled class meeting. General requirements for class attendance are as follows:

1. Faculty are encouraged to establish mandatory attendance requirements in each course.
2. Each faculty member will inform students of the course attendance policy at the initial class meeting.
3. Students are responsible for understanding the attendance policy for each course in which they enroll and for meeting the attendance requirements.

4. Failure to meet the attendance requirements in a course may lower a grade.
5. Students who do not begin attendance will be administratively dropped from the course during the roster certification period.

Religious Holy Days

"Religious holy day" means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code. In accordance with Texas Education Code Section 51.911, Texas State will allow a student who is absent from classes for the observance of a religious holy day to take an examination or complete an assignment scheduled for that absent day within a reasonable time after the absence if the student notifies the instructor of each class that he or she would be absent for a religious holy day. The Education Code includes excused absences for travel to and from the religious holy day observance. The student may make up class assignments or examinations without penalty within a reasonable time after the absence. Students may obtain notification forms from the Dean of Students' Office. The student should personally deliver completed forms to the instructor for each class. The instructor will sign and date the form, thus acknowledging notification. If the student cannot personally deliver the form to an instructor, the student should mail the form to the instructor by certified mail, return receipt requested. A student who is excused under this section shall not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination within a reasonable time. Each instructor may establish additional procedures to accommodate the needs of students who are absent from classes to observe a religious holy day. These procedures must not conflict with the state law. Coordinating Board rules now provide for an appeal of a disagreement between the student and a faculty member over an absence related to a religious holy day. If a student and an instructor disagree about the nature of the absence being for the observance of a religious holy day, or if there is a disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the President or the President's designee. The President or the President's designee must take into account the legislative intent of Education Code Section 51.911. The student and instructor shall abide by the decision of the President or the President's designee. The academic dean of each college serves as the President's designee to hear requests for decisions on these matters from either the faculty member or the student. Any questions concerning this policy should be directed to the office of the Dean of Students.

Number of Drops

In 2007, the Texas Legislature enacted Senate Bill 1231, which provides that, except for specific instances of good cause, undergraduate students entering as first time freshmen at a Texas public institution of higher education in the fall of 2007 or later will be limited to a total of six dropped courses during their undergraduate career.

Under Texas Education Code Section 51.907 "an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education." This law applies to courses dropped at public institutions of higher education in Texas, including community and technical colleges, health science centers that offer undergraduate programs, and universities. Some courses will not count against the six-drop limit. These include courses dropped at independent or private Texas institutions, courses dropped while the student is still enrolled in high school, developmental courses, non-funded courses or courses dropped at colleges in other states. For the purposes of this law, a "dropped course" is defined as a course that is dropped after the census date, but before the last day to drop.

Dropping Classes/Withdrawing from the University

Dropping a class is an official action whereby students inform Texas State that they will cease attending a class in which they are enrolled while remaining enrolled in at least one credit hour. Withdrawing is an official action whereby a student informs Texas State that he/she will cease attending all classes.

Automatic "W" Deadline – the deadline to receive an automatic "W" grade is the first 60% of the semester.

Drop Deadline – the deadline to drop (remaining in at least one hour) a class is the first 60% of the semester. Special deadline dates will be enforced for courses offered in a different format.

After the drop deadline, students will be unable to drop individual classes and will receive the grade (A, B, C, D, F, U, or I) earned in the course. To initiate an appeal to drop a class or classes after the semester has ended the student must provide:

1. a written letter of appeal and
2. documentation of extremely extenuating circumstances to the appropriate chair(s).

Withdrawal Deadline – the deadline to withdraw (go to zero hours) from Texas State is two weeks preceding final examinations during the fall and spring semesters and one week preceding final examinations during the two parts of summer term.

If a student is withdrawing from Texas State after the automatic "W" period, faculty assign the "W" grade only to those students who have a passing average at the time the withdrawal action is officially completed. Otherwise, faculty members will assign a "U" grade.

Grade Reports

Semester grades are based on the student's written or oral work in a given course. Attendance may also affect the grade. Final grade reports can be accessed thru the university's student information system. Students may print a grade report via https://ssb.txstate.edu.

Grade Symbols

Grades at Texas State are indicated by the following symbols: "A"-excellent; "B"-good; "C"-average "D"-passing; "F"-failing; "U"- unearned failing (student was not academically engaged until end of term) or withdrawn failing; "DA" failure (never attended); "CR"-credit. A grade of "PR" which is temporary and non-punitive, may be assigned in selected courses where the required clock hours needed to complete requirements extend beyond the regular semester or summer session. The "I" grade may be assigned when, due to unusual circumstances beyond the student's control, a significant portion of a course, such as a term paper or final examination, has not been completed. If a student needs to repeat a course or a significant portion of a course, a "W "," F", or "U" grade should be assigned according to regulations governing the assignments of such grades. A "W " grade cannot be assigned if the student has not officially dropped the course within the semester deadlines. An "I" grade from Texas State will not count as hours completed until another grade

is assigned. Twelve months after a Texas State "I" grade is assigned, it will automatically change to an "F" if the course-work has not been completed. An "I" grade transferred from another institution remains as "I" on the Texas State record until an updated transcript is received from the other institution. A grade of "W " is assigned if a student drops a course by the Automatic "W " Drop/Withdrawal Deadline (see University Calendar in this catalog). After the Automatic "W " Drop/Withdrawal Deadline, a "U" or "W " will be assigned depending on whether the student is passing ("W ") or failing ("U") the course at the time the drop/withdrawal action is officially completed. For a complete list of grades currently and previously used at Texas State visit the University Registrar's website at http://www.registrar.txstate.edu/our-services/grades.html.

Grade-Point Average (GPA)

Texas State utilizes the four-point system. The GPA is the total number of grade points earned divided by the number of semester hours attempted. Semester grade symbols have the following values: "A" = 4 points; "B" = 3 points; "C" = 2 points; "D" = 1 point; "F" and "U" = 0 points. Neither hours nor grades are calculated for "I", "CR", "PR", or "W". To maintain an average of "C", grade points divided by semester hours attempted must equal at least 2.00.

The Texas State GPA for all work attempted at Texas State is used to determine whether a student is meeting minimum academic standards. Beginning in the fall of 1991, this Texas State GPA will be calculated by the procedures described in the section titled "Repeating Courses" (see below). Courses taken at other schools will not be included in the GPA at Texas State.

Transcripts

Effective fall 1991, Texas State transcripts will separate transfer course work from Texas State course work. Transfer work will be listed first and will show the number of hours transferred. Texas State course work listed chronologically will follow any transfer course-work. The transcript will show Texas State hours attempted, Texas State hours passed, Texas State grade points and Texas State GPA.

Repeating Courses

Effective fall 1991, a student may repeat a course, but cannot receive credit for the course more than once unless the course description in the catalog specifically provides that the course may be repeated for credit. When a course is taken more than once from Texas State, the second grade (first repeat) and all subsequent grades (repeats) are included in computing the Texas State hours attempted, grade points earned and GPA. W, I, PR, and RP grades are excluded. If the last grade in a repeated course is lower than an earlier grade, the last grade is used to determine whether the course fulfills university requirements. If the last time a course is taken is from another school, that course will meet degree requirements, but the last grade at Texas State counts towards the Texas State GPA. A course taken for transfer credit must be repeated as transfer credit to count as a repeat. When a course is taken more than once from a transfer institution, the second grade (first repeat) and all subsequent grades (repeats) are included in computing the Overall hours attempted, grade points earned and GPA. "W" and "I" grades are excluded.

Change of Grade

An individual course grade may be changed when the involved faculty member certifies to the University Registrar that an error was made in computing the original grade. The grade change must be approved by the department chair/school director and the appropriate college dean. Students who wish to protest a grade earned in a course should first discuss the grade with the instructor. If no resolution is reached, the student may appeal the grade to the department chair/school director. If no satisfactory conclusion can be reached at this level, the student may appeal to the college dean whose decision is final. In accordance with Texas State's records retention policies, a student appeal for a change of grade must be filed no later than 2 years after the grade is issued.

Student Indebtedness

All University property in a student's possession must be returned and all debts to Texas State, including past due indebtedness to loan funds, must be satisfactorily adjusted before the student is eligible to receive a statement of good standing, an official transcript of credit, graduation, or re-admission to Texas State. Moreover, continued failure to adjust such debt may result in the student's losing the privilege of attending class.

Academic Probation and Academic Suspension

Minimum Academic Standards

Students must meet minimum academic standards in work completed at Texas State. Those who fail to do so are placed on academic probation or academic suspension, as appropriate. In determining whether a student is placed on probation or suspension, only grades earned at Texas State are considered.

Academic Probation

Academic probation is an emphatic warning that the quality of the student's work has not met Texas State's minimum academic standards and that the quality must improve during the probationary semester in order for the student to continue at Texas State. A student will be placed on academic probation at the end of the fall or spring semester in which the Texas State GPA is less than 2.00. A student will be removed from academic probation at the end of any long semester or summer term if the Texas State GPA is 2.00 or higher.

Students placed on academic probation are given two probationary semesters (fall or spring terms) to raise their Texas State GPA to 2.00. For example, if a student is placed on academic probation because the Texas State GPA has fallen to 1.85, then at the end of the two following probationary semesters the Texas State GPA must be 2.00 or higher, or the student will be placed on first academic suspension. Grades earned in developmental coursework, in which neither hours nor grades are calculated toward the GPA, will not affect a student's academic standing.

Policies Governing First Academic Suspension

A first academic suspension will be for the first long semester following placement on academic suspension. The academic standing on the transcript will be noted as "Suspension 1".

If there are extenuating circumstances, students may appeal for reinstatement to the appropriate college dean or designee for reinstatement. A student suspended from one college of Texas State may not be reinstated by the dean of another undergraduate college. Deans may, at their discretion, impose conditions regarding course load limits, work load limits, counseling, etc. If the dean denies reinstatement, the student may then appeal to the Suspension Appeals Committee.

Contact the specific college for the deadlines to appeal at both levels. If reinstatement is allowed, the academic standing will be updated on the transcript to "Suspn1-Reinstated on Probation". The transcript will also include the notation "Reinstated for___, Enters on Academic Probation" in the term comments field.

Unless other special conditions are imposed by the dean or the Suspension Appeals Committee, students granted reinstatement and re-admitted on academic probation are given two probationary terms (fall or spring terms) to raise their Texas State GPA to 2.00.

In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under "Academic Probation" explained above.

At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on second academic suspension.

Students who are placed on first academic suspension from Texas State at the end of the spring semester will be:

1. Reinstated by the University Registrar on academic probation for fall if,
   a. they attend the summer term at Texas State,
   b. pass nine semester hours, and
   c. earn a 2.00 *Term* GPA on courses attempted in summer term

Or

2. Considered in good standing for the fall term if,

   a. they attend the summer term at Texas State and

   b. their *cumulative* Texas State GPA is 2.00 or greater at the end of the summer term.

Readmission Following a First Academic Suspension

At the end of the one long semester period for a first suspension, students may apply for readmission to Texas State for the subsequent semester. Students also must apply for readmission to Texas State following an absence of one long semester or more. Students who re-enter Texas State following an academic suspension do so on academic probation. The academic standing on the transcript will be updated to "Suspn1-Reinstated on Probation". For specific regulations, refer to paragraph on "Academic Probation". If the Texas State GPA is less than 2.00 at the end of the second probationary semester, the student will be placed on second academic suspension.

Policies Governing Second Academic Suspension

Students who fail to meet the minimum academic standards defined above will be placed on academic suspension for a second time, for a period of two calendar years. The academic standing on the transcript will be noted as "Suspension 2".

If there are extenuating circumstances, students may appeal to the appropriate college dean for reinstatement. If reinstatement is denied, students may then appeal to the Suspension Appeals Committee. Contact the specific college for the deadlines to appeal at both levels. If the appeal is approved, students may return to Texas State on academic probation, subject to special conditions imposed by the dean or the Suspension Appeals Committee regarding course load limits, work load limits, counseling, etc. The academic standing on the transcript will be updated to "Suspn2-Reinstated on Probation". The transcript will also include the notation "Reinstated for___, Enters on Academic Probation" in the term comments field. If reinstatement is allowed after one long term, prior to the end of the second calendar year, students must apply for re-admission to Texas State (refer to Program D in the Admissions section). In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under "Academic Probation" explained previously. At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on a third academic suspension.

Readmission Following a Second Academic Suspension

At the end of the two-year period for a second academic suspension, students may apply for re-admission to Texas State (refer to Program D in the Admissions section). Students who re-enter Texas State following an academic suspension do so on academic probation. The academic standing on the transcript will be updated to "Suspn2-Reinstated on Probation".

Policies Governing Third Academic Suspension

Students who fail to meet the minimum academic standards defined above will be placed on academic suspension for a third time. Students on a third suspension may not continue at Texas State. The academic standing on the transcript will be noted as "Suspension 3".

If there are extenuating circumstances, students may appeal to the appropriate college dean for reinstatement. If reinstatement is denied, students may then appeal to the Suspension Appeals Committee. Contact the specific college for the deadlines to appeal at both levels. If the appeal is approved, students may return to Texas State on academic probation, subject to special conditions imposed by the dean or the Suspension Appeals Committee regarding course loads limits, work load limits, counseling etc. The academic standing on the transcript will be updated to "Suspn3-Reinstated on Probation". The transcript will also include the notation "Reinstated for___, Enters on Academic Probation" in the term comments field. If reinstatement is allowed after one long term, students must apply for re-admission to Texas State (refer to Program D in the Admissions section). In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under "Academic Probation" explained previously. At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on another third academic suspension.

Effect of Suspension on Correspondence or Extension Courses

While on suspension, students may complete a correspondence course in which they enrolled prior to suspension. Students may not enroll in an extension or correspondence course from Texas State while on suspension.

Registering at Another Institution During Suspension

Students who have been placed on academic suspension are not prohibited from registering at another institution; however, such academic work will not change the GPA used for calculating probation and suspension, since only those grades earned at Texas State are calculated in determining probation-suspension status. Students who enroll for 30 or more semester hours at another institution while on suspension from Texas State will be considered transfer students if they return and will be required to have a 2.25 GPA in that work for re-admission.

Exceptions

Cases in which the circumstances are not covered by the above regulations shall be handled at the discretion of the director of Undergraduate Admissions and the college dean.

Degree and Graduation Policies

Request for Degree Audit

After completing 45-60 semester hours, students should request a degree audit through the college academic advising center or through their major department/school, as determined by college guidelines. When the audit is approved by the appropriate college dean or dean's representative, it will list all courses required for graduation. Students also have the option to run their own unofficial audit at any time before seeing their advisor. The audit should be used to determine which courses to take at each registration.

It is highly recommended that students see their academic advisors to review their degree audits within their last 30 hours prior to graduation. Students need to verify that they are meeting the appropriate degree requirements including coursework and grade-point averages in all courses taken at Texas State and in the major and minor fields of study. If any of the grade-point averages are below the minimums required for graduation, the degree audit can be used in deciding how to raise the averages in the remaining course-work.

The college dean has the final approval and appeal for all graduation requirements, including but not limited to degree audits, grade point average, courses, prerequisites, graduation application, transfer credit, residency, catalog time limit and designation.

Teacher Certification

Any degree that includes preparation for becoming a Texas certified teacher will have special degree and graduation requirements. Please refer to the degree requirements under the appropriate College's section and to the Teacher Preparation Program (p. 234) section of this catalog.

Application for Graduation

Students must indicate their intent to graduate through applying for graduation at the beginning of their final long semester or summer session I for August graduation by completing the graduation application using the online application in Self Service Banner. If a student fails to complete the required courses in time for a planned graduation, the student must reapply for the next graduation. Failure to apply for graduation on time may delay the awarding of the diploma until the following graduation. To allow for the receipt and processing of official transcripts in a timely manner, students taking off-campus courses in their final semester should make sure that the office of Undergraduate Admissions receives official transcripts as soon as they are available from the sending institution.

Minimum Degree Hours and Advanced Hours

All undergraduate degrees at Texas State require a minimum of 120 semester hours, including 36 advanced hours (junior and senior level courses).

Residency Requirements

To qualify for graduation with a bachelor's degree, a student must complete, through Texas State coursework, at least 25 percent of the minimum number of semester hours required for the degree; within this requirement, at least 24 semester hours must be advanced (junior or senior) and at least 12 hours of the advanced work must be completed in the major at Texas State. Additionally, at least 24 semester hours of the last 30 hours completed that are required for the degree must be taken at Texas State. Correspondence, extension, and off-campus coursework completed through Texas State may be applied toward residency requirements. Credit-by-examination may not be applied toward residency.

Writing Intensive Requirement

Certain Texas State courses are designated as "writing intensive" and are labeled as (WI) in this catalog and the schedule of classes. In order to achieve this status, at least 65% of the course grade must be based on written assignments and a minimum of one extended piece of writing must be required. All undergraduate degrees at Texas State require a minimum of 9 credit hours of writing intensive courses for graduation. Writing intensive credit must be taken at Texas State.

Minimum Grade-Point Requirements for Graduation

Before graduating from Texas State, first and second baccalaureate students must satisfy the following minimum grade requirements:

1. A Texas State GPA of 2.00
2. A GPA of 2.25 in the major(s)
3. A GPA of 2.00 in the minor(s)

NOTE: Individual departments/schools as well as degree programs with Teacher Certification may have higher requirements listed in their sections of this catalog.

Maximum Elective Hours in Courses for the Major or Minor

No more than six semester hours within a major or a first teaching field may count as electives after the minimum requirements of the major or teaching field are fulfilled. Likewise, no more than six semester hours may be counted as electives in a minor or second teaching field once the minimums have been met. Approval of elective credit beyond these maximums must be granted by the appropriate college dean. If the degree program requires electives, the number of free elective hours a student will complete depends on the number of hours a student may

need to achieve the minimum hours, and/or the 36 advanced total hours required.

Second Bachelor's Degree

A second bachelor's degree may be earned by completing a minimum of 30 additional semester hours as recommended by the chair/director of the student's major program/department/school and subject to the approval of the appropriate college dean. Students earning second bachelor's degrees subsequent to receiving the first bachelor's degree are eligible for graduation with honors if they complete 54 or more hours at Texas State in pursuit of the second bachelor's degree. Residency requirements (as indicated above) apply except that the advanced semester hours required are determined by the dean.

For students who have already completed a first baccalaureate degree at an accredited college or university, with the approval of the department chair/school director and the college dean, the core curriculum requirements for that degree may be accepted in lieu of Texas State's general education core curriculum. However, requirements associated with particular degrees, e.g., completion of the second semester of a modern language for a Bachelor of Arts degree, or Legislative requirements, e.g., history and government course requirements, must be included in an approved program for a second baccalaureate degree.

Dual Bachelor's Degrees

If two bachelor's degrees are conferred simultaneously, the student must complete a minimum of 30 hours beyond the requirements of the single degree. Degree audits must be filed in the office of both college advising centers. Graduation will occur when the student has completed requirements for both degrees. Students completing dual bachelor's degrees receive two diplomas.

Double Majors

A student who fulfills the specified requirements for two different majors authorized under a single degree has completed a double major and will receive a single diploma. Both majors appear on the diploma.

Time Limit for Earning a Degree

Students may graduate under the requirements for the degree set forth in the Texas State catalog in force during the session in which they first enroll, provided they graduate within six years from the end of the session. Transfer students who have been assigned a Texas State catalog based on their first semester at a Texas junior college have six years from the end of the semester upon which their catalog designation was based to graduate, not six years from their initial semester at Texas State. After the expiration of such a period of time, students may have to meet requirements outlined in the current catalog. "Requirements for the Degree" refers to the pattern of courses and grade-point averages required for graduation. It does not include other rules and regulations such as probation and suspension criteria, requirements for admission to courses or programs, etc.

Transfer Credit from Two-Year Colleges

Texas State will apply to a degree up to 66 hours from an accredited junior/community college. (At the approval of the individual college dean, 6-8 hours may be added.) At the time of transfer, all transferable work attempted at a junior/community college will be recorded on the official transcript. If the number of hours transferred from a junior college exceeds 66, the student's chair or director will recommend to the college dean how the student will satisfy degree requirements.

Athletics Certification

J.C. Kellam Building Room 840
Telephone: 512-245-8148 Fax: 512-245-1757

The Athletics Certification office is responsible for obtaining, evaluating and documenting the academic credentials for approximately 400+ student-athletes in accordance with National Collegiate Athletic Association (NCAA) and Sun Belt Conference eligibility rules. This office provides the official certification of eligibility documentation to the Texas State Department of Athletics.

Academic Honors

Dean's List

To be eligible for the Dean's List at the close of any fall or spring semester, an undergraduate student must have earned a minimum GPA of 3.5 in that semester on at least 12 credit hours. Hours and grades earned through Texas State correspondence, testing and developmental courses are not counted in the hours required to be eligible for Dean's List nor in the GPA calculation for Dean's List. Extension courses and Graduate courses do count for Dean's List calculation.

Graduation with Honors

Students earning a GPA of 3.40-3.59 will graduate *cum laude*; 3.6-3.79 will graduate *magna cum laude*; 3.8-4.0 will graduate *summa cum laude*. Calculation of the GPA to determine honors status is based on all Texas State University coursework applied to the first baccalaureate degree, including work completed in the final semester. Effective summer 2012, to be eligible for graduation with honors, a student seeking a baccalaureate degree must have completed a minimum of 54 semester credit hours preceding graduation at Texas State.

Hours earned through Texas State correspondence courses and extension courses are counted in the hours required to be eligible for honors and in the GPA calculation for honors. Hours earned through Texas State credit-by-examination, work/life experience, and other courses receiving "CR" (pass/fail) grades are counted in the hours required to be eligible for honors, but do not count in the GPA calculation. Remedial courses with a "CR" grade and graduate courses are not counted in either the hours required or the GPA calculation for honors.

Transfer students who have earned at least 54 semester hours at Texas State are eligible to graduate with honors if their Texas State GPA meets the above criteria. Students earning second baccalaureate degrees are eligible for graduation with honors if they complete 54 or more hours at Texas State in pursuit of the second degree.

Honor Societies

The following honor societies are open to qualified Texas State students. More information may be obtained through the Student Organizations Council (SOC). For a complete list of all Honor Societies, see the *get involved* website at www.getinvolvedlbjsc.txstate.edu (http://www.studentorgs.txstate.edu).

Alpha Chi

Alpha Chi is a national honor society which promotes academic excellence and exemplary character among undergraduate college and

university students and honors those who achieve such distinction. To qualify for membership, a student must be a first-time undergraduate, a junior or senior (having attained no less than 60 credit hours), have a minimum Texas State GPA of 3.50 on at least 45 semester hours at Texas State. Graduate students with a 4.0 and at least 15 hours of graduate course-work at Texas State also qualify for Alpha Chi membership. Alpha Chi is the oldest honor society at Texas State, founded in 1922. Membership in the honor society is indicated on the student's transcript. For more information, contact Dr. Ronald Brown at RonBrown@txstate.edu.

Alpha Lambda Delta

Alpha Lambda Delta is a national academic honor society for freshmen that honors academic excellence during a student's first year in college. Its purpose is to encourage superior academic achievement, to promote intelligent living and a continued high standard of learning, and to assist women and men in recognizing and developing meaningful goals for their roles in society. Membership is open to all freshmen who are registered for a full course of study leading to a bachelor's degree, who achieve a minimum scholastic average of 3.50 (based on grades of the first full semester or on the cumulative average of the first year in college), and who have paid the initiation and lifetime membership fee. For more information, contact Melanie Liddle at ml45@txstate.edu (dm14@txstate.edu).

Golden Key National Honor Society

Golden Key recognizes and encourages scholastic achievement and excellence in all undergraduate fields, supports the faculty and administration in developing and maintaining high academic standards, provides economic assistance by means of annual scholarships, and promotes altruistic conduct through volunteer service to Texas State and community. The Golden Key National Honor Society accepts students who have a minimum cumulative GPA of 3.40, have completed 60 college hours (25 of which must have been taken at Texas State), have filed a Member Data Form, and have paid the initiation and lifetime membership fee.

The Honor Society of Phi Kappa Phi

Phi Kappa Phi is the nation's oldest, largest, and most selective collegiate honor society for all disciplines. This prestigious honor society was chartered at Texas State in 2013 and 30 members of the faculty, staff, and administration signed the charter petition. To qualify for membership, undergraduates must be juniors who are in the top 7.5 percent or seniors in the top 10 percent of their respective classes. Graduate students must rank in the upper 10 percent of their class. Students who are invited to become members may join by paying the initiation and membership fee and participating in an induction ceremony. In addition to numerous membership benefits, the national organization awards over $1 million in scholarships and fellowships each biennium. The local chapter website is http://www.txstate.edu/honors/phikappaphi.html

Multicultural Course Designation

In support of an increasingly diverse student body, Texas State is dedicated to increasing multiculturalism in the curriculum. Thus, courses are identified in the catalog and schedule of classes that offer students an opportunity to enhance their multicultural competence.

Classification System

The multicultural classification system helps Texas State track multicultural courses to determine the level at which it is providing U.S. and international diversity issues in the curriculum. The system is an accountability measure that is used as a tool to help departments/schools and colleges communicate diversity infusion to faculty, staff, students, and the community through published data reports. The classification system recognizes the significance of multicultural content and multicultural perspectives. Students benefit from multicultural content as well as perspectives.

Definitions

Multicultural Content (MULT): Courses with 60 percent multicultural content (U.S. or international.)

Multicultural Perspective (MULP): Courses using a variety of strategies to encourage multicultural literacy, including content, instructional strategies, assessment, and classroom interactions. (When this is the only classification noted, the content is less than 60 percent).

Correspondence Self-Paced Studies

302 Academic Services Building North
www.correspondence.txstate.edu (http://www.correspondence.txstate.edu)
Telephone: 512-245-2322 Fax: 512-245-8934
Toll-free: 800-511-8656

When family, jobs, business travel, and other commitments compete for time, and students find it is difficult to schedule traditional classes, correspondence self-paced study offers a solution. Courses are offered through various disciplines such as art, humanities, health-related fields, mathematics, psychology, modern languages, and sociology. A complete list of currently available courses may be found on the Correspondence Self-Paced Studies (http://www.correspondence.txstate.edu) website. Students may enroll in courses at any time of the year and take up to six or nine months to complete them, depending on the courses. All courses are offered online and require an email account and online access to complete assignments.

How Correspondence Self-Paced Study Works

Each course gives students step-by-step instructions for completing the required lessons and includes study tips, topic discussions, assignments, and other pertinent course information. While there are often guides and support, students are responsible for managing their own progress through the course. The instructor provides feedback on assignments and answers student questions. Most courses have proctored examinations, and many have two or more examinations. All proctored examinations must either be administered at Texas State in the Testing, Evaluation, and Measurement Center (TEMC) or, for those students who live outside the area, administered by an approved exam proctor.

General Regulations

The following regulations govern correspondence self-paced study at Texas State:

- Students do not have to be currently enrolled or admitted to a college or university to take a correspondence self-paced course.

- Enrollment in a correspondence self-paced course does not constitute official admission to Texas State.
- Texas residents or persons attending public colleges or universities in Texas are subject to compliance with Texas Success Initiative Program (TSIP) regulations.
- Before accepting correspondence self-paced course enrollments from students residing outside of Texas who are not planning on relocating to Texas, Texas State must be in compliance with the distance learning regulations of the states in which students reside. Students may visit the State Authorization page (http://www.distancelearning.txstate.edu/state-authorization.html) to determine whether Texas State may accept student enrollments from particular states.
- It is the student's responsibility to ensure that all prerequisite requirements have been met. Prerequisite requirements for all courses are listed in the course information on the office's website. Non-Texas State students will be required to provide transcripts to confirm prerequisites and TSIP requirements have been met.
- Texas State correspondence self-paced courses are applicable toward Texas State degrees. A maximum of 18 hours of correspondence credit may be applied toward a bachelor's degree.
- All assignments and exams must be completed to receive credit. The grading criteria for each course are stated on the course site.
- Correspondence course grades are calculated into students' Texas State GPA and included in the review for graduation with honors. Hours and grades earned through Texas State correspondence courses are not counted in the hours required to be eligible for Dean's List nor in the GPA calculation for Dean's List.
- A minimum of five business days must be allowed after a course has been completed for a grade to be reported on a Texas State transcript.
- Students on active suspension from Texas State are not eligible to enroll in correspondence self-paced courses.
- If enrollment in correspondence self-paced courses creates an academic overload, students must have prior, written approval of their college dean or department chair/school director.
- Correspondence self-paced courses completed through Texas State are applicable toward residency requirements.

Extension Studies

302 Academic Services Building North
www.extension.txstate.edu (http://www.extension.txstate.edu)
Telephone: 512-245-2322 Fax: 512-245-8934
Toll-free: 800-511-8656

The Office of Distance and Extended Learning offers many college courses not normally offered through the academic departments/schools. Extension courses may be offered on campus, online, hybrid/blended, or as part of a faculty-led Study-in-America or Off-Campus program. The times and locations for such courses depend on student need, faculty availability, and demand.

The following regulations govern Texas State extension study:

- Enrollment in an extension course does not constitute official admission to the university.
- Students from other institutions who wish to transfer extension credit should obtain prior approval of their home institution.
- If enrollment in extension courses will create an academic overload, students must have prior, written approval of their college dean and department chair/school director.
- Transcript records are maintained for all credit earned by extension.
- A maximum of thirty semester hours for Texas State credit may be completed through a combination of correspondence, extension, and study abroad courses.
- Students on active suspension from Texas State are not eligible to enroll in courses for extension credit.
- Texas residents or persons attending public colleges or universities in Texas are subject to compliance with Texas Success Initiative Program regulations.
- Students are responsible for ascertaining whether or not credit for an extension course will apply to a particular program and whether or not it will transfer to another institution.
- Extension courses completed through Texas State are applicable toward residency requirements.
- Texas State University must be approved to accept student enrollments from a student's state of residency, for a student who is residing outside of the state of Texas and who is not planning to relocate to Texas before beginning an online extension course. Students may visit the State Authorization page (http://www.distancelearning.txstate.edu/state-authorization.html) to determine whether Texas State may accept student enrollments from particular states.

Study Abroad

Thornton International House
344 W. Woods Street
www.studyabroad.txstate.edu (http://www.studyabroad.txstate.edu)
Telephone: 512-245-1967 Fax: 512-245-1644 Email: studyabroad@txstate.edu

A study-abroad experience expands students' intellectual and personal development as they become immersed in other cultures. Students gain a critical self-awareness, an appreciation for a multicultural world, and a clearer understanding of their own culture. Study abroad prepares students to assume their role as responsible world citizens and to succeed professionally in today's global economy.

The Study Abroad Office offers students the opportunity to participate in a variety of study abroad programs in hundreds of locations around the world. The academic credit students earn may be applied toward a degree at Texas State. Some of these programs involve direct enrollment in an overseas institution, while other programs are led by Texas State faculty.

Through Texas State Study Abroad Programs, students can spend from one week to a full academic year in another country either learning another language, concentrating their studies related to a specific topic in their field of study, or participating in an internship. Texas State Study Abroad Programs include a variety of activities that allow students to learn and experience the culture of the host country. In some of these programs students have the opportunity to live with a host family and become totally immersed in the culture of the host country for a more comprehensive learning experience.

Program locations vary from year to year. Students may learn more about these programs from current information located on the Study Abroad website.

A Study Abroad Fair, as well as many other events and presentations, are held throughout the year to provide information to students interested in studying, teaching, interning, working and/or researching abroad.

Financial Assistance for Study Abroad Programs

Most of the financial aid that students would normally receive for studying at Texas State may be applied toward Texas State Study Abroad Programs. Additionally, there are many schools and study abroad providers that offer financial aid for attending their programs. If a student is receiving federal or state financial aid, it is recommended that the student speak with a representative of the Texas State Office of Financial Aid and Scholarships to determine the application of such aid to any study abroad program and the possible adjustment to meet the student's needs.

The Study Abroad Office also has information on scholarships that are available to students who plan to study abroad. At Texas State, students are eligible for the International Education Fee Scholarship (IEFS) as well. The IEFS is funded through the student service fee account. The scholarships are distributed in a competition open to all undergraduate and graduate Texas State students, including international students, who meet the established eligibility requirements.

Continuing Education

302 Academic Services Building North
www.txstate.edu/continuinged (http://www.txstate.edu/continuinged)
Telephone: 512-245-2507 Fax: 512-245-8934
Toll-free: 800-511-8656

The Office of Distance and Extended Learning works in cooperation with academic colleges, schools, departments, and programs to extend the resources of Texas State beyond the traditional campus classroom. Professional staff in the Office of Distance and Extended Learning collaborate with faculty, staff, and external providers to offer seminars, workshops, conferences, and short courses that align with the educational and marketable skills needs of the many communities Texas State serves. The Office of Distance and Extended Learning plans, budgets, markets, collects fees, manages registration, and ensures ongoing improvement of continuing education programming through regular evaluation and review.

These programs are generally non-credit in nature. Some programs receive Continuing Education credits, and those who successfully complete these designated programs are awarded Continuing Education Units (CEU). One CEU is awarded to a person who completes a ten-contact-hour program.

Texas Certified Public Manager Program

www.txstate.edu/cpm (http://www.txstate.edu/cpm)
Telephone: 512-245-3453 Fax: 512-331-7293

Texas State has been officially designated by the National Consortium of Certified Public Managers (CPM) to offer this program in Texas. The CPM Program offers a systematic training program to enhance the quality and efficiency of management in government and to improve professionalism and effectiveness of government managers. Individuals may enroll at any time during the year; programs are held approximately every two to three months depending on location. Admission to Texas State is not required. Courses may be completed for academic credit.

The CPM program is a nationally accredited comprehensive statewide management development program specifically for managers in federal, state, and local government and for managers in the not for profit sector. The program's primary goal is to improve the performance of public and not for profit sector managers and the organizational performance of state, local, and federal government. It is a comprehensive course of study by which public managers can acquire and apply the best practices and theory to their management behaviors and strategies using prescribed sets of professional standards. The curriculum uses theory as the foundation and applies it to practical problems facing the participant, their agency/department, and the citizens. Those who complete the program earn a national trademark designation of CPM (Certified Public Manager®).

The Texas CPM Program, a 7-course sequence which leads to a nationally accredited public manager certification, is offered by Texas State University's William P. Hobby Center for Public Service.

International Office

Thornton International House
344 W. Woods Street
www.international.txstate.edu (http://www.international.txstate.edu)
Telephone: 512-245-7966 Fax: 512-245-8264

The mission of the International Office is to support the comprehensive internationalization goals of Texas State University and assist the university in developing and maintaining an internationally diverse student body, faculty, and staff by:

- Serving as immigration and cultural advisors to international students and scholars; advocating on their behalf, and providing services and information that facilitate their cultural adjustment, social integration, retention and success;
- Assisting the university at large, international students, scholars, alumni, faculty and staff in particular, in complying with various governmental policies and regulations;
- Contributing to the research and teaching mission of the university by assisting with employment authorization for distinguished international scholars, faculty and staff;
- Promoting global awareness and internationalization at the university by facilitating international agreements, and by administering international programming through hosting and sponsoring international events.

Health Insurance Requirement for F-1 and J-1 International Students

F-1 and J-1 international students are required to obtain coverage under the designated international student health insurance policy or apply for a waiver and present acceptable proof of other comparable and adequate health insurance coverage. International students must maintain continuous health insurance coverage from the time of enrollment to the time of completion of their degree program at Texas State or until transfer to another institution of higher education.

International students required by UPPS No. 07.09.04 to have health insurance as a condition of enrollment may apply for an online insurance waiver each semester if they can provide proof of coverage with an insurance plan providing at least the minimum coverage specified

in sections 04.01 and 05.01 of UPPS No. 07.09.04. Acceptable proof of coverage is limited to (1) the university-endorsed student health insurance plan, (2) government-sponsored plan, or (3) U.S. employer-sponsored plan. The amounts of coverage must appear in U.S. dollars on the proof of coverage provided. The insurance must be underwritten by an insurer with an established record of claims payment in the United States. International students seeking to obtain an insurance waiver must provide the appropriate documentation by the published deadlines using the online waiver system provided by the health insurance administrator. Waiver requests after the waiver deadline will not be accepted.

Exchange students are not eligible to submit a waiver and must purchase the International Student Health Insurance plan.

Email notifications will be sent to the student's Texas State email account regarding the health insurance requirement each semester. Information is available at: http://www.international.txstate.edu/current/Health-insurance-.html.

Students who do not meet this requirement by the deadline date, will have a "Hold" placed on their student account. A "Hold" will prevent them from changing classes, registering for the next semester classes, applying for OPT, and receiving your diploma. The health insurance hold can jeopardize F-1 status due to not maintaining F-1 requirements of enrollment. After this deadline, students will only be able to have their "Hold" removed by showing proof of purchase and enrollment in the student health plan. An email copy of the payment receipt or email confirmation from Academic Health Plan will need to be sent to intlhealth@txstate.edu in order for a hold to be removed.

For more information on the international student health insurance requirement and deadlines see here: http://policies.txstate.edu/university-policies/07-09-04.html.

Contact the International Office at intlhealth@txstate.edu for questions about this requirement.

Texas State Intensive English Program

Thornton International House
344 W. Woods Street
www.txstate.edu/ie (http://www.txstate.edu/ie)
T: 512-245-7810 F: 512-245-3752

The Texas State Intensive English (TSIE) Program offers non-credit and credit university intensive English-as-a-Second-Language (ESL) courses for students who:

- want to improve their command of the English language before/during entering college or university-level programs of study;
- are international students participating in exchange through the Study Abroad Program, academic programs at both graduate and undergraduate levels or a visiting scholar program; or
- would like to polish their English language abilities for academic readiness, test preparation, self-improvement and/or cultural integration.

Beginning, intermediate, and advanced classes, emphasizing academic reading, writing, listening, speaking, and American Culture are offered during the fall, spring, and summer sessions.

Round Rock Campus

1555 University Blvd.
Round Rock, TX 78665-8017
www.rrc.txstate.edu (http://www.rrc.txstate.edu)
T: 512-716-4001

Texas State University offers daytime and evening classes in Williamson County and north Austin for students interested in completing a bachelor's or graduate degree. From its inception, the Round Rock Campus (http://www.rrc.txstate.edu) (RRC) has offered classes after 5:00 p.m. one night per week for the working or adult student. In addition to admissions and advising services, the RRC also provides computer technology assistance, library resources, success workshops, and convenient parking. Students who complete their degree requirements at the RRC are Texas State University students who meet all the same admissions and graduation requirements as students at the San Marcos campus.

The RRC offers junior- and senior-level classes to complete a bachelor's degree in 12 programs as well as 12 graduate degree programs and 5 post baccalaureate certificate programs. As new programs are relocated to the RRC, many of these are offered as daytime programs. Students may enroll in hybrid and online courses and, if they choose, can complete their freshman- and sophomore-level classes at the San Marcos campus, at a community college or at some other accredited institution before transferring to the RRC.

Undergraduate Degree Programs

To register for classes at the Round Rock Campus, students must have completed their sophomore year or have earned at least 45 transferable hours. The 45 hours of credit must be from one of the several bachelor's (http://www.rrc.txstate.edu/about/programs/bachelors.html) degree programs (http://www.rrc.txstate.edu/about/programs/bachelors.html) offered by the RRC. Students who intend to complete the junior- and senior-level classes at the RRC will follow the same application process (http://www.rrc.txstate.edu/prospective/starting.html) as other applicants to Texas State. Because the advising and orientation processes are unique to the RRC it is important to contact RRC student services as soon as possible.

Graduate Degree Programs

The RRC offers 12 master's degree programs (http://www.rrc.txstate.edu/about/programs/masters.html). For more information about admissions requirements and application procedures as well as the list of programs, call, visit or email the address above.

Academic Services

The Academic Services offices, and units (Testing, Evaluation, and Measurement Center [TEMC], Academic Testing for Students with Disabilities [ATSD], and Student Learning Assistance Center [SLAC]) reporting to the office, provide supplementary, essential services to students, faculty, and administration at Texas State. Specifically, administration of specific credit and non-credit testing, institutional testing for students with disabilities, supplementary instruction and enhancement of student academic performance, and coordination of the undergraduate general education core curriculum are provided through Academic Services.

Student Learning Assistance Center

Alkek Library 411
T: 512.245.2515 F: 512.245.3002
www.txstate.edu/slac (http://www.txstate.edu/slac)

Texas State's Student Learning Assistance Center (SLAC) provides a wide range of academic support programs. Whether students are seeking help with course content, study skills, or test preparation, SLAC provides a variety of services including a walk-in tutoring lab, the Tutor Corps, Supplemental Instruction, campus presentations, and online services.

The SLAC Learning Lab provides academic assistance in accounting; sciences such as physics, biology, and chemistry; English; statistics; computer information systems; history; philosophy; languages such as Spanish; and a number of math courses. The Lab also contains study materials, handouts, and computer-assisted instructional software on a wide range of topics and levels, from correcting comma splices to preparing for graduate school. In addition to the Learning Lab, SLAC also houses Texas State's Tutor Corps, a veteran-to-veteran tutoring initiative providing academic support in a variety of courses.

Students may also visit SLAC for assistance in preparing for the admissions tests for graduate (GRE), law (LSAT), and business (GMAT) colleges as well as local tests such as the School of Journalism and Mass Communication's Punctuation, Usage, and Grammar (PUG) exam.

Supplemental Instruction, a nontraditional approach to collaborative learning, provides structured group study for students in historically difficult courses. Supplemental Instruction Leaders (SI's) act as role models and facilitate multiple study sessions per week in order to assist students, not only with course content, but also with the development of positive study skills and habits.

SLAC staff members also provide informational and interactive presentations on test-taking and anxiety management, learning styles, time management, note-taking, and other topics. Upon request, SLAC's staff will design specialized programs on study skills and academic improvement to fit the needs of a campus club, organization, or professor. In addition, SLAC works to facilitate the College Note-Taking session of BOBCAT Preview by showing incoming freshmen proper techniques and giving tips for successfully negotiating a college lecture.

SLAC also provides Texas State students with a number of online resources. By visiting www.txstate.edu/slac (http://www.txstate.edu/slac), students can access the Learning Lab's tutoring schedule and hours, times and locations of Supplemental Instruction sessions, information regarding becoming a lab tutor or SI Leader, content area handouts, and test preparation materials. SLAC also maintains an Online Writing Lab (OWL), providing tutoring in an electronic format accessible via email.

Testing, Evlatuation, and Measurement Center (TEMC)

Commons Hall Ground Floor
T: 512.245.2276 F: 512.245.2903
www.txstate.edu/temc (http://www.txstate.edu/trec)

The Testing, Evaluation, and Measurement Center (TEMC) includes a testing center offering a variety of academic tests, including:

1. TSI Assessment (Texas Success Initiative Assessment)
2. THEA IBT (Texas Higher Education Assessment - Internet-Based Test)
3. ATI TEAS (Assessment Technologies Institute Test of Essential Academic Skills)
4. PUG (Punctuation, Usage and Grammar)
5. CLEP (College Level Examination Program)
6. Departmental Examinations-for-Credit
7. Correspondence Exams
8. Proctored exams for other institutions
9. DSST exams (DANTES Subject Standardized Tests)

Note: Texas State University does not generally accept DSST exams for credit (with the possible exception of the Applied Arts and Sciences program in the Department of Occupational, Workforce, and Leadership Studies.)

Credit-by-Examination

Credit may be earned by achieving a sufficient score (as determined by the relevant academic department of Texas State University) on any of several exams and submitting official score reports to the Testing, Evaluation, and Measurement Center (TEMC), or by submitting a transcript from another college or university to Undergraduate Admissions documenting credits awarded there through examination.

Sufficient scores on the following examinations may be applied for credit:

1. CLEP (College Level Examination Program),
2. AP (College Board Advanced Placement Examination Program),
3. IB (International Baccalaureate Program), and
4. certain established departmental examinations (administered by TEMC or by the relevant academic department)

Credit established in this manner through TEMC will be recorded as "credit only" (CR) on the transcript and will not affect the GPA, except that Texas State University recognizes superior scores for CLEP exams in French, German, and Spanish language by awarding letter grades of A or B according to the Credit & Grade Awarding Table (http://gato-docs.its.txstate.edu/jcr:66a642e2-d487-41c4-b3d2-c798d1c004bd/ltrgrds.clep.modlang.pdf). Letter grades for the French, German, and Spanish language CLEP exams are optional, and may be recorded as CR at the student's request.

Evidence of credit by any examination must be evaluated by TEMC before it can be entered on a transcript. More detailed materials on this and other TEMC programs are available at the TEMC website, www.txstate.edu/temc/ (http://www.txstate.edu/temc).

Credit earned by exam satisfies degree requirements in the same way as credit earned by passing courses does except that it does not count as credit earned in residence

Academic Testing for Students with Disabilities

Academic Testing for Students with Disabilities (ATSD) is the office within TEMC that provides academic testing services (course exams and quizzes) for students who are currently registered with and approved by the Office of Disability Services (ODS) to receive accommodations when testing. Some examples of testing accommodations provided by

ATSD include extended time, reduced distraction environment, use of a computer, and use of a reader and/or scribe.

Note that before a student can sign up to take a test at ATSD, the need for testing accommodations must be approved by ODS, and only those accommodations designated by ODS will be provided. ATSD works closely with ODS and the other parts of TEMC to provide the most secure, up-to-date, and reduced-distraction testing environment possible to all students registered with ODS.

General Education Core Curriculum

In order to acquire the fundamental skills and cultural background that are the marks of an educated person, all undergraduate students at Texas State complete a 42 semester credit hour program of general education core curriculum courses, which serves as the common foundation for all majors and accounts for about 35 percent of the approximately 120 semester credit hours required for a bachelor's degree.

At the end of the bachelor's program, the student is prepared not only in a departmental field of study, but also in the general abilities of critical thinking, communication, empirical and quantitative skills, teamwork, personal responsibility and social responsibilities that remain universally useful skills in a rapidly changing world. Texas State graduates have the raw materials to build solutions as they fulfill career and civic responsibilities.

A list of courses and course choices that fulfill the general education core curriculum is given below. In many cases, the academic plans of various Texas State colleges, schools, departments, degrees, majors, and certifications modify or exceed these standards, so students are urged to carefully examine all sections of this catalog, which apply to the academic program of their choice.

Students transferring from Texas public institutions of higher education may have to fulfill only those portions of the general education core curriculum not completed at their previous institutions. Students from private or out-of-state institutions or those who took coursework before this core curriculum was put into place (Fall 2014), will have their coursework evaluated to determine if it is equivalent to that required at Texas State.

For all undergraduate students, specific major requirements may override those in the core curriculum. Those who have completed the core requirement for college math, for instance, may have to complete Calculus if such is required by their major. In all cases, the major and core requirements applicable are those in the catalog year to which the student is assigned. A list of general education core requirements at all Texas public institutions of higher education is available online at http://www.thecb.state.tx.us/apps/tcc/.

General Education Core Curriculum Components

Communication Component Code 010 (6 semester credit hours)

Code	Title	Hours
Select two of the following:		
ENG 1310	College Writing I	
ENG 1320	College Writing II	
HON 2301A	Writing to Change the World	
HON 2301B	Writing Yourself into Academia: Creating Portraiture	

Mathematics Component Code 020 (3 semester credit hours)

Code	Title	Hours
Select one of the following:		
MATH 1312	College Statistics and Algebra [1]	
MATH 1315	College Algebra [1]	
MATH 1316	Survey of Contemporary Mathematics [1]	
MATH 1317	Plane Trigonometry [1]	
MATH 1319	Mathematics for Business and Economics I [1]	
MATH 1329	Mathematics for Business and Economics II [1]	
MATH 2321	Calculus for Life Sciences I [1]	
MATH 2417	Pre-Calculus Mathematics [1]	
MATH 2471	Calculus I [1]	
HON 2302A	Elementary Number Theory	
HON 2302B	Graph Theory and Applications	

[1] See Department of Mathematics section of this catalog for enrollment requirements.

Life and Physical Sciences Component Code 030 (6 semester credit hours)

Code	Title	Hours
Select two of the following:		
ANTH 2414	Biological Anthropology	
BIO 1320	Modern Biology I, Molecules, Cells, and Physiology	
BIO 1321	Ecology, Evolution and Society	
BIO 1330	Functional Biology	
BIO 1331	Organismal Biology	
BIO 1421	Modern Biology II, Organisms, Evolution, and Environment	
CHEM 1310	Introductory Chemistry for Non-Science Majors [1]	
CHEM 1330	Chemistry for Non-Science Majors	
CHEM 1335	Engineering Chemistry	
CHEM 1341	General Chemistry I [1]	
CHEM 1342	General Chemistry II	
GEO 1305	Meteorology	
GEOL 1410	Physical Geology	
GEOL 1420	Historical Geology	
PHYS 1310	Elementary Physics	
PHYS 1315	General Physics I [2]	
PHYS 1320	Elementary Physics	
PHYS 1325	General Physics II	
PHYS 1340	Astronomy: Solar System	
PHYS 1350	Astronomy: Stars and Galaxies	
PHYS 1360	Development of Concepts in Physics I	
PHYS 1370	Development of Concepts in Physics II	
PHYS 1430	Mechanics [2]	
PHYS 2425	Electricity and Magnetism	
HON 2303A	Teaching Physical Science to Children	

HON 2303B	Astronomy in Art, History, and Literature
HON 2303C	Building a Greener Future: One Home at a Time

[1] Students will not receive general education core curriculum credit for both CHEM 1310 and CHEM 1341.

[2] Students will not receive general education core curriculum credit for both PHYS 1315 and PHYS 1430.

Language, Philosophy, and Culture Component Code 040 (3 semester credit hours)

Code	Title	Hours
Select one of the following:		
PHIL 1305	Philosophy and Critical Thinking	
PHIL 1320	Ethics and Society	
HON 2304A	The Meaning of Death	
HON 2304B	Eating Animals in America: Historical and Philosophical Perspectives	
HON 2304C	Nonviolence and Sustainable Social Change	

Creative Arts Component Code 050 (3 semester credit hours)

Code	Title	Hours
Select one of the following:		
ART 2313	Introduction to Fine Arts	
DAN 2313	Introduction to Fine Arts	
MU 2313	Introduction to Fine Arts	
TH 2313	Introduction to Fine Arts	
HON 2305A	African American Popular Music: Society, Politics, and Culture	
HON 2305B	Women and Texas Music	
HON 2305C	Italy and Arts of the Islamic World	

American History Component Code 060 (6 semester credit hours)

Code	Title	Hours
Select two of the following:		
HIST 1310	History of the United States to 1877	
HIST 1320	History of the United States, 1877 to Date	
HON 2306A	American History Through Memoirs	
HON 2306B	Baseball and the American Experience	
HON 2306C	America in the 1960s: A History of Movements and Ideas	
HON 2306D	Witches, Whores, Murderers & Thieves: Capital Crime in Early America	
HON 2306E	Early American History Through Biography	
HON 2306F	Rethinking American Exceptionalism	

Government/Political Science Component Code 070 (6 semester credit hours)

Code	Title	Hours
Select two of the following:		
POSI 2310	Principles of American Government	
POSI 2320	Functions of American Government	
HON 2307A	Democracy in America	
HON 2307B	Contemporary Issues in American Politics	

Social and Behavioral Sciences Component Code 080 (3 semester credit hours)

Code	Title	Hours
Select one of the following:		
ANTH 1312	Cultural Anthropology	
ECO 2301	Principles of Economics	
ECO 2314	Principles of Microeconomics	
GEO 1310	World Geography	
PFW 1301	Social and Behavioral Dimensions of Physical Fitness and Wellness	
PSY 1300	Introduction to Psychology	
SOCI 1310	Introduction to Sociology	
HON 2308A	Economic Anthropology	

Component Area Option Codes 090, 091 and 094 (6 semester credit hours)

Code	Title	Hours
Select one of the following courses that satisfy core 090 and 091:		
COMM 1310	Fundamentals of Human Communication	
HON 2309B	Re-Humanizing Communication	
HON 2309F	CS Lewis: Chronicles of a Master Communicator	
HON 2309L	Communication and Consumer Culture	
HON 2309O	Talking Like TED	
And select one of the following courses that satisfy core 090 and 094:		
ENG 2310	British Literature before 1785	
ENG 2320	British Literature since 1785	
ENG 2330	World Literature before 1600	
ENG 2340	World Literature since 1600	
ENG 2359	US Literature before 1865	
ENG 2360	US Literature since 1865	
HON 2309A	Origins of Civilization	
HON 2309C	Great Ideas: Humanities I	
HON 2309D	Magic Realism in the Works of Gabriel Garcia Marquez	
HON 2309E	Preserving Humanity in the Face of Conflict: The War Story Genre	
HON 2309G	Nature and the Quest for Meaning	
HON 2309H	Great Ideas: Humanities II	
HON 2309I	Plotting the American Experience	
HON 2309J	Memoirs from Lives off the Neurotypical Map	
HON 2309K	The Death Plot: Fiction, Memoirs, Poems	
HON 2309M	From Jay-Z to Kendrick Lamar: Politics, Power, and Identity in Hip Hop Literature	
HON 2309N	Don Quixote and the Birth of the Modern Novel	
HON 2309Q	Honors British Literature	

Total General Education Core Curriculum: 42 semester credit hours.

Texas Common Course Numbering

Under Texas Education Code 61.832, the Texas Common Course Numbering System (TCCNS) was developed to facilitate transfer of general academic courses among Texas public institutions. Common courses are included in the Community College General Academic Course Guide Manual, published by the Texas Higher Education Coordinating Board and may be used to determine how freshman and sophomore-level courses transfer from and to Texas public institutions. The statewide TCCN may be accessed at this url: www.tccns.org (https://www.tccns.org)

The common course number has a standardized four-letter prefix followed by a four-digit number, for example, ENGL 1301. The four-letter prefix identifies the subject area. Each digit in the four-digit sequence gives additional information about the course. The first digit identifies the course as either freshman level (1) or sophomore level (2). The second digit identifies the number of credit hours a student will earn upon completion of the course. Most often this digit will be a 1, 2, 3, or 4. The final two digits serve to establish the sequence in which courses are generally taken.

In the course description sections of the catalog, the common course number is shown in parentheses, for example, (ENGL 1301). In most cases, the common course number is also the course number at the community or junior college. For other institutions, if two courses share the same common course number, no matter what their actual institutional number is, they will be accepted as equivalent for transfer. The following is a list of all the common course numbers currently adopted by Texas State. The courses that fulfill Texas State's general education core curriculum requirements are designated with an asterisk.

* Courses that fulfill Texas State's general education core curriculum requirements.

Degree and Program Information

Texas State University offers a full range of programs in applied arts, business administration, education, the fine arts, general studies, health professions, the liberal arts, sciences, and engineering. This section of the catalog gives basic information about the undergraduate degrees, majors, minors, and alternative curricula available at Texas State. Certificate and degree programs are approved in accordance with guidelines provided by the Southern Association of Colleges and Schools Commission on Colleges, the Texas Higher Education Coordinating Board and the Board of Regents of the Texas State University System.

SACSCOC Accreditation

Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) accreditation is institutional in nature. Although many programs are accredited by other agencies, SACSCOC accredits the university as a whole, not specific degrees or programs.

Texas State University Undergraduate Degree Program Information

All undergraduate degrees conferred by Texas State University are based on the satisfactory completion of the following components:

1. Uniform undergraduate degree requirements, which apply to all Texas State undergraduates regardless of their major. These requirements include:

- US 1100 (required for students who enter with fewer than 16 semester credit hours completed after high school graduation),
- Core Curriculum,
- Foreign Language Proficiency,
- Writing Intensive, and
- Residency.

2. College-specific degree requirements, which include:
   - Major,
   - Minor, if applicable,
   - Upper-division hour,
   - Free electives, if applicable, and
   - Grade-point average requirements.
3. Specific degree or program, if applicable.

Special Requirements for the Bachelor of Arts Degree Programs

The following requirements apply to all Bachelor of Arts degree programs.

Minor Requirement

A minor is required and may be selected from any of the Texas State approved minors.

Science Requirement

In addition to completing the mathematics and the life and physical sciences requirements of the general education core curriculum, students must complete one additional science course (3-4 hours) from anthropology (biological anthropology only), biology, chemistry, computer science, geography (physical geography only), geology, mathematics, philosophy (logic only), physics.

Modern Language Requirement

An intermediate level proficiency demonstrated by successful completion of American Sign Language, Arabic, French, German, Italian, Japanese, Latin, Portuguese, or Spanish (2310 and 2320) is required. Most students will need to complete 1410 and 1420 as prerequisites before attempting 2310.

Code	Title	Hours
Select one of the following:		
ASL 2310 & ASL 2320	Intermediate American Sign Language I and Intermediate American Sign Language II	
ARAB 2310 & ARAB 2320	Intermediate Arabic I and Intermediate Arabic II	
CHI 2310 & CHI 2320	Intermediate Chinese I and Intermediate Chinese II	
FR 2310 & FR 2320	Intermediate French I and Intermediate French II	
GER 2310 & GER 2320	Intermediate German I and Intermediate German II	
ITAL 2310 & ITAL 2320	Intermediate Italian I and Intermediate Italian II	
JAPA 2310 & JAPA 2320	Intermediate Japanese I and Intermediate Japanese II	
LAT 2310 & LAT 2320	Intermediate Latin and Intermediate Latin	
POR 2310 & POR 2320	Intermediate Portuguese I and Intermediate Portuguese II	
SPAN 2310 & SPAN 2320	Intermediate Spanish I and Intermediate Spanish II	

English Literature Requirement

Code	Title	Hours
Select two of the following:		6
ENG 2310	British Literature before 1785	
ENG 2320	British Literature since 1785	
ENG 2330	World Literature before 1600	
ENG 2340	World Literature since 1600	
ENG 2359	US Literature before 1865	
ENG 2360	US Literature since 1865	

Note: Students who earn a "B" or "A" in the first sophomore literature course may choose to take an advanced literature course (3000 or 4000 level) instead of a second sophomore literature course.

Special Requirements for the Bachelor of Science Degree Programs

A minor is required and may be selected from any of the Texas State approved minors.

Pre-Professional Curricula

Students preparing to study dentistry, law, medicine, pharmacy, physical therapy, physician assistant, or veterinary medicine should enroll in the degree plan listed below. Before each registration, the student should consult with an academic advisor.

Health Careers

Texas State University provides many resources for students interested in attending health-related profession such as medical school, dental school, optometry, physician assistant or pharmacy.

Students will be able to complete all undergraduate prerequisite coursework while earning their bachelor's degree in any of the majors offered. Texas State University offers a rich diversity of science, math and non-science courses that will fulfill prerequisite requirements for all professional schools in the country and prepare students to take admissions test such as the MCAT, DAT, OAT and GRE.

Texas State University has dedicated pre-health advisors who will meet with students to help them understand and plan for the steps needed to become competitive professional school applicants. The pre-health advisors also host workshops and provide medical and dental school applicants with committee letters. Additional information about pre-health advising at Texas State University can be found on the website for Pre-Health Advising (http://www.bio.txstate.edu/prehealthadvising).

Students seeking admission to medical, dental and physician assistant programs, must complete prerequisite courses as undergraduates in order to gain admissions to these schools. Prerequisite courses change from time to time and may include courses outside of the students' degree plan which may count towards their degree or for federal financial aid. These new concentrations seek to provide students with a set of courses that are aid-eligible and satisfy prerequisite courses for their

chosen professional program. In addition, there is no mechanism at Texas State for tracking the number of students who are pre-medical, pre-dental or pre-physician assistant. This information is important for the pre-health advisors, academic advisors, the admissions office, faculty members seeking grant funding from organizations like the National Institutes of Health (NIH), and others on campus. These concentrations will provide a mechanism for tracking how many pre-health students are in majors at Texas State. Information about the concentrations is available in the Department of Biology (http://mycatalog.txstate.edu/undergraduate/science-engineering/biology/#programstext) and the Department of Chemistry and Biochemistry (http://mycatalog.txstate.edu/undergraduate/science-engineering/chemistry-biochemistry/#programstext) sections of this catalog.

There are several student organizations on campus designed to support and encourage pre-professional students. These student organizations provide students with leadership and community service opportunities and help students learn more about the healthcare careers they are interested in. Some examples of these student organizations include: Pre-Med/Pre-Dent Society, Pre-Physician Assistant Society, Medical Explorers, Medical Brigades, Black Health Professionals Organization, JAMP Student Organization, and Women in Medicine.

Texas State University participates in the Joint Admission Medical Program (JAMP). The Joint Admission Medical Program (JAMP) is a special program created by the Texas Legislature to support and encourage highly qualified, economically disadvantaged students pursuing a medical education. Additional information about JAMP can be found at the program website (http://texasjamp.org/homepage.htm).

Texas State University participates in the Dental Early Acceptance Program (DEAP). DEAP is dual-degree program between the UT Health San Antonio School of Dentistry and a few select undergraduate schools that allows students to apply credits earned during dental school to college requirements, allowing students to leave Texas State University and enter dental school one year early, yet still allowing students to earn both a bachelor's degree and a dental degree. This program is intended for students coming straight out of high school with academic excellence and a demonstrated interest in dentistry as a career. Additional information about DEAP can be found at the program website (http://www.uthscsa.edu/academics/dental/programs/deap-program).

Law

Accredited law schools in the United States typically require at least the following from applicants prior to admission:

1. a bachelor's degree,
2. a high cumulative grade point average,
3. a satisfactory score on the Law School Admission Test (LSAT)
4. a personal statement,
5. a resume, and
6. letters of recommendation (preferably from faculty members).

Prelaw students are urged to meet with one of the two Law School Admissions Council (LSAC) prelaw advisors in the Student Learning Assistance Center (SLAC). They help prelaw students create individualized Law School Admission Test (LSAT) preparation plans using SLAC materials; research and select appropriate law schools; and help students complete personal statements, addenda, and resumes for their Credential Assembly Service (CAS) file. Prelaw and appointment scheduling information are available at -http://www.txstate.edu/slac/PreLaw.html

SLAC's prelaw advisors recommend that students considering law school seek guidance from faculty members as well on choosing rigorous courses to prepare academically and on identifying and applying for relevant internships. Faculty and staff members that have attended law school serve as valuable resources for students to learn about law school experiences firsthand.

Pharmacy

Pharmacy is a professional program leading to the Doctor of Pharmacy (Pharm. D). Prerequisite coursework required for admission to the professional program may be taken at Texas State. The eight pharmacy schools in Texas (Texas A&M Health Science Center Rangel College of Pharmacy, Texas Southern University College of Pharmacy and Health Sciences, Texas Tech University Health Sciences Center School of Pharmacy, The University of Texas at Austin College of Pharmacy, The University of Texas at Tyler Ben and Maytee Fisch College of Pharmacy, University of Houston College of Pharmacy, University of the Incarnate Word Feik School of Pharmacy, and University of North Texas Health Science Center College of Pharmacy) all require two years of prerequisite courses in chemistry, biology, mathematics, physics, English, humanities and social sciences, but the exact courses required vary by school. Consequently, it is imperative that pre-pharmacy students consult with an advisor prior to and during their pre-pharmacy program. For more information contact the Department of Chemistry and Biochemistry.

Physical Therapy

The physical therapy profession requires a post-baccalaureate degree in order to practice; Texas State offers a Doctor of Physical Therapy degree program. For more information, contact the Department of Physical Therapy or visit www.health.txstate.edu/pt (http://www.health.txstate.edu/pt). The Department of Physical Therapy does not require a specific undergraduate degree in order to gain entrance into their program. However, the Department of Health and Human Performance (HHP) offers an undergraduate degree program that will prepare students to enter the application process for a physical therapy program. The main focus of this pre-professional program is to provide a strong theoretical background utilizing courses across multiple disciplines, including Athletic Training and Exercise and Sports Science, for admittance into a physical therapy program. Coursework will also help prepare students for professional degree programs in related fields, e.g., occupational therapy, chiropractor, and physician assistant. Because the prerequisites among professional programs vary, students should seek specific prerequisites for each program of interests.

See the HHP Department section of the catalog for specific course requirements in the degree plan for the Exercise and Sports Science major with a concentration in Pre-Physical Therapy.

Veterinary Medicine

The only College of Veterinary Medicine in Texas is at Texas A&M University. Prior to admission, students must complete at least 64 hours of coursework, which constitutes a pre-veterinary program. At Texas State, all students must choose a major in one of the 4-year bachelor's programs. While any major is acceptable, majors in Agriculture, Animal Science, Biology or Chemistry most nearly parallel the courses required in the pre-veterinary program.

Advising for students at Texas State who wish to pursue the pre-professional curriculum in veterinary medicine is available by contacting

the pre-veterinary advisor in the Department of Agriculture at Texas State, or by appointment with the College of Veterinary Medicine at Texas A&M University.

Undergraduate Degrees

Bachelor of Applied Arts and Sciences (B.A.A.S.)
Bachelor of Arts (B.A.)
Bachelor of Arts in International Studies (B.A.I.S.)
Bachelor of Business Administration (B.B.A.)
Bachelor of Exercise and Sports Science (B.E.S.S.)
Bachelor of Fine Arts (B.F.A.)
Bachelor of General Studies (B.G.S.)
Bachelor of Health and Wellness Promotion (B.H.W.P.)
Bachelor of Healthcare Administration (B.H.A.)
Bachelor of Music (B.M.)
Bachelor of Public Administration (B.P.A.)
Bachelor of Science (B.S.)
Bachelor of Science in Agriculture (B.S.A.G.)
Bachelor of Science in Clinical Laboratory Science (B.S.C.L.S.)
Bachelor of Science in Communication Disorders (B.S.C.D.)
Bachelor of Science in Criminal Justice (B.S.C.J.)
Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.)
Bachelor of Science in Health Information Management (B.S.H.I.M.)
Bachelor of Science in Nursing (B.S.N.)
Bachelor of Science in Radiation Therapy (B.S.R.T.)
Bachelor of Science in Respiratory Care (B.S.R.C.)
Bachelor of Science in Technology (B.S.T.)
Bachelor of Social Work (B.S.W.)

Certificate and degree programs are approved in accordance with guidelines provided by the Southern Association of Colleges and Schools Commission on Colleges, the Texas Higher Education Coordinating Board and the Texas State University System Board of Regents.

Undergraduate Majors

The table below lists all undergraduate majors and degrees as they appear on a diploma and a transcript. Please note that a number of these programs have additional options or concentrations available. Program hours depend on degree options selected. Consult the program page inside this catalog for more detailed information.

Major	Degree	Minimum Hours	Minor	Teacher Cert.
Accounting (p. 155)	B.B.A.	120		
Advertising and Mass Communication (p. 295)	B.S.	120	Required	
Agriculture (p. 104)	B.S.A.G.	120		Optional
Agriculture Animal Science (p. 106)	B.S.A.G.	120		
Agriculture Business and Management (p. 108)	B.S.A.G.	120		
Anthropology (p. 437)	B.A.	120	Required	
Anthropology (p. 438)	B.S.	120	Required	
Applied Arts and Sciences (p. 144)	B.A.A.S.	120		Optional
Applied Mathematics (p. 655)	B.S.	120	Required	
Applied Sociology (p. 557)	B.S.	120	Required	
Aquatic Biology (p. 574)	B.S.	120	Required

Undergraduate Certificates

Click the name of the certificate to find the course requirements.

Undergraduate Certificate Programs	Department/School	Requirements
Computer Information Systems (p. 163)	Computer Information Systems and Quantitative Methods	18 SCH
Environmental Interpretation (p. 480)	Geography	16 SCH
Geographic Information Science (p. 480)	Geography	19-20 SCH
Location Analysis (p. 480)	Geography	16-18 SCH
Water Resources Policy (p. 481)	Geography	16-17 SCH

In order to receive the certificate, a student must apply for graduation in the semester in which they plan to complete the certificate.

Certificate and degree programs are approved in accordance with guidelines provided by the Southern Association of Colleges and Schools Commission on Colleges, the Texas Higher Education Coordinating Board and the Texas State University System Board of Regents.

Honors College

Dean
Heather C. Galloway, Ph.D.
Lampasas Building Room 407
Telephone: 512-245-2266
www.txstate.edu/honors (http://www.txstate.edu/honors)

The Honors College provides high ability and motivated students and faculty with unique and challenging educational experiences through strong partnerships with all academic units at Texas State University. The Honors College cultivates intellectual curiosity, research, creative activity, diverse thinking, and community service by mentoring each student from recruitment through graduation. Students can take advantage of eclectic and challenging interdisciplinary courses designed by professors in fields such as physics, mathematics, the humanities, poetry, business, or the arts.

In these small seminar-type classes, students discuss ideas and raise questions stimulated by readings, field trips, and presentations. Honors classes aim to promote interdisciplinary inquiry, creativity, and a lifetime love of learning. Through the Honors Independent Study, the Honors

Contract course and the Honors Thesis, students can also design their own course of study.

The Honors College encourages students to apply for nationally and internationally competitive awards such as the Truman graduate scholarships, and Honors faculty assist students applying to graduate schools. The college offers study abroad experiences and encourages students to participate. Additionally, the Honors College contributes to the Texas State "Common Experience" program through programming, art exhibits, and courses which connect to the theme.

The Honors College is housed in the historic Lampasas building, adjacent to Old Main. The space includes seminar rooms, a student computer lab, a conference room, offices for staff and student academic organizations and the Honors Coffee Forum an inclusive area for coffee, conversation, study, and events surrounded by the Gallery of the Common Experience art exhibits.

Application

The Honors College accepts students on a rolling admissions basis. To apply, go to http://www.txstate.edu/honors/about/howtoapply.html. Entering freshmen from the top 10 percent of their graduating class, or those with a composite score of 27 on the ACT or 1200 on the SAT (Math + Verbal), are eligible to apply for admission to the college. Transfer or currently enrolled students with an overall or institutional GPA of at least 3.25 are also eligible to apply.

Graduation

Students wishing to graduate in the Honors College have two paths available for doing so:

1. the traditional Honors College route, where students complete 15 hours of honors courses, including the Honors Thesis and
2. a minor in Honors Studies, where students complete 21 hours of honors courses, including the Senior Seminar and the Honors Thesis.

All Honors College students must also maintain a minimum overall or institutional GPA of 3.25 to remain in and to graduate from the program.

Program Benefits

Continuing Honors College students receive specialized honors advising and access to early registration each semester. Students may receive travel assistance from the college to present research at regional and national conferences and are eligible for scholarships and research support awarded through the Honors College.

The Honors Thesis (a requirement to graduate in the college) allows students to design a research or creative project that they complete under the supervision of a professor from the research area. Students present their theses in an undergraduate thesis forum, and completed theses are added to the collection of Alkek Library. Students use the experience of completing an Honors Thesis in their applications to graduate school and/or applications for post graduate work.

Texas State rewards completion of the Honors College requirements with name and thesis title included in the Commencement program, a special transcript annotation, and an Honors College certificate as a supplement to the diploma. The Honors College also provides a special medallion to its graduates, especially suited for wearing at Commencement.

Program Faculty

The Honors College builds on the strength of master teacher-scholars from across the campus, including persons who have garnered Presidential Excellence awards, Piper Professor and other state/national teaching awards, Fulbright Fellowships, and awards for their writing, research, and service contributions. Current faculty are listed on the website.

Courses in Honors

Course listings represent the complete inventory of Honors courses. New courses in the Honors College are created continually, a process that ensures innovative, thoughtful offerings not duplicated elsewhere. Faculty members and students who participate in Honors classes represent many different academic departments and colleges from across the campus. Honors courses feature an explicitly interdisciplinary component, and all courses are, by definition, writing intensive. The courses are also discussion intensive, and students are expected to communicate orally, as well as demonstrate problem-solving skills. Many of the courses are designed to fulfill general education core requirements or advanced offerings. Recent course offerings include Storytelling in Video Games; Origins of Civilization; African-American Popular Music; Elementary Number Theory; Baseball and the American Experience; Public Policy for Energy, the Environment, and Global Sustainability; Extraordinary Leadership: Ownership and Influence; Re-Humanizing Communication; Urban Horticulture; Astronomy in Art, History and Literature; as well as a number of study abroad offerings.

Honors Contract Course

Designated with "Honors work included" on students' transcript upon completion, any regular Texas State course at the 3000 or 4000 level can become an Honors Contract course with the concurrent approval of the student, faculty instructor, and Honors College. Students completing an Honors Contract course complete at least 15% work in addition to the requirements set forth in the course and must earn a 'B' or better in the course. Students may also request to have independent study courses in other departments count as Honors credits using the Honors Contract form.

Departmental Honors Course

Offered in a growing number of departments, the Departmental Honors Course will follow the set curriculum with additional depth in subject matter and will encourage more student independent research. Possible course modifications include independent projects, group projects, papers, fewer multiple-choice exams, and smaller class size. Please see the website for updated information on which classes will have honors sections.

Minor

- Honors Studies (p. 95)

Courses in Honors (HON)

HON 1390C. Greek Civilization: The Trojan War and the Western Imagination.
The course will introduce students to Greek civilization and its impact on the western world by examining how one theme central to the Greek literary imagination-the Trojan War-influenced the development of later western literature. The course studies major texts in the Greek literary canon. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 1390D. Ideal Societies I: The Greek Experience.
Culture and Civilization in 5th century Athens. The Greek Experience: towards a new vision of human nature and of society. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 1390F. Economic Thinking: Personal Values, Social Choice & Rational.
This class explores the sociological and philosophical effects operating in conjunction with economic decision-making. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 1390H. Understanding Communication & Technology.
The course is designed to focus on skills, research and theories about the relationships bwtween technology and communication behavior. It teaches face to face communication skills in the contemporary technological environment. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive

HON 1390I. Role of the Storyteller in Society: Promoter, Protector or Provcateur.
The course focuses on the role of the storyteller from ancient times to the present. Students will cultivate an appreciation for the oral tradition in the shaping of history, cultural identity, social mores and personal values. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2301A. Writing to Change the World.
This course examines communication through writing to promote positive change in the world. This course will enable students to communicate their own arguments appropriate to the subject, occasion and audience. Students will choose a global issue on which to focus their writing, and perform related community service. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Communication Core 010|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2301B. Writing Yourself into Academia: Creating Portraiture.
By studying a person, a group of people, an institution, or a concept, students will create carefully researched written "portraits" that integrate personal narrative, interviews, and academic research. Students will communicate their own arguments and develop ideas about the effect of the message to foster understanding and to communicate persuasively. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Communication Core 010|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2302A. Elementary Number Theory.
This course engages students in the systematic study of problems in elementary number theory using definitions and logical deductions from these definitions. Emphasis will be on developing critical thinking and applications to modern problems. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Mathematics Core 020|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2302B. Graph Theory and Applications.
This course engages students in the study of important topics in graph theory through it's applications and through proofs designed to strengthen mathematical techiques. The course will emphasize developing critical thinking and applications to modern problems. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Mathematics Core 020|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2303A. Teaching Physical Science to Children.
Course content includes both physics concepts and research findings on physics teaching and learning. Students will develop a deep understanding of fundamental concepts in physical science and how these concepts relate to making sense of everyday experiences. This studio-styled physics course is ideal for pre-service K-8 teachers. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Life & Phys Sciences Core 030|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2303B. Astronomy in Art, History, and Literature.
In this class, students will combine astronomy and the humanities. They will create computer simulations of past celestial events. These results will be combined with evidence gathered from primary sources to investigate how astronomy affected history or appeared in the historical art or literature. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Life & Phys Sciences Core 030|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2303C. Building a Greener Future: One Home at a Time.
Students will use basic scientific principles to investigate resource usage in our daily lives from the production of electrical energy and construction of housing to daily consumption including HVAC systems and major utilities. Students will compare energy conservation programs across the globe and evaluate how public policy effects energy consumption. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Life & Phys Sciences Core 030|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2304A. The Meaning of Death.
By examining the moral and existential questions raised by our own mortality, students in this course will practice critical thinking and examine the variety of human responses to and understanding of death by focusing on how ideas, values, beliefs, and other aspects of culture express and affect human experience. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lang, Phil & Culture Core 040|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2304B. Eating Animals in America: Historical and Philosophical Perspectives.
This course examines the changing nature of, and views about, the production and consumption of animals in America from the 18th century to the present. The course will focus on the ethical and philosophical issues raised by eating animals. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lang, Phil & Culture Core 040|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2304C. Nonviolence and Sustainable Social Change.
This course examines nonviolence as the systematic endeavor to break cycles of violence, poverty, and racism. The course will focus on investigating the ongoing force of such cycles and to formulate effective understandings for subverting and reversing such trends to offer productive contributions toward more sustainable human development. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lang, Phil & Culture Core 040|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2305A. African American Popular Music: Society, Politics, and Culture.
This course is a reading-, writing-, and listening-intensive interdisciplinary survey of African-American popular music in America and its relationship to American culture, society, politics and the other arts. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2305B. Women and Texas Music.
This course examines the lives and creative contributions of Texas women composers, performers, historians, and patrons, and their roles in the promotion and advancement of the arts, especially music, in Texas. This course will address topic-related issues of class, race, and identity formation. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2305C. Italy and Arts of the Islamic World.
This course focuses on the interpretation of art in its historical context, introducing students to visual analysis and art historical interpretation to understand related scholarship exploring the relationship of Italy to the Islamic world in the medieval and Renaissance periods. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306A. American History Through Memoirs.
Through studying memoirs this course focuses on American history since the end of the Reconstruction period. The memoirs, depicting interactions among individuals, communities, states, the nation, and the world, provide an understanding of how these interactions have contributed to the development of the United States and its global role. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306B. Baseball and the American Experience.
This study of baseball focuses on American history since the end of the Reconstruction period. As a testing ground for the persistence of racial prejudice and the expansion of civil rights, and with advances in technology and management structure, the study of baseball will expose the American experience. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306C. America in the 1960s: A History of Movements and Ideas.
This course in the history of American social and protest movements from the end of Reconstruction through Occupy focuses in particular on the movements of the 1960s - the Civil Rights Movement, the New Left, the Women's and Homosexual Liberation Movements, and the Counterculture - and their enduring legacies in contemporary society. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306D. Witches, Whores, Murderers & Thieves: Capital Crime in Early America.
This course is an in-depth investigation into the social and legal culture of Early America through the study of microhistories. In this course, we will concentrate on a series of capital crimes, ranging from murder to witchcraft. The period will be the 17th century through 1850. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306E. Early American History Through Biography.
This course will examine early American history, from colonial times through 1877, through the lens of biography. Students will not only read biographical works on past figures but also analyze autobiographical writings that shed light on their lives. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2306F. Rethinking American Exceptionalism.
This course introduces students to the major political, economic, social, intellectual, and cultural developments in American history through Reconstruction with a special emphasis on the origins and evolution of the tradition of American exceptionalism. Students will evaluate America's national ideology through an analysis of primary source documents and scholarly debate.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): American History Core 060|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2307A. Democracy in America.
This course is a study of functions performed in the American system of government, understood through the framework of Democracy in America, Alexis de Tocqueville's seminal study of American social and political life, the nature and distinctive character of modern democratic societies, and the problems and perils these societies confront. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Govt/Pol Science Core 070|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2307B. Contemporary Issues in American Politics.
In considering conflicts between liberty and equality with emphasis on how these principles are defined within the American system of constitutional, students will examine literature addressing race, gender, class, and sexuality in relation to events such as national elections, and to works in modern and contemporary political thought. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Govt/Pol Science Core 070|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive

HON 2308A. Economic Anthropology.
This course covers central issues in economic anthropology including the production, exchange, distribution, consumption, property, economic surplus, inheritance, and types of economic structure in various cultures. Materials will cover hunter-gatherer societies, simple agricultural societies, pre-capitalist complex state societies, and issues of development in non-industrial countries. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309A. Origins of Civilization.
By studying literary, mythic and philosophical works selected with special attention to narratives about the origins of humanity and civilization, students will encounter a variety of explanations of human existence. The course will broaden students' perspectives and provide insight into the background of contemporary world cultures. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309B. Re-Humanizing Communication.
This course examines technology's impact on human communication. Students will examine their dependency on technology in order to re-humanize communication. Students will learn to express ideas through the development of interpersonal, small group, and presentational communication skills, developing command of oral, aural, written, and visual literacy in appropriate contexts. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 091|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309C. Great Ideas: Humanities I.
By studying classical foundational texts in Western culture from interdisciplinary perspectives, students will understand the origin of great ideas and relate them to today's world. Texts are chosen around a particular theme by a team of instructors to focus on the earliest recorded works up to the Renaissance. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309D. Magic Realism in the Works of Gabriel Garcia Marquez.
A study of selected works of Nobel Prize author Gabriel Garcia Marquez, this course offers unique insights into Latin American culture, filtered through the literary and journalistic vision of Colombia's world renowned author. Additional readings and films emphasize the complex nature of the Latin American culture and literature. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309E. Preserving Humanity in the Face of Conflict: The War Story Genre.
This course provides students the opportunity to consider the human impact of several global conflicts that have occurred over the past forty years by focusing on novels, short stories, essays, and a memoir written about post-World War II conflicts in Vietnam, the Balkans, Iraq, and Afghanistan. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309F. CS Lewis: Chronicles of a Master Communicator.
This course uses the writing and life of C.S. to examine communication theory and principles. Lewis's work as a speaker, teacher, broadcaster and educator provides a comprehensive body of work that students can evaluate as they master and apply rhetorical and communication theories. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 091|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309G. Nature and the Quest for Meaning.
The class focuses on American nature writing to recognize how authors communicate about nature. Students will examine the ways in which human beings experience the natural world - as an object of study, as a reflection of themselves and as a lens to look for meaning in their lives. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309H. Great Ideas: Humanities II.
By studying foundational texts in Western culture from interdisciplinary perspectives, students will understand the origin of great ideas and related them to an understanding of today's world. Texts are chosen around a particular theme by a team of instructors to focus on works from the Early Modern period to the present. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309I. Plotting the American Experience.
An in-depth critical study of plot in major contemporary American novels and stories from the last 20 years, both as a driving force in the works and as a reflection of the American moment in which each was written. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309J. Memoirs from Lives off the Neurotypical Map.
To understand the growing neurologically differently abled/disabled, -ordered, and mentally different/ill population and our perceptions of them and ourselves, we will analyze memoirs and aesthetic works by this true fringe group and consider what being fundamentally different means, and how labels affect people in and out of the neurotypical majority. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309K. The Death Plot: Fiction, Memoirs, Poems.
Students will read, discuss, and write about poems, fiction, and essays to analyze the end of life. Analysis will encompass literary, sociological, and psychological perspectives on death. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309L. Communication and Consumer Culture.
This cultural study of the turn of the twentieth century in America focuses on advertising and popular cultural messages. Students will analyze the new culture of consumerism as they develop knowledge about communication theory and strategies and practice their own communication skills. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 091|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309M. From Jay-Z to Kendrick Lamar: Politics, Power, and Identity in Hip Hop Literature.
Students will read, discuss, and write about the poetry of Jay-Z and Kendrick Lamar along with other texts to analyze the artists' political engagement, power to effect change, command of language, and struggle with identity formation. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309N. Don Quixote and the Birth of the Modern Novel.
An in-depth study of 16-17th century Spanish, medieval, Renaissance, and Baroque ideas, values, and culture in the study of Cervantes' Don Quixote, the first truly modern novel. Students will examine the novel's literary antecedents and its reception through the twenty-first century.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309O. Talking Like TED.
This course develops presentational speaking and storytelling skills through the lens of TED Talks. Students will view and discuss well-received TED Talks and practice the verbal and nonverbal behaviors related to effective communication. This course also focuses on interpersonal and small group communication skills related to presentational speaking.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 091|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2309Q. Honors British Literature.
Students will read and analyze representative authors and works from British Literature. The course examines works in historical, social, and cultural context as a record of human experience. Courses employ a variety of teaching methods.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 094|Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2380F. Introducatino of Complementary/ Alternative Medicine.
The course introduces students to complementary/alternative medicine (CAM) and its integrate with the traditional health care system. Emphasis is placed on historical, cultural, social, research and consumer aspects of CAM. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2380H. Building a Greener Future One Home at a Time.
This course will focus on the science and engineering principles involved in building and maintaining a house. Students will investigate how choices of materials and design influence the cost, sustainability, and energy efficiency of housing. Laboratory experiences will develop these concepts and enable students to make common household repairs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2380J. Applying Statistics to Your World.
This course engages students in active learning through statistical software, research studies, and simulations. Students will explore the elements of statistical thinking by collecting, modeling, and drawing conclusions from data while taking into account the nature of variability. Emphasis will be on engaging with real data and understanding statistical conclusions. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2390F. History of Ideas II: New England Roots of American Culture.
An examination, through reading of significant works as well as a trip to important sites in New England, of the roots of American culture as it was influenced by the Puritans and Transcendentalitsts. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2390K. An Introduction to Arab Culture.
This course will focus on educating students about different aspects of the Arabic culture. The relation between the Arabic language and the Arabic culture will be introduced through the discussion of cultural expressions. The course will also touch on the relation between the culture and Islam for the students to be able to differentiate between what is cultural and what is religious. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2390L. An Introduction to to Islam.
This course will focus on educating the students about basic history and cultural practices related to Islam, the prophet of Islam and Islam's holy book, The Koran. It will also focus on the relationship between the Arabic language, the Arabic culture and Islam so the students will be able to distinguish between what is cultural and what is religious. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2391B. Role of Images in Mediating Reality.
This course teaches students about subconscious influences on their perceptions of reality and their behavior, and the fundamentals of visual literacy by introducing students to visual literacy. Seeing is an avenue to higher-order thinking processes that will help students meet the professional, cultural and personal challenges of media. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 2391P. Spirituality and Religion: A Contemporary Global Perspective.
This course examines spirituality and religion as a universal component of human life, explores the world"s major faith traditions, investigates personal and cultural biases to allow students to expand their global perspectives. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3390H. Nature of Society: The Problem of Evil.
The course will consist of a study of arguments and counterarguments about whether it ia reasonable to believe in an all-knowing, all-powerful, and all-good God, despite the appearance of gratuitous evil. All major attempts to solve or dissolve the problem will be considered. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3390J. The Nature of Society: Don Quijote and the Birth of the Modern Novel.
An in-depth study of Cervantes' Don Quijote, its literary antecedents, and its reception through the twentieth century. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3390K. Modern Democracy & Its Enemies.
This course will focus on the key characteristics of 21st century democracy and the internal and external threats that challenge its health and continued existence. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3390P. Hollywood Amnesia.
The course is designed to focus on films involving the topic of memory loss. Students will analyze the phsychological, social and political considerations underlying this trend in time. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3390T. Frederico Garcia Lorca: Politics and Passion.
Life and works of 20th century Spanish playwright and poet as a focal point for study of Spanish history, Andalusian folklore, gender and society, and literary styes. Themes are Spanish Civil War, gypsies and Flamenco music, surrealism and oral poetic traditions. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3390X. Investigating European Film: From Cultural Politics to Strategies of Desire.
This course examines the vision of the United States that European filmmakers developed. Course topics will include the American myth, the figure of the star, the status of the foreigner and the identity politics supported by film production. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3390Y. Theory of Language: Language, Mind and the making of Reality.
The course is designed for students to gain an understanding of psycholinguistics, providing insights into human cognition and how the mind creates meaning through study of syntax, semantics, pragmatics and metaphors. The course seeks to find universal principles of cognition that make human language and communication possible. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Multicultural Content|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3391B. The Nature of Man: Shaping of the Modern Mind.
This course explores the ideas and institutions that have created our modern conception of the world. The course examines the importance of industrial change, our interest in science and technology, the insights of the social sciences, and new philosophies about human kind and the human condition. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3391W. Service Learning: A Study Abroad Course.
This study abroad course will center on students' experiences volunteering with non-profit and/or government institutions abroad. Discussions and written assignments will provide opportunities to analyze the volunteer experiences. Field trips will provide cultural components to add to the discussion and written assignments. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3392M. The New and Literary Journalism.
The new literary journalism examines the genres of the new and literary journalism in light of literature; certain eras in reportage, i.e., war dispatches, philosophy, and the social sciences, among other disciplines. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3392N. Modern Organizations' Perspectives.
The course provides a conceptual and practical perspective on Modern Organizations. It is designed to stimulate the student's curiosity about management practices of companies pursuing a competitive advantage through modern philosophies, and to identify potential areas to apply their chosen field of study. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3392P. The Nature of the Human Experience: Technology & Gender in Film.
Gender and Technology in Film will include a survey and analysis of films and theoretical and literary texts, with a focus on how gender, technology, and body images are depicted in film. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3392R. Teaching Children to Write Poetry.
A study of books by Kenneth Koch describing his work and lessons teaching poetry to children for the past 30 years. Students will examine his ideas about the importance of teaching poetry to children, using classical poetry as well as lessons that draw forth a creative response from children. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3392T. The Nature of the Human Experience: Integrated Marketing Communications.
Integrated marketing communications is an interdisciplinary course designed to acquaint students with the principles and practice of integrated marketing communications. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3392V. Nature of Man: Elementary Number Theory.
This course is the systematic study of problems using definitions and logical deductions from these definitions. Elementary number theory provides an ideal medium for such a study since all basic types of mathematical proofs occur in a setting requiring no prior background. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3392X. The Nature of the Human Experience: The Contemporary African Novel in English.
Novels by contemporary African writers from West Africa, East Africa, and Southern Africa will be read and discussed. The class will also study the effects of colonialism on traditional African cultures. Students will consider problems of language in the African novel. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3392Y. The Nature of the Human Experience I: Immortality.
Is it reasonable to believe in life after death? The course will consist in attempts to answer this question with rational arguments. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3393F. The Nature of Man: Communication & Culture.
This course is a cultural study of the turn of the twentieth century, with a focus on a critique of advertising and popular culture messages that communicated the new culture of modernism to an America in transition. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3393J. Sex, Drugs & Cabaret.
This seminar considers European life in the years around 1900. Students will examine "high" modernism's themes, including: Urban experience, nationalism, anti-semitism, and explorations of sexuality in social science, law and the arts. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

HON 3397K. The Search for Right and Wrong in Politics.
Using classic texts and works from literature and film, and current event videos, this course provides students with a foundation for understanding the intersection of politics and ethics and for achieving an understanding of how politics works. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397L. Economic Anthropology.
This course reviews central issues in economic anthropology, using both case studies and theoretical writings. Students will analyze production, exchange, distribution, consumption, property, economic surplus, inheritance, and types of economic structure. Materials will cover hunter-gatherer societies, simple agricultural societies, pre-capitalist complex state societies, and issues of development in non-industrialized countries. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397M. The Death Plot: Fiction, Memoirs, Poems.
A story or poem is finite. Life is too. When we arrive at its end, we hope to understand its meaning, or, as Peter Brooks said, "to connect ends and beginnings and make of the middle a highly charged field of force." Stories and poems about death provide this opportunity. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397N. Advanced Writing for Video Games.
This course will teach students to write for video games based on techniques learned from observation and study. The course focuses on creativity and flexibility, two traits essential to game writing, and students will develop a marketable design document for an original video game working in design teams. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397O. Walking: An Active and Interdisciplinary Investigation.
What has the act of walking meant historically and what does it mean today? What has been written about the experience of walking? What insights can walking with reflection bring? Students will explore these questions through readings in literature, history, and philosophy, and through art and the act of walking. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397P. Anti-Intellectualism in American Culture and Politics.
Hostility to science, experts, and "book learning" is a common impulse that shapes contemporary American culture and politics. In this course, we will explore how anti-intellectualism promotes notions about media bias, encourages belief in implausible conspiracies, and spurs hyperpolarized politics, among other topics. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397Q. Women and Texas Music.
This honors course examines the lives and contributions of Texas women composers, performers, historians, and patrons and their roles in the promotion and advancement of the state's music. Conducted in both lecture and class discussion formats, this course will address topic-related issues of class, race, and identity formation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397R. Demonology, Possession, and Exorcism.
People have believed in demons throughout Western civilization and continue to, despite advances in science and medicine. This course explores the social significance of demonology. What are the historical, psychological, political, and economic consequences of believing in demons? To explore such questions, students will examine demonology across cultures and employ a variety of disciplinary approaches. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397S. Human Language: its evolution, mental representation, and learning.
Readings and discussions will concern human language's evolution, its representation in the mind/brain, and its learning by native and non-native speakers. Topics will include: evidence for language in other species including homo neanderthalensis; whether human language is innately specified; and similarities and differences between first and second language acquisition. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397T. Psychology in Film.
In this course, we will identify and discuss psychological concepts in popular films from a variety of genres. We will address issues of conformity, consciousness, motivation, addiction and psychological disorders. The approach to the material will be interdisciplinary in nature with a special focus on modern behavioral neuroscience.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397U. Quests for the Holy Grail.
The course surveys the Celtic and Christian sources of grail legends, the major medieval grail quests, and post-medieval appropriation of the grail quest. Primary sources shall be examined through the methods of literary criticism, anthropology, and religious studies. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397V. Phonetics.
This course is an introductory overview of human speech sounds. It describes speech anatomy and pays particular attention to the description of the acoustic and articulatory properties of speech as it occurs in real time. Students will study articulatory, acoustic, and auditory phonetics. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397W. Alienation and Authenticity: In Search of the Modern Self.
The modern self must struggle constantly to perserve or create authenticity against the forces of alienation. This course will investigate the origins and varieties of alienation and examine how some of the Western tradition's greatest philosphers, artists, and poets have dissected the "modern condition" and dreamed of rising above it. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397X. Nueva York: Hispanic and Latino Literature and Art in New York.
This course offers an inter-American multidisciplinary approach to Hispanic and Latino writers and artists in New York City from the late nineteenth century to the present. Topics include exile, migration, identity, bilingualism, and civil rights through a variety of literary genres, artistic forms, cultural organizations, and academic disciplines. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397Y. Deception, Risk, and Science Ethics of Research with Human Subjects.
This course introduces the key ethical concerns related to human subject research. Students will analyze research projects in which scholars place individuals at risk in the interest of reaping some benefit to those individuals and/or society. A case-study approach will actively engage students in ethical decision-making. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3397Z. Makerspaces: Intersections of Art and Everything.
This course will examine multidisciplinary concepts applied within makerspaces and complete hands-on design projects using beginner-level do-it-yourself techniques, including "upcycling" recyclable materials, 2D subtractive manufacturing (i.e. CNC machines that trim acrylic, cardboard, vinyl), 3D additive manufacturing (i.e. 3D modeling, printing), textiles (i.e. embroidery, sewing), and electrical circuits (i.e. micro-controllers, sensors). (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398A. Italy and Arts of the Islamic World.
This course will challenge the traditional account of the development of Italian Renaissance art by exploring connections to Islamic culture of the surrounding Mediterranean world. Students will be introduced to visual analysis and interdisciplinary research techniques by which art and architecture can be used as documents in interpreting history. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398B. Modern Tibet: Politics, Identity and Representation.
This course examines the political, religious, economic, environmental and cultural situation of modern Tibet, by reading works by Tibetan, Chinese and Western scholars, and by analyzing propaganda and stereotypes. Students will be exposed to modern Tibetan literature, art, pop music and film, as well first-hand accounts by class guests. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398C. Theatre and War.
In "What It Is Like To Go To War", Karl Marlantes calls for ritual to aid young soldiers returning home. In this course students will analyze how classical and modern theatre can provide such a ritual, and be used as a tool to understand society's role in war. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398D. The Politics of Language in Schools and Society.
Using a critical linguistic perspective, this course examines the sociopolitical aspects of language in local, national, and global contexts. Students learn about language ideologies and gain a profound understanding for how languages and language practices are intricately tied to the racial and economic power relations embedded in schools and society. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398E. CIVIL LIBERTIES AM.
This course explores major civil liberties themes in depth, both historical and contemporary, such as religious free exercise, free speech and press, criminal procedure, capital punishment, right to privacy, equal protection (race and gender), due process, political participation, and disabiities rights. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398F. Anthropology of Peace and Violence.
The class explores anthropological perspectives on peace and violence. It focuses on understanding violent practices within both traditional and current day societies including everyday violence and warfare. It explores the contributions of social structure, gender, religion, race, and ethnicity to violence. It examines efforts to build peace and reconciliation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398G. Psychology and Law: Protecting the Vulnerable.
The course examines clinical, legal and psychosocial conditions of adults who, due to mental illness, developmental impairments, brain injuries or aging, are declared "incapacitated" and have court-appointed guardians. Students will serve as probate court representatives, (i.e., Court Visitors) who inspect living conditions/services for individuals under court-ordered guardianships (service learning component).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398H. Chinese Politics and Society through Literature and Film.
This course offers an overview of the main political and social developments in contemporary China through the cultural production of Chinese writers and filmmakers who, following the tradition of the Chinese literati of imperial times, became main characters in the modern Chinese political scene.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398I. The Aesthetics of Failure.
This course examines the role of failure as a creative and constructive part of life. We will consider failure across cultures and time periods, from various disciplinary perspectives, and through various media to define failure as more than the mere absence of success.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398J. The Body and Culture.
Today, the human body interrelates with ideas of identity, society, and fashion to become something that can be written and read. Focusing on writings and artifacts about the body's cultural significance, we will attempt to define (or re-define) what our bodies mean to us and to society.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398K. Art as a Way of Knowing.
Both art and science attempt to shed light on aspects of the human experience; yet modern society often presents these forms as dissimilar, merely opposites. In this course we will explore arts-based methodological research tools, and use artistic means in the process and presentation of social inquiry.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398L. Soccer: Local Stories, Global History.
A ball, a field, at least five people: elements which have evolved into a sports phenomenon, providing fodder for claims about national identity, and establishing the most watched activity ever. Soccer is too important to leave to the fans. This course investigates the institutions, aesthetics, and ideologies shaping the game.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398M. The Future of Work: Stratification, Low Growth, and Universal Basic Income in the 21st Century.
Economic changes such as continued workplace automation and markedly slower growth imply big changes in social stratification in coming years. This course explores work and stratification in light of the "jobless economy" thesis, recent proposals for a universal basic income, and related likely cultural consequences.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398N. The Anthropology of Religion and Fundamentalism.
This course provides students with current and historical approaches to the anthropology of religion with a particular emphasis on fundamentalism. It focuses on the development of religious fundamentalism in different cultural contexts, geopolitical situations, and religious traditions.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398O. Introduction to Statistical Genetics and Bioinformatics.
This is an interdisciplinary course with a focus on the analysis of genetics and bioinformatics data. This course will cover basic genetics, statistics, programming, and cutting-edge research topics on statistical genetics and bioinformatics. Students will have hands-on experience of analyzing different types of genetic and bioinformatic data.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398P. Wild Nights! Wild Nights!.
A multidisciplinary study of the cultural, historical, and ecological significance of the night as revealed in poetry, fiction, and drama. The semester will begin with a historical study of the night pre-electricity, and will end with a consideration of the endangered nights of our post-electrical present and future.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398Q. Life Online: Epistemology, Ethics, and Culture on the Internet.
Increasingly, our lives are lived online. We communicate, learn, play and love on the internet. In this course, we investigate the epistemological, ethical, and cultural implications of this shift. Class discussion will focus on current internet topics ranging from fake news to the aesthetics and ethics of internet memes.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398R. Culture, Medicine and the Body.
This course explores how the human body, functions of the body, and the practices of medicine and healing are situated and contextualized within cultural frameworks. Case studies cover body and health-related topics over the life course, from birth to death.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398S. Geography of Food and Agriculture.
The Geography of Food and Agriculture course will critically evaluate local and global food systems, considering the implications of varying forms of production and consumption and exploring topics related to sociocultural, economic, and environmental landscape change, the role of agriculture in both rural and urban places, and sustainability writ large.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398T. Dramatic Adaptation.
Dramatic Adaptation is a writing course where students will be adapting non-dramatic works into stage plays. The course will begin with an introduction of the dramatic form, with regards to adaptation, in both principles and structure. Students will then create and write their own adaptations for the stage. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398V. Philosophy, Politics, and Economics.
What are an individual's moral obligations to their community, nation, and world? How do governments and economic systems shape these obligations? Are capitalism and socialism really opposites? This course investigates these questions, and others, through the interdisciplinary study of "PPE," an emerging field that draws from philosophy, politics, and economics.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398W. The Mathematics and Statistics of Gambling and Sports Betting.
This course uses the scaffolding of gambling and sports betting to engage students in applied probability and statistical modeling. The course covers both descriptive and inferential methods. Topics include measures of central tendency, dispersion, and shape; probability and probability distributions; sampling distributions; estimation, hypothesis testing, linear models, and non-parametric analysis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398X. Language & the Body.
Linguistic anthropologists believe that language not only reflects but also shapes and creates our social worlds. This class will focus on how language shapes our embodied identities and our deeply held beliefs through exploration of linguistic, cultural, and medical anthropological research and that of related social sciences.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398Y. The Creative Spark: Interdisciplinary Perspectives on Creativity.
From technology to the arts, the ideals of creativity and innovation are hotter then ever. But what exactly is creativity? This interdisciplinary course will draw on diverse perspectives (psychology, science, and arts) as we explore what it means to be creative and how to be more creative in our lives.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3398Z. Political Ecology of Science Fiction.
Political ecology considers how power relations and politics, as a form of society and culture, influence environmental systems and management. This course applies the concepts of political ecology to science fiction case studies as a means to uncover latent human-environment interactions and explore similar processes in the real world.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3480A. Relativity and Quantum Mechanics for Non-Science Majors.
Principles of quantum mechanics and relativity will be discussed and analyzed including applications to theoretical problems and practical applications. The lab portion will teach basic electronics skills and allow students to perform classic experiments of modern physics. (WI).
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3480B. Building A Greener Future: One Home at a Time.
This course will focus on the science and engineering principles involved in building and maintaining a house. Students will investigate how choices of materials and design influence cost, sustainability, and energy efficiency of housing. Laboratory experiences will elucidate these concepts. (WI).
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 3480C. Teaching Physical Science to Children.
This studio-styled physics course is ideal for preservice K-8 teachers. Course content includes both physics concepts and research findings on physics teaching and learning. We will focus on developing deep understanding of fundamental concepts in physical science and how these concepts relate to making sense of our everyday experience. (WI).
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 4090. Honors Thesis.
This course is designed for students to pursue an independent project of research, study, or creative achievement to fulfill the thesis requirement for graduating in the Honors College. Students in this non-credit bearing version of a thesis course are often enrolled in a similar course in their discipline.
0 Credit Hours. 0 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Honors|Writing Intensive
Grade Mode: Standard Letter

HON 4390A. Senior Seminar: Thesis Development.
This course will assist Honors students by exposing them to a systematic study of contemporary research methods appropriate for research on their theses. Prospective thesis supervisors and library research facilitators will insure that participationg students understand both the mechanics and expectations of preparing an Honors Thesis. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 4390B. Honors Thesis.
A course designed to allow students in the Honors College to pursue an independent project of research, study or creative achievement, culminating in a paper, laboratory problem, field research problem or creative effort of some size and scope. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

HON 4391. Honors Independent Study.
Individual study under direct supervision of a professor for Honors credit. May involve field trips. This course may be repeated for credit but a student may not a exceed six hours of credit in Honors Independent Study. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Honors|Topics|Writing Intensive
Grade Mode: Standard Letter

Minor in Honors Studies

The minor in Honors Studies requires 21 semester credit hours, of which 12 hours are advanced including HON 4390A and HON 4390B. Of the advanced courses, a maximum of 2 may be Honors Contract courses. Honors Contract courses may not be counted for both the minor and the major. A maximum of 3 Honors courses may be counted to satisfy both General Education Core Curriculum requirements and the minor. Students are required to demonstrate cross-cultural experience by completing a study abroad program or an alternative cross-cultural component. Students must complete an Honors Thesis by enrolling in HON 4390B. Students are required to make a presentation of the thesis in the Honors Thesis Forum and obtain approval by the thesis supervising professor and the Dean of the Honors College.

