SECTION 1 – GENERAL INFORMATION & REQUIREMENTS

1.1 GENERAL INFORMATION: The Texas State University System (“Owner”), on behalf of Texas State University, is soliciting Statements of Qualifications (“Qualifications”) for the selection of an Architect/Engineer (“A/E”) firm for design of the Bobcat Stadium - End Zone Complex Expansion project (“Project”) on the Texas State University, San Marcos, Texas campus, in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications (“RFQ”). Prospective A/E firms are hereinafter referred to as “Respondents”.

1.1.1 Collecting Qualifications in response to this RFQ is the first step in selecting an A/E firm. This RFQ provides the information necessary for Respondents to prepare and submit Qualifications for consideration by the Owner. In the next step the Owner will determine an initial ranking of the Respondents. If the initial ranking of the Respondents is reasonably conclusive, the Owner may make a “most qualified” selection based upon the written Qualifications only. If not, then the Owner may conduct interviews with a “short list” of Respondents.

1.1.2 The Owner may select up to five (5) of the top ranked qualified Respondents to participate in an interview with the Owner to confirm and clarify the Qualifications submitted and to answer additional questions. The Owner will then rank the interviewed Respondents in order to determine a single most qualified Respondent.

1.1.3 After selecting the most qualified Respondent the Owner will negotiate the detailed professional services to be provided by the A/E and a suitable fee for those services. The Owner will request a fee proposal from the most qualified Respondent, with supporting information demonstrating that the requested fee is justified by the level of effort (and related personnel costs) required to provide the services necessary for the design of the Project. Potential Respondents should be aware that, except in unusual cases, the Owner does not consider billable time incurred while traveling to and from the Project site, Owner’s offices, or Board of Regents meetings, as necessary to the completion of the Project. Potential Respondents whose offices are located where such time-consuming travel will be regularly required in the performance of services for the Project, should consider this policy when deciding whether or not to submit their Qualifications.

1.2 PUBLIC INFORMATION: All information, documentation, and other materials submitted in response to this solicitation are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (Texas Government Code, Chapter 552.001, et seq.) after the solicitation is completed. The Owner complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of RFQ information. Additionally, pursuant to the provisions of Texas Government Code Section 2261.253, the contract resulting from this solicitation will be posted on the Owner’s website.

1.3 TYPE OF CONTRACT: Any contract resulting from this solicitation will be in the form of the Owner’s Standard Architect/Engineer Agreement, a copy of which is posted on Owner’s website.
The Agreement should be viewed as a draft and is subject to change.

1.4 CLARIFICATIONS AND INTERPRETATIONS: Discrepancies, omissions or doubts as to the meaning of RFQ documents shall be communicated in writing to the Owner for interpretation. Any responses to inquiries, clarifications, or interpretations of this RFQ that materially affect or change its requirements will be posted by the Owner as written addendum. All such addenda issued by the Owner before the proposals are due, become part of the RFQ. Respondents shall acknowledge receipt of and incorporate each addendum in its Qualifications. Respondents shall be required to consider only those clarifications and interpretations that the Owner issues by addenda. Interpretations or clarifications in any other form, including oral statements, will not be binding on the Owner, and should not be relied on in preparing Qualifications. It is the responsibility of all Respondents to check the status of formal addenda five (5) days prior to the submittal deadline. The deadline for the receipt of written questions and submittal deadline is stated in Section 2.5.

1.4.1 ADDENDA AND AWARD INFORMATION, WILL BE ISSUED BY THE OWNER FOR THIS RFQ VIA THE ELECTRONIC BUSINESS DAILY WEBSITE AT THE FOLLOWING LINK: http://www.txsmartbuy.com/sp REFERENCE “BOARD OF REGENTS/TEXAS STATE UNIVERSITY SYSTEMS – 758” AND THE RFQ NUMBER PROVIDED IN THIS RFQ.

1.5 SUBMISSION OF QUALIFICATIONS:

1.5.1 The Qualifications must be received at the address specified in Section 1.5.2 prior to the date and time deadline. Please note that overnight deliveries such as FedEx and UPS arrive at a central campus location but are not usually delivered to the specified location until after the time deadline. Respondents are advised to use other methods of delivery or, if using an overnight delivery service, to send the Qualifications a day earlier than usual. The Owner will not consider any response to this solicitation that is not received at the address specified by the deadline, regardless of whether it has been received by the University.

