## About University College

University College, formerly known as The College of General Studies, was established in 1983. The College was created to provide an academic home for the advisement of undecided majors and to provide an administrative structure for coordination and oversight of the University's General Education curriculum.

## Message from the Dean of University College

Congratulations to the more than 150 of you who earned placement on the University College Dean's List in Fall 2010. While most of you will not graduate as part of University College, we are proud that you are starting out as conscientious and capable students.

As you continue to pursue your undergraduate education, reflect upon your accomplishments, make choices that will ensure your continuing your success, and set personal goals to graduate with academic honors we recognize by their Latin labels: *cum laude*, *magna cum laude*, and *summa cum laude*. Most importantly, be a significant member of the Texas State academic team by challenging your other students and your professors to create a memorable and remarkable education for intellectual growth at Texas State.

You have become the latest of Texas State's Rising Stars.

Dr. Ron Brown