College of Applied Arts

Dean
T. Jaime Chahin, Ph.D.
Agriculture Building Room 300
Telephone: 512.245.3333 Fax: 512.245.3338
http://www.appliedarts.txstate.edu/

Associate Dean
Donna Vandiver, Ph.D.

Department Chairs/School Directors
Aerospace Studies–Maj. Cassandra J. Anderson, M.A.
Agriculture–Madan M. Dey, Ph.D.
Criminal Justice–Christine S. Sellers, Ph.D.
Family and Consumer Sciences–Andrew O. Behnke, Ph.D.
Military Science–Lt. Col. Jose A. Garcia, M.A.
Occupational, Workforce, and Leadership Studies–Mary Jo Biggs, Ph.D.
Social Work–Jose E. Coll, Ph.D.

The College of Applied Arts' mission is to prepare undergraduate and graduate students for careers through programs of high quality in academic, professional, and technical areas; to further faculty excellence in teaching supported by quality scholarship; and to enhance our involvement with local, state, national, and international constituencies.

The College of Applied Arts offers five undergraduate degrees, each with options that prepare students for careers that suit their interests. Refer to each department website for more information on degree options:

1. Bachelor of Science in Agriculture;
2. Bachelor of Applied Arts and Sciences;
3. Bachelor of Science in Criminal Justice;
4. Bachelor of Science in Family and Consumer Sciences;
5. Bachelor of Social Work

In addition, the Departments of Aerospace Studies and Military Science offer minors which prepare qualified students for commissioning in the United States Air Force, United States Army, United States Army Reserves, or Army National Guard.

Twenty-two undergraduate majors (several with specialized options) are offered by two departments and three schools within the College:

- Department of Agriculture: Agriculture (with teacher certification option), Agriculture Animal Science (with specializations in basic science and pre-vet), and Agriculture Business and Management (with specializations in agribusiness management, agricultural systems management, and horticultural business).
- School of Criminal Justice: Criminal Justice, Criminal Justice Corrections, and Criminal Justice Law Enforcement.
- School of Family and Consumer Sciences: Consumer Affairs (with consumer affairs, family and consumer sciences, and teacher certification options), Family and Child Development (with teacher certification option), Fashion Merchandising, Interior Design, and Nutrition and Foods (with dietetics option and teacher certification option).
- Department of Occupational, Workforce, and Leadership Studies: Applied Arts and Sciences. Individualized degree program which offers students the opportunity to receive college credit for previous competencies acquired in their lives as well as selecting a new career path or supplementing skills in their current path.
- School of Social Work: Social Work education for beginning generalist in social work practices. Designed to give students a well-rounded perspective on efforts to enhance human well-being and productivity, help alleviate poverty and strengthen social justice.

Several of the College's programs have externship-type courses. These courses provide opportunities for students to further their education in an environment external to Texas State. These courses have entrance requirements including good academic standing at the time of the internship. More specific course requirements are available from the department of your major.

Academic Advising Center

Agriculture Building Room 201

Telephone: 512-245-1490 Fax: 512-245-1627
www.advising.appliedarts.txstate.edu (http://www.advising.appliedarts.txstate.edu)

The mission of the College of Applied Arts Academic Advising Center is to provide accurate and timely advice to prospective and current students regarding their progress toward completion of undergraduate degree programs administered by the college. Services include preparation of degree audits, assistance with degree planning, scheduling of classes, counseling for probation and suspension holds, evaluation of transfer work, and application for graduation. Please contact the Advising Center staff to schedule an appointment for advising at 512-245-1490 or online: http://advising.appliedarts/txstate.edu/. Staff are available to meet with students Monday through Friday from 8:00 a.m. to 5:00 p.m.

Department of Aerospace Studies

Air Force Reserve Officer Training Corps Detachment 840
Derrick Hall Room 301
Telephone: 512-245-2182
www.afrotc.txstate.edu (http://www.afrotc.txstate.edu)

The Air Force Reserve Officer Training Corps (AFROTC) Program at Texas State develops Air Force values and competencies in students for military service as commissioned officers upon graduation.

In the AFROTC four year program students may register in the same manner as for other college courses. During the freshman and sophomore years of the program, students enroll in the General Military Course (GMC). Membership in the GMC does not confer any military status or commitment upon the student with the exception of those students who are awarded the AFROTC scholarship. After completion of the GMC, students compete for entry into the Professional Officer Course (POC)

The POC is designed to provide greater flexibility to meet the needs of students desiring a commission in the Air Force. The basic requirement is that the student has two full-time academic years remaining at either the undergraduate or graduate level to meet the minimum requirement of four semesters of POC academics and laboratory requirements.

Selection for the POC is highly competitive. Criteria used to assess qualifications of applicants are the Air Force Officer Qualification Test (testing material and information is available through AFROTC), cumulative GPA, physical fitness test, and the Professor of Aerospace Studies' assessment. Before formal induction into the POC, applicants must complete a four-week summer Field Training encampment paid for and conducted annually by the Air Force.

Both GMC and POC members must attend a weekly two-hour Leadership Laboratory each semester. The laboratory provides students an environment to develop, learn and practice Air Force leadership skills. Students interested in learning more about AFROTC may visit http://www.afrotc.com or contact the Department of Aerospace Studies and Detachment 840.

Furthermore, students who are categorized as sophomores, juniors, seniors or graduate students might have an opportunity to enter an abbreviated AFROTC program. Students in these categories who are interested in becoming an Air Force officer are encouraged to contact the Aerospace Studies department to obtain more information on these programs.

Finally, students may compete for a variety of scholarships. Qualified students may apply during the fall or spring semester for a scholarship that covers the remaining years in the program. The scholarships provide up to full tuition, laboratory and incidental fees, and an allowance for books. All students must complete a minimum of 24 semester hours of math and physical science or four semester hours of the same foreign language. In addition, scholarship students, based on their classification, may receive up to $500.00 per month tax-free subsistence. Students may obtain complete scholarship information online at www.afrotc.com or at the Aerospace Studies department.

Pursuant to Texas Education Code §51.302, up to three semester hours of credit in an upper-level ROTC course may be applied to the general education core curriculum American History Component (HIST 1310 or HIST 1320) and up to three hours to the general education core curriculum Government/Political Science Component (POSI 2320 only).

Minor

- Aerospace Studies

Courses in Aerospace Studies (A S)

A S 1000. Leadership Laboratory.
An integral and mandatory two-hour lab accomplished concurrently with all Aerospace Studies courses. It is a progression of practical command and staff experiences that develop leadership potential. AFROTC cadets plan, organize, direct, coordinate, and control all activities. The lab is repeatable without credit because it focuses on different leadership processes.
0 Credit Hours. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Time Conflicts Permitted
Grade Mode: Credit/No Credit

A S 1110. The Air Force Today I.
A study of the doctrine, mission, and organization of the United States Air Force; United States strategic offensive and defensive forces, their missions and functions; and employment of nuclear weapons. Co-requisite: A S 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

A S 1120. The Air Force Today II.
An introduction to flight, oral and written communication for the Air Force officer, Air Force installations, the Air Force profession and how the Air Force integrates with the U.S. Army, Navy, Marines, and Coast Guard. Co-requisite: A S 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

A S 2110. The Development of Air Power I.
A historical study of the development of air and space power beginning before the first powered flights through WWI, the inter-war years, and WWII, tracing the development of various air power concepts with a focus on factors prompting aerospace research and technological change. Co-requisite: A S 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

A S 2120. The Development of Air Power II.
A continuation of A S 2110 studying the historical development of air and space power from Vietnam to the present. Events and trends in the history of airpower are examined, emphasizing examples of the impact of air and space power on strategic thought. Co-requisite: A S 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

A S 3311. Leadership and Management I.
A study of the framework of leadership in the Air Force (AF), part 1. Practical case studies examine AF leadership and management situations and discipline and ethics scenarios that demonstrate applications of the concepts. The course emphasizes communication skills used by officers in the AF. Co-requisite: A S 1000.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

A S 3312. Leadership and Management II.
A study of the framework of leadership in the Air Force (AF), part 2. Practical case studies examine AF leadership and management situations and discipline and ethics scenarios that demonstrate applications of the concepts. The course emphasizes communication skills used by officers in the AF. Co-requisite: A S 1000.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

A S 4311. National Security Forces in Contemporary American Society I.
Part 1 of the study of professional Air Force (AF) officers in a democratic society; societal attitudes toward the armed forces; national defense structure, policy development; and military law. AFROTC cadets study topics that prepare them for duty as AF officers. The course emphasizes AF communication skills. Co-requisite: A S 1000.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

A S 4312. National Security Forces in Contemporary American Society II.
Part 2 of the study of professional Air Force (AF) officers in a democratic society; societal attitudes toward the armed forces; national defense structure, policy development; and military law. AFROTC cadets study topics that prepare them for duty as AF officers. The course emphasizes AF communication skills. Co-requisite: A S 1000.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

Minor in Aerospace Studies

The minor in Aerospace Studies requires 19 semester credit hours. Cadets must enroll in A S 1000 every term until graduation.

Department of Agriculture

Agriculture Building Room 206
Telephone: 512-245-2130 Fax: 512-245-3320
www.ag.txstate.edu (http://www.ag.txstate.edu)

Agriculture majors have a choice of four different degree tracks:

- Agriculture,
- Agriculture (teacher certification option),
- Agriculture Animal Science,
- Agriculture Business and Management.

The Department of Agriculture offers programs reflecting the diversity of choices available and skills required in modern agriculture and its related professions. This dynamic, global industry uses new technologies to improve the production, management, manufacture, and distribution of food and agricultural products.

Major in Agriculture

Agriculture majors are provided a broad exposure to agriculture. With this curriculum, students may expect to manage a ranch or a farm, or work in any career that requires a general agriculture education such as county extension agents, banking or government service.

Major in Agriculture with Teacher Certification in Agriculture, Food and Natural Resources

A comprehensive educational program concerned with the broad field of agriculture. Emphasis in the major is on production techniques, managerial skills and competencies necessary to function as agricultural scientists, educators, or agricultural managers in today's complex agricultural industry. Agriculture teachers are certified to teach in grades six through twelve in the public schools of Texas.

Major in Agriculture Animal Science

The study of all aspects of the livestock and poultry industries including commercial production and management; food processing; and animal feed/animal health including nutrition, biotechnology and veterinary medicine. Involvement of students in ongoing faculty research prepares graduates for careers in research and industry; and for further education in veterinary schools or graduate schools. Students may pursue a Pre-Veterinary Science Concentration with this major.

- Pre-Veterinary Science concentration provides specialized course work for students planning to enter veterinary school.

Major in Agriculture Business and Management

This major reaches far beyond the farm to encompass the activities involved in bringing food and fiber to consumers. Students may pursue three concentrations with this major:

- Agribusiness Management. In this concentration students learn about the acquisition and use of capital, the working of the marketplace, financial institutions, and the effect of government policies on agriculture. Therefore, the Agribusiness Management concentration includes courses in agricultural finance, marketing and policies dealing with resource use as well as courses in technical agriculture and general education core curriculum.
- Agricultural Systems Management. This concentration integrates and applies engineering technology, agricultural sciences, and business. It prepares graduates for careers in technical fields and engineering such as agricultural machinery and power systems, electrical energy systems including sensors and controls, agricultural structures, surveying, and environmental systems including water utilization and quality. Students are involved with ongoing research, farm power and machinery, and precision farming and global positioning systems. Graduates are expected to assume positions of leadership and responsibility in careers such as product testing and service management, agricultural sales and services, and agricultural production systems.
- Horticultural Business. This concentration teaches management of commercial establishments and institutions that produce ornamental plants such as greenhouses and nurseries, floral shops and plant therapy businesses. The major also contains specialized courses in horticulture that utilize greenhouses, the Freeman Center and the Living Library Gardens.

Internship

Students are encouraged to apply for internships and enroll in AG 4310 after their junior year. The department will assist students in securing internships in agriculturally related businesses or agencies.

Minors

The Department of Agriculture offers four undergraduate minors (Agriculture, Animal Science, Horticulture, and Plant and Soil Sciences). Students with a declared major within the Department of Agriculture require at least nine (9) unique hours to select a minor in another agriculture subject.

Bachelor of Science in Agriculture (B.S.A.G.)

- Major in Agriculture (p. 104)
- Major in Agriculture (Teacher Certification in Agriculture, Food and Natural Resources, Grades 6-12) (p. 105)
- Major in Agriculture Animal Science (p. 106)
- Major in Agriculture Animal Science (Pre-Veterinary Concentration) (p. 107)
- Major in Agriculture Business and Management (Agribusiness Management Concentration) (p. 108)
- Major in Agriculture Business and Management (Agricultural Systems Management Concentration) (p. 109)
- Major in Agriculture Business and Management (Horticultural Business Concentration) (p. 111)

Minors

- Agriculture (p. 112)
- Animal Science (p. 112)
- Horticulture (p. 112)
- Plant and Soil Science (p. 112)

- Second Teaching Field in Agriculture, Food and Natural Resources (Grades 6-12)

Courses in Agriculture (AG)

AG 1110. Careers in Agriculture.
This course is an introduction to careers available in the broad field of agriculture including an overview of personal and career qualifications needed for workplace success.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: AGRI 1131

AG 1445. Basic Animal Science.
An introductory course designed to acquaint students with the importance of the livestock industry. A study of the types and breeds; market classes and grades of beef cattle, swine, sheep, goats, horses, and poultry; attention will be given to breeding, judging, care, and management.
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 1419

AG 2310. Applied Leadership Principles.
This course prepares students for professional leadership and service, with emphasis on application of leadership principles. The course will focus on guiding students in developing enhanced leadership skills through group and individual leadership enhancement projects and topic research. Prerequisite: AG 1110.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 2313. Agronomic Crops.
A study of the production, harvest practices, storage, and use of cereal and feed grains, fiber crops, forages, and other related crops requiring special technology.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 1307

AG 2345. Horse Management.
A course designed as a broad but thorough coverage of most areas of horse husbandry and production, including anatomy, physiology, breeding, feeding, training, and health care. Laboratory sessions are designed to acquaint the student with modern methods of breeding, training, and care of the horse.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 2367. Animal Ultrasonography.
A study of current developments and utilization of animal ultrasonography technology in agriculture. Hands-on training in animal growth and development, animal breeding, animal handling and management, animal reproduction, computer technology and data interpretation.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 2373. Introduction to Agricultural Engineering.
An introductory course designed to acquaint students with a wide range of concepts, principles and applied technologies in agricultural engineering. A problem solving course.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 2303

AG 2374. Metal Fabrication and Welding Technology for Agriculture.
This course covers the principles and practices of applied metallurgy and welding. Emphasis is given to the management of the technologies and techniques associated with oxy-fuel cutting, shielded metal arc welding (SMAW), Gas Metal Arc Welding (GMAW), Gas Tungsten Arc Welding (GTAW), and Plasma Arc Cutting (PAC). Prerequisite: AG 2373 with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 2379. General Horticulture.
A survey of the general field of horticulture including general areas of employment.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 1315

AG 2383. Introduction to Agricultural Economics.
The role of agriculture in the general economy; the study of basic economic concepts with their application to the agricultural firm; the structure and operation of the marketing system; the functional and institutional aspects of agricultural finance; international trade; and government farm programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: AGRI 2317

AG 2390. Computer Applications in Agriculture.
Introduction to computers and computer technology; operation and application of the computer in production agriculture and agricultural business, services and industries. Includes characteristics of computer hardware and software, accessing and using the computer in agriculture.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter
TCCN: AGRI 1309

AG 3301. Genetics of Livestock and Plant Improvement.
Fundamental principles of genetics and their application to higher plants and animals. The physical basis of Mendelian inheritance, expression and interaction of genes, gene frequency, linkage, sex linkage, inbreeding, line breeding, and crossbreeding as applied to selection indices for livestock and plants. Prerequisites: AG 1445 and BIO 1130 and BIO 1330 all with a grade of D or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 3302. Herbaceous Plant Materials.
This course will include the identification, selection, use, and management of annuals, perennials, herbs, and ornamental grasses in the landscape. Each student will learn irrigation, fertilization, pruning, and other cultural needs of such plants. The laboratory will complement lecture.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3304. Propagation of Horticultural Plants.
Principles and practices of propagating ornamental plants, vegetables, and fruits by sexual and asexual methods including germination of seed, layerage, graftage, division, cuttage, bulbs, corms, and other vegetative plant structures. Study of physical, physiological and environmental factors affecting propagation of ornamental plants.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3305. Woody Plant Materials for Outdoor Landscapes.
Study of woody plant material including fruit and ornamental trees, shrubs, and ground covers and their identification, nomenclature, and use in the planting and development of home landscapes.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3306. Flowers and Plants for Interior Design.
Study of flowers, cut flowers, foliage and blooming pot plants to enhance the interior design of homes and businesses including their identification, cultural requirements, uses, diagnoses and corrective measures of disorders. Basic principles of flower arrangement and the preparation of floral and plant decoration as used in interior design. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

AG 3308. Organic Gardening.
Study of principles and practices that involve the production of vegetables by organic methods. Fertility and irrigation; as well as weed, insect and disease control by practices will be covered.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 3310. Agriculture Power and Machinery Technology.
This course covers the principles of 2 stroke and 4-stroke cycle engines, ignition, and combustion types including injection systems. Components including power and power transmissions and hydraulic systems will also be addressed. Prerequisites: AG 2373 and MATH 1315 or MATH 1319 or MATH 2321 or MATH 2471 all with a grade of D or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3314. Animal Health and Disease Control.
A course designed to enable the animal science student to understand basic veterinary principles as applied to prevention of disease in domestic livestock. Common diseases of livestock are considered, with emphasis on sanitation and modern preventative methods concerned with keeping livestock healthy. Prerequisite: AG 1445 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 3317. Farm Management.
Tools and techniques which are basic to the study of farm organization and decision making, the wise allocation of factors of production, the keeping of records, and income tax management. Prerequisites: MATH 1315 or MATH 1319 and AG 2383 and AG 2390 all with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3318. Agricultural Business Management.
This course introduces institutions and functions of agribusiness. The institutional structure of agribusiness such as feed, farm machinery and equipment, farm chemicals, financial institutions and private and public agri-services will be delineated. Various agribusiness functions such as organizational behavior and financial, market and human resource management will be discussed.Prerequisites: MATH 1315 or MATH 1319 or MATH 2321 or MATH 2471 and AG 2383 and AG 2390 all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 3319. International Food and Fiber Systems.
This course presents the food and fiber system from an international perspective. Analysis of food production and consumption patterns under different world economic systems, causes of surpluses and shortages throughout the world; the role of trade in solving food and agricultural problems. Global outlook and situation for food and fiber. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

AG 3321. Range Management.
Practical problems met in managing native pastures and rangelands. Attention to determining range condition and proper stocking rates, methods of handling livestock on the range, range reseeding, brush control, and poisonous plants. The ecological and physiological response of range vegetation to grazing. Prerequisite: AG 1445 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 3325. Animal Nutrition.
Principles of animal nutrition with emphasis on digestion, absorption, metabolism, and function of nutrients; estimation of feedstuff nutritive value; and requirements of animals. Prerequisites: BIO 1130 and BIO 1330 and CHEM 1141 and CHEM 1341 all with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 3329. Economic Entomology.
A study of the most common insects of field crops, fruits, and vegetables; life history, methods of attack, damage, and means of preventing and controlling. Collection and mounts of insects will be made.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3330. Applied Wildlife Nutrition.
Basic and fundamental principles of nutrition for ruminant and non-ruminant wildlife with emphasis in North American and African wildlife. Attention will be given to digestive physiology and anatomy, feed sources, forage resources, and nutrient requirements. Prerequisite: AG 1445 or BIO 1330 and BIO 1130 all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

AG 3331. Reproduction in Farm Animals.
An examination of the anatomy and physiology of reproductive systems of livestock of economic importance. Attention is given to reproductive failure and disease. The laboratory includes pregnancy testing, semen collection and evaluation, artificial insemination techniques, and evaluation of breeding records. Prerequisites: AG 1445 and 3301, or BIO 2450 all with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3345. Livestock Selection and Evaluation.
Detailed consideration of the factors involved in the selection and evaluation of beef cattle, sheep, swine, rabbits, goats, and chickens. Emphasis will be placed on the care, grooming and exhibition of livestock projects. Prerequisite: AG 1445 with a grade of "D" or better; junior classification.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3351. Agricultural Marketing and Sales.
A study of the food marketing system and farm input sales; includes the functional systems approach that integrates the agricultural input industries into a discussion of food marketing; takes a micro approach to the development of marketing management skills needed in agribusiness; and provides a critical outlook on issues ranging from inputs to final food products. Prerequisites: AG 2383 and MATH 1315 or MATH 1319 all with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 3352. Quantitative Methods in Agricultural Economics.
Principles involved in collection, tabulating and analyzing agricultural data. Topics include sampling procedures, questionnaire development, descriptive analysis of data, correlation, prediction and forecasting and tests of significance. Simple computer programs will be stressed for class exercises during the course. Prerequisite: MATH 1315 or MATH 1319 or MATH 2321 or MATH 2471, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3353. Agricultural Structures and Environment.
Principles and practices associated with structural components, selection, materials of construction, heat and moisture control, and the environmental issues of waste management systems; a problem solving course. Prerequisites: MATH 1315, AG 2373 and AG 2390 all with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3375. Management of Agricultural Machinery and Equipment.
This course addresses the optimization of the equipment phases of agricultural production and processing. Emphasis will be placed on management and decision making principles concerned with the efficient selection, operation, repair, maintenance, and replacement of machinery and equipment. Prerequisites: MATH 1315 or MATH 1319 or MATH 2321 or MATH 2471 and AG 2373 and AG 2390 and CHEM 1141 and CHEM 1341 all with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3426. Soil Science I.
This course introduces fundamental principles of soil science to acquaint the student with some physical, chemical, and biological properties of the soil. Prerequisites: CHEM 1341 and CHEM 1141; and AG 2313 or AG 2379 or BIO 1330.
4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 3427. Soil Science II.
Management of soils as pertaining to their place in the environment. Special emphasis will be given to the role of soil in conventional agricultural systems, natural resource systems, waste management systems, and reclaimed and artificial soil systems. (WI) Prerequisite: AG 3426.
4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

AG 3455. Land Surveying.
Engineering practices used in plane and geodetic surveying including differential and profile leveling, topographic, land, boundary and cadastral, and construction surveys. Laboratory exercises include use of dumpy levels, transits and total stations, and GPS (Global Positioning System) total station with RTK (real time kinematic). Planimeters and stereoscopes are used in analyzing aerial maps. Prerequisites: MATH 1315 or MATH 1317 or MATH 1319; AG 2373 and AG 2390.
4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Lab Required|Time Conflicts Permitted
Grade Mode: Standard Letter

AG 4185. Current Problems in Technical Agriculture.
A course for advanced undergraduates to study subject matter of special interest in agriculture. Problems in agronomy, economics, animal science, plant science, and farm mechanics may be selected. Prerequisite: Approval by department chair. May be repeated for up to three semester hours credit. Course may not be taken for graduate credit. (WI).
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dual Enrollment Permitted|Writing Intensive
Grade Mode: Standard Letter

AG 4212. Program Building.
This course focuses on program and curriculum development in agricultural education settings. Primary course elements will include determining program and curriculum goals and objectives, implementing the program, and curriculum evaluation. Corequisite: AG 4343 with a grade of "D" or better, concurrent enrollment allowed.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 4300. Greenhouse and Nursery Management.
Planning greenhouses for commercial and home use; plant-nursery layouts. Study of the physical and economic factors affecting the production of plants in the greenhouse and other forcing structures, and in the field; management techniques used in the production and marketing of greenhouse and nursery plants. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

AG 4302. Fruit and Vegetable Crop Production.
Factors influencing small-fruit and tree-fruit and vegetable crop production in the field including root stocks, varieties, soil, planting, transplanting, irrigating, fertilizing, pruning, insects, diseases, nematodes, weeds, chemicals, harvesting, storing, and marketing; greenhouse production of certain vegetables. Prerequisite: AG 2313 or AG 2379 with a grade of "D" or better. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

AG 4304. Landscape Management.
To acquaint students with the practices and techniques used in professional landscape construction and management, and with the scientific and technical basis for such practices.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4305. Landscape Design.
Landscaping combines elements of art and science to create functional, aesthetically pleasing outdoor space. This class helps students develop knowledge of design elements and principles. Students learn site and client analysis techniques for critiquing landscapes. Students learn to communicate ideas through the planning and drawing of landscape plans.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4307. Professional Development in Agriculture.
This course requires students to select a topic of current interest appropriate to the major. Critical analysis of the situation including both positive and negative aspects will be encouraged. Findings will be presented in both oral and written form. (Capstone Course). Senior Classification required to enroll.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 4310. Agricultural Internship.
This course integrates professional and academic experience through internship with an external employer. The internship is designed to provide actual work experience, observation and analysis in the student's chosen career field. Prerequisites: Junior or Senior standing and a GPA of 2.75 or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

AG 4311. Instructional Methods for Career and Technology Educators.
An analysis of the instructional techniques, strategies and methods appropriate to the effective teaching of career and technology subjects. Teaching special populations and teaching in multicultural environments will be addressed. To be taken the Fall semester before student teaching.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

AG 4325. Feeds and Feeding.
Study of feedstuffs used in livestock enterprises. Application of basic nutrients to the needs of different species of livestock. Formulating rations, methods of feeding, feed control laws, and feeding investigation. Prerequisites: AG 1445 and CHEM 1341 and CHEM 1141 and BIO 1330 and BIO 1130 all with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4326. Advanced Animal Science-Ruminants.
The application of scientific and technological advances to production and management in ruminant animal production and management. Prerequisite: AG 1445 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

AG 4328. Advanced Animal Science-Poultry and Swine.
Application of basic principles in the production and management of nonruminant animals. Scientific and technological advances with emphasis on overall management, health care, nutrition, genetics, physiology, and marketing of nonruminant animals. Prerequisite: AG 1445 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 4330. Food Technology: Processing Meats.
Evaluation and grading of carcasses; wholesale and retail cuts of beef, pork, lamb, and poultry. Emphasis on quality controls, testing of finished products that have been frozen, cured, fried, pickled, and canned. Prerequisites: AG 1445 and BIO 1330 and 1130 and CHEM 1341 and CHEM 1141 all with a grade of "D" or better; or consent of instructor.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4343. Organization and Management for Laboratory Programs.
This course examines instructional programs involving laboratory equipment and facilities. Curriculum, teaching methods, equipment and facility management practices including various aspects of safety, tool management, inventory and security are emphasized along with facilities layout planning. Must be taken in last semester of program. Co-requisites: AG 4212 with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4361. Agriculture Electric and Mechanical Systems.
Electrical fundamentals applied to agricultural production and processing. Circuits, power, energy, wiring design, and motor fundamentals; selection, installation and operational characteristics. Sensors and control devices including switches, relays, timers, and circuit breakers will be studied. Prerequisite: AG 2373 with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AG 4371T. International Horticulture.
The purpose of this program is to introduce students to the English culture and way of life, as well as England's historic role in Horticulture, past and present. Students will intensely study from the following four horticultural fields: Ornamental Horticulture, Landscape Design, Vegetables/Fruit Crops, and Vineyards and Hops. The program includes basic instruction in English history, as well as lectures and field trips.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

AG 4371U. Anatomy & Physiology of livestock.
A course examining the external and internal systems of livestock. Skeletal anatomy, cell physiology and biological systems will be explored, with emphasis on livestock. Prerequisite: AG 1445 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

AG 4379. Agriculture Irrigation Technology.
This course teaches the principles associated with water management practices in maintaining soil productivity and the influence of water management on environmental quality. Emphasis will be placed on the selection and layout of irrigation and drainage systems, waste management systems, and the impact on the environment. Prerequisite: AG 2373.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 4380. Agricultural Finance.
This course introduces finance and financial problems faced by agribusiness managers. The subject matter includes financial analysis, planning, and control; capital budgeting; capital structure, liquidity, and risk management; and financial markets. Prerequisite: MATH 1315 or MATH 1319 or MATH 2321 or MATH 2471 and ACC 2361 and AG 2383 all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AG 4381. Agricultural Policy.
Identification and analysis of governmental programs and policies affecting the production and marketing of agricultural products. An economic evaluation of alternative policies and their application for farmers, consumers and agribusinesses will be considered. Prerequisites: AG 2383 and MATH 1315 or MATH 1319 all with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 4383. Agricultural Resource Economics.
This course introduces economic concepts and institutional factors relating to the use of agricultural resources such as land, air, water, energy, space, etc. Emphasis is on the conservation of resources and the environmental interactions resulting from the use of natural resources for agricultural production. (WI) Prerequisite: AG 2383, MATH 1315 or MATH 1319 or MATH 2321 or MATH 2471.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AG 4681. Student Teaching in Agriculture, Food, and Natural Resources 6-12.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced Agriculture mentor teachers in school settings with university instruction and supervision. This culmination experience is required for Texas teacher certification. Requires departmental approval through OEP. Prerequisite: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently; For undergraduate students, all other degree-required coursework must be completed; For graduate and post-baccalaureate students, all certification coursework must be completed.
6 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Credit/No Credit

Bachelor of Science in Agriculture (B.S.A.G.) Major in Agriculture

Minimum required: 120 semester credit hours

General Requirements

1. Students cannot enroll in upper-level (3000 or 4000) agriculture courses until they have successfully completed MATH 1315 or MATH 1319, and CHEM 1341 and CHEM 1141.
2. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.
3. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
4. Nine semester credit hours must be writing intensive (WI).
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

Bachelor of Science in Agriculture (B.S.A.G.) Major in Agriculture (Teacher Certification in Agriculture, Food and Natural Resources, Grades 6-12)

Minimum required: 120 semester credit hours

Admission Requirement

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Students cannot enroll in upper-level (3000-4000) agriculture courses until they have successfully completed MATH 1315 or MATH 1319 (Freshman Year), and CHEM 1341 and CHEM 1141.
3. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.
4. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
5. Nine semester credit hours must be writing intensive (WI).
6. In addition to the general education core curriculum and major requirements, students must also complete 12 hours of professional sequence courses through the College of Education. All coursework must be completed prior to AG 4681.
7. To satisfy graduation requirements for teacher certification, students must have at least a 2.75 Overall GPA. A GPA of at least 2.50 in all assigned courses in the professional sequence with no grade below a "C".

Bachelor of Science in Agriculture (B.S.A.G.) Major in Agriculture Business and Management (Horticultural Business Concentration)

Minimum required: 120 semester credit hours

General Requirements

1. Students cannot enroll in upper-level (3000 or 4000) agriculture courses until they have successfully completed MATH 1315 or MATH 1319, and CHEM 1341 and CHEM 1141.
2. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.
3. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
4. Nine semester credit hours must be writing intensive (WI).
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

Course Requirements

Freshman	Hours
AG 1110[1]	1
AG 2390[1]	3
BIO 1330 (Life & Physical Sciences Component Code 030)	3
BIO 1130	1

AG 4310	Agricultural Internship	
AG 4361	Agriculture Electric and Mechanical Systems	
AG 4381	Agricultural Policy	
AG 4383	Agricultural Resource Economics	

Minor in Agriculture

The minor in Agriculture requires 19 semester credit hours. A minor in agriculture is ideal for someone majoring in the life sciences, family and consumer sciences, or in any discipline where knowledge of the food and fiber industry would be beneficial. Agriculture majors may not select a minor in Agriculture due to course duplication.

Code	Title	Hours
Required Courses		
AG 1445	Basic Animal Science	4
AG 2313	Agronomic Crops	3
AG 2373	Introduction to Agricultural Engineering	3
Choose 9 hours of advanced AG courses		9
Total Hours		19

Minor in Animal Science

The minor in Animal Science requires 19 semester credit hours.

Code	Title	Hours
Required Courses		
AG 1445	Basic Animal Science	4
AG 3325	Animal Nutrition	3
AG 3331	Reproduction in Farm Animals	3
Choose 9 hours from the following:		9
AG 3301	Genetics of Livestock and Plant Improvement	
AG 3314	Animal Health and Disease Control	
AG 3321	Range Management	
AG 3352	Quantitative Methods in Agricultural Economics	
AG 4326	Advanced Animal Science-Ruminants	
AG 4330	Food Technology: Processing Meats	
Total Hours		19

Minor in Horticulture

The minor in Horticulture requires 18 semester credit hours.

Code	Title	Hours
Required Courses		
AG 2379	General Horticulture	3
AG 3302	Herbaceous Plant Materials	3
AG 3305	Woody Plant Materials for Outdoor Landscapes	3
Choose 9 hours from the following:		9
AG 3304	Propagation of Horticultural Plants	
AG 3306	Flowers and Plants for Interior Design	
AG 3308	Organic Gardening	
AG 3426	Soil Science I	
AG 3427	Soil Science II	
AG 3455	Land Surveying	
AG 4300	Greenhouse and Nursery Management	
AG 4302	Fruit and Vegetable Crop Production	
AG 4304	Landscape Management	
AG 4305	Landscape Design	
AG 4379	Agriculture Irrigation Technology	
Total Hours		18

Minor in Plant and Soil Science

The minor in Plant and Soil Science requires 20 semester credit hours.

Code	Title	Hours
Required Courses		
AG 2313	Agronomic Crops	3
AG 3426	Soil Science I	4
AG 4302	Fruit and Vegetable Crop Production	3
Choose 10 hours from the following:		10
AG 3301	Genetics of Livestock and Plant Improvement	
AG 3304	Propagation of Horticultural Plants	
AG 3321	Range Management	
AG 3329	Economic Entomology	
AG 3427	Soil Science II	
AG 3455	Land Surveying	
AG 4379	Agriculture Irrigation Technology	
Total Hours		20

Second Teaching Field in Agriculture, Food and Natural Resources (Grades 6-12)

For students who are seeking a teacher certification within their major and would like a second teaching field in Agriculture, Food and Natural Resources, the requirements are:

Code	Title	Hours
AG 2373	Introduction to Agricultural Engineering	3
AG 2374	Metal Fabrication and Welding Technology for Agriculture	3
AG 2383	Introduction to Agricultural Economics	3
AG 3345	Livestock Selection and Evaluation	3
AG 4212	Program Building	2
AG 4325	Feeds and Feeding	3
AG 4343	Organization and Management for Laboratory Programs	3
Select one of the following:		3
AG 2313	Agronomic Crops	

AG 2379	General Horticulture	
Select one of the following:		3
AG 3310	Agriculture Power and Machinery Technology	
AG 3353	Agricultural Structures and Environment	
AG 4361	Agriculture Electric and Mechanical Systems	
Select one of the following:		3-4
AG 3305	Woody Plant Materials for Outdoor Landscapes	
AG 3306	Flowers and Plants for Interior Design	
AG 3426	Soil Science I	
Total Hours		29-30

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

School of Criminal Justice

Hines Building Room 108
Telephone: 512-245-2174 Fax: 512-245-8063
www.cj.txstate.edu (http://www.cj.txstate.edu)

The degree program in the School of Criminal Justice prepares students to serve the community in the operation and management of criminal justice agencies which include: federal, state, county, and municipal law enforcement; probation; courts; institutional corrections; parole; and related agencies. The major is founded on an interdisciplinary and academic approach to the role of criminal justice in the maintenance of social order in a democratic society.

Students pursuing a degree in criminal justice should be willing to meet the standards required of such a career. The majority of criminal justice agencies require sound academic preparation, psychological stability, physical agility, and a record free of felonies or excessive traffic offenses. The Criminal Justice program includes the development of advanced research and writing skills and includes interdisciplinary course work.

Bachelor of Science in Criminal Justice (B.S.C.J.)

- Major in Criminal Justice (p. 116)

Minor

- Criminal Justice

Courses in Criminal Justice (CJ)

CJ 1310. Introduction to Criminal Justice.
History and philosophy of criminal justice: ethical considerations, crime defined, overview of criminal justice system, law enforcement, court system, prosecution and defense, trial process, and corrections.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 1301

CJ 2310. Police Systems and Practices.
Police profession: organization of law enforcement systems, the police role, police discretion, ethics, police-community interaction, and current and future issues. Prerequisite: CJ 1310.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 2328

CJ 2350. The Courts and Criminal Procedure.
Judiciary in the criminal justice system: structure of American court system, prosecution, right to counsel, pre-trial release, grand juries, adjudication process, types and rules of evidence, and sentencing. Prerequisite: CJ 1310.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 1306

CJ 2355. Correctional Systems and Practices.
Corrections in the criminal justice system: organization of correctional systems, correctional role, institutional operations, alternatives to institutionalization, treatment and rehabilitation, and current and future issues. Prerequisite: CJ 1310.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 2313

CJ 2360. Fundamentals of Criminal Law.
A study of the nature of criminal law: philosophy and historical developments, major definitions and concepts, classification of crime, elements of crimes and penalties using Texas Statutes as illustrations, and justifications of and defenses to criminal responsibility.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: CRIJ 1310

CJ 3300. Juvenile Justice.
A study of the juvenile justice process to include both the specialized juvenile law and the role of the courts, police and corrections in juvenile justice. Prerequisite: CJ 1310.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 3322. Race, Ethnicity and Criminal Justice.
This course examines the relationship between race/ethnicity and the criminal justice system. Theories of race/ethnicity and crime, the criminal justice system, and social systems including media, politics and economics are examined to form a comprehensive understanding of the social construction of race as it pertains to a racially disproportionate system.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 3323. Mid-Level Management in Criminal Justice Agencies.
Introduction and overview of the organizational theories of classical behavioral, and systems management concepts. Included in the course content are analyses of the functions of management in modern CJ organizations, internal and external environmental factors, individual & group dynamics, motivation, and leadership styles. Prerequisite: CJ 2310 or CJ 2355.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 3325. Penology.
Role of the institution in the process of corrections including the philosophy of imprisonment, the inmate subculture and special problems and programs in institutions. Prerequisite: CJ 2355.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 3329. Forensic Evidence.
Investigator's role in collecting, preparing and presenting evidence in criminal trials. Special attention will be given to electronic evidence in addition to traditional physical evidence. Prerequisites: CJ 2350 and CJ 2360.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 3346. Research in Criminal Justice.
Analysis of criminal justice research, survey methods, and the utilization of research in criminal justice. (WI) Prerequisites: CJ 1310; CIS 1323 or CS 1308; and CJ 3347 or MATH 2328 or PSY 2301 or SOCI 3307.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CJ 3347. Statistics For Criminal Justice.
The theory and application of statistical inferential techniques, and correlation and regression for behavioral science data and its applications in Criminal Justice. Emphasis is on the collection, analysis, and interpretation of statistical data in criminal justice settings.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4301. Internship I.
Field service training in public and private criminal justice agencies at the federal, state and local levels. The internship is designed to provide actual work experience, observation, and analysis in the student's chosen career field. (WI) Prerequisites: CJ 2310, CJ 2350, CJ 2355, CJ 2360, CJ 3346, Texas State GPA 2.25 and Major GPA 2.50.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Credit/No Credit

CJ 4302. Internship II.
Field service training in public and private criminal justice agencies at the federal, state and local levels. The internship is designed to provide actual work experience, observation, and analysis in the student's chosen career field. (WI) Prerequisites: CJ 2310, CJ 2350, CJ 2355, CJ 2360, CJ 3346, Texas State GPA 2.25 and Major GPA 2.50.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Credit/No Credit

CJ 4309G. Media and Crime.
This course focuses on media's role in social control of society by exploring public understanding of the problems associated with crime and their solutions through a critical examination of the relationships between the media, the criminal justice system, and crime in the larger context of society.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CJ 4309H. Wrongful Convictions.
This course examines factors contributing to wrongful convictions and the criminal justice system's response from an interdisciplinary perspective using research from the disciplines of law, criminology, and cognitive and social psychology as a foundation for examining how wrongful convictions occur and might be prevented in the future.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CJ 4309I. The Death Penalty in the United States.
This course examines the contemporary controversies that surround the death penalty, including its administration, modes of execution, disparities in application, deterrent effect, related social/economic costs, impact on international relations, and the potential for miscarriages of justice. The history of the death penalty, including Supreme Court developments, will also be reviewed.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CJ 4309J. Sexual Offenders and Sexual Offenses.
This course examines the social and individual mechanisms responsible for the onset, persistence, and desistance of sexual offending using a criminological perspective. The current state of sex offender risk assessment, treatment, as well as policing and legal responses to this type of crime, are also addressed.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CJ 4309K. Intelligence Analysis.
This course provides an overview of the importance of intelligence gathering in the global and domestic war on terrorism, and critically examines issues involved with the gathering of intelligence, techniques for the gathering of intelligence, methods of collecting, collating, analyzing and disseminating intelligence, and a review of current terrorist threats.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CJ 4310. Special Problems in the Criminal Justice System.
A study of contemporary problems in administration, management, organization and operation of criminal justice agencies. (Capstone Course). (WI) Prerequisites: CJ 2310 and CJ 2350 and CJ 2355 and CJ 2360 all with a grade of "D" or better, and Senior Standing.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CJ 4314. Terrorism in the United States.
Terrorist groups operating in the U.S. are examined with special emphasis on the far-right (militia, Christian identity, neo-nazi, other racist groups). Analyzed are their belief systems and structures, organizational structure, tactics and targets, and weapons. Future trends are discussed, including the threat posed by nuclear, biological, and chemical terrorism.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4316. Treatment in Community and Institutional Corrections.
A study of community based programs for adult and juvenile offenders, treatment modalities in various correctional settings, administration, legal issues, and future trends associated with community-based and institutional based treatment. Prerequisite: CJ 3325.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4321. Occupational Crime.
A study of the problems of organized and upper social status criminal activities with emphasis on statutes and their application to fraud, embezzlement, deceptive trade practices and illegal trade practices.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4323. Special Operation Units in Law Enforcement and Corrections.
This course introduces students to the basic principles of Special Operations Units (SOUs) within criminal justice agencies. Topics include the necessity for such units, the changing nature of communities and policing in America, the principles of crisis management, the development/implementation of SOUs, selection/training/ operationalizing of personnel, and types of SOUs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4326. Women and Criminal Justice.
This course is designed to explore women's involvement in three primary areas of criminal justice-as victims, criminals and practitioners employed in criminal justice agencies. It will analyze the impact of sex and gender on such things as criminological theory, sentencing, prison subcultures victimization and career choices. Prerequisite: junior standing. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

CJ 4327. Ethics of Social Control.
This course is designed to explore moral decision making. Basic moral or ethical frameworks are applied to ethical decision which often need to be made in the criminal justice system. Prerequisite: junior standing. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CJ 4329. Organized Crime.
Survey of organized crime in contemporary society. Includes attention to crime types and methods, motivation, affiliations, and the effects of this type of criminality. Related legal and law enforcement perspectives will be covered, along with international and cyberspace issues. Prerequisite: CJ 1310.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4330. Cybercrime.
This course introduces students to the concepts, technologies, techniques and legal and ethical issues associated with cybercrime, security, and computer forensics. Students will gain knowledge regarding development of national and international computer crime law, crimes unique to computer environments, and traditional crime involving computers and the Internet.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4331. Serial Murder.
This course covers the phenomenon of serial murder and the police investigative response. Theories, concepts, and law enforcement analytic methods are covered in detail. Emphasis is placed on understanding the reality versus the myth of serial murder, serial killers, and criminal profiling.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4332. Advanced Criminal Justice Management.
A critical analysis of the nature of organizations within the criminal justice system. An analysis of theories of organizations and of organizational changes within law enforcement agencies. An examination of the quantitative data gathered by the Criminal Justice System and its effective use and presentation. Prerequisite: CJ 2310 or CJ 2355.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4335. The Psychology of Antisocial Behavior.
This course examines how psychological perspectives are used to explain antisocial behavior, by drawing on the intersection between theory and research in the following areas of psychology: developmental, child psychopathology, biological, personality, cognitive, and social.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CJ 4340. Crime Theory and Victimization.
Examination of the causes of crime and crime victimization and competing explanations for crime and the impact of crime on crime victims. This course draws on perspectives advanced by a number of diverse fields of inquiry, for example, biology, psychology, sociology, and the political and economic sciences. (WI) Prerequisite: CJ 3300.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CJ 4350. Contemporary Legal Issues in Law Enforcement.
An in-depth study of recent developments in criminal law and procedure. Their effects upon the criminal justice agency official in society will be given special attention. Includes specific case studies with emphasis on analyzing factual situations and legal issues. (WI) Prerequisite: CJ 2310.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CJ 4352. Contemporary Legal Issues in Corrections.
A study of the developing body of law defining the rights and duties of persons confined in penal institutions with equal emphasis on legal issues associated with probationers, parolees, and similar status's within the corrections branch of the criminal justice system. (WI) Prerequisite: CJ 2355.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CJ 4362. Readings in Criminal Justice.
An individualized readings course tailored to the academic and professional interests and needs of the student. Emphasis is placed on developing in-depth knowledge of selected criminal justice subjects through directed research. Repeatable for credit with different emphasis. (Permission of instructor is required for course registration.).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CJ 4363. Independent Studies in Criminal Justice.
Independent study and research on topics in criminal justice related to a student's primary area of interest. Work may include individual research, critical reviews or integration of existing body of knowledge. Course may be repeated with different emphasis once for credit with approval of department chair.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CJ 4365. Comparative Criminal Justice.
A survey of the organizational, administrative and philosophical principles of criminal justice systems around the world. (WI) Prerequisite: CJ 2310 or CJ 2355.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

Bachelor of Science in Criminal Justice (B.S.C.J.) Major in Criminal Justice

Minimum required: 120 semester credit hours

General Requirements

1. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

2. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

3. For transfer students, 15 semester credit hours in criminal justice core curriculum (or their equivalents) may be transferred from a Texas public institution of higher education for the Criminal Justice Field of Study and be applied to the Bachelor of Science in Criminal Justice degree with a major in Criminal Justice at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements) is available in the Academic Policies section of this catalog. If transferring additional criminal justice courses please contact the College of Applied Arts Academic Advising Center for assistance. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

Code	Title	Hours
CJ 1310	Introduction to Criminal Justice	3
TCCN: CRIJ 1301		
CJ 2310	Police Systems and Practices	3
TCCN: CRIJ 2328		
CJ 2350	The Courts and Criminal Procedure	3
TCCN: CRIJ 1306		
CJ 2355	Correctional Systems and Practices	3
TCCN: CRIJ 2313		
CJ 2360	Fundamentals of Criminal Law	3
TCCN: CRIJ 1310		
Total Hours		15

4. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
5. Nine semester credit hours must be writing intensive (WI).

School of Family and Consumer Sciences

Family and Consumer Sciences Building Room 101
T: 512.245.2155 F: 512.245.3829
www.fcs.txstate.edu (http://www.fcs.txstate.edu)

Major in Consumer Affairs

Majors have a choice of three different degree plans. Students choosing the Consumer Affairs major study family financial decisions, financial counseling and the role of the consumer in the economy and select a minor. Students prepare for careers in financial counseling, business consumer liaisons, consumer advocates, or government agency employees. In the Family and Consumer Sciences concentration, students take courses from all areas of Family and Consumer Sciences and select a minor. Graduates seek employment in business, the extension service, and community agencies. The teacher certification, approved by the Texas Education Agency, certifies graduates to teach Family and Consumer Sciences in 6-12th grades. See note below regarding admittance to the Child Development Center and Texas Teacher Certification Requirements.

Major in Family and Child Development

Students prepare for careers in public and private family and child support programs and community agencies including Early Childhood Intervention, Child Protective Services, foster care and adoption programs, health care, and early care and education facilities. Using an interdisciplinary approach, students focus on human development and relationships across the lifespan. As a condition for participation in a child development class that requires either observation or participation at the campus Child Development Center, students must undergo a criminal background check and provide verification of an annual TB test. See note below regarding admittance to the Child Development Center and Texas Teacher Certification Requirements.

Major in Fashion Merchandising

Fashion Merchandising majors are prepared for a variety of careers in the fashion industry including: retail management, buying, planning, allocating, fashion marketing and promotions. Students gain valuable hands-on experience through computer-based assignments, cutting-edge merchandising technology, internships, and study tours. Majors are required to complete a business administration minor to enhance their preparation for the fashion industry

Major in Interior Design

The interior design major prepares students for careers in all areas of the field, including residential and commercial interior design. The program is accredited by the Council for Interior Design Accreditation (CIDA), the recognized accrediting agency for the discipline in the United States and Canada. Students learn to develop and communicate design concepts, solve design problems, and present solutions in an effective and professional manner. They also learn the specific knowledge and skills necessary to practice interior design, such as color theory, design history, hand and computer drafting, space planning, selection of interior finishes, building codes, and interior lighting..

Major in Nutrition and Foods

Majors study the relationships between the dietary intake of whole foods, processed foods, functional foods and dietary supplements with the health of individuals and populations. Majors prepare for careers in medical nutrition therapy, food service administration, public health nutrition programs, government agencies, private practice, and consulting. The program also prepares majors for pursuing advanced degrees, academic research, and careers in food and wellness industries. The Dietetics track is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) and also fulfills didactic requirements for Texas licensing. Graduates of this track will receive a Verification Statement and are qualified to apply for post-graduate dietetic internships in pursuit of Registered Dietitian certification. See note below regarding admittance to the Child Development Center and Texas Teacher Certification Requirements.

Note: Admittance to the Child Development Center and Texas Teacher Certification Program

Child Development Center. Be advised that in the State of Texas, criminal convictions may affect a person's ability to be present in a Licensed or Certified Child Care facility (Chapter 42, Human Resources Code). Therefore, students enrolling in course work which requires any of the following: observation or participation at the campus Child Development Center; or observing or student teaching in K-12 grade Texas schools must undergo a criminal background check. Criminal history will be reviewed and students may be subject to an investigation based on that criminal history.

Texas Teacher Certification Program. Criminal Background checks are required for progression through the Educator Preparation Program. Based on the information recorded in your criminal history, you may be ineligible for issuance of a certificate upon completion of the Educator Preparation Program. If you have a criminal history, the Office of Educator Preparation (OEP) recommends you pay for a Preliminary Criminal History Evaluation, from the Texas Education Agency, schedule an appointment for free legal counseling services through Texas State University's Attorney for Students, and disclose this information to the OEP.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.)

Minors

- Consumer Affairs
- Family and Child Development
- Family and Consumer Sciences
- Fashion Merchandising

Subjects in this school include: **CA** (p. 119)**, FCD** (p. 120)**, FCS** (p. 122)**, FM** (p. 123)**, ID** (p. 125)**, NUTR** (p. 127)

Courses in Consumer Affairs (CA)

CA 1341. Consumers in the Marketplace.
This course is an introduction to consumerism. Topics covered include: the consumer's role in the economy; consumer responses to the pressures of the economy (credit, inflation, and savings); and an analysis of the largest consumer expenditures (housing, food, and transportation).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ECON 1303

CA 1347. Family and Personal Resource Management.
This course focuses on the analysis of family and personal management processes including resource identification and factors that impact managment and decision making. Contemporary issues in the field such as changing family roles, one-parent families, aging, the handicapped, low income families, one-person family and alternate lifestyles will be discussed.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 2341. Digital Applications in Consumer Finance.
This course provides students with an understanding of technology applications used to analyze consumer's financial situation, needs, and goals. Topics include constructing personal financial statements; cash flow; time value of money related to education, retirement, life insurance; and amortization. Students will use calculators, Microsoft Excel and personal financial planning software. Prerequisite: CA 1341 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 3341. Personal and Family Finance Goals and Strategies.
In this course students will examine personal/family financial management during different stages of the family life cycle. Topics include budgeting/recordkeeping to achieve economic goals, the role of credit and the need for financial counseling; economic risks and available protection; and alternative forms of saving and investments.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 3342. Consumer Law.
This course explores the relationship between consumer laws (federal and state) and policy. Topics include consumer protection legislation which defines the consumer's rights/responsibilities and the appropriate avenues of redress on the part of the consumer.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 3351. Consumer Financial Management I.
Principles and practices of individual and family financial management relating to insurance needs and selection, investment strategies to realize financial goals and income tax planning to improve financial well-being will be addressed. Technical skills required of financial couselors, planners and human resource management are emphasized. Prerequisites: CA 1341 and CA 2341, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 3352. Consumer Financial Management II.
Principles and practices of individual and family financial management relating to retirement and estate planning to improve financial well-being will be presented. Technical skills required of financial counselors, planners and human resource management will be emphasized. Prerequisites: CA 1341 and CA 2341, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 4100. Professional Preparation in Consumer Affairs.
Students explore Consumer Affairs in the professional world and continuing education through opportunities, interviews, and professional ethics while practicing the development of credentials and portfolios. Required of all seniors majoring in Consumer Affairs.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 4301. Internship in Consumer Affairs.
This course is an Internship program in Consumer Affairs related professions, services, business, or industry. Must meet college, department and program requirements. Repeatable for credit with different emphasis. (Capstone Course).
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CA 4341. Personal and Family Financial Counseling.
This course is an in-depth study of the role of the financial counselor. Topics covered will increase awareness and knowledge of the characteristics of persons with financial difficulties, complexity of factors affecting such situations, desireable relationships between the helper and helped, and an awareness of community resources. Prerequisite: CA 1341 and CA 1347 or CA 3341 or CA 3351 or CA 3352, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 4342. Personal and Family Financial Counseling Practicum.
This course focuses on applying financial counseling and consulting skills consistent with accepting financial counselor roles. Content includes theoretical models of financial counseling. Prerequisite: CA 4341 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CA 4391. Independent Study in Consumer Affairs.
This course involves independent reading and/or research on a specific topic related to students' primary area of interest. Work may consist of research, reviews, and integration of existing literature, or other appropriate independent work. Course may be repeated once for credit with approval of instructor.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Family and Child Development (FCD)

FCD 1351. Lifespan Development.
This course will cover the developmental principles underlying behavior as experienced in physical, intellectual, emotional and social changes across the lifespan. Emphasis will be on adult development.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 1355. Introduction to Family Relationships.
This course will cover a range of research-based topics including the universality and uniqueness of American families, the establishment and maintenance of relationships, family formation, parenthood, and other aspects related to individual and family relationships through the lifespan.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 2351. Child Development.
Students will focus on development across domains from conception through age 6 and apply knowledge of child development to observations of young children.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

FCD 2352. Middle Childhood Development.
This course will focus on the typical developmental characteristics of children between the ages of six and twelve years across physical, motor, cognitive, language, social, and emotional domains. Students will explore developmentally appropriate out-of-school-time programs, including environments and activities.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 2353. Principles of Guidance.
Students will examine research, theory, and developmentally appropriate practices related to children's social development and child guidance techniques. Participation in the Child Development Center is required. Restricted to Family and Child Development majors and minors. Prerequisite: FCD 2351 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

FCD 3344. Introduction to Infant and Early Childhood Mental Health.
This course is an introduction to the interdisciplinary understanding of the social and emotional development of infants and young children within the context of the family. Emphasis will be on the role of the infant mental health specialist in strengthening the development of young children.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 3350. Sexuality Across the Lifespan.
This course focuses on sexuality development across the lifespan. Emphasis will be on the impacts of sexuality on a person's cognitive, social, emotional, and physical development with focus on how sexuality influences current critical issues for families and society.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 3351. Creative Experiences for Children: The Arts.
This course focuses on developmentally appropriate methods, materials, and planning for children's programs through language, literature, music, art, play, and social studies. Participation in the Child Development Center is required. Prerequisite: FCD 2353 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

FCD 3352. Development of Programs for Children.
This course focuses on the study of group care programs for children including the implementation and assessment of developmentally appropriate programs. Various theoretical and philosophical components will be included.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FCD 3353. Family Life Education.
This course focuses on the relationships between core, research-based knowledge, educational practice, and audience characteristics in family life education. Students will have the opportunity to develop, practice, and evaluate family life materials and presentations. (WI) Prerequisite: FCD 2353 and FCD 3355 or FCD 1355 all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FCD 3354. Creative Experiences: STEM.
This course will focus on the application of methods, materials, and planning in the development of curriculum for young children through math, science, engineering, and technology. Participation in the Child Development Center is required. Prerequisite: FCD 2353 with a grade of "D" or better, or approval of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

FCD 3356. Introduction to Early Childhood Intervention.
This course provides an interdisciplinary orientation to the professional discipline of early childhood intervention and the early intervention specialist. Prerequisite: FCD 2351.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 3358. Practicum in Child Development.
Structured practical experience in approved early care and education programs. Prerequisites: FCD 2353 and either FCD 3351 or FCD 3354, all with a grade of "D" or better, or approval of instructor.
3 Credit Hours. 1 Lecture Contact Hour. 4 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

FCD 3359. Family Diversity.
This course will explore both the internal dynamics and external environments of diverse family forms — including prevalence, social conditions leading to and sustaining their existence, common stereotypes, and recent research. Prerequisite: FCD 3355 or FCD 1355.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 3394. Adolescent Development.
A study of adolescence as it relates to current critical issues for families and society. The course will focus on specific techniques to analyze and assist the development of adolescents. Emphasis will be on theory and research as it explains the development process.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 4301. Internship in Family and Child Development.
This course provides internship fieldwork in related professions, services, industry, or business for students in Family and Child Development. Students must meet college, department, and program requirements.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

FCD 4302C. Conducting Research on Latino Families.
This course is an introduction to research with Latino families. Through the course students will explore current research issues via reviewing research articles. Students will also conduct research with Latino families, gaining important research experience. Prerequisite: Minimum 2.5 Texas State GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FCD 4302D. Language, Literacy, and Children's Literature.
Students will explore the foundations of children's language development and literacy skills using the various forms and genres of children's literature.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FCD 4302E. Latino Youth and Families.
This course is an introduction to research regarding the development of Latino youth and families, exploring the most common physical, cognitive, and socio-emotional aspects of development. Students will learn that these changes are dynamically interrelated and diverse, often depending on factors such as gender and cultural values.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FCD 4302F. Middle Childhood Development.
This course will focus on the typical developmental characteristics of children between the ages of six and twelve years across physical, motor, cognitive, language, social, and emotional domains. Students will explore developmentally appropriate out-of-school-time programs, including environments and activities.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FCD 4302G. Conducting Research in Early Childhood.
This course provides students an opportunity to explore and develop fundamental concepts, principles, and methods of research in early childhood, with emphasis on critiques, interpreting and applying research results and participating in the research process. Prerequisite: Minimum 2.5 Texas State GPA.
3 Credit Hours. 1 Lecture Contact Hour. 8 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Credit/No Credit

FCD 4351. Cultural Diversity of Families.
Students will study cultural diversity with an emphasis on different racial and/or ethnic groups, religions, and social classes. Students will explore selected family science research methods and topics including family function, family life patterns, multicultural groups, agents of enculturation, and family life education as they relate to cultural diversity. (MC)(WI) Prerequisite: FCD 3355 or FCD 1355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

FCD 4352. Administration of Programs for Children.
This course addresses the history, philosophy, and ethics of programs for young children. Emphasis on responsibilities of the child care administrator in relation to staff, budgets, facility laws, and standards of agency management. Prerequisite: FCD 2353 with a grade of "D" or better, or approval of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 4353. Introduction to Child Life.
This course introduces students to theoretical and practical methods of working with children and their families in health care settings.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 4355. Family Theory.
Study and comparison of various theories, family structures, and transitions. Investigation of interaction strategies to enhance successful family function across various family structures and transitions. Prerequisite: FCD 1355 or FCD 3355 or approval of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 4356. Administration of Human Service Organizations.
Students will study the implementation of non-profit family and child development programs. Emphasis will be on the leadership and management of human service organizations including program staffing, strategic planning, problem solving, grant writing, and ethical leadership. Prerequisite: FCD 2353, and FCD 1355 or FCD 3355.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 4357. Comparative Studies in Child Development.
The study of international early care and education systems including philosophy, goals, funding, and regulation. The role of government policies in the development and implementation of systems will be addressed.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FCD 4358. Latino Youth and Families.
This course is an introduction to research regarding the development of Latino youth and families, exploring the most common physical, cognitive, and socio-emotional aspects of development. Students will learn that these changes are dynamically interrelated and diverse, often depending on factors such as gender and cultural values.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCD 4391. Independent Study in Family and Child Development.
Independent reading and/or research on a specific topic related to student's primary area of interest. Work may consist of research, reviews and integration of existing literature, or other appropriate independent work. May be repeated once for credit with approval of instructor. (WI).
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Courses in Family and Consumer Sciences (FCS)

Many of the subject-matter courses in Family and Consumer Sciences are open to non-majors as electives.

FCS 1310. Foundations in Family and Consumer Sciences.
This course provides an overview of the field of Family and Consumer Sciences as it relates to human ecology, emphasizing its interdisciplinary nature, history, theories, career opportunities, and career readiness.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCS 2303. Introduction to Research in Family and Consumer Sciences.
This course examines practices in the social science research process, with an emphasis on general scientific literacy, and technical and academic writing for use with Family and Consumer Sciences' programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FCS 4101. Special Problems in Family and Consumer Sciences.
A study of selected areas of Family and Consumer Sciences. Repeatable for credit with different emphasis.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dual Enrollment Permitted|Header|Time Conflicts Permitted
Grade Mode: Standard Letter

FCS 4303. Research Procedures in Family & Consumer Sciences.
The study and implementation of research procedures for use with family and consumer sciences programs. Includes instrument selection, recruitment and testing of subjects, coding, analysis and dissemination of data. Will include field based experiences using appropriate research procedures. Restricted to Senior Standing. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FCS 4304A. Family Finance II.
This course is a study of financial management for individuals and families. Topics include financial inequality, investments, retirement planning, and estate planning. Prerequisite: CA 3341 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FCS 4304B. Introduction to Research Methods in Family and Consumer Sciences.
The examination of practices in the social science research process with an emphasis on general scientific literacy and technical, academic writing for use with Family and Consumer Sciences programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

FCS 4340. International Study in Family and Consumer Sciences.
Study of Family and Consumer Sciences topics in international settings. Emphasis will be placed on cultural awareness and its application within FCS professions. Repeatable for credit with different emphasis. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

FCS 4343. Occupational Education in FCS.
Its purpose is to help prepare students for teacher certification and teach occupational education content in 11-12 grade FCS classrooms. Occupational education course in 11-12 grades such as Services for Older Adults, Hospitality Services, Childcare and Guidance and Food Production, management and services are designed for students to gain extensive management skills and practical work experience.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FCS 4344. Instructional Management for Family and Consumer Sciences.
This course provides students with hands-on application of the Texas Teaching Proficiencies as outlined by the Texas Teacher Evaluation and Support System (T-TESS) and the Danielson Framework. Principles and practices specifically needed for managing the FCS classroom will be addressed. Prerequisite: 2.75 GPA and Acceptance into Educator Preparation Program.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

FCS 4347. Family Policy.
This course is an examination of policy-making and the significance of national, state and local policies that affect families. Students will analyze social policies, including government programs and legislation, and discuss how to influence change in policies. Use of the Internet and computer software programs such as Word, PowerPoint, and others required. Requires Senior Standing. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FCS 4681. Family and Consumer Sciences: Principles and Process.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced Family & Consumer Sciences mentor teachers in school settings with university instruction and supervision. This culmination experience is required for Texas teacher certification. Requires departmental approval through the OEP. Prerequisites: Admittance to the Educator Preparation Program, 2.75 Overall GPA; Additional coursework may not be taken concurrently; For undergraduate students, all other degree-required course work must be completed; For graduate and post-baccalaureate students, all certification coursework must be completed.
6 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Credit/No Credit

Courses in Fashion Merchandising (FM)

FM 1330. Introduction to Fashion Merchandising.
Survey of the fashion industry including an overview of the development, production and distribution of fashion goods and services.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: HECO 2311

FM 1332. Textiles.
A consumer-oriented study of the relationship of fibers, fabrics, and textile product end-uses.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: HECO 1320

FM 2330. Aesthetics and Branding.
The study of promotional strategies unique to the fashion industry. Emphasis is placed on techniques used at the retail level. Prerequisite: FM 1330 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 2334. Textile Product Analysis.
The study of textile product quality control issues important to manufacturers, retailers, and consumers. Emphasis is placed on evaluating quality based on appearance, cost, durability, and end-use of textile products. Prerequisites: FM 1330 and FM 1332 all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 2335. Gender, Appearance, and Society.
The investigation of the role of dress and appearance in nonverbal communication, development of the self and gender identity, and social interactions of individuals with a particular emphasis on diverse appearances by various cultural groups.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 2336. Introduction to Merchandising Technology.
This course introduces new technologies and industry software used in the merchandising industry and prepares students to take advanced courses that rely on these technologies and software. Topics include Adobe Photoshop and Illustrator, Microsoft Excel, SPSS statistics, and Space Planning software.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 3330. Fashion Buying Principles I.
Quantitative concepts used in merchandising fashion goods with an emphasis on profitability. Prerequisites: FM 2334 or FM 2336; and MATH 1315 or MATH 1316 or MATH 1319, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 3332. Fashion Promotional Strategies II.
The study of promotional strategies unique to the fashion industry. Emphasis is placed on techniques initiated by manufacturers and wholesalers of fashion products. Prerequisites: FM 2330 with a grade of "C" or ebtter.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 3333. Merchandise Presentation and Planning.
This course is designed to apply critical thinking skills within the context of retail store space planning and presentation, product category management, and merchandise allocation for a variety of retail business types. Prerequisite: FM 2330 and (FM 2334 or FM 2336) all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 3334. Fashion Merchandising Administration.
The study of human resource management in the fashion industry including recruitment, development, assessment, and compensation. Prerequisite: FM 1330 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 3335. Pre-history to Renaissance Textiles, Dress and Adornment.
Survey of textiles, dress and adornment from pre-history through the ancient Eastern and Middle Eastern cultures to the development of Western civilization ending with the Northern Renaissance.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 3336. Baroque to Modern Western Dress and Adornment.
Chronological study of Western dress and adornment from the Baroque period through modern times. Emphasis on the socio-economic, political, and technological factors contributing to the evolution of fashion.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 4101. Special Problems in Fashion Merchandising.
A study of selected areas of Fashion Merchandising. Repeatable for credit with different emphasis.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FM 4301. Internship in Fashion Merchandising.
This course is an Internship in Fashion Merchandising-related professions focused on production, distribution, or retailing of fashion goods, or auxiliary services. Repeatable for credit once. Prerequisite: FM 3334.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FM 4302A. Special Events Planning.
An in-depth study of selected topics and emerging issues related to the planning of special events. Emphasis will be on planning, organizing, implementing and evaluating special events.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FM 4302B. Specialty Fashion Markets.
An in-depth study of specialty fashion markets including historic background; significance of the market; terminology; product assortment, development, production and distribution; and trend analysis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FM 4302F. Trends Forecasting and Social Media.
This special topics course in Fashion Merchandising will focus on specific methods for forecasting fashion trends and the role of social media in the diffusion of fashion trends.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FM 4302G. Creative Problem Solving.
An in-depth study of selected topics or emerging issues of particular relevance to Fashion Merchandising professionals. Course may be repeated for credit with a different emphasis. Prerequisite: FM1332, ID2325 or NUTR1362.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FM 4320. Fashion Merchandising in Domestic Markets.
An on-site study of domestic fashion market centers. Course examines the design, production, and distribution of fashion products and services at various market levels. Repeatable for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FM 4331. Fashion Buying Principles II.
This course is a study of the fashion merchandise buyer, planner, and allocator roles emphasizing retail merchandising functions. These include developing merchandise plans, selecting products, and negotiating terms. Using best-practice industry software, students will analyze merchandising data to manage inventory levels, and evaluate performance of sales and profit. Prerequisite: FM 3330 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 4334. Fashion Product Development.
The course will focus on fashion product development for target markets. Emphasis of the course will be placed on line development, product specification, color and textile selection, sizing and product costing. Prerequisites: FM 1332, and FM 2334 or FM 2336, with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 4335. Principles of Fashion Consumption.
An analysis of variables, concepts and theories related to the role of the consumer in fashion and fashion product consumption. Prerequisite: FM 2335 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 4337. Fashion Merchandising.
The study of managerial decisions in fashion retailing with an emphasis on operational issues. Prerequisites: FM 1330 and FM 2330 and FM 3330 and FM 3334, all with a grade of "C" or better, or consent of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FM 4338. Enterprise Development.
Principles and procedures used in creating successful enterprises to meet consumer demand, including consumer research, logistical issues, and strategic planning. Examines various product and service offerings in traditional and non-traditional outlets.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FM 4339. Fashion Economics.
Economic perspective of textile products, production and global sourcing with emphasis on U.S. fashion industries. Prerequisite: ECO 2301 or ECO 2315 or ECO 2314, all with a grade of "D" or better, and FM 1330 and FM 1332, all with a grade of "C" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FM 4340. Fashion Merchandising in International Markets.
Study of Fashion Merchandising topics in international settings. Emphasis will be placed on market differences and cultural awareness, and the implications within Fashion Merchandising professions. Repeatable for credit with different emphasis. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content
Grade Mode: Standard Letter

FM 4391. Independent Study in Fashion Merchandising.
Independent reading and/or research on a specific topic related to students' primary area of interest. Work may consist of research, reviews, and integration of existing literature or other appropriate independent work. May be repeated once for credit with approval of instructor. Prerequisites: FM 1330 with a grade of "D" or better, and consent of instructor. (WI).
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Courses in Interior Design (ID)

ID 1310. Introduction to Interior Design.
This introductory lecture course investigates interior design from social, ecological, cultural, and spatial perspectives related to human habitation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 1320. Design Graphics I.
This course provides specialized training in manual and digital graphic communication required in the interior design profession. It includes architectural drafting, illustrative sketching, design diagramming and schematics, and basics of orthographic and perspective drawing with emphasis in both technical and aesthetic expression. Prerequisite: Interior Design majors only or consent of instructor.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 2321. History of Interiors.
Survey of historical styles of furnishings, architecture, and interiors from the Egyptian period to the Industrial Revolution.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 2322. Basic Interior Design.
This course is an introductory studio for Interior Design majors, analyzing the elements and principles of design as applied to interior environments. Applications of these fundamental components, including finishes, materials, and styles, will be demonstrated by class projects. Prerequisite: ID 1310; ID 1320; ARTF 1302; all with a grade of C or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 2323. Design Development.
This course is an introduction to the process of design development and planning of interior space with an emphasis on graphic visualization as a creative process and design tool. Prerequisite: ID 2322; all prerequisites must be completed with a grade of "C" or better. Corequisite: ID 2321; ARTC 2305.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 2324. People, Environment, and Behavior.
This studio course focuses on the physical and psychological needs of inhabitants of interior space. Students are exposed to theories of environmental perception, human factors, and universal design principles to be applied to design solutions. User needs are demonstrated through the application of space planning throughout the design process. Prerequisite: ID 2323. Corequisite: ID 3320.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 2325. Materials and Sources.
This course is an in-depth study of materials and finishes specified for residential and commercial interiors. Material properties, fabrication, installation methods, applications, sustainability, maintenance requirements and sourcing are addressed. Prerequisite: ID 2322 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3320. Design Graphics II & Portfolio.
In this course, students are exposed to various means and methods for using digital media throughout the interior design process. Instruction on presentation graphics, branding and digital publication strategies of a student design portfolio are also addressed. Prerequisite: ID 2322 with a grade of "C" or better. Corequisite: ID 2323 or ID 2324.
3 Credit Hours. 0 Lecture Contact Hours. 5 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3321. Contemporary Interiors and Architecture.
A survey of contemporary styles of furnishings, architecture, and interiors from the 19th century to the present. Prerequisite: ID 2321 with grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3322. Studio I: Residential Interior Design.
This studio course introduces students to various dimensions, purposes, and characters relative to the small and large residential spaces. Prerequisite: ID 2324; ID 3320; both with a grade of "C" or better. Corequisite: ID 3325 or ID 3326.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3323. Studio II: Commercial Interior Design.
This course focuses on the analysis, planning, design and furnishing of small to moderate commercial and other non-residential spaces. Topics include design programming, the design development process, simple contract document preparation and visual and verbal presentation methods. Prerequisites: ID 2325, ID 3322; both with a grade of "C" or better. Corequisites: ID 3325 or ID 3326; ID 3327; ID 3324.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3324. Professional Practices.
This course focuses on the business principles, ethics, and procedures for the interior designer. Prerequisite: Student must pass portfolio review before taking ID 3324. Corequisite: ID 2324 or ID 3322.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ID 3325. Interior Lighting Design.
This course focuses on the study of natural and manufactured light sources relative to the interior environment. Emphasis is placed on light science and technology and the effects on health, behavior, color and form, and includes issues of aesthetics, energy conservation, codes, evaluation, and specifications. Prerequisite: ID 2322 and ID 2323 with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3326. Comprehensive Interior Design.
This course is an advanced study of materials, systems, codes and other factors relating to public health, safety, and welfare in interior environments. Through lecture and application of resources, materials and design technologies, the course addresses specifying, scheduling, budgeting, and resource conservation. Prerequisite: ID 2322 and ID 2323, all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3327. Building Construction in Interior Architecture.
This course explores the understanding of interior construction and documentation for interior architecture projects. Expression of design intent as construction documents is reinforced in structured classroom experiences, guest lecturers, and on-site visits. Understanding of base building construction and systems will be demonstrated through completion of the set of drawings. Prerequisite: ID 2323; ID 2324 or ID 3322. Corequisite: ID 3326.
3 Credit Hours. 0 Lecture Contact Hours. 5 Lab Contact Hours.
Grade Mode: Standard Letter

ID 3329. Housing, Interiors, and Furnishings.
An application of the basic design principles in planning, designing, and furnishing interiors for contemporary living to reflect function, economy, beauty, and individuality for varying income levels. For non-Interior Design majors only.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ID 4101. Special Problems in Interior Design.
A study of selected areas of Interior Design.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ID 4120. Portfolio Design.
Portfolio preparation and production for seeking employment with design firms. Includes instruction on graphic and publication design, business structures and portfolio strategies. For graduating interior design majors. Prerequisites: ID 3220 and ID 4323, all with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

ID 4301. Internship in Interior Design.
Internship experience in the Interior Design profession. Must meet college, department, and program requirements. (Capstone Course) Prerequisites:ID 3321; ID 3323; ID 3324; ID 3325; ID 3326.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ID 4302A. Historic Preservation.
Introduction to the field of historic preservation, including history, theory, planning, advocacy, law, conservation, and adaptive use, emphasizing the Secretary of the Interior's Standards for Rehabilitation. Students combine design and technical knowledge to approach historical design problems in creative, sensitive, and economical ways. Prerequisites: ID 2321, ID 3321, and ID 3322.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ID 4302C. Lighting Research and Applications.
An in-depth study of light and color and its impact on people's behavior in interior environments.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ID 4302F. Color Theory and Design Applications.
An introduction to color theory and principles with a fundamental understanding of the psychological and physiological effects color has on human perception. Characteristics of major hues which influence design and behavior and how to use, design, and apply color in the creative process will be studied.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ID 4302G. Color Theory & Design Applications.
An introduction to color theory and principles with a fundamental understanding of the psychological and physiological effects color has on human perception. Characteristers of majors hues which influence design and behavior and how to use, design, and apply color in the creative process will be studied.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ID 4323. Studio III: Research and Advanced Commercial Interior Design.
This course expands student understanding and application of design research methods including evidence-based design in the commercial interior environment. Topics include advanced design research methods, programming and large-scale space planning, finish selection/specifying, furnishings design and detailing, and presentation strategies through creative problem solving and contract document preparation. Prerequisites: ID 3321, ID 3323; ID 3327; all grades of "C" or better. Corequisite: ID 3321.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ID 4324. Studio IV: Contemporary Design Issues.
This course requires students to conduct specialized research in interior design to include design issues such as barrier free environments, medical facilities, historic preservation/adaptive re-use, international interiors, energy issues, sustainable design and design for special needs. Prerequisite: ID 4323; with a grade of "C" or better.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

ID 4391. Independent Study in Interior Design.
Independent reading and/or research on a specific topic related to student's primary area of interest. Work may consist of research, reviews, and integration of existing literature, or other appropriate independent work. May be repeated once for credit with approval of instructor. (WI).
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Courses in Nutrition and Foods (NUTR)

NUTR 1162. Food Systems Laboratory.
This course provides for application of the management techniques and concepts of planning, preparation, cost analysis, and evaluation covered in NUTR 1362. Pre or Co-requisite: NUTR 1362 with a grade of "D" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 1362. Food Systems.
Nutrition, food science, and management principles in planning, procuring, preparing, preserving, evaluating, and serving food to fulfill dietary requirements of individuals and diverse cultural groups. Includes federal legislation, environmental issues, and culinary principles. Pre or Co-requisite: NUTR 1162 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 2162. Food Science Laboratory.
Students engage in laboratory techniques and exercises related to food, chemistry, microbiology, nutrition, food palatability, and food safety. Prerequisite: NUTR 2360 with grade of "C" or better. Co- or prerequisite: NUTR 2362 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 2360. Nutrition Science.
The science of human nutrition with emphasis on nutrient digestion, absorption, and excretion; nutrient metabolism, requirements, and sources. Prerequisite: Three semester hours of science.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: BIOL 1322

NUTR 2361. Nutritional Assessment.
This course teaches the principles and techniques of assessing nutritional status, presents interviewing and nutrition counseling theories, development of individualized treatment plans and educational tools, and accessing community nutrition resources. Practical application is provided through assignments and in-class experiences. Prerequisites: NUTR 1362 and NUTR 2360, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 2362. Food Science.
Students learn the scientific principles underlying the relationships among food, chemistry, microbiology, nutrition, and food safety as related to the major food groups. Prerequisites: 3 hours of chemistry or biology, and NUTR 2360 with grade of "C" or better. Co- or prerequisite: NUTR 2162 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 3303. Research Methods in Nutrition Science.
This course will focus on the evaluation of research concepts, methods, and strategies used in nutrition research. Topics include epidemiological, community, clinical, animal, and cell culture models, study design, statistical analysis and dissemination of research findings. Students will locate, read, and evaluate scientific literature. Prerequisite: NUTR 1362, NUTR 2360, CHEM 1341/1141, CHEM 1342/1142, BIO 2430.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 3362. Nutrition and Health.
For non-science majors. Involves the study of the nutrients and their function in promoting health throughout the life span. Includes standards for consumer selection of a proper diet and analysis of nutrition-related health problems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 3363. Nutrition for Wellness and Fitness.
Students will study the causes and treatment of overweight and obesity and the effects of dietary and lifestyle choices on attainment and maintenance of health and prevention of chronic diseases. Basic exercise physiology is introduced and dietary recommendations for sports, fitness and prevention of eating disorders are also presented. Prerequisites: NUTR 2361 and NUTR 3367 and BIO 2430, or BIO 2451 and BIO 2452, all with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 3364. The Science of Nutrition and Exercise.
This course focuses on basic nutritional science, with emphasis on the physiological and biochemical importance of nutrition to physical performance, health, and fitness. The use and efficacy of ergogenic aids will be investigated. The course requires reading and interpreting the scientific literature. Restricted to students majoring in Athletic Training, Exercise Sports Science, Family and Consumer Sciences, Health & Fitness Management, or Health & Wellness Promotion.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 3367. Nutrition and Physiology.
This course integrates the study of nutrition with other biological sciences, focusing on cellular and molecular physiological processes related to digestion, absorption, transport, and metabolism of nutrients and other dietary components. Prerequisites: NUTR 2360 and BIO 2430, all with a grade of "C" or better; and CHEM 1341 and CHEM 1141 and CHEM 1342 and CHEM 1142, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4101. Special Problems in Nutrition and Foods.
Independent reading and/or research on a specific topic related to students' primary area of interest. Work may consist of research, reviews, and integration of existing literature, or other appropriate independent work. May be repeated once for credit with approval of instructor.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

NUTR 4167. Food Systems-Production & Management Laboratory.
This course provides for the application of the management techniques and concepts of institutional food production covered in NUTR 4367. Prerequisites: NUTR 1362 and NUTR 2360, all with a grade of "C" or better; Pre- or corequisite: NUTR 4367 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4301. Career Exploration in Nutrition and Foods.
Students engage in applied experience under the supervision of a professional mentor in nutrition and foods-related professions, services, businesses, and/or research. Prerequisite: must meet college, department and program requirements. (Capstone Course).
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4302C. Micronutrients.
A study of the biochemical and physiological foundations of nutrition. Information pertaining to biochemical structure, metabolism and physiological regulation of minerals and fat-soluble vitamins. Prerequisites: NUTR 2360 and NUTR 3365; Co-requisite: CHEM 2450.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

NUTR 4302E. Community Nutrition.
A study of community nutrition programs addressing food insecurity, prevention and treatment of chronic diseases, and health promotion among special populations, including maternal, infant, child, adolescent and older adults. Review of national and international healthcare systems; program planning incorporating evidence-based intervention strategies. Prerequisite: NUTR 2360 or NUTR 3362; NUTR 4365.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

NUTR 4350. Hospitality.
Focus on the principles underlying operations in the hospitality industry. Concepts include residential and lodging operations, guest expectations, food, beverage, and maintenance services, promotions, budget control, personnel and security.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4360. Medical Nutrition Therapy.
This course explains the physiological and biochemical abnormalities of certain disease states of human body systems with emphasis on diet modification as a therapeutic measure. Prerequisites: NUTR 3367; and BIO 2430 or BIO 2451 and BIO 2452, all with a grade of "C" or better; and NUTR 4365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4361. Biochemical Nutrition.
A study of the biochemical and physiological foundations of nutrition. Information pertaining to cytology, biochemical structure of nutrients, energy transformations, nutrient-drug interactions, and the anatomy, physiology, and nutrient metabolism of major organ systems is covered. Prerequisites: NUTR 3367; and BIO 2430 or BIO 2451 and BIO 2452, all with a grade of "C" or better; and NUTR 4365 with grade of "D" or better. Pre- or co-requisite: CHEM 2350 and CHEM 2150, or CHEM 3375, or CHEM 4375, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4362. Nutrition and Genetics.
This course will examine the specific processes in intermediary nutrient metabolism and their genetic regulation. The effects of nutrients on gene expression, cell signaling, cell physiology, and disease processes will also be explored. Prerequisites: NUTR 3367; and BIO 2430 or BIO 2451 and BIO 2452; and BIO 2440 or BIO 2400, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4363. Nutrition Counseling and Education.
Study of teaching/learning styles and development of counseling skills to improve the nutritional status of individuals, families, and groups. Development of effective nutrition education materials and media communications. Prerequisites: NUTR 2361 with a grade of "C" or better, and NUTR 4365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4365. Nutrition in the Life Span.
This course provides for the in-depth study of the normal growth, development, and nutritional requirements associated with pre-pregnancy, pregnancy, infancy, childhood, adolescence, and the older adulthood. Prerequisites: NUTR 2361 and NUTR 3367; and BIO 2430 or BIO 2451 and BIO 2452, all with grades of "C" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

NUTR 4366. Ethics and Policy in Nutrition.
This course addresses the influence of government, interest groups, media, and industry on nutrition policy decisions, public and private funding, nutrition education, the food supply and food choices, and includes discussion of ethical considerations that have an impact on public health. Prerequisites: NUTR 1362 with grade of "C" or better; NUTR 4365 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

NUTR 4367. Food Systems-Production & Management.
Students study the principles, policies, and procedures for planning, procurement, staffing, production, evaluation, and research in institutional food service. Topics include systems design, decision hierarchy, organizational structure, and personnel selection, training, and management. Prerequisites: NUTR 1362 and NUTR 2360 with grades of "C" or better; Pre- or corequisite: NUTR 4167 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NUTR 4391. Independent Study in Nutrition and Foods.
Independent reading and/or research on a specific topic related to students' primary area of interest. Work may consist of research, reviews, and integration of existing literature, or other appropriate independent work. May be repeated once for credit with approval of instructor. (WI).
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Consumer Affairs

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to general education core curriculum and degree requirements, this major requires specialized courses in consumer education, family and personal resource management, family finance, consumer law, family financial counseling and family policy.
3. Students participate in an internship in a related area.
4. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
5. Nine semester credit hours must be writing intensive (WI).
6. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
7. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Consumer Affairs (Family and Consumer Sciences Concentration)

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to general education core curriculum and degree requirements, this major is required to take courses in all areas of Family and Consumer Sciences.
3. Majors participate in an internship in a related area.
4. At least three hours of the electives must be advanced.
5. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
6. Nine semester credit hours must be writing intensive (WI).
7. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
8. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Consumer Affairs (Teacher Certification in Family and Consumer Sciences, Grades 6-12)

Minimum required: 120 semester credit hours

Admission Requirement

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to general education core curriculum and degree requirements, this major pursuing Teacher Certification in Family and Consumer Sciences is required to take from 6 to 12 semester hours in each of the following areas: nutrition and foods, family and child development, fashion merchandising, interior design, consumer science, and occupational family and consumer sciences.
3. To satisfy graduation requirements for teacher certification, students must have at least a 2.75 Overall GPA. A GPA of at least 2.50 in all assigned courses in the professional sequence with no grade below a "C".
4. In addition to the major and degree requirements, students must also complete 12 hours of professional sequence courses through the College of Education. All coursework must be completed prior to FCS 4681.
5. Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
6. Nine semester credit hours must be writing intensive (WI).
7. Students must demonstrate competency in basic clothing construction techniques.
8. Students participate in FCS 4681 student teaching for pre-professional experience.
9. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree.In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Interior Design

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. A Texas State GPA of 2.0 is required to graduate.
3. This major is required to take specialized courses in Interior Design including history of furnishings and architecture, residential and commercial interior design, research and programming, professional practices, and portfolio design. Visual communication courses, such as drawing and rendering are taken in the School of Art and Design.
4. A portfolio review for all Interior Design majors is conducted by the Interior Design faculty immediately upon completion of all ID 2323 coursework. The purpose of the review process is to ensure that the most qualified students, evidenced by adequate skill and knowledge level, will advance in the program. Students must pass portfolio review to proceed to new Interior Design coursework, including the studio sequence beginning with ID 2324.
5. It is strongly suggested that students consider transferring into the program prior to meeting all general education core curriculum requirements or course options may be limited. The completion of ID major course requirements alone requires a minimum of seven semesters due to strict sequencing, regardless of other credit hours accumulated.
6. Students participate in an internship in a related area. Students are required to have completed ENG 1310, ENG 1320, COMM 1310, MATH 1315 or MATH 1319 in addition to the Interior Design course requirements prior to the internship.
7. Majors must pass all required Interior Design and Art classes with a grade of "C" or higher. Any student making a grade of "D" or lower in ID or ART courses may not proceed to the next level course until a grade of "C" or higher is achieved.
8. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
9. Nine semester credit hours must be writing intensive (WI).
10. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree.In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Nutrition and Foods

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to general education core curriculum requirements, this major is required to take courses in biology, and specialized courses in food systems, food science, nutritional assessment, physiology and nutrition, wellness and fitness, life span nutrition, and food service management. Course options include medical nutrition therapy, advanced food science, and nutrition and genetics.
3. A Texas State and major GPA of 2.50 or higher is required to graduate.
4. Majors participate in an externship.
5. A minor is required, and those in biology, Business Administration, and Chemistry are recommended.
6. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
7. Nine semester credit hours must be writing intensive (WI).
8. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree.In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to general education core curriculum requirements, this major is required to take courses in agriculture, biology, and chemistry, and specialized courses in food science, food systems, food service, management, nutritional assessment, physiology and nutrition, wellness and fitness, lifespan nutrition, biochemical nutrition, functional foods and nutraceuticals, medical nutrition therapy, and nutrition and genetics.
3. A Texas State and major GPA of 2.75 or higher is required to graduate.
4. Majors participate in an internship.
5. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
6. Nine semester credit hours must be writing intensive (WI).
7. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree.In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Nutrition and Foods (Teacher Certification in Hospitality, Nutrition, and Food Sciences, Grades 8-12)

Minimum required: 129 semester credit hours

Admission Requirement

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to general education core curriculum requirements, this major is required to take courses in biology and specialized courses in food systems, food science, nutritional assessment, physiology and nutrition, wellness and fitness, lifespan nutrition, food service management and hospitality.
3. Students participate in FCS 4681 student teaching for pre-professional experience and an internship.
4. To satisfy graduation requirements for teacher certification, students must have at least a 2.75 Overall GPA. A GPA of at least 2.50 in all assigned courses in the professional sequence with no grade below a "C".
5. In addition to the major and degree requirements, students must also complete 12 hours of professional sequence courses through the College of Education. All coursework must be completed prior to FCS 4681.
6. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
7. Nine semester credit hours must be writing intensive (WI).
8. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree.In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.