1.5.2 DEADLINE AND LOCATION: The Owner will receive Qualifications and HSP Plans for RFQ No. 758-22-09094 at the time and location described below.

1.7 EVALUATION OF QUALIFICATIONS: The evaluation of the Qualifications shall be based on the requirements described in this RFQ. All properly submitted Qualifications will be reviewed, evaluated, and ranked by a Selection Committee appointed by the President of Texas State University, or their designee. Typically, that committee will include both future users of the facilities developed by the Project and facilities professionals, as well as representation from Texas State University System Administration. The top five (5) or fewer ranked Respondents may be selected by the Owner for further consideration by participating in an interview wherein Qualifications will be presented and examined in further detail and where questions will be posed by the Selection Committee and answered by the Respondent.

1.7.1 Qualification submittals should not include any information regarding Respondent’s proposed fees, pricing, or other compensation considerations as these will not be a factor in the selection of the most qualified Respondent.

1.8 OWNER’S RESERVATION OF RIGHTS: The Owner may evaluate the Qualifications based on the anticipated completion of all or any portion of the Project. The Owner reserves the right to divide the Project into multiple parts, to reject any and all Qualifications and re-solicit for new Qualifications, or to reject any and all submissions and temporarily or permanently abandon the Project. Owner makes no representations, written or oral, that it will enter into any form of agreement with any Respondent to this RFQ for any project and no such representation is intended or should be construed by the issuance of this RFQ.

1.9 ACCEPTANCE OF EVALUATION METHODOLOGY: By submitting its Qualifications in response to this RFQ, Respondent accepts the evaluation process and acknowledges and accepts
that determination of the “most qualified” firm(s) will require subjective judgments by the Owner. Determinations by the Selection Committee will be subject to routine administrative review by the Owner’s executive officers but, once a selection is announced, it will not be subject to further review.

1.10 NO REIMBURSEMENT FOR COSTS: Respondent acknowledges and accepts that any costs incurred from the Respondent’s participation in this RFQ shall be at the sole risk and responsibility of the Respondent.

1.13 HISTORICALLY UNDERUTILIZED BUSINESSES’ SUBMITTAL REQUIREMENTS: It is the policy of the Owner and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUB) in all contracts. Accordingly, specific plans and representations by Respondents that appear to facilitate the State’s commitment to supporting HUB enterprises are required in the selection process. Failure to submit specific plans and representations regarding HUB utilization, or failure to address the subject at all, will be interpreted by the Selection Committee as an intention not to support the program and will disqualify the Respondent. A HUB Subcontracting Plan (HSP) is required as a part of the Respondent's Qualifications.

1.13.1 The HSP information may be downloaded from the Texas State Comptroller’s website at the following URL link: https://comptroller.texas.gov/purchasing/vendor/hub/forms.php

acknowledges that this contract may be terminated, and payment withheld if this certification is inaccurate." If a state agency determines that an individual or business entity holding a state contract was ineligible to have the contract accepted or awarded as described above, the state agency may immediately terminate the contract without further obligation to the vendor. This section does not create a cause of action to contest a proposal or award of a state contract.

1.15 **SALES AND USE TAXES:** Section 151.311, *Texas Tax Code,* permits the purchase free of state sales and use taxes of tangible personal property to be incorporated into realty in the performance of a contract for an improvement to realty for certain exempt entities that include the Owner. The section further permits the purchase tax-free of tangible personal property (other than machinery or equipment and its accessories and repair and replacement parts) for use in the performance of such a contract if the property is "necessary and essential for the performance of the contract" and "completely consumed at the job site." In addition, the section permits the purchase tax-free of a tangible service for use in the performance of such a contract if the service is performed at the job site and if "the contract expressly requires the specific service to be provided or purchased by the person performing the contract" or "the service is integral to the performance of the contract."

1.16 **CERTIFICATION OF FRANCHISE TAX STATUS:** Respondents are advised that the successful Respondent will be required to submit certification of franchise tax status as required by State Law (*Texas Tax Code* Chapter 171). The contractor agrees that each subcontractor and supplier under contract will also provide a certification of franchise tax status.