Department of Military Science

Army Reserve Officer Training Corps
Adamson Building Room 104
T: 512.245.3232 F: 512.245.3264

The Army Reserve Officer Training Corps (AROTC) Program at Texas State is designed to develop the professional skills vital to Army officers. The purpose of the program is to educate, develop, and inspire qualified students for a commission in the U.S. Army, U.S. Army Reserve, or Army National Guard.

The freshman and sophomore years of AROTC are called the Basic Course, and the junior and senior years are called the Advanced Course. Entry into the Basic Course requires no formal application; however, an interview is advisable because the student may be eligible for advanced placement. Registration is accomplished at the same time and in the same manner as for other college courses. Enrollment in the Basic Course does not confer any military status or commitment upon the cadet. Successful completion of, or constructive credit for, the Basic Course is necessary before progressing to the Advanced Course.

Students entering the Advanced Course should have two academic years remaining at Texas State. Coordination should be made with the Professor of Military Science well in advance of anticipated enrollment in order to allow adequate time for application processing. A student may meet some prerequisites as a result of prior military training, ROTC training with any service, or successful completion of the AROTC Cadet Initial Entry Training. An interview is advisable in order to determine if a student meets any of the above prerequisites.

Students in the Advanced Course attend a Cadet Leader Course during the summer at Fort Knox, Kentucky between their junior and senior years. The purpose of this course is to train cadets to Army standards, to develop their leadership skills, and to evaluate their officer potential while giving them practical field experience in a military environment.

Textbooks and materials for military science classes are furnished without cost to the student.

Some cadets are eligible to participate in the Simultaneous Membership Program, which allows them to serve in the National Guard or Army Reserve concurrently with AROTC. The Department of Military Science should be consulted for additional information regarding this program.

Army scholarships are available on a competitive basis to cadets enrolled in AROTC. These scholarships pay 100% of tuition and fees or room and board, plus a $600 allowance per semester for books and necessary supplies. All scholarship cadets also receive the following tax-free stipend per month: freshmen, $300.00; sophomores, $350.00; juniors, $450.00; and seniors, $500.00. Eligible non-scholarship cadets who sign an AROTC contract may begin receiving the stipend during their sophomore year.

Opportunities to attend Airborne, Air Assault, and other service schools are available to eligible cadets on a competitive basis.

Pursuant to Texas Education Code 51.302, up to three semester hours of credit in an upper-level ROTC course may be applied to the general education core curriculum American History Component (HIST 1310 or HIST 1320) and up to three hours to the general education core curriculum Government/Political Science Component (POSI 2320 only).

All AROTC cadets are required to attend a weekly 90-minute leadership laboratory. This gives them an opportunity to practice basic military skills and the art of leadership.

Minor

- Military Science

Courses in Military Science (MS)

MS 1000. Leadership Laboratory.
This course concentrates on practical leadership training. Must be taken concurrently with all other MS courses. Repeatable for credit with different emphasis.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MS 1211. Foundations of Officership.
This course introduces the Army profession and the role of the commissioned officer. It focuses on leadership, ethics and military customs as well as practical skills like physical fitness and stress management. Students must enroll in MS 1000 concurrently.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MS 1212. Basic Leadership.
This course is designed to broaden the introduction to the Army and the skills needed to be a successful Army officer. It focuses on leadership, communication and problem solving as well as nutrition and personal development. Students must enroll in MS 1000 concurrently.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MS 2211. Individual Leadership Studies.
This course is designed to develop the student's self-confidence, leadership skills and problem solving abilities. It focuses on critical thinking, communication and conflict resolution skills.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MS 2212. Leadership and Teamwork.
This course focuses on self-development guided by group processes. Experiential learning activities are designed to challenge current beliefs, knowledge and skills. This course also provides equivalent preparation for the ROTC Advanced Course and the Leaders Training Course.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MS 2313. American Military Studies and Battle Analysis.
This course is designed to study Military History as it applies to the principles of war and current military doctrine. Students will analyze historical battles and lessons learned and apply them to the modern battlefield. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MS 3311. Leadership and Problem Solving I.
This course is designed to enable a student without prior military experience to rapidly integrate into the cadet battalion and perform successfully. Key elements are introduction to physical fitness, how to plan and conduct training, basic tactical skills and military reasoning.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MS 3312. Leadership and Problem Solving II.
This course is designed to enable a student without prior military experience to rapidly integrate into the cadet battalion and perform successfully. Key elements are introduction to physical fitness, how to plan and conduct training, basic tactical skills and military reasoning.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MS 4311. Leadership and Management.
This course is designed to help cadets make informed career decisions and it continues their education in Army operation, training management, communications and leadership. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MS 4312. Officership.
This course focuses on completing the transition from cadet to lieutenant. It includes a basic foundation of military law, skills and information on leadership and military science, application and demonstration of knowledge and mastery of military skills reasoning. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MS 4313. Independent Study in Military Science.
This course will be designed to meet the needs of the individual student. It will be a directed and closely monitored program targeted at the students' weaknesses/interests. The course will primarily deal with topics pertinent to the military profession; such areas as leadership, management, ethics, law and their application. Course will require week/bi-weekly progress review with instructor. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Minor in Military Science

Total Hours		23

1. Or placement credit given for completing basic training or the Leader's Training Course.
2. To be eligible to take these courses, students must sign a contract to enter the U.S. Army, Army Reserve, or Army National Guard. Students must be medically, morally, and physically qualified and receive permission from the department chair.
3. Requires that cadets qualify for an U.S. Army officer commission by submitting to and passing a thorough background investigation to obtain a Secret Security clearance.

Department of Occupational, Workforce, and Leadership Studies

Pedernales Building
Telephone: 512-245-2115 Fax: 512-245-3047
http://www.owls.txstate.edu

The Department of Occupational, Workforce, & Leadership Studies offers the Bachelor of Applied Arts and Sciences (BAAS) degree designed

to allow students to obtain a degree that is both interdisciplinary and individualized. The following are unique characteristics of the BAAS.

- The degree allows students to assist in the choice of courses that would complement their career goals.
- The degree includes an option to obtain college credit for work experience, non-collegiate training, industry certifications, and non-sponsored learning through a portfolio development process.
- The degree includes multiple options for obtaining college credit including testing by CLEP or DSST, correspondence studies, and extension courses.
- Courses are delivered online, hybrid, or "live" on the San Marcos or Round Rock Campus.
- The professional development and capstone modules in the degree are individualized based on the students' career goals.
- Certificates, such as Certified Public Manager (CPM), may be included in the degree audit.
- Approved technical associates' degrees and coursework may be included in the B.A.A.S. degree.
- Relevant military coursework may be included in the degree.
- The BAAS degree remains the most flexible degree on campus allowing multiple methods for completion and utilization of various coursework from different disciplines to complete the degree.

Bachelor of Applied Arts and Sciences (B.A.A.S.)

- Major in Applied Arts and Sciences

Subjects in this department include: CTE (p. 142), OCED (p. 144)

Courses in Career and Technical Education (CTE)

CTE 3304. Human Relations for Career and Technical Education Teachers.
This course emphasizes the combination of psychological and sociological factors that influence relationships of CTE teachers in the pursuit of professional duties. Strategies for teaching students and mentoring employees on the dynamics of human relations are highlighted.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3307. Selection, Placement, and Follow-up in Career and Technical Education.
This course provides an overview of the practices of occupational selection, placement of students in suitable employment and cooperative sites, and coordinating the relationship between school and workplace site.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3308. Problems in Cooperative Training.
The course highlights the organization, presentation, and selection of content material necessary in part-time work-based learning programs. The need for community, workplace/industry, family, school, and student partnerships in curricular assessment is emphasized.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3313A. Special Needs Students in CTE.
This course involves in-depth studies of characteristics, principles of inclusion, development and implementation of individualized programs of instruction and collaboration with school personnel for effective education of special needs students, including special education, limited-language proficiency, and gifted and talented students.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313C. Entrepreneurship.
This course involves study and analysis of ownership, marketing strategies, location, financing, regulations, managing, and protecting a business. It includes strategies for teaching entrepreneurship in CTE.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313F. Development and Change in Organizations.
Today's organizations face constant pressures to change—whether a government entity, a private business, a not-for-profit, or an educational institution. This course introduces how to effectively facilitate change by examining the issues and practices of organization development (OD), including what kinds of interventions to apply in various contexts and situations.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313G. Introduction to Leadership.
This course provides an overview of current leadership theory and research with emphasis on practical application. Students will examine the complexities of practicing leadership, analyze models of effective leadership, and explore concrete strategies for becoming better leaders.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313H. Creating a Purposeful Life Plan: A Journey of Self-Exploration and Discovery.
Students in this course will apply analytical tools, psychology and sociology theory, and planning skills in developing a plan consisting of personal and professional goals in seven areas that define a purposeful life. They will also master techniques, including the selection and use of mobile apps to implement their goals.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313J. Trends and Issues in Occupational, Workforce, Leadership Studies.
Students will examine emerging trends and issues impacting today's workplace. The students will search the literature for research-based articles and synthesis the information and create abstracts and key points.Specific course content will vary significantly offering to offering based on unique needs and interest of course participants.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3313K. STEM Literacy for the Workplace.
This course will introduce students to critical STEM literacy skills needed to thrive in the STEM workforce. Students will explore STEM literacy skills to relate them to high demand occupations, evaluate their personal STEM literacy experiences, and create a learning plan to enhance their STEM knowledge and skills.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CTE 3315. Leadership and Professional Development.
This course prepares students to examine and apply principles of leadership to create their own applicable model of influencing others. Topics covered include leadership behavior, strategic thinking, managing energy, and getting results within an organization.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CTE 3320. Effective Methods of Teaching and Training.
This is an introductory/fundamental course for instructors in trade and industrial education seeking certification and technical trainers who are not seeking certification. It is designed to prepare these individuals to apply effective teaching principles and techniques, to prepare lesson plans, and manage classrooms. Practice teaching will be included.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3321. Work-based Learning in Career and Technical Education.
This course is intended for teacher coordinators of work-based program in trade and industrial cooperative education. There is an emphasis on selection of occupations and appropriate training stations, student recruitment, instruction coordination in on-the-job educational experiences, state and local report preparation and required record keeping systems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3322. Teaching and Training as Professions.
This course emphasizes the professional requirements of teaching and training in a variety of settings. Professional topics include licensure and preparation for the profession, organizations, philosophical foundations of teaching and training, and the socio-political landscape of teaching and training.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3323. Technology Applications.
This course covers the use and integration of computers in the classroom or office. Topics include history of computers, use of word processor, spreadsheet, and presentation software; overview of common computer programs; history and use of the Internet, and computer security.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3324. Entrepreneurship in Schools, Communities, and the Workplace.
Students will gain an in-depth understanding of entrepreneurship and its application in the contexts of schools, communities, and the workplace. This course intersects entrepreneurial concepts in career and technical education with educational entrepreneurship, social entrepreneurship, and intrapreneurship.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3340. Occupational Skills for the 21st Century.
This course allows students to explore past and present occupational trends, new and emerging occupations and the 21st century occupational skills necessary for success. Students will explore transferability of occupational skills and how these skills are applied and packaged for career transitions.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3380. Education and Training Programs in Workforce Settings.
This course helps students investigate the range of programs related to education and training in Workforce settings. Students will investigate government policies, program coordination techniques, and organizations related to learning in the workplace. Students will explore local programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 3381. Strategies for Education and Training in Workforce Settings.
This course provides an overview of identifying curriculum, individual learning styles, needs of learners in the workforce, instructional strategies, providing support for diverse learners, inclusive instructional strategies, and the use of technology and assessment in workforce settings.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 4302. Coordination Techniques.
This course presents an overview of the cooperative program in marketing and distributive education (MDE), the establishments of MDE programs, the guidance, selection and placement of students, adjustment of work for individual needs, setting student objectives, evaluation, labor laws, and public relations relevant for MDE programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 4304. Organization and Management of Marketing Education Programs.
This course provides instruction on the organization and administrative structure of marketing organization in the United States. Additionally, the use of objectives, program improvement techniques, appropriate teacher selection techniques, and evaluative criteria are emphasized in relation to marketing and distributive education programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CTE 4310. Independent Study in Career and Technical Education.
This course is an independent study of various subjects in CTE. Work is done on an independent basis under the direction of the faculty member. Repeatable for credit with different emphases.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Occupational Education (OCED)

Students desiring to pursue the Bachelor of Applied Arts and Sciences must take OCED 4350 as their initial entry course. All students must have an overall transfer GPA of 2.25 and if the students have Texas State University coursework, a Texas State GPA of 2.25 is required.

OCED 3310. Human Problems in the Workplace.
Overview of problems that supervisors, teachers, and co-workers encounter in business/industry, social service, military, or education. This range of problems interferes with communication, performance, and development of proficiency in school/work. Perspectives and reports on the incidence of these problems will be presented, as well as actions for these human problems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

OCED 3350. Introduction to Interdisciplinary Studies for the Bachelor of Applied Arts and Sciences Degree.
Students in this course will apply critical and reflective thinking to develop an individualized plan consisting of interdisciplinary studies courses that meet their career goals. Students will also assess their needs for earning credits through prior learning assessment (PLA), and identify potential capstone projects aligned with their professional goals. Prerequisite: 2.25 Overall GPA; Texas State GPA of 2.25. Corequisite: OCED 4350.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

OCED 4111. Independent Study in Occupational Education.
This is an independent study course that allows research on topics in occupational education related to a student's interests. Work may include individual research, critical reviews or integration of existing bodies of knowledge. Course may be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

OCED 4350. Adult Development and Career Planning.
This course introduces students to human development, learning theory, transition theory, interdisciplinary studies, career planning and assessment, and goal setting relevant to developing a professional growth plan. (WI). Prerequisite: 2.25 Overall GPA; Current Texas State students must also have a Texas State GPA of 2.25. Corequisite: OCED 3350.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

OCED 4360. Bachelor of Applied Arts and Sciences Capstone Part 1.
This is the first part of a two-part capstone devoted to the development of the student's supervised capstone project. Proposal development, review of literature, creation of timelines, and task analysis are stressed. Following instructor approval, work on the capstone project begins in this course. Prerequisites: CTE 3313E and OCED 4350, all with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 13 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

OCED 4361. Bachelor of Applied Arts and Sciences Capstone Part 2.
This is the second part of a two-part capstone devoted to the development of the student's supervised capstone project. Application of knowledge, abilities, and skills acquired in the degree program is stressed. It requires extensive reports and documentation. Prerequisite: OCED 4360 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 13 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

Bachelor of Applied Arts and Sciences (B.A.A.S.) Major in Applied Arts and Sciences

Minimum required: 120 semester credit hours

General Requirements

1. This major requires an individualized plan of study based on each student's past learning experiences and future career goals.
2. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree. In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.
3. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
4. Nine semester credit hours must be writing intensive (WI).
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

Course Requirements

Code	Title	Hours
General Education Core Curriculum		
ENG 1310	College Writing I (Communication Component Code 010)	3
ENG 1320	College Writing II (Communication Component Code 010)	3
Mathematics Component Code 020		3
Life & Physical Sciences Component Code 030		6
PHIL 1305	Philosophy and Critical Thinking (Language, Philosophy & Culture Component Code 040)	3
or PHIL 1320	Ethics and Society

Occupational Emphasis Module [1]		
Select 45 credits to satisfy this module from experiential learning (work/life experience, non-collegiate sponsored instruction, credit by examination), or transfer work from other accredited institutions of higher learning.		45
OCED 4350	Adult Development and Career Planning	3
Professional Development Module		
This module of 21 credits is individualized to students' educational needs. [2]		21
BAAS Capstone [3]		
OCED 4360	Cooperative Occupational Education Readiness	3
OCED 4361	Practicum in Cooperative Occupational Education	3
University Seminar		
If US 1100 is waived, the student must have a minimum of 120 hours to graduate.		1
Elective Module		
Select enough elective hours to complete the 120 hour degree chosen with the advice of the student's degree advisor.		2-10
Foreign Language		
Students who have not had two years of the same foreign language in high school or who do not have one year of the same foreign language from an accredited college must take the two courses of the same foreign language, which may include American Sign Language.		0-8
Total Hours		120

1. This module may be satisfied through a number of options including traditional course work from Texas State and transfer credit from accredited institutions of higher learning plus limited numbers of hours from nontraditional methods including correspondence, extension, and forms of testing including CLEPs.
2. Students will choose courses with the assistance of the degree advisor from at least three academic departments or schools. This module of 21 hours constitutes the major for GPA calculation purposes.
3. This is a required independent activity completed during the student's last semester.

School of Social Work

Encino Building Room 150
Telephone: 512-245-2592
www.socialwork.txstate.edu (http://www.socialwork.txstate.edu)

The Bachelor of Social Work (B.S.W.) degree with a major in Social Work, is fully accredited by the Council on Social Work Education. The Bachelor of Social Work prepares students to engage in entry-level social work practice, to apply for state social work licensure, and to pursue graduate social work studies. Social Work students must maintain high scholastic standards. They must also develop the capacity to work with people from diverse backgrounds and assist all people with any life difficulties and transitions they experience.

Bachelor of Social Work (B.S.W.)

- Major in Social Work (p. 148)

Minor

- Social Work

Courses in Social Work (SOWK)

SOWK 1350 is a prerequisite to all other social work courses except SOWK 2375, SOWK 4315, SOWK 4318, SOWK 4320, and SOWK 4355.

SOWK 1350. Introduction to Social Work.
This introductory survey course includes the nature, function, and various types of social work practice, acquainting the student with the history, scope, and values of the profession.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SOCW 2361

SOWK 2320. Love and Relationships.
This elective course explores the nature of attraction, friendship, love, and human sexuality, enabling students to enhance their own personal and professional relationships.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 2375. Social Services in the Community.
This undergraduate course introduces the organizations and policies involved in social services delivery. Students participate in 50 hours of work as supervised observers and volunteers in selected social service agencies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 3305. Seminar in Human Behavior and Social Environment I.
This undergraduate course provides an overview of human functioning in the environment by studying eco-systems and developmental frameworks. It builds knowledge and values for practice with task groups, organizations, and communities. Prerequisite: Official Social Work major; complete SOWK 3420 with grade of C or higher.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 3312. Alcoholism and Chemical Dependence.
This elective course focuses on commonly used and abused drugs as well as the dynamics and treatment of addiction and alcohol abuse. It emphasizes direct social work interventions aimed at addiction prevention and treatment.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 3332. Helping Troops Transition Back to their Families and Communities: The Invisible Wounds of War.
The course examines topics at the individual, family, group, organizational, and community levels related to troops who are returning from current combat operations and their families. It reviews the needs, community resources, and policies in place for helping them and their families make this transition. Prerequisite: Upper division undergraduate standing or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 3340. Social Work Research.
This undergraduate course builds foundation scientific research skills in critical thinking, knowledge of program and practice evaluation, and a philosophy of generalist social work practice. Prerequisite: Official Social Work major; HP 3302 or HP 3325 or CJ 3347 or PSY 2301 or SOCI 3307; with a grade of C or higher.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 3420. Social Work Practice I.
This undergraduate course studies generalist theory and application of social work practice with individuals, families, and groups, including introductory data collection, assessment, intervention planning, and evaluation. Prerequisites: Official Social Work major. (WI).
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

SOWK 3425. Social Work Practice II.
This undergraduate course emphasizes generalist social work practice with task groups, organizations, and communities, examining data collection, assessment, intervention, planning, implementation, and evaluation. Students develop and implement a community-based project. (WI) Prerequisites: SOWK 3420 with grade of "C" or better.
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

SOWK 4300A. Animal Assisted Therapy.
This course is a starting point for individuals seeking an introduction to the human-animal bond and its therapeutic applications. The course connects students with an extensive network of handlers and facilities in a wide range of disciplines with applied animal-assisted therapy programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

SOWK 4300B. Spirituality and Social Work Practice.
This elective course provides a basic framework of knowledge, values, and skills necessary for ethical and effective spiritually-relevant practice. It examines spirituality as an integral component of a strengths-based approach to social work practice with diverse and/or vulnerable clients. It integrates a contemporary global perspective with critical self-reflection.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

SOWK 4300C. School Social Work.
This course is an overview of social services in schools. Topics covered include: educational issues, conceptual framework, policies, and service delivery systems. Special attention is paid to cultural diversity, special populations, parent-school collaboration, community liaison, referral systems, and change.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

SOWK 4300D. Hip Hop and Social Justice for Individual and Community Change.
Hip-Hop culture is examined within the context of human development over the life course with an emphasis on positive individual and community development. Cultural dynamics are viewed alongside the social and political history of the United States including issues of equity and justice.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

SOWK 4300F. International Social Work.
This course covers basic theoretical and practical approaches to empowerment, social and economic justice, and human rights. Particular cultures and specific global problems are examined in-depth to promote student acquisition of an international worldview for human global change based on social work values and research-informed practice.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

SOWK 4300G. Ghana: Human Rights and Social Justice Applied.
This undergraduate course will focus on applied social justice and human rights in a global context from an interdisciplinary standpoint in Ghana.
3 Credit Hours. 12 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

SOWK 4300H. Comparative Social Work Ethics in Canterbury.
The purpose of this course is to assist the student in expanding a basic level of knowledge, values, and skills in the area of ethics in social work. The NASW Code of Ethics and the National Codes of Ethics from the International Federation of Social Workers are used.
3 Credit Hours. 12 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

SOWK 4300I. Social Work and Social Services in Canterbury.
The purpose of this course is to assist the student in exploring social work processes, social service provision and services to special populations in Canterbury, England. Agency visits or primary research will guide learning.
3 Credit Hours. 12 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

SOWK 4305. Seminar in Human Behavior and Social Environment II.
This undergraduate course integrates knowledge from social sciences and SOWK 3305, focusing on individuals, families, and small groups functioning in environments. It uses a bio-psychosocial perspective, expanding on eco-systems, developmental, and values frameworks. (WI) Prerequisite: SOWK 3305 with a grade of C or higher.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

SOWK 4310. Diversity and Social Justice in Social Work.
This undergraduate course focuses on knowledge and skills necessary for effective, ethical, and just practice, exploring interpersonal and institutional dynamics of racism, sexism, heterosexism, homophobia, classism and other forms of oppression and their effects on providing social services to diverse populations. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

SOWK 4315. Child Welfare.
This undergraduate elective course analyzes child welfare services available to abused and neglected children in their own homes, in substitute care, and through the community, emphasizing social work intervention with children and their families.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 4318. Social Work and Health Care.
This undergraduate elective course provides a generalist view of social work practice in mental health and public health, considering the social problems that affect health care, and ethical and effective intervention strategies and service delivery systems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 4320. Social Work with Older Adults.
This undergraduate elective gives a comprehensive introduction to contemporary social problems, values, and issues affecting older adults, and effective and ethical intervention strategies and service delivery systems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 4355. Policy Practice.
This course is an overview of social policy and legislation and the processes of influencing public policy. It links policy with a broad range of social work service areas.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 4356. Professionalism in Social Work.
This course builds skills in self-presentation, in taking responsibility for personal and professional growth, in learning professional behaviors in organizations, and in presenting court testimony. Prerequisite: SOWK 3425 with grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SOWK 4360. Directed Study in Social Work.
This one-semester undergraduate course highlights individualized reading, independent study and projects, and guided instruction. It is offered to superior students by the professor's invitation and with the consent of the BSW Coordinator. This course may be repeated once for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

SOWK 4425. Social Work Practice III.
This undergraduate course emphasizes interpersonal and communication skills necessary for effective, ethical generalist social work practice. Students translate theory into helping behaviors through practice and feedback to develop competent skills for beginning field placement. (WI) Prerequisites: SOWK 3425 with grade of "C" or better.
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

SOWK 4645. Beginning Field Practice in Social Work.
Undergraduate students engage in generalist social work in agencies, supervised by licensed social workers and the field coordinator. Students work a minimum of 250 clock hours, attend seminars, and complete assignments. Prerequisites: Completion of all Phase II course requirements, and application to field coordinator.
6 Credit Hours. 1 Lecture Contact Hour. 20 Lab Contact Hours.
Course Attribute(s): Dual Enrollment Permitted|Time Conflicts Permitted
Grade Mode: Standard Letter

SOWK 4650. Advanced Field Practice in Social Work.
This undergraduate course extends SOWK 4645. Students, supervised by licensed social workers and the field coordinator, apply advanced generalist techniques for a minimum of 250 clock hours, attending seminars, and completing assignments. Prerequisites: Completion of all Phase II course requirements, and application to field coordinator.
6 Credit Hours. 1 Lecture Contact Hour. 20 Lab Contact Hours.
Course Attribute(s): Dual Enrollment Permitted|Time Conflicts Permitted
Grade Mode: Standard Letter

Bachelor of Social Work (B.S.W.) Major in Social Work

Minimum required: 120 semester credit hours

General Requirements

1. This major requires 54 hours in Social Work and 9 hours in supportive Social Sciences, and it builds on liberal arts and the general education core curriculum. The Social Work curriculum is based on and interwoven with the liberal arts/general education core curriculum consisting of 54 semester credit hours. Students progress in three phases of the Social Work major, without regard to disability. A social worker must be emotionally and mentally stable, must have strong communication skills, must have solid interpersonal relationship-building skills, and must conform to professional ethics. The School of Social Work faculty evaluate whether students meet these criteria and may advise a student at any point to continue in the B.S.W. major or consider another major
2. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
3. Nine semester credit hours must be writing intensive (WI).
4. If two years of the same modern language are taken in high school, then no additional language hours will be required for the degree.In the absence of modern language taken in high school, then two semesters of the same modern language (1410 and 1420) must be taken at the college level, and the requirement will be added to the student's degree audit.
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (http://mycatalog.txstate.edu/undergraduate/general-education-core-curriculum) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

Phase I: Entry Level Social Work Courses and Specified General Education Core Curriculum Courses

Any student may declare a Social Work major and may enroll in SOWK 1350, SOWK 2375, as well as SOWK elective courses. Social work majors should complete most of the following general education core curriculum and liberal arts courses before applying to Phase II of the Social Work major. They must complete at least 45 credit hours, including the following:

Code	Title	Hours
Life and Physical Sciences Coponent Code 030 [1]		3
Life and Physical Sciences Component Code 030 [1]		3
COMM 1310	Fundamentals of Human Communication (Component Area Option Code 090/091)	3
ENG 1310	College Writing I (Communication Component Code 010)	3
ENG 1320	College Writing II (Communication Component Code 010)	3
HIST 1310	History of the United States to 1877 (American History Component Code 060)	3
HIST 1320	History of the United States, 1877 to Date (American History Component Code 060)	3
MATH 1315	College Algebra (Mathematics Component Code 020)	3
or MATH 1319	Mathematics for Business and Economics I	
PHIL 1305	Philosophy and Critical Thinking (Language, Philosophy & Culture Component Code 040)	3
or PHIL 1320	Ethics and Society	
SOWK 1350	Introduction to Social Work	3
SOWK 2375	Social Services in the Community	3
US 1100	University Seminar (if required)	1
Total Hours		34

[1] Biology is the only acceptable Life and Physical Science curriculum for admission to the B.S.W. major.

Applicants must have a minimum 2.50 overall GPA and a minimum 2.75 GPA in SOWK courses and supportive courses (Biostatistics, ENG 3303 or ENG 3304, and PSY 3322) to apply for Phase II. Students interested in Social Work must contact the College of Applied Arts Academic Advising Center for advisement.

Phase II: Social Work Major

Students submit a formal application for admission to Phase II. Application materials are due to the School of Social Work office by 5:00 p.m. on the second Monday of November for spring admission to the major or the second Monday in April for fall admission to the major. An admission committee screens applicants, considering academic record and suitability for social work practice, and informs applicants in writing of their decision to admit to full major status, conditionally admit to full major status, or deny admission to full major status. Students admitted to Phase II must attend a mandatory orientation to the major prior to beginning Phase II of the degree program. Information regarding the orientation will be provided in the written notification of admission to Phase II of the major. When students are admitted to Phase II, their formal academic major is converted from Pre-Social Work to Social Work.

Admission into Phase II does not guarantee permission to remain in the degree program. Social Work faculty will continuously assess a student's progress. To be retained, the student must maintain the required minimum Texas State GPA of 2.50. Students must also earn a minimum grade of "C" in each social work course and each supportive course. The School of Social Work outlines the academic progress and advancement to graduation in relation to retaking major sequence coursework in the student handbook. To remain in Phase II, students must also agree to adhere to the NASW Code of Ethics and must demonstrate emotional and mental stability, competent communication skills, interpersonal relationship skills, and high levels of self-awareness.

Phase III: Field Placement

Students who have completed all required courses for the B.S.W., excluding SOWK 4645 and SOWK 4650 (Field Placement), and who have

met all the requirements noted above may apply for field placement. Students apply for field placement with the School of Social Work's Field Office.

The School prefers that students take SOWK 4645 and SOWK 4650 during the same semester, which requires that the student limit his/her enrollment that semester to field placement, totaling 12 hours. Under exceptional circumstances, students may request permission from the Field Coordinator to take SOWK 4645 and SOWK 4650 over two consecutive semesters (6 hours each semester).

To be eligible for graduation a student must complete all degree requirements and must have a minimum Texas State GPA of 2.50 with a GPA of 2.75 in social work and supportive courses. Students seeking either a dual degree or a second bachelors' degree in Social Work will need to complete all requirements for the B.S.W degree totaling 54 hours for the major, to include 12 hours in field internship, 14 hours in modern languages, 9 hours in supportive courses and the required biology curriculum. To be eligible for graduation a student must complete all degree requirements and must have a minimum Texas State GPA of 2.50 with a GPA of 2.75 in social work and supportive courses.

Total Hours: 120

1 Required prior to application for Social Work major.

2 Requires an additional 50 hours volunteering.

3 Social Work Electives:
- SOWK 2320 Love and Relations
- SOWK 3332 Helping Troops Transition Back to their Families and Communities: The Invisible Wounds of War
- SOWK 4300A Animal Assisted Therapy
- SOWK 4300B Spirituality and Social Work Practice
- SOWK 4300C School Social Work
- SOWK 4300D Hip Hop Social Justice for Individual Community Change
- SOWK 4315 Child Welfare
- SOWK 4318 Social Work and Health Care
- SOWK 4320 Social Work with Older Adults
- SOWK 4360 Directed Study in Social Work

4 Interdisciplinary Electives:
- Students are required to complete fourteen (14) semester credit hours of interdisciplinary electives from any discipline offering a course deemed relevant to the social work major. Students must receive a grade of "C" or better for credit.

Minor in Social Work

The minor in Social Work requires 18 semester credit hours. The minor makes students aware of our society's problems, conditions, and value systems, while enhancing their growth in their chosen major fields. The minor does not prepare students for professional social work practice nor for state social work licensure.

Marketing–Raymond P. Fisk, Ph.D.

Named on February 27, 2004 in honor of Mr. and Mrs. Emmett McCoy, the Emmett and Miriam McCoy College of Business Administration provides broad-based undergraduate and masters-level educational programs that produce graduates with the values, knowledge, and skills to be successful in a diverse, globally-competitive environment.

Mission

The McCoy College of Business Administration fosters an engaged learning community that prepares a diverse student population for successful business careers as responsible global citizens. The College complements these efforts with research that adds to knowledge, provides solutions to business challenges, and contributes to pedagogical advances.

Vision

The McCoy College of Business Administration strives to be a leader in experiential business education and business relevant, socially significant research.

Values

Committed to supporting the mission of Texas State University as a Hispanic Serving Institution and designated emerging research institution for the state of Texas, we embrace:

- A unique combination of experiential learning, excellent faculty instruction, and a student-centered culture.
- Responsiveness, accountability, and on-going contributions through research and service to Texas and beyond.
- Excellence in all endeavors through self-study, innovation, and continuous improvement.
- Integrity and adherence to professional and ethical standards.
- Respect for individuals and a diverse culture that promotes a globally engaged community of students, staff, and faculty.
- Student engagement and development through active involvement in student organizations.
- Life-long learning and professional development of students, staff, and faculty.

Background

Established in 1958, McCoy College offers the Bachelor of Business Administration (B.B.A.) degree with majors in accounting, computer information systems, economics, finance, management, and marketing. The management major offers a teacher certification option. Computer Information Systems offers a certificate program. Additionally, the College cooperates with the College of Liberal Arts in offering the Bachelor of Arts (B.A.) degree with a major in economics. The B.B.A. degree does not require a minor. Non-business majors may choose business administration as their minor.

The learning environment of McCoy College places primary importance on teaching excellence and intellectual contributions complemented by service. This environment prepares students for careers in both the private and public sectors. The curriculum addresses the economic, legal, political, social, technological, and demographically diverse environment in which modern business is conducted. This environment emphasizes comprehensive learning that combines general education and professional studies in business. The core requirements cover the main functional areas of business, and specialized study in one of six traditional business majors provides knowledge upon which to build a career.

McCoy College, accredited by AACSB-International, The Association to Advance Collegiate Schools of Business, serves over 4,700 undergraduate and graduate business students and has five academic departments: Accounting, Computer Information Systems and Quantitative Methods, Finance and Economics, Management, and Marketing.

McCoy College is entitled by its designation as an AACSB-International accredited school to have Beta Gamma Sigma as its honorary business society. The university chapter has been in existence since 1997. In the College, the top 10 percent of undergraduate business students in their respective classes are eligible to join the society as early as the last semester of their second year of study. Graduate students ranked in the top 20% of their class may join the society after completing 40% of their respective program.

Academic Advising Center

McCoy Hall Room 115

Telephone: 512-245-1993 Fax: 512-245-1996
www.advising.mccoy.txstate.edu

The McCoy College of Business Administration Academic Advising Center is an accessible, student-centered support service that encourages students to develop educational goals and identify strategies for success, provides official and accurate academic information, and guides students to the successful completion of an undergraduate degree. The Advising Center also provides opportunities for student engagement through the College's comprehensive student development program, the McCoy Experience. The services available for students include information sheets for schedule-building and degree requirements, an on-call advisor to address frequently asked questions, one-on-one advising sessions by appointment, information on student professional development opportunities in the College, and the certification of undergraduate graduation applicants. For a complete description of advising services and student responsibilities refer to the McCoy College Academic Advising Center Syllabus which is available for download at http://advising.mccoy.txstate.edu/resources/syllabus.html. Students are required to show their Texas State ID to speak with an advisor about specific academic information.

Admission Policy

Admission to the College is competitive, and a student must be admitted to the College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310,ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

Restricted Status

Any business student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Business majors on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to the College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to the College by going through the application process and competing with other applicants for openings. Business students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

General Requirements for the B.B.A. Degree

1. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by the McCoy College:

Code	Title	Hours
COMM 1310	Fundamentals of Human Communication	3
ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
MATH 1329	Mathematics for Business and Economics II	3
PHIL 1320	Ethics and Society	3

2. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Code	Title	Hours
B A 2310	Introduction to Business in a Global Environment	3
ACC 2361	Introduction to Financial Accounting	3
ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
BLAW 2361	Legal Environment of Business	3
QMST 2333	Business Statistics	3
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
CIS 3380	Enterprise Information Technology and Business Intelligence	3
FIN 3312	Business Finance	3
MGT 3453	Business Communication and Professional Development [1]	4
MGT 4335	Strategic Management and Business Policy	3

[1] Students in the 2014 and subsequent catalog years cannot receive credit for MGT 3353.

3. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.
4. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, business students should follow the general

sequence of courses specified for the business curriculum in this section of the catalog.

5. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

Enrollment in Upper-Division Business Courses

Upper-division McCoy College courses (3000- and 4000-level) are restricted to business majors or to students who require the courses for their declared program of study. To be eligible to enroll in these courses, all students must satisfy stated course prerequisites, maintain an overall GPA of 2.00 or greater, and have completed at least 60 semester hours. Students should note that not all courses are taught each semester. If a specific course is needed, students should verify the prospective course offering with the department.

Transfer Credit

Business transfer students must meet residency requirements for all Texas State programs outlined in the academic policies section of this catalog. Additionally, at least 50% of the semester hours in business required for the College's various degree programs must be completed in residence at Texas State.

Undergraduate transfer students who received elective credit rather than course-specific credit from the Texas State admissions office may appeal this designation to the McCoy College department in which the course is offered.

Community/junior college students who plan to transfer to McCoy College are advised to pursue the business curriculum outlined in this section. The appropriate course equivalency guide and/or transfer planning guide should be consulted to resolve questions of course transferability. Courses acceptable for transfer by Texas State will transfer at the level at which the courses were taken (i.e., acceptable courses from a community/junior college transfer as freshman or sophomore courses and cannot be used to satisfy junior/senior-level requirements). A maximum of 72 hours from an accredited community/junior college may be applied to a business degree.

Writing Intensive Hour Requirement

Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.

Grade-Point Average for Graduation

B.B.A. students must achieve the following minimum grade-point averages:

1. A Texas State GPA of 2.00
2. A Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives); and
3. A GPA of 2.0 in the minor(s).

B.B.A. Accounting students must achieve the following grade point averages:

1. A Texas State GPA of 2.00
2. A Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives)
3. A GPA of 2.0 in the minor(s); and
4. A Major GPA of 2.50

B.A. students must achieve the following minimum grade point averages:

1. A Texas State GPA of 2.00
2. A major(s) GPA of 2.25 (includes major courses and restricted/advanced electives); and
3. A GPA of 2.0 in the minor(s).

Double Majors within Bachelor of Business Administration Programs

Students must fulfill the specified requirements for both majors in full and restricted/advanced electives may not double count.

Minors

- Business Administration (p. 152)
- International Business (p. 153)

Courses in Business Administration (B A)

B A 2310. Introduction to Business in a Global Environment.
The course introduces the modern business enterprise with an emphasis on the interdependence of the business functions in a global environment. Topics include the cross border impacts of culture, politics, and law on trade, investment, marketing, management, and accounting and financial systems. Restricted to BBA students.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

B A 4300. Independent Study in Global Business.
This study abroad course introduces students to the international business environment. Topics include cultural, political, social, and economic factors affecting international business, and the regulatory and ethical environment of global businesses.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

B A 4312. International Business Internship.
Integration of professional and academic experience through internship in an international business related activity with an external employer. Prerequisites: International Business Minors only, junior or senior classification, enrollment subject to availablilty and approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

B A 4315. International Trade Operations.
This course examines the basics of international trade operations, focusing on the procedures, documentation, and regulation pertaining to export and import operations from the prespectives of exporters, importers, and various intermediaries. Prerequisites: MGT 3375 and MKT 4310 all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Minor in Business Administration

The minor in Business Administration requires a minimum of 18 semester credit hours. Students seeking a B.B.A. degree are not eligible to declare a Business Administration minor.

Code	Title	Hours
Required Courses		
Choose one of the following:		3-6
ACC 2301	Accounting in Organizations and Society	
ACC 2361 & ACC 2362	Introduction to Financial Accounting and Introduction to Managerial Accounting	
Choose one of the following:		3-6
ECO 2301	Principles of Economics	
ECO 2314 & ECO 2315	Principles of Microeconomics and Principles of Macroeconomics	
Choose 12 hours from the following:		12
BLAW 2361	Legal Environment of Business	
CIS 3317	E-Business

Degree Program Offered

Bachelor of Business Administration (BBA), major in Accounting

Texas State is one of only 186 business schools worldwide (top 5%) to be accredited in both general business and accounting by the Association to Advance Collegiate Schools of Business (AACSB). AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution and its accounting programs can earn.

The McCoy College of Business Administration Department of Accounting is a student-centered learning community that prepares a diverse student population for professional success, creates and values research and other intellectual contributions, and provides service to the profession, university and community.

To accomplish our mission, the Department:

- Provides instruction and curricula emphasizing critical thinking, communication skills, and use of technology that prepare students for the changing accounting environment.
- Promotes strong conceptual foundations, technical skills, and ethical decision making and practices that prepare graduates for professional licensure, professional certification, and for future leadership roles in businesses and organizations.
- Engages in research and intellectual contributions that impact the practice of accounting, enhance the understanding of the accounting discipline, and improve the process of educating future accountants.
- Seeks to attract, develop, reward, and retain a diverse, student-oriented faculty with professional knowledge who are committed to excellence in teaching, scholarship, and service, and who participate in university governance.
- Strives to build and maintain professional relationships among students, alumni, the accounting profession, and other stakeholders.

The accounting curriculum provides a broad education in accounting theory, and practice with an appreciation for ethical decision making. Students completing the four year prescribed program of study earn the Bachelor of Business Administration degree with a major in accounting. Career options include accounting for corporations, industry, governmental, and other not-for-profit organizations.

To meet the educational requirements to take the Uniform CPA Examination in Texas current law requires 150 semester credit hours, including 30 hours of upper-division accounting (including a research course), and 24 hours of upper-division business courses (including business communications). Students may contact the Texas State Board of Public Accountancy at (512) 305-7870 or at http://www.tsbpa.state.tx.us to verify the educational requirements. These hours cannot be satisfied with the B.B.A. degree with a major in accounting alone. The Department provides a 30 hour Master of Accountancy (M.Acy.) program which offers graduate level accounting courses that currently satisfy the accounting requirements. Students completing this graduate programs should experience greater opportunities for initial employment and career success. In addition to the career choices available to B.B.A. graduates, M.Acy. graduates position themselves for career opportunities in public accounting specializing in auditing, tax, or management consulting, corporate accounting, and accounting for nonprofit governmental organizations.

To make the transition from undergraduate to graduate easier, a Texas State Accounting major may apply for admittance to the M.Acy. program once the student has completed the following:

- at least 90 credit hours,
- at least 12 upper-level Accounting courses, and
- ACC 3313 and ACC 3314 with a grade of "B" or better.

All applicants to the M.Acy. program will provide the following:

- at least two completed reference forms,
- GMAT or GRE score, and
- an essay on the topic indicated in the application materials.

However, submission of the GMAT or GRE score will be optional for a Texas State Accounting major who:

1. has earned a 3.2 GPA or higher in the last 60 hours of coursework,
2. has earned a 3.4 GPA or higher in upper-level Accounting courses, and
3. provides at least two completed reference forms from Texas State faculty.

For more information about graduate program requirements and the admission process, please consult the graduate catalog. To talk with a graduate academic advisor, students should contact the Accounting Department, (512) 245-2566, or go to McCoy Hall 431.

Bachelor of Business Administration (B.B.A.)

- Major in Accounting (p. 155)

Bachelor of Business Administration (B.B.A)/Master of Accountancy (M.Acy)

- Major in Accounting (5-Year Integrated) (p. 156)

Courses in Accounting (ACC)

ACC 2301. Accounting in Organizations and Society.
Introductory accounting course for non-business majors. Describes the role of accounting as an information system essential for the operation of today's organizations. Focus is on (1) how data is captured and processed to provide information for decision-making, and (2) how the information provided can be used for decision-making.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ACC 2325. Financial Analysis and Accounting.
A study of financial statement analysis and overview of financial statements.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Credit/No Credit

ACC 2361. Introduction to Financial Accounting.
This course introduces financial accounting concepts and their application in the accounting process for business organizations, including financial statement preparation, analysis and communication of financial information and related ethical responsibilities. Prerequisite: MATH 1315, MATH 1319, MATH 1329, MATH 2321, MATH 2331, MATH 2417, MATH 2471, ACT Mathematics score of 27 or more, SAT Mathematics score of 580 or more, or SAT Math Section Score 600-800.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ACCT 2301

ACC 2362. Introduction to Managerial Accounting.
This course provides an introduction to the use of accounting information as an aid to management decision making and budgeting. Students will gain an appreciation of control processes and an understanding of accounting reports and related ethical responsibilities. Prerequisites: MATH 1319 or MATH 1315 or MATH 2471 or MATH 2321 or MATH 1329 or HON 3391 or MATH 2417 or MATH 2331 and ACC 2361, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ACCT 2302

ACC 3313. Intermediate Accounting I.
An in-depth study of accounting concepts and standards with emphasis on current theory and practices relating to corporate financial statements particularly stressing asset measurement and presentation. Prerequisites: ACC 2361 and ACC 2362 all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ACC 3314. Intermediate Accounting II.
This course provides a study of accounting problems related to liability measurement, determination of stockholders' equity, earnings per share, leases, and revenue recognition. It also covers intangibles and investments. Prerequisite: ACC 3313 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ACC 3363. Governmental Accounting.
A study of concepts and techniques of fund accounting, and financial reporting for governmental and not-for-profit organizations including state and local government, universities, hospitals, and other public sector entities. Prerequisite: ACC 3313 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ACC 3365. Cost/Managerial Accounting.
The study of cost/management accounting within the manufacturing and merchandising environment. Includes the analysis of cost accumulation, planning, and control within the organization. Specific topics emphasized are job order and process costing; standard costing, standard costing and variance analysis; absorption and direct costing; budgetary procedures; cost/volume profit analysis; and capital budgeting techniques. Prerequisites: QMST 2333 with a grade of "D" or better; ACC 2362 with a grade of "C" or better, and completion or concurrent enrollment in ACC 3313 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ACC 3385. Accounting Systems.
A study of elements of theory, procedures, and practice relating to system design and implementation for manual and computerized accounting information systems. Emphasis placed on system selection, data entry, file structure, internal control implementation, and report generation for various information end-users. Prerequisites: ACC 3313 with a grade of "B" or better; CIS 3380 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ACC 4313. Auditing and Internal Controls.
This course provides a study of the theory and practices relating to auditing. The course emphasizes the procedures used to evaluate the effectiveness of risk management and control processes, including prevention and detection of fraud. Prerequisites: ACC 3314 and ACC 3385, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ACC 4328. Survey of Income Tax.
An introduction to Federal income tax provisions, concepts and issues concerning individuals, business and property transactions. The coursework focuses on income and expense recognition as well as tax planning opportunities. Prerequisite: ACC 3313 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ACC 4390A. International Accounting.
This course introduces students to accounting issues unique to multinational enterprises and international business activity. Financial accounting practices are compared across different countries. The development of international accounting standards is also explored. Prerequisite: ACC 3313 with a grade of "C" or better. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Topics
Grade Mode: Standard Letter

Bachelor of Business Administration (B.B.A.) Major in Accounting

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310,ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for other information about the general education core curriculum.

3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Code	Title	Hours
B A 2310	Introduction to Business in a Global Environment	3
ACC 2361	Introduction to Financial Accounting	3
ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
BLAW 2361	Legal Environment of Business	3
QMST 2333	Business Statistics	3
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
CIS 3380	Enterprise Information Technology and Business Intelligence	3
FIN 3312	Business Finance	3

MGT 3453	Business Communication and Professional Development [1]	4
MGT 4335	Strategic Management and Business Policy	3

[1] Students in the 2014 and subsequent catalog years cannot receive credit for MGT 3353.

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.
5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.
6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.
7. Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.
8. Students must achieve the following grade point averages for graduation:

- a Texas State GPA of 2.00
- a Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives)
- a GPA of 2.0 in the minor(s); and
- a Major GPA of 2.50

[1] Credit can be earned by successfully passing a test. Students must pay a fee to take the test.

Bachelor of Business Administration (B.B.A.)/Master of Accountancy (M.Acy.) Major in Accounting (5-year Integrated)

This integrated bachelor's and master's degree program is found in the graduate catalog. For information regarding the program please click here (p. 943).

Department of Computer Information Systems and Quantitative Methods

McCoy Hall Room 404
T: 512.245.2291 F: 512.245.1452
www.cis.txstate.edu (http://www.cis.txstate.edu)

The mission of the Department of Computer Information Systems and Quantitative Methods (CISQM) degree is to provide relevant educational opportunities to students wishing to pursue professional careers related to information systems, technology and data analytics. The department strives to create an environment for preparing individuals for a lifetime of learning and growth by producing graduates who understand the concepts and uses of information systems and are capable of applying these concepts to business and government.

The computer information systems curriculum provides a strong foundation in the concepts and applications of information systems and technology in organizations. It gives CISQM majors the opportunity to

study enterprise design, business intelligence, data analytics, database development, network and security administration, programming languages, and the integration of hardware and software systems with management practices. Students completing the prescribed program of study earn the Bachelor of Business Administration degree with a major in Computer Information Systems. Beginning in 2017, CISQM will offer a concentration in Data Analytics, which will prepare the students for the emerging world of Big Data and how to effectively analyze business situations for optimal decision making.

CISQM graduates pursue careers as IT integrators, global enterprise system architects, database administrators, network administrators, information security analysts, business systems analysts, application developers, digital-business solution developers, and information systems managers. Graduates work for technology companies, high-tech startup companies, government agencies, accounting firms, oil companies, financial and insurance institutions, retail firms, manufacturing concerns, and consulting companies where they are succeeding at the highest levels.

Bachelor of Business Administration (B.B.A.)

- Major in Computer Information Systems (p. 160)
- Major in Computer Information Systems (Business Analytics Concentration) (p. 162)

Certificate

- Computer Information Systems

Subjects in this department include: CIS (p. 157), QMST (p. 159)

Courses in Computer Information Systems (CIS)

CIS 1323. Introduction to Microcomputer Applications.
This course develops advanced information technology skills, focusing on office productivity software. Primary emphasis is placed on spreadsheet, database, and presentation software. Advanced techniques are presented for use in data analysis and decision-making. Students will be expected to demonstrate mastery of these techniques in a hands-on environment.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 2324. Visual Programming I.
An introduction to application program development to include requirement analysis, design, implementation, and testing. A blend of structured and object-oriented concepts is used to form solutions to business problems using a visual programming language. Prerequisite: CIS 1323 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: BCIS 2316

CIS 3317. E-Business.
Explores the constantly changing world of e-Business from an international perspective. This course will emphasize e-Business challenges and opportunities in the worldwide marketplace, while focusing on global issues of management, implementation, and integration of IT resources. Does not count for CIS advanced elective credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 3325. Visual Programming II.
An advanced visual programming course covering topics related to the design and implementation of user interface, business logic and data access in a tiered architecture. The emphasis is on techniques that take advantage of a development framework through the use of forms, classes, and objects. Prerequisite: CIS 3382 and CIS 3374. Corequisite: CIS 3382 and CIS 3374.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 3350. Information Security Assurance: Principles and Practices.
This course examines the concepts of information systems and network availability, integrity, and confidentiality in order to develop effective security controls, processes, practices, and procedures. Topics include methodologies, models, architectures, access control systems, ethics, and legal implications of IT security.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 3360. Web Applications Design and Development.
The course focuses on designing effective Web applications to support the e-business strategy of a company. It covers e-business models, business solution delivery strategy, web required architectures, and development and deployment of multi-tiered applications. Prerequisite: CIS 3325.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 3374. System Analysis and Design.
The analysis and general design phases of the system development life cycle are reviewed. Emphasis on techniques and tools for determining systems requirements that lead to the development of logical design models using structured and object-oriented methodologies. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CIS 3375. Enterprise Computing Skills using COBOL.
Basic features of the COBOL language. Emphasis is on structured program development and mainframe file processing. Topics include JCL (Job Control Language), the sort feature, and subprograms. Prerequisite: CIS 2324.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 3380. Enterprise Information Technology and Business Intelligence.
Students will extend their ability to effectively use integrated software applications to identify and provide access to various information sources. The course will focus on applying information and Internet Technologies that span normal business functions for the development and implementation of solutions to managerial problems. Prerequisites: CIS 1323, MATH 1329 or equivalent, and QMST 2333.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 3382. Computer Data Base Systems.
Concepts and methodology of planning, design, development, and management of the computerized data base. The emphasis is on logical database design and a study of relational implementation. A relational DBMS with a relational query language is used for the development of a business application system. Prerequisite: CIS 2324 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 3389. Programming for Data Processing.
This course emphasizes the development of data processing software. Topics include designing applications for analyzing and manipulating numerical and textual data from external data sources. Sequence and collections structures, object serializations, design techniques, and reporting will be examined. Prerequisite: CIS 2324 and QMST 2333.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 3390. Agile Project Management.
An introduction to project management body of knowledge as applied to Information Technology projects with emphasis on Agile Methodologies. The management of scope, costs, schedules, quality, risks, program management, system methodologies, material procurement, human, and international issues will be examined.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4318. Enterprise System Development and Application Security.
Advanced use of information technology in the design and implementation of business applications to support electronic commerce. Concepts, methodology, and toolsets for designing, implementing, and management of applications in Business-to-Business paradigm. Prerequisites: CIS 3325.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4319. Mobile Application Development for Windows.
This course introduces the concepts, methodology, and toolset for designing business applications. Students will learn the MVC development framework and .Net programming environment for Windows to create interactive business applications. Prerequisite: CIS 3325 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4320. Mobile Application Development for Apple-iOS.
This course introduces the concepts, methodologies, and toolset for designing business applications for mobile devices such as iPhone and iPad. Students will learn the MVC development framework and programming environment for Apple-iOS to create interactive business applications. Prerequisite: CIS 3325.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4321. Mobile Application Development for Android.
This course introduces the concepts, methodology, and toolset for designing business applications for mobile devices. Students will learn the MVC development framework and Java programing environment for Android to create interactive business applications. Prerequisite: CIS 3325 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4322. Computer System Development and Design.
A course that integrates systems development with analysis, design, project management, and the systems development life cycle. Object-oriented methods and UML models will be used to develop a project for a client. Students will select methodology, platform, and development technology based on client requirements. Prerequisites: CIS 3325.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4332. Enterprise Resource Planning Systems.
The use of advanced information technology for integrating business functions in an enterprise through distributed databases is emphasized. Methodology and tools for the selection and implementation of Enterprise Resource Planning (ERP) systems are discussed. Students will use available ERP software to create, track and communicate enterprise information. Prerequisite: CIS 3380 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4348. Fundamentals of Data Communications.
A course oriented to the technical concepts of data communications and network designs and how they relate to contemporary computer end-user environments. It incorporates the systems approach for understanding, designing, managing, securing, and implementing data communication networks. Students will analyze and design data communication networks for various business situations.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4349. Advanced Database Management Systems.
This course introduces advanced concepts and database processes to support applications for Business Intelligence. Multi-dimensional modeling along with database, reporting, and analysis capabilities of a modern database environment will be used to design and develop stored procedures, views, user-defined functions, reports and multi-dimensional information cubes. Prerequisite: CIS 3382. Corequisite: QMST 3339.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4350. Information Systems Security.
This course focuses on the technology and managerial issues related to information systems security. Topics include: Attack methods, access control, authentication, firewalls, incident and disaster response, disaster recovery, security function management, and cryptography. Prerequisite: CIS 4348 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4358. Network Administration.
This course provides students with an understanding of the responsibilities assigned to network administrators. Students will acquire a working knowledge of these responsibilities and skills using tools and technologies for administering enterprise networks via network operating systems commonly used in modern business enterprises. Prerequisite: CIS 4348 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4360. Developing Business Solutions for the Enterprise.
An introduction to the concepts, methodology, and toolsets for the architecture, design, implementation, and deployment of business solutions for the enterprise in a services-oriented computing environment. Topics include services-oriented architecture, "Software as a Service" framework, n-tier development of business and data services, and application security. Prerequisites: CIS 3325.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CIS 4395. Independent Study in Computer Information Systems.
An in-depth study of a single topic or related problem solved through computer information systems research. May be repeated once for credit with a different emphasis. Prerequisite: Consent of instructor and department chair.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CIS 4399. Computer Information Systems Internship.
This one-semester course involves an internship in business information systems. Emphasis is on the application of computer information systems theory to business problems in the area of computer based management information systems. Prerequisite: Specified by employer with consent of instructor and department chair. Repeatable once with different emphasis for credit.
3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.
Grade Mode: Credit/No Credit

Courses in Quantitative Methods (QMST)

QMST 2333. Business Statistics.
This introductory course covers descriptive and inferential statistical techniques for business and economic decision making. Topics include measures of central tendency and dispersion, probability distributions, sampling distributions, confidence intervals, hypothesis testing, simple linear regression, and correlation analysis. Prerequisites: CIS 1323; MATH 1329 or equivalent.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

QMST 3334. Statistical Modeling.
Students will learn to apply a broad range of statistical analysis techniques using statistical software in business decision-making. Topics include applied modeling techniques, such as regression modeling, time-series modeling and analysis of variance; non-parametric methods; quality control; and simulation. Prerequisite: QMST 2333 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

QMST 3339. Data Mining and Visualization.
This course introduces data mining concepts and practical skills for applying data mining techniques to solve business problems. It emphasizes data visualization and data analysis algorithms (e.g., prediction, classification, clustering), systematic evaluation and model assessment for big data sets. Prerequisites: QMST 2333 or equivalent; Overall GPA of 2.0 required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

QMST 3341. Big Data Analysis.
This is an introductory course in statistical programming. The objective of this course is to use programming tools and statistical methods to analyze large data sets. Topics covered are graphs used for statistical analysis, statistical modeling, visualization techniques, simulation, and optimization. Prerequisite: QMST 2333 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

QMST 4314. Optimization.
This course introduces the theory, algorithms and applications of optimization methods that are used in analyzing and solving business decision problems. The fundamental methods to be discussed include linear programming, integer programming and network optimization. This course also builds the base for decision making models with uncertainty. Prerequisite: QMST 3339 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

QMST 4320. Data Analytics.
This course will introduce various techniques available to extract useful information from massive datasets. The course will emphasize advanced analytical theory and methods such as: clustering, association rules, regression, classification and In-Database analytics. The course will also techniques used for data preparation, discovery, and model building. Prerequisite: QMST 3341 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

QMST 4373A. Applied Time Series.
This course will teach the fundamentals of time series methods to be applied on real-life data. The course focuses on application, however the methodology behind the models will also be discussed. Students will learn how to pick the appropriate method for the time series of interest. Prerequisites: Consent of instructor and department chair.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

QMST 4373C. Topics in Data Analytics.
This course covers the process of transforming big data into information for making decisions. The topics include introduction to data science, analytics and advanced data mining algorithms, and challenges related to analyzing business data. Students will learn how to use software and conduct data analysis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

Bachelor of Business Administration (B.B.A.) Major in Computer Information Systems

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310,ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.
2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for other information about the general education core curriculum.
3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Code	Title	Hours
B A 2310	Introduction to Business in a Global Environment	3
ACC 2361	Introduction to Financial Accounting	3
ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
BLAW 2361	Legal Environment of Business	3
QMST 2333	Business Statistics	3
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
CIS 3380	Enterprise Information Technology and Business Intelligence	3
FIN 3312	Business Finance	3
MGT 3453	Business Communication and Professional Development [1]	4
MGT 4335	Strategic Management and Business Policy	3

[1] Students in the 2014 and subsequent catalog years cannot receive credit for MGT 3353.

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.
5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.
6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.

7. Nine hours of designated “writing intensive” (WI) courses must be completed at Texas State to satisfy degree requirements.
8. Students must achieve the following minimum grade-point averages for graduation:

- a Texas State GPA of 2.00
- a Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives); and
- a GPA of 2.0 in the minor(s).

Bachelor of Business Administration (B.B.A.) Major in Computer Information Systems (Business Analytics Concentration)

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310,ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.
2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for other information about the general education core curriculum.
3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Code	Title	Hours
B A 2310	Introduction to Business in a Global Environment	3
ACC 2361	Introduction to Financial Accounting	3
ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
BLAW 2361	Legal Environment of Business	3
QMST 2333	Business Statistics	3
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
CIS 3380	Enterprise Information Technology and Business Intelligence	3
FIN 3312	Business Finance	3
MGT 3453	Business Communication and Professional Development [1]	4
MGT 4335	Strategic Management and Business Policy	3

[1] Students in the 2014 and subsequent catalog years cannot receive credit for MGT 3353.

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.
5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.
6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.
7. Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.
8. Students must achieve the following minimum grade-point averages for graduation:

- a Texas State GPA of 2.00
- a Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives); and
- a GPA of 2.0 in the minor(s).

Certificate in Computer Information Systems

The Department of Computer Information Systems and Quantitative Methods offers an intensive program leading to a Certificate in Computer Information Systems (CIS). The program is directed at students who wish to gain information technology (IT) exposure without having to pursue a full degree program in Computer Information Systems. Students

who wish to pursue the Computer Information Systems Certificate are required to be a Texas State University Undergraduate degree seeking or post-baccalaureate student. The primary objective of the program is to offer an option to non-IT professionals and non-CIS majors to gain an initial expertise in the use of information technology to develop computer-based business information systems. Students must apply for admission in the Department of Computer Information Systems and Quantitative Methods prior to taking any courses and successfully complete 18 semester hours of course work in information technology (IT). These include 12 semester credit hours of required core CIS courses and 6 semester credit hours of CIS advanced elective courses.

The certificate requires 18 semester credit hours.

Department of Finance and Economics

McCoy Hall Room 504
T: 512.245.2547 F: 512.245.3089
www.fin-eco.mccoy.txstate.edu (http://www.fin-eco.mccoy.txstate.edu)

The mission of the Department of Finance and Economics is to provide students the ability to pursue learning throughout their lives, accept responsibility for their actions, and contribute to the common goals of society. Departmental programs are designed to develop informed citizens capable of thinking critically and succeeding in a highly-complex, interdependent, global society. Ideally, graduates will successfully compete for employment in both the public and private sectors and for entrance to high-quality graduate education.

The Department includes two closely related disciplines - finance and economics. Economics studies the use of scarce resources to satisfy unlimited wants. The department's introductory courses meet the need for basic economic and legal understanding in a complex modern society. Upper-division economics and business law courses build upon this foundation. Finance addresses the behavior and determinants of securities prices, portfolio management, and the management of corporate and public funds. In addition, the relationships among monetary policy, the banking system, and financial markets are analyzed.

Students completing one of the three curricula offered by the department earn a Bachelor of Business Administration with a major in either economics or finance, or they may earn a Bachelor of Arts with a major in economics. Finance graduates pursue careers in financial management, banking and other financial institutions, the securities industry, financial planning, and real estate. Economics graduates follow career paths similar to finance majors. Those with the B.A. degree often enter graduate or law school.

Bachelor of Arts (B.A.)

- Major in Economics (p. 169)

Bachelor of Business Administration (B.B.A.)

- Major in Economics (p. 169)
- Major in Finance (p. 171)

Minor

- Economics (p. 173)

Subjects in this department include: BLAW (p. 164), ECO (p. 165), FIN (p. 167)

Courses in Business Law (BLAW)

BLAW 2361. Legal Environment of Business.
A survey of basic features of the American legal system and legal aspects of business transactions. Topics include the nature and sources of law, court systems and procedures, agency, torts, contracts, ethics, and government regulation of business.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: BUSI 2301

BLAW 3360. Business Organizations and Government Regulations.
This course studies corporations, partnerships, limited liability companies, securities law, law for small business, administrative law, consumer law, environmental law, antitrust law, and insurance. Prerequisite: BLAW 2361 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

BLAW 3363. International Business Law.
This course studies the principles of international business law which emphasizes the commercial activities of the multinational firm conducting business in global economic, political, social and cultural environments. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

BLAW 3364. Commercial Law.
This course studies sales law, negotiable instruments, secured transactions, suretyship, bankruptcy, personal property and bailments, real property, and creditors' rights and remedies. Prerequisite: BLAW 2361 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

BLAW 3367. Employment Law.
This course studies the legal developments in the workplace, with emphasis on attempts to maintain a proper balance between employees' interest in earning a livelihood and employers' interest in operating their business efficiently and profitably. Prerequisite: PHIL 1320 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

BLAW 4395. Independent Study in Business Law.
An in-depth study of a single topic or related problem solved through business law research. May be repeated once for credit with different emphasis. Prerequisite: Consent of instructor and department chair.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Courses in Economics (ECO)

ECO 2301. Principles of Economics.
A non-technical study of micro– and macroeconomic principles, including demand and supply, production and cost, market structures, aggregate output and performance of the economy, the business cycle and growth, unemployment and inflation, money and banking, fiscal policy, monetary policy, and international trade and finance. Not for business or economics majors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080
Grade Mode: Standard Letter
TCCN: ECON 1301

ECO 2314. Principles of Microeconomics.
This course provides an introduction to the microeconomics of a modern industrial society. Emphasis is placed on supply and demand, cost and price concepts, market structures, income distribution, and similar issues. Prerequisite: MATH 1315, MATH 1319, MATH 1329, MATH 2331, MATH 2417, or MATH 2471, ACT Mathematics score of 27 or more, SAT Mathematics score of 580 or more, or SAT Math Section Score 600-800.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080
Grade Mode: Standard Letter
TCCN: ECON 2302

ECO 2315. Principles of Macroeconomics.
This course provides an introduction to the macroeconomics of a modern industrial society. Emphasis is placed on the analysis of national income, economic stability, fiscal policy, money and banking, economic growth, and international trade. Prerequisites: AG 2383 or ECO 2314; and MATH 1315, MATH 1319, MATH 1329, MATH 2331, MATH 2417, or MATH 2471, ACT Mathematics score of 27 or more, SAT Mathematics score of 580 or more, or SAT Math Section Score 600-800.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ECON 2301

ECO 3301. Economics of Sports.
This course focuses on the business and economics aspects of professional and intercollegiate sports. Topics include the role of sports leagues, the demand for sports, the structure of labor markets in the four major sports, salaries of professional athletes, antitrust legislation, and intercollegiate athletics. Prerequisite: A minimum grade of "C" in ECO 2314.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECO 3304. Environmental Economics for Decision Makers.
Economic analytical tools and concepts are used to understand how the environment, economy, and businesses interact and the importance of public policy in shaping this interaction. Natural resources as inputs to production are explored. Current policy issues and environmental problems provide illustration and application. Prerequisite: A minimum of grade "C" in ECO 2301 or ECO 2314.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECO 3305. Law and Economics.
Economic analytical tools and concepts are used to understand how the environment, economy, and businesses interact and the importance of public policy in shaping this interaction. Natural resources as inputs to production are explored. Current policy issues and environmental problems provide illustration and application. Prerequisite: ECO 2301 or ECO 2314, with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECO 3311. Money and Banking.
A study of money and credit in the modern economy. Examines the development of modern money and banking systems, the structure of the Federal Reserve System, and monetary theory. Prerequisites: A minimum grade of "C" in both ECO 2314 and ECO 2315.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECO 3313. Labor Economics.
A study of the application to labor markets of supply and demand principles. Topics include the work/leisure decision, time allocation in the household, the demand for education and training, the firm's use of labor inputs, the impact of unions, and discrimination in labor markets based on race and gender. Prerequisite: A minimum grade of "C" in Eco 2314.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECO 3314. Intermediate Microeconomics.
A study of the application to labor markets of supply and demand principles. Topics include the work/leisure decision, time allocation in the household, the demand for education and training, the firm's use of labor inputs, the impact of unions, and discrimination in labor markets based on race and gender. Prerequisite: A minimum grade of "C" in both ECO 2314 and ECO 2315.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECO 3315. Intermediate Macroeconomics.
An analysis of the traditional and modern theories of inflation, unemployment, long-run economic growth, and stabilization policies for promoting economic stability. Prerequisites: A minimum grade of "C" in both ECO 2314 and ECO 2315.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECO 3317. International Economics.
A study of the basis for trade among nations and the means of its financing, customs unions, balance-of-payments problems, and similar issues. (MULT).Prerequisites: A minimum grade of "C" in both ECO 2314 and ECO 2315.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ECO 3320. Emerging Market Economies.
The course focuses on the structural characteristics of the emerging market economies, with an emphasis on analyzing the salient economic challenges and opportunities facing contemporary emerging market economies. (WI) Prerequisites: A minimum grade of "C" in both ECO 2314 and ECO 2315.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ECO 3327. Public Finance.
A study of the growth of the revenue and debt of the United States, taxation and tax incidence theory, and the effect of public expenditures and taxes on economic growth. (WI). Prerequisites: A minimum grade of "C" in both ECO 2314 and ECO 2315.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ECO 3334. Business Enterprise and Public Policy.
A survey of the development and structure of American industry and of governmental regulation of business. (WI) Prerequisite:A minimum grade of "C" in ECO 2314.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ECO 3335. Managerial Economics.
A study of the application of economic analysis in the formulation of business policies. Includes demand analysis and pricing policies. Prerequisite:A minimum grade of "C" in ECO 2314.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECO 3353. Comparative Economic Systems.
An analysis of the theory and practice of capitalism, socialism, and communism. Prerequisites: ECO 2301 or both ECO 2314 and ECO 2315, all with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ECO 4305. Urban and Regional Economics.
A study of urban and regional economic issues including regional growth, crime, transportation, and the urban-rural interface. A focus on sources and uses of models and data unique to regional science and urban economics. (WI). Prerequisites: A minimum grade of "C" in both ECO 2314 and ECO 2315.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ECO 4313. Econometrics.
This course studies statistical estimation, inference and forecasting methods used in economic research with a focus on models and methods unique to economics. Prerequisites: ECO 2314 and ECO 2315, QMST 2333, MATH 1329 or equivalent. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ECO 4390. Internship in Economics.
Integration of professional and academic experience through an internship with an external employer. Prerequisites: Open to Economics majors only, students must have completed at least nine hours of major courses, enrollment subject to availability and approval, and credit awarded as pass/fail or grade at departmental election.
3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Grade Mode: Credit/No Credit

ECO 4395. Independent Study in Economics.
An in-depth study of a single topic or related problem solved through economic research. May be repeated once for credit with different emphasis. Prerequisite: Consent of instructor and department chair. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Courses in Finance (FIN)

FIN 3301. Real Esate.
A study of basic real estate principles. Topics include legal instruments and processes, property management, valuations, planning, development and sales, financing, and private and public interests.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 3312. Business Finance.
This course is an introduction to the finance function and to problems confronting financial managers. Topics covered include ratio analysis, time value of money, asset valuation, and risk and return. Prerequisites: ACC 2362; CIS 1323; ECO 2314; ECO 2315; MATH 1329 or equivalent; and completion of, or concurrent enrollment in, QMST 2333.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 3313. Financial Management.
This course is an advanced study of intermediate and long-term financing alternatives, the incorporation of risk analyses in capital budgeting and the determination of capital costs, capital structure, and dividend policies. Prerequisites: FIN 3312 with a grade of C or better and QMST 2333 with a grade of D or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 3316. Financial Information Technologies.
The course introduces students to technology supporting financial modeling and decision making. Students use computers to apply concepts and theories learned in the introductory Finance course. Course relies on quantitative analysis and use of the internet. Prerequisites: FIN 3312 with a grade of C or better, and QMST 2333 with a grade of D or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 3318. Investment Analysis.
This course studies the principles governing the investment of personal and institutional funds. Also examined are information sources, exchanges, and regulations. Prerequisites: FIN 3312 with a grade of “C” or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 3325. Personal Financial Management.
A study of modern money management, including budgeting, banking, real estate, insurance, consumer credit, and retirement and estate planning. Not for Business majors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 3326. Financial Planning Insurance.
An introduction to the steps in the financial planning process. Topics include assessing financial objectives, financial planning, and personal financial management. Insurance planning is emphasized. Prerequisites: FIN 3312 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 3335. Retirement Planning and Employee Benefits.
Planning for individual and family retirement using models, software, and the analysis of federal regulations. Employee benefits are described and analyzed based on current practices and federal regulations. Prerequisites: FIN 3318 and FIN 3326, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 4317. Case Problems in Finance.
An application of investment and financial management techniques and concepts to finance cases. Issues and alternatives are identified and evaluated. Prerequisites: FIN 3312, FIN 3313, and FIN 3316. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FIN 4318. Portfolio Management & Derivatives.
An advanced investments course which includes the following topics: portfolio analysis and management, derivatives theory and pricing, and applications of derivatives in portfolio management. Prerequisites: FIN 3313 and FIN 3316 and FIN 3318, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 4319. Financial Markets and Institutions.
A study of financial assets, money and capital markets, institutional intermediaries, and the impact of interest rates. Affords a thorough examination of the financial system facilitating economic growth and development. Prerequisites: ECO 3311 and FIN 3313 and FIN 3316, all with a grade of "D" or better. Prerequisite or co-requisite: FIN 3318 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 4320. Treasury and Working Capital Management.
A study of working capital and short-term financial management. Major topics include cash collections, cash concentration, disbursement management, forecasting cash flows, management of receivables and inventory, banking relationships, and short-term investment and borrow strategies. Prerequisites: FIN 3313 and FIN 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 4321. Real Estate Finance.
An analysis of problems involved in selecting and financing real estate investment opportunities. Prerequisite: FIN 3312 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 4322. Student Managed Investment Fund Practicum.
The course examines the issues involved in the management and investment strategies of an endowment. It focuses on investment analysis, asset allocation, portfolio monitoring, evaluation, and rebalancing. May be repeated one time for credit with different emphasis. Prerequisites: FIN 3318 with a grade of "D" or better, and consent of the instructor.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

FIN 4325. Advanced Financial Planning.
Advanced course for finance majors interested in financial planning. Topics include ethics in the financial services industry, retirement planning and employee benefits, and estate planning. Prerequisites: FIN 3318 and FIN 3326, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 4326. Financial Plan Development.
Financial Plan Development. Capstone course in personal financial planning. Integration of the financial planning curriculum in the development and presentation of a comprehensive personal financial plan. Prerequisites: FIN 3335 and FIN 4325, all with a grade of "D" or better. Prerequisite/Corequisite: ACC 4328 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

FIN 4331. International Finance.
A study of international finance principles and their application in a multinational financial management setting. Prerequisites: ECO 3311 and FIN 3313 and FIN 3316, all with a grade of "D" or better. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

FIN 4340. Commercial Bank Management.
Examines a variety of aspects of managing a commercial bank. Provides students with a conceptual framework for determining the effects of various decisions and environmental factors on a commercial bank's operations. Issues addressed include bank regulations, asset and liability management, analyzing bank performance, and capital management. Prerequisite: FIN 3313 and FIN 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

FIN 4380A. Advance Capital Budgeting.
A study of capital budgeting techniques, analyses (including risk), and strategies, and their implementation in capital assets investment. Prerequisite: FIN 3313 and FIN 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FIN 4380F. New Venture Finance.
An advanced study of methodolgies to value financial investments; including but not limited to capital expenditures, commercial real estate, public companies, private companies, and start-up companies. Additional studies will include cost of capital structure and funding sources and alternatives. Prerequisite: FIN 3313 and FIN 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FIN 4380G. Financial Modeling and Equity Analysis.
This course reviews and extends students' ability to perform financial statement analysis and forecasting. The focus of the course is on producing objective, theory-based company valuation research. Students will choose and defend inputs for qualitative analysis, and discover the importance of qualitative factors in firm value and performance.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FIN 4380H. Introduction to Fiduciary Law.
This course will develop the student's fiduciary knowledge and skills. Students will develop a basic understanding of estate and trust administration, risk management, compliance, and tax planning. Key concepts will include Intestate Succession, Wills, Estate Administration, Trusts, Fiduciary Litigation, Wealth Transfer Taxation, Death and Disability Planning. Prerequisites: FIN 3312 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FIN 4380I. Introduction to Trust Principles.
The course will explain the principles of estate planning, taxation and different forms of property ownership. A focus will be on the characteristics, administration and usage of trusts, retirement plans, guardianships and powers of attorney. Students will also follow the process of creating and administering a will containing Trust provisions. Prerequisite: FIN 3312 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

FIN 4390. Internship in Finance.
Integration of professional and academic experience through an internship with an external employer. Open to Finance majors only, students must have completed at least nine hours of major courses, enrollment subject to availability and approval, credit awarded as pass/fail or grade at departmental election.
3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Grade Mode: Credit/No Credit

FIN 4395. Independent Study in Finance.
An in-depth study of a single topic or related problem solved through finance research. May be repeated once for credit with different emphasis. Prerequisite: Consent of instructor and department chair. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Bachelor of Arts (B.A.) Major in Economics

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 71) (B.A.) requires three additional hours of English literature, six hours of 2000-level modern language courses and a minor. In addition to completing the mathematics and life and physical sciences requirements of the general education core curriculum, students must complete one additional science course (3-4 hours) from anthropology (biological anthropology only), biology, chemistry, computer science, geography (physical geography only), mathematics, philosophy (logic only), and physics.
3. To be eligible to declare the B.A. degree with a major in Economics students must be in good academic standing.
4. Students must achieve the following minimum grade point averages for graduation:

- a Texas State GPA of 2.00
- a major(s) GPA of 2.25 (includes major courses and restricted/advanced electives); and
- a GPA of 2.0 in the minor(s).

Bachelor of Business Administration (B.B.A.) Major in Economics

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in

the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310,ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.
2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for other information about the general education core curriculum.
3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Code	Title	Hours
B A 2310	Introduction to Business in a Global Environment	3
ACC 2361	Introduction to Financial Accounting	3
ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
BLAW 2361	Legal Environment of Business	3
QMST 2333	Business Statistics	3
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
CIS 3380	Enterprise Information Technology and Business Intelligence	3
FIN 3312	Business Finance	3
MGT 3453	Business Communication and Professional Development [1]	4
MGT 4335	Strategic Management and Business Policy	3

[1] Students in the 2014 and subsequent catalog years cannot receive credit for MGT 3353.

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.
5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.
6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.
7. Nine hours of designated “writing intensive” (WI) courses must be completed at Texas State to satisfy degree requirements.
8. Students must achieve the following minimum grade-point averages for graduation:
   - a Texas State GPA of 2.00
   - a Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives); and
   - a GPA of 2.0 in the minor(s).

Department of Management

McCoy Hall Room 524
T: 512.245.2571 F: 512.245.2850
www.mgt.mccoy.txstate.edu (http://www.mgt.mccoy.txstate.edu)

The mission of the Department of Management is to educate our students to become successful managers and leaders in a dynamic business world. To accomplish this mission, we balance effective teaching with scholarly activities and our professional service contributions. Faculty strive for quality in all department course offerings and undertakings to help prepare students for leadership and service in private and public organizations.

The Management program prepares students for challenging careers in a variety of business and governmental organizations, as well as secondary education. Management majors typically pursue careers in human resource management, industrial relations, production management, hospital administration, office management, and sales management. The concentration in Entrepreneurial Studies is designed for students who wish to start, operate, or expand their own businesses or family-owned businesses. The concentration in Human Resource Management is designed to prepare students for careers in human resource management. Both concentrations consist of 12 hours of undergraduate coursework that may be accommodated within the 120 hours required in the undergraduate business curriculum. More information is available in the McCoy College Academic Advising Center.

Bachelor of Business Administration (B.B.A.)

- Major in Management (p. 177)
- Major in Management (Entrepreneurial Studies Concentration) (p. 178)
- Major in Management (Human Resource Management Concentration) (p. 180)

Courses in Management (MGT)

MGT 3303. Management of Organizations.
A study of management functions in modern organizations, the internal and external environmental factors affecting organizational efficiency, and the application of quantitative and behavioral science to management study.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 3353. Business Communication.
This course provides an introduction to the uses of communication in business and focuses on communication models, general semantics, effective writing style, selection and organization of content and medium(s), effective oral communication, employment communication, and causes of miscommunication. Students will not receive credit for both MGT 3353 and MGT 3453. Prerequisites: ENG 1310 and ENG 1320; and COMM 1310 or COMM 2338, all with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MGT 3360. Studies in Entrepreneurship.
Students gain personal insights into entrepreneurship as entrepreneurs describe their contributions, reveal the sources of ideas, and discover ways of growth and success. Includes starting and managing businesses as well as ownership forms, sources of funds, location analysis, facility requirements, management, marketing, and feasibility plans.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 3361. Small Business Operations and Financials.
This course is a study of funding and financial concepts necessary to effectively operate a successful small business. Students will use software programs to maintain working capital and a complete set of books related to running businesses. Prerequisite: ACC 2361 or ACC 2301. Co-requisite: MGT 3360.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 3362. Family Business and Franchising.
This course addresses the important and unique management aspects of family businesses and franchises. Family business topics include family culture, communication, conflict resolution, succession, and estate planning. Franchising topics include franchise selection, contracts, legal issues, and current trends in franchising. Issues affecting both the franchisee and the franchisor are explored. Prerequisite: MGT 3361 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 3365. Communication Systems.
Office information and decision support systems are examined as critical elements in business data and information systems. Emphasis is given to information processing considerations at the systems level, including analysis and management of support activities such as data and records management, electronic filing and retrieval systems, word processing, micro and reprographics, and telecommunications. Includes discussions of current and future technological trends. Prerequisite: MGT 3303 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MGT 3375. International Business.
International business perspectives underlying different business functions. Concepts, processes, and philosophical bases for international operations in selected global markets are emphasized with culture and global dynamic environment as the basis. A project is required. Prerequisite: MGT 3303 with a grade of "D" or better. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

MGT 3453. Business Communication and Professional Development.
This course is designed to enhance critical professional skills including interviewing, networking, teamwork, emotional and cultural intelligence, public speaking, and applicable ethical considerations. It introduces theories of business communication including communication models, general semantics, and causes of miscommunication. Students will not receive credit for both MGT 3453 and MGT 3353. Prerequisites: COMM 1310 or COMM 2338, and ENG 1310 and ENG 1320, all with a grade of "D" or better (WI).
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Writing Intensive
Grade Mode: Standard Letter

MGT 4315. Business Principles, Issues and Trends.
Review of the fundamentals of business administration as applied to contemporary business problems. Also, a discussion of current business issues and trends. Open to students seeking certification only.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4330. Operations Management.
A study of the various aspects of managing production and operations management functions in manufacturing and service organizations. Methods necessary for analyzing and solving related problems to design, operations, and improvements of the systems that create products and/or services in a global supply chain environment are investigated and emphasized. Prerequisites: MGT 3303, and QMST 2333 or IE 3330 or TECH 3364, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4335. Strategic Management and Business Policy.
An integrative course in strategic management and business policy that utilizes the case method of instruction. A capstone course involving the analysis of business through the application of principles of accounting, communications, economics, finance, management, marketing, quantitative methods, and related disciplines. Prerequisites: MGT 3303; MKT 3343; FIN 3312; QMST 2333. Capstone course and open only to seniors in business. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MGT 4340. Quality Management and Beyond.
A conceptual and practical overview of the role of quality as a system for establishing a “world class” competitive position. It explores philosophies and ideas of the leading thinkers in quality management, impact of process improvement methods, quality requirements definition and organizational change as it applies to total quality initiatives. Prerequisites: QMST 2333 or consent of professor. MGT 4330 is recommended. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MGT 4350. Business Plan Development.
Students work in teams to select, create, and write solid business plans for proposed or real businesses. Prerequisite: MGT 3361 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MGT 4351. Applied Entrepreneurship.
Students design, staff, operate, and manage a business or service. Business teams develop financial and operational control systems and procedures for organizational, group, and individual performance evaluations, implement service and business projects, and provide a final public report. Prerequisite: MGT 4350 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MGT 4353. Integrative Field Project.
Students work directly with entrepreneurs to research projects and recommend solutions. May involve providing business development assistance to entrepreneurs. Students may work individually or in teams. Project results are summarized in a comprehensive written report and a formal oral presentation. Permission of the instructor and chair is required. Prerequisite: MGT 3360.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MGT 4370. Business Ethics.
This course examines a variety of ethical issues in business from the point of view of practicing manager and corporate leaders. This course is designed to enhance moral awareness and facilitate individual development with respect to making ethical decisions that contribute to effective corporate management and leadership. Prerequisites: PHIL 1320 and MGT 3303, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MGT 4371. Business, Government, and Society.
An integration of a number of disciplines and value systems which affect and determine the proper role of business in satisfying the needs of customers, creditors, community, government, stockholders, managers, employees, suppliers, and society in general. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4372. Effective Leadership.
This course facilitates the development of leadership capabilities and addresses the complexities, paradoxes, and challenges of leadership. Through self-assessments, readings, lectures, and assignments students gain an appreciation of effective leadership approaches and are provided with opportunities to practice new leadership behaviors. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4373. Human Resource Management.
A study of the principles of human resource management in public and private institutions. Stresses the human resource aspects of recruitment, selection and placement, performance appraisal and compensation. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4375. Organizational Behavior and Human Relations.
A study of the role of the individual in formal organizations, group dynamics, motivation theory, communication and leadership. Integrates behavioral science concepts. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4377. Labor Relations and Collective Bargaining.
A study of unions and their impact on private and public employment. Examines union growth and governance, collective bargaining, contract negotiation and administration, and arbitration and mediation. Prerequisite: MGT 4373 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MGT 4378. Training and Development.
This course is designed to develop theoretical and applied perspective on needs assessment, design, development, delivery and evaluation of training and development in organizational contexts. Prerequisites: MGT 4373 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4379. Organizational Staffing.
A study of current theory and practice in the process of selecting the right employees for positions within the organization, including HR planning, EEO, job analysis, recruitment, and selection procedures. Prerequisite: MGT 4373 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4380. Compensation Management.
A study of the compensation administration in public and private organizations, with stress on the determinants of general wage levels; job analysis and evaluation; incentive, merit, seniority, and executive compensation; fringe benefits, and wage and salary control. Prerequisite: MGT 4373 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4385. Management Thought: Past, Present, and Future.
This course examines how thinking about management has developed over time. It discusses changing social, political, and technological forces challenging managers to think in new ways. Significant management ideas will be examined in their contexts for the purpose of better understanding how to successfully manage for the future. Prerequisite: MGT 3303 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4390A. Advanced Business Communication.
An advanced study of the uses of business communication in modern organizations. Students gain experience in making decisions involving selection and organization of communication content, and in choosing an appropriate medium for presentation of information. Emphasis is placed on gaining proficiency in various business communication processes. Prerequisite: MGT 3303 and MGT 3353, all with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

MGT 4390B. Management of the Digital Enterprise.
A study of management in the digital age. Course will look at the impact of digital communications and the new economy on traditional and e-commerce businesses. Topics will include changes in both strategic management as well as functional management (marketing, operations, finance, HR, etc.) Prerequisite: MGT 3303 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

MGT 4390E. Management of New Product Development.
Identifies the requirements and benefits of effective and efficient new product development. Topics include best practices of new-product development management, managing the new product process from idea generation, evaluation and selection; business case development; validation and verification testing; and product launch; and product portfolio management. Prerequisites: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390G. Cross-Cultural Human Relations.
This course is designed to develop theoretical and applied perspectives on cross-cultural human relations within a variety of international business contexts. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390J. Organizational Change.
This course presents an overview of the change process and stresses the key issues involved in reengineering and renewing organizations. Problems dealing with stress and conflict during major change will be explored, along with practical ideas on building effective teams to make change possible and sustainable. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390K. Business Creativity and Innovation.
Focuses on the importance of creativity and innovation to business organizations. Topics include the generation of creative ideas, transformation of ideas into commercially viable products/services, legal protection of new products/services, and environmental factors contributing to innovation success. Course objectives are met primarily through classroom discussion and exercises. Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390L. Managing Projects.
Intensive coverage of management in a wide range of project applications from concept through operations. Planning, scheduling, controlling, economic analysis, quality control and customer satisfaction. Prerequisite: MGT 4330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390O. Leadership Development: Business as Unusual.
This course is a directed study and practical application of the principles of "Business as Unusual". Students will develop leadership skills for the experience economy through an intensive, highly interactive class format. Students will be paired with upper-level business professionals for one-on-one coaching and mentoring. Prerequisite: MGT 3303.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390P. Coaching and Mentoring Practicum.
This course is a directed, practical application of extant leadership theories and principles. Students will further develop their leadership skills through intensive experiential activities.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390Q. Introduction to Business in a Global Environment.
The course introduces the modern business enterprise with an emphasis on the interdependence of the business functions in a global environment. Topics include the cross border impacts of culture, politics, and law on trade, investment, marketing, management, and accounting and financial systems. Restricted to BBA students.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390R. Transformative Leadership for Nonprofits (NPs) and Non-Governmental Organizations (NGOs).
This course provides a practical and strategic understanding of the legal, management and marketing challenges facing nonprofit and non-governmental organizations and the transformative leadership required to guide them as they attempt to do something positive for people, society and/or the environment beyond or between the roles of government and business.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390S. Business Contracts/Negotiation.
This course focuses on techniques for the development and strategic planning required for successfully negotiating business contracts, negotiation skills, and conflict resolution issues/techniques. Prerequisite: MGT 3303. Co-requisite: MGT 4373.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390T. Effective Teams and Groups.
An examination of and the consequent development of those skills necessary to effectively manage and increase the productivity of task-oriented groups and teams. Issues, problems, and concepts frequently encountered are addressed, as well as possible solutions Prerequisite: MGT 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4390U. Management for Sustainability.
This course is designed to take a broad look at Sustainability from both Ecological and Managerial perspectives with a goal of developing an awareness and understanding of the major issues and shifts that today's organizations and societies are facing as they undertake their journey to become more sustainable. Prerequisite: MGT 3303 with grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MGT 4392. Human Resource Management Internship.
This course integrates professional and academic experience through internship with an external employer. Restrictions: Management majors with human resource management concentration only; enrollment subject to availability and approval; credit- pass/fail or grade at departmental election. Prerequisites: MGT 4373 with a grade of "D" or better, Permission of Instructor.
3 Credit Hours. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4393. Entrepreneurial Internship.
The internship class provides integration of prior professional and academic experience through an entrepreneurial internship with an external employer. Prerequisite: MGT 3360 with a grade of "D" or better. Restricted to Management majors with entrepreneurship concentration only. Departmental approval required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4395. Management Internship.
This course provides an integration of professional and academic experience through internship with an external employer. Enrollment subject to availability and approval, credit is pass/fail or grade at department election.
3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.
Grade Mode: Standard Letter

MGT 4399. Independent Study in Management.
Directed research and extensive written assignment(s) on a selected topic related to student's area of interest. Work may consist of literature reviews, integration of literature, or other appropriate independent research, and/or practical application of research. May be repeated once with different emphasis for credit. Prerequisite: Consent of Instructor and Chair.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Bachelor of Business Administration (B.B.A.) Major in Management

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310,ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.
2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for other information about the general education core curriculum.
3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Code	Title	Hours
B A 2310	Introduction to Business in a Global Environment	3
ACC 2361	Introduction to Financial Accounting	3
ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
BLAW 2361	Legal Environment of Business	3
QMST 2333	Business Statistics	3
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
CIS 3380	Enterprise Information Technology and Business Intelligence	3
FIN 3312	Business Finance	3
MGT 3453	Business Communication and Professional Development [1]	4
MGT 4335	Strategic Management and Business Policy	3

[1] Students in the 2014 and subsequent catalog years cannot receive credit for MGT 3353.

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.

5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.
6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.
7. Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.
8. Students must achieve the following minimum grade-point averages for graduation:

- a Texas State GPA of 2.00
- a Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives); and
- a GPA of 2.0 in the minor(s).

Department of Marketing

McCoy Hall Room 424
Telephone: 512-245-7428 Fax: 512-245-7475
www.marketing.mccoy. txstate.edu (http://www.marketing.mccoy.txstate.edu)

The mission of the Department of Marketing is to educate students to succeed in a dynamic business world. To accomplish this mission, faculty will combine effective teaching with basic, applied, and instructional scholarship with professional service. The faculty will strive

for quality in all activities to help prepare students for leadership and service in a diverse, global, and competitive environment.

This program prepares students for challenging careers in a variety of business, non-profit, and governmental organizations. Marketing majors typically pursue careers in sales and sales management, service marketing, brand management, retail management, marketing research, advertising, or international marketing. Texas State marketing students graduate with knowledge, skills, and a portfolio of projects that enable them to succeed in a dynamic business environment.

Bachelor of Business Administration (B.B.A.)

- Major in Marketing (p. 184)
- Major in Marketing (Professional Sales Concentration) (p. 185)
- Major in Marketing (Services Marketing Concentration) (p. 187)

Courses in Marketing (MKT)

MKT 3343. Principles of Marketing.
This course studies the strategic marketing process, which creates value for consumers and organizations through integrated production and distribution of products. It examines the marketing process in the context of the global, cultural, economic, legal/regulatory environment. It also examines ethical and socially-responsible marketing and the impact of information technology.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3350. Consumer Behavior.
A study of the role of the consumer in marketing. Considers the motivation, personality, attitudes, perceptions, lifestyle, and decision-making processes of consumers. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3355. Retailing.
A study of the principles of retail store management, including market and trade area analysis, store location and design, organization and operation management, merchandising, inventory control, and promotion and pricing policies. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3358. Professional Selling.
A study of the professional selling process including strategically planning sales calls, strengthening communication skills, responding helpfully to objections, obtaining commitment and building partnerships. Examines cultivating committed relationships, strategic alliances, and partnering skills to provide total sales quality to the company, suppliers, and customers. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3360. Sales Management.
A study of issues related to planning for, managing, motivating, directing, and controlling a sales force and related sales territories. Both international and domestic perspectives are addressed. Special emphasis is given to the efficiency (cost consideration) and effectiveness (satisfaction consideration) of sales management. Prerequisite: MKT 3358 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3362. Studies in Free Enterprises.
The course will focus on developing goal setting, project identification, project planning and management, marketing, financing, and implementing student directed educational programs within the I-35 corridor. The projects are aimed at increasing citizen awareness and understanding of business and economic issues. Prerequisite: Consent of instructor. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

MKT 3365. Services Marketing.
The services sector dominates the U.S. economy and is becoming critical for competitive advantage in companies across the globe and in all industry sectors. This course examines the foundations of services marketing, which are necessary to create, promise, and deliver a successful, interactive customer experience. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3370. Marketing Research.
This course offers a comprehensive study of marketing research process that includes formulating a problem, developing a research plan, determining a sample, analyzing data, preparing a research report, and linking the consumer, customer, public, and marketer through information. Prerequisites: MKT 3343 and QMST 2333, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3375. Marketing for Social Change.
This class uses marketing principles and techniques to influence a target audience to voluntarily accept, reject, modify, or abandon a behavior for the benefit of individuals, groups, or society as a whole. In this hands-on course students develop and implement marketing campaigns for social change on behalf of non-profit clients. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3380. Sports Marketing.
Examines four components of sports marketing, including: (1) the foundation of sports marketing, (2) marketing through sports, including sponsorship, endorsement, and licensing strategies, (3) the marketing of sports, including marketing mix strategies, and (4) emerging topics in sports marketing, including relationship marketing, technology, and controversial issues. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3385. Ethnic and Niche Marketing.
The course introduces students to marketing approaches used to understand and market products/services to U.S. ethnic and/or subgroups of consumers. The course includes consumer behavior and research techniques as well as implications to the marketing mix. Prerequisites: MKT 3343 and MKT 3350, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3387. Technology and Marketing.
Study of the marketing process using technologies, e.g., the internet and mobile that support and enhance marketing capabilities, such as the distribution of information. The course examines the impact of technology on the marketing of goods and services to satisfy needs and wants of customers and stakeholders. Prerequisite: MKT 3443 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 3390. Marketing Health Care.
A study of marketing and its role in health care, including buyer and service provider behavior, relevant marketing principles and strategies, and emerging topics, such as medical tourism, universal health care, and health care regulations. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 4310. International Marketing.
A study of the international planning and coordination of marketing functions, marketing policies, and the analysis of marketing on an international scope including environmental and cultural aspects. Pre: MKT 3343 with a grade of "D" or better. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MKT 4315. Service Design.
Service Design involves the planning and organizing of people, infrastructure, communication, and material components of a service in order to improve its quality and the interaction between service providers and customers. This course aims to provide hands-on experience that will enable students to develop competences in service design. Prerequisite: MKT 3365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 4325. Advanced Topics in Service Marketing.
This class is a comprehensive study of services marketing theories, concepts, and strategies; it includes an examination of cost controls, research methodologies, branding, customer service innovation, consumer behavior, and service delivery. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 4330. Promotional Strategy.
Analysis of promotional methods used in marketing and their relation to other business functions. Examines advertising, selling, and sales promotion. Prerequisite: MKT 3343 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 4337. Marketing Management.
An integrative course that applies management concepts and techniques to the solution of marketing problems. Analyzes market segments and product positioning, product and product line price, channels of distribution, and promotion. Prerequisites: QMST 2333; MKT 3343, and six additional hours of marketing courses. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MKT 4392. Sales Internship.
This course integrates professional and academic experience through internship with an external employer. Restrictions: Marketing majors with sales concentration only; enrollment subject to availability and approval; credit- pass/fail or grade at departmental election. Prerequisites: MKT 3343 and MKT 3358, all with a grade of "D" or better. Permission of Instructor.
3 Credit Hours. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 4393. Services Marketing Internship.
This course integrates professional and academic experience through internship with an external employer. Restrictions: Marketing majors with services marketing concentration only; enrollment subject to availability and approval; credit- pass/fail or grade at departmental election. Prerequisites: MKT 3343 and MKT 3365 all with a grade of "D" or better. Permission of Instructor.
3 Credit Hours. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 4395. Independent Study in Marketing.
Directed research and extensive written assignment on a selected topic related to student's area of interest. Work may consist of literature reviews, integration of literature, or other appropriate independent research. May be repeated once for credit with different emphasis. Prerequisite: Chair/instructor consent. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

MKT 4396. Directed Study in Professional Sales.
Directed study and research in selected professional sales topics. May be repeated for credit with a different emphasis. Prerequisites: MKT 3343 and MKT 3358, all with a grade of "D" or better, and consent of instructor and/or chair.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MKT 4397. Directed Study in Marketing.
Directed study and research in selected marketing topics, including the development of a promotional or marketing plan. Course can be offered as individual instruction or as an organized class. Repeatable for credit with different emphasis. Prerequisite: Consent of instructor and Chair.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dual Enrollment Permitted
Grade Mode: Standard Letter

MKT 4399. Marketing Internship.
Integration of professional and academic experience through internship with an external employer. Prerequisites: MKT majors only, junior or senior status, enrollment subject to availability and Internship Director approval, credit is pass/fail or grade at departmental election.
3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.
Grade Mode: Standard Letter

Bachelor of Business Administration (B.B.A.) Major in Marketing

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310,ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.
2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for other information about the general education core curriculum.
3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Code	Title	Hours
B A 2310	Introduction to Business in a Global Environment	3
ACC 2361	Introduction to Financial Accounting	3
ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
BLAW 2361	Legal Environment of Business	3
QMST 2333	Business Statistics	3
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
CIS 3380	Enterprise Information Technology and Business Intelligence	3
FIN 3312	Business Finance	3
MGT 3453	Business Communication and Professional Development [1]	4
MGT 4335	Strategic Management and Business Policy	3

[1] Students in the 2014 and subsequent catalog years cannot receive credit for MGT 3353.

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.
5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements

for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.

6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.
7. Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.
8. Students must achieve the following minimum grade-point averages for graduation:

- a Texas State GPA of 2.00
- a Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives); and
- a GPA of 2.0 in the minor(s).

Bachelor of Business Administration (B.B.A.) Major in Marketing (Professional Sales Concentration)

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be

considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310,ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.
2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for other information about the general education core curriculum.
3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Code	Title	Hours
B A 2310	Introduction to Business in a Global Environment	3
ACC 2361	Introduction to Financial Accounting	3
ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3

Minimum required: 120 semester credit hours

Admission Requirements

Admission to the McCoy College of Business Administration (McCoy College) is competitive, and a student must be admitted to the McCoy College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at http://advising.mccoy.txstate.edu/apply. For students not yet admitted to the University, applications are available online at www.applytexas.org (http://www.applytexas.org). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Credit Hours

Students with fewer than 30 semester credit hours will be automatically admitted to the McCoy College if they receive assured admission (http://www.admissions.txstate.edu/future/freshman/admissions-requirements.html) to Texas State and select a first-choice major in the McCoy College of Business Administration. Students who are admitted to the University but denied admission to McCoy College will be considered for admission to their second choice major or as an exploratory professional major.

Students with 30 or more Semester Credit Hours

Students who have completed at least 30 semester credit hours, including ENG 1310, ENG 1320, and MATH 1329, either at Texas State or another college or university and who have a minimum 2.5 overall GPA will be considered for admission based upon a competitive index using the grades from ENG 1310,ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.25 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

General Requirements

1. For the B.B.A. degree, any McCoy College student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Students on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to McCoy College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to McCoy College by going through the application process and competing with other applicants for openings. Students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.
2. All students seeking the B.B.A. must complete the following general education core curriculum courses as required by McCoy College. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for other information about the general education core curriculum.
3. To provide a common body of knowledge in business, all students seeking the B.B.A. must complete the following common core of business courses or their equivalents as required by the McCoy College:

Code	Title	Hours
B A 2310	Introduction to Business in a Global Environment	3
ACC 2361	Introduction to Financial Accounting	3

ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
BLAW 2361	Legal Environment of Business	3
QMST 2333	Business Statistics	3
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
CIS 3380	Enterprise Information Technology and Business Intelligence	3
FIN 3312	Business Finance	3
MGT 3453	Business Communication and Professional Development [1]	4
MGT 4335	Strategic Management and Business Policy	3

[1] Students in the 2014 and subsequent catalog years cannot receive credit for MGT 3353.

4. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major are also required for the B.B.A.
5. Free electives to achieve a minimum total of 120 semester hours are also required. To ensure compliance with the course requirements for a B.B.A. degree, students should follow the general sequence of courses specified for the curriculum in this section of the catalog.
6. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language in college.
7. Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.
8. Students must achieve the following minimum grade-point averages for graduation:

- a Texas State GPA of 2.00
- a Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives); and
- a GPA of 2.0 in the minor(s).

Course Requirements

				Freshman

Total Hours: 120

[1] The restricted advanced business elective may be chosen from MKT 3355, MKT 3375, MKT 3380, MKT 3385, MKT 3390 or MKT 4325.

[2] Credit can be earned by successfully passing a test. Students must pay a fee to take the test.

College of Education

Dean
Michael P. O'Malley, Ed.D.
Education Building Room 2001
Telephone: 512-245-2150 Fax: 512-245-3158
http://www.education.txstate.edu/

Associate Dean for Research and Sponsored Programs
Jon Lasser, Ph.D.
Associate Dean for Teacher Education and Academic Affairs
Patrice H. Werner, Ph.D.
Assistant Dean for Academic Affairs
Rubén Garza, Ph.D.
Assistant Dean for Faculty and Staff Development
Eric A. Schmidt, Ph.D.

Department Chairs

Counseling, Leadership, Adult Education, and School Psychology–Kevin A. Fall, Ph.D.
Curriculum and Instruction–Jodi Patrick Holschuh, Ph.D.
Health and Human Performance–Karen S. Meaney, Ed.D.

The College of Education includes three academic departments. These are Counseling, Adult Education, and School Psychology; Curriculum and Instruction; and Health and Human Performance.

Teacher preparation was the original mission of Southwest Texas Normal School when it was chartered in 1899, and today faculty members in the College of Education continue to focus their efforts on this primary mission. Over the last century, the mission of the College has expanded from preparing teachers at the undergraduate level to include the preparation of educators at the master's and doctoral levels as well as the preparation of professionals in other fields including recreation administration, health and wellness promotion, athletic training, health and fitness management, educational leadership, school psychology, professional counseling, and adult and developmental education.

Academic Advising Center

Education Building Room 2143
Telephone: 512-245-3050 Fax: 512-245-8225
www.education.txstate.edu/advising (http://www.education.txstate.edu/advising)

The College of Education Undergraduate Advising Center is a student-centered, collaborative resource for undergraduate students seeking an undergraduate degree through the College of Education. As an integral part of teaching and learning at Texas State, academic advisors in the Undergraduate Advising Center cultivate student success by engaging students in educational planning to promote academic, personal, and professional development while considering diverse interests, abilities, and goals. Services available for students include, but are not limited to:

- assistance with selection of educational programs;
- interpretation of policies and procedures;
- information on course sequencing and degree requirements;
- referral to other university resources; and
- verification of graduation requirements.

Ultimately, the academic advisors in the College of Education Advising Center strive to develop a guidance and support system to encourage student self-reliance, responsibility, and success in achieving academic goals.

Teacher Certification

Students seeking certification to teach EC-6 (Early Childhood through Grade Six), 4-8 (Grade Four through Grade Eight), or All-level Special Education (Early Childhood through Grade Twelve) will major in Interdisciplinary Studies in the Department of Curriculum and Instruction within the College of Education. Students may acquire an All-level certificate to teach Physical Education or Health in the Department of Health and Human Performance within the College of Education. Students seeking 6, 7, or 8-12 (Grade Six, Seven, or Eight through Grade Twelve) certification or All-level certification in other disciplines will instead complete an academic major within their chosen teaching field in the department and college where that major is housed. Students should note that teacher certification requirements may differ from degree requirements and that completion of both is necessary for awarding a degree and recommending a student for teacher certification. In order to pursue teacher certification, students must apply and be admitted into the Educator Preparation Program through the Office of Educator Preparation (p. 234).

Courses in Education Student Teaching (EDST)

EDST 4380. Student Teaching All-Level I.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced EC-6/4-8 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification and is a half-semester course designed for students seeking All-Level certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently except for the co-requisite; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process. Corequisites: EDST 4381 with a grade of "D" or better.
3 Credit Hours. 1 Lecture Contact Hour. 20 Lab Contact Hours.
Grade Mode: Credit/No Credit

EDST 4381. Student Teaching All-Level II.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced 7-12 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification and is a half-semester course designed for students seeking All-Level certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently except for the co-requisite; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process. Corequisites: EDST 4380 with a grade of "D" or better.
3 Credit Hours. 1 Lecture Contact Hour. 20 Lab Contact Hours.
Grade Mode: Credit/No Credit

EDST 4680. Student Teaching 4-8.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced 4-8 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process.
6 Credit Hours. 1 Lecture Contact Hour. 40 Lab Contact Hours.
Grade Mode: Credit/No Credit

EDST 4681. Student Teaching 7-12.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced 7-12 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process.
6 Credit Hours. 1 Lecture Contact Hour. 40 Lab Contact Hours.
Grade Mode: Credit/No Credit

EDST 4687. Student Teaching EC-6.
Students will apply knowledge and skills learned during the teacher preparation program while engaging in clinical practice with experienced EC-6 mentor teachers in school settings with university instruction and supervision. This culminating experience is required for Texas teacher certification. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA; additional coursework may not be taken concurrently; for undergraduate students, all other degree-required coursework must be completed; for graduate and post-baccalaureate students, all other certification coursework must be completed; requires departmental approval through Office of Educator Preparation application process.
6 Credit Hours. 1 Lecture Contact Hour. 40 Lab Contact Hours.
Grade Mode: Credit/No Credit

Department of Counseling, Leadership, Adult Education, and School Psychology

Education Building Room 4037
T: 512.245.2575 F: 512.245.8872
www.txstate.edu/clas (http://www.txstate.edu/clas)

The Department of Counseling, Leadership, Adult Education, and School Psychology (C.L.A.S.) is primarily a graduate department, offering graduate degree programs in Adult, Professional and Community Education; Educational Leadership; Professional Counseling; School Improvement; School Psychology; and Student Affairs in Higher Education. While the department offers no undergraduate degrees, it does provide support courses for other programs.

Subjects in this department include: COUN (p. 190), SAHE (p. 190)

Courses in Counseling (COUN)

COUN 3320. Introduction to Counseling and Psychotherapy.
The course is designed for upper-division undergraduates considering a helping profession or who wish to know more about counseling before entering into graduate study. The course offers introduction to counseling, counseling theories, and interpersonal communication skills that facilitate counseling relationships. Repeatable for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Student Affairs in Higher Education (SAHE)

SAHE 4178. Student Leadership in Higher Education.
This course provides students with knowledge to strengthen the campus experience through holding student leadership roles. Students will learn skills, principles, and characteristics necessary for responsible and positive leadership as well as the role of student leadership and student engagement in higher education. Repeatable for credit with different emphasis.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Department of Curriculum and Instruction

Education Building Room 3044
Telephone: 512-245-2157 Fax: 512-245-7911
www.txstate.edu/ci (http://www.txstate.edu/ci)

The Department of Curriculum and Instruction at Texas State University offers undergraduate degrees that focus on the preparation and development of teachers and teacher leaders. All undergraduate programs in the department lead to initial teaching certification and has a robust field-based.

Levels of Certification

Students who wish to teach Early Childhood (EC) through Grade 6 (elementary), Grades 4-8 (middle school), or All-Level Special Education pursue the Bachelor of Science major in Interdisciplinary Studies.

Students seeking 6-12, 7-12, or 8-12 (Grade Six, Seven, or Eight through Grade Twelve) certification or All-level certification in other disciplines will instead complete an academic major within their chosen teaching field in the department and college where that major is housed and should consult with advisors in that college.

Interdisciplinary Studies Majors

Students seeking this major should consult with advisors in the College of Education Undergraduate Advising Center for detailed information regarding specific degree requirements, the semester-by-semester sequence, and other requirements such as block applications. Because courses must be taken in a predetermined sequence, it is likely that students will be required to attend summer sessions in order to complete the program within a 4-year time period.

Admittance to the Educator Preparation Program

All degrees that lead to teaching certification require formal admittance into the Educator Preparation Program by the Office of Educator Preparation Program by the Office of Educator Preparation. Please see http://www.education.txstate.edu/oep/ for current admittance requirements and procedures.

Admission Requirements

All degree programs within the Department of Curriculum and Instruction require formal admittance into the Educator Preparation Program.

Students must apply and be admitted to the Educator Preparation Program in order to enroll in Block coursework and Student Teaching in the Junior and Senior year. Refer to the requirements for Admittance to the Educator Preparation Program through the Office of Educator Preparation (p. 234).

Bachelor of Science (B.S.)

- Major in Interdisciplinary Studies (Teacher Certification in Bilingual Generalist-Spanish, Early Childhood Through Grade 6) (p. 197)
- Major in Interdisciplinary Studies (Teacher Certification in English as a Second Language Generalist, Early Childhood Through Grade 6) (p. 198)
- Major in Interdisciplinary Studies (Teacher Certification in English, Language Arts, Reading and Social Studies, Grades 4-8) (p. 199)
- Major in Interdisciplinary Studies (Teacher Certification in Generalist, Grades 4-8) (p. 200)
- Major in Interdisciplinary Studies (Teacher Certification in Mathematics, Grades 4-8) (p. 202)
- Major in Interdisciplinary Studies (Teacher Certification in Mathematics and Science, Grades 4-8) (p. 203)
- Major in Interdisciplinary Studies (Teacher Certification in Science, Grades 4-8) (p. 204)
- Major in Interdisciplinary Studies (Teacher Certification in Special Education, Early Childhood Through Grade 12) (p. 205)

Minors

- Secondary Education
- Special Education

Subjects in this department include: BILG (p. 191), CI (p. 192), ECE (p. 194), EDP (p. 194), RDG (p. 195), SPED (p. 196)

Courses in Bilingual Education (BILG)

BILG 4350. Mathematics in the Bilingual Education Classroom.
The course provides an in-depth study of the mathematics content and methodology derived from research-based principles. To develop the mathematical understanding of emergent bilinguals through a field-based approach, the course emphasizes using cognition and bilingualism as learning resources to sustain mathematical knowledge using equity based-instruction and assessment. Prerequisite: 2.75 Overall GPA required. Junior classification required. Must be declared as seeking EC-6 Bilingual Generalist teacher certification. MATH 1315 (or one of the following: MATH 1319 or MATH 2417 or MATH 2471 or MATH 2472); MATH 2311 and MATH 2312 all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

BILG 4365. Biliteracy Development for Emergent Bilingual Learners.
This course targets the dynamic, reciprocal process of literacy development in Spanish and English for emergent bilinguals. Theories, instructional methods and strategies, texts, and materials will be examined through an integrated approach that considers sociocultural, cognitive, linguistic, and political factors. The course will be taught in both Spanish and English. Prerequisites: Junior classification or higher; Admission to the Teacher Preparation Program; 2.75 Overall GPA; Education Core; grades of "C" or higher must be earned in all prerequisites.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

BILG 5365. Biliteracy Development in the Bilingual Education Classroom.
This course is taught in Spanish and English, targeting the reciprocal process of literacy development in Spanish and English as a second language. Theories, methods, and approaches address learning and teaching processes that support biliteracy development of emergent bilingual within contexts framed by sociocultural, cognitive, linguistic, and affective factors. Prerequisite: CI 5337; CI 5387 SPAN 3308; SPAN 3371; upper levels of SPAN; or advanced studies in SPAN with a grade of B or better; or, Bilingual Education certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

BILG 5367. Policy and Practice in Dual Language Immersion Education.
This course focuses on current research in bilingual education and language in education policy and practice that shapes program models, curricula, and instruction in two-way and one-way dual language education. The course will be taught in Spanish and English and requires student work in each language. Prerequisites: CI 5387, CI 5337; SPAN 3308; SPAN 3371; or upper level SPAN courses; or advanced studies in SPAN having earned a grade of B or higher; or Bilingual Education certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

BILG 5374. Bilingual/ESL Academic Content Instruction.
The focus of this course is the integration of native language instruction (Spanish) and English as a second language (ESL) to teach the academic content areas (mathematics, science, social studies, and language arts) for English Language Learners (ELLs) with an emphasis on the cognitive and sociocultural considerations. Prerequisite: SPAN 3308 or SPAN 3371 with a grade of "B" or better; or upper level SPAN course(s); or advanced studies in SPAN with a grade of "B" or better; or Bilingual Education certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

BILG 5388. The Politics of Language.
Using a critical linguistic perspective, this course examines the sociopolitical aspects of language in local, national, and global contexts. Students learn about language ideologies and gain a profound understanding for how languages and language practices are intricately tied to the racial and economic power relations embedded in schools and society.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Curriculum and Instruction (CI)

CI 3300. Middle School Curriculum and Instruction.
Overview of developmentally appropriate curriculum adhering to state and national standards for grades 4-8. Includes the application of learning theory in a safe classroom environment with a focus on cooperative learning, direct instruction, discovery learning, technology, and learner-centered instruction. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CI 3310. Public Education in a Multicultural Society.
Course utilizes historical, sociocultural, and political lenses to provide an overview of public schooling as a complex system within a multicultural society. Key concepts include: educational philosophy, legal and policy issues, curriculum and instruction, equity, school-community connections, and teachers as change agents. Prerequisite: 2.75 overall GPA. Junior classification required. Must be declared in a degree program that leads to teacher certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 3315. Human Development: Learning and Being in Social Contexts.
Drawing from psychological, sociological, anthropological, and historical traditions, this course explores human development, learning theories, identity issues, and multicultural education, especially as these pertain to second-language learners. Implications for classrooms and teaching are included. Prerequisite: 2.75 overall GPA. Junior Classification required. Must be declared in a degree program that leads to teacher certification. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CI 3322. The Design and Application of the EC-6 Curriculum.
Course focuses on design and application of curricula including content, instructional methodologies and assessment. Foundational theories of human development and learning will be used as students focus on the organization of content, instructional strategies, classroom environment, utilization of materials, and assessment. Prerequisites: Admittance to the Educator Preparation Program; CI 3310, CI 3315; RDG 4320; 2.75 Overall GPA. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

CI 3325. Adolescent Growth and Development.
Study of biological, cognitive, and psychological theories and processes of adolescence. Prepares prospective teachers to understand abilities, behaviors, and needs of learners. Roles of family, peer groups, and culture examined with the aid of contemporary adolescent literature. Prerequisite: 2.75 overall GPA. Junior classification required. Must be declared in a degree program that leads to teacher certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 3332. Foundations of Bilingual and ESL Education.
This course examines the rationale, history, and philosophy of bilingual and ESL education and develops students' understanding of the cultural and psychological influences that mediate the learning process. Prerequisites: Admittance to the Educator Preparation Program; CI 3315, CI 3310, ECE 4300; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

CI 3338. Social Studies in the Elementary and Middle School.
The course provides learner-centered approaches to social studies knowledge, instruction, equity, communication, and professional development and prepares educators with strong foundations for powerful social studies teaching and learning practices including: (a) deep understanding/appreciation, (b) increased awareness of non-traditional approaches, (c) practical methods and applications, and (d) daily integration into teaching. Prerequisites: Junior Classification; 2.75 overall GPA. Restriction: Students majoring in Interdisciplinary Studies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4300. Middle Level Philosophy and Schooling.
Physical, social, emotional, cognitive, and moral characteristics of young adolescents in contexts of family, community, school, society. History and philosophy of middle school as a developmentally appropriate environment for young adolescents. Continued study of instruction that is affectively and cognitively appropriate for young adolescents. Prerequisites: Admittance to the Educator Preparation Program; RDG 4310; RDG 3315; 2.75 Overall GPA. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CI 4325. Classroom Management and Teacher-Student Relationships.
Course will focus on classroom management theories and models. Personal philosophy, beliefs, and style of teaching will be examined as they relate to the various methods of classroom management, student discipline, and teacher-student relationships. Prerequisites: Admittance to the Educator Preparation Program; CI 3310, CI 3315, CI 3332, CI 4360; RDG 4320; ECE 4300, ECE 4310, ECE 4352; Co-requisites: RDG 3315, RDG 3321; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4332. Secondary Teaching: Curriculum and Technology.
This course investigates secondary curriculum, its history, organization, development, and representation in instructional materials. Students learn how curriculum is decided, impacted, and assessed, and the role of technology in curriculum. Topics include local, state, and national standards, trends, and roles of culture and technology in teaching and learning. Prerequisite: 2.75 overall GPA. Junior classification required. Must be declared in a degree program that leads to teacher certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4338. Social Studies Curriculum & Pedagogy for the Middle School.
This course examines how the teaching of social studies is informed by theory and research. In this course students will analyze the foundations of social studies as a discipline, social studies curricular issues, social studies pedagogy, controversial issues pedagogy, and the construction of conceptual, inquiry-based units. Prerequisites: 2.75 Overall GPA; Junior classification; must be declared as seeking 4-8 grade teacher certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CI 4343. Instructional Strategies for the Secondary Teacher.
This course focuses on the study of models for instruction, with attention to assessment and classroom management. Students develop and practice strategies for building classroom communities, teaching all learners, and integrating technology into instruction. The focus is on meeting the needs of individual learners while maintaining academic rigor. Prerequisites: Admittance to the Educator Preparation Program; CI 3325 and CI 4332; 2.75 Overall GPA; Corequisites: CI 4370 and RDG 3323.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4350. Mathematics in the Integrated Elementary Curriculum.
Course provides an in-depth study of the mathematics content and methodology derived from principles of learning and research. Primary focus will be on the development of mathematics understanding and relevant applications rather than manipulation of numbers without context, purpose, or concepts. Students will develop the skills needed in cooperative planning, provide methods of organizing mathematical principles into lessons for pupils, and develop techniques for evaluating pupil progress within a field-based environment. Prerequisites: MATH MATH 1315, MATH 1319, MATH 2417, MATH 2471, or MATH 2472; MATH 2311 and MATH 2312. Grades of "C" or better must be earned in all prerequisites. 2.75 overall GPA required. Junior classification required. Must be declared in a degree program that leads to teacher certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4351. Middle School Mathematics Methods Course.
This course will explore the methods of teaching mathematics in intermediate and middle grades. Emphasis is placed on the equity principle (mathematics for all) and development of conceptual understanding of topics such as real numbers and operations on real numbers, geometry, statistics and probability, and algebra (patterns, variables, and functions). Prerequisites: 2.75 Overall GPA; Junior classification required; must be declared as seeking 4-8 grade teacher certification; MATH 1315 or MATH 1319 or MATH 1329 or MATH 2321 or MATH 2417 or MATH 2471 with grades of "C" or better must be earned in all prerequisites.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4355. Science in Elementary Education.
Course provides an overview of science standards and content, research-based science pedagogy, and the scientific process skills required for a developmentally appropriate, inquiry-driven science curriculum that facilitates the development of scientific literacy for all students, including second language learners. Prerequisites: PHYS 1310 or PHYS 1315 or PHYS 1410; and PHYS 1320 or PHYS 1325 or PHYS 1420; and PHYS 1110 or PHYS 1115 or PHYS 1125; and BIO 1320 or BIO 1430 or BIO 1330 or BIO 1431 or BIO 1331 or BIO 1421. Grades of "C" or better must be earned in all prerequisites. 2.75 overall GPA required. Junior classification required. Must be declared in a degree program that leads to teacher certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4360. Methods and Materials for Teaching ESL in the Content.
This course addresses content, methods, and materials of elementary ESL classroom instruction, including curricula, strategies, and materials for meeting the needs of English language learners in all academic content areas. Prerequisites: Admittance to the Educator Preparation Program; ECE 4300 (for ESL Generalists); CI 3332, CI 4361 (for Bilingual Generalists); 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

CI 4361. Psychological Foundations of Bilingual Education.
This course explores how bilingual learners navigate and manage the learning process within existing educational systems. The course examines how instructional practices that attend to the cultural, linguistic, and cognitive development of the bilingual learner impact academic achievement. Prerequisites: Admittance to the Teacher Preparation Program; Junior classification; 2.75 Overall GPA; must be declared as seeking EC-6 Bilingual Generalist certification: SPAN 3308 and SPAN 3371 with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4362. Teaching Across the Bilingual Content Areas EC-6.
A study of research-based content and instructional methods and strategies, materials and resources to teach bilingual learners the EC-6 academic curriculum based on content-related standards associated with the teaching of mathematics, science, social studies, and language arts. Prerequisites: Admittance to the Teacher Preparation Program; 2.75 Overall GPA; must be declared as seeking EC-6 Bilingual Generalist teacher certification; SPAN 3308 and SPAN 3371 with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4370. Classroom Management, Ethics, and Legal Issues in Secondary Teaching.
This course focuses on the development of an appropriate classroom management system based on current theory and research, analysis of legal and ethical issues as they relate to classroom teachers and students, and field experiences in a variety of secondary classroom environments. Prerequisites: Admittance to the Educator Preparation Program; CI 3325 and CI 4332; 2.75 Overall GPA; Corequisites: CI 4343 and RDG 3323.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

CI 4378. Problems in Education.
Individual problems related to areas of selected study for the undergraduate student, designed to meet individual differences for the purpose of certification. A letter following the course title on the permanent record will indicate the area of emphasis according to this code: (i) Elementary, (j) Secondary, and (l) Bilingual. Repeatable for credit with different emphasis. Prerequisite: Admittance to the Educator Preparation Program; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Early Childhood Education (ECE)

ECE 4300. The Languages of Children: Acquisition and Use.
This course is designed to provide pre-service teachers with pertinent information regarding the development of language and cognition in pre-school and school-aged children. Information regarding language structure, the sequence of development as well as the cognitive and social aspects of language acquisition and use will be included. Prerequisites: 2.75 overall GPA. Junior classification required. Must be declared in a degree program that leads to teacher certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECE 4310. Seminar for Teachers of Young Children.
Directed field experiences in observation, participation, problem solving, assessing and teaching in programs for young children. A minimum of 1.5 hour seminar per week is required in addition to assignment (three hours weekly) in an approved preschool or kindergarten program. Prerequisites: Admittance to the Educator Preparation Program; CI 3310, CI 3315, ECE 4300; Co-requisite: ECE 4352; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ECE 4352. Curriculum for Preschool and Kindergarten Children.
Emphasizes research, program development, and developmentally appropriate teaching strategies, materials and activities for children ages 3-6 and collaboration with families. Prerequisites: Admittance to the Educator Preparation Program; CI 3310, CI 3315, ECE 4300; Co-requisite: ECE 4310; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ECE 4380. Independent Study in Early Childhood.
In-depth study of selected topics of current need or interest in early childhood education. Work due on independent study basis with faculty member and only with permission of department. Repeatable for credit with different emphasis. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Educational Psychology (EDP)

EDP 1350. Effective Learning.
A study of the acquisition of procedural knowledge through the application of human learning theory, cognitive behavior modifications, and developmental psychology. Generalization and transfer of this knowledge will be emphasized. Repeatable for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Reading (RDG)

RDG 1300. Reading Improvement.
Course provides instruction in vocabulary, reading comprehension, critical reading, study and test-taking skills for students who fail to pass the reading placement subtest. Concurrent enrollment in specific sections of general education courses is required. Credit earned for this course does not count toward degrees offered by the university.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Developmental/Remedial|Lab Required
Grade Mode: Developmental

RDG 3312. Reading and Writing Instruction for Children with Special Needs.
Course focuses on classroom reading instruction for children not making average progress in literacy. Course topics: nature and identification of literacy difficulties, including dyslexia; modification of instruction for children with special needs; diagnostic teaching, teacher/program effectiveness and legal requirements of special populations. Prerequisites: Admittance to the Educator Preparation Program; RDG 3315, RDG 4310; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RDG 3315. Assessing Literacy: Early Childhood Through Grade Six.
Students will understand principles of literacy assessment to guide literacy instruction for all children, including culturally and linguistically diverse students, and plan appropriate instruction in a field-based setting. Prerequisites: Admittance to the Educator Preparation Program; CI 3315, CI 3310, CI 3332, CI 4360, ECE 4300, ECE 4310, ECE 4352; Co-requisites for EC-6: RDG 3321, RDG 3320; Co-requisite for 4-8: RDG 4310; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RDG 3320. Integrating Reading and Writing.
Course focuses on the integration of reading and writing with other subject areas, especially social studies, with special attention given to ESL methodologies for language arts instruction. The workshop approach for reading and writing is emphasized. Prerequisites: Admittance to the Educator Preparation Program; Co-requisites: RDG 3315, RDG 3321; 2.75 Overall GPA. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RDG 3321. Literacy Instruction for Early Childhood Through Grade Six.
Course provides for the understanding, critical analysis, and application of current literacy methods and materials, with a focus on ESL theories and methodologies. Course is taught in a field-based setting. Prerequisites: Admittance to the Educator Preparation Program; CI 3315, CI 3310, CI 3332, CI 4360, ECE 4300, ECE 4310, CI 4352; Co-requisites: RDG 3315, RDG 3320; 2.75 Overall GPA. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RDG 3323. Teaching Reading in the Content Areas.
Provides information about reading in secondary content areas emphasizing selection and use of materials, including textbooks in print and electronic formats. Topics include instructional strategies, assessment of comprehension, and adapting instruction to meet student needs. Prerequisites: Admittance to the Educator Preparation Program; CI 3325, CI 4332; Co-requisites: CI 4343, CI 4370; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RDG 4310. Content Reading.
Course provides information about instruction in the elementary content areas with emphasis on the effective use of textbooks and tradebooks. Course topics include: nature and purpose of content instruction and reading, text selection, use of tradebooks, comprehension, inquiry learning and problem solving, and assessment and meeting individual needs in content reading. Prerequisites: Admittance to the Educator Preparation Program; CI 3310, CI 3325; Co-requisite: RDG 3315; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

RDG 4320. Language and Literacy in Diverse Communities.
Course includes the examination of sociolinguistic theories and an introduction to culturally responsive teaching of literacy. Topics address social identity factors, ethnicity, language variation, bilingualism, and the acquisition of Standard American English with implications for effective literacy instruction. Prerequisite: 2.75 overall GPA. Junior classification required. Must be declared in a degree program that leads to teacher certification. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

RDG 4330. Teaching Reading/Language Arts in Middle School.
This course examines how the teaching of reading/language arts is informed by theory and research. In this course students will analyze the foundations of reading and language arts as disciplines, reading/language arts curricular issues, reading/language arts pedagogy, controversial issues in reading/language arts pedagogy, and the construction of conceptual, inquiry-based units. Prerequisites: Admittance to Educator Preparation Program; must be declared as seeking 4-8 grade teacher certification; junior or senior classification required; grades of "C" or better must be earned in all prerequisites; 2.75 Overall GPA required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RDG 4380. Independent Study in Reading Instruction.
Analysis and interpretation of selected topics of special interest in reading and language arts instruction. Topics and instructors will vary from semester to semester. Repeatable for credit with different emphasis. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Special Education (SPED)

SPED 2360. Survey of Exceptionalities.
Course provides for the examination of types, characteristics, and causes of various exceptionalities; identifies federal laws as they relate to various populations; and serves as an introduction to the education of exceptional students in the home, school, and community.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SPED 3338. Educating Students with Emotional/Behavioral Disorders.
This course addresses topics associated with teaching students with emotional/behavioral disorders. Content includes an overview of definitions and characteristics, etiological factors, assessment for diagnosis and intervention planning, treatment options, including methods and materials for effective instruction, collaborative interagency services, and current issues. Prerequisites: If SPED 2360 is taken prior to this course, students must have earned a "C" or better. Corequisites: SPED 2360.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SPED 3390. Assessing Students with Disabilities.
The course provides information about formal and informal assessment for the identification of cognitive aptitude; academic achievement; social, emotional, and motor development; and includes implications of these results for instruction or remediation. Prerequisites: Must be declared as seeking All-Level Special Education teacher certification or with a Special Education minor; if SPED 2360 is taken prior to this course, a grade of "C" or better must be earned. Corequisite: SPED 2360.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SPED 4310. Selected Topics in Special Education.
In-depth study of selected topics of current interest in special education. Work done on an independent study basis with faculty member and available only with permission of department. Prerequisites: Admittance to the Educator Preparation Program; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

SPED 4340. Evidence-Based Instructional Practices for Students with Mild or Moderate Disabilities.
This course delineates evidence-based instructional theories and practices for students with mild or moderate disabilities and targets curricular and instructional design for students who need specialized methods for successful learning. Topics include curriculum-based measurement and progress monitoring, evidence-based strategies matched to presenting characteristics, and evidence-based inclusion models. Prerequisite: 2.75 Overall GPA, SPED 2360 with a grade of "C" or better. Corequisite: SPED 3390 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SPED 4344. Educating Students with Mild Disabilities.
Course provides information about modifications for students with mild disabilities. Characteristics of special education categories discussed with primary emphasis on learning disabilities. Role of classroom management and classroom teacher's role with students with mild disabilities addressed. Methods for individualizing instruction under a variety of classroom conditions presented. Prerequisite: 2.75 overall GPA. Junior classification required. Must be admitted to the Educator Preparation Program or Minor in Special Education.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SPED 4345. Teaching Language Arts to Students with Disabilities.
Course provides effective, research-based instruction for struggling readers, including basic literacy and adaptations to facilitate students' access to the general education curriculum. Basic literacy content will be presented, including information about phonological awareness, word study and spelling, fluency, comprehension, and writing across content areas. Prerequisites: Admittance to the Educator Preparation Program and Minor in Special Education; SPED 2360 with a grade of "C" or better; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SPED 4374. Classroom and Behavior Management Strategies for Students with Disabilities.
Effective strategies for classroom management. Topics include: common management problems, evaluation of classroom management approaches, strategies for preventing behavior problems, teaching new behaviors, increasing desired group and individual behaviors, and positive strategies for reducing inappropriate group and individual behaviors. Prerequisites: Admittance to the Educator Preparation Program or Minor in Special Education; 2.75 Overall GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SPED 4381. Educating Students with Intellectual and Developmental Disabilities.
This course provides an overview of student characteristics and appropriate instructional techniques pertaining to individuals with intellectual and developmental disabilities. Techniques include specialized assessment and instructional strategies, functional curriculum development, transition planning, positive behavior supports, and assistive technologies. Prerequisites: Must be declared as seeking All-Level Special Education teacher certification or with a Special Education minor; if SPED 2360 is taken prior to this course, students must have earned a "C" or better. Corequisite: SPED 2360.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

SPED 4389. Special Education Practicum.
This course provides opportunities for students to design and apply assessment, planning, and instructional strategies. Students may be required to instruct in one or more content areas including academic, life, social, prevocational or vocational and/or communication skills. Prerequisites: Admittance to the Educator Preparation Program; SPED 2360 and SPED 4345 and SPED 4374 and SPED 3338 or SPED 4381, all with a grade of "D" or better; 2.75 Overall GPA.
3 Credit Hours. 0 Lecture Contact Hours. 20 Lab Contact Hours.
Grade Mode: Standard Letter

Bachelor of Science (B.S.) Major in Interdisciplinary Studies (Teacher Certification in Bilingual Generalist-Spanish, Early Childhood Through Grade 6)

Minimum required: 125 semester credit hours

Admission Requirements

1. All degree programs within the Department of Curriculum and Instruction require formal admittance into the Educator Preparation Program.
2. Students must apply and be admitted to the Educator Preparation Program in order to enroll in Block coursework and Student Teaching in the Junior and Senior year. Refer to the requirements for Admittance to the Educator Preparation Program through the Office of Educator Preparation (p. 234).
3. The Bachelor of Science (B.S.) degree with a major in Interdisciplinary Studies requires admission to the university and admission to the program. Information about the program admissions can be found at: http://mycatalog.txstate.edu/undergraduate/education/curriculum-instruction/#admissionstext

General Requirements

1. A 2.5 Major GPA and a 2.75 Overall GPA are required to graduate.
2. All Major as well as Pedagogy and Professional Responsibility courses must be completed with a grade of "C" or higher.
3. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
4. Any degree program of 122 hours or more may be considered a five-year program. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

Bachelor of Science (B.S.) Major in Interdisciplinary Studies (Teacher Certification in Generalist, Grades 4-8)

Minimum required: 129 semester credit hours

Admission Requirements

1. All degree programs within the Department of Curriculum and Instruction require formal admittance into the Educator Preparation Program.
2. Students must apply and be admitted to the Educator Preparation Program in order to enroll in Block coursework and Student Teaching in the Junior and Senior year. Refer to the requirements for Admittance to the Educator Preparation Program through the Office of Educator Preparation (p. 234).
3. The Bachelor of Science (B.S.) degree with a major in Interdisciplinary Studies program requires admission to the university and admission to the program. Information about the program admissions can be found at: http://mycatalog.txstate.edu/undergraduate/education/curriculum-instruction/#admissionstext

General Requirements

1. A 2.5 Major GPA and a 2.75 Overall GPA are required to graduate.
2. All major courses as well as Pedagogy and Professional Responsibility courses must be completed with a grade of "C" or higher.
3. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

4. Any degree program of 122 hours or more may be considered a five-year program. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

Minor in Secondary Education

The minor in Secondary Education requires 21 semester credit hours. A minor in Secondary Education is not available with all majors. Students must declare a major in a content area for which teacher certification is available. See the Academic Advisor in the College of your major for more information.

Code	Title	Hours
Education Core		
CI 4332	Secondary Teaching: Curriculum and Technology	3
CI 3325	Adolescent Growth and Development	3
Field-Based Block		
CI 4343	Instructional Strategies for the Secondary Teacher	3
CI 4370	Classroom Management, Ethics, and Legal Issues in Secondary Teaching	3
RDG 3323	Teaching Reading in the Content Areas	3
Student Teaching		
EDST 4681	Student Teaching 7-12	6
Total Hours		21

Minor in Special Education

The minor in Special Education requires 21 semester credit hours. Students pursuing the minor in Special Education, who are not otherwise declared in a teacher certification-seeking degree plan, do not need to be admitted to the Educator Preparation program. They will, however, encounter prerequisite restrictions when attempting to register for their SPED minor courses since those courses require the 'Teacher Certification Cohort' as a prerequisite. In order to resolve this, those students will need to request prerequisite overrides each semester for each SPED course that they plan to register for by using the CI Department's Prerequisite Override Request form. For more information contact the Department of Curriculum and Instruction (http://www.education.txstate.edu/ci).

Exercise and Sports Science

The Bachelor of Exercise and Sports Science (BESS) degree has several specializations that allow graduates to prepare for careers in education, exercise prescription, health professions, management of exercise programs, and coaching. The BESS with All-Level Physical Education (EC-12) Teacher Certification prepares graduates to teach in elementary and secondary schools. The BESS with a concentration in Clinical Exercise Science prepares graduates for careers in cardiopulmonary, clinical exercise physiology, and diagnostic testing and programming for cardiac rehabilitation and other special populations. The BESS with a concentration in Pre-Rehabilitation Sciences gives students a degree that is well aligned with entrance requirements of advanced study in health care and allied health professions like athletic training, physical therapy, occupational therapy, orthotics/prosthetics, chiropractics, or physician's assistant. The BESS with a major in Health and Fitness Management and minor in Business Administration blends exercise science knowledge with the management and leadership skills needed to direct fitness and health/wellness programs in commercial, corporate, and institutional settings. Advanced course work and field experiences are required for graduation in these programs and depend on maintenance of GPAs above 2.5 or 2.75.

Athletic Training

Athletic trainers (ATs) are health care professionals who specialize in the prevention, diagnosis, clinical management and rehabilitation of musculoskeletal injuries and medical conditions

Texas State University has an exemplary history with regard to athletic training education. Our Professional Program in Athletic Training was one of the first programs in the United States to be accredited and has been continuously accredited since 1972. The Commission on Accreditation of Athletic Training Education (CAATE) has accredited our Bachelor of Science degree program in Athletic Training through the 2019-2020 academic year. The mandated transition to master's entry level for accredited programs means that the last cohort of undergraduate Athletic Training majors will be for the 2018/2019 academic year. Admission to the Professional Program in Athletic Training at Texas State University is a competitive process that involves successful completion of all of the requirements associated with a Pre-Athletic Training Program, e.g., 5 specific prerequisite courses, 50 hours of directed observation, a formal written application due April 1st, a formal admission interview on or about May 1st, and a minimum Texas State GPA of 2.75. Admission selections are made once per year, at the end of the academic year. In early June each year, the 20 top-ranked applicants are offered admission for the upcoming year as sophomores in the program. Once admitted to the Athletic Training sophomore cohort, the student will take six long semesters (three years) of supervised clinical education experiences in conjunction with a formal sequence of lecture and laboratory-based courses. Completion of our Bachelor of Science degree in Athletic Training qualifies the student to take the national Board of Certification examination and the Texas Advisory Board of Athletic Trainers state licensure examination. For the most current program information and a comprehensive list of all of the Athletic Training Program admission requirements, please refer to our website: http://www.hhp.txstate.edu/Divisions/Athletic-Training.html.

Health Education

The Bachelor of Health and Wellness Promotion degree trains students to promote health by utilizing specialized knowledge and skills in needs assessment, strategies to plan, implement, and evaluate programs, interventions, and services in community and public health settings. Graduates of this program play a vital role on health promotion teams in public health departments, non-profit agencies, industries, private businesses, hospitals, clinics and schools, as well as local, state, and national governmental organizations. Our graduates may also continue their education in community and public health, health promotion, allied health, dental, and medical graduate programs. Graduates of this program are eligible to sit for the Certified Health Education Specialist (CHES) and the Certified Wellness Practioner (CWP) exams.

Recreation Administration

The Recreation Administration major combines classroom learning and on-the-job training in two career tracks: recreation administration and therapeutic recreation. Students study such areas as recreation programming, leadership, marketing, evaluation, administration, and therapeutic recreation. Recreation Administration graduates work in camps, nursing homes, recreation centers, resorts, hospitals, rehabilitation facilities, fitness centers, and state and national parks. The program is nationally accredited in both recreation administration and therapeutic recreation. Graduates of this program are eligible to

sit for certification examinations for National Council for Therapeutic Recreation Certification (CTRS) and/or the National Recreation and Park Association's National Certification Board (CPRP).

PFW Service Courses

Several Texas State degree programs require Physical Fitness and Wellness (PFW) classes to give students knowledge, skills, and health-related benefits of physical activity. All students may elect to take PFW classes to learn new skills/activities, relieve stress, maintain health, and meet others with similar activity interests. All students may elect to take PFW 1301 (Behavioral and Social Dimensions of Physical Activity and Wellness) to satisfy their general education requirement in social and behavioral sciences. The PFW program provides a wide variety of activity classes that include sports, games, indoor or outdoor activities both on and off campus. PFW classes are for students of all ages, skill ranges, and abilities. Some PFW classes, however, are restricted to students who are involved in athletics, band, ROTC, and other organizations. Some off-campus classes have an additional activity fee appropriate for the instructor and facilities used. Contact the Director of the PFW Division if you have any questions about PFW classes.

Admittance to the Educator Preparation Program

The All-Level Physical Education and All-Level Health Teacher Certifications require formal admittance into the Educator Preparation Program by the Office of Educator Preparation (p. 234). Please see http://www.education.txstate.edu/oep/ for current admittance requirements and procedures.

Admission Requirements

Athletic Training

1. The Athletic Training Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). Students desiring admission must first declare the Athletic Training major and complete the preliminary requirements for the Athletic Training major at Texas State University in order to become eligible to be admitted to the Athletic Training Program cohort. Once per year, in June, following the completion of a year-long competitive admissions process, the top 20 ranked applicants are offered admission to the Athletic Training Program cohort. For more information, please refer to http://www.hhp.txstate.edu/Divisions/Athletic-Training.html.
2. Students admitted to the Athletic Training Program cohort must be committed to taking the Board of Certification's national examination, as well as the Texas Advisory Board of Athletic Trainers' state licensure examination during the last semester prior to graduation.
3. To be considered as a candidate for admission to the Athletic Training Program cohort, students must complete AT 1298, AT 2156, AT 2260, AT 2356, and BIO 2430 with grades of B or better, and:
   - Participate in the competitive admission process that includes the five prerequisite courses mentioned above, a completed application (due annually on April 1), and an admissions interview in early May.
   - Establish and maintain a minimum Texas State GPA of 2.75.
   - Complete 50 hours of directed Athletic Training observation as part of AT 1298 – Orientation to Athletic Training Education.
   - Hold current Emergency Cardiac Care (ECC) certification in CPR/AED at the Professional Rescuer level.
4. The six-component objective formula used to rank applicants for admission to the AT Program cohort is available to view at http://www.hhp.txstate.edu/Divisions/Athletic-Training/Undergradute-Program.
5. The required Technical Standards for the AT Program are available at the department website listed, in the AT 1298 Policy and Procedures Manual, and from the program director.

Bachelor of Exercise and Sports Science (B.E.S.S.)

- Major in Exercise and Sports Science (Clinical Exercise Science Concentration) (p. 222)
- Major in Exercise and Sports Science (Pre-Rehabilitation Sciences Concentration) (p. 223)
- Major in Exercise and Sports Science (Teacher Certification in Physical Education, Early Childhood Through Grade 12) (p. 225)
- Major in Health and Fitness Management (p. 226)

Bachelor of Health and Wellness Promotion (B.H.W.P.)

- Major in Health and Wellness Promotion (p. 227)
- Major in Health and Wellness Promotion (Teacher Certification in Health, Early Childhood Through Grade 12) (p. 228)

Bachelor of Science (B.S.)

- Major in Athletic Training (p. 229)
- Major in Recreation Administration (p. 231)
- Major in Recreation Administration (Therapeutic Recreation Concentration) (p. 232)

Minors

- Coaching
- Exercise and Sports Science
- Health and Wellness Promotion
- Recreation Administration
- Second Teaching Field in Health (Early Childhood Through Grade 12)

Subjects in this department include: AT (p. 208)**, ESS** (p. 211)**, H ED** (p. 215)**, PFW** (p. 216)**, REC** (p. 220)

Courses in Athletic Training (AT)

AT 1298. Orientation to Athletic Training Education.
Pre-Athletic Training majors will be introduced to the academic and clinical aspects of the CAATE accredited athletic training education program. The course is utilized as part of the rigorous student evaluation process before formal entrance into the athletic training education program.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Grade Mode: Standard Letter

AT 2156. Taping and Bandaging Athletic Injuries.
This course focuses on the use of taping, bracing, and bandaging techniques in the prevention and care of athletic injuries.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

AT 2260. Acute Care of Injuries and Illnesses.
This course will address the knowledge and skills related to the immediate evaluation and specialized care of acute injuries and illnesses common in sports settings. Lectures and laboratory experiences are focused on key aspects of emergency sports health care, including the rapid assessment, resuscitation, packaging and transportation of injured patients. Must be admitted to the Pre-Athletic Training major to enroll.
2 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

AT 2356. Prevention and Care of Athletic Injuries.
This course focuses on the theoretical and practical aspects of the prevention, treatment, and rehabilitation of athletic injuries.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 2397. Clinical Experience in Athletic Training I.
This course addresses the topics of injury prevention and emergency management, integrated into a clinical education experience designed to assess professional behaviors, knowledge and skills, and clinical proficiency. This course combines didactic with clinical education experiences obtained under the supervision of a licensed preceptor at an on-campus clinical site. A minimum 2.75 Texas State GPA is required. Must be admitted to the Athletic Training Cohort.
3 Credit Hours. 2 Lecture Contact Hours. 15 Lab Contact Hours.
Grade Mode: Standard Letter

AT 2398. Clinical Experience in Athletic Training II.
This course integrates topics in advanced athletic injury evaluation and management into a clinical education experience designed to assess professional behaviors, cognitive knowledge, psychomotor skills, and proficiency-based case simulations. This course combines didactic and clinical education experiences obtained under the supervision of a licensed preceptor at an on-campus clinical site. Prerequisite: AT 2397 with a grade of "C" or better and a minimum 2.75 Texas State GPA. Must be admitted to the Athletic Training Cohort.
3 Credit Hours. 2 Lecture Contact Hours. 15 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3111. Clinical Assessment I Laboratory.
This laboratory will assist students in developing the psychomotor skills used in the clinical evaluation of injuries and illnesses involving the head and face, brain, cervical spine, upper extremity, thorax, and pulmonary and cardiovascular systems. Corequisite: AT 3311. Prerequisites: AT 2356 with a garde of "D" or better, and a 2.75 Texas State GPA.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3112. Clinical Assessment II Laboratory.
This laboratory will assist students in developing the psychomotor skills used in the clinical evaluation of injuries and illnesses involving the lumbar spine and lower extremity injuries as well as abdomen, gastrointestinal, genitourinary, endocrine, dermatologic, and systemic illnesses. Corequisite: AT 3312. Prerequisite: AT 3111, AT 3311, and a 2.75 Texas State GPA.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3126. Applied Laboratory of Upper Extremity Injuries.
This course will present a study and critical analysis of the anatomy, injury signs and symptoms, and special tests used in the clinical evaluation of upper extremity injuries to the physically active individual. Must be admitted to the Athletic Training Program or Pre-Physical Therapy Concentration to enroll. Co-requisite: AT 3326.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Co-requisite(s): AT 3326
Grade Mode: Standard Letter

AT 3128. Applied Laboratory of Lower Extremity Injuries.
This course will present a study and critical analysis of the anatomy, injury signs and symptoms, and special tests used in the clinical evaluation of lower extremity injuries to the physically active individual. Must be admitted to the Athletic Training Program or Pre-Physical Therapy Concentration to enroll. Co-requisite: AT 3328.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Co-requisite(s): AT 3328
Grade Mode: Standard Letter

AT 3136. Applied Laboratory for Therapeutic Modalities.
This course provides students with experiences in laboratory and field applications of therapeutic modalities of all athletic injuries. Must be admitted to the Athletic Training Program or Pre-Physical Therapy Concentration to enroll. Co-requisite: AT 3336.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Co-requisite(s): AT 3336
Grade Mode: Standard Letter

AT 3146. Applied Laboratory for Therapeutic Exercise and Rehabilitation.
This course provides students with experiences in laboratory and field applications of therapeutic exercise and rehabilitation of athletic injuries. Must be admitted to the Athletic Training Program or Pre-Physical Therapy Concentration to enroll. Co-requisite: AT 3346 with a grade of "D" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3226. Medical Conditions and Disabilities.
This course focuses on evaluation and management strategies of primarily non-orthopaedic conditions commonly encountered in a physically active population and, to a lesser extent, special populations. Must be admitted to the Athletic Training Program or Pre-Physical Therapy Concentration to enroll. Prerequisites: BIO 1421, or BIO 1330 and BIO 1130; BIO 2430.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3311. Clinical Assessment I.
This course instructs students in the knowledge and skills used in the clinical evaluation of injuries and illnesses involving the head and face, brain, cervical spine, upper extremity, thorax, and pulmonary and cardiovascular systems. Corequisite: AT 3111. Prerequisite: AT 2356 with a grade of "D" or better, and a 2.75 Texas State GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3312. Clinical Assessment II.
This course instructs students about the preliminary and secondary survey with emphasis on clinical assessment of lumbar spine and lower extremity injuries as well as abdomen, gastrointestinal, genitourinary, endocrine, dermatological, and systemic illnesses. Corequisite: AT 3112. Prerequisites: AT 3111 and AT 3311, all with a grade of "D" or better, and a 2.75 Texas State GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3326. Evaluation Techniques of Upper Extremity Injuries.
The course will present a study and critical analysis of the anatomy, injury signs and symptoms, and specific tests used in the clinical evaluation of upper extremity injuries to the physically active individual. Co-requisite: AT 3126. Prerequisite: AT 2356, with a grade of "D" or better, Minimum 2.75 TxState GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Co-requisite(s): AT 3126
Grade Mode: Standard Letter

AT 3328. Evaluation Techniques of Lower Extremity Injuries.
The course will present a study and critical analysis of the anatomy, injury signs and symptoms, and specific tests used in the clinical evaluation of lower extremity injuries to the physically active individual. Co-requisite: AT 3128. Prerequisites: AT 2356; BIO 2430 or equivalent; Minimum 2.75 TxState GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Co-requisite(s): AT 3128
Grade Mode: Standard Letter

AT 3333. Therapeutic Interventions for Medical and Psychosocial Conditions.
This course will address the athletic training knowledge and skills required to evaluate and manage common medical conditions and psychosocial concerns found among the physically active. Lecture and laboratory experiences are focused on immediate and advanced care with emphasis on therapeutic interventions and referral. Prerequisites: BIO 1421, or BIO 1330 and BIO 1130; BIO 2430 or equivalent, all with a grade of D or better. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AT 3336. Principles and Techniques of Therapeutic Modalities.
A theoretical and evidence-based approach to the use of therapeutic modalities in physical medicine settings. Special emphasis is placed on understanding the physiological effects, indications, contraindications and clinical applications of therapeutic modalities in the treatment and rehabilitation of musculoskeletal and neurological injuries and diseases. Co-requisite: AT 3136. Prerequisite: Minimum 2.75 Texas State GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Co-requisite(s): AT 3136
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AT 3346. Therapeutic Exercise and Rehabilitation.
A theoretical and evidence-based approach to the use of therapeutic exercise in physical medicine settings. Special emphasis is placed on understanding the physiological effects, indications, contraindications and clinical applications of therapeutic exercise in the treatment and rehabilitation of musculoskeletal and neurological injuries and diseases. Corequisite: AT 3146. Prerequisites: AT 3326, AT 3328, PT 3400, Minimum 2.75 Texas State GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

AT 3358. Clinical Pathopharmacology.
This course combines pathophysiology, the study of dynamic aspects of disease processes and study of drugs prescribed to prevent, diagnose, cure, or care for disease across the lifespan. Content includes etiology, pathogenesis, clinical presentation, implications for treatment, and pharmacological management. Prerequisite: BIO 2430 or equivalent; or PT 3400.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3497. Clinical Experience in Athletic Training III.
This course integrates topics in advanced athletic injury evaluation and management into a clinical education experience designed to assess professional behaviors, cognitive knowledge, psychomotor skills, and proficiency-based case simulations. The course incorporates didactic and clinical education at an assigned clinical site under the supervision of a clinical instructor. Restricted to Athletic Training Majors. Prerequisite: AT 2497 with a grade of "C" or better.
4 Credit Hours. 2 Lecture Contact Hours. 20 Lab Contact Hours.
Grade Mode: Standard Letter

AT 3498. Clinical Experience in Athletic Training IV.
This course integrates topics in advanced athletic injury evaluation and management into a clinical education experience designed to assess professional behaviors, cognitive knowledge, psychomotor skills, and proficiency-based case simulations. The course incorporates didactic and clinical education at an assigned clinical site under the supervision of a clinical instructor. Restricted to students in the Athletic Training Major. Prerequisite: AT 2498 with a grade of "C" or better. (WI).
4 Credit Hours. 2 Lecture Contact Hours. 20 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AT 4113. Clinical Therapeutic Interventions Lab.
This course provides students with experiences in laboratory and field applications of therapeutic interventions in physical medicine, both modalities and exercise, for patients with musculoskeletal and neurological injuries. Corequisite: AT 4313. Prerequisites: AT 3112 or AT 3312, with a grade of "D" or better, and a 2.75 Texas State GPA.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

AT 4313. Clinical Therapeutic Interventions.
This course provides a theoretical and clinical background in the use of therapeutic interventions in physical medicine, both modalities and exercise, for patients with musculoskeletal and neurological injuries. Corequisite: AT 4113 Prerequisites: AT 3112 or AT 3312 with a grade of "D" or better, and a 2.75 Texas State GPA.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

AT 4356. Organization and Management of Athletic Training Programs.
This course addresses the organizational and administrative aspects of athletic training program management. Topics will include, but are not limited to, medical, ethical, legal, personnel and financial management, medical record keeping, facilities, supply requisition and inventory, third-party reimbursement, drug testing and other current professional issues. Prerequisites: AT 3326 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

AT 4360. Internship in Clinical Settings.
Students will be introduced to the clinical aspects of allied health professions by being assigned to a minimum of two clinical sites. Prerequisite: Instructor consent. Prerequisite: Must be admitted to the Athletic Training major or to the Pre-Physical Therapy Emphasis. Prerequisites: A minimum TXST GPA of 2.75, and AT 3326 and AT 3126; AT 3328 and AT 3128; and AT 3336 and AT 3136 all with a grade of "D" or better.
3 Credit Hours. 0 Lecture Contact Hours. 20 Lab Contact Hours.
Grade Mode: Standard Letter

AT 4497. Clinical Experience in Athletic Training V.
This course integrates topics in therapeutic interventions and exercise into a clinical education experience that assesses professional behaviors, cognitive knowledge, psychomotor skills, and proficiency-based case simulations. The course incorporates didactic and clinical education at an assigned clinical site under the supervision of a clinical instructor. Prerequisite: AT 3497 with a grade of "C" or better.
4 Credit Hours. 2 Lecture Contact Hours. 20 Lab Contact Hours.
Grade Mode: Standard Letter

AT 4498. Clinical Experience in Athletic Training VI.
This course integrates topics in nutrition, professionalism, and administration into a clinical education experience that assesses professional behaviors, cognitive knowledge, psychomotor skills, and proficiency-based case simulations. The course incorporates didactic and clinical education at an assigned clinical site under the supervision of a clinical instructor. Prerequisite: AT 3498 with a grade of "C" or better.
4 Credit Hours. 2 Lecture Contact Hours. 20 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Exercise and Sports Science (ESS)

ESS 1100. Lifetime Fitness and Wellness.
This course introduces students to the concepts of health-related physical fitness. Emphasis is placed on learning how to teach these concepts. Students will design and implement an exercise program for enhancing health-related physical fitness. Restricted to majors or minors in Exercise and Sports Science, Athletic Training, or Health and Fitness Management.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1101. Seminar in Exercise and Sport Science.
This course provides students with an introduction to the various areas of exercise science, including interventions for healthy versus clinical populations, professional opportunities, individual awareness of professional responsibilities, familiarization with current trends and issues, and professional literature.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1128. Aquatic Therapy.
The course addresses basic principles and concepts of aquatic therapy and aquatic emergency management. This course prepares students for the American Red Cross Basic Water Rescue Certification.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1172. Beginning Field Sports.
This course prepares students to become proficient instructors of field sports, including softball and soccer. Emphasis is on skill development, instructional practices, peer coaching, rules, terminology, offensive and defensive strategies, team organization, game play, referee skills, skills assessment, and conditioning for field sports. Restricted to majors or minors in Exercise and Sports Science, Coaching, or Health and Fitness Management.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1175. Beginning Jogging and Conditioning.
This course presents the proper biomechanics of jogging, safety rules, and conditioning principles relevant to the activity. Course topics include warming-up and cooling-down, hydration, monitoring and modifying intensity, training for road races, and jogging-related injuries. Students will also learn how to train individuals entering into a jogging program. Restricted to majors or minors in Exercise and Sports Science or Health and Fitness Management.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1176. Beginning Tennis, Badminton, and Other Racket Sports.
This course prepares Exercise and Sports Science majors to be proficient instructors of racket sports, including tennis and badminton, The emphasis is on the fundamentals of racket sports and program development for the beginner. Restricted to majors or minors in Exercise and Sports Science, Health and Fitness Management, or Coaching.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1177. Beginning Track and Field.
This course prepares students to become proficient instructors of track and field. Emphasis is on skill development and instructional practices, rules, terminology, team organization, communication, athlete selection, and event-specific conditioning for track and field. Prerequisite: Major or minor in Exercise and Sports Science or minor in Coaching.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1178. Beginning Volleyball and Basketball.
This course prepares students to become proficient instructors of volleyball and basketball. Emphasis is on skill development, instructional practices, peer coaching, rules, terminology, offensive and defensive strategies, team organization, communication, game play, referee skills, skills assessment, and conditioning for volleyball and basketball. Restricted to majors or minors in Exercise and Sports Science, Health and Fitness Management, or Coaching.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1179. Beginning Weight Training.
This course prepares students to be proficient instructors of all forms of resistance training. Emphasis is on understanding the proper, safe, and effective techniques of weight lifting. Students will learn how to develop resistance-training programs for untrained individuals with a variety of conditions. Restricted to majors or minors in Exercise and Sports Science, Athletic Training, or Health and Fitness Management.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1192. Beginning Balance and Tumbling.
This course prepares students as proficient instructors of the basic fundamentals of balance and tumbling. Emphasis is on the teaching of progressions, skills, and routines. Students will learn and practice safe teaching techniques for spotting in selected balance and tumbling skills. Prerequisite: Major seeking All-Level Teacher Certification in Physical Education.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 1201. Group Exercise Instructor Training.
This course is for students interested in becoming certified group exercise instructors. Students will learn how to safely and effectively conduct group exercise classes. Students will be trained to teach a variety of formats, such as high- and low-impact aerobics, step aerobics, kickboxing, yoga, and resistance training. Prerequisite: Major in Health and Fitness Management or consent of the instructor.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Grade Mode: Standard Letter

ESS 1310. Introduction to Teaching Physical Education.
This course is designed to provide pre-service physical educators an introduction to fundamental principles of teaching physical education in K-12 settings. Progressive steps in developing a basic understanding of pedagogical skills, physical education curriculum, and professional attributes needed to pursue the teaching profession.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 2320. Motor Development.
This course provides the exercise science and physical education student with a knowledge base in the study of changes in motor behavior across the lifespan, the processes that underlie these changes, and factors that affect them. Prerequisite: Major or minor in Exercise and Sports Science.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3117. Laboratory in Exercise Physiology.
In this laboratory course, students perform experiments that highlight the physiological responses to exercise. This course also introduces students to basic techniques in the assessment of health and human performance, including the assessment of maximal oxygen consumption, body composition, anaerobic power and capacity, muscular fitness, movement economy, and dietary intake. Prerequisites: BIO 2430, or BIO 2451 and BIO 2452, all with a grade of "C" or better. Co-requisite: ESS 3317 with a grade of "D" or better. An overall GPA of 2.5 or higher is required.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3303. Assistant Dive Instructor.
This course provides students with the technical knowledge necessary to prepare for the Assistant Diver Instructor Scuba Certification. Topics include advanced diving physiology, air station operations, assisting instructors with beginning open-water dive students, and boat diving operations. Prerequisite: PFW 1201 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3304. Divemaster.
This course provides students with the technical knowledge necessary to prepare for the National Association of Underwater Instructors Divemaster Scuba Certification. Topics include advanced diving physiology, organizing open-water dives, air station operations, assisting instructors with beginning and advanced open-water dive students, and boat diving operations. Prerequisite: Assistant Instructor Certification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3317. Exercise Physiology.
Students learn the acute and chronic physiological responses to exercise. Emphasis is on muscle bioenergetics, muscle contractile properties, performance improvement through training and supplementation, as well as cardiopulmonary and endocrine responses to exercise. Prerequisites: BIO 2430, or BIO 2451 and BIO 2452, with grades of "C" or better. An overall GPA of 2.5 or higher is required. Co-requisite: ESS 3117 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

ESS 3319. Introduction to Cardiopulmonary Exercise Physiology.
This course introduces students to the cardiovascular and pulmonary systems, discusses the physiological dynamics, control mechanisms, and system interrelationships of the cardiovascular and pulmonary systems, and explores the effects of exercise on these systems, including the physiological factors that limit exercise tolerance across the spectrum of health and chronic disease. Prerequisite: BIO 2430, or BIO 2451 and BIO 2452; with grades of "C" or higher, ESS 1101, and Overall GPA of 2.5 or higher is required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3320. Biomechanics.
This course provides an introduction to the mechanical foundations of anatomical function and human movement. Qualitative and quantitative biomechanical analyses of human movement are introduced to inform the prescription of technique, equipment, and training interventions. Prerequisites: BIO 2430, or BIO 2451 and BIO 2452, all with a grade of "C" or better. An overall GPA of 2.5 or higher is required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3321. Teaching Elementary Children Physical Activity.
This course introduces students majoring in Elementary Education and/or Exercise and Sports Science to physical education knowledge and movement concepts. It provides innovative techniques for incorporating physical activity within the elementary school setting. The course presents theory and then guides the students in applying those theories in a practical way.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3323. Psychosocial Aspects of Exercise and Sport Science.
This course examines the psychological and social theories and and research related to physical activity. Emphasis is on the determinants that influence exercise behavior and sport participation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3325. Applied Assessment of Physical Activity.
This course is designed to provide students with a theory to practice approach in the assessment of physical activity within the physical education setting. Particular emphasis is placed on empowering students to use relevant and meaningful physical activity assessments in K-12 schools. Prerequisites: ESS 1310 and ESS 2320. Restricted to majors seeking all level Teacher Certification in Physical Education.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3329. Motor Learning.
This course provides students with an understanding of the physiological, neurological, and psychological factors affecting performance and acquisition of motor skills. Students will examine the structural components underlying the learning of motor skills an draw upon examples from sport, physical activities, and rehabilitation. Prerequisite: Overall GPA of 2.5 or higher.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 3340. Theory and Principles of Coaching.
This course examines the theories and principles of effective coaching, including philosophy, ethics, strategies, team motivation and organization, coah-athlete relationships, performance analysis, and the administration of facilities, personnel, and contests.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4317. Fitness Assessment and Programming for Healthy Populations.
Students are presented with current information on fitness assessment and exercise programming for healthy individuals of all ages and fitness levels. Emphasis is placed on preparation for multiple certifications offered by relevant professional organizations. Prerequisites: ESS 3117 and ESS 3317; all with grades of "C" or better; an Overall GPA of 2.5 or higher is required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4318. Fitness Assessment and Programming Practicum for Healthy Populations.
During this 80-hour practicum, students will acquire advanced knowledge and skills associated with appraising health risk, assessing fitness levels, and designing exercise programs for diverse populations through on-line, classroom, and laboratory settings as well as through field-based experiences by working in a variety of venues. Prerequisite: ESS 3117 and ESS 3317, all with grades of “C” or better and Overall GPA of 2.5 or higher is required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4319. Fitness Assessment and Programming in Clinical Exercise Science.
This course provides students with an opportunity to develop knowledge, skills, and competence required to assess and prescribe exercise for clinical populations and to gain knowledge related to managed care and rehabilitation with clinical patients. Prerequisites: ESS 3117 and ESS 3317 both with grades of “C” or better and Overall GPA of 2.5 or higher is required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4320. Resistance Training and Conditioning.
This course discusses the development and evaluation of training principles and programs for diverse populations. Emphasis is placed on physiological adaptations and mechanical principles related to the application of resistance training. Prerequisites: BIO 2430, or BIO 2451 and BIO 2452; ESS 3317 and ESS 3117, all with a grade of "C" or better. An overall GPA of 2.5 or higher is required.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

ESS 4321. Fitness Assessment and Programming Practicum in Clinical Exercise Science.
This course presents current exercise and sports science information on testing and programming for clinical populations. This course provides fundamental knowledge, competence, and skills necessary to conduct safe and valid assessments, interventions, and rehabilitation programs for patients with health problems. Students will spend 80 hours at a practicum site. Prerequisite: ESS 1101, ESS 3117, ESS 3317, and ESS 3319, all with grades of "C" or higher and Overall GPA of 2.5 or higher is required.
3 Credit Hours. 1 Lecture Contact Hour. 5 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4323. Adapted Physical Education.
This introductory course provides All-Level teacher certification candidates in Exercise and Sports Science with content knowledge on legal mandates, evidence-based practices, and the characteristics of selected disabilities and their considerations when designing meaningful individualized physical activity experiences to meet the students with disabilities in school settings. Prerequisites: ESS 1310, ESS 2320 and 2.75 overall GPA. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ESS 4324. Adapted Physical Activity.
This course introduces students to the field of adapted physical activity, including sport and leisure for persons with disabilities. This course provides content knowledge on how to instruct physical activities to individuals with unique needs in various settings. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ESS 4333. Fitness Assessment and Programming for Populations Requiring Special Considerations.
This course provides practical information on fitness assessment and programming for persons requiring special considerations due to their age, pregnancy, obesity, diabetes, low back pain or other health conditions. Prerequisite: ESS 1101, ESS 3117 and ESS 3317, all with grades of "C" or higher and Overall GPA of 2.5 or higher is required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4337. Independent Study in Exercise and Sports Science.
This course is for students who are interested in research related to Exercise and Sports Science. Students develop a research study, collect data, and analyze the results. Repeatable for credit with different emphasis. Prerequisites: A minimum GPA of 3.00 and special approval.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

ESS 4340. Internship in Coaching.
This 220-hour internship provides students with work-related experience. Students will strengthen their coaching-related knowledge, skills, and abilities by observing and shadowing coaches as well as assisting with a range of tasks, including training athletes, managing the facilities, and organizing practices, Prerequisites: completion of all coursework required for the minor in Coaching and special approval.
3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.
Grade Mode: Credit/No Credit

ESS 4351. Measurement & Evaluation in Exercise and Sports Science.
This course introduces students to the fundamental principles and techniques of measuring human performance related to Exercise and Sports Science, as well as evaluating and interpreting the results of exercise science and human performance tests in children and adults. Prerequisite: Overall GPA 2.5 or higher.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4624. Principles and Practices for Teaching Physical Education.
This course provides students with an in-depth study of theory and curriculum encompassing the design and imlementation of developmentally appropriate and culturally responsive physical education programs for children and adolescents. Emphasis is on implementing evidenced-based curricula that promote youths' enjoyment of and participation in lifelong physical activity. Prerequisites: ESS 1310 and ESS 2320 and ESS 3325, all with a grade of "D" or better, and 2.75 overall GPA.
6 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ESS 4660. Exercise and Sports Science Internship.
In this 400-hour internship, students will apply theoretical health and fitness management principles and concepts to an organizational setting. This course requires students to participate in a health and fitness organization/agency and complete a semester-long planning and evaluation project. Prerequisites: Completion of all other coursework required for the degree, department approval, and an overall GPA of 2.5 or higher. (WI).
6 Credit Hours. 0 Lecture Contact Hours. 25 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ESS 4661. Internship in Clinical Exercise Science.
This course places the student in a professional work environment to apply the concepts of exercise rehabilitation in a cardiac care, respiratory therapy, or other healthcare setting, under the supervision of professionals in the field. Students are required to spend 400 hours in this internship position. Prerequisite: ESS 4319 and ESS 4321, all with a grade of "C" or better; department approval; and an Overall GPA of 2.5 or higher.
6 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Health Education (H ED)

H ED 1310. Foundations of Personal Health.
Course provides an introduction to personal health, acquainting students with the understanding that the decisions they make affect health of self, families, friends, and communities. An emphasis will be placed on health trends and health behaviors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: PHED 1304

H ED 1320. Introduction to Health and Wellness Promotion.
This course addresses concepts essential to understanding the discipline of Health and Wellness Promotion, including competencies and career opportunities for health education specialists in school and community settings.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 2338. Contemporary Issues in Drug Prevention.
This course explores the impact of drug use and abuse on society and provides students with a critical perspective of drug-related problems. Course content includes statistics and up-to-date information on current topics in drug issues and drug prevention interventions.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: PHED 1346

H ED 2340. Community Health.
This course acquaints students with issues, trends, and developments, and principles in community health. The course also provides an overview of selected topics, such as epidemiology, community organization, and program planning. Prerequisite or co-requisite: H ED 1320 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 3301. Environmental Health Issues.
An examination of the ecological impact resulting from contemporary sociopolitical action and its resulting influence on human health.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 3315. Statistical Analysis and Interpretation in Health and Wellness Promotion.
This course emphasizes analysis and interpretation of health-related data. Descriptive and inferential statistics (including measures of central tendency and variability, estimation, ANOVA, and regression) will be used to understand factors associated with current health-related issues. Prerequisites: H ED 1320 and H ED 2340, and MATH 1315 or MATH 2417 or MATH 2471, all with a grade of "C" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

H ED 3321. Health in the School Setting.
Course offers a foundation in health methods and activities to provide resources for the elementary school teacher. Provides an overview of current school health issues: Coordinated School Health Programs, mental health, personal health, family life, substance abuse, and violence in the school setting.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 3330. Inclusion & Diversity in Women's Health.
This course is designed to explore the health care concerns unique to women and to provide students with opportunities to create strategies to improve women's health. Particular attention will be given to issues that affect women in under-served populations and how to more effectively serve their needs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 3342. Adolescent and School Health Programs.
Course will provide an understanding of function and scope of the Coordinated School Health Program (CSHP) model. Students investigate how schools function in solving youths' health problems, and focus on how child and adolescent stakeholders and communities are involved in CSHP. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

H ED 3348. Prevention of Disease.
Course provides an overview of the etiology of communicable and chronic diseases. Special emphasis will be on health promotion activities to reduce the incidence of disease in communities and society.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 3350. Consumer Health.
Course focuses on consumer health and making wise decisions regarding selection of health products and services. Students will learn how to effectively evaluate health information. Special emphasis is placed on becoming a health-literate consumer, understanding legislation, and investigating products and services.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 3360. Sexuality Education.
Course provides a study of sexuality education as a lifelong process of acquiring information and forming healthy attitudes, beliefs, and values regarding sexuality. Students will access information and educational resources for implementing and advocating for sexuality instruction through health courses, sexuality education courses, and programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 3376. Worksite Health Promotion.
The purpose of this course is to introduce students to worksite health promotion. The focus of the course will be on planning, implementing, and evaluating worksite health promotion programs. The course will also address other contemporary health issues, policies, and considerations that affect worksite health promotion.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 4100. Professional Development in Health and Wellness Promotion.
This one-hour seminar course provides the opportunity for students to obtain a community or clinically-based health promotion internship and to actively participate in health promotion-related professional development activities including conferences, development of resumes and interaction with health professionals. Course to be taken the semester immediately preceding H ED 4660 Internship. Prerequisites: H ED 4640 with a grade of "C" or better and a 2.5 Overall GPA or higher.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 4336. Theoretical Foundations of Health and Wellness Promotion.
Course offers an introduction to research and theories in health and wellness promotion. Special emphasis will be on community health interventions. Students will study theory and practice to understand successful and effective health education interventions. Prerequisites: H ED 1320 and H ED 2340, all with a grade of "C" or better, and an Overall GPA of 2.5 or higher.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

H ED 4347. Independent Study in Health and Wellness Promotion.
Designed for undergraduate students who display potential for independent research in health and wellness promotion. Students work individually with faculty to develop an independent research study/project in Health and Wellness Promotion. Open on an individual basis by arrangement with the division chair. May be repeated for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

H ED 4640. Community Health Program Planning and Evaluation.
Course addresses application of professional competencies in health education and promotion programs. Topics include needs assessment, data gathering techniques, instrument design, data and statistics, interpreting, reporting, and application of findings for program development. Cultural competency and communication will also be covered. Prerequisites: H ED 1320, H ED 2340, and H ED 4336 with grades of "C" or better, and an Overall GPA of 2.5 or higher. Senior classification required. (WI).
6 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

H ED 4660. Internship in Health and Wellness Promotion.
This course involves the application of health education concepts to a community health setting. Students participate in the work of a health organization/agency and complete a semester-long project (480 hours). Prerequisites: Completion of all other courses required for the degree, H ED 4100 and H ED 4640 with grades of "C" or better, an overall GPA of 2.5. In addition, ESS-HCP Concentration: Grades of "C" or better in ESS 4317 and ESS 4319. Departmental Approval required to enroll. (WI).
6 Credit Hours. 0 Lecture Contact Hours. 18 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Courses in Physical Fitness/Wellness (PFW)

PFW 1101. Lifetime Fitness & Wellness.
To develop knowledge, skills, and physical activity behaviors associated with personal fitness and wellness.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: PHED 1164

PFW 1110A. Beginning Aerobics.
Beginning Aerobics.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: PHED 1164

PFW 1110B. Group Fitness.
This course will include various types of aerobic/cardio exercise formats.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

PFW 1114A. Principles and Practice of Cross-Training.
This course is designed for students prepared to undertake advanced physical training to achieve advanced fitness goals. Students perform cross-training, survey the exercise science foundations of cross-training, test and design a personalized evidence-based programs.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

PFW 1114B. Military Physical Fitness Training.
This course is designed to expose students to a military-style physical fitness program of running, calisthenics and cross training. It is designed to test and improve students' physical fitness levels and prepare them to take and pass the official Air Force Physical Fitness Assessment.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

PFW 1114C. Ranger Challenge Military Fitness Training.
This course is designed to expose students to vigorous and challenging military style conditioning for special events of elite military units like the Army Rangers. The course will prepare students to compete for the opportunity to represent Texas State Army ROTC program during the annual national Ranger Challenge competition.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

PFW 1114D. YMCA Lifeguard Training.
This course provides the knowledge and skill necessary to be lifeguard. Successful students will be certified in ASHI for lifesaving, CPR Pro, and basic first aid. Students must pass a physical skills test prior to the class and must be at least 16 years of age.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Credit/No Credit

PFW 1301. Social and Behavioral Dimensions of Physical Fitness and Wellness.
Students will explore the role of physical activity in a healthy and productive society. The course focuses on social and cultural influences on motivation, values and beliefs related to physical activity, as well as the impact of physical activity on individual, community, and population.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080
Grade Mode: Standard Letter

All PFW courses meet two clock hours per week for one semester hour credit unless otherwise designated.

Courses in Recreational Administration (REC)

REC 1310. Introduction to Recreation and Leisure Services.
Introduction to recreation, includes brief historical backgrounds, professional opportunities, present status, past and present leaders. Role of leisure time in our social structure, professional responsibility, familiarization with current issues and trends, and professional literature. Lecture and field trips. A grade of "C" or better in this course is required to enroll in any upper division Recreational Administration courses.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 1330. Leisure and Outdoor Recreation.
This course provides students with an overview of the role the natural world plays in recreation and leisure services. The course will focus on values of outdoor recreation, adventure recreation, environmental impact, and the role of government in the provision and protection of outdoor recreation programs and resources.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 1370. Introduction to Therapeutic Recreation.
This course surveys history, philosophy, terminology and professional opportunities in therapeutic recreation. The role of leisure and therapeutic recreation in enhancing quality of life is explored.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 2330. Leadership in Recreation and Leisure Services.
Discussion of leadership theories and skill development for indoor-outdoor games and sports. Teaching activities to develop skill in programming various indoor/outdoor recreational settings.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

REC 2335. Recreation Program Development.
This course introduces students to basic principles and procedures for developing recreation programs that respond to human needs. This course provides students with opportunities to acquire and utilize recreation programming skills through practical application. Prerequisites: REC 1310 with a grade of "C" or better, and REC 2330.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: PHED 1336

REC 2336. Directed Field Experience in Programming Recreation.
Students participate in programming and leadership with a selected recreation agency. Online learning modules and communications guide the work and professional reflections. Prerequisite: REC 2335 with a grade of "C" or better, Texas State GPA of 2.0 or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 2370. Practices and Interventions in Therapeutic Recreation.
Students engage in classroom content and service learning to develop knowledge and skills in facilitation techniques used in a variety of therapeutic recreation settings. Prerequisites: REC 1310 and REC 1370 with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

REC 3325. Recreation Administration.
This course covers administrative practices relevant to entry-level professionals in the recreation industry. Topics include foundations of management, decision-making, planning, coordination of resources, and ethics in the public recreation sector. Prerequisite: REC 2335 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 3335. Advanced Recreation Program Development.
Students will develop advanced program planning skills through the integration of theories and models of program development, consideration of diverse target markets, performing needs assessments, and planning for risk management issues. Students will apply these planning skills through an applied project. Prerequisite: REC 2335 with a grade of "C" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

REC 3340. Design and Maintenance of Recreational Facilities.
Introduce theories and provide practical experience in the design, development, operation, maintenance, administration of various recreational facilities. Prerequisite: REC 2335 with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

REC 3351. Evaluation of Leisure Service Programming.
Methods, techniques and application of the evaluation process related to a wide variety of leisure service functions: clientele and prospective participants, programs, personnel, facilities, organizations and literature. Prerequisite: REC 2335 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

REC 3370. Assessment and Documentation in Therapeutic Recreation.
This course introduces students to selecting, utilizing, and interpreting assessment instruments, and to the processes used to document assessment results and client progress used in therapeutic recreation practice. Prerequisites: REC 1370 with a grade of "C" or better, and HIM 2360 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4320. Therapeutic Recreation and People with Psychiatric Conditions.
Students will gain a theoretical and practical foundation for applying the therapeutic recreation process with persons with psychiatric conditions. Focus will be on the development of skills necessary to implement evidence-based interventions aimed at behavior change. A grade of "C" or better in this course is required for enrollment into REC 4680. Prerequisites: REC 1370 and REC 2370 and REC 3370 and PSY 3300 and PSY 3315, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4330. Entrepreneurial Recreation Management.
This course provides a study of the scope and the entrepreneurial management of leisure services. The focus will be on financial management related to profit centers including planning, legal liability, record keeping, and revenue management. Prerequisite: REC 2335 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4335. Outdoor Recreation Programming.
Students apply principles and procedures for developing and leading recreation programs in a variety of specialized, outdoor environments. Students will demonstrate competencies for Leave No Trace certification. Course is taught in cooperation with the Texas State University–Outdoor Center. Prerequisites: REC 1330 and REC 2335, all with a grade of "D" or better; or Consent of Instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4337. Independent Study in Recreational Administration.
Individual study related to recreational administration under direct supervision of a faculty member. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

REC 4350. Theories and Methods of Supervision in Recreation and Leisure Services.
This course presents theories and methods relating to recruitment, selecting, hiring, training, disciplining, and discharging employees. This course also addresses legal issues related to personnel supervision. Prerequisite: REC 2335 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4370. Principles of Therapeutic Recreation.
This course will cover the principles of therapeutic recreation services including comprehensive program planning, administrative processes, and issues related to professionalism. Prerequisites: REC 1370 and REC 2370 and REC 3370, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4380. Seminar in Recreation.
This capstone seminar addresses trends in leisure services. Emphasis is on the interactional effects of diverse services, consumers, and environments. Taken in the fall or spring semester immediately preceding enrollment in REC 4680. Departmental approval required. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

REC 4680. Internship in Recreation Administration.
This internship involves full time work (minimum 400 hours) during which a student will complete administrative tasks in an approved parks and recreation agency. The work is co-supervised by faculty and an agency representative trained in the recreation field. A grade of "C" or better is required for graduation.Prerequisites: Completion of all other required REC coursework, REC 1310 and REC 2335 and REC 2336 and REC 3325 and REC 4380, all with a grade of "C" or better; Major GPA of 2.25 or higher.
6 Credit Hours. 0 Lecture Contact Hours. 30 Lab Contact Hours.
Grade Mode: Standard Letter

REC 4681. Internship in Therapeutic Recreation.
This internship involves experiential learning over a long semester during which a student will work fulltime (a minimum of 560 hours) in a therapeutic recreation setting under direct professional supervision by a CTRS and faculty member with CTRS credentials. The student participates at the administrative level in the ongoing work of a selected parks and recreation agency. A grade of C or better is required for graduation. Prerequisites: Instructor approval required and completion of REC 1310, REC 1370, REC 2335, REC 2336, REC 2370, REC 3325, REC 3370, REC 4320, REC 4370, and REC 4380, all with grades of "C" or better.
6 Credit Hours. 0 Lecture Contact Hours. 35 Lab Contact Hours.
Grade Mode: Standard Letter

Bachelor of Exercise and Sports Science (B.E.S.S.) Major in Exercise and Sports Science (Clinical Exercise Science Concentration)

Minimum required: 120 semester credit hours

General Requirements

1. The Bachelor of Exercise and Sports Science (B.E.S.S.) degree with a major in Exercise and Sports Science program is designed to prepare graduates for study towards a master's degree in Exercise Physiology, Biomechanics, or a similar field of study. Completion of this degree does not guarantee admission to a graduate program.
2. This degree program can lead to careers in cardiopulmonary, clinical exercise, and diagnostic testing and programming for cardiac rehabilitation and other special populations. Additional requirements may be necessary to enter these fields.
3. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
4. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

[1] While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:
- MATH 1319 or MATH 2417 or MATH 2471 can satisfy the MATH 1315 requirement.
- BIO 2451 and BIO 2452 can be used together to satisfy the BIO 2430 requirement.
- NUTR 2360 can satisfy the NUTR 3362 requirement.

[2] Students must complete H ED 4660 or ESS 4660. A 2.5 Overall GPA is required to enroll in this internship. All other coursework must be completed prior to the internship.

[3] Life and Physical Sciences courses must be chosen from: BIO 1330, BIO 1130, CHEM 1341, CHEM 1141, CHEM 1342, CHEM 1142, PHYS 1315, PHYS 1115, PHYS 1325, and PHYS 1125. Students must take 12 hours (i.e. three courses and three corresponding labs).

[4] ESS/PFW Major Activity courses must be chosen from: ESS 1172, ESS 1175, ESS 1176, ESS 1178, PFW 1110A, PFW 1110B, PFW 1110E, PFW 1110F, PFW 1110G,PFW 1130B, PFW 1135B, PFW 1155A, PFW 1155G, PFW 1155H, PFW 1155I, PFW 1160B, PFW 1160C, PFW 1190B, and PFW 1190C.

[5] Clinical Elective courses must be chosen from: ESS 4333, ESS 4324, H ED 3348, HIM 2360, and NUTR 3364, PSY 3336

Bachelor of Exercise and Sports Science (B.E.S.S) Major in Exercise and Sports Science (Pre-Rehabilitation Sciences Concentration)

Minimum required: 120 semester credit hours

General Requirements

1. The Bachelor of Exercise and Sports Science (B.E.S.S.) degree with a major in Exercise and Sports Science is a 120 credit-hour degree program and blends rigorous basic sciences, athletic training, and exercise science courses relevant to physical rehabilitation. The main focus of this pre-professional program is to combine the prerequisite coursework required for entrance to a graduate-level allied health program with quality support courses from the Athletic Training and Exercise and Sports Science programs. This degree program will prepare students for several other graduate programs such as: Physical Therapy, Athletic Training, Occupational Therapy, Chiropractic, Physician Assistant, Orthotic/Prosthetic, and Exercise Physiology.
2. Graduate-level programs may require additional or modified prerequisite coursework for admission not included in this program. Students are ultimately responsible for knowing and completing prerequisite requirements for professional graduate programs of interest. Completion of this program does not guarantee admission to a graduate program.
3. Students are advised to follow the approved 4-year academic plan provided by the College of Education Advising Center. Students must enroll in AT 3311/AT 3111 prior to enrolling in AT 3312/AT 3112, as AT 3311/AT 3111 are prerequisites. Students are eligible to enroll in AT 4313/AT 4113 after AT 3311/AT 3111 and AT 3312/AT 3112 have been completed.
4. A 2.75 Texas State GPA is required to graduate.
5. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course, but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
6. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
7. Students in the Pre-Rehabilitation Sciences program must establish and maintain at least a 2.75 Texas State GPA in order to enroll in the following courses:

Code	Title	Hours
AT 3311	Clinical Assessment I	3
AT 3111	Clinical Assessment I Laboratory	1
AT 3312	Clinical Assessment II	3
AT 3112	Clinical Assessment II Laboratory	1
AT 4313	Clinical Therapeutic Interventions	3

AT 4113	Clinical Therapeutic Interventions Lab	1
AT 4360	Internship in Clinical Settings [2]	3

Total Hours: 120

1 Prescribed Elective courses must be chosen from: ANTH 3311, AT 4360, BIO 1331, BIO 1131,CHEM 2341, CHEM 2141, CHEM 2342, CHEM 2142, ESS 3323, H ED 3348, REC 1310 or REC 1370, SOCI 1310, SOCI 3363.

2 AT 4360 is a highly recommended elective and has the following pre-requisites for enrollment: minimum 2.75 Texas State GPA; AT 3311, AT 3111, AT 3312, AT 3112, AT 4313, and AT 4113. Therefore, students should plan to take AT 4360 in their last semester of coursework.

3 While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:

- BIO 2451 and BIO 2452 can be used together to satisfy the BIO 2430 requirement.
- NUTR 2360 can satisfy the NUTR 3362 or NUTR 3364 requirement.
- HP 3325 can satisfy the HP 3302 requirement.
- Any course approved for 020 General Education Core Curriculum except for MATH 1316, can satisfy the MATH 1315 requirement.

Bachelor of Exercise and Sports Science (B.E.S.S.) Major in Exercise and Sports Science (Teacher Certification in Physical Education, Early Childhood Through Grade 12)

Minimum required: 125 semester credit hours

Admission Requirement

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

General Requirements

1. A minor or second teaching field is required and must not be a minor in Exercise and Sports Science or a minor in Coaching Athletics. Courses toward a second teaching field are recommended to improve job opportunities. The degree plan below is based on an 18-hour minor or second teaching field. Certain minors and second teaching fields may increase the total number of credit hours required for degree completion. Consult an academic advisor for a list of available second teaching fields and recommended minors.
2. A 2.5 Major GPA and an Overall GPA of 2.75 is required to graduate. If declared, a 2.5 GPA is required within the second teaching field and a 2.0 is required within the minor to graduate.
3. All Major as well as Pedagogy and Professional Responsibility courses must be completed with a grade of "C" or better.
4. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course, but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
5. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.
6. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

- BIO 2451 and BIO 2452 can be used together to satisfy the BIO 2430 requirement.

[2] ESS/PFW Activity. Students are required to take three ESS/PFW Major Activity courses in the following specific areas: Team Sports, Individual Sports, and Conditioning.
- Team Sports course must be chosen from: ESS 1172, ESS 1177, and ESS 1178.
- Individual Sports course must be chosen from: ESS 1128, ESS 1176, and ESS 1192.
- Conditioning course must be chosen from: ESS 1175, PFW 1110A, PFW 1110B, PFW 1110F, PFW 1135B, and PFW 1190B.

[3] ESS Advanced Elective course must be chosen from: ESS 3321, ESS 3323, ESS 3340, and ESS 4337.

Bachelor of Exercise and Sports Science (B.E.S.S.) Major in Health and Fitness Management

Minimum required: 120 semester credit hours

General Requirements

1. Students must complete a minor in Business Administration, which includes:

Code	Title	Hours
ECO 2301	Principles of Economics	3
ACC 2301	Accounting in Organizations and Society	3
Select 12 elective hours from the following:		12
BLAW 2361	Legal Environment of Business	
CIS 3317	E-Business	
FIN 3325	Personal Financial Management	
MGT 3303	Management of Organizations	
MKT 3343	Principles of Marketing	
Total Hours		18

An Overall GPA of 2.0 or higher is required to enroll in advanced Business courses. A 2.0 GPA in the minor is required to graduate.

2. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
3. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

Total Hours: 120

[1] While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:
- MATH 1315 or MATH 2417 or MATH 2471 can satisfy the MATH 1319 requirement.
- BIO 2451 and BIO 2452 can be used together to satisfy the BIO 2430 requirement.
- ACC 2361 and ACC 2362 can be used together to satisfy the ACC 2301 requirement.
- ECO 2314 and ECO 2315 can be used together to satisfy the ECO 2301 requirement.

[2] Students must complete ESS 4660. A 2.5 Overall GPA is required to enroll in the internship. All other coursework must be completed prior to the internship.

[3] Life and Physical Sciences courses must be chosen from: BIO 1330, BIO 1130, CHEM 1341, CHEM 1141, CHEM 1342, CHEM 1142, PHYS 1315, PHYS 1115, PHYS 1325, and PHYS 1125.

[4] Major Elective courses must be chosen from: ESS 3319, ESS 3323, ESS 3340, ESS 4324, and REC 4330 or PSY 3336.

[5] Support Elective course must be chosen from: NUTR 3362, NUTR 3364, PSY 3336, PSY 3350, and PSY 3361.

[6] ESS/PFW Major Activity courses must be chosen from: ESS 1172, ESS 1175, ESS 1176, ESS 1178, PFW 1110A, PFW 1110B, PFW 1110E, PFW 1110F, PFW 1110G, PFW 1130B, PFW 1135B, PFW 1155A, PFW 1155G, PFW 1155H, PFW 1155I, PFW 1160B, PFW 1160C, PFW 1190B, and PFW 1190C.

Bachelor of Health and Wellness Promotion (B.H.W.P.) Major in Health and Wellness Promotion

Minimum required: 120 semester credit hours

General Requirements

1. The Bachelor of Health and Wellness Promotion (B.H.W.P.) degree with a major in Health and Wellness Promotion program prepares graduates to take the national examination to obtain the Certified Health Education Specialist (CHES) through the National Commission for Health Education Credentialing.
2. A minor is required and must not be a minor in Health and Wellness Promotion. A 2.0 GPA is required in the minor in order to graduate. The degree plan below is based on an 18-hour minor. Certain minors may increase the total number of credit hours required for degree completion. Consult an academic advisor for a list of recommended minors.
3. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
4. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

[1] While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:
- Any course approved for 020 General Education Core Curriculum, except for MATH 1316, can satisfy the MATH 1315 requirement.
- BIO 2451 and BIO 2452 can be used together to satisfy the BIO 2430 requirement.
- HP 3302 or HP 3325 can satisfy the H ED 3315 requirement.
- NUTR 2360 can satisfy the NUTR 3362 or NUTR 3364 requirement.

[2] Students must complete H ED 4660. A 2.5 Overall GPA is required to enroll in the internship. H ED 4100 Professional Development, should be taken the semester immediately preceding the internship. All other coursework must be completed prior to the internship.

[3] H ED Electives must be chosen from: H ED 1310, H ED 2338, H ED 3301, H ED 3348, H ED 3360, H ED 3376, and H ED 4347.

Bachelor of Health and Wellness Promotion (B.H.W.P.) Major in Health and Wellness Promotion (Teacher Certification in Health, Early Childhood Through Grade 12)

Minimum required: 121 semester credit hours

Admission Requirement

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

General Requirements

1. A minor or second teaching field is required and must not be a minor in Exercise and Sports Science or a minor in Coaching. Courses toward a second teaching field are recommended to improve job opportunities. The degree plan below is based on an 18-hour minor or second teaching field. Certain minors and second teaching fields may increase the total number of credit hours required for degree completion. Consult an academic advisor for a list of available second teaching fields and recommended minors.
2. A 2.5 Major GPA and an Overall GPA of 2.75 is required to graduate. If declared, a 2.5 GPA is required within the second teaching field and a 2.0 is required within the minor to graduate.
3. All Major as well as Pedagogy and Professional Responsibility courses must be completed with a grade of "C" or better.
4. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

Bachelor of Science (B.S.) Major in Athletic Training

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Science (B.S.) degree with a major in Athletic Training requires admission to the university and admission to the program. Information about the program admissions can be found at: http://www.hhp.txstate.edu/Undergraduate/Athletic-Training/Undergraduate-Professional-Program-in-Athletic-Training-Admission-Policy.html
2. The Athletic Training program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). Students desiring admission must first declare the Athletic Training major and complete the preliminary requirements for the Athletic Training major at Texas State University in order to become eligible to be admitted to the Athletic Training program cohort. Once per year, in June, following the completion of a year-long competitive admissions process, the top 20 ranked applicants are offered admission to the Athletic Training program cohort.
3. Students admitted to the Athletic Training program cohort must be committed to taking the Board of Certification's national examination, as well as the Texas Advisory Board of Athletic Trainers' state licensure examination during the last semester prior to graduation.
4. To be considered as a candidate for admission to the Athletic Training program cohort, students must complete AT 1298, AT 2156, AT 2260, AT 2356, and BIO 2430 with grades of B or better, and:
   - Participate in the competitive admission process that includes the five prerequisite courses mentioned above, a completed application (due annually on April 1), and an admissions interview in early May.
   - Establish and maintain a minimum Texas State GPA of 2.75.
   - Complete 50 hours of directed Athletic Training observation as part of AT 1298.
   - Hold current Emergency Cardiac Care (ECC) certification in CPR/AED at the Professional Rescuer level.