1.17 **DELINQUENCY IN PAYING CHILD SUPPORT:** Under Section 231.006, *Texas Family Code,* the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

1.18 **STATE REGISTRATION OF ARCHITECTURAL FIRMS:** Respondents are advised that the Texas Board of Architectural Examiners requires that any entity (including architects, landscape architects and interior designers) providing architectural services (including architects, landscape architects and interior designers) to the public must register with the Texas Board of Architectural Examiners. An entity is defined as a sole proprietorship, firm, partnership, corporation, or joint stock association. The Texas Board of Architectural Examiners, 333 Guadalupe Street, Suite 2-350, Austin, Texas 78701, telephone (512) 305-9000, has jurisdiction, over individuals licensed under the Architects’ Registration Law, Chapter 1051, *Texas Occupations Code.*

The cybersecurity training program must be completed during the term and any renewal period of this Agreement. A/E shall verify in writing completion of the

Respondent acknowledges that such a vaccine or recovery requirement would make Respondent ineligible for a state-funded contact and shall be grounds for termination of this Agreement for cause.

1.26 CRITICAL INFRASTRUCTURE AFFIRMATION: Pursuant to Section 2274.0102, Texas Government Code, Respondent certifies that neither it nor its parent company, nor any affiliate of Respondent or its parent company, is (i) majority owned or controlled by citizens or governmental entities of China, Iran, North Korea, Russia, or any other country designated by the Governor under Section 2274.0103, Texas Government Code, or headquartered in any of those countries.

SECTION 2 – EXECUTIVE SUMMARY

2.1 HISTORICAL BACKGROUND: In 1885, an 11-acre plot of land was purchased by the city of San Marcos to organize a Chautauqua. For approximately ten years the Chautauqua was an important educational force, offering education and entertainment to those attending. At the same time that the Chautauqua was faltering in the 1890s, the State of Texas saw an increasing need for a Normal School to help solve the shortage of public school teachers. In 1899 the State Legislature authorized the establishment of a Normal School in San Marcos if the citizens would furnish the land. The City of San Marcos donated 11-acres, known as Chautauqua Hill, to the State of Texas to serve as the site for the proposed Normal School. In 1901, the Legislature accepted the gift of land and appropriated funds for the creation of the Normal. Work on the Main Building began in 1902, and in the fall of 1903 the Southwest Texas State Normal School opened with 17 faculty and 303 students.
Over the years the Texas Legislature broadened the institution’s scope and changed its name successively to Southwest Texas State Normal College (1918), Southwest Texas State Teacher’s College (1923), Southwest Texas State College (1959), and Southwest Texas State University (1969). As the University evolved, it saw itself becoming more than a regional university and the name was changed to Texas State University–San Marcos (2003). Finally, the name was changed to eliminate the city reference and the institution became Texas State University (2013). The University changed from offering only teaching certificates in 1903 to a prominent institution by 2013 offering 97 undergraduate, 88 masters and 12 doctoral degree programs. While teacher preparation remains an important responsibility, the scope of the university programs has greatly expanded its prestige, prominence, and recognition. The student population has now exceeded 36,750 making it the fourth largest university in the State of Texas. The original San Marcos core campus has grown from 11 acres to 457 acres. The university also includes 5038 additional acres of farm, ranch, residential and recreational areas and 101 acres at the Round Rock Campus.

In January 2012, the Texas Higher Education Coordinating Board (THECB) reclassified Texas State University as an Emerging Research University. In light of its new classification, the university developed a long-term research strategic plan for achieving recognition as a National Research University. Texas State University remains deeply committed to undergraduate student success, even as the university broadens its mission to include doctoral programs and an expanded research agenda.

2.2 MISSION STATEMENT: Texas State University is a doctoral-granting, student centered institution dedicated to excellence and innovation in teaching, research, including creative expression, and service. The university strives to create new knowledge, to embrace a diversity of people and ideas, to foster cultural and economic development, and to prepare its graduates to participate fully and freely as citizens of Texas, the nation and world.

2.3 PROJECT DESCRIPTION, SCOPE, AND BUDGET: Construction of a new 7,600 GSF weight room and nutrition center which includes a new alumni pavilion and deck on the roof of the building. Interior renovations include expansion to the existing locker room, new breakout team rooms, new player lounge, a new third level donor suite, installation of a new elevator, and connections to the east and west concourse levels.

The design and construction team selected will be required to provide the University with ideas, concepts, options, and constructability management objectives to enhance the published feasibility documents and provide cost value recommendations to the project.

The total Construction Cost Limitation for the project is $24,000,000.

2.4 FACILITY PROGRAM: Feasibility documents are available at: https://gato-docs.its.txstate.edu/jcr:27daac8c-5d48-47cd-bbe2-05a429cb7422/TxSt_Bobcat_Stadium_EZC_Rendering_and_Plan_Sketch.pdf