5. The six-component objective formula used to rank applicants for admission to the Athletic Training program cohort is available to view at http://www.hhp.txstate.edu/Undergraduate/Athletic-Training/Undergraduate-Professional-Program-in-Athletic-Training-Admission-Policy.html
6. The required Technical Standards for the Athletic Training program are available at the department website listed, in the AT 1298 Policy and Procedures Manual, and from the program director.

General Requirements

1. Students accepted into the Athletic Training program cohort must provide current immunization records to the Texas State Student Health Center.
2. Students must maintain at least a Texas State GPA of 2.75 at all times while pursuing the degree, and in order to graduate.
3. The Athletic Training clinical education requirement at Texas State involves the completion of six long-semester courses over a three-year period that can only be completed at Texas State University. Each of the six clinical education courses in our program involve 2 contact hours per week with a classroom instructor and approximately 20 contact hours of supervised clinical education experiences at various on-campus or off-campus clinical sites.
4. Students are advised to follow the approved 4-year academic plan provided by the College of Education Advising Center. Students are advised to complete AT 3326/AT 3126 prior to enrolling in AT 3328/AT 3128. Students should not complete both AT 3326/AT 3126 and AT 3328/AT 3128 in the same semester. Students should enroll in AT 3336/AT 3136 after AT 3326/AT 3126 and AT 3328/AT 3128 have been completed.
5. Students contemplating transfer should expect to spend four (4) years at Texas State in order to complete the Athletic Training program.
6. Upon completion of the Athletic Training program, the graduate will be qualified to take the Board of Certification's national examination and the Texas Advisory Board of Athletic Trainers' state licensure exam.
7. Athletic Training does not constitute a teaching field. If you are interested in an All-Level Physical Education Teacher Certification, contact the College of Education Undergraduate Advising Center.
8. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
9. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.
10. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

- BIO 1321 with a grade of "C" or better can satisfy the BIO 1421 requirement.

Bachelor of Science (B.S.) Major in Recreation Administration

Minimum required: 120 semester credit hours

General Requirements

1. Graduates are prepared to take the national examination to obtain the Certified Park and Recreation Professional certification endorsed by the National Recreation and Park Association.
2. Students must complete 20 elective hours, 12 of which must be advanced; elective hours may be satisfied through coursework earned toward a declared minor. Consult with an academic adviser for recommendations.
3. Students should be aware that some REC courses may only be offered once a year, during a Fall or Spring semester.
4. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
5. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. 3 Students must earn grades of "C" or better in REC 2335, REC 2336, REC 3325 and REC 4380 as partial fulfillment of gaining Departmental Approval to enroll in REC 4680.

Bachelor of Science (B.S.) Major in Recreation Administration (Therapeutic Recreation Concentration)

Minimum required: 120 semester credit hours

General Requirements

1. Graduates are eligible to sit for examinations for the National Council for Therapeutic Recreation Certification (NCTRC) and the Certified Parks and Recreation Professional (CPRP).
2. Students should be aware that some REC courses may only be offered once a year, during a Fall or Spring semester.
3. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
4. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. - Any course approved for 020 General Education Core Curriculum, except MATH 1316, can satisfy the MATH 1315 requirement.
- BIO 2451 and BIO 2452 can be used together to satisfy the BIO 2430 requirement.

[2] All other coursework must be completed prior to students enrolling in the required internship, REC 4681. Students should be aware that this internship must be completed during a Fall or Spring semester - it cannot be completed in a Summer semester.

[3] Students must earn grades of "C" or better in each TR sequence course (REC 1370, REC 2370, REC 3370, REC 4320, REC 4370) as well as in REC 4380 as partial fulfillment of requirements to gain Departmental Approval to enroll in REC 4681.

NCTRC Eligibility Courses

Code	**Title**	**Hours**
PSY 3312	Adolescent Psychology	3
PSY 3313	Psychology of Adulthood and Aging	3
PSY 3350	Cognitive Behavioral Therapies	3
PSY 3361	Health Psychology	3
SOCI 1310	Introduction to Sociology	3
SOCI 3300	Principles of Sociology	3
SOCI 3338	Family Problems	3
SOCI 3343	Criminology	3
SOCI 3347	Juvenile Delinquency	3
SOCI 3383	Aging and Society	3
SOCI 3384	The Sociology of Death and Dying	3
SPED 2360	Survey of Exceptionalities	3
SPED 3338	Educating Students with Emotional/Behavioral Disorders	3
SPED 4344	Educating Students with Mild Disabilities	3
SPED 4381	Educating Students with Intellectual and Developmental Disabilities	3
ESS 3320	Biomechanics	3
ESS 3329	Motor Learning	3

Minor in Coaching

The minor in Coaching requires 18 semester credit hours. A minor in Coaching is designed to provide basic expertise in coaching based on the NASPE national standards for sport coaches. The minor is not allowed for students majoring in Exercise and Sports Science or in Health and Fitness Management.

Code	**Title**	**Hours**
Required Courses		
AT 2356	Prevention and Care of Athletic Injuries	3
ESS 3317	Exercise Physiology	3
or ESS 3320	Biomechanics	
ESS 3323	Psychosocial Aspects of Exercise of Sport Sciene	3
ESS 3340	Theory and Principles of Coaching	3
ESS 4320	Resistance Training and Conditioning	3
Choose 3 hours from the following:		3
ESS 1172	Beginning Field Sports	
ESS 1176	Beginning Tennis, Badminton, and Other Racket Sports	
ESS 1178	Beginning Volleyball and Basketball	
ESS 1179	Beginning Weight Training	
Total Hours		18

Minor in Exercise and Sports Science

The minor in Exercise and Sports Science requires 25 semester credit hours. This minor is not available to students who major in Exercise and Sports Science or in Health and Fitness Management.

Code	**Title**	**Hours**
Required Courses		
AT 2356	Prevention and Care of Athletic Injuries	3
BIO 2430	Human Physiology and Anatomy	4
ESS 1100	Lifetime Fitness and Wellness	1
ESS 1179	Beginning Weight Training	1
ESS 3117	Laboratory in Exercise Physiology	1
ESS 3317	Exercise Physiology	3
ESS 3320	Biomechanics	3
ESS 3321	Teaching Elementary Children Physical Activity	3
ESS 4324	Adapted Physical Activity	3
ESS 4351	Measurement & Evaluation in Exercise and Sports Science	3
Total Hours		25

Minor in Health and Wellness Promotion

The minor in Health and Wellness Promotion requires 18 semester credit hours. Eligibility for the Certified Health Education Specialist (CHES)

certification requires an additional 7 hours of upper-level (3000 or higher) health education (H ED) courses.

Code	Title	Hours
Required Courses		
H ED 1320	Introduction to Health and Wellness Promotion	3
H ED 2340	Community Health	3
H ED 3350	Consumer Health	3
H ED 4336	Theoretical Foundations of Health and Wellness Promotion	3
H ED 4640	Community Health Program Planning and Evaluation	6
Total Hours		18

Minor in Recreation Administration

The minor in Recreation Administration requires 18 semester credit hours.

Code	Title	Hours
Required Courses		
REC 1310	Introduction to Recreation and Leisure Services	3
REC 2330	Leadership in Recreation and Leisure Services	3
REC 2335	Recreation Program Development	3
REC 3325	Recreation Administration	3
Choose 6 hours from the following:		6
REC 1330	Leisure and Outdoor Recreation	
REC 3340	Design and Maintenance of Recreational Facilities	
REC 3351	Evaluation of Leisure Service Programming	
REC 4330	Entrepreneurial Recreation Management	
REC 4350	Theories and Methods of Supervision in Recreation and Leisure Services	
Total Hours		18

Second Teaching Field in Health (Early Childhood Through Grade 12)

For students who are seeking a teacher certification within their major and would like a second teaching field in Health, the requirements are:

Code	Title	Hours
H ED 1310	Foundations of Personal Health	3
H ED 1320	Introduction to Health and Wellness Promotion	3
H ED 2338	Contemporary Issues in Drug Prevention	3
H ED 3301	Environmental Health Issues	3
H ED 3321	Health in the School Setting	3
H ED 3348	Prevention of Disease	3
H ED 3350	Consumer Health	3
H ED 3360	Sexuality Education	3
Total Hours		24

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

Office of Educator Preparation

Education Building Room 2016
Telephone: 512-245-7880 Fax: 512-245-8345
www.education.txstate.edu/oep (http://www.education.txstate.edu/oep)

The Office of Educator Preparation (OEP) collaborates with all university departments and schools involved in educator certification. The OEP assists departments and schools in certification program alignment and compliance with federal, state, and university policies and procedures that lead to educator certification through baccalaureate, graduate, and certification-onloy programs: namely, programs in the colleges of Applied Arts, Education, Fine Arts and Communication, Liberal Arts, and Science and Engineering.

Because of the nature of the teaching profession--and because of the extensive field-based component of educator certification--all interested students must be aware of the following requirement:

Students in teacher certification programs are preservice teacher candidates who are expected to **exhibit professional dispositions and behaviors** that are appropriate to the school environment and that supports learners' academic success. These dispositions and behaviors include professional attitudes, values, and beliefs demonstrated through both verbal and non-verbal behaviors as candidates interact with students, families, colleagues, and communities.

A candidate who does not meet the expectations for the behaviors and dispositions for the profession will be identified by a professor, supervisor, cooperating teacher, or principal and will meet with a department administrator and/or the Office of Educator Preparation to discuss the case. If further action is necessary, the candidate's case will be reviewed by the chair of the appropriate department with input from faculty, as appropriate, to determine eligibility for the Educator Preparation Program. Appeals regarding the candidate's eligibility should be made to the Dean of the College of Education whose decision is final.

Criminal background checks are required for participation in field-based coursework and for progression through the Educator Preparation Program. Based on information recorded in an individual's criminal history, a candidate may ineligible for issuance of a certification upon completion of the Educator Preparation Program. If a candidate has a criminal history, that student is advised to request a Preliminary Criminal History Evaluation from the Texas Education Agency; schedule an appointment for free legal counseling services through Texas State University's Attorney for Students (http://attorney.dos.txstate.edu/); and disclose this information to the Office of Educator Preparation.

Certification requirements are subject to change regardless of catalog year. Teacher Certification at Texas State University is governed by state/federal statute and rules. Certification coursework, exam approval, and exam scores may expire in response to changes from either the state or federal government.

Major with Teacher Certification

Students seeking certification to teach EC-6 (Early Childhood through Grade Six), 4-8 (Grade Four through Grade Eight), or All-level Special Education (Early Childhood through Grade Twelve) will major in Interdisciplinary Studies in the Department of Curriculum and Instruction within the College of Education. Students seeking all other teacher certifications will major in their chosen teaching field in the department, school and college where that major is housed. Students should note that teacher certification requirements may differ from degree requirements

and that completion of both is necessary for awarding a degree and recommending a student for teacher certification.

Sequence of Coursework

Students should refer to their Advising Center's degree plan check sheets for guidance in following the Educator Preparation course sequence in their degree plan. At a minimum, each Educator Preparation sequence consists of introductory "Education Core" classes, at least one 15 week semester of a Field-Based Block of coursework and a final 15 week semester of Student Teaching that occurs after all other coursework has been completed. Students must apply for Field-block coursework at http://www.education.txstate.edu/oep/Applications/apply-for-fieldblock-experience.html and for Student Teaching coursework at http://www.education.txstate.edu/oep/Applications/apply-for-student-teaching.html.

Teacher Certification

In addition to an earned baccalaureate degree, there are five criteria for earning certification:

- Admittance to the Educator Preparation Program
- Completion of Field Based Blocks
- Passing scores on all required certification exams
- Satisfactory completion of Student Teaching
- Applications for graduation as well as state certification

Admittance to the Educator Preparation Program

In order to pursue teacher certification, students must apply and be invited to attend the Educator Preparation Program through the Office of Educator Preparation. If a student accepts this invitation, the student must then pay a required $55 Texas Education Agency technology fee before the student will be officially admitted. Please see http://www.education.txstate.edu/oep for current admittance requirements and procedures.

For more information about Admittance to the Educator Preparation Program, see the Teacher Certification Handbook on the Office of Educator Preparation website: http://www.education.txstate.edu/oep/.

Field-Based Blocks: Elementary, Middle School, High School, and All-Level Certification

Students in any undergraduate teacher certification program must participate in one or more field-block(s) of integrated courses that provide authentic experience in classrooms, prior to Student Teaching. Texas State partners with Central Texas public schools to provide these rich, hands-on experiences. All students in field experiences must complete criminal background checks.

For more information about Blocks, see the Department of Curriculum and Instruction website: http://www.education.txstate.edu/ci/resources/block-information.html

Certification Exams

Students and candidates (students who have completed all elements of a certification program except certification) must apply to OEP for test approval for each attempt of the state-required Texas Examination of Educator Standards (TExES).

State statute limits candidates to FIVE (5) attempts of each exam. If a candidate does not pass the Pedagogy and Professional Responsibility (PPR) exam within five attempts, the candidate will not be eligible to become a certified teacher in the state of Texas.

For more information about the Certification Exams, see the Teacher Certification Handbook on the Office of Educator Preparation website: http://www.education.txstate.edu/ci/resources/block-information.html

Student Teaching

All other degree-required coursework must be completed prior to Student Teaching, which should occur during a student's final semester. Contact your advisor regularly for updated degree audit and certification requirements. Criminal background checks are required for all Student Teaching Placements.

Student Teaching is a mandatory, unpaid professional experience that requires the time commitment of a full-time job. Candidates may request a particular district, but the district HR staff will place candidates. While student teaching, students are responsible for transportation and lodging arrangements. Students must be available for mandatory district orientation up to 5 weeks prior to the first day of Student Teaching placement. Because Student Teaching is 6 credit hours, students must determine, with the assistance of the Financial Aid Office, if and how their financial aid or scholarships may be affected by part-time enrollment.

For more information about Admittance to the Educator Preparation Program, see the Teacher Certification Handbook on the Office of Educator Preparation website: http://www.education.txstate.edu/oep/.

Graduation and Certification

Graduation

In addition to the other graduation requirements listed in this catalog, the following graduation requirements must be met by students seeking teacher certification:

1. An Overall GPA of at least 2.75.
2. Successful completion of Student Teaching.
3. A GPA of at least 2.50 in all assigned courses in the professional sequence and in the teaching field(s) or specialization(s) with no grade below a "C" in these courses.
4. Other requirements as outlined by your department or school

Standard Certification

Eligible students should apply for a Texas Educator Certificate through the State Board for Educator Certification. The Certification Officer in the OEP will recommend the issuance of the appropriate certificate by the State of Texas. The certification process includes the following steps:

1. Completion of at least a baccalaureate degree and the posting of the degree to the official transcript.
2. Verification of satisfactory completion of Student Teaching experience.
3. Passing scores on the appropriate Texas Examination of Educator Standards (TExES).

For more information about Admittance to the Educator Preparation Program, see the Teacher Certification Handbook on the Office of Educator Preparation website: http://www.education.txstate.edu/oep/.

Post-Baccalaureate Certificate Requirement

Persons who hold at least a bachelor's degree who are seeking initial Texas teacher certification or professional certification need to follow information listed in The Graduate Catalog.

College of Fine Arts and Communication

Dean
John Fleming, Ph.D.
Old Main Building Room 112
Telephone: 512.245.2308 Fax: 512.245.8386
http://www.finearts.txstate.edu/

Associate Dean
Laurie H. Fluker, Ph.D.
Associate Dean
Joey Martin, D.M.A.

Department Chairs/School Directors
Art and Design–Michael L. Niblett, M.F.A.
Communication Studies–C. Erik Timmerman, Ph.D.
Journalism and Mass Communication–Judith B. Oskam, Ed.D.
Music–Thomas S. Clark, D.M.A.
Theatre and Dance–Debbie R. Alley, M.F.A.

The College of Fine Arts and Communication offers four undergraduate degrees:

- the Bachelor of Arts (B.A.),
- the Bachelor of Fine Arts (B.F.A.),
- the Bachelor of Music (B.M.), and
- the Bachelor of Science (B.S.).

A wide range of programs are available within the disciplines of art and design, theatre and dance, music, mass communication, journalism and communication studies.

In addition to the college's formal degree programs, students have the opportunity to pursue a number of co-curricular programs. These are available to all Texas State students, regardless of major or minor, and range from acting, marching band, wind ensemble, choir, orchestra, jazz bands, classical guitar, concert bands, Latin ensembles, debate, attendance of art exhibits, lectures and workshops, to production work for KTSW, the campus radio station, or the student newspaper, The University Star.

Academic Advising Center

Old Main Building Room 118

Telephone: 512-245-1932 Fax: 512-245-8334
www.advising.finearts.txstate.edu (http://www.advising.finearts.txstate.edu)

The College of Fine Arts and Communication Academic Advising Center provides students with advising on academic and administrative issues. Students are informed about matters related to academic majors and career possibilities, the selection of appropriate courses, and the choice of an education program leading to a Bachelor's degree. The Advising Center is a resource for current students and for prospective students who are considering a major or minor in the College of Fine Arts and Communication.

School of Art and Design

Joann Cole Mitte Building Room 2112
Telephone: 512-245-2611 Fax: 512-245-7969
www.finearts.txstate.edu/Art/art.html (http://www.finearts.txstate.edu/Art/art.html)

The School of Art and Design promotes the understanding of art in culture by providing a learning environment that advances students' critical and creative thinking, encourages diverse perspectives, and nurtures individual artistic expression. The School fosters creative and scholarly activities that develop students' conceptual and technical abilities and encourages visually articulate thinkers. The faculty come from diverse educational, professional and cultural backgrounds. Through effective teaching, the School of Art and Design helps students achieve excellence in their individual, artistic and career goals.

The School of Art and Design offers six programs leading to the following degrees:

- Bachelor of Fine Arts (B.F.A.) degree with a major in Communication Design;
- Bachelor of Fine Arts (B.F.A.) degree with a major in Photography;
- Bachelor of Fine Arts (B.F.A.) degree with a major in Studio Art that offers specializations in ceramics, drawing, expanded media, metals, painting, printmaking, and sculpture;
- Bachelor of Fine Arts (B.F.A.) degree with a major in Studio Art leading to All-Level (EC-12) Certification that prepares students for teaching art in elementary and secondary schools;
- Bachelor of Arts (B.F.A.) degree with a major in Art History
- Bachelor of Arts (B.F.A.) degree with a major in Art that provides broad exposure to art.

All art and design majors are encouraged to enter the annual student exhibition and to take advantage of the University Art Gallery and visiting artists programs. An active internship program is available for all qualified art and design majors.

Special Requirements

All students majoring in Studio Art or in Photography are required to participate in Portfolio, Practice and Exhibition (ARTS 4200) and the Senior Art Exhibition (ARTS 4000) within the academic year they plan to graduate. All students majoring in Communication Design are required to participate in Senior Porfolio Presentation and Self-Promotion (ARTC 4315) and Senior Show and Review (ARTC 4200) within the academic year they plan to graduate. All students major in Art History are required to complete a methodology course (ARTH 4323) and capstone course (ARTH 4324) within the academic year they plan to graduate.

Communication Design Fitness Statement

Program Standards

Students enrolled in the Communication Design B.F.A. or M.F.A. program must maintain high scholastic standards and develop a mastery of the knowledge and methods of their respective discipline. Students are expected to demonstrate emotional and mental fitness in their interactions with others, use skills and methods that are generally accepted in the profession, and conform to the code of ethics of their respective discipline, and the university's honor code. A student's

acceptance in any program does not guarantee the student's fitness to remain in that program. The faculty is responsible for verifying that only those students who continue to meet program standards are allowed to continue in any program.

Evaluation of Student Fitness and Performance

Members of the faculty, using their professional judgments, evaluate student fitness and performance continuously. The criteria used by the faculty to make such judgments include instructors' observations of student performance in class or in activities related to courses. Students who are not making satisfactory progress or who are not meeting program standards should consider withdrawing from the program.

In this context, the term "satisfactory progress" refers to an academic judgment made regarding the student's fitness and performance. It is a judgment that the student has failed to meet program standards rather than a judgment made on the basis of the student's violation of valid rules of conduct. Disciplinary matters are referred to Student Justice.

Student Review Process

1. When a faculty member believes that a student is not making satisfactory progress or meeting program standards, they will discuss the situation with the student.
2. When the faculty member believes that the student's performance cannot improve to acceptable standards, the faculty member will refer the student to the Communication Design Program Standards Committee. The Committee consists of three Communication Design faculty members appointed by the program Coordinator in consultation with the school's senior faculty.
3. The Committee will notify the student of the reasons that he or she is not making satisfactory progress or meeting program standards. The student will be given an opportunity to meet with the Committee to respond and to present information and witnesses to the Committee. The Committee will also meet with the faculty member who referred the student.
4. After considering the matter, and within ten working days of meeting with the student, the Committee will report its decision to the student and the school Director, stating that the student should either remain in the program, or leave the program. The Committee may make other decisions, such as placing restrictions or conditions on the student's continuance in the program. Within ten working days of receiving the Committee's decision, the student will notify the school Director of the student's acceptance or rejection of the Committee's decision. If the student rejects the Committee's decision, he or she may appeal directly to the school Director.
5. Within ten working days of receiving the student's appeal, the Director will make a decision as to the student's continued presence in the program. Before making the decision, the Director will meet with the student. However, the Director need not meet with the student before making a decision if the student was given a reasonable opportunity to meet, and the student either failed or refused to meet. The Director will notify the student of the decision.
6. If the student is dissatisfied with the Director's decision, he or she may appeal to the Dean of The College of Fine Arts and Communications. However, in order for the Dean to consider an appeal, the student must submit a written notice of appeal to the Director and the Dean within ten working days of receiving the Director's decision. The Dean will consider the matter based on information compiled by the Director and notify the student of the decision within ten working days of the Dean's receipt of the appeal from the Director. The Dean may meet with the student and give the student an opportunity to address the issues. The Dean's decision is final.

Admission Requirements

Communication Design

The Communication Design Program, a three-and-a-half-year sequenced curriculum, emphasizes the integration of critical thinking with a thorough understanding of design principles and processes relevant to the professional practice of design. The program also embraces social, cultural, historical, economic, and global contexts to prepare students to advance their knowledge within the discipline. This approach prepares graduates for successful entry into the profession, as well as for entry into graduate education programs.

Admission requirements for the Communication Design program are more restrictive than those of the University, and enrollment is limited to provide students with a quality experience. All applicants who indicate Communication Design as their preferred major will be assigned a temporary status/major code of Pre-Communication Design. In addition to meeting Texas State's general admission criteria, all students intending to major in Communication Design must pass ARTC 2000 Admission Portfolio Review, earn a minimum grade of B in ARTC 1301 and ARTC 1302, and have a minimum Overall GPA of 2.75 to be admitted into the program. Admission Portfolio Review is a competitive formal review of creative work, conducted by Communication Design faculty. Native and transfer students will register for ARTC 2000 during the earliest semester in which they will meet all eligibility requirements. Students who do not pass ARTC 2000 may register for a future review, but will be allowed only one more attempt. Pre-Communication Design majors will not be permitted to enroll in 2000 – 4000 level Communication Design courses until they have met all requirements and have been formally admitted to the program. Requirements for admission to the Communication Design program are:

- A minimum Overall GPA of 2.75
- A passing grade of "CR" in ARTC 2000
- A minimum grade of "B" in ARTC 1301
- A minimum grade of "B" in ARTC 1302

All Communication Design majors must have a minimum cumulative GPA of 2.75 to meet graduation requirements. The program once accepted is a three-and-a-half-year sequenced curriculum.

Bachelor of Arts (B.A.)

- Major in Art (p. 252)
- Major in Art History (p. 253)

Bachelor of Fine Arts (B.F.A.)

- Major in Communication Design (p. 254)
- Major in Photography (p. 256)
- Major in Studio Art (Ceramics Concentration) (p. 258)
- Major in Studio Art (Drawing Concentration) (p. 259)
- Major in Studio Art (Expanded Media Concentration) (p. 261)
- Major in Studio Art (Metals Concentration) (p. 263)
- Major in Studio Art (Painting Concentration) (p. 264)
- Major in Studio Art (Printmaking Concentration) (p. 266)
- Major in Studio Art (Sculpture Concentration) (p. 268)

- Major in Studio Art (Teacher Certification in Art, Early Childhood Through Grade 12) (p. 269)

Minors

- Art
- Art History

Subjects in this school include: ART (p. 238), ARTC (p. 238), ARTF (p. 241), ARTH (p. 242), ARTS (p. 244), ARTT (p. 251)

Courses in Art (ART)

ART 2313. Introduction to Fine Arts.
An introductory course designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking MU 2313, TH 2313, or DAN 2313.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050
Grade Mode: Standard Letter
TCCN: HUMA 1315

ART 3313. Introduction to Fine Arts.
This course is designed to give the student a critical understanding and appreciation of the history and principles associated with each of the artistic disciplines of theatre, dance, music and the visual arts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Communication Design (ARTC)

ARTC 1301. Introduction to Communication Design.
Introduces the field of Communication Design including terminology, creative visual thinking/problem solving, layout design, tools, and materials. Corequisite: ARTC 1302. Prerequisite: ARTF 1301 and ARTF 1302, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 1302. Imaging I.
An introduction to digital imaging emphasizing visual strategies, techniques, and concepts. Corequisite: ARTC 1301. Prerequisites: ARTF 1301 and ARTF 1302, all with a grade of “C” or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 2000. Admission Portfolio Review.
During this course, students will prepare and present an entry-level design portfolio. Communication Design majors must pass Admission Portfolio Review to gain entrance into the program. Course is repeatable one time. Prerequisites: ARTF 1301 and ARTF 1302, all with a grade of "C" or better. Co-requisites: ARTC 1301 and ARTC 1302, all with a grade of "D" or better.
0 Credit Hours. 0 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Credit/No Credit

ARTC 2303. Typography I.
This course introduces the evolution and development of alphabets, letter forms, and typography in relationship to visual expression and communication. Prerequisites: Admission into the Communication Design Program; ARTC 1301 and ARTC 1302, all with a grade of “B” or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 2304. Conceptual Strategies.
Focuses on concept development and ideation strategies through the production of various design forms. Prerequisites: Admission into the Communication Design Program; ARTC 1301 and ARTC 1302, all with a grade of “B” or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 2305. Visualization and Presentation Techniques.
For Interior Design majors only. Introduces rendering techniques, three-dimensional graphics, and digital imaging for visual presentations. Prerequisites: ID 1310; ID 1320; ARTF 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3301. Art Direction I.
Students will develop advertising concepts that relate to the creative strategies, marketing platforms, and psychology specific to client-based communication, and the type of media used. Prerequisites: ARTC 3307 and ARTC 3320.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3303. Trademark Design.
Focuses on the design process and concept development of trademark design (i.e., logo design, corporate identity, iconographic systems). The class emphasizes incorporating historic and contemporary methodologies and practices of trademark design within the context of the communication design discipline. Prerequisites: ARTC 3307 and ARTC 3320.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3304. Branding Systems.
Focuses on the creation and application of integrated brand communication systems. Students will develop comprehensive brand identities, typographic elements and layout designs for print and digital media. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3307. Interactive Media I.
This course introduces web site design, construction, basic user interface design, and explores the elements of HTML and CSS. Prerequisites: ARTC 2303 and ARTC 2304.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3310. Illustration.
Introduces media and illustration methods for basic image development. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3313. Imaging II.
This course uses advanced digital and traditional imaging as it applies to visual and verbal problem solving. The class emphasizes incorporating drawing, photography and appropriated images in order to reinforce and extend the possibilities of sourcing and manipulation of images digitally. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3316. Communication Design History Seminar.
This course traces communication design history, through examples of social, political, cultural, technological and economic perspectives, from the end of the 19th century to the present. Students examine how past and current design practices, theory and aesthetics inform and shape the discipline of communication design and contemporary society. Prerequisites: ARTC 3307 and ARTC 3320.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 3320. Typography II.
Introduces advanced issues in page structure and composition, content organization and management, typographic hierarchies, typeface selection, and typesetting. Prerequisites: ARTC 2303 and ARTC 2304.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4000. Senior Exit Review.
A course in which all graduating seniors must participate during their last academic year. Work will be examined and evaluated while displayed in the Exit Review. Corequisite: ARTC 4315. Prerequisites: ARTC 4308 with a grade of "D" or better, and completion of 109 hours.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

ARTC 4200. Senior Show & Review.
Students will be given the guidance and the studio time needed to polish their portfolios and to organize and produce the Communication Design Exit Review. Lectures will focus on best practices for professionals in communication design. Final portfolios will be evaluated while exhibited in the Exit Review. Prerequisite: ARTC 4308.
2 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Credit/No Credit

ARTC 4302. Art Direction II.
Students develop strategic messages across print, digital, and social media and evaluate how conceptual direction and message must shift to accommodate various media. Students strengthen their verbal and visual conceptual skills and elevate their research abilities to create dynamic advertising campaigns, and unify brand position with communication. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4303. Art Direction III.
This course allows students to create art direction projects based on individual professional goals. Faculty will assess each portfolio at the beginning of the course. Students will then address their portfolio content and work to create a body of art direction pieces. Prerequisite: ARTC 4302 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4305. Typography III.
Continues the study of letter form, typography, image and concept relationships for effective communication. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4306. Environmental Graphic Design.
Introduces a multidiscipline-based design practice centered around exterior and interior built environments. Students examine the visual, theoretical and applied aspects of defining a place through wayfinding, identity and information design. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4308. Interactive Media II.
This course explores advanced Web Site design, construction and User Interface design, advanced Web authoring for multiple platforms, and advanced Web typography. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3307 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4309. Interactive Media III.
Mobile application design. Exploration of User Interface design and Experience design for mobile devices. Students will learn to prototype applications that connect the physical and digital worlds. Prerequisite: ARTC 4308 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4310. Communication Design Practicum.
Students are placed in regional graphic design firms and advertising agencies to gain professional design/art experience. May be repeated with different emphasis for additional credit. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better, and completion of 75 hours.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTC 4311. Digital Illustration.
An illustration course using digital media to execute illustrations in a wide range of genres. Emphasis will be placed on developing unique approaches to manipulate traditional illustration techniques through digital means, as well as the creation of original digital illustration solutions. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4312. Editorial Illustration.
The study of traditional and digital illustration techniques for editorial publication assignments. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4313. Communication Design Special Problems.
An independent study requiring complex problem solving in Communication Design. Goals and objectives will be outlined in a written format. May be repeated with different emphasis for additional credit. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTC 4314A. Animation.
The study and practice of various animation techniques. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314B. Legal Issues in Communication Design.
This course introduces students to the business and legal issues relating to communication design. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314D. Digital Video.
This course introduces issues in digital video production and editing. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314E. Motion Graphics.
This course introduces issues and applications in the production of motion graphics and special effects for digital video. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314F. Character Development for Illustration.
This course emphasizes basic skills of character/plot development and storytelling, action and background drawing and development of characters in unique styles. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314G. Illustration Techniques and Materials.
A beginning illustration course focusing on learning to render with specific illustration techniques, including traditional black and white line and tone styles, watercolor and acrylic painting techniques and other materials such as collage, scratchboard and monoprint styles. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314H. Poster Design.
Exploration and experimental usage of the written word integrated with visual imagery by using digital and traditional photographic, illustration, and other graphic elements utilized in poster design. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314I. Learning from the Land of Design.
The intent of this course is to broaden the students' understanding of the rich culture of Italian design from the Renaissance to modern Italy. Additionally, the student will learn how intense observation of design principles through sketching, photography and keeping a journal, becomes a method for design inspiration and problem solving. Prerequisites: ARTC 2303 and ARTC 2304, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Topics
Grade Mode: Standard Letter

ARTC 4314J. Package Design.
Students will explore designed packaged consumer goods while meeting industry and governmental requirements, principles, and guidelines, and sustainability in the context of the global marketplace. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3320, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314K. Introduction to Hand Painted Signs and Lettering.
This course explores the historic underpinnings, proven techniques, materials and iterative processes associated with hand painted signs and lettering.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314L. Guerilla Art Direction.
This course examines guerilla advertising art direction strategies. Students will develop non-traditional advertising concepts that promote social causes, consumer products, and public events. Guerilla creative strategy concepts will integrate various types of media including social and mobile interactions with the targeted audiences.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314M. Design Portfolio Preparation.
Design Portfolio provides students with a published ePortfolio that demonstrates unique problem-solving skills by design thinking methods, well-defined messaging, systems thinking, expansion of sophomore and junior projects, creation of one new project system, clearly stated project briefs and narratives, and exceptional final portfolio execution. Prerequisite: ARTC 2303 and ARTC 2304 and ARTC 3301 and ARTC 3303 and ARTC 3307 and ARTC 3320, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314N. Design For Experiences.
This course addresses the creation of user experiences informed by research, customer empathy, experience mapping, and design thinking. Projects involve creating research and problem framing documents, user flow and system diagrams, pattern libraries, and experience prototypes. Students also study design and innovation roles at enterprise scale companies and independent consultancies. Prerequisite: ARTC 2303 and ARTC 2304 and ARTC 3301 and ARTC 3303 and ARTC 3307 and ARTC 3320, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314O. Entrepreneurial Design.
Students will focus on the interconnection between entrepreneurial thinking and innovation. They will develop innovation-driven venture skills and will gain open and critical thinking skills with a focus on community, understanding of calculated risk and the initiative to follow-through. Prerequisite: ARTC 2000, ARTC 1301, ARTC 1302; all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4314P. Design Research.
Design Research provides students with an applied foundation in the role of research and analysis in the communication design discipline. Prerequisite: ARTC 2000, ARTC 1301, ARTC 1302, ARTC 2303, and ARTC 2304; all with grades of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTC 4315. Senior Portfolio Presentation and Self-Promotion.
This capstone course focuses on preparations for entry into professional practice via production of a final portfolio presentation; creation of a resume, business card, and self-promotions; and preparation for the interview process. This course is to be taken concurrently with Exit Review during the final semester before graduation. Prerequisites: ARTC 4308 and completion of 90 hours.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTC 4316. Book Design.
This course will cover concept and content development, design, and execution of single edition and limited edition books through lectures, demonstrations, and studio work. Emphasis placed on creativity, problem solving, organizational ability, technical precision, and independent work ethic. Prerequisites: ARTC 3301 and ARTC 3303 and ARTC 3316, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Art Foundations (ARTF)

ARTF 1301. 2-D Design.
Introduction to the elements and principles of design through the use of a variety of two-dimensional media and techniques.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ARTS 1311

ARTF 1302. Basic Drawing.
Introduction to a variety of media and techniques for exploring descriptive and expressive possibilities in drawing.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ARTS 1316

ARTF 1303. 3-D Design.
Introduction to the elements and the principles of design through the use of a variety of three-dimensional materials and techniques.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ARTS 1312

ARTF 1304. Color Theory.
Introduction to color as a descriptive and expressive element of art, focusing on color perception and application.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: ARTS 2311

Courses in Art History (ARTH)

ARTH 2301. Ancient to Medieval Art.
A survey of the history of painting, sculpture, and architecture from pre-historic through medieval periods. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
TCCN: ARTS 1303

ARTH 2302. Renaissance to Modern Art.
A survey of art history from the fourteenth century through the twenty-first century. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
TCCN: ARTS 1304

ARTH 2303. Global Art Histories.
The course surveys the arts of Asia, Africa, and the Americas, exploring the possibility of multiple art histories independent of a dominant European perspective. Students will be introduced to the paradigms of both world art and global art history, while also testing the limits of those paradigms.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTH 3300. Art Criticism and Writing.
This course introduces students to the history and practice of art criticism and provides them with relevant tools and experiences to craft their own body of art criticism. Prerequisites: ARTH 2301 and ARTH 2302, all with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTH 3301. History of Modern Art.
This course offers a survey of the stylistic trends, aesthetic issues, and evolving philosophy of modern art in Europe and the Americas from 1900 to 1965.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTH 3303. Issues in Contemporary Art.
An issue-oriented survey of the diverse forms and concepts in contemporary art making practices, mostly from the United States, from 1965 to the present.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTH 3306. History of Photography.
This course surveys the history of photography from its earliest manifestations until the present.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTH 3307. Issues in Contemporary Art.
An issue-oriented survey of the diverse forms and concepts in contemporary art making practices, mostly from the United States, from 1965 to the present.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTH 4300. History of American Art.
This course provides an introduction to American art and visual culture from ancient times to the 1950s. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTH 4302. Latin American Art.
This course surveys the rich and varied visual art of Latin American and Caribbean countries from the wars of independence to the present day with a focus on recurring themes that have resonated in art throughout the region, such as modernism, internationalism, nationalism, race, identity, and political activism. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4303. Pre-Columbian Art.
A survey of the art of Pre-Columbian sites and cultures in Mesoamerica and the Central Andes, from pre-history to the European conquest. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4304. Global History of Cinema.
This course is a transnational survey of the evolution of cinematic form, production and reception. Students will analyze the regional and global context of selected major film styles, philosophies and industries. Movement across geographical and cultural borders will be a narrative theme that unites the films discussed. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 1.5 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4306. Renaissance Art.
An in-depth survey of the history of Italian Renaissance art, including key works of art representative of the Northern Renaissance. Course emphasizes the study of iconography and stylistic change, in conjunction with larger cultural developments. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4308. Asian Art.
A broad survey of the art of Asian cultures including India, Japan, and China from pre-history to the present. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ARTH 4309. Feminism and Visual Representation.
This course provides an introduction to feminist art, theory, and visual culture by focusing on the relationships between several key feminist concerns, including sexuality and gender experience and difference. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTH 4310. Race and Representation.
This course explores the variegated ways that race, and, by implication, identity and difference, is figured and represented in a range of cultural productions, including art, film and visual culture. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTH 4311. History of Italian Art.
Taught on-site and centered in Florence, Italy, this course represents a targeted immersion into Renaissance art and culture and includes the study of pivotal works of art and architecture across the Italian peninsula. May be substituted for ARTH 2301 or ARTH 2302. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTH 4312. The Arts in Popular Culture.
This course examines popular culture, including the emergence of mass culture, and its complex intersection with the fine arts from the nineteenth century onwards. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTH 4313. Hellenistic Art and Culture.
This course focuses on the Greek aesthetic tradition from the fourth century BCE to the end of the first century C.E., with a cross-disciplinary emphasis on the interaction of Greek and non-Greek cultures from Northern India to the Italian peninsula. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTH 4314. Art and Politics.
This course explores various ways in which artists and patrons have worked to change or endorse political policy, exploring art both as a tool for social cohesion in support of a particular political party or ideal and as a means of political protest. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTH 4320A. Documentary Photography.
This course explores key issues in the theory, history, and practice of documentary photography. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4320B. Curatorial Practices.
This course considers the history and cultural significance of the practice of curating and exhibition making. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321N. Perspectives on Andy Warhol.
This course explores Post-World War II art and culture by focusing on the career of Andy Warhol. The class will examine the multiple media and strategies for artistic dialogue and visibility that the artist implemented over his decades-long practice from the 1960s through the 1980s. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321O. Spanish Colonial Art of Latin America.
This course surveys the art and architecture of the Spanish and Portuguese Viceroyalties in the Americas from the conquest to the wars of independence, examining the role that art and architecture played in religion, government, social structuring, and identity formation. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321P. Artists' Writing.
This course explores ways in which visual artists have engaged with the written word in relationship to their art work. Readings will be taken from diaries, manifestos, critical and experimental essays, and works of fiction. Students will create their own writings and/or art work in response to weekly readings. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321Q. Video Art.
This course considers the myriad ways artists have mobilized video to confront and complicate representations of people affected by the HIV/AIDS pandemic. Most of this course will be spent discussing videos and readings from the 1980s and 1990s and will be localized to the United States. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321S. Conceptualism.
This course explores the emergence of conceptualism globally during the 1950s through the 1980s and considers its impact on contemporary art. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321T. Art in the 1990s.
This course broadly considers the state of global art and politics in the 1990s from a postcolonial perspective. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4321U. Contemporary Art in Italy.
Taught on-site and centered in Florence, Italy, students consider a number of contemporary art and exhibition practices, with emphasis on discursive formations of the global. May be substituted for ARTH 3307.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTH 4321V. History of Experimental Film.
This course provides an overview of experiments in avant-garde and artists films from 1920 until the present. Students will learn how to analyze the meaning in moving images that exhibit unconventional narratives and will examine reactions these films have provoked in audiences past and present.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTH 4321W. Contemporary Art in Mexico.
This course explores contemporary art practices in Mexico through site visits, studio visits, readings and writing. Capitalizing on the city's dynamic artists, project spaces and museums, students will interact with some of the leading professionals in the arts.
3 Credit Hours. 12 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTH 4321X. Islamic Art.
This course will survey the arts associated with the religion of Islam from the life of Muhammad in the seventh century through the early modern period, with an emphasis upon the Middle East, North Africa, and the Iberian Peninsula.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

ARTH 4322. Special Problems.
An advanced level, independent study in art history, aesthetics, and criticism. The emphasis of the course is on scholarship, research, and writing. May be repeated with different emphasis for additional credit. Prerequisite: Consent of instructor. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTH 4323. Art History Thesis I.
A senior-level course focused on research, methodology, and writing in art history. Prepares students for final senior thesis projects. Prerequisites: ARTH 2301 and ARTH 2302 and ARTH 3301 and ARTH 3307, all with a grade of "C" or better; and ARTH 3300 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTH 4324. Art History Thesis II.
A senior level course focused on independent research and writing in art history and on the completion of a final thesis project. Prerequisite: ARTH 4323 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTH 4325. Art History Internship.
This course will offer students the opportunity to experience and receive academic credit for professional activities related to the field of art history. Consent of instructor required.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Studio Art (ARTS)

ARTS 1305. Digital Studio Foundations.
This course will provide an introduction to digital imaging software as a tool for the visual artist. Students will learn terminology, operating systems, and how to store, organize and transfer digital data. Special emphasis will be placed upon the use of the computer for conceptual and aesthetic problem solving.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 2301. Expanded Media I.
This introductory studio art course introduces time as a medium. Students become familiar with the unique capabilities of video, sound and performance through screenings, demonstrations, individual projects and critiques. Prerequisites: ARTF 1301; ARTF 1302; ARTF 1303; ARTS 1305 or ARTT 2372 or ARTC 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 2311. Ceramics I.
An introduction to clay as a medium for creative expression. Basic hand-building and wheel-throwing methods of forming are employed to investigate form and develop conceptual awareness. Prerequisites: ARTF 1301; ARTF 1302; ARTF 1303; ARTS 1305 or ARTT 2372 or ARTC 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: ARTS 2346

ARTS 2321. Drawing I.
Introduces the analytical study of the human form and the figure's potential for compositional and expressive use of drawing. Prerequisites: ARTF 1301; ARTF 1302; ARTF 1303; ARTS 1305, or ARTT 2372, or ARTC 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: ARTS 2323

ARTS 2341. Metals I.
An introduction to metal as a medium for creative expression emphasizing conceptual awareness while developing technical and creative skills. Prerequisites: ARTF 1301; ARTF 1302; ARTF 1303; ARTS 1305 or ARTT 2372 or ARTC 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: ARTS 2341

ARTS 2351. Painting I.
An introduction to painting emphasizing the elements and principles of pictorial composition. Provides the foundation for critical aesthetic judgment while developing technical and creative skills. Prerequisites: ARTF 1301; ARTF 1302; ARTF 1303; ARTS 1305, or ARTT 2372, or ARTC 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: ARTS 2316

ARTS 2361. Foundations of Photography I.
This course introduces basic concepts in photography through lecture, readings and studio practice in traditional and digital processes. Prerequisites: ARTF 1301 and ARTF 1302, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 2371. Introduction to Printmaking: Screen and Relief.
This course introduces relief and screen printing techniques, covering both traditional and contemporary as well as manual and digital techniques. Provides a historical, technical, visual and conceptual foundation for printmaking. Prerequisites: ARTF 1301; ARTF 1302; ARTF 1303; ARTS 1305, or ARTT 2372 or ARTC 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: ARTS 2333

ARTS 2381. Sculpture I.
An introduction to sculptural materials and processes as a medium for creative expression. Provides the foundation for critical aesthetic judgment while developing technical and creative skills. Prerequisites: ARTF 1301; ARTF 1302; ARTF 1303; ARTS 1305 or ARTT 2372 or ARTC 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: ARTS 2326

ARTS 2391. Watercolor I.
An introduction to the fundamentals of transparent watercolor painting as a medium for creative expression. Prerequisites: ARTF 1301 and ARTF 1302 and ARTS 1305 or ARTC 1302, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: ARTS 2366

ARTS 3302. Expanded Media II.
This studio course continues explorations of formal, critical and technical approaches to time-based practices. Students incorporate diverse media and materials to generate interdisciplinary projects. Emphasis is placed on modes of presentation. Prerequisite: ARTS 2301 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3303. Expanded Media III.
This is a rotating topics course in Expanded Media. Potential course topics include, but are not limited to, performance, participatory practices, institutional critique and contextual methodologies. Prerequisite: ARTS 3302 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3304. Expanded Media IV.
This is a rotating topics course in Expanded Media. Potential course topics include, but are not limited to, computer programming, web-based systems, animation, sound design and interactive multimedia. Prerequisite: ARTS 3303 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3312. Ceramics II.
Through pottery forms and/or clay sculpture, students develop conceptual and expressive skills. Students formulate glazes and fire kilns. Prerequisites: ARTS 2311.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3313. Ceramics III.
Through individualized projects, students develop personal content and expression in their work. Students formulate clay bodies and slips, and investigate experimental firing methods. Prerequisite: ARTS 3312 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3314. Ceramics IV.
Continued development of personal expression through a self-initiated series of works. Students investigate technically complex forming methods. Prerequisite: ARTS 3313 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3322. Drawing II.
Experimentation with techniques and materials to develop perceptual and conceptual skills leading to individual expression in drawings. Prerequisite: ARTS 2321.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3323. Drawing III.
Focuses on the development of a personal visual statement using the human form as subject matter. Interpretive skills are stressed and alternative approaches to generating visual imagery are explored. Prerequisite: ARTS 3322 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3324. Drawing IV.
Emphasizes conceptual skills and critical analysis in the development of individual imagery and aesthetics in drawing. Consistent thematic drawings are required. Prerequisite: ARTS 3323 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3342. Metals II.
The development of a personal aesthetic and conceptual direction in the metal medium focusing on the relationship between surface and form. Advanced processes are introduced and the exploration of patination and surface coloration continues. Prerequisites: ARTS 2341.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3343. Metals III.
Emphasis on a personal conceptual direction in the solution of formal problems using complex construction and fabrication processes. Prerequisite: ARTS 3342 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3344. Metals IV.
An introduction to the ductile qualities of the metal medium through advanced forming and raising processes. In a series of artworks, students develop a personal aesthetic. Prerequisite: ARTS 3342.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3352. Painting II.
A series of projects synthesizing the elements and principles of pictorial composition that encourage individual creative solutions. Prerequisites: ARTS 2351.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3353. Painting III.
Development of personal imagery in painting through individualized projects. Prerequisite: ARTS 3352 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3354. Painting IV.
The conceptual and technical aspects of painting are developed through experimentation, research and evaluation. Prerequisite: ARTS 3353 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3361. Foundations of Photography II.
This course introduces black and white aesthetics and techniques within a traditional and digital context. Prerequisite: ARTS 2361 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3363. Alternative Photographic and Digital Processes.
This course places an emphasis on the conceptual and technical aspects of digital and photographic imaging using the chemistry and techniques of alternative printing methods. Prerequisites: ARTS 3361 and ARTS 3364 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3364. Introduction to Digital Photography.
This course introduces students to the aesthetics of current digital imaging technology, including new digital cameras, scanning equipment, Macintosh computers, image-manipulation programs and printing devices. Prerequisite: ARTS 2361 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3365. Studio Photography.
This course uses a studio environment to explore issues in controlled lighting in photography. Prerequisites: ARTS 3361 and ARTS 3364.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3366. Intermediate Digital Photography.
This course builds and expands upon the digital and analog concepts and techniques covered in Introduction to Digital Photography, ARTS 3364 and Foundations II, ARTS 3361. Prerequisite: ARTS 3364.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3372. Introduction to Printmaking: Intaglio and Lithography.
This course introduces intaglio (etching, drypoint, color printing) and stone lithographic print techniques. Techniques in traditional/analog and contemporary/digital are covered. Provides a historical, technical, visual, and conceptual foundation for printmaking. Prerequisites: ARTF 1301; ARTF 1302; ARTF 1303; ARTS 1305, ARTT 2372, or ARTC 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3373. Intermediate Printmaking.
This course allows the student to pursue any of the introduction to print techniques (screen, relief, intaglio, litho) at an intermediate level. Provides both analog and digital tools, as well as demonstrations for making fine art prints. Prerequisite: ARTS 2371 or ARTS 3372.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3374. Advanced Printmaking Level One.
This course allows the student to pursue both technical and conceptual aspects of print at an advanced level. Technical demonstrations rotate on a three-semester basis. Prerequisite: ARTS 3373.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3376. Screen Printing.
This course introduces students to contemporary and traditional techniques in serigraphy (also known as screen printing) to produce a series of four in-depth, major creative projects. Repeatable for credit. Prerequisites: ARTF 1301 and ARTF 1302 and ARTF 1303 and ARTS 1305 or ARTC 1302, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3382. Sculpture II.
Development of a personal aesthetic direction with emphasis on the visual, conceptual and technical aspects of sculptural form. Prerequisites: ARTS 2381 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3383. Sculpture III.
Emphasizes personal aesthetic direction through the development of advanced metal casting and fabricating techniques. Prerequisite: ARTS 3382 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3384. Sculpture IV.
Focuses on developing conceptual and technical skills through the creation of large-scale sculpture. Prerequisite: ARTS 3383 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 3392. Watercolor II.
Continues the development of creative and technical skills through a series of structured watercolor projects. Prerequisite: ARTS 2391 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4000. Senior/Thesis Art Exhibition.
A senior level course in which all graduating students majoring in Studio Art with a studio specialization, Studio Art leading to All Level Certification, or in Photography, must participate during their last academic year. In consultation with thesis faculty, studio art and photography students will select work to exhibit from their Thesis I and Thesis II courses. Students earning teaching certification will select work to exhibit in consultation with art education faculty advisors.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4100. Special Problems in Studio Art.
This course provides the skills to prepare, package, and present written and professional documents and documentation of the creative work. The course also covers additional topics required for pursuing a professional career in the arts, building community, and preparing for post-BFA opportunities.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4200. Portfolio, Practice, and Exhibition.
This course provides the skills to prepare, package, and present the BFA Thesis in Studio Art and Photography, including written and professional documents and documentation of the creative work. The course also covers topics required for pursuing a career in the arts, building community, and preparing for post-BFA opportunities.
2 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4305. Expanded Media V.
This advanced studio course integrates contemporary theory and practice. Reading assignments and viewings serve as thematic prompts for students to create projects in an interdisciplinary manner. Experimentation and unexpected outcomes are encouraged. Prerequisite: ARTS 3304 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4306. Expanded Media VI.
This course is the first half of Senior Thesis for students under the Expanded Media Specialization. It requires a written statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4305. Corequisite: ARTS 4200.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4307. Expanded Media VII.
This course is the second half of Senior Thesis for students under the Expanded Media Specialization. It requires a written statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4306. Corequisite: ARTS 4000.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4308D. Natural and Human Environment of Italy.
This courses uses Italy as the backdrop to enhance aesthetic understanding of both color (slide transparency) and black and white photography. A strong emphasis is placed on developing visual, conceptual and technical aspects of photography using advanced camera knowledge, chemistry, and sensitivity to local visual stimuli.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308E. Fine Art Forging.
An introduction to the theories and processes of forging and blacksmithing for both ferrous and non-ferrous metals.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308I. Disegno a Firenze: Drawing in Florence.
Part of the summer program in Italy, this class focuses on drawing from various subjects in and around the city of Florence. Through daily practice, students will address not only the fundamentals of monochromatic drawing, but also the increased perception that the act of drawing engenders.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308O. Graphic Novels and 'Zines.
This class will explore comics, zines, graphic novels and forms of narrative art as a contemporary medium. The student will be introduced to historical and contemporary examples, including cinema and printed matter. The student will create original work in comic strips, 'zines, graphic novellas and/or printed ephemera.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308S. Mapping the City: Interdisciplinary Art in Urban Spaces.
This course will explore different methods of mapping (real and conceptual) utilitzed by contemporary artists and engage students in collaborative multidisciplinary projects. Students will build on their own interests and strengths, utilizing photography/video/interview formats/drawing/collage/etc., to build a portfolio of contemprary works. Prerequisite: ARTS 1305 with a grade of "D" or better.
3 Credit Hours. 48 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308T. Digitally Handmade for Artists and Designers.
This class provides the fundamental skills for integrating digital fabrication technologies with other art making processes. Students will be introduced to digital design and fabrication using 3D modeling software, 3D printers, and CNC milling. A variety of materials will be taught through conceptual, technical, and creative problem solving. (Metals substitution).
3 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308U. Soft Sculpture.
This course emphasizes personal aesthetic direction in sculpture through the study of numerous materials that are fiber based with an emphasis on contemporary practices in papermaking, sewing, surface design, and material manipulation. For students whose specialization in Sculpture, this may course may substitute for ArtS 3383 - Sculpture III. Prerequisite: ARTS 2381 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4308V. Visualizing the Culture of Beijing, China.
This course exposes students to the significance of data placed in visual context. Students will learn how data visualization can be used as a tool for cross-cultural communication and how first-hand knowledge of a foreign culture enhances design research methodologies based on their studies in Beijing, China.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4309A. Chinese Culture and Calligraphy.
This course explores Chinese art, culture, and language through calligraphy. By learning the Chinese language through calligraphy, students will identify the influence different written language systems can have on culture.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTS 4312. Studio Art Internship.
A course designed to offer students the opportunity to experience and receive academic credit for professional related activities in the field of the studio arts. Requires consent of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4315. Ceramics V.
Development of the conceptual and technical aspects of ceramics through experimentation, research and evaluation. Prerequisite: ARTS 3314 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4316. Ceramics VI – Thesis I.
The first half of the Senior Thesis for ceramics majors. Requires a written statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4315. Corequisite: ARTS 4200.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4317. Ceramics VII – Thesis II.
The second half of the Senior Thesis for ceramics majors. Requires a related body of work documented in a written progress report. Selections from the thesis project will be exhibited in a senior exhibition. Prerequisite: ARTS 4316 with a grade of "D" or better. Corequisite: ARTS 4000 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4318. Ceramics Special Problems.
An advanced level, independent study in ceramics which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Prerequisite: ARTS 3313 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4325. Drawing V.
Requires students to pursue a personal conceptual direction in drawing and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. Prerequisite: ARTS 3324 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4326. Drawing VI – Thesis I.
The first half of the Senior Thesis for drawing majors. Requires a written statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4325. Corequisite: ARTS 4200.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4327. Drawing VII – Thesis II.
The second half of the Senior Thesis for drawing majors. Requires a related body of work documented in a written progress report. Selections from the thesis project will be exhibited in a senior exhibition. Prerequisite: ARTS 4326 with a grade of "D" or better. Corequisite: ARTS 4000 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4328. Drawing Special Problems.
An advanced level, independent study in drawing which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Prerequisite: ARTS 4325.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4345. Metals V.
Focusing on the conceptual and technical aspects of the metal medium through experimentation, research and evaluation. Requires students to pursue a personal and conceptual direction and to produce a consistent body of artwork. Prerequisite: ARTS 3342.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4346. Metals VI – Thesis I.
The first half of the Senior Thesis for metals majors. Requires a written statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4345. Corequisite: ARTS 4200.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4347. Metals VII – Thesis II.
The second half of the Senior Thesis for metals majors. Requires a related body of work documented in a written progress report. Selections from the thesis project will be exhibited in a senior exhibition. Prerequisite: ARTS 4346 with a grade of "D" or better. Corequisite: ARTS 4000 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4348. Metals Special Problems.
An advanced level, independent study in metals which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Prerequisite: ARTS 3343.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4355. Painting V.
Requires students to pursue a personal conceptual direction in painting and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. Prerequisite: ARTS 3354 with a grade of D or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4356. Painting VI – Thesis I.
The first half of the Senior Thesis for painting majors. Requires a written statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4355. Corequisite: ARTS 4200.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4357. Painting VII – Thesis II.
The second half of the Senior Thesis for painting majors. Requires a related body of work documented in a written progress report. Selections from the thesis project will be exhibited in a senior exhibition. Prerequisite: ARTS 4356 with a grade of "D" or better. Corequisite: ARTS 4000 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4358. Painting Special Problems.
An advanced level, independent study in painting which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Prerequisite: ARTS 3353 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4360. Readings in Photography.
In this intensive writing course, students will read, write, and create studio projects in reaction to historical and contemporary written accounts of the history, practice, and interpretation of photography. (WI). Prerequisites: ARTH 3306, ARTH 3307, and ARTS 3366.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTS 4363. Color Photography and Digital Imaging.
This is a course in the aesthetics of color digital and photographic imaging and color prints made from transparencies. This course emphasizes developing the visual, conceptual and technical aspects of digital and photographic imaging using advanced camera knowledge and color chemistry for printing both color negative and digital files. Prerequisite: ARTS 4364.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4364. Advanced Digital Photography.
This course explores advanced concepts and techniques in digital photography. Prerequisite: ARTS 3366 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4366. Photography Thesis I.
This course is a senior-level course for photography majors requiring a series of related photographs. This course is the first half of the senior thesis. Prerequisite: ARTS 4360 or ARTS 3365 or ARTS 3366, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4367. Photography Thesis II.
The course is the second half of the Senior Thesis for photography majors requiring a series of original photographs to be documented in a written creative statement. An exhibition in the gallery of some or all of the work culminates the senior thesis. Prerequisite: ARTS 4366.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4368. Fine Art Photography Special Problems.
An advanced level, independent study in photography which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Must be an Art major or minor to enroll. Prerequisites: ARTS 2361; ARTF 1301, ARTF 1302.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4375. Advanced Printmaking Level Two.
The class challenges the student to make a suite of prints based on a single theme. While some new techniques may be introduced, the primary focus is on deepening the student's understanding of a particular print media. Prerequisite: ARTS 3374.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4376. Printmaking VI.
The student begins to create a conceptually linked body of work for their BFA. Written statements and other documentation are required, and priority is placed on the development of a personal and professional direction. Prerequisite: ARTS 4375. Corequisite: ARTS 4200.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4377. Printmaking VII.
The student completes their thesis work, culminating in participation in the Thesis Exhibition. Written statement, thesis and other professional documents are required, as is visual documentation of the thesis work. Emphasis is placed on a conceptually linked body of work and professional presentation. Prerequisite: ARTS 4376 with a grade of "D" or better. Corequisite: ARTS 4000 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4378. Printmaking Special Problems.
An advanced level, independent study in printmaking which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Prerequisite: ARTS 3373 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4379. Introduction to Book Arts.
This class examines the book as a complex visual and tactile art form. Demonstrations are given on traditional bindings from Asia and Europe. Students produce multiple mock-up books in addition to a major project of their choosing. Slide lectures introduce the history of books and an overview of contemporary artistic activity.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4385. Sculpture V.
The conceptual and technical aspects of sculpture are developed through experimentation, research and evaluation. Requires students to pursue a personal and conceptual direction and to produce a consistent body of artwork. Prerequisite: ARTS 3384 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4386. Sculpture VI – Thesis I.
The first half of the Senior Thesis for sculpture majors. Requires a written statement of intent outlining the scope and objectives of the proposed thesis project followed by a related body of artwork. Prerequisite: ARTS 4385. Corequisite: ARTS 4200.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4387. Sculpture VII – Thesis II.
The second half of the Senior Thesis for sculpture majors. Requires a related body of work documented in a written progress report. Selections from the thesis project will be exhibited in a senior exhibition. Prerequisite: ARTS 4386 with a grade of D or better. Corequisite: ARTS 4000 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ARTS 4388. Sculpture Special Problems.
An advanced level, independent study in sculpture which requires students to pursue a personal conceptual direction and to develop the appropriate technical and critical skills necessary for creating a cohesive body of artwork. May be repeated with different emphasis for additional credit. Prerequisite: ARTS 3383 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Art Theory and Practice (ARTT)

ARTT 2371. Fundamentals of Art Theory and Practice.
A survey and analysis of the theories and practices of art learning. Topics include: philosophy; history and theory of art learning; technology; artistic development; learning theories; assessment tools; program development; presentations and current realities; trends and issues. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTT 2372. Learning and Digital Media.
This course examines theories and practices of using electronic media for the creation of art as well as for enhancement of the art learning process. Prerequisite: ARTT 2371. Recommended co-requisite: ARTT 3373.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 3370. Art Theory and Practice.
Introduces the theories and practices of children's art learning for the non-art major.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 3372. Art Theory and Practice for Children.
A survey and analysis of the theories and practices of teaching art to children. Topics include artistic development, art programming, content, philosophies, methodologies, objectives and assessment. Requires 10 clock hours of field experience in an elementary art learning setting. Prerequisite: ARTT 2371 with a grade of "C" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTT 3373. Art Theory and Practice for Adolescents.
The theories and practices of adolescent art learning. Topics include: learning environments, artistic development, presentation methodologies, objectives and assessment, and other current topics. Requires 10 clock hours of field experience in a secondary school art setting. Prerequisite: ARTT 2371 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 3375. Experimental Water Media.
Upper level elective for studio majors. Fills teaching certification watercolor requirement. Students will experiment with water media, including watercolor, egg tempera, gouache, and mixed media on a variety of surfaces, including yupo and gessoed paper. Students will explore mixed media with watercolor. Justification: Future teachers need to develop skills in a wide range of water media, on a wide range of paper including yupo, and in combining watercolor with media, such as prismacolors, markers, water soluble markers and pencils and collage. These things are not covered in the watercolor studio course. The course would also serve as an elective for studio art majors who want to explore multiple media with watercolor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ARTT 4000. Senior Art Education Exhibition.
A senior level course in which all graduating Art Education Seniors must participate during their last academic year. Work will be examined and produced leading to a showing in one of the Senior Student Exhibitions.
0 Credit Hours. 0 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

ARTT 4375. Pedagogy of Art Criticism, History & Aesthetics.
A survey and in-depth analysis of the philosophies and structures of art criticism, art history, and aesthetics, as well as contemporary methodologies for analyzing, interpreting and judging works of art. Prerequisite: ARTT 2371 with a grade of "C" or better, or consent of instructor. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ARTT 4376. Special Problems in Art Theory and Practice.
Individualized study focusing on personal skill and knowledge development related to art learning experiences. Research will include a review of literature, a design for practical experience, and documentation of results and conclusions. May be repeated with different emphasis for additional credit. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTT 4377. Pedagogy for Art Educators.
This course is the capstone course for art education majors and offers advanced K-12 pedagogy that supports the development of curriculum and a teaching portfolio. Students are required to participate in service learning fieldwork for a minimum of 6 hours. Prerequisites: ARTT 2371 with at least a C; Corequisites: Prior credit or enrolled in ARTT 3372, ARTT 3373, ARTT 4375, or consent of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ARTT 4380A. Computer Art.
An advanced level elective designed to examine and apply various techniques of creating and utilizing computer art for use in teaching art in the public schools.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ARTT 4380D. Art Education in the Community.
This course will provide a service learning environment to explore the ways that art education theory can be applied to community environments in order to enable positive social change. The course reconsiders the role of the art educator in the context of the social sector. Repeatable up to 3 times when the area(s) of study change.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics
Grade Mode: Standard Letter

ARTT 4380E. Storying Identity in Art & Culture.
This course explores identity as a construct made of individual and cultural components. Coursework is informed by auto-ethnographic traditions that consider artmaking (e.g., stories, poems, visual art) as an indicator of learning and development. Activities include daily journaling, peer critique, and making creative multimedia life-stories.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

Bachelor of Arts (B.A.) Major in Art

Minimum required: 120 semester credit hours

General Requirements

1. General education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 71) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.
3. A minor is required. Some minors may exceed 24 hours. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
4. Students must complete 39 hours of art.
5. Students must complete 36 advanced hours.
6. Prerequisites for all advanced Art classes must be met. Students must be aware that the 2000 level ARTS classes chosen will determine the advanced ARTS classes they are eligible to take.

Bachelor of Fine Arts (B.F.A.) Major in Communication Design

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Fine Arts (B.F.A.) degree with a major in Communication Design requires admission to the university and admission to the program. Information about the program admissions can be found at: http://www.finearts.txstate.edu/Art/academics/undergrad/ugrad-comdes.html
2. Admission requirements for the B.F.A. major in Communication Design are more restrictive than those of the University, and enrollment is limited to provide students with a quality experience. All applicants who indicate Communication Design as their preferred major will be assigned a temporary status/major code of Pre-Communication Design. In addition to meeting Texas State's general admission criteria, all students intending to major in Communication Design must pass ARTC 2000, earn a minimum grade of B in ARTC 1301 and ARTC 1302, and have a minimum Overall GPA of 2.75 to be admitted into the program. Admission Portfolio Review is a competitive formal review of creative work, conducted by Communication Design faculty. Native and transfer students will register for ARTC 2000 during the earliest semester in which they will meet all eligibility requirements. Students who do not pass ARTC 2000 may register for a future review, but will be allowed only one more attempt. Pre-Communication Design majors will not be permitted to enroll in 2000 – 4000 level Communication Design courses until they have met all requirements and have been formally admitted to the program. Requirements for admission to the Communication Design program are:

- A minimum Overall GPA of 2.75
- A passing grade of "CR" in ARTC 2000
- A minimum grade of "B" in ARTC 1301
- A minimum grade of "B" in ARTC 1302

General Requirements

1. The major is a three-and-a-half year, sequenced curriculum that requires a minimum three-year residency at Texas State.
2. All Communication Design (ARTC) courses must be completed at Texas State.
3. A minimum of 120 hours are required in this degree program including:

a) US 1100 - not required for all students. Check with your Academic Advisor prior to enrolling in this course.

b) 42 hours in the general education core curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

c) 77 hours in the major.

4. All course requirements must be met.

5. All prerequisites must be met.

6. A minimum 2.75 Major GPA is required for graduation.

a) In addition to the program specific 2.75 major GPA, all general graduation requirements (p. 60) must be met.

7. Attendance during summer is recommended to allow time for intensive work in ARTC courses during regular/long semesters. This intensive work leads to, and may be incorporated in, the production of the final portfolio during the senior year.

a) A maximum of 12 hours are recommended each semester of the freshman year, while enrolled in ARTF 1301, ARTF 1302, ARTC 1301, ARTC 1302 and ARTC 2000. Students who are required to take US 1100 will enroll in 13 hours in the first semester.
b) A maximum of 12 hours are recommended each semester of the junior and senior year.

8. ARTC 4200 must be taken concurrently with ARTC 4315.

9. Sequenced ARTC courses, including ARTC 4200 and ARTC 4315, and are not offered in the summer.

10. Advanced ARTC electives may be offered during summer terms. To enroll in these courses, prerequisites must be met.

11. To meet degree requirements in four years:

a) Complete ARTF 1301 and ARTF 1302 during the freshman year.
b) Meet all admission requirements, no later than the first semester of the Sophomore year.

c) Stay on sequence with ARTC courses.
d) Pass all ARTC courses on the first attempt.

Choose 3 courses from 3000 or 4000 level ARTC courses which are not otherwise required in the major.		
Co-requisites and/or prerequisites will not be waived.		

Bachelor of Fine Arts (B.F.A.) Major in Photography

Minimum required: 120 semester credit hours

General Requirements

1. The major requires a minimum three-year residency at Texas State.
2. A minimum of 120 hours are required in this degree program including:

a) US 1100 is not required for all students. Check with your Academic Advisor prior to enrolling in this course.

b) 42 hours in the general education core curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

c) 77 hours in the major

3. All graduation requirements must be met.

4. All course requirements must be met.

5. All prerequisites must be met.

6. Attendance during summer is recommended to allow time for intensive work in Photography courses during regular/long semesters. This intensive work leads to the production of the Thesis work that is required for the portfolio and exhibition during the senior year.

a) A maximum of 12 hours are recommended each semester of the freshman year, while enrolled in Art Foundation courses and ARTS 1305. Students who are required to take US 1100 will enroll in 13 hours in the first semester.

b) A maximum of 12 hours are recommended each semester of the senior year while enrolled in ARTS 4366 and ARTS 4367.

7. ARTS 4200 must be taken concurrently with ARTS 4367.

8. ARTS 4200, ARTS 4366 and ARTS 4367 are not offered in the summer.

9. To meet degree requirements in four years:

a) Complete all required Art Foundation courses and ARTS 1305 in the freshman year, as listed.

b) Stay on sequence with Photography courses.

10. Consult with your Academic Advisor if it is not possible to attend summer sessions.

Co-requisites and/or prerequisites will not be waived.

Only Communication Design majors may enroll in advanced level ARTC courses.

Bachelor of Fine Arts (B.F.A.) Major in Studio Art (Ceramics Concentration)

Minimum required: 120 semester credit hours

General Requirements

1. This major requires a minimum three-year residency at Texas State.
2. A minimum of 120 hours are required in this degree program including:

a) US 1100 - not required for all students. Check with your Academic Advisor prior to enrolling in this course.

b) 42 hours in the general education core curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

c) 77 hours in the major

3. All graduation requirements must be met.

4. All course requirements must be met.

5. All prerequisites must be met.

6. Attendance during summer is recommended to allow time for intensive work in the concentration during regular/long semesters. This intensive work leads to the production of the Thesis work that is required for the portfolio and exhibition during the senior year.

a) A maximum of 12 hours are recommended each semester of the freshman year while enrolled in Art Foundation courses and ARTS 1305. Students who are required to take US 1100 will enroll in 13 hours in the first semester.

b) A maximum of 12 hours are recommended each semester of the senior year while enrolled in ARTS 4316 and ARTS 4317.

7. ARTS 4200 must be taken concurrently with ARTS 4317.

8. ARTS 4200, ARTS 4316 and ARTS 4317 are not offered in the summer.

9. To meet degree requirements in four years:

a) Complete all required Art Foundation courses and ARTS 1305 in the freshman year, as listed.

b) Stay on sequence with courses in the concentration.

c) One level of the concentration must be completed in the summer, because courses in the concentration are sequenced, and must be taken in order.

10. Consult with your Academic Advisor if it is not possible to attend summer sessions.

Total Hours: 120

1 ARTS 4200 is a 2-hour course. Speak with your Academic Advisor prior to junior year if you will need to take more than 11 hours of coursework during the final semester.

2 To complete the minimum 120 hours required for this degree program, students who are not required to take US 1100 and who do not have credit for open elective hours, will need to make up that 1 hour of credit.

3 ARTS 2301 will be used to meet one course requirement, as either a 2D Studio Art course, a 3D Studio Art course or an Art Elective. It will not count in more than one area.

Course Options in the Major

Code	Title	Hours
Choose 1 course in 2D Studio Art from the following:		
ARTS 2301	Expanded Media I [3]	
ARTS 2351	Painting I	
ARTS 2361	Foundations of Photography I	
ARTS 2371	Introduction to Printmaking: Screen and Relief	
ARTS 2391	Watercolor I	
ARTS 3376	Screen Printing	
ARTT 3375	Experimental Water Media	
Any 2D ARTS Topics Course from ARTS 4308 or ARTS 4309		

Code	Title	Hours
Choose 2 courses in 3D Studio Art from the following:		
ARTS 2301	Expanded Media I [3]	
ARTS 2341	Metals I	
ARTS 2381	Sculpture I	
Any 3D ARTS Topics Course from ARTS 4308 or ARTS 4309		

Code	Title	Hours
Art Electives from the following:		
Choose 2 courses from ARTC, ARTH, ARTS, or ARTT		
Transfer courses that are evaluated as Arts Electives (ELNA in Art, ARTC, ARTH, ARTS and ARTT) will meet this requirement.		
Co-requisites and/or prerequisites will not be waived.		

Code	Title	Hours
Advanced Art Electives from the following:		
Choose 3 courses 3000-level or 4000-level from ARTC, ARTH, ARTS, or ARTT.		
Transfer courses that are evaluated as Advanced Art Electives (ELADV in ART, ARTC, ARTH, ARTS or ARTT) will meet this requirement.		
Co-requisites and/or prerequisites will not be waived.		
Only Communication Design majors may enroll in advanced level ARTC courses.		

Bachelor of Fine Arts (B.F.A.) Major in Studio Art (Drawing Concentration)

Minimum required: 120 semester credit hours

General Requirements

1. This major requires a minimum three-year residency at Texas State.
2. A minimum of 120 hours are required in this degree program including:

a) US 1100 - not required for all students. Check with your Academic Advisor prior to enrolling in this course.

b) 42 hours in the general education core curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas

State requirements and options in the core curriculum, including Honors courses.

c) 77 hours in the major

3. All graduation requirements must be met.

4. All course requirements must be met.

5. All prerequisites must be met.

6. Attendance during summer is recommended to allow time for intensive work in the concentration during regular/long semesters. This intensive work leads to the production of the Thesis work that is required for the portfolio and exhibition during the senior year.

a) A maximum of 12 hours are recommended each semester of the freshman year while enrolled in Art Foundation courses and ARTS 1305. Students who are required to take US 1100 will enroll in 13 hours in the first semester.
b) A maximum of 12 hours are recommended each semester of the senior year while enrolled in ARTS 4326 and ARTS 4327.

7. ARTS 4200 must be taken concurrently with ARTS 4327.

8. ARTS 4200, ARTS 4326 and ARTS 4327 are not offered in the summer.

9. To meet degree requirements in four years:

a) Complete all required Art Foundation courses and ARTS 1305 in the freshman year, as listed.
b) Stay on sequence with courses in the concentration.
c) One level of the concentration must be completed in the summer, because courses in the concentration are sequenced, and must be taken in order.

10. Consult with your Academic Advisor if it is not possible to attend summer sessions.

Advanced Art Electives		
Choose 3 courses from 3000 or 4000 level ARTC, ARTH, ARTS, or ARTT.		
Transfer courses that are evaluated as Advanced Art Electives (ELADV in ART, ARTC, ARTH, ARTS ad ARTT) will meet this requirement.		
Co-requisites and/or prerequisites will not be waived.		
Only Communication Design majors may enroll in advanced level ARTC courses.		

Bachelor of Fine Arts (B.F.A.) Major in Studio Art (Printmaking Concentration)

Minimum required: 120 semester credit hours

General Requirements

1. This major requires a minimum three-year residency at Texas State.
2. A minimum of 120 hours are required in this degree program including:

a) US 1100 - not required for all students. Check with your Academic Advisor prior to enrolling in this course.

b) 42 hours in the general education core curriculum. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

c) 77 hours in the major

3. All graduation requirements must be met.

4. All course requirements must be met.

5. All prerequisites must be met.

6. Attendance during summer is recommended to allow time for intensive work in the concentration during regular/long semesters. This intensive work leads to the production of the Thesis work that is required for the portfolio and exhibition during the senior year.

a) A maximum of 12 hours are recommended each semester of the freshman year while enrolled in Art Foundation courses and ARTS 1305. Students who are required to take US 1100 will enroll in 13 hours in the first semester.

b) A maximum of 12 hours are recommended each semester of the senior year while enrolled in ARTS 4376 and ARTS 4377.

7. ARTS 4200 must be taken concurrently with ARTS 4377.

8. ARTS 4200, ARTS 4376 and ARTS 4377 are not offered in the summer.

9. To meet degree requirements in four years:

a) Complete all required Art Foundation courses and ARTS 1305 in the freshman year, as listed.

b) Stay on sequence with courses in the concentration.

c) One level of the concentration must be completed in the summer, because courses in the concentration are sequenced, and must be taken in order.

10. Consult with your Academic Advisor if it is not possible to attend summer sessions.

Bachelor of Fine Arts (B.F.A.) Major in Studio Art (Teacher Certification in Art, Early Childhood Through Grade 12)

Minimum required: 121 semester credit hours

Admission Requirement

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

General Requirements

1. This major requires a minimum three-year residency at Texas State.
2. After successful completion of this degree program and earning passing scores on the required certification exams, graduates may apply to the Texas Education Agency for All Level Teacher Certification in Art, grades EC-12.
3. A minimum of 121 semester credit hours are required in this degree program including:
   a) US 1100 - not required for all students. Check with your Academic Advisor prior to enrolling in this course.
   b) 42 hours in the general education core curriculum. The General Education Core Curriculum (p. 67) courses are listed in the degree plan below along with the statewide component code number. See the Office of Educator Preparation (p. 234) for general education core curriculum requirements that are unique to Teacher Certification including course requirements and minimum grade requirements for specific courses.
   c) 60 hours in Art
   d) 18 hours in the Teacher Certification area including the Block and Student Teaching.
4. All graduation requirements (p. 60) must be met.
5. In addition to the other graduation requirements listed in this catalog, the following graduation requirements must be met by students seeking teacher certification:
   a) an Overall GPA of at least 2.75.
   b) Successful completion of Student Teaching courses EDST 4380 and EDST 4381.

c) A GPA of at least 2.50 in all assigned courses in the professional sequence and in the teaching field(s) or concentration(s) with no grade below a "C" in these courses.

6. All course requirements must be met.
7. All prerequisites must be met.
8. All Teacher Certification requirements must be met. See the Office of Educator Preparation (p. 234) for requirements.
9. Art Theory classes are sequential. With the exception of ARTT 2371, these courses are rotated as follows:
   a) Fall semester only: ARTT 3372, ARTT 4375
   b) Spring semester only: ARTT 2372, ARTT 3373, ARTT 4377
10. To meet degree requirements in four years:
    a) Enroll in ARTT 2371 during the first freshman semester and then enroll in the next sequential ARTT class each subsequent semester.
    b) Complete all required Art Foundations courses in the freshman year, as listed.
    c) Twelve hours are recommended during a summer prior to senior year to complete hours that cannot be taken simultaneously with Student Teaching.
    d) Only the Student Teaching courses, EDST 4380 and EDST 4381 will be taken in the final semester.
11. All course work other than Student Teaching must be complete prior to EDST 4380 and EDST 4381.

Total Hours		24

1 Students should consult with their major advisor about the number of advanced hours required for graduation.

Minor in Art History

The minor in Art History requires 18 semester credit hours. This minor will offer students, who are interested in art history but do not want to major in it, the opportunity to acquire important visual and critical thinking skills central to the discipline. The minor in Art History will help students increase their competitiveness in a job market where employors are particularly interested in well-rounded job applicants who not only have specific technical skills but also a wider understanding of history and culture. A student cannot both major and minor in the School of Art and Design.

1 With the exception of ARTH 4325: Art History Internship, offered every semester, the 4000 level courses are taught in rotation on a three-year cycle.

Department of Communication Studies

Centennial Hall Room 205
Telephone: 512-245-2165 Fax: 512-245-3138
www.finearts.txstate.edu/commstudies (http://www.finearts.txstate.edu/commstudies)

Communication studies examines the creation, expression, and analysis of messages in our personal, professional, and public lives. Communication studies students learn to manage message processes within and among individuals, groups, organizations, and societies. They explore verbal and nonverbal communication, organizational and business communication, rhetoric and criticism, argumentation and persuasion, and communication technology.

Communication studies majors learn principles and practical skills useful for careers in business, industry, government, non-profit organizations, social services, and education. Graduates enter such professions as law, business, public relations, event planning, public service, teaching, management, human resources, training and development, marketing, sales, public administration, politics, and ministry.

Some students may wish to concentrate on a particular aspect of communication study. Although there is no required sequence of courses for any single area of interest, the following general guide may be used to assist students in providing a focal point for their communication study.

Interpersonal Communication

Courses that focus on interpersonal communication are designed to provide students with skills and knowledge to pursue a variety of career goals that involve interpersonal interactions with others. This area of interest is appropriate for students seeking careers in business, non-profit organizations, sales, public relations, customer service, counseling, hospitality services (e.g. travel or hotel industry) or other careers or professions which emphasize effective human relationship skills.

Organizational Communication

Courses that focus on organizational communication are designed to enhance the student's marketability in careers requiring skills in the management of human relationships and communication flow within contemporary business, public service, non-profit, and professional organizations.

Persuasive Communication

Persuasive communication emphasizes study in rhetoric, public address, and argumentation. This area of interest is appropriate for students planning careers in business and industry, non-profit organizations, sales and marketing, the ministry, law, politics or other careers in which persuasion, rhetorical, and analytical skills are important.

Student Organizations

The department also proudly sponsors the student honor society Lambda Pi Eta, the Communication Ambassadors, and the Texas State forensics team and LBJ Debate Society. The Elton Abernathy Forensics Society is Texas State's competitive speech team. The LBJ Debate Society is named for former President Lyndon B. Johnson, who was involved in debate as a student at Texas Sate University. Both teams travel locally, regionally, and nationally.

Departmental Internship Elective

Some students may wish to enroll in the Internship course COMM 4390. Requirements for the course may be found in the Courses section of the catalog.

Admission Requirements

1. Any student admitted to Texas State may declare and be admitted under the temporary pre-program status. With this status, students may enroll in the following communication courses, COMM 1310, COMM 2315, COMM 2330, and COMM 2338. Once a student has accumulated at least 45 hours and has an Overall GPA of at least 2.50, the student may then declare a major in Communication Studies. Only students admitted to the major will be able to register for additional upper level courses.
2. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

Bachelor of Arts (B.A.)

- Major in Communication Studies (p. 276)
- Major in Communication Studies (Interpersonal Communication Concentration) (p. 277)
- Major in Communication Studies (Organizational Communication Concentration) (p. 278)
- Major in Communication Studies (Persuasive Communication Concentration) (p. 279)
- Major in Communication Studies (Teacher Certification in Speech, Grades 7-12) (p. 280)

- Political Communication
- Second Teaching Field in Speech (Grades 7-12)

Courses in Communication Studies (COMM)

COMM 1310. Fundamentals of Human Communication.
This course examines the speaking and listening principles and techniques that are fundamental for every aspect of human communication. The course develops basic verbal and nonverbal communication skills and knowledge in three specific contexts: interpersonal, small group, and public speaking.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Component Area Core 090|Component Area Core 091|Lab Required|Time Conflicts Permitted
Grade Mode: Standard Letter
TCCN: SPCH 1311

COMM 1340. Voice and Articulation.
This course is a study of the physiology of the human voice and the sounds of speech. The student's own voice will be the primary focus, with practice to develop speech appropriate for professional contexts. Prerequisite: COMM 1310.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SPCH 1342

COMM 2111. Speech and Drama Activities.
A course designed to provide credit for participation in communication studies and theatre activities. May be repeated for a total four credits in communication studies and four credits in theatre. May be repeated with different emphasis for additional credit.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: SPCH 1144

COMM 2315. Interpersonal Communication.
This course studies communication principles and theories exploring interpersonal interactions with emphasis on conceptual foundations, personal growth and skill enhancement. Prerequisite: COMM 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SPCH 1318

COMM 2326. Interpretive Reading.
A study of the techniques of the oral interpretation of literature with an emphasis on performance. Prerequisite: COMM 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SPCH 2341

COMM 2330. Small Group Communication.
This course focuses on communication in small groups and teams including an analysis of the structure and skills involved in managing the task and relational components of group work. Special emphasis is placed on problem solving discussion, effective meeting leadership and participation, and critical thinking. Prerequisite: COMM 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SPCH 2333

COMM 2338. Public Speaking.
This course helps the student to develop personal speaking skills and introduces principles of contemporary types of speeches. Prerequisite: COMM 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: SPCH 1315

COMM 3301. Empirical Research Methods.
This course explores how to conduct and interpret communication research through the scientific method. Prerequisite: 6 hours COMM.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3302. Rhetorical Research Methods.
Students will explore and apply methods of analysis and evaluation of rhetorical discourse with emphasis on developing critical research and writing skills. Students should complete COMM 3302 before enrolling in other advanced rhetorical studies courses. Prerequisite: COMM 2338 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3310. Communication Theory.
This course explores the practical ways in which communication theory operates to foster self-awareness, to make sense of personal experiences, and to cultivate critical thinking.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3318J. Communication in Health Organizations.
This course examines the delivery and exchange of messages within health organizations. Specific communication contexts to be emphasized will include interpersonal conflict, negotiating, communication networks, communication environments, virtual systems of communication, channel/media selection strategies, communication climate, communities of practice, public relations communication campaigns, and organizational crisis management. Prerequisite: COMM 2315 or COMM 2330 or COMM 2338 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3318K. Diversity and Communication.
This course will examine various styles of formal and informal communication and how to build awareness and understanding of diversity. It will address diversity issues stemming from similarities and differences in social characteristics such as age, gender, race, and sexual orientation. It will address how society communicates about issues related to diversity. Prerequisites: COMM 2315 or COMM 2330 or COMM 2338 all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3318M. Intercultural Communication in the Americas.
This course explores principles and practices of intercultural communication with specific applications to North and South America.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3318O. Environmental Communication: Sustainability, Rhetoric, Criticism and Advocacy.
The analysis of environmental communication contributes much to our knowledge about public discourse and the symbolic processes of influence in formal oratory, public debate, political communication, organizational communication, and mass media. This course will challenge you, but the rewards will be worth the effort - you will see and hear the public messages around you in a whole new way.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3318Q. The Dark Side of Communication.
The Dark Side of Communication will examine aversive and problematic interactions in the interpersonal, organizational, and instructional settings. Sample topics include hurtful messages, stalking, aggression, jealousy, fatal attraction, and conflict. Students will take a research-based approach to understanding these undesirable, yet very common, communicative messages. Restricted to sophomore or higher classification.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3318R. Instructional Communication Practicum.
This course will provide students with an overview of instructional communication research including teacher immediacy and clarity, and student responsiveness and engagement. Students will also work with a faculty supervisor as an instructional aide in which they will facilitate experiential activities and learn to assess lower division assignments. Permission of supervising instructor is required prior to registration.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Topics|Writing Intensive
Grade Mode: Standard Letter

COMM 3318S. Social Media in Organizations.
Social Media in Organizations prepares students to be effective social media writers, resourceful workers, critical consumers, and savvy job seekers. We will consider members' use of social media inside organizations as well as explore our peripheral connection with organizations as consumers and prospective employees.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3318T. Sports Communication.
Sports Communication provides a theoretical foundation to understand and apply interpersonal, organizational, team, and public communication skills in sports settings. Sample topics include: fan culture, racial identity and gender, player/coach interactions, and crisis communication. Students gain practical knowledge and skills to optimize verbal and nonverbal messages in sports contexts. Prerequisite: COMM 1310 with a "D" or better. Sophomore standing required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3318U. Public Advocacy and Civic Engagement.
This course provides a theoretical foundation to understand the fundamentals of public deliberation, advocacy, and civic engagement in a democratic society. Sample topics include practices of engagement and inquiry; ethics; free expression and the responsibility of advocates. Prerequisite: COMM 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3318V. Speechwriting.
This course will provide a basic understanding of the speechwriting process, including writing different types of speeches of varied length targeted to different audiences in different venues. Students will learn effective speech organization and content through drafting and peer review of speech outlines. Students will also gain basic experience in.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

COMM 3319. Introduction to Organizational Communication.
Applies communication and management theory along with contemporary research to understand messages in corporate, nonprofit, and volunteer organizations. Prepares the students to think critically about their organizational experiences and use theory to assess and manage communication processes including supervisor-subordinate communication, conflict, and cultures. Prerequisite: COMM 2315 or COMM 2330 all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3325. Communication and Conflict Management.
Demonstrates the ways communication skills can be used to manage conflict. The class also provides an analytic framework for diagnosing conflict, negotiation, and mediation. Prerequisites: COMM 2315 or 2330 with a grade of "D" or better, or permission of instructor; Full major or minor status. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

COMM 3326. Family Communication.
The study of the theory and research trends regarding the dynamics of family communication, including parent-child, sibling, marital, and inter-generational interactions; family culture and roles: divorce and step families; conflict; stress and well being. Prerequisite: COMM 2315 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

COMM 3328. Communication and Gender.
Investigates the interactive nature of communication and gender, the creation of gender identities, and the role of gender and communication in a variety of settings. Prerequisites: COMM 2315 with a grade of "D" or better; Full major or minor status. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

COMM 3329. Intercultural Communication.
Presents theory and application of communication skills for a culturally diverse world. Develops verbal and nonverbal abilities in social and professional intercultural contexts. Prerequisites: COMM 2315 or COMM 2330 or COMM 2338, all with a grade of "D" or better; Full major or minor status. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

COMM 3330. Nonverbal Communication.
Introduces the conceptual foundations of nonverbal communication. Theoretical components, research methods and applications of nonverbal communication are also explored in a variety of contexts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3345. Argumentation and Debate.
A study of basic principles of argumentation emphasizing analysis, evidence, reasoning, and refutation and their applications in formal and informal debate contexts. Students will do laboratory work with the University forensics squad. Prerequisite: COMM 1310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 3358. Professional Communication.
Application of self-presentation and interaction concepts and skills to the transition from undergraduate studies to professional life, including job selection, resume preparation and presentation, interviewing, and interaction management in business and professional settings. Prerequisite: COMM 2315 or COMM 2330 or COMM 2338 all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4111. Practicum in Communication Studies.
On-the-job experience working with faculty to assist with the department missions of teaching, research or service. Students may work in the department communication lab, assist faculty in the classroom, serve as faculty research assistants or other academic support tasks. May be repeated one time for additional credit. Prerequisites: Senior class standing and permission of department chair; Full major or minor status.
1 Credit Hour. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

COMM 4307. Media Criticism.
Explores the influence of media messages based upon communication and rhetorical theories in shaping perceptions and values. Focus is upon the rhetorical analysis of how the visual media of film and television communicate social, political, and personal attitudes and behaviors. Prerequisites: COMM 2338 with a grade of "D" or better; Full major or minor status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4310. Methods of Teaching Communication Studies.
A study of methods of teaching communication studies principles and skills for secondary school teachers. Students enrolled in teacher certification programs with a major in Nutrition, Consumer Affairs, Communication Studies or a second teaching field in Communication Studies should contact the Department of Communication Studies for approval to register. Prerequisites: COMM 1310, COMM 2338, COMM 2315, or COMM 2330 with minimum grade of "C". (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

COMM 4315. Directed Research in Communication Studies.
Individual or group research projects at the advanced level that are not offered in the present curriculum. Permission and project approval must be obtained from the departmental chair prior to registration. May be repeated with different emphasis for additional credit. Prerequisites: Permission of instructor; Full major or minor status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Dual Enrollment Permitted
Grade Mode: Standard Letter

COMM 4320. Planning Communication Studies Activities and Events.
This course is designed to assist individuals in the management and implementation of communication activities and events. The course includes practical experience in planning and directing individual events.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

COMM 4321. American Speeches.
Analysis and evaluation of major American speeches and their influence on the history and culture of the United States from 1630 to the present. Prerequisites: COMM 2338 with a grade of "D" or better; Full major or minor status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4322. Rhetoric of Protest Movements.
Explores the persuasive strategies used by protest and political movements to promote social and political change. Focuses upon the application of critical perspectives in understanding the stages, leadership styles, and rhetorical appeals characteristics of movements in American society. Prerequisites: COMM 2338 with a grade of "D" or better; Full major or minor status. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

COMM 4324. Organizational Rhetoric.
Guided by principles of rhetoric, students will investigate a variety of functions for internal and external audiences. Functions will include building identity; managing issues, impressions, and crisis; and influencing organizational culture. Students will use this knowledge to create and analyze organizational messages. Prerequisite: COMM 2338 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4325. Communication and Technology.
This course explores how the use of information and communication technologies relates to interpersonal, organizational, public, political, and intercultural communication practices and outcomes. Prerequisite: COMM 2315 or COMM 2330 or COMM 2338, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4326. Health Communication.
This course provides students with an overview of major theoretical and practical issues for communicating about health issues in clinical, organizational, relational, and public contexts. Students will gain knowledge and skills to improve patient health outcomes through effective message strategies. Prerequisite: COMM 2315 or COMM 2330 or COMM 2338, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4329. Communication Training and Human Resource Development.
This course presents the principles and skills of developing and presenting communication training programs. An emphasis is placed upon applications of communication skill development, communication theory, and instructional communication research in organizational contexts. Prerequisite: COMM 2315 or COMM 2330 or COMM 2338, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4331. Persuasion.
An investigation of rhetorical and behavioral theories of persuasion, the devising of persuasive campaigns, as well as the consumption and generation of persuasive messages in a variety of communication settings. Applicable for careers in business, law, and human relations. Prerequisites: COMM 2315 or COMM 2338; Full major or minor status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4338. Advanced Public Speaking.
In-depth critical analysis of speech construction and the development of presentation skills. Prerequisites: COMM 2338 with a grade of "D" or better; Full major or minor status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4345. Political Communication.
A study of historical and contemporary political campaigns in the United States analyzing management strategies, promotional techniques, and rhetorical messages. Prerequisites: COMM 2338 with a grade of "D" or better; Full major or minor status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4347. Leadership and Communication.
An advanced course in communication designed to examine in detail the phenomenon of leadership in groups and organizations. Various theories and approaches to leadership will be surveyed with an emphasis on applying leadership principles. Prerequisites: COMM 2330 with a grade of "D" or better; Full major or minor status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4351. Relational Communication.
The study of theory and research trends regarding communication in close relationships, including attraction and intimacy; relationship development, maintenance, and dissolution; affection and support; and conflict. The theoretical and practical relevance of the social, emotional, and relational consequences of messages in emphasized throughout the course.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

COMM 4390. Communication Internship.
This course provides on the job experience in a communication related role in an approved organization. Enrollment requires permission of the instructor, a minimum of 150 clock hours on the job, a written contract with the internship coordinator, and a final portfolio of work. May be repeated for additional credit. Prerequisites: 6 hours of upper level communication electives completed with a grade of “C” or higher. Restricted to full majors or minors in their junior or senior year. Good academic standing required.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Bachelor of Arts (B.A.) Major in Communication Studies

Minimum required: 120 semester credit hours

Admission Requirements

1. Any student admitted to Texas State may declare and be admitted under the temporary pre-program status. With this status, students may enroll in the following communication courses, COMM 1310, COMM 2315, COMM 2330, and COMM 2338. Once a student has accumulated at least 45 hours and has an Overall GPA of at least 2.50, the student may then declare a major in Communication Studies. Only students admitted to the major will be able to register for additional upper level courses.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 71) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.
3. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
4. The core courses required of all Communication Studies majors are COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301 and COMM 3302.
5. The minimum number of hours required for this degree program is 120. The number of free elective hours a student will complete

depends on the number of hours a student may need to achieve the required 120 total or 36 advanced hours.

Bachelor of Arts (B.A.) Major in Communication Studies (Teacher Certification in Speech, Grades 7-12)

Minimum required: 120 semester credit hours

Admission Requirements

1. Any student admitted to Texas State may declare and be admitted under the temporary pre-program status. With this status, students may enroll in the following communication courses, COMM 1310, COMM 2315, COMM 2330, and COMM 2338. Once a student has accumulated at least 45 hours and has an Overall GPA of at least 2.50, the student may then declare a major in Communication Studies. Only students admitted to the major will be able to register for additional upper level courses.
2. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 71) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.
3. The core courses required of all Communication Studies majors are COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301 and COMM 3302.
4. To satisfy graduation requirements for teacher certification, students must have at least a 2.75 Overall GPA. A GPA of at least 2.50 in all

assigned courses in the professional sequence with no grade below a "C".

5. In addition to the major and minor requirements, students must also complete 21 hours of professional sequence courses through the College of Education. All coursework must be completed prior to EDST 4681.
6. The minimum number of hours required for this degree program is 120. The number of free elective hours a student will complete depends on the number of hours a student may need to achieve the required 120 total or 36 advanced hours.

Minor in Health Communication

The minor in Health Communication requires 21 semester credit hours.

The minor includes a unique blend of theory, research, and application. The study of health communication can contribute to disease prevention and health promotion in areas such as provider-patient communication, patient-family communication, public health messages and campaigns, health in mass media, public health, and technology and health. The minor is interdisciplinary, including courses from the Department of

Communication Studies, the School of Health Administration, the School of Journalism and Mass Communication, and the Department of Psychology.

If a student is a Communication Studies major, only the core courses in Communication Studies (COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301, COMM 3302) may count towards their minor in Health Communication.

If a student is a Healthcare Administration major, no courses may count for their major and minor.

PSY 3300	Lifespan Development [2]	
PSY 3331	Social Psychology [2]	
PSY 3333	Industrial Psychology [2]	
Total Hours		21

[1] This course has a prerequisite of COMM 2315. Students should select that option as one of the required Communication Studies courses.

[2] All Psychology courses require the completion of PSY 1300 with a grade of C.

Minor in Leadership Studies

The minor in Leadership Studies requires 21 semester credit hours. The minor is interdisciplinary, including courses from the following departments: Communication Studies, Management, Philosophy, Aerospace Studies, Psychology, and the School of Health Administration. Students select two courses (6 hours) which emphasize leadership skill development and two courses (6 hours) which provide a theoretical or conceptual approach to leadership. All students in this minor will be advised by the Department of Communication Studies. Students entering the program will be contacted by the department and will be required to see an advisor before selecting elective courses. If a student is a Communication Studies major, only the core courses in Communication Studies (COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301, COMM 3302) may count towards their minor in Leadership Studies.

[1] PSY 1300 with a grade of C is a prerequisite for PSY 3331 and PSY 3333.

Minor in Political Communication

The minor in Political Communication requires 24 semester credit hours, including 12 hours from the Department of Communication Studies and 12 hours of selected courses from the Department of Political Science. The minor addresses a variety of theories, principles, and skills related to the political communication process. The minor is designed for students interested in law, politics, public administration, public policy, or other professions related to issues and ideas in a political communication context.

If a student is a Communication Studies major, only the core courses in Communication Studies (COMM 1310, COMM 2315, COMM 2330, COMM 2338, COMM 3301, and COMM 3302) may count towards their minor in Political Communication.

If a student is a Political Science major, no course may count for both their major and minor.

Code	Title	Hours

Second Teaching Field in Speech (Grades 7-12)

For students who are seeking a teacher certification within their major and would like a second teaching field in Speech, the requirements are:

Code	Title	Hours
COMM 1310	Fundamentals of Human Communication	3
COMM 2315	Interpersonal Communication	3
COMM 2330	Small Group Communication	3
COMM 2338	Public Speaking	3
COMM 3345	Argumentation and Debate	3
COMM 4310	Methods of Teaching Communication Studies	3
COMM Advanced Electives		3
Choose one of the following:		3
COMM 2326	Interpretive Reading	
COMM 3310	Communication Theory	
COMM 3358	Professional Communication	
COMM 4320	Planning Communication Studies Activities and Events	
Total Hours		24

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

School of Journalism and Mass Communication

Old Main Building Room 102
Telephone: 512-245-2656 Fax: 512-245-7649
www.masscomm.txstate.edu (http://www.masscomm.txstate.edu)

The School of Journalism and Mass Communication is an ACEJMC accredited program that offers a curriculum that introduces students to the broad framework of mass communication, emphasizing what is

common and fundamental to advertising, digital media, electronic media, journalism and public relations.

The mission of the School of Journalism and Mass Communication is to pursue excellence. Our programs strive to cultivate strong professional, research, theoretical, critical and ethical skills in a diverse and engaging environment that prepares students to be socially responsible media professionals, scholars and citizens. Students may earn a Bachelor of Arts in Mass Communication or a Bachelor of Science degree with a major in Advertising and Mass Communication, Digital Media Innovation and Mass Communication, Electronic Media and Mass Communication, Journalism and Mass Communication, or Public Relations and Mass Communication.

Students may gain experience by working in student media, such as the *University Star*, KTSW 89.9 FM, *Bobcat Update* a cable access television channel, Bobcat Promotions, and through internships outside the school. They also have the opportunity to participate in intercollegiate competitions through organizations such as the American Advertising Federation, Public Relations Society of America, Texas Intercollegiate Press Association, National Broadcast Society, and the Society of Professional Journalists.

To earn a Bachelor of Science degree students must complete 120 semester hours, which includes the general education core curriculum requirements, B.S. support coursework requirements, 40 hours in the major, and a minor outside the school. Due to ACEJMC accrediting standards at least 72 hours of the total degree must be outside of MC prefix courses. As a result, no more than 48 hours of Mass Communication prefix courses may be counted toward the minimum 120 hours degree requirements. Students should keep this in mind when considering minor, concentration and open elective options.

To earn a Bachelor of Arts degree in Mass Communication, students must complete 120 semester hours, which includes the general education core curriculum requirements, B.A. degree requirements, 33 hours in Mass Communication, and a minor outside the school. No more than 48 hours of Mass Communication prefix courses may be counted toward the minimum 120 hour degree requirements.

For the B.S. degree community college transfer students may apply no more than 13 semester credit hours of mass communication transfer courses to their degree. Transfer students from four-year institutions may apply no more than 19 semester credit hours of mass communication transfer courses to their degree. Regardless of transfer coursework at least 21 hours of the major coursework must be earned at Texas State.

For the B.A. degree community college transfer students may apply no more than 13 semester credit hours of mass communication transfer courses to their degree. Transfer students from four-year institutions may apply no more than 15 semester credit hours of mass communication transfer courses to their degree.

At the Round Rock Campus only the Bachelor of Arts major in Mass Communication degree program is offered. However, students majoring in other programs in the School of Journalism and Mass Communication may find some course offerings at the Round Rock Campus. Contact the School of Journalism and Mass Communication at 512-245-2656 or the One Stop Center at the Round Rock Campus at 512-716-4001 for more information.

In an effort to promote the academic welfare of all Mass Communication students, the school strongly recommends that all students seek academic advising each semester. In certain situations, students may have an advising hold placed on their records. Advisors are available year round to assist students with academic issues and concerns. Students can call 512-245-1932 to make an advising appointment.

Field of Study

The School of Journalism and Mass Communication (SJMC) will accept up to a 13 hour SCH block of coursework from the Communication Field of Study* from Texas two-year colleges towards any major in the SJMC. The SJMC will accept up to a 19 hour SCH block of coursework from Texas four-year colleges and universities towards any BS major in the SJMC and up to a 13 hour SCH block of coursework towards the BA major in the SJMC.

* Coursework from the first three sub-areas of the Communication field of study. These are (1) Advertising/Public Relations, (2) Journalism/ Mass Communication and (3) Radio & Television Broadcasting/Broadcast Journalism. The curriculum in the fourth sub-area of Communication falls under another major and degree program at Texas State and would be applied to that major and degree accordingly, but not to degree programs in the SJMC.

Mass Communication Majors

In addition to core MC courses, the school offers courses to prepare students for work within all areas of mass communication. Students may major in Advertising, Digital Media Innovation, Electronic Media, Journalism or Public Relations, or elect a broader Mass Communication course of study.

For B.S. degrees, students must complete an additional 28 hours. For B.A. degree, students must complete an additional 21 hours. Students should see a Mass Communication academic advisor for assistance in planning their programs in these areas of study.

Advertising and Mass Communication

The Advertising sequence is dedicated to teaching students the strategic and creative skills necessary to solve clients' real world, real time, business problems. TO that end, the Advertising sequence offers courses that cover the major job descriptions of advertising, such as strategic research and planning, business strategy and account management, creative development, ad media planning, buying and analytics. Through the sequence of courses, students are exposed to various job opportunities within the field and learn the skills necessary to become a professional in an advertising agency, client company or specialized communications firm. Further, students may participate in Texas State's national, award winning AAF (American Advertising Federation) National Student Advertising Competition (NSAC) team.

Digital Media Innovation and Mass Communication

The Digital Media Innovation (B.S.) sequence immerses students in the breadth of digital knowledge to prepare them for new and emerging media roles. These roles, requiring advanced technology skills and digital perspective, include news application developers, multimedia experience producers, social media editors, engagement managers and data analysts, and can include positions in traditional media organizations, technology companies and media start-ups. Students in this sequence focus on digital strategy and experimentation associated with new models of storytelling and innovative applications of media.

Electronic Media and Mass Communication

The Electronic Media (B.S.) sequence offers courses designed to prepare students for careers in broadcasting, cable, satellite and new media. The courses emphasize journalism, audio and video production, management, and programming by combining skills instruction with decision-making opportunities, which students put into practice while working for student media. Electronic media sequence students receive hands-on experience while working for radio station KTSW, a cable access television channel, and online. Students are also encouraged to seek internships in professional media organizations off-campus.

Mass Communication

The Mass Communication (B.A.) sequence offers students the opportunity to acquire a broad, flexible education aimed at a comprehensive understanding of the changing dynamics of mass communication in society. Whether it's telling a story through multiple platforms, building a personal brand, or engaging in research, the major helps prepare students to reach across the various communication disciplines for new insight, skills, forms of expression, and expanding employment opportunities in mass media.

Journalism and Mass Communication

The Journalism (B.S.) sequence prepares students to be reporters, editors, designers and visual journalists. An emphasis is placed on writing and multimedia skills. Students are encouraged to work with campus media outlets, including the University Star newspaper, and to seek internships with media organizations off campus.

Public Relations and Mass Communication

The public Relations (B.S.) sequence prepares students for rewarding careers in the management of communication across all media platforms. The program focuses on research, innovation, and problem solving in a diverse and global society through creative and strategic thinking and the highest legal and ethical standards. Students have opportunities to practice their skills in Bobcat PRomotions, the student-run public relations agency, and in internships in Texas and major cities in the United States.

Concentrations (Digital Media, Multimedia Production, and Sports Media)

Any student pursuing a B.S. degree in the School of Journalism and Mass Communication may add a concentration in Digital Media, Multimedia Production or Sports Media. The one exception is Digital Media Innovation majors cannot pursue a concentration in Digital Media. Students who elect to add a concentration can apply the 9 hour concentration towards the 12 hours of advanced MC electives required of the B.S. degree.

Assessment Portfolio

Students are required to submit course assignments (artifacts) to e-portfolio as part of an assessment portfolio and also complete a senior exam before they graduate. Course assignments (artifacts) required for the assessment porfolio are noted in the appropriate course syllabi.

Admission Requirements

1. Any student admitted to Texas State may declare and be admitted to the program under a temporary status called pre-mass communication. Once a student has accumulated at least thirty credit hours and meets the requirements outlined below, the student will be admitted to the school in full-major status. Students who fail to meet these requirements will not be admitted to the major.
   a. An overall GPA of at least a 2.5 on a 4.0 scale.
   b. A grade of a "C" or higher in the following courses or their equivalents:

Code	Title	Hours
ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
COMM 1310	Fundamentals of Human Communication	3
MC 1100B	Grammar for Journalists [1]	1
MC 1301	Introduction to Mass Communication	3

[1] Note: Or a score of 70 or higher on the school's Punctuation, Usage and Grammar (PUG) test. The PUG is given by the Texas State Testing, Research-Support and Evaluation Center on the main campus. The PUG is administered weekly; call 512.245.2276 for testing times. There is a fee of $40 per test. Students enrolled at the Round Rock Campus should call the One Stop Center at (512) 716-4000 for testing information.

Courses in Mass Communication (MC)

MC 1100A. Careers in Media.
Students engage in career exploration in the media professions.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100B. Grammar for Journalists.
Students refine their English grammar skills to a proficiency level needed to be successful journalists.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100C. Seminar in Sports Broadcasting.
Students will engage in sports broadcasting and reporting activities. These activities will be completed through in-class and field-based experiences of at least 15 hours. Students will further develop their writing, broadcasting and interviewing skills.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100D. Digital Entrepreneurship.
This course will explore innovation and creativity associated with digital entrepreneurship. Through a speaker series, students will be introduced to important concepts and ideas from thought leaders and innovators at the intersection of media and technology.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100E. Digital Media Tools and Skills.
This course will explore new tools and skills relevant to the digital age. Topics will include data visualization, spreadsheet usage, media creation software, mobile reporting, drones and sensors in journalism and video editing. May be repeated once for credit. Restricted to full major status.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100F. Digital Media Innovation Concepts.
This course will explore new concepts relevant to the digital age. Topics will include digital media history, ethics, law and will address online privacy, security, crime, identity and censorship. May be repeated once. Restricted to full major status.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100G. Coding Workshop.
This course will explore programming languages relevant to the digital age. Topics will include JavaScript, JQuery, Python, PHP, application programming interfaces, database languages, application development frameworks and other current topics. May be repeated once. Restricted to full major status.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100H. Career Exploration: Destination America.
This career exploration course allows mass communication students to visit and network with media professionals in the United States under the direction of faculty. The career development trip focuses on outlets in media centers in the United States such as: New York, Chicago, Seattle and San Francisco. Prerequisite: Prerequisite(s): Full-major status and consent of instructor.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100I. Fundamentals of Layout and Design.
Students will learn desktop publishing basics using Adobe Creative Suite's InDesign. The course will cover topics including creating documents for print or digital use, mastering tools required to create a simple page layout consisting of text and imagery and preparing files for review or publication. Prerequisite: Full-major status.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100J. Editing and Enhancing Digital Imagery.
Students will learn how to edit, enhance, and create digital imagery for print and web use. Adobe Creative Suite's Photoshop will be used for photos and pixel-based images. Students will use Illustrator to work with illustrations and vector-based images. Prerequisite: Full-major status.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100K. Social Media Analytics Platforms.
This course will prepare students for and assist them in achieving social media certifications. Prerequisite: MC 4381; A minimum grade of "C" is required in all prerequisites.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100L. Park Storytelling.
This course will explore new tools and skills relevant to the digital age, particularly the usage of smart phones in storytelling. Students will use those skills to produce video content in a park. Prerequisite: MC4381; A minimum grade of "C" is required in all prerequisites.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100M. Drone Bootcamp.
This course will explore new tools and skills relevant to the digital age, particularly the usage of drones in reporting, videography and multimedia, and prepare students to take the FAA exam.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100O. Freelancing for Media Professionals.
This course provides a practical overview of business topics related to all media and communication fields. Students will learn the art of freelancing, networking, negotiating and other topics designed to assist in developing their career.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1100P. Data Journalism.
This course provides students with a basic background in using data to tell journalistic stories. Topics include the collection, cleaning and analysis of data, as well as fundamental techniques of data visualization, including the production of static graphs and interactive components. Prerequisite: MC 4381; A minimum grade of "C" is required in all prerequisites.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 1301. Introduction to Mass Communication.
A survey of the mass media and other areas of mass communication designed to acquaint the student with the field of communication and what it offers.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: COMM 1307

MC 1313. Media Writing.
This course is an introduction to the major forms of Media Writing: electronic media, journalism, public relations and digital. (WI) Prerequisite: Full major status and typing skill.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter
TCCN: COMM 2311

MC 2111. Media Practicum.
Students perform supervised media work of at least 60 hours for the semester. Credit requires prior written contract with a supervising faculty member. May be repeated twice. Prerequisite: Minimum 2.0 Overall GPA and good academic standing.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

MC 3306. Writing for the Electronic Media.
The study and practice of writing copy for the electronic media, including the composition of commercials, news stories, public service announcements, promotions and documentaries. (WI) Prerequisites: Full major status, MC 1313; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MC 3307. Audio Production.
The basics of digital audio production with emphasis on techniques used in producing commercials, public service announcements and promotions. Lab requirements include a regular air-shift on the campus radio station and structured group meetings. Restricted to full major status.
3 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MC 3311. Video Production.
Basics of analog and digital video production. Emphasis on techniques used in producing newscasts, commercials, public service announcements, promotions. Lab requirements include field and studio production. Prerequisite: Full major status.
3 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MC 3312. Television News.
Standard theory and practice of electronic news gathering and production, including writing copy to match video and synchronization of audio and video in news stories. Students work on a campus news program. (WI) Prerequisites: Full major status, MC 3306 and MC 3311 or MC 4324; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 1 Lecture Contact Hour. 4 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MC 3319. Visual Communication.
This course studies the principles, theories, and language of visual communication, emphasizing the evaluation and use of images in mass media. It is designed to help you integrate words and pictures in mass communication and to gain a greater appreciation of our visual world.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3321. News Writing and Reporting I.
Integrating writing and reporting skills to produce stories across media platforms, including print and online, with an emphasis on storytelling. The study of techniques for locating and assessing information from multiple sources, including interviewing, fact verification, online research and the use of libraries. (WI) Prerequisites: Full major status, MC 1313; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MC 3343. Introduction to Public Relations.
This is the introductory course for the public relations sequence. Students will explore the functions of public relations in the digital age in the development of strategic communications for corporations, companies, government offices, non-profit organizations and public relations agencies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3355. Mass Media and Society.
This course offers an examination of the roles of the mass media in American society, including an analysis of the philosophical basis of media structure; mass media as business; media effects of public issues, morals and tastes; and other contemporary issues within a global media context.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3360. Public Relations Research.
Students will study the principles, techniques and problems of social science research and digital analytics as they relate to the planning and evaluation of strategic communication. Prerequisite: Full major status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3367. Advertising.
A broad overview of advertising including history, role and responsibility, and impact of the digital revolution. Key topics will be research, account service, media planning, creative, sales promotion, public relations, campaigns, and the advertising agency.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3372. Advertising Media Planning.
Study of planning and buying messages in traditional and new media to creatively and effectively reach targeted prospects. Attention is given to media characteristics, scheduling, testing and buying efficiencies. Prerequisites: Full major status, MC 1313 and MC 3367 and MC 4317, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3373. Broadcast Commercial and Promotion Writing.
Writing and producing radio scripts and television storyboards for commercial messages. Study will include audiences, programming, research and copytesting, and regulations. Spot announcements will be produced for class. Prerequisites: Full major status, MC 1313 and MC 3367, all with a grade of "C" or better. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MC 3375. Programming in Electronic Media.
Study of the principles and strategies of winning audiences for the electronic media: television radio, cable, satellite and the internet.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3379. Advertising and Public Relations Management.
Study of managerial problems in advertising and public relations programs. Case study approach to setting goals, developing strategy, budgeting and working in a client-agency relationship. Prerequisites: Full major status, MC 1313 and MC 3343 or MC 3367, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 3383. Editing for Clear Communication.
A course designed to help writers divorce themselves from the creative process and function as editors of their own work and the work of others, focusing on meaning, accuracy, logic, language, sense, organization, style, and form appropriate to audience and medium. (WI) Prerequisites: Full major status, MC 1313; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MC 3390. Media Design.
Study and application of advanced principles of media design including: basic design principles, typography, color, photography, video, and multimedia. Students will learn production skills for existing and new media. Pre-requisite: Full-major status.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Dual Enrollment Permitted|Lab Required|Time Conflicts Permitted
Grade Mode: Standard Letter

MC 3394. Management of Electronic Media.
The study of the management of electronic media, including sales, federal regulation, and responsibilities to society, community and stockholders. Prerequisite: Full major status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4130. Internship.
This course requires a minimum of 100 hours of off-campus experience, written contract with internship coor¬dinator and portfolio of completed work. Students cannot gain more than six hours of credit for any combination of: MC 4130, MC 4230 and MC 4330. Prerequisites: 30 credit hours, full-major status, good academic standing and appropriate sequence coursework.
1 Credit Hour. 0 Lecture Contact Hours. 5 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MC 4230. Internship.
This course requires a minimum of 150 hours of off-campus experience, written contract with internship coordinator and portfolio of completed work. Students cannot gain more than six hours of credit for any combination of: MC 4130, MC 4230 and MC 4330. Prerequisites: 30 credit hours, full-major status, good academic standing and appropriate sequence coursework.
2 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4301. Media Law and Ethics.
This course offers a study of law governing journalism, advertising, electronic media and public relations. Restricted to full major status and junior standing.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4302. History of Mass Media.
Students will study the development of mass media, advertising and public relations in the United States from 1690 to the present.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4303. International Advertising.
Overview of international marketing and advertising; problems and opportunities of a global economy.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4304. Advertising Strategy and Execution-Portfolio.
Course emphasizes projects that allow students to learn how to produce and display professional portfolios to enhance their employment opportunities. Prerequisites: Full major status, MC 1313 and MC 3367, all with a grade of "C" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MC 4305. Theories of Mass Communication.
A study of the predominant theories of communication, including mass media effects, functions and controls. Prerequisites: Full major status. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MC 4306. Advertising Competition.
The course will focus on developing an integrated marketing communications campaign for a national client as part of the National Student Advertising Competition. Students will create a campaign from the developmental through the execution process. Prerequisite: Consent of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4307. Advertising Campaigns.
Students will develop, coordinate and evaluate a complete advertising campaign for specific clients. Students will conduct market research, formulate objectives and strategies, recommend media plans and develop creative execu¬tions through plans books and presentations. (WI) Prerequisites: Full major status, MC 4316G and MC 4317 and MC 3372; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MC 4308. Women and Minorities in the Media.
Analysis of the images of women and minorities in the media and their status as media professionals. Includes study of the alternative media. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MC 4309. Visual Literacy: Film.
The course will teach how meaning is constructed in visual images by using film as a practical medium. It provides the necessary skills to critique and create effective images. It is especially useful for students majoring in image-based sequences of the mass communication major, particularly broadcasting and advertising.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4310. International Communication.
A study of media systems worldwide in different socioeconomic contexts and an examination of patterns of international communication flow.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4311. Independent Study: Advertising, Broadcasting, Print Journalism, Public Relations.
Students complete an academic project requiring the equivalent of 160 hours work. Requires prior written contract with faculty member and portfolio of completed work. Cannot be repeated.
3 Credit Hours. 0 Lecture Contact Hours. 12 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

MC 4312. Photojournalism.
Students will develop skills in camera operation, learn computer software applications, learn how to combine words with stories, and how to make layouts and designs for print and multimedia. Students will learn basic analog and digital camera operations, and how to process digital images for the Web and for printing. Restricted to full major status.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4313. Writing for Public Relations.
This course provides an examination and application of digital and traditional communication tools required for effective public relations. Emphasis is placed on the strategic use of digital media in a modern communication society. (WI) Prerequisites: Full major status, MC 1313 and MC 3343; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MC 4315. Web Design Publishing.
Students will develop skills in web page construction including Web editing, image and graphic manipulation, animation, and audio and video editing. The course will cover the topics of design, content, and accessibility, as well as important social and ethical issues associated with online publishing. Prerequisite: Full-major status, MC 1313 and MC 4381; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4316D. Advertising Media Sales.
An overview of advertising, media selling, and salesmanship, sales strategies, sales management, and case histories designed to acquaint students with a vital function of the business. Prerequisites: Full major status, MC 1313 and MC 3367, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4316H. Advertising Copywriting and Layout.
This is a copywriting and ad layout class. Using the skills learned in MC 4333, students will expand their digital techniques, art direction skills and writing capabilities to create professional level advertising campaigns. Prerequisites: Full-major status and MC 4333 with a grade of "C" or higher.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4317. Account Planning.
Hands-on introduction to applied advertising research and account planning. Primary, survey and qualitative research methods are designed, executed and presented by students for the purpose of integrating the consumer's perspective into creative strategy. Prerequisites: Full-major status, MC 3367; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4318. Media Ethics.
The study of freedom and responsibilities of the mass media practitioners and institutions, explored within the framework of ethical theories. Consideration of values, codes of ethics, moral development, professionalism and institutional constraints as applied to the media of information, persuasion and entertainment will be examined.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4319. Latinas/Latinos and the Media.
The course focuses on demographic developments related to Latinos in the US; their portrayals in the media; the effects those portrayals; the history and current status of selected Latino-oriented media and ancillary media companies and organizations; and the role of the media in Latino politics.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4320. Public Relations Campaigns.
A comprehensive study of effective public relations in a modern society. Students learn the professional approach to the practice of public relations that includes internet applications and how to evaluate its function and value while applying ethical standards of conduct. (WI). Prerequisite: Full major status; MC 3360 and MC 4313; and one course from MC 3390 or MC 4315 or MC 4326; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MC 4321. News Writing and Reporting II.
Integrating the techniques of investigative and in-depth writing and reporting across media platforms, including print and online. The study of techniques for computer-assisted reporting, database reporting, access to governmental or corporate records and the use of open records laws. (WI) Prerequisites: Full major status, MC 3321; a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

MC 4322. Health Communication Campaigns.
This class will provide an overview of the theory and practice of designing, producing and evaluating health-communication campaigns. We will examine persuasive approaches to behavioral change; audience, message and channel factors in campaign development. Our work will emphasize communication approaches, including mass media, social marketing and "new media.".
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4323. Multimedia Journalism.
Students will be introduced to topics related to online journalism. Topics covered will include the online journalism profession, Web credibility, online reporting sources, cyberlaw including libel and copyright, blogging and podcasting, and basic multimedia design. Students will both critique and create online materials. Prerequisites: Full-major status, MC 1313 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4324. Visual Storytelling.
This course is an introduction to basic elements of video journalistic storytelling for today's converged newsrooms. Students gather information using journalism practices, such as in-person interviews, and learn to use video newsgathering technologies to produce stories for online and other digital platforms. Prerequisite: Full-major status.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4325. Coding and Data Skills for Communicators.
Students are introduced to programming and data concepts relevant to communicators. Data visualization and storytelling tools and techniques are covered as related to journalism, advertising and public relations. Prerequisites: Full-major status, MC 4315 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4326. Advanced Social Media and Analytics.
This course will provide students with an advanced understanding of social media, marketing plans and social media analytics. Students will build company and/or journalistic profiles on social networks - Facebook, Twitter, Pinterest, YouTube, Instagram and more - to engage with audiences and communities and utilize analytical tools to track success. Prerequisites: Full-major status, MC 4381 with a grade of "C" or better.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MC 4327. Mobile Media and Development.
This course will introduce students to mobile communication and production that is relevant to mass communication. As mobile devices are a vital communication medium in our everyday life, it is essential to understand how mobile communication works and how to effectively produce online content for mobile devices. Prerequisites: Full-major status, MC 4315 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4328. Digital Media Innovation Capstone.
This course will explore innovation and creativity associated with digital entrepreneurship. Through a speaker series, students will be introduced to important concepts and ideas from thought leaders and innovators at the intersection of media and technology. Prerequisites: Full-major status, MC 4315 and MC 4382U or MC 4326 with a grade of "B" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4329. Sports Media.
Sports Media explores the synergy among sports, athletes, media, public relations, advertising-marketing-promotion, and sports information disciplines and audiences in a multiplatform media environment. Through class activities and practical experiences, students analyze media—newspapers, magazines, books, movies, radio, TV, online, forums, blogs and social media—in relationship to the sports industry. Prerequisite: Full major status.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4330. Internship.
This course requires 180 hours of off-campus experi¬ence, written contract with internship coordinator and portfolio of completed work. Students cannot gain more than six hours of credit for any combination of: MC 4130, MC 4230 and MC 4330. Prerequisites: 30 credit hours, full-major status, good academic standing and appropriate sequence coursework.
3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MC 4331. Strategic Sports Communication.
This course focuses on the application of communication strategies and tactics used by sports teams and leagues to manage relationships with various stakeholders and promote their brand using multiple mass media channels. Students will learn about emerging trends in strategic sports communication and the sociological aspects of sports fans. Prerequisites: Full major status; MC 4382X or MC 4329, a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4332. Public Relations Fundraising and Special Events.
A specialized course dealing with the development and implementation of fundraising. Topics include grants, special events, and annual/capital campaigns. Prerequisite: MC 1313 and 3343; A minimum grade of "C" is required in all prerequisites.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4333. Creative Thinking & Advertising Concepting.
This course focuses on the advancement of creative thinking and translating those skills into developing a creative concept to support an advertising strategy. This class will provide tools to develop ideas, and an understanding how the creative team works with other teams in advertising. Prerequisite: MC 3367 and MC 4317; A minimum grade of "C" is required in all prerequisites.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MC 4335. Mass Communication Project/Research Capstone.
This is a senior portfolio course integrating a variety of mass communication skills to produce a substantial project or research for the Mass Communication major capstone. Students work with the guidance of their supervising professor to complete the project or research. Prerequisite: MC 3360 and MC 4305; A minimum grade of "C" is required in all prerequisites.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MC 4336B. Documentaries.
A course in reporting and production of comprehensive public affairs and feature stories for the electronic media. Prerequisite: MC 3312. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4336E. Code Camp I.
Students are immersed in programming concepts relevant to communicators. Students will practice document object model manipulation using JavaScript and JQuery to create interactive Web projects. Prerequisite: MC4315 with a letter grade of B or better. Corequisite: MC 4336F.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4336F. Code Camp II.
Students are immersed in data and visualization concepts relevant to communicators. Students will create interactive data visualization projects to be presented on the Web. Prerequisite: MC4315 with a grade of "B" or better. Corequisite: MC 4336E.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4336G. Immersive Storytelling: Virtual Reality and 360 Video.
This course will examine new storytelling opportunities brought on by virtual reality and 360 video. It will provide a framework for understanding how this new platform can be used by the media to communicate with audiences and communities. Prerequisite: MC 4381; A minimum grade of "C" is required in all prerequisites.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4356A. Science Writing and Reporting.
Students learn to interpret complex concepts and present accurate, engaging news and feature stories about the latest research. Prerequisites: Full major status; MC 1313 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4356B. Editorials, Columns, and Reviews.
The study and writing of newspaper, magazine and online editorials, columns, and books, film and music reviews. Prerequisites: Full major status; MC 1313 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4356C. Community Affairs.
A lecture-discussion course, dealing with the coverage of local economy and business, government and social services functions as well as political activities like elections and lobbying efforts. Prerequisites: Full major status, MC 1313 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4356F. Feature Writing.
A course designed to expose students to the art of feature writing through the study of acclaimed works of literary journalism. Students will develop a narrative voice of their own while studying and analyzing the techniques of a diverse group of writers. (WI) Prerequisites: Full major status, MC 1313 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4356G. Magazine Writing.
This course introduces students to long form nonfiction writing for magazines. Crafting longer pieces requires a honed set of skills that includes deft interviewing and observation, an understanding of structure and pace and powers of discernment and nuance. (WI) Prerequisites: Full major status, MC 1313 with a grade of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4357. Sports as News.
This course emphasizes the reporting, writing and production of content for both print and electronic media. Students will interview players, coaches and administrators of collegiate athletics and work with media professionals to better understand challenges and demands of contemporary sports coverage. Prerequisites: Full-major status, MC 1313, MC 4382X (current)/ MC 4329 (fall 2017); a grade of "C" or better is required in all prerequisites.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MC 4376C. Public Relations Case Studies.
Public Relations Case Studies will seek, with case studies and problems, to help future practitioners develop agility in the principles and the application of effective two-way communications in a wide variety of situations likely to confront them and their employers. Prerequisites: Full major status, MC 1313, and MC 3343 all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4376D. Public Relations Writing & Design.
Students will gain a broad understanding of the wide range of print publications and writing assignments found in public relations. They will learn how to research, organize, write and design a variety of print pieces for targeted audiences using a popular design and layout program. Prerequisites: Full major status, MC 1313 and MC 3343, all with a grade of "D" or better. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4376F. International Strategic Communication.
This course will explore advertising and public relations practices in foreign countries through readings, discussion and site visits within media organizations in foreign countries. Marketing practices abroad will be compared to those in the United States.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4381. Fundamentals of Digital and Online Media.
Students will be introduced to topics related to digital/online media and mass communication. Course covers the effects of the Internet and related technologies on the fields of journalism, interactive advertising and public relations, search engines, personal branding, social networking and mobile platforms.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MC 4382L. Feature Writing and Freelancing.
This course is designed to introduce students to the technical expertise, research methods, interviewing skills and narrative techniques pertinent to feature writing. The course also explores how to target a feature story to a specific audience and how to submit feature stories for publication to newspapers and magazines. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4382N. Seminar in American Journalism: National Writers Workshop.
This is a seminar in current issues in American journalism. National Writers Workshops bring together journalists to discuss issues in the industry and offer sessions on many media topics. Prior to the NWW we will study the literary form used by presenters and the issues being presented at the workshop.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4382O. Travel Journalism.
Exploration of techniques of writing journalistic travel narratives for the media. The course may involve travel at the student's own expense.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive
Grade Mode: Standard Letter

MC 4382Q. Media in Asia and Southeast Asia.
This course will study media systems in Asia and Southeast Asia and examine the different socioeconomic contexts and patterns of information flow.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4382R. Media Violence.
This course examines the relationship between exposure to media violence (TV, movies, video games) to aggressive behavior. It will introduce you to the most important published research in this study area as well as to the continuing controversy as to how, or even whether, media violence leads to aggressive behavior.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4382W. Digital Media Innovation Capstone.
This course will explore innovation and creativity associated with digital entrepreneurship. Through a speaker series, students will be introduced to important concepts and ideas from thought leaders and innovators at the intersection of media and technology.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4382Y. Mobile Storytelling in the Park.
This course will explore new tools and skills relevant to the digital age, particularly the usage of smart phones in storytelling. Students will use those skills to produce video content as part of a weekend in a state park.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MC 4386. Journalism Project.
This is a senior portfolio course integrating a variety of journalism skills to produce a substantial work ready for publication online and in print. Students will combine elements of writing and visual stortelling to produce an original collection of journalism. (WI) Prerequisites: Full major status; MC 3383, MC 4321, and MC 4323; all with grades of "C" or better.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

Bachelor of Arts (B.A.) Major in Mass Communication

Minimum required: 120 semester credit hours

Admission Requirements

1. Any student admitted to Texas State may declare and be admitted to the program under a temporary status called pre-mass communication. Once a student has accumulated at least thirty credit hours and meets the requirements outlined below, the student will be admitted to the school in full-major status. Students who fail to meet these requirements will not be admitted to the major.
   a. An overall GPA of at least a 2.5 on a 4.0 scale.
   b. A grade of a "C" or higher in the following courses or their equivalents:

Code	Title	Hours
COMM 1310	Fundamentals of Human Communication	3
ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
MC 1301	Introduction to Mass Communication	3

MC 1100B	Grammar for Journalists (Note: Or a score of 70 or higher on the school's Punctuation, Usage and Grammar (PUG) test. The PUG is given by the Texas State Testing, Research-Support and Evaluation Center on the main campus. The PUG is administered weekly; call 512.245.2276 for testing times. There is a fee of $40 per test. Students enrolled at the Round Rock Campus should call the One Stop Center at (512) 716-4000 for testing information.)	1

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 71) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.
3. All students in this degree program must earn a "C" or higher in each of four core courses in Mass Communication, which include:

Code	Title	Hours
MC 1301	Introduction to Mass Communication	3
MC 1313	Media Writing	3
MC 4301	Media Law and Ethics	3
MC 4381	Fundamentals of Digital and Online Media	3

4. All students in this degree program must earn a "C" or higher in all prerequisite courses.
5. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
6. The minimum number of hours required for this degree program is 120. The number of free elective hours a student will complete depends on the number of hours a student may need to achieve the required 120 total or 36 advanced hours.

[1] Any mathematics course from the general education core curriculum Mathematics Component may be chosen except MATH 1316 .

Bachelor of Science (B.S.) Major in Digital Media Innovation and Mass Communication (Multimedia Production Concentration)

Minimum required: 120 semester credit hours

Admission Requirements

1. Any student admitted to Texas State may declare and be admitted to the program under a temporary status called pre-mass communication. Once a student has accumulated at least thirty credit hours and meets the requirements outlined below, the student will be admitted to the school in full-major status. Students who fail to meet these requirements will not be admitted to the major.
   a. An overall GPA of at least a 2.5 on a 4.0 scale.
   b. A grade of a "C" or higher in the following courses or their equivalents:

Code	Title	Hours
COMM 1310	Fundamentals of Human Communication	3
ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
MC 1301	Introduction to Mass Communication	3
MC 1100B	Grammar for Journalists (Note: Or a score of 70 or higher on the school's Punctuation, Usage and Grammar (PUG) test. The PUG is given by the Texas State Testing, Research-Support and Evaluation Center on the main campus. The PUG is administered weekly; call 512.245.2276 for testing times. There is a fee of $40 per test. Students enrolled at the Round Rock Campus should call the One Stop Center at (512) 716-4000 for testing information.)	1

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this

catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. In addition to the general education core curriculum, this major requires three additional hours of English literature, three hours of math/science/logic/computer science courses and a minor.
3. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
4. All students in this degree program must earn a "C" or higher in each of four core courses in Mass Communication, which include:

Code	Title	Hours
MC 1301	Introduction to Mass Communication	3
MC 1313	Media Writing	3
MC 4301	Media Law and Ethics	3
MC 4381	Fundamentals of Digital and Online Media	3

Bachelor of Science (B.S.) Major in Journalism and Mass Communication

Minimum required: 120 semester credit hours

Admission Requirements

1. Any student admitted to Texas State may declare and be admitted to the program under a temporary status called pre-mass communication. Once a student has accumulated at least thirty credit hours and meets the requirements outlined below, the student will be admitted to the school in full-major status. Students who fail to meet these requirements will not be admitted to the major.
   a. An overall GPA of at least a 2.5 on a 4.0 scale.
   b. A grade of a "C" or higher in the following courses or their equivalents:

Code	Title	Hours
COMM 1310	Fundamentals of Human Communication	3
ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
MC 1301	Introduction to Mass Communication	3
MC 1100B	Grammar for Journalists (Note: Or a score of 70 or higher on the school's Punctuation, Usage and Grammar (PUG) test. The PUG is given by the Texas State Testing, Research-Support and Evaluation Center on the main campus. The PUG is administered weekly; call 512.245.2276 for testing times. There is a fee of $40 per test. Students enrolled at the Round Rock Campus should call the One Stop Center at (512) 716-4000 for testing information.)	1

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum, this major requires three additional hours of English literature, three hours of math/science/logic/computer science courses and a minor.
3. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
4. All students in this degree program must earn a "C" or higher in each of four core courses in Mass Communication, which include:

Bachelor of Science (B.S.) Major in Public Relations and Mass Communication (Multimedia Production Concentration)

Minimum required: 120 semester credit hours

Admission Requirements

1. Any student admitted to Texas State may declare and be admitted to the program under a temporary status called pre-mass communication. Once a student has accumulated at least thirty credit hours and meets the requirements outlined below, the student will be admitted to the school in full-major status. Students who fail to meet these requirements will not be admitted to the major.
   a. An overall GPA of at least a 2.5 on a 4.0 scale.
   b. A grade of a “C” or higher in the following courses or their equivalents:

Code	Title	Hours
COMM 1310	Fundamentals of Human Communication	3
ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
MC 1301	Introduction to Mass Communication	3
MC 1100B	Grammar for Journalists (Note: Or a score of 70 or higher on the school's Punctuation, Usage and Grammar (PUG) test. The PUG is given by the Texas State Testing, Research-Support and Evaluation Center on the main campus. The PUG is administered weekly; call 512.245.2276 for testing times. There is a fee of $40 per test. Students enrolled at the Round Rock Campus should call the One Stop Center at (512) 716-4000 for testing information.)	1

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum, this major requires three additional hours of English literature, three hours of math/science/logic/computer science courses and a minor.
3. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
4. All students in this degree program must earn a "C" or higher in each of four core courses in Mass Communication, which include:

Code	Title	Hours
MC 1301	Introduction to Mass Communication	3
MC 1313	Media Writing	3
MC 4301	Media Law and Ethics	3
MC 4381	Fundamentals of Digital and Online Media	3

MC 4356C	Community Affairs	
MC 4356F	Feature Writing	
MC 4356G	Magazine Writing	
MC 4323	Multimedia Journalism	3
MC 4324	Visual Storytelling	3
Total Hours		24

A letter grade of C or higher in MC 1100B or a passing score on the PUG test must be earned to enroll in any course beyond MC 1301.

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

School of Music

Music Building Room 101
Telephone: 512.245.2651 Fax: 512.245.8181
Email: music@txstate.edu
www.music.txstate.edu (http://www.music.txstate.edu)

Mission Statement

The School of Music is committed to excellence in music teaching and learning for all students at Texas State. As a unit within Texas State, we provide a liberal education with emphasis on cultural values by offering special course work in the arts and humanities.

The School of Music offers thorough preparation for careers in music, music education, music performance and sound recording technology. In addition, it provides opportunities for all university students to develop and/or enhance musical skills and cultural understanding. The School of Music also serves as an outstanding cultural resource for the university and San Marcos communities.

Music graduates with teacher certification work as band, choir, and orchestra directors, or general music teachers. Music Performance graduates perform, establish their own teaching studios, attend graduate school, or use their music degree as a foundation for their careers. Sound Recording Technology graduates work as sound engineers, producers, technicians, and post-production editors in the recording and entertainment industries. Bachelor of Arts graduates work in arts administration, musicology, librarianship, and other music-related fields such as law, management, and sales. The choices of profession for a student completing a Bachelor of Arts or a Bachelor of Music are numerous.

Somos Músicos -- "We are Musicians" -- expresses with simplicity our solidarity of purpose and cooperation within an extraordinary community of musical artists, scholars, and composers: the students and faculty of the School of Music. Our unified mission is threefold: to make music together, to develop ourselves and our art, and to contribute value to our society.

Courses Offered

Courses are offered in individual and ensemble performance, music education, history, literature, theory, composition, jazz, Latin, and sound recording. All university students, both music majors and non-music majors, are encouraged to participate in performing ensembles. However, due to the limited availability of private applied music instruction, as

well as certain other music classes, the School of Music may use the following criteria for determining students' access to these courses:

1. student's overall musical talent, musical achievement, and performance/teaching potential as determined by audition; and/or
2. studio/class space availability,
3. academic standing as represented by GPA, and
4. other appropriate indicators.

School Policies

Those planning careers in music must have a high level of musical skill, music reading ability, and understanding. To help evaluate musical skills for counseling and placement purposes, the School of Music requires all music majors to pass several evaluations and academic requirements.

Credit by examination is available for Music Theory I - IV and Piano Techniques I - IV only before entering the course sequence at Texas State. Students testing out of one or more of the courses above or the entire proficiency exam(s) must remit $10 to the University's Testing Center (set fee whether receiving credit for one or more courses) before a CR grade will be processed by the Registrar's Office for the course(s). See an academic advisor and the School of Music's website for details.

A student who leaves music major status in good standing can be readmitted as a Music major without re-auditioning if returning within twelve (12) months. A music student who fails to complete or pass (note: failing grades are F and U) applied lessons or has not been a Music major at Texas State for more than twelve (12) months (i.e. not enrolling or two W grades in a row) will automatically be moved to a pre-music status by their academic advisor and must re-apply and re-audition to be accepted back as a music major.

Music Theory Proficiency

Students seeking teacher certification must pass the theory proficiency examination no later than the semester before student teaching. All other music majors must pass the theory proficiency examination before applying for graduation. Theory proficiency requirements are available on the School of Music's website. Note: No Music Theory Proficiency exam is required for BS students.

Piano Proficiency

All BA, BM – Music Studies, instrumental concentration students seeking teacher certification, and BM – Performance, jazz concentration students must pass the level II piano proficiency exam by the end of their fourth (4th) long semester. BM – Performance, keyboard concentration students must pass the piano majors piano proficiency exam by the end of their fourth (4^{th}) long semester.

BM – Music Studies, choral concentration students must complete the level IV piano proficiency exam no later than the semester before student teaching. All other BM – Performance majors must complete the level IV piano proficiency exam before applying for graduation. Piano proficiency requirements are available on the School of Music's website. Note: No Piano Proficiency exam is required for BS students.

Upper Level Competency Review

The upper level competency review (ULCR) helps music majors determine if they are pursuing the most suitable career/degree. Upon completion of four long semesters as a music major, the student's total record is reviewed by the music faculty. This review is completed before the student enrolls for 3000-level courses in the degree area. The ULCR is offered at the end of each long semester. Specific information and requirements are available in the School of Music Student Handbook and on the School of Music's website.

Transfer students with four or more semesters of music study should complete the exam at the end of the first long semester of study at Texas State.

Recital Attendance Requirements

Each semester, various recitals and concerts are presented by students, faculty, and visiting artists. All undergraduate music majors, with the exception of Bachelor of Science students, are required to attend a significant number of these events each semester, through enrollment in Departmental Recital. In addition, applied music instructors may require attendance at all recitals in the student's individual performance area.

Ensemble Requirements

All music majors with the exception of Bachelor of Science students must participate in the appropriate major ensemble each semester until all major ensemble requirements for the degree have been completed. Only one major and one secondary ensemble will be counted toward the student's degree plan per semester. Continued participation in major ensembles after degree requirements are completed is strongly encouraged.

Senior Recital

A senior recital is required for all students enrolled in a Bachelor of Music degree program. Students seeking teacher certification must present the recital no later than the semester before student teaching. Specific requirements for the senior recital are described in the School of Music Student Handbook and on the School of Music's website.

Grade Requirements

Students majoring or minoring in the School of Music must achieve a grade of "C" or higher (including a CR in Departmental Recital) on all required music (MU, MUSE and MUSP) courses.

Student Teaching Requirements

Before being allowed to enroll for student teaching, music students must have:

1. completed all major coursework for the degree with a "C" or higher;
2. presented a senior recital achieving a grade of "C" or higher;
3. passed the Upper Level Competency Review;
4. passed the piano and theory proficiency examinations; and
5. fulfilled the requirements for teacher certification as determined by the College of Education.

Music Fees/Costs Not Included in Tuition/Fees

This is a partial listing.

- Instrument rental fee – $30 per semester (inc. all percussionists and students participating in percussion ensembles.)
- Athletic Band accessories approximately $50-$100 per semester depending on the required number of accessories and cleanings (inc. shoes, gloves, shirt, shorts, Colorguard uniforms, cleanings, etc.).

All participants must have the required accessories based on the information outlined in the Marching Band Handbook and syllabi.

- Choir dresses $63 one-time charge (all women participating in a choral ensemble, with the exception of VocaLibre must purchase a choir dress through the School of Music)
- Tuxedos up to $100 one-time charge (all men participating in a choral ensemble, with the exception of VocaLibre or a concert instrumental ensemble must rent/purchase a tuxedo; locations provided by ensemble directors)

NOTE: Due to copyright laws, students enrolled in private lessons are responsible for purchasing individual solos/etudes required for performance. In addition, students enrolled in voice lessons or instrumentalists preparing for juries/recital performances are responsible for the cost of providing their own accompanist for lessons, rehearsals, and recitals. See your applied lesson instructor for accompanist names and rates.

Facilities

As the music program has grown into a large, comprehensive School of Music, so too have the facilities expanded to keep pace with its diversity of ensembles, programs, and students.

Music Buildings

At 101 Pleasant Street, the Music Building includes six classrooms, three large rehearsal rooms, and three smaller rehearsal rooms. The facility also contains a 149-seat Music Building Recital Hall, the Schneider Music Library, 4- practice rooms, an electronic piano laboratory, a multi-station music computer lab, instrument storage rooms and the administrative office suite. Some 13 faculty offices and offices and 49 larger teaching studios are also in the main building.

Performing Arts Center

The Performing Arts Center on Moon Street includes an acoustically superb 312-seat recital hall. Equipped with two Steinway D concert grand pianos and a beautiful custom-built Flemish-replica harpsichord, the hall host performances by international guest artists, music faculty, and some student ensembles. It is a learning laboratory for student degree recitals. Another venue, the Patti Strickel Harrison Theater, provides a state-of-the art theater with orchestra pit for Texas State Opera Theatre productions.

Evans Auditorium

Evans is the largest performance hall on campus with a seating capacity of 933. The university's wind bands, orchestra, and University Arts events utilize Evans as a performance site. Evans also contains two Steinway concert grand pianos.

Fire Station Studio

The Fire Station Studio is located near campus on Guadalupe Street and is available for both Texas State and non-Texas State persons to rent for commercial purposes. The studio houses the School of Music's sound recording technology program and contains on large recording technology program and contains one large recording studio, two smaller studios, and one mixing room.

Colorado Building

Located on Pleasant Street, it houses the Balinese Gamelan, 16 additional practice rooms, and marching band storage.

Lampasas Hall

Offering music an additional 5 offices and 3 teaching studios, Lampasas is the second oldest building on campus and was beautifully renovated in 2012.

Marching Band Field/Storage

Located across from Strahan Coliseum, the Bobcat Marching Band field includes a standard 100+ yard field, multi-level director's tower, and newly completed equipment storage facility.

Admissions Requirements

1. All students seeking to major in music must be admitted to Texas State University. For more information on Texas State, visit www.txstate.edu (http://www.txstate.edu). Undergraduate students should visit the Office of Undergraduate Admissions at www.admissions.txstate.edu (http://www.admissions.txstate.edu) to learn about undergraduate level admission.
2. Students wanting to enter the music program as a music major (B.A., B.M., B.S.) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html
3. Students interested in the Sound Recording Technology major must complete an additional application, submit materials for pre-screening (see www.txstate.edu/music/srt (http://www.txstate.edu/music/srt) for details), and interview.
4. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234) once all course requirements and successful completion of the School of Music's Upper Level Competency Review have been met in order to officially complete the Bachelor of Music major in Music Studies degree program.

NOTE: Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music majors will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

Bachelor of Arts (B.A.)

- Major in Music (p. 341)

Bachelor of Music (B.M.)

- Major in Music Studies (Choral Concentration with Teacher Certification in Music, Early Childhood Through Grade 12) (p. 342)

- Major in Music Studies (Instrumental Concentration with Teacher Certification in Music, Early Childhood Through Grade 12) (p. 344)
- Major in Performance (Composition Concentration) (p. 345)
- Major in Performance (Guitar Concentration) (p. 347)
- Major in Performance (Instrumental Concentration) (p. 348)
- Major in Performance (Jazz Concentration) (p. 349)
- Major in Performance (Keyboard Concentration) (p. 351)
- Major in Performance (Vocal Concentration) (p. 352)

Bachelor of Science (B.S.)

- Major in Sound Recording Technology (p. 354)

Minors

- Jazz (p. 355)
- Mariachi (p. 355)
- Music
- Music Composition
- Opera

Subjects in this school include: MU (p. 323), MUSE (p. 331), MUSP (p. 333)

Courses in Music (MU)

MU 1000. Freshman Departmental Recital.
Attendance and observation of weekly recitals. Concurrent enrollment in freshman-level applied lessons and the appropriate major ensemble are required. Corequisites: MUSP 1120 or MUSP 1130 or MUSP 1140 or MUSP 1150 or MUSP 1160 or MUSP 1170 or MUSP 1220 or MUSP 1230 or MUSP 1240 or MUSP 1250 or MUSP 1260 or MUSP 1270 or MUSP 1280.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

MU 1112. Basic Musicianship.
A study of music fundamentals: reading rhythms, pitches in bass and treble clefs, spelling, notating, and identifying key signatures, intervals and chords. Prerequisite: Music major status.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1115. Aural Skills I.
This course will cover sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 1315. Prerequisite: Passing score on the Theory Entrance Exam, or MU 1112 with a grade of "C" or higher. Corequisite: MU 1315.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1116. Aural Skills II.
This course covers sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 1316. Prerequisite: MU 1115 and MU 1315 with a grade of “C” or higher. Corequisite: MU 1316.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1150. Introduction to Music Technology.
Introduction to current computer applications in music. Including MIDI and sequencing, notation, internet communication, and digital audio.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1180. Recording Practicum I.
Independent study in sound recording. Students develop aural and practical skills necessary to produce high quality recordings. Full major status in SRT is required.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1182. Recording Practicum II.
Development of aural skills associated with audio production and recording. This course is a continuation of MU 1180, Recording Practicum I. Full major status in SRT is required. Prerequisite: MU 1180 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1210. Aural Skills I.
Sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 1211. Corequisite: MU 1211 with a grade of "C" or better.
2 Credit Hours. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1216

MU 1211. Music Theory I.
The study of species counterpoint in two voices. The analysis and model composition of diatonic music, with a focus on voice-leading principles that connect tonic-function and dominant-function harmonies. Corequisite: MU 1210 with a grade of "C" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1211

MU 1212. Aural Skills II.
Sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 1213. Prerequisite: MU 1210 and MU 1211, all with a grade of “C” or better. Corequisite: MU 1213.
2 Credit Hours. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1217

MU 1213. Music Theory II.
The analysis and model composition of diatonic music, including voice-leading with tonic, pre-dominant, and dominant-function triads and 7th-chords. Topics include phrase structures, small forms, and an introduction to applied chords. Prerequisite: MU 1210 and MU 1211, all with a grade of "C" or better. Corequisite: MU 1212.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1212

MU 1312. Essential Musicianship.
Detailed instruction in fundamentals of music theory, including but not limited to notation, meters, scales, key signatures, intervals and chords. This course is designed primarily for non-Music majors and Music minors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1301

MU 1314. Essential Musicianship II.
Continued practice of the essential elements of musicianship. Emphasis on analysis and application of song forms, transposition, popular chord symbols, ear training and sight-singing. Prerequisite: MU 1312 with a C or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1315. Music Theory I.
This course includes composing and analyzing species counterpoint in two voices, as well as analyzing diatonic music presented in a variety of textures. A significant component of the course involves composing diatonic music in four voices and focuses on voice-leading principles that connect tonic-function and dominant-function harmonies. Prerequisite: A passing score on the Theory Entrance Exam, or completion of MU 1112 with a C or higher. Corequisite: MU 1115.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 1316. Music Theory II.
This course covers the analysis and model composition of diatonic music, including voice-leading with tonic, pre-dominant, and dominant-function triads and 7th-chords. Topics include phrase structures, small forms, and an introduction to applied chords. Prerequisite: MU 1115 and MU 1315 with a grade of "C" or higher. Corequisite: MU 1116.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2000. Sophomore Departmental Recital.
Attendance and observation of weekly recitals. Concurrent enrollment in sophomore-level applied lessons and appropriate major ensemble is required. Corequisites: MUSP 2120 or MUSP 2130 or MUSP 2140 or MUSP 2150 or MUSP 2160 or MUSP 2170 or MUSP 2220 or MUSP 2230 or MUSP 2240 or MUSP 2250 or MUSP 2260 or MUSP 2270 or MUSP 2280.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

MU 2104. Writing About Music.
This course focuses on writing and research skills in music, including the use and documentation of sources. In addition to written exercises, assignments include studying professional writing samples about music, such as concert reviews, program notes, and research essays. Full major status in Performance required. (WI) Corequisite: MU 3315 or MU 3316 or MU 3317 with a grade of "C" or better.
1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MU 2115. Aural Skills III.
This course covers sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 2315. Prerequisite: MU 1116 and MU 1316 with a grade of "C" or higher. Corequisite: MU 2315.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2116. Aural Skills IV.
This course covers sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 2316. Prerequisite: MU 2115 and MU 2315 with a grade of “C” or higher. Corequisite: MU 2316.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2123. Foundations of Music Education.
This course introduces principles of aesthetics and philosophy, as well as their practical application in music education.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2141. Fundamentals of Diction in Singing I.
A basic course in the pronunciation of singing in Italian and German combining lecture and laboratory sessions for practical application. (MC).
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
TCCN: MUSI 2160

MU 2142. Fundamentals of Diction in Singing II.
A basic course in the pronunciation of singing in French and English, combining lecture and laboratory sessions for practical application. (MC) Prerequisite: MU 2141 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MU 2153. Problems in Music.
This course is conducted as an independent study on one or more music topics not covered in another course and is open to students on an individual basis by approval of the Director of the School of Music. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 2180. Recording Practicum III.
This course allows students to continue to develop aural and practical skills in sound recording to produce high-quality recordings. Full major status in SRT required. Prerequisites: MU 1182 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2182. Recording Practicum IV.
Students will develop the aural skills associated with audio production and recording. This is a continuation of MU 2180 Recording Practicum III. Full major status in SRT required. Prerequisite: MU 2180 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2253. Problems in Music.
The course is conducted as an independent study on one or more music topics and is open to students on an individual basis by approval of the Director of the School of Music. May be repeated for credit.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 2260. Aural Skills III.
Sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 2261. Prerequisites: MU 1212 and MU 1213 with a grade of "C" or better. Corequisites: MU 2261.
2 Credit Hours. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 2216

MU 2261. Music Theory III.
The analysis and model composition of chromatic music, with a focus on voice-leading principles. Topics include modulations and larger forms. Prerequisite: MU 1212 and MU 1213 with a grade of "C" or better. Corequisite: MU 2260.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 2211

MU 2262. Aural Skills IV.
Sight singing, dictation, keyboard exercises, and improvisation of musical structures and styles studied in MU 2263. Prerequisite: MU 2260 and MU 2261 with a grade of “C” or better. Corequisite: MU 2263.
2 Credit Hours. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 2217

MU 2263. Music Theory IV.
The analysis and model composition of music from the 20th- and 21st-centuries. Topics include, but are not limited to, impressionism, polytonality, parallelism, quartal/quintal harmonies, secundal harmonies, polyrhythms, octatonicism, minimalism, modes, serialism, and set theory. Prerequisite: MU 2260 and MU 2261 with a grade of "C" or better. Corequisite: MU 2262.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 2212

MU 2303. Survey of Music Literature.
An introduction to western European art music from the Middle Ages into the 21st-century through listening examples, readings, and class lectures. The course covers representative works by major composers and introduces conventional musical forms/styles associated with various genres in each of the musical periods.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter
TCCN: MUSI 1307

MU 2310. Guitar Class I.
An introductory course primarily for the non-music major. This course offers the opportunity to study tuning, hand positions, chords, accompaniment patterns, strumming and introductory music reading.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: MUSI 1303

MU 2313. Introduction to Fine Arts.
An introductory course designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking ART 2313, DAN 2313, or TH 2313.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050
Grade Mode: Standard Letter
TCCN: HUMA 1315

MU 2315. Music Theory III.
This course covers the analysis and model composition of chromatic music, with a focus on voice-leading principles. Topics include modulations and larger forms. Prerequisite: MU 1116 and MU 1316 with a grade of "C" or higher. Corequisite: MU 2115.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2316. Music Theory IV.
This course covers the analysis and model composition of music from the 20th- and 21st-centuries. Topics include, but are not limited to, impressionism, polytonality, parallelism, quartal/quintal harmonies, secundal harmonies, polyrhythms, octatonicism, minimalism, modes, serialism, and set theory. Prerequisite: MU 2115 and MU 2315 with a grade of "C" or higher. Corequisite: MU 2116.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 2353. Problems in Music.
The course is conducted as an independent study on one or more music topics and is open to students on an individual basis by approval of the Director of the School of Music.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 3000. Junior Departmental Recital.
Attendance and observation of weekly recitals. Concurrent enrollment in junior-level applied lessons and the appropriate major ensemble is required. Corequisites: MUSP 3170, MUSP 3220, MUSP 3230, MUSP 3240, MUSP 3250, MUSP 3260, MUSP 3270, MUSP 3280.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

MU 3050. Junior Recital.
Preparation and performance of the junior recital for music performance majors. Corequisites: Concurrent enrollment with applied lessons and major ensemble required for all Music Performance majors. Pre-requisite or Corequisite: MUSP 3170 or MUSP 3220 or MUSP 3230 or MUSP 3250 or MUSP 3260 or MUSP 3270 or MUSP 3280.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 3180. Recording Practicum V.
This course allows students to continue to develop aural and practical skills necessary to produce high quality recordings. Full major status in SRT required. Prerequisites: MU 2182 with a grade of "C" or better. Corequisite: MU 3383.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3182. Recording Practicum VI.
Students will develop the aural skills associated with audio production and recording. This is a continuation of MU 3180, Recording Practicum V. Full major status in SRT required. Prerequisite: MU 3180 with a grade of "C" or better. Corequisite: MU 3384.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3207. Instrumental Conducting I.
This course covers instrumental conducting fundamentals such as beat pattern, baton techniques, score reading, cuing, subdivisions, fermatas, and releases. The class will function as an ensemble and each student will conduct assignments approximately once each week. Requires successful completion of the Upper Level Competency Review in Music Studies.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3208. Choral Conducting I.
This course covers choral conducting fundamentals such as beat pattern, baton technique, score reading, cuing, subdivisions, fermatas, and releases. The class will function as an ensemble and each student will conduct assignments approximately once each week. Requires successful completion of the Upper Level Competency Review to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3217. Instrumental Conducting II.
An application of the principles of conducting to instrumental music, including score reading and problems of interpretation. Some choral conducting experience will be included. Prerequisite: MU 3207 with a grade of "C" or better.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Time Conflicts Permitted
Grade Mode: Standard Letter

MU 3227. Choral Conducting II.
An application of the principles of conducting choral music, including score reading and problems in interpretation. Some instrumental conducting experience will be included. Prerequisite: MU 3208 with a grade of "C" or better.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3233. Jazz Theory and Improvisation I.
This course is a study of the musical theory basics used in jazz improvisation and composition, focusing on best practices in its practical application and pedagogy. In addition to a theoretical and applied approach, students will also examine historical and cultural considerations, as they relate to performance. BM majors only. Prerequisites: MU 1316 with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3234. Jazz Theory and Improvisation II.
This course is a continuation of MU 3233, with particular attention to developing skills in the use of scales and modes (including major and minor pentatonic scales), modal playing, and jazz nomenclature. BM majors only. Prerequisites: MU 3233 and MUSE 3127, all with a grade of "C" or better or permission of instructor.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3241. A Survey of Instrumental Performance Literature.
This course is an overview of repertoire for wind bands/orchestras from all musical periods/styles, including music for beginning bands/orchestras to works for collegiate/professional ensembles. Activities include: listening, score study, instrument transpositions, programming, contest preparation and student-led wind band/orchestra reading sessions. Upper Level status required. Prerequisite: MU 2313 with a grade of "C" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3242. Survey of Choral Performance Literature.
The course covers detailed consideration of literature of all periods appropriate for choral ensembles and includes discussions on repertoire selection/performance problems peculiar to all ensemble sizes. Assignments give students opportunity to develop their own approach to vocal challenges that face high school and junior high singers, including arranging choral music. Prerequisites: MU 3208 and MU 3254, all with a grade of "C" or better. Corequisite: MU 3227.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3253. Band/Orchestra Methods.
This course is designed to introduce fundamental principles of effective instrumental music instruction, rehearsal techniques, and administration of secondary school music programs. This course will provide opportunities for students to conduct and rehearse instrumental ensembles, present teaching demonstrations, and conduct independent scholarship projects related to teaching. Prerequisites: MU 2316; MU 3207; MUSP 3145 or 3147; MUSP 3155 or 3157; All must be completed with a grade of "C" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3254. Choral Methods.
This course provides practical experience in developing, teaching and maintaining a successful choral program at the secondary level. Assignments are designed to give students the opportunity to develop approaches to the basic challenges that face high school/middle school choral directors. Students will share ideas and evaluate each other's work. Prerequisite: MU 2316 with a grade of "C" or better. Corequisite: MU 3208.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3263. Marching Band Techniques.
An examination of the techniques required to program, design, and instruct a successful marching band show. The class will discuss different types of design concepts currently being employed throughout the country, but also to construct and chart those designs.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3269. Current Trends in Music II.
A study of melodic and harmonic techniques for keyboard percussion instruments, sight-reading techniques using Sol-Fa, and a survey of the folk music of Europe and the Americas. Prerequisite: MU 3340 with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3308. History of Rock Music.
A survey of the evolution of rock styles, contributions of important performers, and musical techniques involved in the creation and performance of rock music. The course focuses on the first three decades of rock history.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3310. Guitar Class II.
Primarily for the non-music major, the course includes the opportunity for development of more advanced techniques in accompaniment, music reading and solo guitar techniques. Prerequisite: MU 2310 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3315. History and Analysis of Music I.
This course is a comprehensive musicianship approach to the study of music from ancient times to the 1680s involving the discussion of history, aesthetics, performance practice, and conceptual approaches specific to distinctive periods and regions. (MULT) (WI) Prerequisites: MU 1316 with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

MU 3316. History and Analysis of Music II.
This course is a comprehensive musicianship approach to the study of music from the 1680s to the late 19th-century involving the discussion of history, aesthetics, form, orchestration, performance practice, and conceptual approaches to distinctive musical works. (MC) (WI) Prerequisites: MU 3315 with grades of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

MU 3317. History and Analysis of Music III.
This course is a comprehensive musicianship approach to the study of music from the turn of the twentieth century to the present involving the discussion of history, aesthetics, form, orchestration, performance practice, and conceptual approaches specific to distinctive musical works. Prerequisites: MU 3316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

MU 3318. World Musics.
This course equips students with practical and intellectual tools to enhance their enjoyment and understanding of popular, folk and classical music traditions around the globe, (with the exclusion of what is commonly referred to as Western Art Music) and explores how these traditions relate to history, social issues, politics and identity. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

MU 3340. Current Trends in Music I.
A study of the components of music and their concepts. An emphasis on singing and rhythmic performance skills, and aesthetic awareness through listening. Prerequisite: MU 2123 with a grade of "C" or higher.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 3370. Music for the Elementary Classroom.
Introduction to basic music skills for the elementary classroom teacher. Include practical application and development of strategies and instructional techniques necessary for effective integration of music experiences in the elementary classroom curriculum. For interdisciplinary studies majors only.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3375. History of Jazz.
Jazz originated in America and has been of great importance in the development of the 20th Century music. Topics will include the structure and history of jazz, the contributions of jazz to contemporary music, and the chronological development of jazz experienced through recordings and live performances. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

MU 3380A. Women in Jazz.
Overview of jazz history from its New Orleans origins to the present focusing on the contributions of women. Major style periods researched include early jazz/swing, bebop, cool, hard bop, free jazz, jazz fusion, and contemporary trends. Emphasis will be placed on the development of critical listening skills.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MU 3380B. Music and Film.
This course is an exploration of historical traditions and functions of Hollywood film music. Students will apply music theory and dictation skills to analyze scores and explain how film music's characteristics and associated cultural connotations combine with image to create new meaning. Prerequisite: MU 2116 and MU 2316, all with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MU 3380C. Rock Harmony.
Theoretical analysis of popular and rock music incorporating extensive ear training components such as recognition of chords and progressions. Further analysis of the individual stylistic details in rock songs as well as comparison to traditional tonal harmony and form. Pre-requisite: MU 1312 with a "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MU 3380D. History of Blues.
This course explores the role of the blues in American popular music, tracing the history of the genre from its origins to its influence on rock and other related styles, surveying important recording labels and related figures.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MU 3380E. Teaching World Music Cultures Through World Music Pedagogy.
This course prepares prospective and practicing teachers to teach world music cultures in their music classroom at the K-12 level. Culturally relevant pedagogy, multicultural education, and ethnomusicology also serve as the underpinnings towards creating an inclusive and equitable classroom. Prerequisite: MU 3340; with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

MU 3381. Recording Techniques I.
Introduction to audio recording techniques. Topics include acoustics, electronics, microphones, microphone techniques, loudspeakers, and operating principles of common recording equipment. Full major in SRT required. Prerequisite: MU 1182 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3382. Recording Techniques II.
A continuation of MU 3381. Topics include: operating principles of common recording equipment, fundamentals of analog and digital recording, signal flow, equalization, and sound effects processors. Full major in SRT required. Prerequisite: MU 3381 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 3383. Recording Techniques III.
Principles and practices of microphone and mixing techniques. Full major in SRT required. Prerequisite: MU 3382 with a grade of "C" or better. Corequisite: MU 3180.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MU 3384. Recording Techniques IV.
Audio tape and disc recording and their applications in a variety of settings and genres. Full major in SRT required. Prerequisite: MU 3383 with a grade of "C" or better. Corequisite: MU 3182.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

MU 4000. Senior Departmental Recital.
Attendance and observation of weekly recitals. Concurrent enrollment in senior-level applied lessons and the appropriate major ensemble may be required.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

MU 4050. Senior Recital.
Preparation and performance of the senior recital. Prerequisite or Corequisites: MUSP 4170 or MUSP 4220 or MUSP 4230 or MUSP 4240 or MUSP 4250 or MUSP 4260 or MUSP 4270, or MUSP 4280, with a grade of "C" or better.
0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4152. Problems in Music.
The course is conducted as an independent study on one or more topics in music and is open to students on an individual basis by approval of the Director of the School of Music.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4156. Mariachi Arranging Techniques.
This course is a study of Mariachi repertoire and arranging techniques for a Mariachi ensemble. Topics will cover instrument ranges, orchestration techniques, and styles. This course is repeatable for credit three times. Prerequisite: MU 1115 and MU 1315 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4157. Mariachi Ensemble Teaching Lab.
This course provides students with the knowledge to become effective directors of Mariachi ensembles within the public school/university systems. Mariachi curriculum/repertoire/rehearsal techniques appropriate to middle school/high school/post-high school ensembles are discussed and applied within the setting of a performing ensemble. This course is repeatable for credit three times.
1 Credit Hour. 0 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4180. Recording Practicum VII.
This course allows students to continue to develop the aural and practical skills necessary to produce high quality recordings. Full major in SRT required. Prerequisite: MU 3182 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4182. Recording Practicum VIII.
Students will develop the aural skills associated with audio production and recording. This is a continuation of MU 4180, Recording Practicum VII. Full major status in SRT required. Prerequisite: MU 4180 with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4185. Senior Research Project.
A study of the student's senior recital literature resulting in a thorough research paper on the theoretical, historical, technical and stylistic aspects of the compositions. Concurrent enrollment in Senior Recital, senior level applied lessons, and appropriate major ensemble are required. Prerequisites or Corequisites: MU 4050 and MUSP 4170 or MUSP 4220 or MUSP 4230 or MUSP 4240 or MUSP 4250 or MUSP 4260 or MUSP 4270 or MUSP 4280.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 4234. Arranging Techniques for School Music Ensembles.
This class will introduce the many techniques involved in arranging for a wide variety of school music ensembles. Content will include an examination of the various instrument families, basic manuscript techniques (both manual and computer aided) and various orchestration techniques for voicing and scoring. Prerequisites: MU 2316; MU 3207; MUSP 3145 or 3147; MUSP 3155 or 3157; All with grades of "C" or better.
2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4244. Jazz Theory and Improvisation III.
This course is a continuation of MU 3234 and explores advanced concepts in jazz theory including symmetrical scales, chord substitutions, re-harmonization, pentatonic and exotic scale forms. Classes will focus on best practices in practical application and pedagogy and also examine historical and cultural considerations related to performance. Prerequisite: MU 3234 and MUSE 3127, all with a grade of "C" or better or permission of instructor.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4245. Jazz Composition and Arranging.
This course is an in-depth exploration of various commercial writing styles and instrumentations, focusing on Pop, Latin, and Jazz. Students will analyze the writing styles of prolific 20th-century Big Band Arrangers, and learn to write music for all types of commercial applications, and styles, for all levels of musicians. Prerequisite: MU 4244 with a grade of "C" or better or permission of instructor.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4253. Problems in Music.
The course is conducted as an independent study on one or more music topics and is open to students on an individual basis by approval of the Director of the School of Music.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4257. Vocal Pedagogy I: Voice Science.
This course explores the anatomy/physiology of the human voice, the acoustic properties that govern resonance, vocal health, and the philosophy of singing and teaching. It is designed for Bachelor of Music majors with a concentration in voice. Restricted to Music Studies or Music Performance majors, with a vocal concentration. Co-requisites: MUSP 3220 or MUSP 4220 with a grade of "C" or better, or by Instructor Permission.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4258. History of Music in Mexico.
This course is a study of the musical panorama of Mexico; pre-colonial, colonial, folk, urban, academic, and transnational genres are discussed in historical, socio-political, and stylistic context. It includes research methodology and musicology related to Mexican music.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

MU 4259. Vocal Literature.
This course is a detailed consideration of vocal literature from approximately 1600 through the 20th century, focusing on different cultures of the world. It covers major composers and developments in the genre. Repertoire selection and performance problems peculiar to the various styles will be discussed. Prerequisites: Bachelor of Music with vocal concentration and MU 2142. Corequisite: MUSP 3220 or MUSP 4220 with a grade of "C" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4260. Vocal Pedagogy II: Methods.
This is a comparative study of various pedagogical methods and ideas that covers a wide range of historical and contemporary pedagogy treatises. Students will explore exercixes and vocalises for general voice development, peer teaching, and techniques to address/correct specific vocal problems. Prerequisite: MU 4257 with a grade of "B" or better. Co-requisites: MUSP 3220 or MUSP 4220 with a grade of "D" or better, or by Instructor Permission.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4261. Guitar Pedagogy.
This course is an intensive study of instructional methodologies for guitar from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3260 or MUSP 4260.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4262. Guitar Literature.
This course is an intensive study of music repertoire for guitar, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3260 or MUSP 4260.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4263. Keyboard Pedagogy.
This course is an intensive study of instructional methodologies for keyboard from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3230 or MUSP 4230.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4264. Keyboard Literature I.
This course is an intensive study of music repertoire for keyboard from 1700 to 1850, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3230 or MUSP 4230.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4265. Keyboard Literature II.
This course is an intensive study of music repertoire for keyboard from 1850 - today, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3230 or MUSP 4230.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4266. Woodwind Pedagogy.
This course is an intensive study of instructional methodologies for woodwinds from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3240 or MUSP 4240.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4267. Woodwind Literature.
This course is an intensive study of music repertoire for woodwinds, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3240 or MUSP 4240.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4268. Brass Pedagogy.
This course is an intensive study of instructional methodologies for brass from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3250 or MUSP 4250.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4269. Brass Literature.
This course is an intensive study of music repertoire for brass, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3250 or MUSP 4250.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4270. Percussion Pedagogy.
This course is an intensive study of instructional methodologies for percussion from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3170 or MUSP 3270 or MUSP 4170 or MUSP 4270.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4271. Percussion Literature.
This course is an intensive study of music repertoire for percussion, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3170 or MUSP 3270 or MUSP 4170 or MUSP 4270.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4272. String Pedagogy.
This course is an intensive study of instructional methodologies for strings from beginning to advanced levels that includes both one-on-one teaching and group lessons. Corequisite: MUSP 3260 or MUSP 4260.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4273. String Literature.
This course is an intensive study of music repertoire for strings, including solo, chamber, and orchestral music, as well as relevant music history and literature, performance practice, and rehearsal techniques. Emphasis will be given to literature of the student's primary instrument. Corequisite: MUSP 3260 or MUSP 4260.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4310. Guitar Class III: Rock, Country, Blues.
Designed primarily for the non-music major. Continued study of advanced techniques including scales, arpeggios, strumming patterns and advanced accompanying styles. Analysis and performance of musical styles including rock, country and blues. Prerequisite: MU 3310 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4312. Guitar Class IV: Rock, Country, Blues.
Designed primarily for the non-music major. Continued study of advanced techniques including soloing techniques, accompaniment techniques. Detailed analysis of performance styles emphasizing the styles of contemporary performers. Prerequisite: MU 4310 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4330. Form and Analysis.
Principles of form and analysis developed through the in-depth application of analytical systems to the musical repertoire through the nineteenth century. Prerequisites: MU 2316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4332. Contemporary Analytic Techniques.
Detailed study and analysis of selected compositions from the early twentieth century to the present; analytical projects. Prerequisite: MU 2316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4334. Orchestration.
Study of the characteristics of individual instruments; writing for various combinations; study of scores of different periods; techniques of instrumentation, arranging, and orchestration; listening to recorded and live performances. Prerequisite: MU 2316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4336. 18th-Century Counterpoint.
A study of 18th-century contrapuntal techniques as found in choral preludes, inventions and fugues, among other forms. Prerequisite: MU 2316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4343. Jazz Pedagogy.
A study of repertoire selection and evaluation, phrasing and articulation, rhythm section techniques, methods of instruction, and review of current teaching styles in American jazz programs, including contest preparation and the teaching of basic improvisation. Prerequisites: MU 2116 and MU 2316 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4351. Problems in Music.
The course is conducted as an independent study on one or more music topics and is open to students on an individual basis by approval of the Director of the School of Music.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4353. Problems in Music.
The course is conducted as an independent study on one or more music topics and are open to students on an individual basis by approval of the Director of the School of Music.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MU 4354. Business in Music.
A preparation of students and future musicians for a career in music. The course will discuss the various career options available to aspiring musicians and the paths to take to pursue these options.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4385. Advanced Audio Recording Techniques.
Application of theoretical skills in recording, mixing, and editing concert music. Full major in SRT required. Prerequisite: MU 3384 with a grade of "C" or higher. Corequisite: MU 4180.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

MU 4386. SRT Internship.
Practical experience in audio recording under professional supervision. Provides the opportunity for students to demonstrate professional competencies, based on prior theoretical and laboratory experiences. Full major in SRT required.
3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Music Ensembles (MUSE)

MUSE 3026. Student Chamber Music.
Small student organized and led performing groups coached by area faculty as necessary.
0 Credit Hours. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3027. Jazz Seminar.
Jazz faculty and guest artists meet with Jazz Performance majors to address topics outside the scope of the student's other daily coursework. The seminar will provide lectures and performance opportunities that focus on skills related to professional jazz performance practices.
0 Credit Hours. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3028. Latin Music Studies Seminar.
Latin music faculty and guest artists meet with Latin music majors to address topics outside the scope of the students' other daily coursework. The seminar will provide lectures and performance opportunities that focus on skills related to professional Latin performance practices. Corequisite: MUSP 1220 or MUSP 2220 or MUSP 3220 or MUSP 4220 or MUSP 1230 or MUSP 2230 or MUSP 3230 or MUSP 4230 or MUSP 1240 or MUSP 2240 or MUSP 3240 or MUSP 4240 or MUSP 1250 or MUSP 2250 or MUSP 3250 or MUSP 4250 or MUSP 1260 or MUSP 2260 or MUSP 3260 or MUSP 4260 or MUSP 1170 or MUSP 2170 or MUSP 3170 or MUSP 4170.
0 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3099. Concert Ensemble.
This is a major ensemble that provides experience for music majors to improve their performance skills in a mixed ensemble setting. May be repeated for credit. Restricted to full majors in Music.
0 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3101. Bobcat Basketball Band.
The Bobcat Basketball Band performs for all home men's and women's basketball games that do not fall over a university break. The group travels for all postseason tournaments. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3102. Salsa Del Rio.
Performing ensemble specializing in Latin and South American music. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3103. Texas State Mariachi.
Performing ensemble specializing in Mexican folk music. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3104. Panorama Steel Drum Band.
A performing ensemble specializing in Caribbean steel drum band music. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3105. VocaLibre.
A select vocal ensemble specializing in chamber music, including madrigal and jazz literature. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3106. Opera Workshop.
Vocal performance opportunity to participate in performance of opera and to learn techniques for operatic acting and staging. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3107. Opera Theatre.
Advanced level course designed for the mature vocal performer to analyze and strengthen individual acting and character techniques through work in full productions of operas, operettas and other musical theater literature. Prerequisite: MUSE 3106 Opera Workshop with a grade of "C" or better.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3108. Orquesta del Rio.
Performing ensemble specializing in Latin and South America music. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Grade Mode: Standard Letter

MUSE 3120. Bobcat Marching Band.
This ensemble performs at all home and select away football games utilizing traditional and corps-style marching. The ensemble is focused on delivering entertaining and high-powered halftime shows while supporting Bobcat Football. The band also performs in exhibitions for high school band events. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3123. Concert Band.
This ensemble provides playing experiences for non-music majors and music majors who want to improve their skills and serve as a lab ensemble for conducting students. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3124. Women's Choir.
Performing ensemble specializing in choral literature for women's voices. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3125. Men's Choir.
Performing ensemble specializing in choral literature for men's voices. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3126. Chamber Music.
Small group performing ensembles focusing on chamber literature of mixed and similar instrumental music. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3127. Jazz Combo.
A small performance ensemble designed to develop improvisational skills and individual musical creativity through performance of standard jazz literature. May be repeated for credit.
1 Credit Hour. 4 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3130. Wind Symphony.
Major instrumental ensemble comprised of the most outstanding wind and percussion students who are selected by audition. The group is dedicated to the performance of the finest wind repertoire, whether a contemporary works for winds, or transcriptions from the orchestral repertoire. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3131. Symphonic Winds.
Major instrumental ensemble consisting primarily of music majors and talented non-music majors. This ensemble performs a broad range of full ensemble repertoire, representative of all historical periods and styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3140. Texas State Chorale.
Auditioned major choral ensemble specializing in performances of literature from the Renaissance and 20th Century. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3141. University Singers.
Major choral ensemble that performs a variety of literature, including masterworks, from the 17th Century to the present. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3150. Texas State Symphony Orchestra.
A full symphony orchestra that performs standard orchestra literature, as well as oratorio, concerto, and opera accompaniments. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3151. Chamber Orchestra.
Auditioned orchestra designed to perform advanced level symphonic literature with repertoire representing several of historical periods and styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3160. Jazz Ensemble.
The jazz based ensemble performs advanced arrangements of contemporary popular music in various styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 9 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3161. Jazz Orchestra.
The jazz based ensemble performs intermediate arrangements of contemporary popular music in various styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3162. Jazz Lab Band.
The jazz based ensemble performs beginning arrangements of contemporary popular music in various styles. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3170. Accompanying.
A coaching seminar for pianists to develop reading and accompanying skills. May be repeated for credit. Prerequisite: Piano major.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3180. Mysterium for Contemporary Music Ensemble.
An ensemble course focusing on the performance and analysis of contemporary music in all styles and media. May be repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSE 3190. Guitar Ensemble.
Chamber guitar ensemble designed to provide interaction with fellow guitarists, develop musicianship as ensemble performer, and to familiarize student with music from different periods through a variety of literature. May repeated for credit.
1 Credit Hour. 0 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Courses in Applied Music (MUSP)

Applied Instruction: Private study of voice, piano/organ, woodwind, brass, string, and percussion instruments is available to all music majors from beginning through advanced levels of instruction. Though supervised private coaching, instruction focuses on technique, musicality, literature, and performance. May be repeated for credit. Prerequisite: Music major status or permission from instructor.

MUSP 1120. Applied Voice.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1121. Vocal Techniques.
Vocal Techniques. Vocal instruction focusing on technique, musicality and performance for the beginning singer. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1130. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1135. Piano Techniques I.
Introductory course to develop piano technique and musical style through sight-reading, scales, chords, harmonization, and improvisation. Prerequisite: Music major status.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1136. Piano Techniques II.
Beginning level course to develop piano technique and musical style through sight-reading, scales, chords, harmonization, and improvisation. Prerequisites: MUSP 1135 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1137. Piano Techniques III.
Intermediate level course to develop piano technique and musical style through sight-reading, scales, chords, harmonization and improvisation. Prerequisite: MUSP 1136 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1138. Piano Techniques IV.
Advanced level course to develop piano technique and musical style through sight-reading, scales, chords, harmonization and improvisation. Prerequisite: MUSP 1137 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1140. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1150. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1160. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. BA in music status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1170. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Music major status is required as well as MU 1000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 1000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1180. Introduction to Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1220. Applied Voice.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1230. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1240. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1250. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1260. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the stringl area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1270. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 1280. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2120. Applied Voice.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2125. Applied Voice for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual vocal development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2130. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2135. Applied Keyboard for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual keyboard development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2140. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2145. Applied Woodwind for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual woodwind development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2150. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2155. Applied Brass for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual brass development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2160. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. BA in music status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2165. Applied String for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual string development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2170. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Music major status is required as well as MU 2000, and the appropriate major ensemble must be taken concurrently. Corequisite: MU 2000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2175. Applied Percussion for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual percussion development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2180. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2185. Applied Composition for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual composition development. May be repeated for credit. Permission from instructor required to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2191. Electronic Music I.
Theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Full major in SRT required.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2192. Electronic Music II.
Continuation of the theoretical/working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware & software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Full major in SRT required. Prerequisite: MUSP 2191.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2220. Applied Voice.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2225. Applied Voice for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual vocal development. May be repeated for credit. Permission from instructor required to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2230. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2235. Applied Keyboard for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual keyboard development. May be repeated for credit. Permission from instructor required to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2240. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2245. Applied Woodwind for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual woodwind development. May be repeated for credit. Permission from instructor required to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2250. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2255. Applied Brass for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual brass development. May be repeated for credit. Permission from instructor required to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2260. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2265. Applied String for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual string development. May be repeated for credit. Permission from instructor required to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2270. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2280. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 2285. Applied Composition for non-majors.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance for individual composition development. May be repeated for credit. Permission from instructor required to enroll.
2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3120. Applied Voice.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3130. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3131. Jazz Piano Techniques I.
Beginning piano techniques, introducing scales and chords used in the jazz idiom. Prerequisite: MUSP 1136 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3132. Jazz Piano Techniques II.
Continuing study of piano technique in the jazz idiom and application of skills through performance and arranging. Prerequisites: MUSP 3131 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3140. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3145. Woodwind Techniques I.
Basic teaching and performance techniques of the clarinet and saxophone. Requires successful completion of the Upper Level Competency Review in Music Studies or permission from the instructor to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3147. Woodwind Techniques II.
Basic teaching and performance techniques of the flute and double reeds. Requires successful completion of the Upper Level Competency Review in Music Studies or permission from the instructor to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3150. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3155. Brass Techniques I.
Basic teaching and performance techniques of the high brass instruments. Requires successful completion of the Upper Level Competency Review in Music Studies or permission from the instructor to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3157. Brass Techniques II.
Continuation of the basic teaching and performance techniques of the low brass instruments. Requires successful completion of the Upper Level Competency Review in Music Studies or permission from the instructor to enroll.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3160. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3165. String Techniques.
Basic teaching and performance techniques of the violin, viola, cello and double bass. Full major in Music Studies required.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3170. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Music major status required as well as MU 3000 and the appropriate major ensemble must be taken concurrently. Corequisite: MU 3000.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3175. Percussion Techniques.
Basic teaching and performance techniques of marching and concert percussion. Full major in Music Studies required.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3180. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3191. Electronic Music III.
Further exploration into the theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Prerequisite: MUSP 2192 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3192. Electronic Music IV.
Final studies in the theoretical and working knowledge of sound synthesis, MIDI, and computer-based composition emphasizing practical applications using available software and instruments. Major subject areas: hardware and software, virtual instruments, sampling & playback devices, timbre control, MIDI synchronization, sequencing, digital audio workstations, editing, mixing, notation, and composition. Prerequisites: MUSP 3191 with a grade of "C" or better.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3195. Instrumental Techniques for Choral Students.
This course introduces basic teaching and performance techniques of band and orchestral instruments, instrumental ensembles and instrumental music programs for music students who consider instrumental music a secondary skill area. Full major in Music Studies, vocal concentration required.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3196. Jazz and Latin Ensemble Techniques.
This course explores the basic teaching and performance techniques of instrumentation, arranging and pedagogy in the areas of jazz and multicultural ensembles. Full major in Music Studies, instrumental concentrations.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Grade Mode: Standard Letter

MUSP 3197. Choral/Vocal Techniques.
This course will prepare instrumental music studies students with knowledge of and practice in basic vocal/choral techniques along with guidance in the choosing of appropriate choral literature in order that they may be successful in developing, directing, and maintaining choral programs in elementary-secondary schools. Full major in Music Studies required.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Grade Mode: Standard Letter

MUSP 3220. Applied Voice.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3230. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3240. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3250. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3260. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3270. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 3280. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4120. Applied Voice.
Through supervised private coaching, instruction focuses on technique, musicality, literature and performance in the vocal area. May be repeated for credit. Prerequisite: Music major status or consent of instructor.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4130. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. Co-requisite: MUSP 4230.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4140. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. Co-requisite: MUSP 4240 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4160. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. Co-requisite: MUSP 4260.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4164. Mariachi Melodia Techniques.
This course provides students with the fundamentals of playing and teaching the melodic instruments associated with the Mariachi ensemble, with specific emphasis on the voice, violin, and trumpet. Topics will cover history, tuning, and stylistic techniques associated with each instrument. This course is repeatable for credit three times.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4165. Mariachi Armonia Techniques.
This course provides students with the fundamentals of playing and teaching the rhythm/harmony instruments in the Mariachi ensemble, with specific emphasis in the guitarrón, vihuela/guitar, and the harp. Topics will cover history, tuning, strumming, and stylistic techniques specific to each instrument. This course is repeatable for credit three times.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4170. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4180. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4220. Applied Voice.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the vocal area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4230. Applied Keyboard.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the keyboard area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4240. Applied Woodwind.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the woodwind area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4250. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4260. Applied String.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the string area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4270. Applied Percussion.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the percussion area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4280. Applied Composition.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the composition area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

MUSP 4350. Applied Brass.
Through supervised private coaching, instruction focuses on technique, musicality, literature, and performance in the brass area. May be repeated for credit. Prerequisite: Music major status or permission from instructor. Corequisites: Departmental Recital and appropriate major ensemble; Departmental Recital must be taken at the same level as lessons.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Bachelor of Arts (B.A.) Major in Music

Minimum required: 120 semester credit hours

Admission Requirements

1. All majors in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html
2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.
3. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music majors will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 71) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.
3. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
4. Piano Proficiency (Level II)
5. Theory Proficiency
6. Upper Level Competency Review (ULCR)

Bachelor of Music (B.M.) Major in Music Studies (Choral Concentration Teacher Certification in Music, Early Childhood Through Grade 12)

Minimum required: 129 semester credit hours

Admission Requirements

1. All majors in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html
2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.
3. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234) once all course requirements and successful completion of the School of Music's Upper Level Competency Review have been met in order to officially complete the Bachelor of Music major in Music Studies degree program.
4. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music majors will not be permitted to enroll in applied music and other music major classes until they have been accepted based

on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. To satisfy graduation requirements for teacher certification, students must have at least a 2.75 Overall GPA. A GPA of at least 2.50 in all assigned courses in the professional sequence with no grade below a "C".
3. In addition to the major requirements, students must also complete 15 hours of professional sequence courses through the College of Education. All coursework must be completed prior to EDST 4380 and EDST 4381.
4. Piano Proficiency (Level IV)
5. Theory Proficiency
6. Upper Level Competency Review (ULCR)

Total Hours: 120

Bachelor of Music (B.M.) Major in Performance (Instrumental Concentration)

Minimum required: 120 semester credit hours

Admission Requirements

1. All majors in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html
2. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.
3. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music majors will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Piano Proficiency (Level IV)
3. Theory Proficiency
4. Upper Level Competency Review (ULCR)

Bachelor of Science (B.S.) Major in Sound Recording Technology

Minimum required: 120 semester credit hours

Admission Requirements

1. All majors in the School of Music require admission to the university and admission to the program. For audition guidelines and requirements, prospective undergraduate students should visit: http://www.music.txstate.edu/prospectivestudents/BecomingaMusicMajor.html
2. Students interested in the Sound Recording Technology major must complete an additional application, submit materials for pre-screening (see www.txstate.edu/music/srt (http://www.txstate.edu/music/srt) for details), and interview.
3. Students wanting to enter the music program as a music major (B.A., B.M., B.S. degrees) must submit an online application and audition on their principal instrument or voice the semester before their desired entrance.
4. Students interested in the Sound Recording Technology major must complete an additional application, submit materials for pre-screening (see www.txstate.edu/music/srt (http://www.txstate.edu/music/srt) for details), and interview.
5. Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music. Transfer students' transcripts will be evaluated by an academic advisor prior to an acceptance decision to ensure that acceptance and successful degree plan completion are possible here at Texas State. Prospective music majors will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor. Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities that meet the audition guidelines for their instrument or voice. The deadline to submit a recorded audition is March 1 (for Fall admission) or November 1 (for Spring admission). Audition requirements are available on the School of Music website.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Upper Level Competency Review (ULCR)
3. Senior Portfolio Review

Total Hours: 120

Minor in Jazz

The minor in Jazz requires 18 semester credit hours. The Jazz minor is available only to students in the program for Bachelor of Music major in Music Studies, Instrumental Concentration.

Code	Title	Hours
Required Courses		
MU 3233	Jazz Theory and Improvisation I	2
MU 3234	Jazz Theory and Improvisation II	2
MU 3375	History of Jazz	3
MU 4245	Jazz Composition and Arranging	2
MU 4343	Jazz Pedagogy	3
MUSE 3127	Jazz Combo	1
MUSP 3131	Jazz Piano Techniques I	1
Choose 4 hours from the following:		4
MUSE 3160	Jazz Ensemble	
MUSE 3161	Jazz Ensemble	
MUSE 3162	Jazz Lab Band	
Total Hours		18

Minor in Mariachi

The minor in Mariachi requires 18 semester credit hours. The Mariachi minor is available only to students in the Bachelor of Music major in Music Studies. Students must complete all four of the applied music hours on the primary instrument they play in the mariachi ensemble.

Code	Title	Hours
Required Courses		
MU 4156	Mariachi Arranging Techniques (Take 3 times)	3
MU 4157	Mariachi Ensemble Teaching Lab (Take 3 times)	3
MUSE 3103	Texas State Mariachi (Take 2 times)	2
MUSP 4164	Mariachi Melodia Techniques (Take 3 times)	3
MUSP 4165	Mariachi Armonia Techniques (Take 3 times)	3
Choose 4 hours from the following:		4
MUSP 1250	Applied Brass	
MUSP 1260	Applied String	
Total Hours		18

Minor in Music

The minor in Music requires 18 semester credit hours.

Code	Title	Hours
Required Courses		
MU 1312	Essential Musicianship	3
MU 2303	Survey of Music Literature	3
Choose 3 hours from the following:		3
MU 3308	History of Rock Music	
MU 3318	World Musics	
MU 3375	History of Jazz	
MU 3380A	Women in Jazz	
MU 3380B	Music and Film	
MU 3380C	Rock Harmony	
MU 3380D	History of Blues	
Choose 6 hours from the following:		6
Any MUSE course		
Any MUSP course (with Departmental Approval)		
MU 3310	Guitar Class II	
or MU 4310	Guitar Class III: Rock, Country, Blues	
or MU 4312	Guitar Class IV: Rock, Country, Blues	
Elective		
Choose 3 hours of advanced (3000 or 4000 level) music courses [1]		3
Total Hours		18

[1] Not including MU 3315 and MU 3316.

Minor in Music Composition

The minor in Music Composition requires 18 semester credit hours. The Music Composition minor is available only to students in the program for Bachelor of Music major in Music Studies, Bachelor of Music major in Performance, or for Bachelor of Science major in Sound Recording Technology.

Code	Title	Hours
Required Courses		
MU 3050	Junior Recital	0
MU 4334	Orchestration [1]	3
MU 4336	18th-Century Counterpoint [1]	3
MUSP 1180	Introduction to Composition	1
MUSP 1280	Applied Composition	2
MUSP 2280	Applied Composition (Taken 2 times)	4
MUSP 3280	Applied Composition	2
Electives		
Choose 3 hours from the following:		3
MU 3318	World Musics [2]	
MU 3380B	Music and Film	
MU 4330	Form and Analysis	
MU 4332	Contemporary Analytic Techniques	
MUSP 1137	Piano Techniques III [2]	
MUSP 1138	Piano Techniques IV [2]	
MUSP 2191	Electronic Music I	
Total Hours		18

[1] These courses are required Advanced Theory. However, if a student uses those courses to count towards their bachelor's degree requirements, MU 4330, MU 4332, and/or MU 3380B may count towards their required courses for the minor.

[2] These courses may only count towards the composition minor if the student's bachelor's degree does not require the courses for degree completion.

Minor in Opera

The minor in Opera requires 20 semester credit hours. The Opera minor is available only to students in the Bachelor of Music major in Performance (Vocal Concentration).

Code	Title	Hours
Required Courses		
MUSE 3107	Opera Theatre [1]	2
TH 1365	Intermediate Acting	3
TH 2330	Stagecraft and Stage Lighting	3
TH 3360	Beginning Stage Combat	3
MUSE 3026	Student Chamber Music (2 semesters)	0
Choose 4 hours from the following: [2]		4
FR 1410	Beginning French I	
GER 1410	Beginning German I	
ITAL 1410	Beginning Italian I	
Choose TWO of the following courses:		2
DAN 1160	Beginning Jazz	
DAN 2161	Intermediate Jazz [3]	
DAN 1170	Beginning Recreational Dance	
DAN 1180	Beginning Ballet	
DAN 2181	Intermediate Ballet [3]	
DAN 1190	Beginning Modern Dance	
DAN 2191	Intermediate Modern Dance [3]	
PFW 1155B	Beginning Fencing	
PFW 1155C	Intermediate Fencing	
PFW 1155D	Advancd Fencing	
PFW 1155E	Fencing – Epee	
Choose ONE of the following:		3
TH 3330	Advanced Stagecraft	
TH 3343	Stage Makeup	
TH 3344	Costume Stagecraft	
TH 3338	Stage Lighting	
TH 4334	Stage Management	
Total Hours		20

[1] Two semesters of this one credit course are required to complete this minor.

[2] The language requirement for the Opera Minor is separate from, and in addition to, the requirement found in the Music Performance - Voice Concentration degree program.

[3] A student must make an "A" in the beginning level course, to be allowed to register for intermediate level courses.

Department of Theatre and Dance

Theatre Center Room 101

Telephone: 512-245-2147 Fax: 512-245-8440
www.theatreanddance.txstate.edu (http://www.theatreanddance.txstate.edu)

The Department of Theatre and Dance provides classroom instruction and hands-on participation in the performance and production aspects of theatre, dance, film, television and web video.

All theatre majors take a sixteen hour core curriculum in the discipline, and then specialize in acting, technical production, performance and production, musical theatre, or certification. Graduates work as teachers, actors, designers, writers, producers, directors, and technicians in film, television, and theatre. Some have gone on to pursue advanced degrees, receiving additional training for a profession a professional career or preparing to teach at the college or university level.

Texas State's dance program prepares professional performers and choreographers and certifies teachers for the public schools. Students explore several forms of dance and learn to use those forms in educational and community settings. The role of dance as an art form and a means of developing sound aesthetic values is paramount in the program. Graduates work in public schools, private schools, private studios, and professional dance groups. Some have gone on to pursue advanced degrees, receiving additional training for the profession or preparing to teach at the college level.

Admissions Requirements

1. Admission to the B.F.A. major in Theatre with an emphasis in Acting is highly competitive and based on an audition/interview with members of the B.F.A. Acting Program faculty. Prospective students audition during their senior year of high school. This is a four-year sequential curriculum and transfer students are not accepted unless specially invited by the B.F.A.Acting faculty. Students in the program are always on probation; their work and progress are formally evaluated by faculty annually. Students must maintain a minimum GPA of 2.5.
2. Admission to the B.F.A. major in Theatre with an emphasis in Technical Production is based on successful completion (with a grade of C or better) in TH 1350 Introduction to Theatrical Design and in TH 2330 Stagecraft and Stage Lighting. Upon successful completion of these two courses, the student will be allowed to enroll in TH 3390 BFA Pre-Professional Apprenticeship I and, in some cases, may be concurrently enrolled in TH 2330 and TH 3390. Students in the program will be evaluated after each semester by Technical Production faculty and staff to assess progress and determine continuation in the program. Students must maintain a minimum GPA of 2.5.
3. Admission to the B.F.A. major in Musical Theatre is highly competitive and based on an audition/interview with members of the B.F.A. Musical Theatre Program faculty. Prospective students generally audition during their senior year of high school. Interested transfer students must contact the Head of Musical Theatre to see if there are any available slots in their class level; typically, students transferring into the program require four years at Texas State to complete their degree. Students in the program are always on probation, with their work and progress continually evaluated. Students must maintain a minimum GPA of 2.8.
4. Admission to the B.F.A. major in Dance is based on an audition in either the fall or spring semester prior to the year of admittance. Students in the program are always on probation, with their work and progress continually evaluated. There is a formal review at the

end of the sophomore year that determines whether each student may advance to the upper-level training. Transfer students will be reviewed at the end of their first long semester. Students will be expected to maintain appropriate artistic and academic standards at the discretion of the Dance faculty.

5. Teacher certification majors in theatre and dance must maintain a GPA of 2.75. Students who fail to do so will be advised into another program. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

Bachelor of Arts (B.A.)

- Major in Dance (p. 372)
- Major in Theatre (p. 373)

Bachelor of Fine Arts (B.F.A.)

- Major in Dance (Performance and Choreography Concentration) (p. 374)
- Major in Dance (Single Field Teacher Certification in Dance, Grades 8-12) (p. 375)
- Major in Dance (Two Fields Teacher Certification in Dance, Grades 8-12) (p. 376)
- Major in Musical Theatre (p. 377)
- Major in Theatre (Acting Pre-Professional Concentration) (p. 378)
- Major in Theatre (Performance and Production Pre-Professional Concentration) (p. 379)
- Major in Theatre (Teacher Certification in Theatre, Early Childhood Through Grade 12) (p. 380)
- Major in Theatre (Technical Production Concentration) (p. 381)

Minors

- Theatre

Subjects included in this department: DAN (p. 357), TH (p. 361)

Courses in Dance (DAN)

DAN 1111. Freshman Dance Seminar.
Designed to orient incoming dance majors to several dance topics: dance appreciation, nutrition, time management, and career opportunities in dance. Also includes the practical component of assisting as crew members for dance productions.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 1113. Conditioning for Dancers.
Students in this course will study introductory body conditioning exercises and routines. Course content will include an introduction to and practical application of body conditioning methods, based on Laban Movement Analysis, Pilates, Aerobics, and Yoga techniques. Emphasis is placed on anatomical terminology and safe exercise.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 1114. Topics in Fitness Activities: Pilates.
Pilates exercise work is designed as a rehabilitative and physical improvement technique (body therapy) that is especially useful for dancers who have sustained injuries or want to avoid common dance injuries.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 1160. Beginning Jazz.
Beginning levels of jazz dance technique, including basic jazz walks and weight shifts, isolations, stretches, and dance combinations. Combinations are designed to challenge and enhance the students' knowledge of the various styles and "schools" of jazz dance and to develop performance and choreographic abilities in these styles.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: DANC 1147

DAN 1170. Beginning Recreational Dance.
Recreational dance includes international folk dance, square dance, and ballroom dance. Students will learn specific dances from each of these styles and gain an understanding and appreciation of the role of dance in societies and culture. This course provides an opportunity for students to explore the elements of dance as a way to discover movement as an expressive medium. This course is also offered as PFW 1180J.
1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: DANC 1128

DAN 1180. Beginning Ballet.
Introduction to the basic technique and steps of the classical ballet. Basic barre exercises, basic positions, and traveling steps of the ballet movement vocabulary will be taught and practiced for mastery, singly and in combination. Students are expected to acquire beginning ballet skills.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: DANC 1141

DAN 1190. Beginning Modern Dance.
Basic modern dance technique and movement vocabulary are introduced and practiced for mastery. Biomechanical principles and the elements of dance are introduced. Elementary choreographic experiences will be included.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: DANC 1145

DAN 1212. Dance Appreciation.
This course familiarizes incoming students with Dance as an art form in numerous social, cultural, and professional contexts. It will introduce students to the artistic, philosophical, and cognitive implications of Dance, while examining a variety of dance-related careers.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

DAN 2160. Introduction to Hip Hop Dance.
This experiential course explores the history, development, and core elements of hip-hop dance culture through movement activities, assigned videos, and readings. Repeatable for credit with different emphasis.
1 Credit Hour. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2161. Intermediate Jazz.
Intermediate levels of Jazz dance techniques include complex weight shifts, syncopations, coordinations, and isolation techniques. Exercise and floor combinations are designed to challenge and improve previously obtained motor skills and to enhance the knowledge of correct mechanics of dance as a performing art. Prerequisite: Instructor approval.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2181. Intermediate Ballet.
Intermediate level ballet barre, center, position, and transitional patterns of the classical ballet will be introduced and practiced for mastery. Emphasis will be on quick mastery of simple to complex combinations of those patterns plus an understanding of the biomechanical basis of each pattern. Prerequisite: Instructor approval.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2191. Intermediate Modern Dance.
Intermediate modern dance skills are introduced and practiced for mastery. Students are expected to learn and perform combinations with skill and artistry, demonstrating a working knowledge of biomechanics and performance techniques. Application of movement principles is emphasized. Prerequisite: Instructor approval.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2201. Dance Composition I.
This course utilizes improvisation as a creative dance technique in designing new movements for choreography. Using current trends in improvisational materials, this course places emphasis on designing original movement, while facilitating students in maintaining aesthetic forms and developing artistic discrimination. Prerequisite: DAN 1190 or DAN 2191 or DAN 3292.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

DAN 2202. Dance Composition II.
Basic principles of dance composition will be applied to solo choreography, emphasizing skilled use of space, dynamics, and rhythm to build artistic compositions. Exploration of crafting materials in authentic expression will be facilitated. Prerequisite: DAN 2201.
2 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

DAN 2210. Contact Improvisation.
Improvisational movement techniques that explore weight-sharing, non-verbal communication, sensory awareness, risk-taking, and physical and emotional trust. Students will gain the physical and perceptual skills to enhance performance in all areas of creative expression. Principles will be applied through movement training, discussion, and performance. Prerequisite: DAN 2191 or DAN 3292.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: DANC 1201

DAN 2313. Introduction to Fine Arts.
An introductorycourse designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking ART 2313 or MU 2313, or TH 2313.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050
Grade Mode: Standard Letter
TCCN: HUMA 1315

DAN 2365. Creative Movement for Children.
Emphasis on rhythmical movement exploration and using creative movement as both an art form and as a teaching tool. Through class activities, students will develop effective facilitator skills and incorporate innovative strategies for teaching traditional material in non-traditional ways. Prerequisite: DAN 2201; DAN 1190, DAN 2191 or DAN 3292.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

DAN 2367. Dance Performance Workshop.
This course is designed to give the dance student experience in learning and performing varied styles of dance choreography. Established dance works and experimental works will be included in order to develop a professional-level ability to learn, remember and perform a wide repertory of choreography. Prerequisite: Instructor approval.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 2368. World Dance and Cultures.
World Dance and Cultures exposes students to the varied and rich traditions of dance in a wide range of historical and cultural contexts. Through lectures, group discussions, video analysis, live performance, movement exploration, and writing projects, students develop a broad appreciation of dance that encompasses a variety of dance practices. Prerequisite: DAN 1212.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 3111. Dance Activities.
This course is designed to provide credit for participation in dance activities. It typically involves working on a departmental production. May be repeated with different emphasis. Prerequisite: Instructor Approval.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3152. Musical Theatre Tap II.
This class expands on skills covered in Musical Theater Tap I. Basic steps are perfected and more difficult steps and combinations are learned. Longer sequences set to musical theatre music are mastered, and attention is given to ensemble work, rhythmic variations, and performance skills. Prerequisite: DAN 3151 with a grade of "D" or better.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3162. Advanced Jazz.
Advanced levels of jazz dance technique include more complex coordinations and combinations, requiring increased levels of technique, strength and flexibility. Emphasis is on developing ability to quickly master increasingly challenging choreography, while continuing to develop new skills. There is a continuing emphasis on bio-mechanics and choreography. Prerequisite: Instructor Approval.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3171. Musical Theatre Dance I.
This course involves the study of dance as it applies to musical theatre performance. It covers some of the styles that make up musical theatre including character dancing, the Charleston, and various ballroom dances. Prerequisite: DAN 2181 with a grade of "D" or better.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3182. Advanced Ballet.
This course is an introduction of the advanced concepts and principles of classical ballet. The class is designed to develop proper alignment, strength, flexibility, coordination and musicality. Restricted to Dance Majors. Prerequisite: Instructor Approval.
1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3292. Advanced Modern Dance.
Advanced modern dance skills are introduced and practiced for mastery. Students are expected to learn and perform increasingly complex combinations with skill and artistry, demonstrating a mastery of bio-mechanical principles and performance. Dance majors and minors are expected to develop a high level of skill in this dance genre. Prerequisite: Instructor Approval.
2 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3330. Dance Curriculum Development.
This course builds on a requisite knowledge of basic educational theory and lesson plan structure with an emphasis on developing and implementing a successful dance curriculum. Practical and effective strategies for teaching middle school and high school dance will be examined. Prerequisites: DAN 1160, or DAN 2161, or DAN 3162; DAN 1180, or DAN 2181, or DAN 3182; DAN 1190, or DAN 2191, or DAN 3292.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 3331. Theory and Practice of Teaching Dance.
This course is an introduction to child/adolescent development as it applies to the teaching of codified dance techniques. Students will create age appropriate lesson plans in Modern Dance, Ballet, and Jazz. Special attention is paid to the role of the teacher in the private studio dance setting. Prerequisite: DAN 2161 or DAN 3162; DAN 2181 or DAN 3182; DAN 2191 or DAN 3292.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

DAN 3332. Dance Concert Production.
This course is designed to develop skills required to plan and execute dance concerts in standard educational institutions, as well as professional venues. The course will include an introduction to technical theatre and design concepts for performance: lighting, stage management, make-up, costuming, and music selection.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 3340. Dance Touring Ensemble.
Learning and performing dances from the repertory of current faculty members, artists-in-residence, and from the repertory of historic modern dancers. Dances performed locally and regionally. Enrollment by audition only. May be repeated for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3345. Video Dance.
The class is geared particularly towards dance makers and principally towards dance majors. The central objective is to enable the participants to create choreographic work for the camera, through the analysis and discussions of a selection of screenings as well as through hands-on work. Collaboration and cooperation is encouraged throughout the process.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 3350. Dance Team Directing.
Develop skills required to direct a performing dance team. Topics include choreography, administrative organization, public relations and communication skills.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 3365. Rhythmic Structure of Movement.
The structural analysis of basic and complex dance movements, their inherent rhythmic configuration. Understanding of movement and its rhythmic structure and correction of movement errors. Practical experience in percussion accompaniment of these movements will be emphasized. Prerequisites: DAN 2201 and DAN 2202, all with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 3366. Laban/Bartenieff Movement Analysis.
Labanotation Theory & practice of the Laban Effort-Shape Movement System and its application toward creative expression. Theory and practice of Bartenieff Fundamentals, a movement training which patterns efficient connectivity in the body with emphasis on full psychophysical involvement in personal expression. Basic skill in reading and writing Labanotation will also be included.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 3370. Dance Composition III.
Opportunity for students to increase knowledge and understanding of dance composition elements as they relate to group forms, theme, development, and phrase manipulation. Prerequisites: DAN 2202.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

DAN 3390. Dance in the Community.
This course combines community service (creating dance for or with non-profit community organizations that serve at-risk populations) with readings, discussions, and collaboration on societal applications of performing arts. May be repeated once for credit when topics vary.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4171. Musical Theatre Dance III: Pre 1970s Choreography.
This course provides an examination of the history and development of musical theatre dance styles, including an in-depth study of significant works of choreographers before 1970, from Agnes DeMille to Jerome Robbins. Prerequisite: DAN 3172 with a grade of "D" or better.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4172. Musical Theatre Dance IV: Post 1970s Choreography.
This course provides an examination of the history and development of musical theatre dance styles, including an in-depth study of significant works of choreographers after 1970, including Bob Fosse, Michael Bennett, Ann Reinking, and Susan Stroman. Prerequisite: DAN 4171 with a grade of "D" or better.
1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4292. Advanced Principles.
Students analyze and perform advanced principles based in dance technique, and somatic approaches to dance training. Students develop a high level of conceptual mastery and physical skill for their teaching and performing preparation. May be repeated once for credit. Prerequisite: DAN 3292 or equivalent with a grade of "D" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4330. Dance Kinesiology.
This course is an experiential study of the human body in rest and in motion. Emphasis will be on the skeletal and muscular systems in consideration of applications to dance performance, teaching and creative processes, and injury prevention and rehabilitation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 4334B. Choreographic Influences in Dance.
The purpose of this course is to investigate how many single important dancers, particular school or movements in dance, artistic and technological developments and political, sociological and other world events have shaped choreographic trends in dance. Prerequisite: upper division standing.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

DAN 4334C. Costuming for Dance.
This course provides a practical approach to designing and building costumes for dance. Emphasis is placed on basic stitching techniques, introductory patterning, concepts of design for dance and collaborating with other artists. Practical experience with university productions will be required in the laboratory. Prerequisites: DAN 2202 and DAN 2191, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

DAN 4350. Musical Concepts for Dance Performance.
Provides dance majors with a working knowledge of the essential vocabulary of music-rhythm, melody, form and harmony, together with an overview of musical styles throughout both time and geography.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 4360. Dance Independent Study.
Designed to give supervised experience to qualified advanced students in dance. Independent study on research problems or actual production problems may be chosen. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4366. Writing and Reading About Dance.
Surveys dance literature including an opportunity for students to familiarize themselves with resources, current publications, theoretical materials, and professional organizations in dance. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 4367. Advanced Dance Composition: Theory and Practice.
Students will choreograph, costume, and design lights for a group dance of substantial length, justifying artistic choices in an accompanying documented paper. The results of this course will be a senior dance concert. May be repeated once for credit. New material will be covered each time taught. Prerequisites: DAN 2181 and DAN 2201 and DAN 2202 and DAN 3292, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4369. Dance in the 20th and 21st Centuries.
Exposure to a wide variety of literature in the area of dance, the arts and sciences which specifically address the development of dance as an art-form and cultural phenomena in the 20th and 21st Centuries. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 4370. Contemporary Issues in Dance.
This upper-level theory course is designed to provide opportunities to investigate the current moment in contemporary concert dance. Current trends in choreography will be explored in a variety of genres. Culturally relevant themes of gender, sexuality, social justice, commercialism, racism, and beauty will be examined. Prerequisite: DAN 4366 or DAN 4369.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

DAN 4380. Professional Development for Dancers.
This course will prepare students to work as professionals in the field of Dance. They will learn the skills necessary to create a Dance-specific resume and portfolio for use upon graduation, to seek and secure employment, and seek funding for Dance projects.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

DAN 4470. BFA Senior Concert.
A course that provides a practical opportunity to choreograph, perform, and produce a dance concert. Students will engage in the creative, administrative, and promotional aspects of production. Students will also compile a thesis booklet. Prerequisites: Must be a Senior standing and have completed DAN 3292 and DAN 3370, all with a grade of "D" or better.
4 Credit Hours. 4 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

DAN 4471. Dance Internship.
This course provides professional hands-on experience in the dance industry and is intended for students who do a full-time internship over the summer or during a regular full semester. Consent of instructor required. Prerequisite: Consent of instructor.
4 Credit Hours. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Theatre (TH)

TH 1121. Musical Theatre Singing Technique I.
This course in vocal instruction focuses on technique, musicality and performance for the Musical Theatre performer.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1122. Musical Theatre Singing Technique II.
This course in vocal instruction continues the work done in TH 1121 and focuses on technique, musicality and performance for the Musical Theatre performer. Prerequisite: TH 1121 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1160. Musical Theatre Jazz I.
This course focuses on beginning jazz dance technique for Musical Theatre students including jazz walks, weight shifts, isolations, stretches, and combinations. Combinations are designed to challenge and enhance the students' knowledge of the various styles and methodologies of jazz dance and to develop performance and choreographic abilities in these styles.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1180. Musical Theatre Ballet I.
This course introduces the basic technique and steps of classical ballet to Musical Theatre students. Basic barre exercises, positions and traveling steps of the ballet movement vocabulary will be taught and practiced for mastery. Students will also gain an understanding of ballet as a performing art.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1210. Introduction to Musical Theatre.
This course focuses on foundations for training for a professional career in musical theatre, with particular emphasis on interview and audition skills.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1211. Introduction to Musical Theatre II.
This class continues the foundational work established in TH 1210 Introduction to Musical Theatre. It further develops the interview and audition skills necessary for a professional career in musical theatre. Prerequisite: TH 1210 with a grade of "D" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1312. Musical Theatre Musicianship I.
This course offers detailed instruction in fundamentals of musicianship for the Musical Theatre performer, including notation, meters, scales, key signatures, intervals, chords, and sight singing. Equal emphasis is placed on practical skills and theoretical analysis of the musical theatre canon.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1314. Musical Theatre Musicianship II.
This course offers continued practice of the essential elements of musicianship for the Musical Theatre performer including higher levels of ear training and sight-singing. Equal emphasis is placed on practical skills and theoretical analysis of the Musical Theatre canon. Prerequisite: TH 1312 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1340. Voice and Diction.
The human voice and the sounds of speech. The student's own voice and pronunciation will be the primary concern, using practice sessions to develop more acceptable patterns of voice and sound.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: DRAM 2336

TH 1345. Beginning Voice.
This course teaches basic principles of vocal production and its anatomy, including vocal variety and instinctual choice. It emphasizes proper vocal support, range, flexibility and health.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1350. Introduction to Theatrical Design.
Course introduces the freshman theatre major to the four primary areas of theatrical design: costume design, scenic design, sound design, and lighting design. Each area's practice is explored and analyzed through a series of exercises that incorporate design projects.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1354. Movement I.
Creative movement for the theatre. Designed to stimulate the actor's body to increase flexibility and the kinetic response to environmental stimulus through exercise and research into the physical process.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: DRAM 1322

TH 1355. Movement II.
A continuation of Movement I and the exploration of kinesthetic response for the actor, using movement techniques in class performances and further research into the techniques of Alexander, Feldenkrais, and Laban. Prerequisite: TH 1354 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 1364. Beginning Acting.
Beginning Acting. (2-1) Classroom exercises designed to explore and discover the actor's inner resources, and to develop the personal awareness of the student's imaginative potential. May be taken by non-majors independently.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter
TCCN: DRAM 1351

TH 1365. Intermediate Acting.
Intermediate Acting. (2-1) Classroom exercises designed to continue the exploration of the actor's inner resources; additional work on discovering techniques of developing a character. May be taken by non-majors independently. Prerequisite: TH 1364 or equivalent, with a grade of "D" or better.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter
TCCN: DRAM 1352

TH 2111. Theatre Activities.
A course designed to provide credit for participation in theatre activities. May be repeated to a total of four credits.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter
TCCN: DRAM 1120

TH 2161. Musical Theatre Jazz II.
This course focuses on intermediate jazz dance technique for Musical Theatre students including complex weight shifts, syncopations, coordination and isolation techniques. Exercise and floor combinations are designed to challenge and improve previously obtained motor skills and to enhance knowledge of correct mechanics of dance as a performing art. Prerequisite: TH 1160 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 2181. Musical Theatre Ballet II.
This course introduces intermediate technique and steps of classical ballet to Musical Theatre students. Intermediate barre exercises, positions and traveling steps of the ballet movement vocabulary will be taught and practiced for mastery. Students will also gain an understanding of ballet as a performing art. Prerequisite: TH 1180 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 2210. Intermediate Musical Theatre I.
This course focuses on intermediate interview and audition skills, intermediate personalizing the lyric skills, intermediate marketing skills,and basic scene study skills.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 2211. Intermediate Musical Theatre II.
This course focuses on intermediate musical theatre theory and analysis, acting through movement, and scene study of both period and contemporary musical theatre works.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 2313. Introduction to Fine Arts.
An introductory course designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking ART 2313, DAN 2313, or MU 2313.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Creative Arts Core 050
Grade Mode: Standard Letter
TCCN: HUMA 1315

TH 2330. Stagecraft and Stage Lighting.
This class teaches the facilities, tools, materials and techniques used to build scenery safely and effectively in the modern theatre. It also covers the facilities, tools, and techniques used to safely and effectively read a light plot, hang and focus stage lighting instruments. It includes a hands-on lab.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

TH 2345. Experiencing Speech.
This class focuses on the understanding of and the ability to use speech articulators in order to allow full, healthy production of all the sounds made in human language. While breaking chronic speech patterns, it aims for full speech flexibility and ability to healthfully create any sound the character requires. Prerequisite: TH 1345 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 2354. Characterization.
A studio acting course in which the student explores and develops techniques of creating a role. Prerequisite: TH 1365 or equivalent with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter
TCCN: DRAM 2351

TH 3111. Theatre Activities.
This course is designed to provide credit for participation in theatre activities. It typically involves working on a departmental production. May be repeated for credit with different emphasis.
1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3120. Musical Theatre Singing Technique.
This course is for advanced, private study in musical theater singing technique. Via private instruction, students will study multiple areas of musical theatre singing technique including singing for the microphone, belting, placement, and diverse musical theater styles (pop, rock, Golden Age, contemporary musical theater, etc). Prerequisite: MUSP 1121 and status as a Musical Theatre Major.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3150. Pop Rock Repertoire Building.
This class develops repertoire and vocal styles in 12 pop/rock genres of music, preparing students for the current demands of the musical theatre industry, including building repertoire for their professional audition books. Prerequisite: TH1210 and TH1211.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3151. Musical Theatre Tap I.
This class covers the basic steps of tap technique and how it applies to musical theatre. Students learn coordination, rhythmic variations, and performance skills through a series of tap combinations and exercises. They also explore the concepts of dancing as an ensemble. Prerequisite: TH 2161 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3152. Musical Theatre Tap II.
This class expands on skills covered in Musical Theater Tap 1. Basic steps are perfected and more difficult steps and combinations are learned. Longer sequences set to Musical Theatre and contemporary music are mastered, and attention is given to ensemble work, rhythmic variations, and performance skills. Prerequisite: TH 3151 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3162. Musical Theatre Jazz III.
This course focuses on advanced jazz dance technique for Musical Theatre students including complex coordination and combinations requiring increased levels of technique, strength and flexibility. Emphasis is on developing ability to quickly master challenging choreography while continuing to develop new skills. There is a continuing emphasis on biomechanics and choreography. Prerequisite: TH 2161 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3171. Musical Theatre Dance I.
This course involves the study of dance as it pertains to Musical Theatre performance. Along with technique fundamentals, students hone the skills necessary for effective character development, storytelling, and auditioning. The course also covers some styles that make up Musical Theatre including Traditional Broadway, Charleston, Hip-Hop, and various Ballroom dances. Prerequisite: TH 2181 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3172. Musical Theatre Dance II.
This course involves the study of dance, movement, and staging for Musical Theatre and culminates in student-choreographed works from Musical Theatre productions. It includes strategies for learning and performing dance combinations as they occur in professional dance auditions. It also explores styles such as Fosse, Contemporary, and Commercial Dance. Prerequisite: TH 3171 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3182. Musical Theatre Ballet III.
This course introduces advanced technique and steps of classical ballet to Musical Theatre students. Advanced barre exercises, positions and traveling steps of the ballet movement vocabulary will be taught and practiced for mastery. Students will also gain an understanding of ballet as a performing art. Prerequisite: TH 2181 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3220. Musical Theatre Singing Technique.
This course is for advanced, private study in musical theater singing technique. Via private instruction, students will study multiple areas of musical theatre singing technique including singing for the microphone, belting, placement, and diverse musical theater styles (pop, rock, Golden Age, contemporary musical theater, etc). Prerequisite: MUSP 1121 with a grade of "D" or better, and status as a Musical Theatre Major.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3305. Theatre in the Community.
This course combines community service (creating theatre for or with non-profit community organizations that serve at-risk populations) with readings, discussions, and collaboration on societal applications of performing arts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 3310. Intermediate Voice.
Continuing development of the fundamentals of voice and speech for the stage as well as exploring language and text. Practical application through assignments and in-class exercises. Prerequisite: TH 2345 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3320. History of the Theatre I.
A study of the theatre and its place in the social and cultural evolution from primitive civilization to 1700. Selected examples of theatre literature are studied. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 3321. History of the Theatre II.
A study of the theatre and its place in the social and cultural evolution from 1700 to the present. Selected examples of theatre literature are studied. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 3322. History of Musical Theatre.
Course examines the history of musical theatre, from its antecedents through its Golden Age to present-day issues. In the process students will study musical theatre's elements and structure, as well as its creators, including major librettists, composers, lyricists, designers, directors, choreographers, and performers.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3330. Advanced Stagecraft.
This course covers the facilities, tools, materials, equipment and techniques used to safely produce, from a technical standpoint, live theatrical performances. The course includes woodworking, metal working, stage rigging, stage lighting, audio and, in general, good stage hand practices. Prerequisite: TH 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3331. Theatrical Drafting: By Hand.
This course is a study of manual drafting techniques for theatrical designers and technicians. Prerequisite: TH 2330 or permission of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3332. Introduction to Stage Properties.
This course introduces students to the categories of theatrical properties, as well as the practices and processes of the theatrical Prop Master as they pertain to the execution of a collaborative production.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3337. Sound Design & Technology I.
This course provides an understanding of audio technology, the components of sound systems, and their application for live entertainment, including theatre and dance productions. This technical knowledge is the basis of the sound designer's skill set. Prerequisite: TH 1350 and TH 2330.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3338. Stage Lighting.
This course in stage lighting design assumes basic knowledge of lighting technology equivalent to that learned in TH 2330. This class encompasses research, observation, group discussion, and practical "hands-on" projects with emphasis on learning to see light and developing a common language for light and the lighting design process. Prerequisite: TH 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3342. Television/Film Performance.
A practical laboratory course in television and film performance techniques, including procedures and requirements for professional engagements. May be repeated with different emphasis for additional credit. Prerequisite: TH 1364 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3343. Stage Makeup.
A practical course in developing techniques used in applying stage makeup. Emphasis is placed on painting, and contouring the face to achieve the desired effect. Special projects include fantasy makeup and mask making.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3344. Costume Stagecraft.
A single semester introduction to garment production for the entertainment industry. Emphasis is placed on hand and machine stitching techniques, as well as an introduction to pattern drafting.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

TH 3346. Historical Costume Research.
Historical Costume Research. (3-2) A study of clothing, accessories, and customs of selected theatrical periods as an approach to costuming period plays.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3350. Technical Production.
This course provides hands-on experience to qualified advanced students in technical theatre utilizing a series of rotating topics. Selected topics may include stage rigging, sound systems, remote device management, technical direction and/or technical writing/drawing. May be repeated for credit with different emphasis. Prerequiste: TH 2330 with a grade of "D" or better, and approval of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3351. The Craft of the Stagehand in the Live Entertainment Industry.
The purpose of this course is to provide the student with proper training in the variety of skills that are needed in order to work professionally as a Stagehand in live entertainment performance venues across the United States and around the world.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3352. Stage Rigging for the Live Entertainment Industry.
The purpose of this course is to provide the student with instruction and opportunity to become proficient with safely employing basic rigging techniques that are common in live performance venues throughout the United States. Prerequisite: TH 2330.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3353. Film Production Practices.
This course provides an introduction to the art and practice of filmmaking. It analyzes the components of a film and examines the tools of filmmaking, including the camera, script, sound equipment, and editing software.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3355. Playwriting.
A study of play fundamentals (structure, dialogue, and mechanics), and guidance and discussion of representative plays. Prerequisite: Instructor approval is required prior to enrollment. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3358. Screenwriting.
This course offers a comprehensive study of the art and craft of writing screenplays. During a semester of intensive writing, readings, script analysis, and critiques, writers complete assignments in storytelling, character, structure, and script development. Each writer completes a full-lenth screenplay as the capstone project for the semester.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

TH 3359. Advanced Screenwriting.
This course focuses on the development of full-length screenplays. May be repeated for credit with different emphasis. Prerequisite: TH 3358 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3360. Beginning Stage Combat.
An introductory course in stage combat. A hands-on approach with emphasis placed upon actor safety, dramatic requirements of the script, and historical accuracy. Repeatable for credit with different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3361. Improvisation for the Actor.
This class develops the student's understanding of the fundamentals of improvisation as both a performance art and a rehearsal technique, expanding the actor's versatility and enhancing confidence in performance and communication skills.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3362. Singing for the Actor.
This course is an introduction to the dynamic world of musical theatre through song analysis and performance, class exercises for the body and the voice, as well as an initial look at both classic and contemporary musical theatre style, structure, and content. Prerequisite: Instructor Approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 3364. Acting Realism.
A studio course emphasizing the theories and methods of Stanislavsky in order to create characters in realistic drama. Prerequisite: TH 1365 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3365. Acting Styles.
This course focuses on the performance of non-realistic period plays, such as Greek, Shakespearean, and comedy of manners (Restoration and Georgian as well as plays by Moliere, Noel Coward, and Oscar Wilde). Prerequisite: TH 1365.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3367. Theory and Analysis.
A study of dramatic theory and play analysis for production, including the study of forms, styles, and methods. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 3370. Creative Drama.
Emphasis on process drama theory and using creative drama as both an art form and as a teaching tool. Through class activities, students will develop effective facilitator skills and incorporate innovative strategies for teaching traditional material in non-traditional ways.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 3390. BFA Pre-Professional Apprenticeship I.
Intensive work in one of the following career paths: Acting, design, and theatre technologies, costuming. Prerequisite: Formal admission into the Bachelor of Fine Arts Pre-professional Program.
3 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4120. Musical Theatre Singing Technique.
This course is for advanced, private study in musical theater singing technique. Via private instruction, students will study multiple areas of musical theatre singing technique including singing for the microphone, belting, placement, and diverse musical theater styles (pop, rock, Golden Age, contemporary musical theater, etc). Prerequisite: TH 3120 or TH 3220, with a grade of "D" or better, and Senior status as a Musical Theatre Major.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4171. Musical Theatre Dance III.
This course provides an examination of the history and development of Musical Theatre dance styles, including an in-depth study of significant works of choreographers, including Agnes de Mille, Jack Cole, Jerome Robbins, Bob Fosse, Michael Bennett, Susan Stroman, and Andy Blankenbuehler. Prerequisite: TH 3171 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4172. Musical Theatre Dance IV.
This course provides is an advanced Musical Theatre dance class that will focus on building advanced technical and performance skills as well as displaying competence in a variety of styles. Students will also develop partnering skills. Prerequisite: TH 4171 with a grade of "D" or better.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4301. Professional Internship.
This course provides professional hands-on experience in the theatre or film industry. May be repeated once for credit. Prerequisite: Consent of instructor.
3 Credit Hours. 0 Lecture Contact Hours. 20 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4302. Contemporary Theatre Workshop.
This course examines some of the major plays, playwrights, themes and styles in contemporary theatre in the United States. Students will read, analyze, research, and perform in scenes from many different types of contemporary performance, including realism, musical theatre, classical adaptation, surrealism, and devised work.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4303. Multicultural Perspectives in American Theatre.
This course explores the literature, history, and performance challenges of the many voices and perspectives that make up American Theatre. In addition to exposure to brief historical overviews, students will read key literary texts and perform monologues and scenes.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4304. Web Series Creation.
This course focuses on the techniques of creating a web series, with an emphasis on script writing and development. It also includes fundamental knowledge of film production and web publication, including marketing and identifying a target audience.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4305. Advanced Web Series Creation.
This course is a continuation of the Web Series Creation course and specifically focuses on production of a web series. Students will write, direct, and produce their own web series for publication on the internet. Prerequisite: TH 4304 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4310. Theatre Curriculum Development.
Course builds on a requisite knowledge of basic educational theory and lesson plan structure with an emphasis on developing and implementing a successful Theatre curriculum. Practical and effective strategies for teaching middle school and high school Theatre will be examined.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 4320. Directing Theatre Activities.
Designed to assist any teacher in directing theatre activities. During the course, students will direct plays or scenes. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4323. Shakespeare Through Performance.
This intensive summer study abroad program immerses students in the language and culture of Shakespeare's plays. Incorporating a performance-based approach to the study of Shakespeare, this course includes theatrical workshops taught by professionals at leading international theatres, including the Royal Shakespeare Company.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4324. Shakespeare: Text and Context.
This intensive study abroad program immerses students in the language and culture of Shakespeare's plays. In Stratford, academic workshops are led by scholars from the Shakespeare Birthplace Trust. Through immersion in the cultural environment in which the plays were produced, students gain insight into the context that shaped Shakespeare's theatre.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4330C. Improvisation for the Actor.
This course teaches improvisational skills for actors via the use of theatre games and experiential exercises. This course is repeatable one time for credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330D. Actor, Artist, Aesthetic.
This course focuses on group and individual created works of art. Students will explore their personal artistic aesthetic and create a piece that will be performed.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330F. Singing for the Actor.
This course focuses on developing the vocal instrument and singing skills for actors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330G. Design for Educational Theatre.
The course consists of three sections covering Scenic Design, Lighting Design and Production Elements. It is intended for Teacher Certification students with the goal of providing the tools to be successful when dealing with limited resources, reduced personnel and challenging theatre venues at their schools. Prerequisite: TH 2338.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330H. Technical Theatre Intensive.
This course provides the technical skills necessary to work effectively as a high school or middle school theatre teacher. It focuses on the facilities, tools, materials and techniques used to build scenery safely and effectively in the modern theatre. Laboratory meetings extend the lecture subjects with practical examples and experiences. Prerequisite: TH 4330G.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Topics
Grade Mode: Standard Letter

TH 4330I. Theatre Drafting.
This course is a study of manual drafting techniques for scenery and lighting designers and technicians. It is required for all BFA scenic and lighting students. Prerequisite: TH 2330 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330J. Drawing for the Designer.
This course is a studio class with a focus on drawing for the scenic, lighting, and costume design student. Required of all BFA design majors. Prerequisite: TH 4390.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330K. Painting for the Designer.
This course is a studio class that will explore painting techniques for the theatrical designer. Required of all BFA design majors. Prerequisite: TH 4390.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330L. Welding for the Stage.
Welding for the Stage. (3-0) This course offers a hands-on study of the principles and practices utilized in the fabrication of steel framed stage scenery for the live entertainment industry. Emphasis will be on safely cutting and welding mild carbon steel using gas metal arc welding. Includes joint design and cost estimation. Prerequisite: TH 3330 with a grade of "D" or better, or consent of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330M. Advanced Stage Management.
The goal of this course is to examine stage management and hone the necessary skills in the areas of theatre, dance, festivals, live events, showcases, and opera. Prerequisite: TH 4334 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330N. Company and Production Management for the Arts.
The goal of this course is to examine the job duties (and overlapping tasks) of members of a theatrical producing arts team with a focus on Company and Production Managers. There will be an emphasis on group management and organizational tools.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330P. Teaching Artists in Schools and Communities.
What is a teaching artist? This course will examine the current and historical role of theatre artists applying their knowledge and skills in school and community-based settings. Our discussions will be framed by a practical fieldwork experience in a school or community location.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330Q. Contemporary Theatre Workshop.
This course examines the landscape of contemporary theatre. Students will read, analyze, and perform scenes from dramatic literature written from the 1990s to the present. It will examine what kinds of artistic trends, styles, and issues are at play in contemporary theatre.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330R. Oregon Shakespeare Festival Intensive.
This course examines theatre production at the regional theatre level by exposing students to the work of the Oregon Shakespeare Festival. Students will study issues of translating the current season's nine plays from script to stage, as well as analyze the perspectives and choices that inform each production.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330S. Ethnic Theatre Workshop.
This course explores the creative challenges of performing selections from the African American, Latino American, Native American, and Asian American experience. Students will work with poetry, folktales, monologues, and duet scenes. The course will also include an overview of the literature and history of Ethnic Theatre in America.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330T. Film Editing.
This course provides an examination of visual, auditory, and special effects editing techniques for film. It includes practical projects for editing commercials, documentaries, and/or narrative films. Prerequisite: TH 4363 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330U. Sound Design & Technology I.
This course provides an understanding of audio technology, the components of sound systems and their application for live entertainment, including theatre and dance productions. This technical knowledge is the basis of the sound designer's skillset. Prerequisites: TH 1350 and TH 2330 all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330V. Sound Design and Technology II.
This course provides an understanding of sound design and its application for live entertainment, including theatre and dance productions. It involves an exploration of the sound design process and practical application through class projects. Prerequisite: TH 4330U.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330W. Television Writing.
This course focuses on the techniques of writing for television, including both half-hour situational comedies and hour-long dramas. Students will pitch story ideas, develop beat sheets, write treatments, and complete written scripts. Prerequisite: TH 3355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330X. Drama and Adaptation.
This course focuses on the development of new theatrical scripts based on existing stories and source material. Students will explore a variety of potential source materials, pitch adaptation ideas, and complete a written script. Prerequisite: TH 3355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4330Y. Film Lighting.
This course provides an understanding of the principles, techniques and equipment used in lighting for film. It involves consideration of both technical and design elements. Prerequisite: TH 4363 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4332. Theatre in Education.
This course provides an in-depth examination of Applied Theatre as it is used in a variety of settings, including elementary and middle school classrooms, recreation facilities, and in community outreach programs.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4333. Television Writing II.
This course focuses on the techniques of creating a television series, including script writing and development, film production, and post-production editing. Students will spin off a character from a network television series and create a new series based on this character. Prerequisite: TH 4331 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4334. Stage Management.
This is a seminar course in stage management, focusing on organization, techniques, and practices for managing stage productions from initial planning through performance.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4335. Stage Management Practicum.
This course is a hands-on practicum in which select students stage manage a departmental production, from auditions through the completion of the production. Prerequisite: TH 4334 with a grade of "D" or better.
3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4336. Production and Company Management for the Arts.
The goal of this course is to examine the job duties (and sometimes overlapping tasks) of members of a theatrical/producing arts team with a focus on company managers, stage managers, production managers, and the producing process. Focus also includes an emphasis on group management and organizational tools.
3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

TH 4337. Sound Design & Technology II.
This course provides an understanding of sound design and its application for live entertainment, including theatre and dance productions. It involves an exploration of the sound design process and practical application through class projects. Prerequisite: TH 3337.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4338. Lighting Design.
This course will concentrate primarily on the aesthetics of stage lighting covering such topics as color; script analysis; use of light in creating both static and dynamic visual compositions; development and graphic representation of a theatrical lighting design; and psychological and physiological responses pertaining to visual perception. Prerequisites: TH 1350 and TH 2330, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4340. Business of Film.
This course focuses on how film projects are put together, from development to production, with an emphasis on job opportunities that are available in the film industry. Where applicable, working professionals are brought in as guest lecturers to provide a hands-on perspective of working in the film industry.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4341. Short Film Development.
This course focuses on the essential elements that go into the pre-production phase of developing a short film project. Emphasis is on script research, writing, budgeting, scheduling, finance, and development.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4342. Film Editing.
Film Editing will introduce students to the theory and application of film editing practices beginning with an in-depth study of several software applications. The students will learn the craft of editing utilizing workflows across multiple formats: fiction, documentary and commercial. Prerequisite: TH 3353.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4343. Film Producing.
Film Producing introduces the student to the roles and responsibilities that contribute to the successful production of narrative films across multiple formats: short, feature, commercial, documentary and web. Utilizing industry-standard software tools, the student will work through stages of development, budgeting, scheduling and on set production. Prerequisite: TH 3353.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4344. Theatrical Sound Composition.
This course will focus on the use of a digital audio workstation in the composition of music, sound, and scoring of theatrical moments on stage, as well as explore recording techniques. It will also explore dramaturgical aspects of sound design. Prerequisite: TH 4330U and TH 4330V, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4345. Costume Design.
A study of the principles and elements to relate to designing theatrical costumes. Includes experience in research as well as developing drawing and rendering techniques. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4346. Advanced Costume Design.
Continued development of costume design skills. Includes research as well as advanced drawing and rendering techniques. Repeatable for credit with different emphasis. Prerequisites: TH 3344 and TH 4345, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4347. Pattern Making.
Pattern Making is a single semester exploration of the skills and techniques of pattern drafting and draping. Through guided practice and project work, students will enhance their understanding of garment planning and production. Prerequisite: TH 3344.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4348. Mask Making.
Mask Making is a single semester course focusing on the practical craft and techniques of mask making for the live entertainment industry. Through guided practice students will be introduced to various materials and techniques in sculpting, casting, and molding for theatre. Prerequisite: TH 3344.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4349. Hat Making.
Hat Making is a single semester course exploring the design and execution of headwear. Through guided practice students will be exposed to materials and techniques giving them a strong foundation in Millinery Design and Construction. Prerequisite: TH 3344.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4352. Armor Making.
Armor Making is a single semester course in the construction of armor for the live entertainment industry. Through guided practice students will gain experience with various materials and techniques used in this specialized area of garment construction. Prerequisite: TH 3344.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4353. Wig Making and Styling.
Wig Making is a single semester study of the principles of wig making and wig styling for the live entertainment industry. Through guided practice, students will learn to ventilate and style synthetic wigs and small ventilated appliances Prerequisite: TH 3344.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4354. Special Effects Makeup.
Special Effects Makeup is a single-semester exploration of the advanced makeup techniques and the creation and application of prosthetic appliances within the context of character design and production for the entertainment industry Prerequisite: TH 3343.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4355. Scene Painting.
Theory and practice of scene painting for the theatre, with hands-on projects implementing various scene-painting techniques. Students will also have the opportunity to work as scenic artists on departmental productions.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4356. Theatrical Drafting: Vectorworks.
This course is a study of computer techniques and procedures used in the preparation of design and technical drawings for theatrical scenery and lighting. Prerequisites: TH 3331 or permission of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4357. Scene Design.
A study of scene design for theatre, focusing specifically on process of scenic designer with practical assignments including renderings and scaled models. Prerequisites: TH 1350 or permission of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4360. Problems in Theatre.
Problems in Theatre. (3-0) Designed to give supervised experience to qualified advanced students in theatre history, playwriting, directing, acting, technical, or other theatre problems. Research problems or actual production problems may be chosen. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4361. Dialects For Actors.
A study of the International Phonetic Alphabet and other vocal techniques used to create vocal variations such as regional, national, and international dialects. Prerequisite: TH 3310 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4363. Directing For Film.
An in-depth examination of directing theories and procedures for film with practical filming and editing exercises.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4364. Directing I.
A study of the fundamentals of directing with practical experience provided by directing scenes. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

TH 4365. Directing II.
A study of directing different dramatic styles. Students will direct a one-act play during regular semesters. Prerequisite: TH 4364 with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

TH 4368. Cinematography.
This course will introduce the student filmmaker to intermediate and advanced concepts in camera, lighting and image delivery across multiple platforms: motion picture, television and the web. Utilizing the latest tools in digital videography, the student will learn to apply story analysis to their on-set decision making. Prerequisite: TH 3353 with grade of "C" or better; Overall GPA 2.5.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4370. Children's Theatre.
Continuation of Creative Dramatics, and the theory and practice related to all phases of producing plays for and with young people through junior high school age. Practical experience in a University production as required for one semester. May be repeated with different emphasis for additional credit.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4372. Theory and Practice of Dramaturgy.
Study of the practical application of historical research and textual analysis in the production of period plays and new works. Emphasis upon the dramaturg as an instrument of collaboration between members of the artistic team and as a facilitator of audience outreach. Prerequisite: TH 3367 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4373. Advanced Film Directing.
An in-depth examination of narrative filmmaking that includes screenplay analysis, storyboarding, scheduling the shoot, directorial techniques, staging actors, camera placement, filming on location, and editing. Prerequisite: TH 4363 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4375. Advanced Playwriting.
This course focuses on an in-depth study of the techniques of playwriting and the variety of styles that a playwright might employ. The course culminates with the writing of a full-length play. Prerequisite: TH 3355 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4376. Advanced Lighting Design.
This course focuses on advanced principles of light design and lighting aesthetics. It covers the variable elements one encounters during the design process as it applies to stage lighting. TH 4338 and consent of instructor are required. Prerequisite: TH 4338 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4377. Advanced Scene Design.
This course emphasizes working with directors and other designers in creating a design for the stage. Students will improve verbal and visual communication skills as well as further develop drawing/painting/modeling/drafting skills. The course involves multiple projects including creating an original performance art piece with a director and other designers. Prerequisite: TH 4357 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4378. Play Development Lab.
This course provides a laboratory workshop development process for new plays. It provides a structured environment for rigorously revising student-written works. Prerequisite: TH 4375 with a grade of "D" or better, or instructor approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4380. Advanced Scenic Painting.
Students will further develop scenic art skills, with an increased emphasis on realized practical production work, and a focus on planning, sampling, and managing of theatrical production paint processes. Prerequisite: TH 4355 or Instructor Approval.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4381. Automated Lighting.
Automated Lighting will explore and practice methods and approaches for basic uses of multi-attribute lighting technology. We will investigate a variety of moving light and LED technology and control as well as methods of properly documenting and cueing with these complex tools. Prerequisite: TH 3338 and TH 4338.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4382. Welded Scenery for the Live Entertainment Industry.
This course offers a hands-on study of the principles and practices utilized in the fabrication of steel framed stage scenery for the live entertainment industry. Emphasis will be on safely cutting, prepping and welding mild carbon steel. Tools used include steel cutting saws, grinders and MIG welder. Prerequisite: TH 2330.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

TH 4390. BFA Pre-Professional Apprenticeship II.
Intensive laboratory work in individual and group theatre methods for the actor, designer, or technician. Each apprenticeship from BFA II to V will focus upon a specific theatrical discipline for the actor, i.e. advanced vocal work, music theatre, performing Shakespeare, performing new scripts, advanced movement techniques, and further development of internal process.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4391. BFA Pre-Professional Apprenticeship III.
A continuation of laboratory work for the actor. Each apprenticeship from BFA II-V will focus on a specific theatrical discipline for the actor, i.e. advanced vocal work, music theatre, performing Shakespeare, performing new scripts, advanced movement techniques, and further development of the internal process.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Grade Mode: Standard Letter

TH 4392. BFA Pre-Professional Apprenticeship IV.
A continuation of laboratory work for the actor. Each apprenticeship from BFA II-V will focus on a specific theatrical discipline for the actor, i.e. advanced vocal work, music theatre, performing Shakespeare, performing new scripts, advanced movement techniques, and further development of the internal process.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4393. BFA Pre-Professional Apprenticeship V.
A continuation of laboratory work for the actor. Each apprenticeship from BFA II-V will focus on a specific theatrical discipline for the actor, i.e. advanced vocal work, music theatre, performing Shakespeare, performing new scripts, advanced movement techniques, and further development of the internal process.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

TH 4395. Advanced Scene Study.
This course is a capstone acting course for the B.F.A. Acting and Musical Theatre students that involves both advanced scene study work as well as preparation for professional auditions and showcases. Restricted to seniors in the B.F.A. Acting and Musical Theatre programs.
3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Grade Mode: Standard Letter

TH 4601. Professional Internship.
This course provides professional hands-on experience in the theatre or film industry; it is intended for students who do a full-time internship over the summer or during the fall or spring semesters. Prerequisite: Consent of instructor. 186 Texas.
6 Credit Hours. 0 Lecture Contact Hours. 40 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Bachelor of Arts (B.A.) Major in Dance

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 71) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.
3. Majors must complete a minimum of 33 required hours in Dance, with 6 additional required elective hours in Dance and/or Theatre courses. A minimum of 12 DAN hours must be upper level.
4. The minimum number of hours required for this degree program is 120. The number of free elective hours a student will complete depends on the number of hours a student may need to achieve the required 120 total or 36 advanced hours.
5. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).

Bachelor of Arts (B.A.) Major in Theatre

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts degree (p. 71) (B.A.) requires three additional hours of English literature, three hours of math/science/logic/computer science courses, six hours of 2000-level modern language courses and a minor.
3. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors).
4. Students must complete a minimum of 35 hours in Theatre courses, with six additional hours strongly recommended. A minimum of 12 Theatre hours must be advanced.
5. All Theatre majors are encouraged to participate in theatre production activities each semester, and B.A. students must enroll in TH 2111 a minimum of two semesters.
6. The minimum number of hours required for this degree program is 120. The number of free elective hours a student will complete depends on the number of hours a student may need to achieve the required 120 total or 36 advanced hours.

Bachelor of Fine Arts (B.F.A.) Major in Musical Theatre

Minimum required: 123 semester credit hours

Admission Requirements

1. The Bachelor of Fine Arts (B.F.A.) degree with a major in Musical Theatre requires admission to the university and admission to the program. For more information visit: http://www.theatreanddance.txstate.edu/Undergraduate-Degrees/BFA-Musical-Theatre.html
2. Admission to the Musical Theatre program is highly competitive and based on an audition/interview with members of the B.F.A. Musical Theatre Program faculty. Prospective students generally audition during their senior year of high school. Interested transfer students must contact the Head of Musical Theatre to see if there are any available slots in their class level; typically, students transferring into the program require four years at Texas State to complete their degree.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses. It is recommended that some of the general education core curriculum courses be taken over one or more summer sessions.
2. Students choose their career path in consultation with the Head of the Musical Theatre program.

3. A minimum of 36 advanced hours are required.
4. All Theatre majors are encouraged to participate in theatre production activities each semester.
5. Students in the program are always on probation, with their work and progress continually evaluated
6. Students must maintain a minimum GPA of 2.8.

Bachelor of Fine Arts (B.F.A.) Major in Theatre (Acting Pre-Professional Concentration)

Minimum required: 125 semester credit hours

Admission Requirements

1. The Bachelor of Fine Arts (B.F.A.) major in Theatre with a concentration in Acting requires admission to the university and admission to the program. For more information visit: http://www.theatreanddance.txstate.edu/Undergraduate-Degrees/BFA-Theatre--Acting.html
2. Admission to the B.F.A. major in Theatre with a concentration in Acting is highly competitive and based on an audition/interview with members of the B.F.A. Acting Program faculty. Prospective students audition during their senior year of high school. This is a four-year sequential curriculum and transfer students are not accepted unless specially invited by the B.F.A. Acting faculty.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Students in the program are always on probation; their work and progress are formally evaluated by faculty annually. Students must maintain a minimum GPA of 2.5.

Bachelor of Fine Arts (B.F.A.) Major in Theatre (Teacher Certification in Theatre, Early Childhood Through Grade 12)

Minimum required: 125 semester credit hours

Admission Requirements

1. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 234).

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. An all-level (EC-12) teacher certification in the theatre program consists of a minimum of 41 semester hours, with at least 24 hours advanced.
3. All theatre majors are encouraged to participate in theatre production activities each semester.
4. In addition to the major requirements, students must also complete 21 hours of professional sequence courses through the College of Education. All coursework must be completed prior to EDST 4380 and EDST 4381.
5. Teacher certification majors in Theatre must maintain an overall GPA of 2.75, a major GPA of 2.75, and a GPA of 2.75 in all required education courses. Students who fail to do so will be advised into another program.

1 During the summer between their junior and senior years, B.F.A. Teacher Certification majors take TH 4365, TH 4330H, and TH 4320.

Bachelor of Fine Arts (B.F.A.) Major in Theatre (Technical Production Concentration)

Minimum required: 120 semester hours

Admission Requirements

1. The Bachelor of Fine Arts (B.F.A.) degree with a major in Theatre with a concentration in Technical Production requires admission to the university and admission to the program. For more information visit: http://www.theatreanddance.txstate.edu/Undergraduate-Degrees/BFA-Theatre--Technical-Production.html
2. Admission to the B.F.A. with a major in Theatre with a concentration in Technical Production is based on successful completion (with a grade of C or better) in TH 1350 and in TH 2330. Upon successful completion of these two courses, the student will be allowed to enroll in TH 3390 and, in some cases, may be concurrently enrolled in TH 2330 and TH 3390.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. All Theatre majors are encouraged to participate in theatre production activities each semester.
3. Majors must complete a minimum of 60 hours in Theatre courses, of which 36 are required.
4. A grade of "C" or better is required in all Theatre courses.
5. Majors in this emphasis are encouraged to complete a non-course based internship during the summers after their Sophomore and Junior years.
6. Students in the program will be evaluated after each semester by Technical Production faculty and staff to assess progress and determine continuation in the program. Students must maintain a minimum GPA of 2.5.

College of Health Professions

Dean
Ruth B. Welborn, Ph.D.
Encino Hall Room 201
Telephone: 512-245-3300 Fax 512-245-3791
http://www.health.txstate.edu/

Associate Dean
Matthew S. Brooks, Ph.D.
Associate Dean
Marla A. Erbin-Roesemann, Ph.D.
Associate Dean for Research
Rodney E. Rohde, Ph.D.

Department Chairs/Program Chairs/School Directors
Clinical Laboratory Science–Rodney E. Rohde, Ph.D.
Communication Disorders–Valarie B. Fleming, Ph.D.
Health Administration–Matthew S. Brooks, Ph.D.
Health Information Management–Alexander McLeod, Ph.D.
Nursing–Marla A. Erbin-Roesemann, Ph.D.
Physical Therapy–Barbara L. Sanders, Ph.D.
Radiation Therapy–Ronnie G. Lozano, Ph.D.
Respiratory Care–S. Gregg Marshall, Ph.D.

The College of Health Professions prepares students for careers in the healthcare field. Through its professional, technical, clinical and academic programs, the college serves as an advocate for change and technical improvement in the field. The college also serves as a catalyst to expand and improve public perceptions of healthcare.

Undergraduate programs are available in clinical laboratory science, communication disorders, healthcare administration, health information management, nursing, radiation therapy, and respiratory care. Graduate programs are offered in communication disorders, healthcare administration, health information management, nursing, and physical therapy. The college has a number of cooperating teaching sites and more than 800 affiliations with hospitals and other healthcare facilities.

All programs offered in the College of Health Professions have specific admission requirements in addition to Texas State admission requirements. Most programs also have requirements for student liability insurance and immunizations. Background checks and drug testing may be required.

Academic Advising Center

Health Professions Building Room 207
T: 512.245.3506 F: 512.245.1615
www.health.txstate.edu/advising (http://www.health.txstate.edu/advising)

In the College of Health Professions Undergraduate Academic Advising Center, we are student-centered, supportive, and welcoming to all. We strive to empower students to be successful in their academic and life goals.

We pledge to be accurate, encouraging, sincere, realistic, approachable, and non-judgmental in our interactions to provide guidance and direction to the University community, including students, faculty, staff and members of students' support systems.

The College of Health Professions Academic Advising Center provides academic advising which supports undergraduate students seeking admission to a program offered in the College of Health Professions. The center also prepares degree audits for all undergraduate students in the College of Health Professions, and in coordination with the Dean's Office, verifies graduation.

Clinical Laboratory Science Program

Encino Hall Room 350-B
T: 512-245-3500 F: 512-245-7860
www.txstate.edu/cls (http://www.txstate.edu/cls)

The Bachelor of Science in Clinical Laboratory Science (B.S.C.L.S.) degree with a major in Clinical Laboratory Science prepares students to function as clinical laboratory scientists (medical laboratory scientists) or medical technologists in a wide variety of settings from physician office laboratories to modern tertiary care hospital laboratories. The clinical laboratory scientist can become an indispensable top-level laboratory worker, a supervisor, a specialist, a researcher, or an educator.

The requirements during the first two years of study include courses in biology, chemistry, and mathematics, along with courses in the humanities and social and behavioral sciences. The junior and senior years combine clinical experiences in the affiliated clinical laboratories with advanced academic study in the CLS disciplines.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). Graduates of the program are eligible to take the national certification examination for the Medical Laboratory Scientist (MLS) given by the Board of Certification of the American Society for Clinical Pathology (ASCP).

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide a Health Report completed by a physician or licensed healthcare provider, and must take certain immunizations before the student can be placed in a clinical or internship assignment. Information on these requirements and forms to be supplied may be obtained through the program office.

Background Check and Drug Screening

As a condition for placement in professional practice sites, students will be required to have a background check and drug screening and meet other requirements set by individual sites. Information on the drug screening process will be provided by the CLS Program.

Clinical Placement (rotation) Requirements

The Clinical Laboratory Science (CLS) Program at Texas State provides clinical placements for all CLS students entering the clinical year (senior year / 2nd year of post baccalaureate) in good academic standing. Clinical placements are carefully and methodically assigned while taking into account transportation issues, types of clinical affiliates, and student characteristics. In the event a clinical affiliate is unable to fulfill their prior obligation, alternative clinical rotations will be sought at other affiliate institutions. In the very unlikely event alternative clinical rotations are unable to be secured; affected students will be reassigned to the first available rotation site. The next available clinical rotation will occur as soon as possible but no later than one year from the time the rotation was cancelled. If the clinical rotation cancellation occurs after clinical rotations have commenced, the affected student will be placed first in the queue to receive the first available clinical rotation slot that will occur no later than one year after the cancellation. If the clinical rotation cancellation occurs prior to the start of clinical rotations, affected students will be selected based on GPA calculated from performance in the CLS courses. Students with the lowest GPAs will be required to relinquish their clinical rotation slots which will delay clinical rotations.

Bachelor of Science in Clinical Laboratory Science (B.S.C.L.S.)

- Major in Clinical Laboratory Science (p. 385)

Courses in Clinical Laboratory Science (CLS)

CLS 3305. Introduction to Clinical Laboratory Techniques.
Clinical Laboratory Science students will be introduced to techniques, procedures, and instrumentation commonly used in clinical laboratories. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

CLS 3323. Clinical Microscopy and Analysis of Body Fluids.
Study of body fluids present in the various anatomical compartments of the body as they differ in health and disease. Physical and chemical tests, and microscopic examination of select body fluids are performed.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 3326. Medical Parasitology.
This course includes lecture and laboratory instruction in medically important parasites producing disease in humans with emphasis on epidemiology, life cycles, identifying characteristics, and pathology of these parasites.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

CLS 3410. Clinical Chemistry I.
Designed to acquaint the clinical laboratory science student with some of the concepts, techniques, procedures, and instrumentation used in clinical chemistry.
4 Credit Hours. 3 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 3412. Hematology/Coagulation I.
Qualitative and quantitative evaluation of formed elements of the blood and studies in coagulation abnormalities.
4 Credit Hours. 3 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 3424. Clinical Immunology.
Principles of immune response and underlying immunologic procedures of diagnostic value are discussed. Lectures and laboratory emphasize detection, identification, nature of antigens and antibodies, and the antigen-antibody reactions encountered.
4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 4225. Laboratory Management and Supervision.
Lectures and discussions of general principles of management and supervision of the clinical laboratory and its personnel. (WI).
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CLS 4318. Hematology II.
In-depth study of theoretical and practical aspects of clinical hematology and hemostasis with emphasis on principles, methodology, problems encountered, and clinical applications.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 4321. Directed Study in Clinical Laboratory Science.
An indepth study of a narrow range of topics or a related problem in the clinical laboratory sciences. Topics to be announced; may be repeated for credit when topics vary.
3 Credit Hours. 2 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Grade Mode: Credit/No Credit

CLS 4333. Bridge to Clinical Practice.
Study of professional and technical requirements for clinical laboratory science students and their role as part of the healthcare team. Students will demonstrate entry-level technical competency. The student's knowledge of all course material presented from the beginning of the CLS program through the spring semester will be evaluated. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

CLS 4340. Clinical Microbiology II.
Study of medically important fungi, viruses, chlamydiae, rickettsiae, and advanced topics in clinical microbiology. Automated identification of microorganisms, database management, and epidemiologic techniques will be discussed.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 4341. Molecular Diagnostics.
This course consists of an introduction to the principles, methodologies and applications of molecular diagnostic procedures used in clinical laboratories. Emphasis is placed on the procedures used in the identification of infectious agents that cause human disease, in the diagnosis of inherited diseases, and the diagnosis of cancer.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 4361. Research Methods in Clinical Laboratory Science.
Directed independent research covering the principles of research and development of clinical laboratory methodology. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

CLS 4364. CLS Clinical Practice II.
This course offers a continuation of CLS Clinical Practice I which includes structured clinical experience assigned on an individual basis for observation, study, and practical application of techniques and methodology in the clinical laboratory.
3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CLS 4370. Clinical Chemistry II.
A study of the theoretical and practical aspects of clinical chemistry. Manual and automated laboratory procedures for quantitative analysis of various body fluids.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 4440. Clinical Microbiology I.
Study of pathogenic and nonpathogenic bacteria, fungi, and viruses with special emphasis on methods of isolation from body fluids, cultural and differential biochemical characteristics of body pathogens.
4 Credit Hours. 3 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 4460. Immunohematology.
Study of theoretical and practical consideration of major blood groups with emphasis on grouping and typing, antibody detection and identification, compatibility testing and component therapy in blood transfusion service.
4 Credit Hours. 3 Lecture Contact Hours. 4 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CLS 4463. CLS Clinical Practice I.
Structured clinical experience assigned on an individual basis for observation, study, and practical application of techniques and methodology in the clinical laboratory.
4 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.
Grade Mode: Standard Letter

Bachelor of Science in Clinical Laboratory Science (B.S.C.L.S.) Major in Clinical Laboratory Science

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Science in Clinical Laboratory Science (B.S.C.L.S.) degree with a major in Clinical Laboratory Science requires admission to the university and admission to the program. For more information visit: http://www.health.txstate.edu/cls/degrees-programs/undergraduate.html
2. University application deadlines are different than the Clinical Laboratory Science (C.L.S.) program deadline. Any student entering Texas State may declare Pre-Clinical Laboratory Science as their major. It is recommended that students arrange academic advising at least once prior to making application, and, if possible, arrange to learn about the profession through clinical laboratory tours, personal research, and interviewing a practicing C.L.S. professional. Admission and acceptance to Texas State and declaration as a C.L.S. major does not guarantee admission to the program. Admission to the program is competitive and selective. The academic sequence begins during the fall semester of the junior year. Students are selected in the spring semester of their sophomore year. Enrollment is limited by student/faculty ratios and clinical placement availability.
3. The deadline for submission of applications to the C.L.S. program is February 15th. A typical cohort size of 20 students will be admitted. Applicants will be notified of their status by April 30th or sooner. The criteria for student selection for the junior class includes scholastic ability, particularly in the sciences, essays, and a personal interview, and not on the basis of gender, race, color, religion, veteran status or condition of disability, or national origin. Due to performance standards of the profession, students must meet specific ADA standards in accordance with physical and emotional requirements of the academic program to qualify for admission.
4. Potential applicants are encouraged to complete the University process early (six to eight weeks prior to the C.L.S. application deadline of February 15th) to facilitate review of transcripts during the C.L.S. program application process.
5. A minimum overall GPA and science and mathematics GPA of 2.50; however, an overall GPA and a science and mathematics GPA of 3.0 is recommended in order to be competitive in the application process. The science and mathematics GPA is calculated based on grades in the following nine courses which must be completed prior to submitting the C.L.S. application:

Code	Title	Hours
BIO 1330	Functional Biology	3
BIO 1130	Functional Biology Laboratory	1
BIO 1331	Organismal Biology	3
BIO 1131	Organismal Biology Laboratory	1
CHEM 1341	General Chemistry I	3
CHEM 1141	General Chemistry Laboratory I	1
CHEM 1342	General Chemistry II	3
CHEM 1142	General Chemistry Laboratory II	1
MATH 1315	College Algebra	3
or MATH 1319	Mathematics for Business and Economics I	
or MATH 1329	Mathematics for Business and Economics II	
or MATH 2321	Calculus for Life Sciences I	
or MATH 2417	Pre-Calculus Mathematics	
or MATH 2471	Calculus I	

6. Science and mathematics courses require a minimum grade of "C" or higher.
7. Students may have a maximum of nine hours of core and prerequisite coursework remaining prior to beginning the C.L.S. program.
8. Completion of the C.L.S. application packet for admission is required by the deadline (February 15th).
9. Successful interview of selected candidate with admission committee is also required.
10. Other requirements are necessary by clinical placements (e.g. immunization, background check, and drug testing).

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
3. Nine hours of writing intensive (WI) courses are required for graduation.
4. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.
5. To graduate with a B.S.C.L.S., students must successfully complete all CLS courses in a lock-step sequence with a "C" or higher. Each CLS course is offered only once each academic year; therefore, progress in the program is affected should a student fall out of the sequence due to failure to successfully complete a course. A student who falls out of sequence (whether due to illness, course failure, or other reasons) will be delayed one year to repeat the course. Students with a grade of less than a "C" in a CLS course will be stepped out of the program and individuals must reapply to the program the following year. To be considered for program readmission, all original program admission criteria and an approved schedule for retaking courses must be met. In addition, a student may repeat a CLS course only once. If the student does not earn a grade of at least "C" upon repeating the course, the student cannot continue in the program.
6. All non-CLS courses must be completed *prior* to the senior year, 2nd semester (spring), due to students beginning off-campus clinical rotations.
7. Requirements for B.S.C.L.S. completion and graduation include a Texas State GPA of 2.0 with a CLS major GPA of 2.25.
8. During the second semester (spring) and final semester (summer) of the senior year, students are required to successfully complete

five clinical laboratory rotations/experiences in CLS Clinical Practice courses. These courses require that the students spend clinical time in other facilities, primarily hospitals and reference laboratories, away from campus. Students must furnish their own transportation, and if necessary, housing. Because of the time and distances involved, typically no courses other than those listed in the CLS Program can be taken in the final two semesters of the senior year.

Course Requirements

Freshman

First Semester	Hours	Second Semester	Hours
BIO 1330 (Life & Physical Sciences Component Code 030)	3	BIO 1331	3

[1] If US 1100 is waived, the student must have a minimum of 120 hours to graduate. See the College Advising Center.

Department of Communication Disorders

Willow Hall Room 253-D

Round Rock Campus
Round Rock, TX
T: 512-716-2624 F: 512-716-2623
www.health.txstate.edu/CDIS (http://www.health.txstate.edu/CDIS)

The Department of Communication Disorders provides undergraduate students with the academic background to successfully enter a graduate program in speech-language pathology or audiology. The undergraduate curriculum provides knowledge in normal and disordered speech, language, swallowing and hearing processes. Coursework in the major is supported by additional courses in psychology, counseling, biology, physics, and statistics.

The Department prepares students at the graduate level to diagnose and manage speech-language problems in children and adults. A master's degree is required for state licensure and national certification. The graduate program is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide a Health Report completed by a physician or licensed healthcare provider, and must take certain immunizations before the student can be placed in a clinical or residency assignment. Information on these requirements and forms to be supplied may be obtained through the school office.

Bachelor of Science in Communication Disorders (B.S.C.D.)

- Major in Communication Disorders (p. 388)

Courses in Communication Disorders (CDIS)

CDIS 1331. Introduction to Communication Disorders.
Study of speech, hearing, and language development and its disorders; descriptions of communicative disorders and their etiologies for the speech-language pathologist, health professional, and classroom teacher.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CDIS 3312. Neuroanatomy for Communication Disorders.
This is a lecture course that examines the organization of the brain, spinal cord, and peripheral nervous system. Significance of the areas of the nervous system that are primary or secondary for speech, language and hearing are the main focus of this course.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CDIS 3325. Anatomy and Physiology of the Speech Production System.
Description of structure and function of the speech production system with emphasis on physical problems in speech, language, and hearing.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CDIS 3459. Phonemics and Phonetics.
Analysis of normal and abnormal phonological processes in children and adults. Proficiency in transcription using the alphabet of the International Phonetic Association emphasized.
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CDIS 3462. Remediation of Articulatory and Phonological Disorders.
This course prepares students to manage articulation and phonological disorders. Current therapeutic models are reviewed. Observation of therapy and instruction in preparation of written clinical reports are required. Prerequisites: CDIS 3325 and CDIS 3459 all with a grade of "C" or better. (WI).
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required|Writing Intensive
Grade Mode: Standard Letter

CDIS 3469. Introduction to Hearing Science.
Study of acoustics, auditory physiology and perception of sound. Includes discussion of auditory sensitivity, signal detection, psychoacoustic methods, perception of pitch and loudness, binaural hearing and speech perception. Associated laboratory promotes reinforcement of concepts addressed in lecture through review, problem solving and weekly assignments.
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CDIS 3475. Speech Science.
Normal processes of speech production will be addressed from anatomic, physiologic, kinematic, aerodynamic, acoustic, and perceptual perspectives. Measurement and analysis techniques, instrumentation, and experimental paradigms used to study speech production and perception will be emphasized. Prerequisites: CDIS 3325 and CDIS 3459 all with a grade of "C" or better.
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CDIS 4301. Advanced Independent Study.
In-depth study of selected topics in Communication Disorders for the exceptionally motivated student. Work done on an independent basis with faculty member and only with prior departmental permission.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

CDIS 4317. Service Delivery in Communication Disorders.
Provides a foundation of clinical management to prepare CDIS students to work in a variety of settings. Emphasis will be placed on techniques of goal and objective sequencing, report writing, evaluation of services, ethics, and interdisciplinary collaboration. Prerequisites: CDIS 3459, CDIS 3462, CDIS 4330, CDIS 4466 or CDIS 4350 . (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CDIS 4330. Speech and Language Development.
Course to acquaint students with acquisition of speech and language in children. Basic information from linguistics, psycho-linguistics, psychology, and communication are examined for children in various stages of development.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CDIS 4340. Augmentative Communication Systems.
Designed to review methods of non-oral communication as applied to hospital, rehabilitation, and school settings. Use of electronic communication systems emphasized. Prerequisites or co-requisites: CDIS 4330 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CDIS 4344. Clinical Practicum in Communication Disorders.
Supervised clinical practicum in speech-language pathology. Must be taken each semester student participates in any supervised clinical practicum in speech-language pathology. Prerequisites: CDIS 1331, CDIS 3459, CDIS 3462 or CDIS 4466, and CDIS 4330 all with a grade of "C" or better. (Concurrent registration in CDIS 4330 acceptable).
3 Credit Hours. 1 Lecture Contact Hour. 4 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Grade Mode: Credit/No Credit

CDIS 4350. Survey of Neurogenic Communication Disorders.
This course provides an introduction to acquired speech, language, cognitive and swallowing disorders resulting from brain injury. Basic neuraoanatomy and physicology are reviewed, followed by discussion of the etiology, diagnosis, treatment, and prognosis of these disorders. Emphasis is placed on aphasia, dysarthia, apraxia of speech, right hemisphere syndrome, traumatic brain injury, dementia, and dysphagia. Prerequisite: CDIS 3312 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

CDIS 4370. Aural Rehabilitation.
Principles and procedures in the habilitation and rehabilitation of hearing impaired children and adults. Prerequisites: CDIS 4420 with a grade of "C" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

CDIS 4390A. Scientific Bases of Clinical Decisions in Communication Disorders.
This course is designed to acquaint students with principles of research design, as well as the skills to locate, evaluate, and apply contemporary evidence in Communication Disorders. The ethical conduct of research will be discussed and emphasized.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CDIS 4390B. An Introduction to Stuttering and Voice Disorders.
This is an introductory course on childhood-onset stuttering and voice disorders. Specific to stuttering, students will learn the etiology, assessment and treatment of childhood-onset stuttering. Specific to voice disorders, students will learn the basic anatomy and physiology of voice, normal voice, types of voice disorders, their assessment and treatment.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

CDIS 4420. Introduction to Audiology.
Relates anatomy and physiology of the auditory system and the science of acoustics to the study of normal and pathological auditory function. Laboratory experience in administration and interpretation of audiological tests. Discussion of professional opportunities in the field of audiology and provision of audiological service to special populations. Prerequisite: CDIS 3469 with a grade of "C" or better.
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

CDIS 4466. Clinical Management of Language Disorders.
Study of principles and procedures for the identification, description, assessment and remediation of language disorders in infants, children, and adolescents. Students will observe demonstrations of assessment procedures and types of language disorders within the context of clinical procedures. Describing observed behaviors and analyzing language samples will be emphasized. Prerequisite: CDIS 4330 with a grade of "C" or better.
4 Credit Hours. 4 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Grade Mode: Standard Letter

CDIS 4680. International Multicultural Experience in Communication Disorders.
This is a Study Abroad opportunity allowing students to compare speech-language-hearing clinical and educational models in the United States with those from other countries. Emphasis is on social, linguistic, economic and cultural factors that impact assessment and treatment. This course combines time on-campus with a multi-week, international learning experience.
6 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Bachelor of Science in Communication Disorders (B.S.C.D.) Major in Communication Disorders

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Science in Communication Disorders (B.S.C.D.) degree with a major in Communication Disorders requires admission to the university and admission to the program. For more information

visit: http://www.health.txstate.edu/cdis/prospective-students/Admissions.html

2. Students are initially considered Pre-professional Communication Disorders majors. Once the student is accepted into the Junior/Senior sequence, the major becomes Communication Disorders (C.D.I.S.)
3. Admission to the C.D.I.S. Junior/Senior-level courses is competitive and selective. Enrollment is limited by student/faculty ratios in both academic and clinical components of the program.
4. Students must be in overall good standing to apply.
5. An overall GPA of 3.0 is required to be considered for admission.
6. The application for admission is submitted to the department by May 15th. Admission decisions are made after the end of Summer I. All students will be notified by letter of the C.D.I.S. Undergraduate Admission Committee's decisions. Student selection is made on academic performance and not on the basis of race, color, religion, gender, age, or national origin.
7. Students must have completed a minimum of 50 hours of courses from the freshman and sophomore courses listed on the C.D.I.S. degree plan. The 50 hours must be completed by the end of the Summer 1 session in the same calendar year in which the student wishes to begin the Junior/Senior sequence.
8. A minimum grade of C in support and major classes listed as part of the freshman/sophomore years in the degree plan below:

Code	Title	Hours
CDIS 1331	Introduction to Communication Disorders	3
HP 3302	Biostatistics	3
PSY 3300	Lifespan Development	3
HIM 2360	Medical Terminology	3
BIO 2430	Human Physiology and Anatomy	4

9. Students are ranked by their GPA in the following five required classes and admittance in the Junior/Senior year is based on this ranking. Preference for admission is given to students who have not repeated any of the five courses. The following courses must be taken in the 50 hours to be considered for admission:

Code	Title	Hours
PHYS 1310	Elementary Physics	3
CDIS 1331	Introduction to Communication Disorders	3
BIO 2430	Human Physiology and Anatomy	4
HP 3302	Biostatistics	3
PSY 3300	Lifespan Development	3

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
3. Nine hours of writing intensive (WI) courses are required for graduation.
4. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.

School of Health Administration

Encino Hall Room 250
T: 512-245-3494 F: 512-245-8712
www.health.txstate.edu/HA (http://www.health.txstate.edu/HA)

The Healthcare Administration major integrates healthcare management theory and practice, and prepares graduates to assume entry to mid-level management positions in a variety of healthcare settings. These settings include health maintenance organizations (HMO's), physician group practice, hospitals, insurance companies, clinics, and medical offices. Healthcare administrators manage employees, prepare and maintain budgets, procure resources and perform other administrative functions so that the clinical professionals can provide their services. The major is certified by the Association of University Programs in Health Administration.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide a Health Report completed by a physician or licensed healthcare provider, and must take certain immunizations before the student can be placed in a clinical or residency assignment. Information on these requirements and forms to be supplied may be obtained through the school office.

Bachelor of Healthcare Administration (B.H.A.)

- Major in Healthcare Administration (p. 392)

Minor

- Healthcare Administration (p. 394)

Subjects in this school include: HA (p. 390), HP (p. 392)

Courses in Healthcare Administration (HA)

HA 3308. Healthcare Organization.
Overview of the healthcare system and the role hospitals have played and continue to play in the future. Analysis of organizational structure of a hospital and other healthcare agencies, administrative and management elements necessary for policy determination, decision making, and control to achieve institutional goals and objectives.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 3309. Ethics in the Health Professions.
This course introduces the student to a sound foundation in well-established ethical theories and a familiarity with terms, concepts and issues in ethics as applied to the health professions. Also provides practical methods for proceeding from considered reflection to informed action in solving ethical problems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 3311. Independent Study in Healthcare Administration.
An in-depth study of a single topic or problem confronting the healthcare industry. This course affords the student an opportunity to focus on a topic/problem or group of related problems impacting healthcare managers. This course may be repeated for credit with a different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

HA 3315. Healthcare Administration History, Culture, and Language.
An introduction to the historical and cultural development of modern healthcare administration in contemporary American society. Special attention is given to the mores of health services delivery including critiques and use of professional behavior and language.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 3324. Supervisory Management for Healthcare Managers.
Introduction to the following functions of supervisory management: planning, organizing, staffing, influencing, and controlling; as well as the connective processes of decisionmaking, coordinating, and communicating in healthcare organizations. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

HA 3329. Human Resources in Healthcare Management.
Human resource management as applicable to the healthcare field. Course will cover human resource planning, staffing, job requirements, job descriptions, sources of labor supply, training and education programs, salary administration, employee communications, legal considerations, union-management relations.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 3340. Management of Health Information Systems.
Provides an introduction to information systems for healthcare facilities and agencies. Covers determining what information is needed by whom; designing information flows, procurement of computer/telecommunication resources, assuring information security, and continuing management of information systems supporting healthcare delivery.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 3341. Training and Professional Development in Healthcare.
This course examines the training and professional development processes as applied to the healthcare industry. Emphasis is placed on staff developments, need analysis, task analysis, development of training and continuing education programs for healthcare personnel. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

HA 3344. Patient Care Management & Quality Improvement in Health Care Integrated Delivery Systems.
This course is an introduction of integrated delivery systems and their operations. It includes an examination of patient care management and the patient experience. A framework for understanding healthcare quality efforts is also an integral part of the course.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 3347. Essentials of Healthcare Law.
This course includes a review of the laws pertaining to healthcare institutions, physicians, and other healthcare workers who contribute to patient care. Tort and contract law are emphasized. The course addresses policy issues and ethics through topics like patient rights, reproduction, and end of life decisions.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 3375. Principles of Accounting for Healthcare Managers.
Provides an introduction to accounting useful in healthcare facilities and agencies, and demonstrates the application of accounting principles and techniques in the healthcare field. Prerequisites: ECO 2301 or ECO 2314, and HP 3325 or equivalent, all with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 3376. Financial Management for Healthcare Managers.
A concentration in the fundamentals of healthcare financial management including the financial organization of nonprofit facilities, sources of operating revenue, management of working capital, and the allocation, control and analysis of resources. Prerequisites: ECO 2301 or 2314, and HA 3375 all with a grade of "C" or better, or approval of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 4121. Problems in Healthcare Administration.
In-depth study of a singular problem considered to be of immediate concern to the health care industry. Special emphasis is placed on problems unique to managers in the field of health administration. May be repeated with permission of department chair.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

HA 4141. Healthcare Comprehensive Exam and Review.
A course in which each of the respective faculty will review their portion of the comprehensive examination that all HA majors are required to successfully pass during their final semester of study. The comprehensive exam will be administered at the conclusion of the course.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Credit/No Credit

HA 4221. Problems in Healthcare Administration.
In-depth study of a narrow range of topics considered to be of immediate concern to the health care industry. Special emphasis on problems unique to managers in the field of health administration. May be repeated with permission of department chair.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

HA 4305. Healthcare Services Marketing.
The course applies the principles of services marketing to healthcare organizations. The course will present tools to identify and close the gaps that exist between customer expectation of services and the services provided and to ensure quality of health care.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 4315. Health Services Problem Solving and Decision Making.
An introduction to methodologies used to seek solutions to health administration problems which affect technical and professional personnel. Designed to place emphasis on techniques most directly applicable to models of administration and management decision making.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

HA 4318. Employment Law in Healthcare Management.
This course examines the legal aspects of healthcare human resource management. Each of the major federal and state enactments impacting human resource management will be studied in depth. Prerequisite: HA 3329 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 4320. Seminar in Healthcare Administration.
Current trends and problems in health administration affecting health administration technical and professional personnel. Designed to place emphasis in selected areas of administration and management. Research paper and presentation is required of each student. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

HA 4322. Public Health Administration.
This course introduces the healthcare manager to public health and its role in preventing illnesses and improving the health of the community. Students will learn about the role of the manager in disease prevention and how to participate and lead community efforts for the wellness of the community.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 4325. Healthcare Strategic Management.
This capstone class integrates accounting, finance, marketing, MIS, and organizational behavior in the creation of sustainable competitive advantage. health care case studies will be used to illustrate key concepts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HA 4440. Practicum Internship A.
Students with specialization in management participate in a health services based practicum. Experiences in providing opportunities for observation, participation, and practical application of administrative or management skills in the institutional setting are required. Must have a 2.25 major GPA and have completed all junior year major courses.
4 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.
Grade Mode: Credit/No Credit

HA 4441. Practicum Internship B.
Studies tailored to particular interests and needs of individual students. A variety of experiences may be used to enrich the program for students with special needs or demonstrated competencies. This course is taken in the final semester of study.
4 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.
Grade Mode: Credit/No Credit

HA 4848. Healthcare Administrative Residency.
Designed for students who have limited or no previous background in healthcare management/administration. Includes rotation through selected major departments, culminating in a major project. This course is taken in the final semester of study.
8 Credit Hours. 0 Lecture Contact Hours. 40 Lab Contact Hours.
Grade Mode: Credit/No Credit

Courses in Health Professions (HP)

HP 3302. Biostatistics.
The course introduces major statistical concepts and procedures as applied to clinical science students with an emphasis on inferential statistics. Topics include: descriptive statistics, hypothesis testing, comparison statistics, relationship statistics, association statistics, and beginning epidemiological ratios. Students are introduced to major statistical packages. Prerequisite: MATH 1315 or MATH 1319 with a grade of "C" or better.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

HP 3325. Healthcare Statistics.
The course introduces major statistical concepts and procedures as applied to healthcare administration students with an emphasis on descriptive statistics. Topics include: healthcare statistical terminology, descriptive statistics, hypothesis testing, comparison statistics, relationship statistics, and association statistics. Prerequisite: MATH 1315 or MATH 1319 with a grade of "C" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Bachelor of Healthcare Administration (B.H.A.) Major in Healthcare Administration

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Healthcare Administration (B.H.A.) degree with a major in Healthcare Administration requires admission to the university and admission to the program.
2. Any student in Texas State may declare Pre-Healthcare Administration as the major. To declare Pre-Healthcare Administration as a major, contact the School Administrative Assistant and schedule an appointment with the B.H.A. Director.
3. Admission to the Healthcare Administration program is competitive with a limited number of applicants accepted to each class. In addition to the minimum criteria for program consideration, applicants to the B.H.A. program are required to have an interview with the B.H.A. Program Director.
4. A Texas State GPA of 2.75 or higher is required for application for admission.
5. Successful completion of *all* general education core and support courses with a “C” or better in the following courses: MATH 1315 or

an equivalent,ECO 2301 or ECO 2314, HP 3325 or an equivalent, and HA 3308.

6. Completion of the PUG (punctuation, usage, grammar) test with a passing score (70% or higher). Applicants are allowed to take the PUG a maximum of three times. Contact the testing center at: www.txstate.edu/trec/ (http://www.txstate.edu/trec) (The cost is $40 per exam for current Texas State students). Additional information on the PUG can be found here: http://www.txstate.edu/slac/stad-test-prep/pug.html
7. Completion of the application does not guarantee acceptance to the B.H.A. program. You must complete prerequisites and meet the above requirements for program acceptance. If accepted and you fail to complete prerequisites, your enrollment in HA classes will be delayed until prerequisites are completed.
8. The application packet to the B.H.A. program should be submitted by the posted deadline and include: B.H.A. Application (Click here (http://gato-docs.its.txstate.edu/jcr:9c8bdd2b-4908-49e9-b36a-24e934c70155/BHA%20ADM%20APPL__.doc)), Interview Sheet signed by the B.H.A. Program Director (See below) Interview with the B.H.A. Program Director -- signature required on the application; Copy of current schedule (Texas State and other college or university); Statement of Purpose; Passing score on PUG must be on file by application deadline.
9. The Statement of Purpose is a short essay that explains why you wish to be admitted to this program. It provides information about your interest in the health administration profession. The essay should be no longer than one single-spaced page. Be sure to check your essay's grammar, spelling, and punctuation.
10. The application packet is due: (if the 1st falls on a weekend or holiday, application is due by NOON next working day) Application Deadline for spring - October 1 and the Application Deadline for fall - March 1
11. Applications are to be turned in to the Health Admission Office.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
3. Nine hours of writing intensive (WI) courses are required for graduation.
4. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.
5. All students are required to complete a residency for the B.H.A. The Joint Commission requires accredited healthcare facilities to complete criminal background checks on all employees. Therefore, a background check is required during your 3rd semester (enrollment in HA 4141) prior to the residency semester. If there is any reason that could prevent your placement at a facility, you will be asked to meet with the B.H.A. Program Director and/or the Field Placement Coordinator to determine if you will be able to complete the residency requirement.

Total Hours: 120

[1] If US 1100 is waived, the student must have a minimum of 120 hours to graduate. See the College Advising Center.

Minor in Healthcare Administration

The minor in Healthcare Administration requires 18 semester credit hours. The Healthcare Administration minor is designed to complement the student's major with the objective of providing an introductory curriculum, which can assist the student in gaining employment in healthcare and healthcare related career fields. This objective can be achieved by: building on general education core foundations; offering scheduling flexibility for non-traditional students; introducing students to health services management functions through the mastery of certain skills including communication, decision-making, and coordination, unique to healthcare administration; and preparing students for graduate study. The minor requires 18 hours including:

Code	Title	Hours
Required Courses		
HA 3308	Healthcare Organization [1]	3
HA 3324	Supervisory Management for Healthcare Managers	3
HA 3347	Essentials of Healthcare Law	3
Electives		
Choose 9 hours from the following:		9
HA 3309	Ethics in the Health Professions	
HA 3315	Healthcare Administration History, Culture, and Language	
HA 3329	Human Resources in Healthcare Management	
HA 3340	Management of Health Information Systems	
HA 3341	Project Management & Professional Development in Healthcare	
HA 3344	Patient Care Management & Quality Improvement in Health Care Integrated Delivery Systems	
HA 3375	Principles of Accounting for Healthcare Managers	
HA 3376	Financial Management for Healthcare Managers	
Total Hours		18

[1] HA 3308 must be taken prior or concurrent with other HA courses.

Department of Health Information Management

Encino Hall Room 310B
T: 512-245-8242 F: 512-245-8258
www.health.txstate.edu/HIM (http://www.health.txstate.edu/HIM)

The Health Information Management major prepares students to work in the health information management profession which focuses on health-care data and the management of health care information resources. The profession addresses the nature, structure, and translation of data into usable forms of information including the electronic health record for the advancement of health and health care of individuals and populations.

Health information management professionals collect, integrate, and analyze primary and secondary health-care data, disseminate information, and manage information resources related to the research, planning, provision, and evaluation of healthcare services. HIM professionals are an integral part of the planning, implementing and utilization of electronic health record systems.

Health Information Management professionals work in multiple settings throughout the healthcare industry. These include the continuum of care delivery organizations; hospitals, multispecialty clinics and physician practices, long-term care, mental health, and other ambulatory care settings. The profession has recently seen significant expansion in nonpatient care settings, with careers in managed care and insurance companies, electronic health record vendors, consulting services, government agencies, education, and pharmaceutical companies.

The program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education. Upon completion of the degree, graduates of the program are eligible to sit for the RHIA (Registered Health Information Administrator) examination offered by the American Health Information Management Association.

The B.S.H.I.M. is offered in two formats—the traditional campus-based program and an online program.

- The traditional campus-based program is a two plus two program with completion of general education core curriculum and program prerequisite coursework during the first two years. Following application and acceptance into the program, the final two years consist of the professional coursework reinforced with a professional practice experience assignment in a hospital or health care related organization. Application deadline is March 31st.
- The online program is offered to traditional students who have completed the general education core curriculum and program prerequisite coursework and those who have already completed an associate degree in health information or other degree. The courses in this format are offered via web-based instruction, independent study, and a professional practice experience. Application deadline is March 31st.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide a Health Report form completed by a physician or licensed healthcare provider, providing evidence of specific immunizations before the student can be placed in a professional practice experience assignment. Information on these requirements and forms may be obtained through the Department of Health and Information Management.

Background Checks and Drug Screening

As a condition for placement in some professional practice experience sites, students may be required to have a background check and/or drug screening and/or meet other specific requirements as set by individual sites. Information on these requirements may be obtained through the Department of Health Information Management.

Bachelor of Science in Health Information Management (B.S.H.I.M.)

- Major in Health Information Management (p. 397)

Minor

- Health Information Management (p. 399)

Courses in Health Information Management (HIM)

HIM 2345. The Language of Healthcare: Spanish.
An introduction of the practical language used in clinical settings to facilitate interaction with Spanish-speaking patients and healthcare professionals. Special emphasis is placed on the use of meaningful medical vocabulary for various healthcare professionals who work with Spanish-speaking patients and their families. Prerequisite: Two semesters of Spanish.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 2360. Medical Terminology.
Recognizing and understanding the vocabulary of the health care professions. Emphasis on medical prefixes, suffixes, and word roots as used in oral and written communications.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 3301. Principles of Health Information Management.
Exploration of the expanding role of the HIM professional. Emphasis will be on the organizational structure and delivery of healthcare in hospitals and other healthcare agencies and the associated roles of HIM professionals.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 3310. Fundamentals of Health Information Systems.
An introduction to the information technology aspects of health information management to include hardware components, systems architecture, operating systems, languages, software applications, tools, and related topics and concepts.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 3311. Health Informatics, Analytics and Data Use.
This course provides an overview and introduction to healthcare data management. Topics in the course will include the system development life cycle, project management, information infrastructure and data analytics. Implementing healthcare information systems, decision making, and consumer informatics will also be examined.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 3350. Legal Aspects of HIM.
A study of the legal issues of Health Information Management with focus on statutory and regulatory requirements, case law and practical applications. Special legal problems associated with access to patient information, disposition of records, confidentiality and privacy, reporting requirements and compliance with current state and federal legislation are emphasized.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 3364. Coding and Classification Systems.
This course provides an introduction to ICD, CPT and other classifications and nomenclatures. Emphasis will be placed on the assignment of diagnosis and procedure codes. Management and use of encoding systems is examined. Departmental approval required.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

HIM 3367. Disease and Medical Science.
This course provides an introduction to the general disease process. Stress is placed upon the occurrence of disease, the signs and symptoms of disease, the test values and findings of disease, and the therapeutic treatment of disease.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 3380. Quality Improvement Regulations & Procedures for HIM.
Overview of regulatory agency requirements for quality improvement, utilization management and risk management. Methods for integrating these procedures for credentialing and peer review are explored.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 3390. Principles of Management in HIM.
This course provides a study of the principles of management in healthcare and related organizations. The course provides the opportunity to apply the fundamentals of management including ethical decision making and human resources in the expanded role of the HIM Professional.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 3463. Introduction and Technical Aspects of Health Information Management.
An introduction into principles and procedures used in health records organization, maintenance and retention, numbering and filing systems and procedures, forms control and design, and imaging. Emphasis placed on functions and duties of the HIM administrator, and relationships of the medical record to the health care delivery system.
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 4101. Problems in Health Information Management.
Comprehensive study of selected problems related to professional practice issues and changes in the health information management field. Emphasis will be on problem solving and application of management skills. May be repeated with permission of department chair.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

HIM 4320. Principles of Information Governance.
This course applies the principles of Information Governance to guide the HIM professional's evolving role in the transition from paper to electronic health records and managing the increasing volume of electronic health data. Topics include data architecture, analytics, integrity, quality and decision support; enterprise content management; and consumer informatics. Departmental approval required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

HIM 4331. Health Information Management Research and Data Analysis.
An introduction to research methods and experimental inquiry to acquaint the student with skills to critique and conduct studies in the health information management domains. The course will also provide the foundation for compiling, analyzing, and displaying statistics related to the delivery of healthcare.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 4363. Comparative Record Systems.
Theory and procedures for the maintenance and regulation of patient health information records in non-hospital medical care facilities to include long term care, ambulatory care, psychiatric care, rehabilitation and prison record keeping systems.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 4364. Coding and Compliance for HIM.
This course provides a continued study of coding and classification systems including the role of mapping among clinical terminologies. Compliance activities and methods will be covered for HIM topics to include code audits, fraud and abuse, and clinical documentation improvement.
3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

HIM 4370. Finance and Reimbursement Methodologies for HIM.
Course will address the reimbursement cycle from patient registration to claims billing with an emphasis on federal regulations and the role of HIM regarding payment systems. Topics will include accounting principles, budget processes, cost/benefit analysis, healthcare finance, compliance strategies, charge-master and casemix management, and payment systems and plans.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 4383. Seminar in Health Information Management.
Problem-solving course designed to assimilate actual internship encounters and theory. Emphasis is on integration of knowledge and making transition to the applications required to function as a health information manager.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

HIM 4385. Health Information Management Practicum.
Assignments made to promote uniformity and competency levels required of entry-level health information management professionals with practical application of administrative, management, and problem-solving skills required to complete projects and portfolio material. (WI).
3 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

HIM 4388. Practicum.
Faculty-led administrative training for the associate degree health information progression student. Emphasis is placed on analysis of HIM personnel functions, interdepartmental relations, use of health information technology, and committee assignments. Full-time participation of the student is required.
3 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.
Course Attribute(s): Lab Required|Time Conflicts Permitted|Writing Intensive
Grade Mode: Credit/No Credit

HIM 4389. Professional Practice Experience.
Supervised management experience and training in a healthcare or related setting. Student will participate in administrative, management, and problem-solving activities in the institutional setting. Full-time participation is required. Option for health information associate degree and post-baccalaureate students. (WI).
3 Credit Hours. 1 Lecture Contact Hour. 40 Lab Contact Hours.
Course Attribute(s): Lab Required|Time Conflicts Permitted|Writing Intensive
Grade Mode: Credit/No Credit

HIM 4390. Contemporary Leadership Principles for HIM.
An analysis of the expanded role of the Health Information Management professional in the healthcare environment and application of the principles involved. Topics include strategic planning and forecasting, marketing, entrepreneurialism, leadership, motivation, consensus building, workforce diversity, change management, work redesign/ reengineering, and project management. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

HIM 4393. Project Management for Health Information Management.
This course provides pragmatic guidance in the management of HIM projects by analyzing critical success factors and skills required to organize, plan, monitor, and control projects in healthcare settings. Cost and schedule estimation techniques are presented together with proposal writing, negotiation, communication, risk management, HIM technology assessment, and quality measurement. Departmental approval required. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

HIM 4401. Organizational Management of Health Information Technology.
This course studies the integrated use of health information technology throughout the healthcare organization. Students will evaluate how technology impacts the overall hospital operations from both a clinical and an administrative perspective, and will use planning and assessment tools to simulate health information technology system implementation.
4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Grade Mode: Standard Letter

HIM 4501. Professional Practice Experience.
Supervised management experience and training in a healthcare or related setting. Student will participate in administrative, management, and problem-solving activities in the institutional setting. Full-time participation is required in addition to scheduled campus visits. (WI).
5 Credit Hours. 1 Lecture Contact Hour. 40 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Credit/No Credit

Bachelor of Science in Health Information Management (B.S.H.I.M.) Major in Health Information Management

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Science in Health Information Management (B.S.H.I.M.) degree with a major in Health Information Management requires admission to the university and admission to the program. For more information visit: http://www.health.txstate.edu/him/
2. University application deadlines are different than the Health Information Management (H.I.M.) program deadline. Potential program applicants are encouraged to complete the University process early to facilitate review of transcripts during the H.I.M. program application process.
3. Any student may declare Pre-Health Information Management as their major. To declare Pre-HIM as a major, contact the College of Health Professions Advising Center. It is strongly recommended that students present themselves for academic advising as soon as health information management has been selected as a major.
4. Students must have completed the majority of the general education core curriculum and other prerequisite coursework listed below before being allowed to enroll in the H.I.M. program:

Code	Title	Hours
HIM 2360	Medical Terminology	3
BIO 2430	Human Physiology and Anatomy	4
CIS 1323	Introduction to Microcomputer Applications	3
or CS 1308	Computer Literacy and the Internet	
HP 3302	Biostatistics	3
or PSY 2301	Introduction to Statistics	
or MATH 2328	Elementary Statistics	
or SOCI 3307	Statistics for the Behavioral Sciences	
or CJ 3347	Statistics For Criminal Justice	

5. Students must have a maximum of nine hours of general education core curriculum and prerequisite coursework remaining to be completed in the summer following the application deadline.
6. Students must have a minimum overall GPA of 2.50 to apply.
7. Students must submit H.I.M. program application by March 31st for consideration to begin the HIM coursework in the fall semester.
8. Students will be required to interview with the H.I.M. Program Admissions Committee.
9. Advanced placement in the major coursework due to previous health information or related coursework and/or work experience will require a review of the student's credentials and transcripts. Due to course sequencing and the scheduling of the professional practice experience assignment, students who drop out of the program for one or more semesters will be required to reapply for admission and be re-interviewed by the admissions committee.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
3. Nine hours of writing intensive (WI) courses are required for graduation.
4. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.
5. To graduate with a B.S.H.I.M., students must successfully complete all HIM courses with a "C" or higher. HIM courses are to be taken in a lock-step sequence. Most courses are offered only once each academic year; therefore, progress in the program may be delayed if a student falls out of sequence due to failure to successfully complete the HIM courses with the required "C" or higher. Due to course sequencing and the scheduling of the professional practice experience assignment, students who drop out of the program for one or more semesters will be required to reapply for admission and be re-interviewed by the admissions committee for consideration to be allowed to continue in the program.
6. All students must have attained a 2.0 or higher Texas State University GPA with a minimum of 2.25 GPA in the HIM major courses to graduate.
7. During the second semester of the senior year students are required to take a five-week professional practice experience course. This course requires that the students spend a minimum of five weeks in other institutions (hospitals or healthcare related organizations) away from campus. Or, students who have already completed an associate degree in health information or another bachelor's degree or who have significant healthcare experience are required to complete a two-week professional practice experience course. Students must furnish their own transportation and housing. Due to the time and distances involved, no courses other than those listed can be taken in the final semester of the senior year.

[1] If US 1100 is waived, the student must have a minimum of 120 hours to graduate. See the College Advising Center.

Minor in Health Information Management

The minor in Health Information Management requires 22 semester credit hours. Appropriate sequencing of courses is necessary for progression to subsequent courses. This minor would enhance and broaden the scope of various other fields of study by providing a well-rounded introduction and an opportunity for practical applications of the administrative functions related to the management of health information. Completing this minor does not meet eligibility requirements for the R.H.I.A. (Registered Health Information Administrator) certification examination offered by the American Health Information Management Association. Academic advisement is important prior to enrolling in HIM minor courses due to sequencing requirements.

St. David's School of Nursing

Nursing Building
Round Rock Campus
Round Rock, TX
T: 512.716.2900 F: 512.716.2911
www.nursing.txstate.edu (http://www.nursing.txstate.edu)

The St. David's School of Nursing, located in Round Rock, educates and prepares graduates, using innovative teaching strategies and state-of-the-art technology, to function in professional nursing roles to manage illness; promote, maintain, and restore health; and provide end of life care for diverse individuals, families, populations, and communities across the lifespan. Graduates demonstrate competence in clinical judgment, collaborate as members of the interprofessional health care team and utilize scientifically-based interventions. These future nurses will provide ethical, safe, and effective patient-centered care and contribute to present and emerging research and health management practices.

The nursing program offers two undergraduate nursing programs. The first is a traditional face-to-face upper division Bachelor of Science in Nursing (B.S.N.). Graduates of the traditional B.S.N. program are prepared to sit for the National Council Licensure Examination for Registered Nurses (NCLEX-RN®) and to meet the minimum competencies for beginning practice as a R.N.

The B.S.N. curriculum is 120 hours, including 61 hours of Texas State core curricular and prerequisite courses; and 59 hours of nursing courses. The traditional degree program in nursing is a face-to-face five semester program beginning at the junior level. Academic study in nursing is combined with clinical experiences in affiliated clinical settings, as well as hours spent in the simulation laboratories in the School of Nursing building located on the Round Rock campus. The curriculum is designed to accommodate the latest teaching technologies and learning strategies to provide students with the skills, knowledge and abilities needed for professional nursing practice in the 21st Century.

The second undergraduate nursing program is a hybrid B.S.N. completion program (R.N. to B.S.N). This program is for students that hold an associate's nursing degree from an accredited college. The B.S.N. completion curriculum includes 60 hours of nursing courses. The R.N. to B.S.N. program is hybrid with online didactic components, as well as strategically placed face-to-face experiences. The curriculum is designed for flexibility with the option of full or part-time study. Students can finish in as little as two semesters or as many as 6 semesters with extension by permission for the undergraduate program director.

Our graduates are prepared to pursue clinical excellence and certification by the American Nurses Credentialing Center (ANCC) and to continue formal education for the Master's Degree and Doctorate in Nursing. Nursing programs offered in the St. David's School of Nursing are accredited by the Commission on Collegiate Nursing Education (CCNE).

Immunizations and Basic Life Support

It is a policy of the College of Health Professions that each student will complete a Health Certificate and Immunization Test Form. These forms must be signed by a physician or licensed healthcare provider. Students must stay current on immunizations. Basic Life Support for Healthcare Professionals is also to be completed and remain current.

Criminal Background Check and Drug Screen

The traditional B.S.N. student will undergo two background checks. The first criminal background check conducted through the Board of Nursing is required prior to admission to the St. David's School of Nursing at Texas State. The second background check, conducted by a third party vendor, is required by our clinical partners and a valid social security number must be submitted Both traditional and R.N. to B.S.N. students must complete this background check and drug screen as part of the admission process. All nursing students are subject to random or for cause drug and alcohol screens.

Bachelor of Science in Nursing (B.S.N.)

- Major in Nursing (p. 402)
- Major in Nursing (RN to BSN Online Completion Program) (p. 404)

Courses in Nursing (NURS)

NURS 3110. Health Assessment Across the Life Span Practicum.
This course requires demonstrated competency in the performance and documentation of physical assessments of well individuals and nursing care plans using the nursing process, critical thinking, and evidence-based practice. Apply teaching/learning principles in meeting the education needs of patients and demonstrate measures to maintain confidentiality of personal health information. Restricted to Nursing Majors.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 3121. Essentials of Nursing Care Practicum.
This course requires the use of nursing process and clinical reasoning principles to provide safe, effective, patient-centered care. Evidence-based practices will be used when performing essential nursing skills and procedures to care for patients experiencing acute and chronic alterations in health status. Restricted to Nursing Majors.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 3221. Essentials of Nursing Care.
This foundation course focuses on basic concepts related to essential nursing care of patients across the life span. Integration of knowledge of family systems, evidence-based practice, clinical reasoning, and the nursing process to provide safe, effective, patient-centered care will occur. Restricted to Nursing Majors.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

NURS 3230. Healthcare Systems.
Access and barriers to healthcare, past and current healthcare policy, and the professional nurse's role in policy and delivery of healthcare, will be emphasized. Qualitative and quantitative research in relation to healthcare systems, evidence based nursing practice, and ethical topics will be discussed. Restricted to Nursing Majors.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 3240. Nursing Care Across the Life Span Practicum.
This course uses clinical experiences to apply the nursing process in providing safe, effective, and quality care to patients and families across the life span. Clinical reasoning and judgment will be used to provide ethical, holistic, and patient-centered nursing care, promote health, prevent disease, and manage illness. Restricted to Nursing Majors.
2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 3241. Acute Nursing Care of Adults Practicum.
This course requires students to use evidence-based and collaborative practice principles in providing safe, effective, and quality care to adult patients experiencing acute, rapidly changing, life-threatening alterations in health status. Clinical reasoning and judgment will be used to provide ethical, holistic, patient-centered nursing care, manage illness, and promote health. Restricted to Nursing Majors.
2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 3250. Health Assessment Across the Life Span.
Conducting health histories and physical assessments of well individuals and developing nursing care plans that include patient age-specific health promotion, illness prevention, and risk factors will be emphasized. Assessments will encompass cultural domains, diversity, belief systems, and the implications for traditional as well as complementary and alternative healthcare. Restricted to Nursing Majors.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 3260. Psychiatric Mental Health Nursing Practicum.
This course utilizes clinical experiences to promote application of the nursing process in providing quality care to those experiencing mental health issues across the life span. Competency in using evidence-based practices to promote health, prevent disease, and manage illness will be developed. Restricted to Nursing Majors.
2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 3300. Foundations of Professional Nursing Practice.
This course explores the history of nursing in the context of the evolving healthcare system. Laws, regulations, and ethical guidelines impacting nursing licensure and professional practice will be examined. The delivery of patient and family-centered, evidence-based, and safe quality care will be explored. Restricted to Nursing Majors. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

NURS 3302. Research and Ethics.
Introduction to critical appraisal of qualitative and quantitative research, and application of research and evidence-based processes used to improve decision-making and patient care outcomes across health settings. Integration of theory, information systems, clinical judgment, interprofessional perspectives and analysis of ethical conduct provide a foundation for learning the research process. Restricted to Nursing Majors. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

NURS 3360. Psychiatric Mental Health Nursing.
This course applies theories, concepts, knowledge, and skills for the comprehensive nursing care of those coping with mental health issues. Building on a liberal education, this course integrates theories of mental illness, psychopathology, and current research findings as they relate to the presentation of symptoms and holistic management of care. Restricted to Nursing Majors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 3430. Pathophysiology and Pharmacology for Nurses.
Introduction and overview of pathology, clinical pharmacology and pharmacotherapeutics, including how major drugs are used therapeutically for age-specific clients. Other topics to be covered include drug laws and regulations, patient and nurse safety. Prerequisite to NURS 3440 and NURS 3460. Restricted to Nursing Majors.
4 Credit Hours. 4 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 3440. Nursing Care Across the Life Span.
This foundational course focuses on the use of clinical reasoning and judgment to provide collaborative care to patients across the life span experiencing chronic and acute alterations in health status. Content is presented based on evidence-based practice and the prevalent health needs of patients. Restricted to Nursing Majors.
4 Credit Hours. 4 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

NURS 3441. Acute Nursing Care of Adults.
This course focuses on the use of evidence-based practice and clinical reasoning and judgment to provide collaborative care to adult patients experiencing acute, rapidly changing, life-threatening alterations in health status. Restricted to Nursing Majors.
4 Credit Hours. 4 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 4160. Maternal and Newborn Nursing Practicum.
This course is the clinical companion to NURS 4260. Concepts, knowledge, and skills taught in NURS 4160 will be applied to both simulation lab and clinical settings. Evidence-based, developmentally and culturally appropriate nursing care in a variety of patient-care settings will be emphasized.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 4170. Pediatric Nursing Practicum.
This course is the clinical companion to NURS 4270. Concepts, knowledge, and skills taught in NURS 4270 will be applied in the simulation lab and clinical settings. Evidence-based, developmentally and culturally appropriate nursing care in a variety of patient-care settings will be emphasized.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 4201. Professional Growth and Empowerment.
This course focuses on issues related to professional practice, career planning, personal goal setting, and empowerment of self and others. Factors related to job performance, performance expectations and evaluation, reality orientation, and commitment to lifelong learning will be discussed. Restricted to Nursing Majors.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 4204. Policy, Ethics, and Advocacy in Professional Nursing Practice.
This course explores the baccalaureate prepared nurse's role informing the public policy process. Nursing jurisprudence, principles of nursing ethics, patient safety advocacy, standards and scope of nursing practice, professional boundaries, nursing peer review, and whistleblower protections are emphasized to prepare students to influence the U.S. Health Care System and society.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 4205. Healthcare Information Technology in Nursing Practice.
This course emphasizes nursing informatics and technology used in healthcare settings to research, support and implement safe quality patient care. Nursing administrative applications, pre-care and care support, electronic health records, clinical information systems, telehealth, informatics promoting community and consumer health, HIPAA, and technology to enhance collaboration in healthcare are covered.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 4211. Nursing Care in Complex Health Practicum.
This course focuses on providing care to patients with complex health alterations and life situations. Nursing care to patients in a variety of settings will be provided using the concepts of therapeutic communication and collaborative interventions with a focus on the complexity of the patient's or family's needs. Restricted to Nursing Majors.
2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 4260. Maternal and Newborn Nursing.
This course applies the nursing process and evidence-based practice to the care of maternal and newborn patients in a variety of healthcare settings. The course emphasizes the use of the nursing process to provide care to individuals and families that is developmentally and culturally focused.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 4270. Pediatric Nursing.
This course applies the nursing process and evidence-based practice to the care of pediatric patients in acute, outpatient and non-acute care settings. The course emphasizes the use of the nursing process to provide care to individuals and families that is developmentally and culturally appropriate.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 4280. Community-Based Nursing Practicum.
Health assessment and planning will be conducted for diverse community groups including education, support groups/ resources, advocacy, response to situational crises, bio-terrorism and environmental emergencies, group dynamics, and impact on communities. Clinical experiences will occur in community or public health settings. Restricted to Nursing Majors.
2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 4302. Role Transition to Professional Nursing.
This didactic course focuses on role responsibility and accountability for transition into baccalaureate nursing practice. Emphasis is given to core professional standards and ethical values fundamental to nursing. Principles of professional communication, critical thinking, and role socialization will be integrated within an organizational context for professional growth. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

NURS 4303. Safety and Quality in an Interprofessional Environment.
This course emphasizes the professional nurses' role in application of evidence based quality improvement and risk reduction strategies that promote safe environments while maximizing resources and opportunities for positive patient outcomes. Participation in highly effective Interprofessional teams is emphasized with concepts applied to local, national and international health issues.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

NURS 4311. Nursing Care in Complex Health.
This course explores traditional and contemporary nursing concepts related to complex health alterations, compensations, and environments across the life span. Therapeutic communication, education, and collaborative interventions with diverse individuals and groups are emphasized including the use of complementary and alternative modalities to meet the needs of patients. Restricted to Nursing Majors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

NURS 4341. Leadership and Management of Nursing Care Practicum.
Leadership and management skills in a variety of nursing care situations will be applied. Nursing unit leadership and staff assignments based on assessment of client needs, resources, priorities, and competencies of staff will be covered. Assessment and evaluation of the provision of evidence-based nursing care will be performed. Restricted to Nursing Majors.
3 Credit Hours. 0 Lecture Contact Hours. 12 Lab Contact Hours.
Grade Mode: Credit/No Credit

NURS 4351. Leadership and Management of Nursing Care.
Students discuss leadership and management theories related to organizational nursing roles, including competencies required for complex change, performance improvement, and transformational leadership. Organizational contexts - structure, processes, and culture - in leading and directing patient centered care are examined, along with relationships between governance structrues, practice environments, and positive patient outcomes. Restricted to Nursing Majors. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

NURS 4380. Community-Based Nursing.
Using a variety of philosophical perspectives, community-based nursing care, learning to contrast care in hospital-based settings while transitioning into organizations within the community will be explored. Reflective assessment skills and mindful intervention/teaching projects will be developed. Restricted to Nursing Majors.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

Bachelor of Science in Nursing (B.S.N.) Major in Nursing

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Science in Nursing (B.S.N.) degree with a major in Nursing requires admission to the university and admission to the program. For more information visit: http://www.nursing.txstate.edu/
2. The application period for the Nursing program begins October 1 and closes January 15.
3. Admission to the undergraduate major in nursing is competitive and selective. Applicants must first be admitted to Texas State University prior to submitting the St. David's School of Nursing application.
4. Applicants must have a prerequisite GPA of 2.90 or higher and a science GPA of 3.00 or higher. However, a 3.0 prerequisite GPA is recommended to be competitive in the application process. The prerequisite GPA is calculated based on grades in all core curriculum and major prerequisite courses, and must include the following courses:

Code	Title	Hours
BIO 1330	Functional Biology	3
BIO 2440	Principles of Microbiology	4
or BIO 2400	Microbiology	
BIO 2451	Human Anatomy and Physiology I	4
BIO 2452	Human Anatomy and Physiology II	4
CHEM 1341	General Chemistry I	3
MATH 1315	College Algebra	3
or MATH 1319	Mathematics for Business and Economics I	
or MATH 1329	Mathematics for Business and Economics II	
PSY 1300	Introduction to Psychology	3

5. Science courses require a minimum grade of "C" for admission. A maximum of 8 attempts (including W) on the 5 science courses listed

below, with no more than 2 attempts on any one science course, is permitted. There can be a maximum of 18 remaining prerequisite credit hours, (including no more than 2 of the 5 science courses) left to complete in the spring and summer semesters before final admission to the St. David's School of Nursing. The science GPA is calculated based on grades in the following courses:

Code	Title	Hours
BIO 1330	Functional Biology	3
BIO 2440 or BIO 2400	Principles of Microbiology Microbiology	4
BIO 2451	Human Anatomy and Physiology I	4
BIO 2452	Human Anatomy and Physiology II	4
CHEM 1341	General Chemistry I	3

6. An application fee must accompany the St. David's School of Nursing application.
7. Additional criteria include a personal persuasive essay, scores from the Test of Essential Academic Skills (pre-nursing entrance assessment) and 2 professional or academic references.
8. One hundred (100) highly qualified junior level students are admitted each fall.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. For transfer students, 34 semester credit hours may be transferred from a Texas public institution of higher education for the Nursing Field of Study and be applied to the Bachelor of Science in Nursing degree with a major in Nursing at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-legislative-requirements) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

Code	Title	Hours
BIO 2440	Principles of Microbiology	4
TCCN: BIOL 2421 or 2420		
CHEM 1341	General Chemistry I	3
TCCN: Any 4 SCH course including lab (CHEM 1341 + 1 hour ELNA)		
NUTR 2360	Nutrition Science	3
TCCN: BIOL 1322/HECO 1322		
BIO 2451	Human Anatomy and Physiology I	4
TCCN: BIOL 2401		
BIO 2452	Human Anatomy and Physiology II	4
TCCN: BIOL 2402		
PSY 1300	Introduction to Psychology	3
TCCN: PSYC 2301		
PSY 3300	Lifespan Development	3
TCCN: PSYC 2314		
MATH 2328	Elementary Statistics	3
TCCN: MATH 1342		
ENG 1310	College Writing I	3
TCCN: ENGL 1301		
ENG 1320	College Writing II	3
TCCN: ENGL 1302 or ENGL 2311		
Total hours		34

3. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
4. Nine hours of writing intensive (WI) courses are required for graduation.
5. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.
6. To graduate with a B.S.N., a student must successfully complete all nursing courses with a "C" or better in addition to completing all prerequisite courses.
7. All students must have attained a 2.0 or higher Texas State University GPA with a minimum of a 2.50 GPA in the Nursing major to graduate.
8. All students must complete the B.S.N. program in three years from the time of first admission.
9. Each nursing course is offered only once each academic year; therefore, progress in the program is delayed if the student fails a course. A student may repeat a nursing course only once. Following a second nursing course failure or withdrawing from nursing courses, the student is dismissed from the nursing program, but not from Texas State University.

Course Requirements

Freshman

First Semester	Hours	Second Semester	Hours
ENG 1310 (Communication Component Code 010)	3	ENG 1320 (Communication Component Code 010)	3
BIO 1330 (Life & Physical Sciences Component Code 030)	3	CHEM 1341 (Life & Physical Sciences Component Code 030)	3
HIST 1310 (American History Component Code 060)	3	HIST 1320 (American History Component Code 060)	3
MATH 1315, 1319, or 1329 (Mathemati Component Code 020)	3	PHIL 1305 or 1320 (Language, Philosophy & Culture Component Code 040)	3

Total Hours: 120

[1] If US 1100 is waived, the student must have 120 hours to graduate. See College Advising Center.

Bachelor of Science in Nursing (B.S.N.) Major in Nursing (RN to BSN Online Completion Program)

Minimum required: 120 semester credit hours

Admission Requirements

1. Application for admission to the registered nurse to Bachelor of Science in Nursing online completion program (RN to BSN) must be made to the School of Nursing in addition to the university admission procedures. Students will be admitted each fall. Admission to the RN to BSN online completion program requires admission to the university and admission to the program. For more information visit: http://www.nursing.txstate.edu/
2. Students must hold unencumbered registered nurse license in a state or region that is approved through the National Council of State Boards of Nursing.
3. All applicants must have a nursing school GPA of 2.5 and an overall GPA of 2.5 to apply.
4. Completion of 42 hours of general education core curriculum requirements. including the following major-specific core requirements or field of study complete:
   - PSY 1300 or SOCI 1310
   - MATH 1315
   - CHEM 1341
5. Completion of 18 hours of support coursework or field of study complete:
   - BIO 2400 or BIO 2440
   - BIO 2451
   - BIO 2452
   - NUTR 2360
   - PSY 3300 or FCD 1351
6. Students who earned an Associate in Applied Science Nursing degree (ADN) from a regionally accredited community college will be awarded 30 semester credit hours toward the BSN online completion.
7. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.

General Requirements

1. Students have three years to complete the degree requirements.
2. For transfer students, 34 semester credit hours may be transferred from a Texas public institution of higher education for the Nursing Field of Study and be applied to the Bachelor of Science in Nursing degree with a major in Nursing at Texas State University. More information about the Field of Study (http://mycatalog.txstate.edu/undergraduate/general-information/academic-policies/texas-

legislative-requirements) is available in the Academic Policies section of this catalog. The transferable Texas Common Course Number (TCCN) is listed below the Texas State University course number in the following course list.

Code	Title	Hours
BIO 2440	Principles of Microbiology	4
TCCN: BIOL 2421 or 2420		
CHEM 1341	General Chemistry I	3
TCCN: Any 4 SCH course including lab (CHEM 1341 + 1 hour ELNA)		
NUTR 2360	Nutrition Science	3
TCCN: BIOL 1322/HECO 1322		
BIO 2451	Human Anatomy and Physiology I	4
TCCN: BIOL 2401		
BIO 2452	Human Anatomy and Physiology II	4
TCCN: BIOL 2402

Total Hours: 30

Department of Physical Therapy

Willow Hall Room 336
Round Rock Campus
Round Rock, TX
T: 512-716-2652 F: 512-716-2673
www.health.txstate.edu/PT (http://www.health.txstate.edu/PT)

The Department of Physical Therapy is a graduate department offering a Doctor of Physical Therapy (DPT) degree with a major in Physical Therapy. For more information, contact the Department of Physical Therapy or visit http://www.health.txstate.edu/pt. While the Department offers no undergraduate degree, it does provide advisement to students interested in pursuing a graduate degree in Physical Therapy.

The requirements for admission to the DPT degree program include:

1. completion of a baccalaureate degree with a minimum 3.0 GPA in the last 60 hours of course work completed for that degree,
2. minimum 3.0 GPA in all science courses,
3. minimum 3.0 GPA in prerequisite courses,
4. preferred minimum GRE of 150 on verbal and 145 quantitative, and
5. completion of all prerequisite courses, including general psychology, abnormal or developmental psychology, statistics, medical terminology, human physiology and anatomy or human structure and function, vertebrate physiology or physiology of exercise, general chemistry I and II, and general physics I and II.

This program is accredited by the Commission on Accreditation in Physical Therapy Education.

Course in Physical Therapy (PT)

PT 3400. Human Structure and Function.
A study of the structure and function of the human body with emphasis on the skeletal, muscular, and nervous systems. Course focuses on anatomy and physiology of body systems of special interest to students preparing to be health professionals. Laboratory study of the human cadaver is included.
4 Credit Hours. 2 Lecture Contact Hours. 6 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

Radiation Therapy Program

Encino Hall Room 220
T: 512-245-9081
F: 512-245-1477
www.health.txstate.edu/rtt (http://www.health.txstate.edu/rtt)

The radiation therapist is a key member of the professional team, which uses various forms of radiation to treat cancer patients. Radiation therapy may be used alone, or in combination with surgery or chemotherapy, and is the treatment of choice for cure of many cancers. Because of sustained contact with patients, the radiation therapist has considerable responsibility in patient care, dietary counseling and treatment evaluation. The radiation therapist must also appreciate the significant psychological impact that cancer has on patients and their families. The program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT). The curriculum complies with the professional curriculum of the American Society of Radiologic Technologists.

The Bachelor of Science in Radiation Therapy (B.S.R.T.) degree with a major in Radiation Therapy, is a two- and one-half year program beginning in the junior year. The junior and senior years combine clinical experiences in the affiliated radiation therapy facilities with advanced academic study in the professional disciplines. The program is designed to prepare students for the technical, theoretical, and psychological aspects of this career. Students acquire the technical skills necessary to plan, deliver, and record a prescribed course of radiotherapy. Upon completion of the degree, students are eligible to apply to the ARRT national registry examination.

Any student entering Texas State may declare Pre-Radiation Therapy as their major. Admission to Texas State does not guarantee admission to the program. Admission to the program is competitive and selective. It is recommended that students arrange academic advising at least once prior to making application. The academic sequence begins during the fall semester. Enrollment is limited by student/faculty ratios in the clinical components of the program. The deadline for submission of applications is January 15.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide a Health Report completed by a physician or licensed healthcare provider, and must take certain immunizations before the student can be placed in a clinical or internship assignment. Information on these requirements and forms to be supplied may be obtained through the program office.

Criminal Background Check/Drug Screening

As a condition for placement in some professional practice sites, students are required to have a background check and/or drug screening and meet other requirements set by individual sites. Information on the process of drug screening will be provided by the program. Previous misdemeanor or felony convictions under various titles of the Texas Penal Code may affect eligibility for state license status following graduation and may affect admission consideration to the Radiation Therapy program.

Bachelor of Science in Radiation Therapy (B.S.R.T.)

- Major in Radiation Therapy (p. 408)

Courses in Radiation Therapy Technology (RTT)

RTT 3120. Clinical Simulation Lab I.
Students are provided instruction and simulated practice in a controlled laboratory setting. This course provides first-year students foundational clinical set-up skills from which to build on during the clinical learning practicum course.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 3121. Clinical Simulation Lab II.
Students are provided instruction and simulated practice in a controlled laboratory setting. This course provides instruction, demonstration and participation in immobilization, positioning and simulation with the aid of an anthropomorphic phantom. Students will learn aspects of simulation for basic treatment delivery applications.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 3220. Directed Clinical Learning I.
Students will observe the basic operations of the radiation oncology clinic while interacting with the multidisciplinary team involved in providing treatment and care. The student will be introduced to oncology terminology, equipment, and techniques used for treatment. Learning is achieved through direct patient care, with instruction, demonstration and direct supervision. Prerequisite: Acceptance into the major.
2 Credit Hours. 1 Lecture Contact Hour. 16 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 3221. Directed Clinical Learning II.
Students will gain additional skills in clinical procedures, interaction with patients and professional personnel. Students apply knowledge from previous clinical learning experience under the supervision of a registered radiation therapist. Students are tested on intermediate clinical radiation therapy skills.
2 Credit Hours. 1 Lecture Contact Hour. 16 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 3300. Patient Care in Radiation Oncology.
This course will focus on basic nursing concepts involved in providing care for the cancer patient. Topics to be included in the class will be cancer as a chronic health problem, social roles and cancer, multidisciplinary approach to patient care, psychosocial dimension of cancer, in-treatment examinations, follow-up examinations, emergency management, chemotherapy and nutritional aspects of treating patients with cancer.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 3301. Introduction to Radiation Oncology.
An overview of radiation oncology and the role of the radiation therapist. Presentations will orient the student to the physical and biological basis of radiation equipment, procedures, tumor pathology, and patient interaction. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RTT 3302. Radiologic Science and Medical Imaging.
This course will cover the principles governing production of radiation, interaction of radiation with matter, and protection of the radiation worker and patient from exposure. Basic principles of x-ray equipment, exposure factors, latent image formation, and processing of radiographs are presented. Prerequisite: Program Director's approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 3310. Physics of Radiation Therapy I.
Students will learn the principles of radiation physics as they apply to the treatment and care of the cancer patient. Course will include a thorough review of x-ray production, fundamental principles, concepts and terminology. Topics studied include measurements, general principles, structure of the atom, structure of the matter, electrostatics, magnetism, electrodynamics, electromagnetism, rectification and production and properties of radiation and radiographic techniques.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 3314. Radiation Therapy Sectional Anatomy.
The course provides instruction in identifying cross-sectional anatomy to develop the ability to make anatomic correlations between multiple planes of view. Major organs, lymphatics, vessels are emphasized as related to the clinical significance in the field of radiation therapy.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 3350. Radiobiology.
This course will cover the principles of cell response to radiation, including tissue sensitivity, survival, repair and the latent effects of irradiated tissue. Topics to be covered include the development of radiation science, cellular targets for radiation action, target theory, physical/ chemical factors affecting radiation response, biological factors, repair and recovery, fractionated doses and dose rate, early/ acute effects of whole body exposure, late/chronic effects of whole body exposure, and radiation protection dose guidelines.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4120. Clinical Simulation Lab III.
Students are provided instruction and simulated practice in a controlled laboratory setting. A continuation of RTT 3121. This course provides instruction, demonstration, and participation in immobilization, positioning and simulation with the aid of an anthropormorphic phantom. Students will learn aspects of simulation for basic intermediate treatment delivery applications.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4121. Clinical Simulation Lab IV.
Students are provided instruction and simluated practice in a controlled laboratory setting. A continuations of RTT 4120. This course provides instruction, demonstration and participantion in immobilization, positioning and treatment simluation. Students will learn aspects of simulation for basic, intermediate, and some advanced treatment delivery applications.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4122. Clinical Simulation Lab V.
Students are provided instruction and simulated practice in a controlled laboratory setting. A continuation of RTT 4121. This course provides instruction, demonstration and participation in immobilization, positioning and treatment simulation. Students will learn aspects of simulation for basic, intermediate, and some advanced treatment delivery applications.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4189. Radiation Therapy Literary Scholarship and Manuscript Writing.
This intensive writing course provides instructions in research strategies, critical review and analysis of peer reviewed publications. An introduction to scholarly resources and professional manuscript development using peer reviewed journal guidelines for the profession of radiation therapy. This course prepares students for RTT 4191 Radiation Therapy Seminar. (WI).
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RTT 4190. Professional Issues in Radiation Therapy.
This capstone course provides a comprehensive review of the program curriculum and clinical practice in the field. Current radiation therapy treatment management techniques and issues are presented for analysis.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

RTT 4191. Radiation Therapy Seminar.
This course is a continuation of RTT 4189. The course provides instruction in the completion of a final draft for the student's technical manuscript. The course work builds from the completed manuscript and draws from the material and knowledge gained in RTT 4189 to develop a formal presentation.
1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4220. Directed Clinical Learning III.
Students will continue to develop skills during this clinical course. Progressive interaction with patients and professional personnel are monitored as students practice radiation therapy in a supervised setting. Additional areas include problem solving, identifying machine components and basic side effect management. Students will demonstrate competence in beginning, and intermediate procedures.
2 Credit Hours. 1 Lecture Contact Hour. 16 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4221. Directed Clinical Learning IV.
The course provides students the opportunity to continue to develop confidence and increased skill in simulation and treatment delivery. Students will demonstrate competence in beginning, intermediate, and some advanced procedures through supervised clinical instruction, progressing through a competency-based educational sequence.
2 Credit Hours. 1 Lecture Contact Hour. 24 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4222. Directed Clinical Learning V.
The students will complete their clinical training by practicing all the skills they have learned in the classroom, lab, and clinical practicum. The students will continue demonstrating proficiency while completing the Skills Competency Checklist.
2 Credit Hours. 1 Lecture Contact Hour. 24 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4291. Professional Issues in Radiation Therapy.
This capstone course provides a comprehensive review of the program curriculum and clinical practice in the field. Current radiation therapy treatment management techniques and issues are presented for analysis.
2 Credit Hours. 1 Lecture Contact Hour. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4310. Physics of Radiation Therapy II.
Students will continue to learn the principles of cell response to radiation. Topics covered will include properties of x-ray and gamma radiation, radiation units, x-ray production, photon interactions, beam characteristics, radioactivity, treatment units, and particle irradiation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4330. Quality Assurance.
Students will study quality assurance tests related to patient charts, treatment accessories, patient communication devices, machine reading and safety devices. Emphasis on quality control procedures to include Continuous Quality Improvement (CQI), Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and responsibilities of each team member in relation to quality assurance duties.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4331. Operational Issues in Radiation Therapy.
Course content is designed to focus on various radiation therapy operational issues. Accreditation, CQI development and assessment techniques will be presented. Human resource issues and regulations impacting the radiation therapist will be examined. Topics include the role of network information systems within the radiation oncology department. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RTT 4360. Dosimetry I.
This course will cover the basic concepts in treatment planning and clinical dosimetry. Students will learn to identify treatment preparation processes and needs for beam modifying devices. Students will also be taught isodose charts for several treatment arrangements and be able to calculate a variety of external beam treatment formulas.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4361. Dosimetry II.
Students will learn additional concepts in treatment planning and clinical dosimetry addressed in Dosimetry I. Computerized treatment planning applications will enhance the understanding of medical dosimetry.
3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

RTT 4370. Clinical Radiation Oncology I.
The first of a two-part course, this course advances the student's knowledge of neoplastic disease management. Instruction will focus on the regional anatomy and physiology, epidemiology and etiology, detection and diagnosis, diagnostic procedures, histopathology, patterns of spread principles of treatment, staging, and prognosis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RTT 4371. Clinical Radiation Oncology II.
The second of a twopart course, this course is a continuation of disease specific instruction. Instruction will focus on the regional anatomy and physiology, epidemiology and etiology, detection and diagnosis, diagnostic procedures, histopathology, patterns of spread, principles of treatment, staging, and prognosis. Prerequisite: RTT 4370 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Bachelor of Science in Radiation Therapy (B.S.R.T.) Major in Radiation Therapy

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Science in Radiation Therapy (B.S.R.T.) degree with a major in Radiation Therapy requires admission to the university and admission to the program. For more information visit: http://www.health.txstate.edu/rtt/
2. Any student may declare Pre-Radiation Therapy as their major. Admission to Texas State does not guarantee admission to the program. Admission to the program is competitive and selective. It is recommended that students arrange academic advising at least once prior to making application.
3. The academic sequence begins during the fall semester. Enrollment is limited by student/faculty ratios in the clinical components of the program.
4. The deadline for submission of applications is January 15.
5. Satisfactory completion of all general education core curriculum and a minimum overall GPA of 2.75 is required for admission.
6. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.
7. Completion of the application packet is required for admission.
8. Three letters of reference and a career goal statement are required for admission.
9. Successful interview of selected candidates with admission committee.
10. Forty hours of clinical observation with completed evaluation on file by January 15.
11. Students must be able to perform the 13 Technical Standards indicated by the American Disabilities Act (refer to program website or department for more information).

12. Previous misdemeanor or felony convictions will affect admission to the program.
13. Applicants must have a science and support course GPA of 3.0 or higher. No more than 2 attempts on any one science course is permitted. An applicant may repeat only one of the courses on this list. Courses included in the science and support course GPA computation include:

Code	Title	Hours
BIO 1330	Functional Biology	3
BIO 1331	Organismal Biology	3
BIO 2430	Human Physiology and Anatomy	4
AT 3358	Clinical Pathopharmacology	3
or PSY 4390N	Psychopharmacology	
CHEM 1341	General Chemistry I	3
CHEM 1141	General Chemistry Laboratory I	1
PSY 1300	Introduction to Psychology	3
MATH 2417	Pre-Calculus Mathematics	4
or MATH 2471	Calculus I	
PHYS 1320	Elementary Physics	3
or PHYS 1315	General Physics I	
or PHYS 1325	General Physics II	
PHYS 1110	Elementary Physics Laboratory	1
or PHYS 1115	General Physics I Laboratory	
or PHYS 1125	General Physics II Laboratory	
HP 3302	Biostatistics	3
or PSY 2301	Introduction to Statistics	
or SOCI 3307	Statistics for the Behavioral Sciences	
or MATH 2328	Elementary Statistics	
or CJ 3347	Statistics For Criminal Justice	

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
3. Nine hours of writing intensive (WI) courses are required for graduation.
4. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.
5. To graduate with a B.S.R.T., a student must successfully fulfill the general education requirements and complete all RTT courses with a "C" or better. RTT courses are offered in a lock-step sequence. Each course is offered only once each academic year; therefore, progress in the program is affected should a student fall out of the sequence due to failure to successfully complete a course. A student who falls out of sequence (whether due to illness, course failure, or other reasons) will be delayed one year to repeat the course.
6. A student may repeat a RTT course only once. If the student does not earn a grade of at least "C" upon repeating the course, the student cannot continue in the program.
7. The student must meet the requirements for clinical competency as described in the Directed Clinical Learning syllabi.
8. All students must have attained a 2.0 or higher Texas State University GPA with a minimum of a 2.75 GPA in the Radiation Therapy major to graduate.

Department of Respiratory Care

Willow Hall Room 214
Round Rock Campus
Round Rock, TX
T: 512-716-2806 F: 512-716-2805
www.health.txstate.edu/rc (http://www.health.txstate.edu/rc)

The Bachelor of Science in Respiratory Care (B.S.R.C.I) degree prepares students to practice as respiratory care professionals and take their place as a key healthcare team member. Skilled in assessing patients with breathing disorders in the emergency room, intensive care units and many other areas in healthcare facilities, respiratory therapists work directly with physicians on newborn, pediatric or adult patients to analyze oxygen levels and breathing difficulty. Therapists administer medications to relieve breathing distress, provide pulmonary/lung therapies, and conduct lung diagnostics for all ages. Graduates find employment in many settings such as hospitals, pulmonary rehabilitation clinics, doctors' offices, sleep labs, homecare, and air-life transport teams working with patients in the emergency room, newborn/pediatric/adult intensive care units, and many other areas.

Respiratory care (RC) majors take lab and lecture classes on the Round Rock campus and gain clinical experience in Austin-area hospitals. Students successfully admitted to the program must complete the sequenced curriculum within the cohort group. Individuals taking core courses prior to applying for admission to the RC program should contact the College of Health Professions' Advising Office. Students completing an associate degree in RC from another university or college are eligible to apply for admission to the B.S.R.C. Online Completion Program at Texas State for bachelor degree completion. For information on this option, see the department chair. The B.S.R.C. Program is accredited by the Commission on Accreditation for Respiratory Care (CoARC) and qualifies graduates to sit for national board credentialing exams to become a Registered Respiratory Therapist (RRT) through the National Board for Respiratory Care immediately upon completion.

The department also offers a Master of Science in Respiratory Care (M.S.R.C.) degree with concentrations in Leadership and Polysomnography Technology (sleep studies). The Polysomnography (PSG) program is fully accredited by CoARC and qualifies individuals to sit for national board credentialing exams immediately upon completion. The (PSG) concentration is comprised of five courses (12 credit hours) with courses offered each fall, spring, and summer. Individuals credentialed in PSG provide diagnostic and therapeutic treatment for those suffering from sleep disorders such as obstructive sleep apnea, insomnia, narcolepsy, and other conditions. Admission to the M.S.R.C. program requires the applicant to have previosly earned the RRT credential and completed a bachelor's degree from a regionally accredited institution. Students may be admitted to the M.S.R.C. program every fall, spring and summer. Please refer to The Graduate catalog for admission requirements and course descriptions.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide the College Health Report completed by a physician or licensed healthcare providerand must complete specific immunizations before being placed in a clinical or internship assignment. Information on these requirements and forms may be obtained through the departmental office.

Background Checks and Drug Screening

As a condition for placement in some professional practice sites, all students are required to have a background check and/or drug screening to meet requirements of individual sites. Information on the drug screening process will be provided by the department. Previous misdemeanor or felony convictions under various titles of the Texas Penal Code may affect eligibility for state respiratory care practitioner license status following graduation and may affect admission consideration.

Bachelor of Science in Respiratory Care (B.S.R.C.)

- Major in Respiratory Care (p. 413)
- Major in Respiratory Care (RRT-to-BSRC Online Completion Program) (p. 415)

Courses in Respiratory Care (RC)

RC 2213. Introduction to Respiratory Care.
This course offers an in-depth overview of the respiratory care profession to acquaint the student with the responsibilities of the respiratory therapist as part of healthcare team. Progression of the profession, career opportunities, past and future impact of profession on patient recovery and health maintenance, and medical gas therapy will be covered.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3125. Pulmonary Function Testing.
This course examines the most common pulmonary function tests, their techniques, and the pathohysiology that may be evaluated by each test. Pulmonary function equipment, calibration, and the American Thoracic Society guidelines will be discussed. Laboratory practice of performing the tests will be provided to develop skills for testing patients.
1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3212. Pharmacology.
A comprehensive study of pharmacology principles. Receptor theory, clinical applications of medications, and historical analysis of first-generation medications will be covered. Current medication trends and recommendations are also examined.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3232. Hemodynamics.
This course is an advanced study of cardiovascular hemodynamic measurements. Normal cardiovascular physiology and measures are examined, as well as variations caused by disease. Current clinical trends and practices in hemodynamic procedures are also explored.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3313. RC Clinical Practice I.
This course provides an introduction to respiratory care clinical skills, including vital signs, chest assessment, infection control, aerosolized medication delivery, oxygen therapy, hyperinflation therapy, and airway clearance. This course prepares the student for direct patient care to be performed in more advanced courses. Direct patient care is performed under close supervision.
3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3314. Respiratory Care Instrumentation.
Through lectures and lab exercises, students are acquainted with concepts of design, function, and operation of basic respiratory care equipment. Oxygen cylinders, regulators, flowmeters, oxygen analyzers, oximeters, oxygen adjuncts, humidifiers, nebulizers, airways, and pressure cycled ventilators will be covered. The course also covers respiratory pharmacology, decontamination of equipment, and arrhythmia recognition.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3315. Cardiopulmonary - Renal Anatomy & Physiology.
This course provides an in-depth human gross anatomy study of the cardiac, respiratory, and renal systems. Clinical application of pulmonary anatomy and physiology will also be explored.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3316. Fundamentals of Respiratory Care.
This course provides a study of theories and modalities utilized in delivering, monitoring, and evaluating basic respiratory therapeutics to patients with compromised respiratory function in various healthcare settings. Aspects of artificial ventilation, arterial blood gas analysis, lung volume diagnostics, and hyperinflation intervention will be covered in patient scenarios.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3321. Cardiopulmonary Pathology.
As an introduction to the assessment, treatment, and pathophysiology of respiratory diseases, this course focuses on the signs, symptoms, etiology, pathophysiology, diagnosis and treatment of selected diseases. Utilizing clinical simulation software to develop critical thinking regarding assessment, diagnostic data gathering. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RC 3322. Critical Care Concepts.
This course provides students with an in-depth study of selected respiratory care techniques with an emphasis on the care of critically ill patients. Critical skills and knowledge of mechanical ventilation, bedside diagnostic techniques, patient monitoring, and rehabilitation are explored in the critical care setting.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3323. RC Clinical Practice II.
Students perform clinical procedures and interact with patients and professional personnel in a healthcare institution under the supervision of a respiratory therapist. Students gain direct patient care experience as presented in medical/surgical and pediatric clinical situations. Preparatory instruction is provided for mechanical ventilation and other critical care procedures.
3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3324. Critical Care Instrumentation.
A comprehensive study of advanced equipment and technology utilized in the critical care, homecare, pulmonary rehabilitation and blood gas lab settings. Lectures and class activities will detail hardware for hemodynamic monitoring, supplemental oxygen administration, noninvasive monitoring, blood gas measurement, quality control and assurance and mechanical ventilator concepts.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3333. RC Clinical Practice III.
A supervised clinical education experience in which the student administers advanced respiratory therapeutics to patients in the adult critical care setting. Diagnostic and monitoring procedures, including arterial blood gases, bedside physiologic monitoring, airway care, advanced pulmonary function testing, ventilator management will be performed according to physician orders.
3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3334. Neonatal Respiratory Care.
An in-depth study of neonatal utero development, fetal lung development, fetal circulation, and cardiovascular changes at birth. Neonatal respiratory emergencies, neonatal respiratory diseases and management, congenital defects, and respiratory care procedures specific to the neonate will be discussed. A specific emphasis on neonatal mechanical ventilation will be included.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

RC 3335. RC Clinical Practice IV.
This course provides an advanced clinical education experience in respiratory therapeutics on patients in the adult critical care setting. Appropriate clinical expectations include experience in arterial blood gas procurement and measurement, bedside physiologic monitoring, airway care, and monitoring of mechanical ventilation in the intensive care unit.
3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.
Grade Mode: Standard Letter

RC 4211. Respiratory Care Research.
This course provides an introduction to applied experimental design, research ethics, and data analysis focusing on the respiratory care profession. Students will participate in each step the research process from developing a personal research hypothesis and research design through IRB submission. Prerequisite: HP 3302 or equivalent.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

RC 4212. Critical Care Clinical Simulation.
This course will prepare respiratory care students to successfully navigate multiple clinical simulation patient cases. Clinical simulations covered reflect real-life patient scenarios and mirror the content found on national board exams. Students will receive focused attention on board exam review and evidence-based care.
2 Credit Hours. 1 Lecture Contact Hour. 3 Lab Contact Hours.
Grade Mode: Standard Letter

RC 4216. Disease Management.
The course offers an in-depth description of common therapeutic modalities and treatment protocols used to offset the anatomic alterations and pathophysiologic mechanisms activated by selected disorders. Students will develop an understanding of how therapies work to offset the anatomic alterations of lungs caused by disease. Prerequisite: Departmental Approval required.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 4223. ICU Internship.
Through affiliations with agencies, hospitals and selected treatment centers, the student interns in the intensive care setting by providing patient care and administering critical care therapeutics. Analysis and clinical application of advanced ventilator care of patients is emphasized along with patient care diagnostics and management in the ICU.
2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.
Grade Mode: Credit/No Credit

RC 4224. Research Seminar.
A study of the research process from a review of research design to methodology implementation including data collection, statistical analysis, and presentation of a research proposal on a topic in the respiratory care discipline. The course provides direct research experience culminating in a research paper and presentation. Prerequisite: RC 4211 with a grade of "D" or better.
2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

RC 4225. Specialization Internship.
This course provides the student with an internship opportunity to gain clinical experience in sub-specialty areas including pediatrics, adult intensive care, neonatal intensive care, pulmonary function testing, home care/durable medical equipment, subacute care, pulmonary rehabilitation, polysomnography, education, and research. Specific specialty offerings will be based on clinical availability.
2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Credit/No Credit

RC 4309. Pulmonary Diagnostics.
The course examines various pulmonary diagnostic techniques and the pathophysiology associated with each diagnostic measurement in disease management and clinical research. The course will provide an in-depth presentation of clinical indications for various diagnostic analyses including the ethical responsibilities associated with clinical research. Prerequisite: Departmental Approval Required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 4311. Interdisciplinary Healthcare.
This course introduces the respiratory care student to the role that respiratory therapists play within the interdisciplinary healthcare team. The course will allow students to gain experience in developing and applying strategies to improve patient outcomes through the inclusion of the respiratory therapist with various appropriate healthcare disciplines. Prerequisite: Departmental Approval required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RC 4314. Advanced Ventilator Concepts.
This course provides an in-depth study of specific adult mechanical ventilators addressing traditional and proposed ventilator classification, various methods of operation, parameter interrelationships and ventilator patient monitoring. Lectures and class activities will focus on ventilator analysis of several contemporary volume-, time-, pressure- and flow-cycled ventilators with advanced graphics interpretation required.
3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

RC 4316. RC Clinical Practice IV.
This course provides an advanced intensive care clinical education requiring students to monitor and administer critical care therapeutics on assigned patients in the adult and neonatal critical care setting. Cardiopulmonary diagnostic experience will be gained through arterial blood gas and co-oximetry assessment with ventilator graphic analysis.
3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.
Grade Mode: Standard Letter

RC 4317. Pulmonary Rehabilitation.
This course is designed to introduce students to the medical, ethical, and insurance reimbursement issues of pulmonary rehabilitation, homecare, and sleep diagnostic facilities. The role of therapists in case management, treatment requirements, and discharge planning along with the impact of legislation, regulations, and politics will be explored.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 4318. Independent Study in Respiratory Care.
This course provides the student an in-depth study on a topic or healthcare problem impacting respiratory care. The course may be repeated for credit with a different emphasis.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

RC 4321. Leadership and Management for Respiratory Care Professionals.
This course is designed to comprehensively examine the dynamic evolution of respiratory care as a profession. The role of the respiratory care professional in the areas of leadership, management, and professional ethics will be explored with regards to the profession's impact on legislation, regulation, and politics. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RC 4322. RC Practitioner Seminar.
Students will research and present selected case studies by students to physicians, therapists, and colleagues. Presentations will emphasize total patient management with etiology, symptoms, pathophysiology, diagnosis, and treatment of specific diseases including asthma, pulmonary embolism, CHF, COPD, ARDS, neurologic diseases, inhalational injury, pneumonia, sleep disordered breathing, AIDS, and drug overdose. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

RC 4324. Sleep Medicine and Polysomnography.
This course introduces the respiratory care student to sleep medicine and polysomnography. The course will present topics on sleep stages, sleep architecture, and sleep disorders. Basic and advanced treatment options of selected sleep disorders will be discussed. Prerequisite: Departmental Approval required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 4333. Neonatal Critical Care.
This course will provide the Respiratory Care student with advanced knowledge on the management of the neonatal patient in the critical care environment. The course will expose the student to advanced therapeutics and mechanical ventilation strategies. Course content will prepare the student for the role of neonatal specialist. Prerequisite: Departmental Approval required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

RC 4334. Adult Critical Care.
This course provides professional enrichment for practitioners with a conceptual foundation for adult critical care medicine. The course will provide an in-depth presentation of advanced respiratory therapy therapeutics and procedures caring for adults in the intensive care unit. Prerequisite: Departmental Approval required.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

Bachelor of Science in Respiratory Care (B.S.R.C.) Major in Respiratory Care

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Science in Respiratory Care (B.S.R.C.) degree with a major in Respiratory Care requires admission to the university and admission to the program. For more information visit: http://www.health.txstate.edu/rc/
2. Application for admission to the Respiratory Care (R.C.) undergraduate program must be made to the R.C. department in addition to regular university admission procedures.
3. All applicants must have an overall GPA of 2.50 to apply.

4. It is highly recommended that individuals interested in applying for the R.C. program complete RC 2213 prior to application.
5. Admission is competitive and enrollment is limited depending on student/faculty ratios in the clinical phase of the program.
6. Due to performance standards of the profession, students must meet specific ADA standards in accordance with physical and emotional requirements of the academic program in order to qualify for admission.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
3. Nine hours of writing intensive (WI) courses are required for graduation.
4. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.
5. All courses must be taken in sequence and completed with a grade of C or higher in order to progress to the next semester in the curriculum.

Bachelor of Science in Respiratory Care (B.S.R.C.) Major in Respiratory Care (RRT-to-BSRC Online Completion Program)

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Science in Respiratory Care (B.S.R.C.) degree with a major in Respiratory Care requires admission to the university and admission to the program. For more information visit: http://www.health.txstate.edu/rc/
2. Application for admission to the RRT-to-BSRC online completion program must be made to the Respiratory Care department in addition to regular university admission procedures. Students will be admitted each fall, spring, and summer semester.
3. Students must hold the RRT credential from a CoARC accredited community college with regional accreditation.
4. All applicants must have an overall GPA of 2.50 to apply.
5. Admission is competitive and enrollment is limited.
6. Completion of 42 hours of general education core curriculum requirements, including the following major-specific core requirements:
   - PSY 1300 or SOCI 1310
   - MATH 1315, MATH 1319, MATH 1329, MATH 2417, or MATH 2471
   - CHEM 1341
   - PHYS 1310, PHYS 1315, PHYS 1320, or PHYS 1325
7. Completion of 11 hours of support coursework:
   - BIO 2400 or BIO 2440
   - BIO 2430
   - HP 3302, HP 3325, SOCI 3307, PSY 2301, MATH 2328, or CJ 3347
8. Students who earned the RRT credential at a CoARC and and regionally accredited community college will be awarded 35 semester credit hours toward the BSRC completion.
9. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.

General Requirements

1. All courses must be taken in sequence and completed with a grade of "C" or better in order to progress to the next semester in the curriculum.

Sociology–Chad L. Smith, Ph.D.

The College of Liberal Arts provides students with the foundation for a liberal education, preparing graduates to think independently, to choose freely, to base personal and professional decisions on a broad understanding of history and culture, and to live full, rewarding lives. Recognizing the central importance of liberal education, the

university requires that more than fifty percent of the general education core curriculum be taken in the College of Liberal Arts, and students increasingly declare majors or minors in one of the college's nine departments or special programs.

The College of Liberal Arts offers the Bachelor of Arts in each of its nine departments: Anthropology, English, Geography, History, Modern Languages, Philosophy, Political Science, Psychology, and Sociology. The Bachelor of Science is awarded in Anthropology, Geography, Psychology, and Sociology. The college also offers two special degrees: the Bachelor of Arts in International Studies (B.A.I.S.), and the Bachelor of Public Administration (B.P.A.). The college houses twelve interdisciplinary minors: Aging and the Life Course, Diversity Studies, International Studies, Latina/o Studies, Media Studies, Medieval and Renaissance Studies, Nature and Heritage Tourism, Religious Studies, Southwestern Studies, Studies in Popular Culture, Value Studies, and Women's Studies. The college provides education not only in the traditional humanities but also in the practical application of the humanities to professional careers.

Specific Requirements of the College of Liberal Arts

The following requirements apply to all degree programs within the College of Liberal Arts. Students transferring in more than 15 hours will not be required to complete US 1100 – University Seminar. Bachelor of Arts degrees require two semesters of literature and one additional science course. Transferring in a core-coded 040 course from another institution does not waive this requirement. See your academic advisor for questions related to these requirements.

Academic Advising Center

Flowers Hall Room 322
Telephone: 512-245-1852 Fax: 512-245-7949
www.txstate.edu/liberalarts/advisingcenter (http://www.txstate.edu/liberalarts/advisingcenter)

The College of Liberal Arts Academic Advising Center provides effective guidance to a diverse community with integrity and commitment. In a supportive and collaborative environment, we motivate our students to take an active role in achieving their educational goals. The advising center works in cooperation with each department and center to provide quality academic advising and information to majors and minors within the College of Liberal Arts. The advising center is a resource for students, as advisors offer counseling on academic and administrative issues. Students can find information on core curriculum requirements, majors and minors, semester course selection, transfer credit, academic probation and suspension, progress toward degree completion, study abroad opportunities, and career options.

As students progress toward the completion of a degree, academic advisors recommend they follow a major checklist and a degree audit to guide them in course selection. Our advisors are available to offer explanations of these documents and assist in the process of applying for graduation. From new student orientation to graduation, academic advisors work closely with departments and centers in the college and throughout the university to ensure that each of our students has a successful academic career.

In an effort to prepare our Liberal Arts students for careers that offers them the opportunity to use their broad range of skills and abilities, the advising center has partnered with Career Services to bring special events and programs to the students in the college. In addition to meeting the individual needs of students, Career Services and the College of Liberal Arts frequently host programs and panels for specific majors where students can network with professionals.

Center for International Studies

Derrick Hall Room 101
T: 512.245.2339 F: 512.245.7857
www.txstate.edu/internationalstudies (http://www.txstate.edu/internationalstudies)

In Texas and throughout the United States, demand for graduates with knowledge of international business, cultural and area studies, and language skills continues to increase. The growing movement toward intercontinental and international trade blocs, such as NAFTA and the European Union, has created a need for persons who are not only skilled in business and communications technology, but also cultural understanding and international business practices. The Bachelor of Arts in International Studies (B.A.I.S.) degree offered by the Center addresses this need and prepares students for work in multinational corporations, state and federal governmental agencies with international divisions, and nonprofit corporations.

In addition to its academic programs, the Center gives its students several opportunities to develop global awareness and intercultural sensitivity during their undergraduate years, including internships and study abroad.

Peace Corps Prep

Peace Corps Prep is a certificate program awarded by the Peace Corps for undergraduates that allows students to build on the four competencies (training/experience in a work sector, foreign language skills, intercultural competence, and professional and leadership development) that Peace Corps looks for in its applicants. The certificate also gives students a competitive edge when applying for Peace Corps service. The program is open to all majors but housed in the Center for International Studies. While the program does not guarantee acceptance into the Peace Corps, undergraduates will gain skills that are an advantage in the competitive application process and in other international development work. Being part of the program is a powerful way to demonstrate to any future employer that participating students can think and act with global understanding and cultural awareness.

Academic Advising

Both pre-majors and declared majors will receive advising assistance from the College of Liberal Arts Academic Advising Center. The Center for International Studies employs a full time academic program coordinator who provides information on graduate study, internships, and planning for study abroad. The Center works closely with the Office of Career Services to prepare students for internationally-focused careers in various fields, and with the College of Liberal Arts Academic Advising Center to ensure our students' timely graduation.

Graduation Requirements

For graduation, all majors are required to maintain a TXST GPA of 2.75, a major GPA of 3.00, complete the Texas State general education core curriculum (including the additional special requirements for the B.A.I.S.), the International Studies Core, and the International Studies major courses. Additionally, all undergraduate students pursuing the B.A.I.S. degree are required to complete a global academic experience. The requirement can be fulfilled by a study abroad course or the IS 4387,

International Studies Internship, if it entails international work, service, or group research. The Center's director and academic program coordinator will work closely with IS majors to find the best options for faculty-led or independent international study. International Studies majors are not required to complete a minor. Students must meet all course prerequisites. Please see the College of Liberal Arts, and Degrees and Programs sections of this catalog for specific information on the general education core curriculum, and special requirements for the B.A.I.S.

International Studies majors are required to complete the special requirements in science, modern language, and English Literature. For International Studies majors, the list of approved additional science courses under that section is expanded to include statistics. Approved statistics courses are:

Code	Title	Hours
QMST 2333	Business Statistics	3
SOCI 3307	Statistics for the Behavioral Sciences	3
GEO 3301	Research Methods in Geography	3
PS 3315	Quantitative Research in Political Science	3
CJ 3347	Statistics For Criminal Justice	3
HP 3302	Biostatistics	3
MATH 2358	Discrete Mathematics I	3
MATH 3305	Introduction to Probability and Statistics	3

International Studies Core

All majors in International Studies are required to complete 27 hours of core courses:

Code	Title	Hours
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
GEO 1310	World Geography	3
GEO 3303	Economic Geography	3
HIST 2310	Western Civilization to 1715	3
or HIST 2311	History of World Civilization to the 17th Century	
HIST 2312	History of World Civilization from the 17th Century	3
or HIST 2320	Western Civilization, 1715 to Date	
IS 4380	International Studies Seminar	3
PS 3351	Introduction to International Studies	3
Modern Language of one advanced (3000- or 4000-level) course in the same language that was completed for the additional BA requirements		3
MODL 2310	Intermediate Modern Languages I	
MODL 2320	Intermediate Modern Languages II	
Total Hours		27

Minor

- International Studies (p. 426)

Courses in International Studies (IS)

IS 4380. International Studies Seminar.
A senior-level seminar that explores international topics through reading, writing, research and group discussion. Students will be expected to produce a significant research paper. This course is required for all International Studies majors and should be taken in the senior year of undergraduate study. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

IS 4387. International Studies Internship.
A semester-long work and study experience in a local, national, or foreign setting. Internships must be approved by the director of the Center for International Studies. May be repeated for credit.
3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

IS 4687. International Studies Internship.
A semester long work and study experience in a local, national, or foreign setting. Internships must be approved by the director of the Center for International Studies. Open to International Studies majors and minors with 60 or more undergraduate hours and a minimum Texas State GPA of 3.00. Repeatable once for credit.
6 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

Bachelor of Arts in International Studies (B.A.I.S.) Major in International Relations

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Arts in International Studies (B.A.I.S.) degree with a major in International Relations requires admission to the university and admission to the program. Information about the program admissions can be found at: http://mycatalog.txstate.edu/undergraduate/liberal-arts/international-studies/#admissionstext
2. All B.A.I.S. degree programs in the Center for International Studies are required to have at least a sophomore standing.

3. Students must have successfully completed ENG 1310, ENG 1320, HIST 1310, HIST 1320, POSI 2310 and POSI 2320, or approved equivalents.
4. Students will generally be accepted under pre-major status. To gain acceptance into the International Relations major, students are required to have completed at least 30 hours, have a 2.75 Texas State GPA and a 3.00 major GPA, which must be maintained through graduation.
5. Eligible students should schedule an advising appointment with the Liberal Arts Advising Center to declare the major in International Relations.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts in International Studies (B.A.I.S.) degree requires three additional hours of English literature, three hours of math/science/logic/computer science courses, and six hours of 2000-level modern language courses.
3. Students are required to complete a global academic experience that can be fulfilled by a study abroad course or the IS 4387, if it entails international work, service, or group research. Consult with the academic program coordinator in the Center for International Studies for options.
4. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
5. Nine hours of writing intensive (WI) courses are required for graduation.
6. Students choose 2 courses (6 hours) from the list of prescribed electives for the International Relations major. The list of electives is available on the Center for International Studies website at http://www.txstate.edu/internationalstudies/Degrees-and-Programs/undergraduatedegrees.html

5. Eligible students should schedule an advising appointment with the Liberal Arts Advising Center to declare the major in International Studies.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts in International Studies (B.A.I.S.) degree requires three additional hours of English literature, three hours of math/science/logic/computer science courses, and six hours of 2000-level modern language courses.
3. Students are required to complete a global academic experience that can be fulfilled by a study abroad course or the IS 4387, if it entails international work, service, or group research. Consult with the academic program coordinator in the Center for International Studies for options.
4. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
5. Nine hours of writing intensive (WI) courses are required for graduation.
6. Students choose 9 courses (27 hours) from the list of prescribed electives for the Inter-american Studies Concentration. No more than 3 courses (9 hours) can be taken from a single discipline. The list of electives is available on the Center for International Studies website at http://www.txstate.edu/internationalstudies/Degrees-and-Programs/undergraduatedegrees.html

1 The 3 hour advanced language course requirement must be completed in French, Portuguese, or Spanish, and should be from the same language that was completed for the additional B.A.I.S. requirements (2310 and 2320).

2 Students are required to select courses from a list of prescribed (pre-approved) electives specific to each International Studies concentration. For a complete list of course options that will satisfy the Interamerican Studies Concentration, please visit the Center for International Studies website at http://www.txstate.edu/internationalstudies/Degrees-and-Programs/undergraduatedegrees.html

Bachelor of Arts in International Studies (B.A.I.S.) Major in International Studies (International Business Concentration)

Minimum required: 120 semester credit hours

Admission Requirements

1. The Bachelor of Arts in International Studies (B.A.I.S.) degree with a major in International Studies requires admission to the university and admission to the program. Information about the program admissions can be found at: http://mycatalog.txstate.edu/undergraduate/liberal-arts/international-studies/#admissionstext
2. All degree programs in the Center for International Studies are required to have at least a sophomore standing.
3. Students must have successfully completed ENG 1310, ENG 1320, HIST 1310, HIST 1320, POSI 2310 and POSI 2320, or approved equivalents.
4. Students will generally be accepted under pre-major status. To gain acceptance into the International Studies major, students are required to have completed at least 30 hours, have a 2.75 Texas State GPA and a 3.00 major GPA, which must be maintained through graduation.
5. Eligible students should schedule an advising appointment with the Liberal Arts Advising Center to declare the major in International Studies.

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
2. In addition to the general education core curriculum requirements, the Bachelor of Arts in International Studies (B.A.I.S.) degree requires three additional hours of English literature, three hours of math/science/logic/computer science courses, and six hours of 2000-level modern language courses.
3. Students are required to complete a global academic experience that can be fulfilled by a study abroad course or the IS 4387, if it entails international work, service, or group research. Consult with the academic program coordinator in the Center for International Studies for options.
4. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

Minor in International Studies

The minor in International Studies requires 21 semester credit hours.

Code	Title	Hours
Required Courses		
GEO 1310	World Geography	3
GEO 3303	Economic Geography	3
PS 3351	Introduction to International Studies	3
Choose 3 hours from the following:		3
ECO 3317	International Economics	
PS 3353	Issues in World Politics	
PS 3352	Theories of International Politics	
PS 4352	International Law	
PS 4353	International Organizations	
PS 4354	Politics of International Economic Relations	
PS 4351	International Conflict and Security	

Electives	
Choose 9 hours of advanced courses [1]	9
Total Hours	21

[1] The nine hours of advanced electives are to be selected from an approved list that is available in the Center for International Studies. Please contact an advisor for this list. All courses attempted toward the minor must be completed with a minimum grade of "C" or better.

Students wishing to satisfy coursework in the minor through participation in Texas State Affiliated programs through the Study Abroad Office must complete all of the following steps:

1. Declare International Studies as a minor before going abroad.
2. Attend a General Information Session through the Study Abroad Office.
3. Complete the Transfer Credit Agreement Form.
4. Complete the Texas State Affiliated Program Application.
5. Submit the Transfer Credit Agreement Form to the Center for International Studies (Center) and meet with the Director, Associate Director, or Academic Advisor of the Center to review the completed Transfer Credit Agreement Form. A completed Transfer Credit Agreement form should include prospective courses from the affiliated institution and the Texas State equivalency. All courses evaluated via Transfer Credit Agreement Form must be approved by the Director or Associate Director of the Center. The Center will review courses with the following prefixes (pending evaluation as an Elective Advanced course - ELADV) — ANTH, ECO, FIN, GEO, HIST, IS, MC, MGT, MKT, PA, PHIL, POSI, PS, and SOCI. Additional courses outside of approved prefixes will be evaluated on a case-by-case basis.
6. Submit the Texas State Affiliated Program Application to the Study Abroad Office with a copy to the Center.
7. Apply through your respective Affiliated Provider.

Enrolling in courses not indicated on Transfer Credit Agreement may result in courses not being counted towards degree program. Such courses may be ineligible for financial aid. Any new course selection will require an updated Transfer Credit Agreement form that must be reviewed and approved by the Center.

Center for Diversity and Gender Studies

Undergraduate Academic Center Room 478
Telephone: 512-245-2361 Fax: 512-245-1414
www.txstate.edu/cdgs (http://www.txstate.edu/cdgs)

The Center for Diversity and Gender Studies in the College of Liberal Arts administers the Diversity Studies minor and the Women's Studies minors at the undergraduate and graduate levels. The Center helps prepare students to work and live in a pluralistic society through curricular and co-curricular activities — symposia, workshops, exhibits, and research projects. In addition, it assists faculty with resources and professional development activities to encourage the infusion of multiculturalism in the curriculum through a Multicultural Curriculum Transformation and Research Institute. It houses a resource area with more than 500 books, articles, and syllabi. The Center sponsors a Women and Gender Research Collaborative with its own online professional peer reviewed *Journal of Research on Women and Gender*. Through private donations, Diversity and Gender Studies offers annual scholarships to students. The director of the Center works in collaboration with an advisory council of faculty and staff representing several Texas State colleges and departments.

Key issues for prospective minors to consider:

- Tomorrow's graduates will be entering a work force dominated by technological, service, and communication industries with an increasingly diverse workplace and clientele.
- Employer demand is increasing for diversity knowledge and skills among today's college students.
- Well-rounded graduates have included in their liberal arts education a greater-knowledge of their cultural history and traditions.

Minors

- Diversity Studies (p. 428)
- Women's Studies (p. 429)

Subjects in this center include: DVST (p. 427), WS (p. 427)

Courses in Diversity Studies (DVST)

DVST 3301. Introduction to Diversity Studies.
The course is a general, multi-disciplinary and comparative survey of U.S diversity issues. It highlights the traditional minorities, such as African, Latino/a American, Native, and Asian Americas, as well as European American ethnic groups. It also explores issues related to religion, age, sexual orientation, gender identity, and physical ability/disability. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

DVST 3320. Introduction to Global Diversity Issues.
This course provides an understanding of relationship between U.S and other nations in terms of economics, politics, and culture. Students will examine how colonialism shaped developed and underdeveloped nations, investigate grassroots activism in response to globalization and will examine how policies formulation by one country has consequences for other countries.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

Courses in Women's Studies (WS)

WS 3376. Images of Women.
This course, one of two multidisciplinary team-taught women's studies courses, is a survey of the changing images of women in the U.S. since 1800 through the eyes of historians, writers, artists, orators, the media, and educators. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

WS 3377. Realities of Women.
This course, one of two multidisciplinary team-taught women's studies courses, is the study of realities faced by women in the U.S. today--including biological and psychological differences in males and females, politics and the law, the work force, and the home. Gender roles in societies outside the U.S. will also be examined. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

WS 4388. Independent Research in Women's Studies.
Independent study course open to advanced students on an individual or small group basis. The research area in Women's Studies, bibliography, and study paper outline are to be approved by the instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

Minor in Diversity Studies

The minor in Diversity Studies requires 18 semester credit hours. The minor provides for an interdisciplinary approach to Diversity Studies with conceptual frameworks for exploring new perspectives which recover the history and creative expressions previously excluded by the traditional approaches to higher education. The minor fosters students' development of self, voice, and moral vision to prepare students to live and work effectively in a pluralistic society and a global world. Students will explore issues related to race, ethnicity, gender, religion, age, sexual orientation, and physical ability and disability. Using the courses available students may design a special focus based on their interest or career path. Relevant courses may be substituted with approval from the director of the Center for Diversity and Gender Studies. The two required core courses (6 hours) are DVST 3301, which offers a general, multidisciplinary and comparative survey of diversity, and DVST 3320, which provides students with a global view of diversity issues.

Minor in Women's Studies

The minor in Women's Studies requires 18 semester credit hours. The minor offers an interdisciplinary program that concentrates on the images and realities of women. Drawing on recent scholarship on women and gender, the Women's Studies minor provides a flexible, coherent program that enables students to consider the significance of gender.

On a personal level, courses in this program enhance the human potential of both men and women, because knowledge about how societies construct gender relations can encourage students to examine their own attitudes and behavior. On an academic level, a minor in Women's Studies provides study of the ongoing scholarship about women and gender and offers students the opportunity for exciting intellectual growth. On a professional level, the minor provides a valuable specialty to prepare students for opportunities in a variety of fields, including business, counseling, education, government, health and medicine, human resources, law, politics, psychology, social work, and graduate studies. The Women's Studies minor helps students recognize their opportunities in a rapidly changing society and flexibly complements any major.

The two required core courses examine the images of women that are prevalent in Western culture (with examples being drawn from films, literature, visual arts, and popular music) as well as those topics and issues related to the realities of women's lives. Topics courses, offered on a selective basis, may also count toward the minor with permission from the Women's Studies Program Director.

Center for the Study of the Southwest

Brazos Hall Room 212
T: 512.245.2224 F: 512.245.7462
www.txstate.edu/cssw (http://www.txstate.edu/cssw)

The Center for the Study of the Southwest in the College of Liberal Arts, established in February 1990, has a threefold mission: curriculum development, public outreach, and research. Its 18-hour interdisciplinary minor, administered jointly with the Department of English, was approved in 1992. The Center draws faculty from varied disciplines (Art, Biology, English, Geography, History, and others); it disseminates information about its programs and research through *Southwestern American Literature*, a biannual journal devoted to the literature and culture of the Greater Southwest, and *Texas Books in Review*, a journal that monitors publications from or about Texas.

The Center for the Study of the Southwest, funded in part by grants from the National Endowment for the Humanities and the Houston Endowment, promotes the exchange of knowledge about regional issues among individuals, communities, and institutions across the region and northern Mexico. The Center encourages students, teachers, and the general public to understand the power of place to build identity, honor diversity, strengthen community, and celebrate the human spirit.

Minor in Southwestern Studies

The minor in Southwestern Studies requires 18 semester credit hours. No more than three courses, including the required courses, in a single department may count toward this minor. A course may not be used to satisfy both a major and a minor requirement. Relevant Honors and topics courses may be substituted with permission from the Director of the Center for the Study of the Southwest.

Department of Anthropology

Evans Liberal Arts Building Room 266
Telephone: 512-245-8272 Fax: 512-245-8076
www.txstate.edu/anthropology (http://www.txstate.edu/anthropology)

Anthropology is the study of human cultural and biological variation and evolution. It is a holistic discipline taking into consideration all aspects of human existence. In a general sense, anthropology is concerned with determining what humans are, how they evolved, and how they differ from one another. Anthropology is divided into four major sub-fields: cultural anthropology, biological anthropology, and archaeology. The anthropology program at Texas State offers coursework and training in each of these areas.

Undergraduate Anthropology majors choose between two degrees: The Bachelor of Arts and the Bachelor of Science. The undergraduate curriculum for students seeking the BA and BS degrees in Anthropology is structured to ensure that all students receive the knowledge to achieve the educational outcomes prescribed by the faculty, as well as allow for flexibility in training so that the personal goals of each student is achieved. Students pursuing either degree have the opportunity to participate in department field schools and/or internship program.

Graduates can be found in a surprising array of fields and careers, such as corporations, all levels of government, educational institutions and non-profit associations. Post-graduate employment includes Education/Outreach, Archeology, Cultural Resource Management (CRM), Historic Preservation, Museum/Curation/Project Design, Community Development, Advocacy (human rights/social justice), Human/Social Services, Management Consulting/Organizational Development/Training,

Computers/Software Development/Information Technology, Design (products and/or services), International Development/Affairs, Forensics, Mass Communication, Law/Criminal Justice/Law Enforcement, Administration/Management, Ethnography, Evaluation/Assessment, Health (international/public health), Environment and Natural Resources, Healthcare Management/Services/Deliver, Social Impact Assessment, Market Research, and Humanitarian Efforts.

Courses in Anthropology (ANTH)

ANTH 1312. Cultural Anthropology.
In this course students examine the nature of cultural variation of populations in the present and recent past. Its subjects include social, political, economic, and ideological aspects of human cultures. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Soc & Behav Sciences Core 080|Multicultural Content
Grade Mode: Standard Letter
TCCN: ANTH 2351

ANTH 2414. Biological Anthropology.
This lecture and accompanying laboratory course examine fundamental aspects of the biological nature of humans using evolutionary theory. Course content is divided into topics devoted to the process of evolution, genetics, the primate order, osteology, human evolution, and variability and adaptation.
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Life & Phys Sciences Core 030|Lab Required
Grade Mode: Standard Letter
TCCN: ANTH 2401

ANTH 2415. Introduction to Archaeology.
This course covers the basic principles of archaeology. It includes a study of the kinds of sites; classification of stone artifacts; methods of archaeological survey and excavation; methods of dating by geological, faunal, and radiometric means; and the theoretical approach to archaeology. This course includes a weekly laboratory.
4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Lab Required
Grade Mode: Standard Letter

ANTH 3301. Principles of Cultural Anthropology.
This course is an ethnographically-based analysis of major theoretical positions and debates in contemporary anthropology. Prerequisites: ANTH 1312 with a grade of "D" or better and 60 hours of coursework. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3302. Introduction to Linguistic Anthropology.
This course provides an introduction to the study of linguistic anthropology. We will focus on the origin of language and its evolution and diversity, the interactions between language, culture and society, and modes of communication. This course will enhance a student's awareness of the complex interrelationships between language and other aspects of culture. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ANTH 3303. Applied Cultural Anthropology.
In this course students learn the methods applied cultural anthropologists use to address social problems such as poverty, sustainable development, conflict, climate change, community health, workplace and product design, education, and cultural heritage, as well as the value "thinking anthropologically" has for a wide range of careers.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3304. Bioarchaeology.
Bioarchaeology is the study of human skeletal remains in relation to the archaeological record. In this course students will study theories and methods used in the analysis of human skeletal remains in bioarchaeology to reconstruct patterns of subsistence, diet, disease, demography, biological relatedness, and physical activity of past populations. Prerequisite: ANTH 3381.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

ANTH 3305. Magic, Ritual and Religion.
An examination of magic and religion in cultures of the world with an emphasis on recent works dealing with mysticism and the occult. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ANTH 3306. World Prehistory.
This course presents a survey of the prehistoric human record throughout the world. It focuses upon the achievements of early and modern humans, world colonization events, and the development of complex societies.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3307. History of Evolutionary Thought.
This course discusses the impact of evolutionary discourse within the context of its history. Students will develop a thorough understanding of evolution and its importance to anthropology, as well as to other scientific disciplines. Prerequisites: ANTH 2414 with a grade of "D" or better and 60 hours of coursework. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3308. Cultural Resource Management and Archaeology.
This course surveys Cultural Resource Management (CRM) archaeology, the conservation and investigation of archaeological remains as mandated by federal and state laws. The course covers the history of CRM and its legal and regulatory framework, organization, methods, funding, employment prospects, and ethical and practical dilemmas. Prerequisite: ANTH 2415 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3309. Cultures Through Film.
Through films, lectures, and discussions, students explore the various ways that ethnographic film interprets the cultural environment and social interactions of small-scale cultures around the world. We will also discuss anthropological interpretations of how historically U.S. (American) culture has dealt with concepts of the “other” and supernatural phenomena through film. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ANTH 3311. Disease and Society.
In this course students examine infectious diseases and the effect they have on human societies. The course is organized into case studies of specific infectious diseases, which focus on the biology and epidemiology of a disease as well its social impact.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3313. Aztec: Native Americans and Empire.
This course presents an understanding of Aztec culture through archaeology, the interpretation of art, religion, and architecture, and the formation of a highly specialized and stratified society with an imperial administration. The course will emphasize an intellectual and religious outlook in intimate contact with the earth, sky, and the seasons.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3314. Latin American Cultures.
This course examines different aspects of Latin American indigenous cultures from a variety of theoretical perspectives in anthropology. Emphasis is on the Maya, and different theoretical perspectives provide different interpretations of data. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ANTH 3315. Archaeology of the Southwest.
An examination of the prehistory and early cultures of the Greater Southwest from the first arrival of humans as early as 20,000 years ago to the coming of the Spaniards in the 16th century. The course covers several mammoth kill sites at the end of the Pleistocene; the emergence of Archaic hunters and gatherers and the appearance of agriculture about two thousand years ago, leading to the three major cultures in the southwest-the Mogollon, the Hohokam and the Anasazi, the last in multistoried pueblos and cliff dwellings. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ANTH 3316. The Origin and Evolution of Human Behavior.
This course presents our current understanding of Old World Paleolithic Archaeology. The origin and evolution of hominid behavior, the initial colonization of the Old World, and the development of modern human behavior will be discussed for each continent. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ANTH 3317. Rock Art Field Methods.
This course will train students in rock art field methods. They will gain first-hand experience recording rock art sites through photography, field sketches, mapping, and written inventories. Students will generate a visual and written description of the art, which they will use to infer and explain past human behavior.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3318. Texas Archaeology.
This course will present our current understanding of Texas archaeology. The environmental and social contexts of prehistoric, protohistoric, and historic records of Native American and Spanish occupations in Texas are discussed. Prerequisite: ANTH 2415 with a grade of "D" or better. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ANTH 3319. Human Growth and Development.
In this course students focus on the life history of humans from birth to death, and consider how humans grow and change both biologically and psychologically over the course of their lives. Topics include life stages, sex differences, nutrition, environment, growth disorders, and the evolution of human growth.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3322. Peoples and Cultures of Africa.
This course is a general introduction to the contemporary peoples and cultures of Africa. Students will examine the social structure, economy, political systems, and religions of African cultures in the context of the radical economic and social transformations affecting the area. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ANTH 3324. Mexican American Culture.
An examination of the history and culture of Mexican Americans with an emphasis on the analytical concepts of culture, race, class, and gender. Lectures, films, and selected readings (including chapters from anthropological and literary books and journals) will be used to portray the diversity of Mexican American experiences in this country. Topics include religion, politics, economy, identity politics, popular culture, sexuality, marriage and the family. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ANTH 3325. Medical Anthropology.
This course focuses on how illness identities are culturally constructed, how adaptations or maladaptations to local environments affect health, how political and economic forces influence health and health behaviors, and how the practice of medical anthropology can contribute to solving urgent health issues around the world.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3327. Anthropology of Religion and Fundamentalism.
This course provides students with current and historical approaches to the anthropology of religion with a particular emphasis on fundamentalism. It focuses on the development of religious fundamentalism in different cultural contexts, geopolitical situations, and religious traditions.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3328. Primate Cognition.
In this course students investigate historical and current views regarding the cognitive capacities of nonhuman primates, and the extent to which these abilities are shared with humans. Topics include social cognition, numerical cognition, problem solving, tool use, culture, communication, theory of mind, deception, selfrecognition, and imitation. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3329. Comparative Juvenile Behavior.
This course will give students a thorough understanding of the comparative method through examples from the development of juvenile animals. It will introduce students to socioecology, neurobiology, and life history markers, with information that they can apply across disciplines. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3330. Curation of Archaeological Materials.
This course provides students with the skills to prepare archaeological materials for curation, which includes the processes and techniques used to stabilize and preserve organic and inorganic materials. This training can be used to gain certification in the field of archaeological curation. Prerequisite: ANTH 2415.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

ANTH 3331B. Anthropology in Practice.
This course introduces students to the application of anthropological ideas, methods, and skills in multiple employment sectors. Students will develop key job skills in communication, team work, networking, professional development, and project management.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ANTH 3331D. Dental Anthropology and Oral Biology.
The biological development of the cranio-facial structures will be presented with emphasis on hard tissue anatomy and diseases. Dental traits will be discussed in relation to human evolutionary concepts. Forensic methods that support identification of human remains are emphasized. This course is appropriate for anthropology students and pre-professional dentistry. Prerequisite: ANTH 2414, ANTH 3381, or BIO 1330/1130 or permission of the instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ANTH 3331E. Anthropology and the Law.
This course explores the role of law as an instrument of social change, justice, and human rights. Topics include law as a social system, understanding legal reasoning, identifying key actors, how law influences change, how law is depicted in popular culture, and how law influences anthropological research.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ANTH 3332. Myths and Moundbuilders.
This course presents an anthropological approach to Native Americans of the Southeastern United States, their culture and beliefs. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ANTH 3335. The Anthropology of Native American Belief Systems.
In this course students use anthropological approaches to investigate past and present Native American belief systems in order to determine the temporal range and evolving complexity of Native American religious and ritual expression.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3336. Community Research Project.
This course gives students the opportunity to conduct hands-on anthropological research on a variety of topics in local or other communities. Students will undertake individualized research projects designed in conjunction with the professor. Students must consult with the professor prior to enrollment to design the research project and receive approval.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3337. Language and Linguistics.
This course is concerned with the theoretical and methodological study of language, what constitutes the knowledge of a language, how this knowledge is acquired, and how it is used. Other areas of interest include the properties of human language, its representation in the mind, learnability, origin, and change.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3338. Geoarchaeology.
This course will teach students how to interpret sediments and the nature of sediment accumulation at archeological sites. Course topics include sedimentology, natural depositional environments, weathering processes and soil development, stratigraphic analysis, and archaeological site formation processes. Prerequisite: ANTH 2415 or GEOL 1410 all with a grade of "D" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3339. Contemporary Film and Global Culture.
This course examines the relationship of recent film to both national culture and our increasingly globalized world culture. It focuses on the relationship between the creators of film, their intended audiences and the cultural context of both of these. It explores the way that film relates to current issues.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3340. Human and Primate Origins.
An examination of the long and diverse record of human and nonhuman biological adaptations as viewed from the fossil record. It examines the functional and ecological challenges that may have been responsible for the path of human development.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3342. Primate Behavior.
In this course, students will learn about the behavior, ecology and conservation of nonhuman primates (lemurs, lorises, monkeys, and apes).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3343. Human Variation and Adaptation.
This course examines the physical variation observable within and between human populations. It emphasizes a functional approach whereby variation is examined in relation to biological adaptation. It explores the biological mechanisms responsible for change and evaluates the potential of biological components in human behavior.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3345. Archaeology of Mexico.
This course examines the development of culture from early hunters and gatherers through the appearance of agriculture to the rise of civilization. The focus of the course is on the emergence of complex society among groups such as the Olmec, Aztec, and Maya. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ANTH 3347. Archaeology of North America.
This course describes human settlement of North America from the end of the Pleistocene to European discovery. It considers early occupation of arctic, plains, and forested regions and development during archaic times of Adena, Hopewell, and Mississippian societies in the Southeast and Mogollon, Hohokam, and Anasazi in the Southwest. Prerequisite: ANTH 2415 with a grade of "D" or better.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3348. Rainforest Ecology.
In this course, students will learn about the ecology and conservation of rainforest flora and fauna, with particular emphasis on primates.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3349. The Incas.
The Incas were the largest Pre-Columbian empire in the Americas and this course will explore the origins of this civilization and how they conquered such a large area of South America. Using archaeological and historic information the class will examine various aspects of Inca society including religion, economics, and kingship.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3350. Gender and Sexuality in Cross-cultural Perspective.
This course examines historical and contemporary issues related to gender and sexuality from a global, cross-cultural perspective. It will focus on cultural constructions of gender and sexuality, including gender stratifications, biology and evolution, families and kinship, work, sex work, diverse sexualities, media representations, and domestic and sexual violence. (MULT).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content
Grade Mode: Standard Letter

ANTH 3351. Anthropology of Peace and Violence.
This class explores anthropological perspectives on peace and violence. It focuses on understanding violent practices within both traditional and current day societies including everyday violence and warfare. It explores the contributions of social structure, gender, religion, race, and ethnicity to violence. It examines efforts to build peace and reconciliation.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ANTH 3352. Language and the Body.
This class focuses on how language shapes our identities and deeply held beliefs about our bodies. Students will have an opportunity to engage in discourse analysis of media representations as well as collect and analyze their own conversational data using the methods of linguistic and cultural anthropology.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3356. Archaeology of Andean Civilizations.
This course examines the cultures of the Andes Region of South America with an emphasis on pre-Columbian and contemporary peoples of the area.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3360. Economic Anthropology.
Reviews central issues in economic anthropology, using both case studies and theoretical writings. Analyzes production, exchange, distribution, consumption,property, economic surplus, inheritance, and types of economic structure. Materials will cover huntergatherer societies, simple agricultural societies, pre-capitalist complex state societies, and issues of development in nonindustrialized countries.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3361. Archaeological Field Methodology.
In this course students will learn about planning, organizing, and carrying out archaeological field investigations from survey to excavation to specialized data recovery. The focus is on the research strategies, techniques and logistics necessary to design and accomplish successful field research. Prerequisite ANTH 2415 with a grade of "D" or better. (WI).
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3363. The Art and Archaeology of the Olmec.
This course will present our current understanding of the art and archaeology of the Olmec culture, the earliest known civilization in North America. The Olmec culture is considered the influential foundation for later Mesoamerican civilizations such as the Maya and the Aztec.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 3364. Biological Basis of Human Behavior.
Students in this course evaluate studies on the biological basis of human behavior and explore the question of whether behavioral patterns are genetically fixed. It includes popular and scientific approaches to themes such as the evolution of human behavior, biology and behavior, race and racism, biological determinism, and human universals.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3375C. Historical Archaeology.
This course is a survey of historical archaeology methods and theories that will intensively examine current trends in historical archaeology. Students will also be exposed to the material culture from historic period archaeological sites in Texas and North America.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ANTH 3375D. Human and Non-human Primate Evolutionary Anatomy.
This course is designed to give students an anatomical background to the study of human evolution with a focus on the comparative anatomy of apes, living humans, and fossil hominins.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ANTH 3375E. Anthropology of Youth.
This class will provide an overview of issues in adolescent and emerging adult health and development in national and international contexts. Drawing from several disciplines including anthropology, education, public health, psychology, and sociology, we will critically examine existing research on youth and discuss underlying assumptions, research methodologies, and findings.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ANTH 3375G. Human Structure and Function.
In this course, students study the structure and basic function of the human body with emphasis on the skeletal, muscular, and nervous systems. This course provides a basis for other courses in biological anthropology.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter

ANTH 3380. Forensic Anthropology.
Forensic Anthropology is the recovery and analysis of human skeletal remains for modern legal inquiry. This course is an overview of the field of Forensic Anthropology illustrated with real forensic cases.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3381. Human Osteology.
The foundation of biological anthropology is the study of the human skeleton. This is a lab-intensive course in which students will learn how to identify skeletal elements, both whole and fragmentary.
3 Credit Hours. 1 Lecture Contact Hour. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 3382. Archaeology of the Earliest Americans.
Precisely when the first people arrived in the Americas, where they came from, and how they got here are the subjects of longstanding debate. In this class we will draw upon archaeological, biological, linguistic, and environmental evidence to reconstruct the earliest human prehistory of the New World.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 4303. Human Speech Sounds.
This course is an introductory overview of human speech production and perception from an anthropological perspective. It describes speech anatomy and pays particular attention to the description of the acoustic and articulatory properties of speech as it occurs in real time. Students will study articulatory, acoustic, and auditory phonetics.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 4304. Language, Culture and Society.
This course seeks to introduce students to the fundamentals of linguistic anthropology, and the use of linguistics in anthropological fieldwork through lecture, discussion, and "hands on" class exercises.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 4309. Culture, Medicine and the Body.
This course explores how the human body, functions of the body, and the practices of medicine and healing are situated and contextualized within cultural frameworks. Case studies cover body and health-related topics over the life course, from birth to death. (WI) Prerequisite: ANTH 3325 with a grade of "D" or better, or permission of the instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 4310. Theories and Issues in Anthropology.
This course explores major theoretical and historical developments in anthropology, highlighting the discipline's unique four-field perspective that includes archaeology, biological and cultural anthropology, and anthropological linguistics. Topics stress the importance of anthropological thought in key scientific discoveries and cultural debates. Prerequisites: ANTH 1312 with a grade of "D" or better and 60 hours of coursework.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 4315. Archaeological Artifact Identification and Analysis.
This course will train students to describe and analyze artifacts commonly recovered from archaeological sites. Current theories covering the production and analysis of chipped and ground stone tools, ceramics, bone and other materials will be presented, and scientific analytical methods discussed. Prerequisites: ANTH 2415 with a grade of "D" or better and one additional archaeology course.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 4320. Rise of Civilization.
This course consists of a definition of civilization and its components, its geographic setting, and the roles of religion, art, and the institution of the "Divine King" in the development of dynamic state societies in Egypt, Sumeria, the Indus Valley, and China in the Old World and that of the Olmec in Mexico and Chavin in Peru. (MULT) (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Multicultural Content|Writing Intensive
Grade Mode: Standard Letter

ANTH 4326. Field Methods in Forensic Anthropology.
In this course students will learn how to locate, excavate and recover human remains, associated personal effects, and other materials in order to ensure legal credibility for all recoveries. Prerequisite: ANTH 4382.
3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 4337. Theory in Linguistic Anthropology.
In this course students will be introduced to the major theories of linguistics through reading and discussing classic and contemporary literatures. Particular attention will be given to how the various theories have influenced linguistic anthropology. Prerequisites: ANTH 1312 or ANTH 3302 with a grade of "D" or better and 60 hours of coursework. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 4339. Theoretical Concepts in Archaeology.
This course provides a broad survey of theory in archaeology as it is practiced throughout the world. It includes both historical perspectives and contemporary usage. Prerequisites: ANTH 2415 and 60 hours of coursework. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 4360. Directed Study.
A one-semester course of independent reading, tutorial sessions, and individual research projects. Open to superior students by invitation of the professor and with the consent of the chair of the department. May be repeated for credit with permission of instructor.
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing
Grade Mode: Standard Letter

ANTH 4361. Field Methods in Cultural Anthropology.
This course teaches students how to conduct field research in cultural anthropology. Topics include research ethics, problem formulation, participant observation, interviewing, and other techniques for data collection and analysis. Students will conduct their own field research project under the instructor's supervision. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 4363. Methods in Primate Research.
In this course, students will learn about the methods used to study primates in captive and field settings.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

ANTH 4381. Paleopathology.
This course focuses on the study of diseases and maladies of ancient populations, and will survey the range of pathology on human skeletons from trauma, infection, syphilis, tuberculosis, leprosy, anemia, metabolic disturbances, arthritis, and tumors. Prerequisite: ANTH 3381 with a grade of "C" or better. (WI).
3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Writing Intensive
Grade Mode: Standard Letter

ANTH 4382. Methods in Skeletal Biology.
This course is for students who wish to advance their osteological skills. Students will learn how to identify isolated and fragmentary skeletal remains to estimate age, sex, ancestry, stature, and health of an individual in past and present contexts. Prerequisite: ANTH 3381.
3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.
Grade Mode: Standard Letter

ANTH 4390. Internship in Anthropology.
This course provides students with professional development through work or research-related experience. After consulting the internship coordinator, students choose placements matching their interests and develop individualized internship contracts. Interns meet to discuss career preparation and anthropological topics related to each intern's activities, keep a journal, and submit a final report. Prerequisite: A minimum 2.5 GPA in major, and permission of instructor.
3 Credit Hours. 1 Lecture Contact Hour. 8 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive
Grade Mode: Standard Letter

ANTH 4600. Bioarchaeology Field and Laboratory Methods.
In this course students will be trained in the documentation, contextual assessment, and recordation of human skeletal remains in bioarchaeological settings. Students will engage in research projects, gaining practical laboratory and field experience. Prerequisite: ANTH 3381 with a grade of "D" or better or Permission from the Instructor.
6 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.
Grade Mode: Standard Letter

ANTH 4630. Archaeological Field School.
This course is designed to train students in the skills and techniques of modern archaeological survey and excavation of prehistoric sites. May be repeated for credit, but only six hours may be applied toward the major.
6 Credit Hours. 6 Lecture Contact Hours. 0 Lab Contact Hours.
Course Attribute(s): Exclude from 3-peat Processing|Lab Required
Grade Mode: Standard Letter

Bachelor of Arts (B.A.) Major in Anthropology

Minimum required: 120 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (p. 67) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
