## Manufactured Home Evictions: Writ of Possession

- The procedures for posting the warning notice and executing the writ of possession are the same as all other eviction cases.

## Officer Safety

### STAY ALERT!

- Evictions and Writs of Possession can be highly emotional and stressful situations!
  - Be aware of your surroundings (people, weapons, hazards)
  - Always have AT LEAST 2 OFFICERS present when executing a Writ of Possession. Have more officers present if necessary (known drug houses, violent tenants, felons, sovereign citizens)
  - Protect the landlord and his representatives
  - Protect the locksmith if the door must be drilled to make entry

# Professionalism & Respect

- **Keep it civil:**

- It's bad enough you're removing someone from their home.
- Don't add guilt or embarrassment to the situation.
- You're not there to judge or chastise the tenant or to let anyone else do that.

Act in a **PROFESSIONAL** manner and expect the same from others around you. It may help prevent a complaint or lawsuit from being filed against you.

# Supreme Court Emergency orders that are in effect

# CDC Moratorium

# Writ of Possession breakouts

## Scenario 1

- A writ of possession has been issued by the court. You go to post the notice and see that the tenant has already moved out of the house. What do you do?

## Scenario 2

- You have a writ of possession to execute and you've scheduled it with the landlord. On the day of execution, you show up to the address and only the landlord is present. The house is full of property, the tenants are not there, and the landlord didn't bring anyone to help him.

## Scenario 3

- You're executing a writ of possession on an apartment. In the apartment you find a mattress, a couch, fast food wrappers, a bong, a bottle of prescription medication, porn, an ice chest full of warm beer, a half used can of paint, and .22 caliber rifle. What is done with each item?

## Scenario 4

- You receive a writ of possession to be executed on a section of land that defendant has rented to graze cattle on. There are no buildings on the land, only 6 acres of fenced in land with 20 head of cattle, an old truck, and a John Deere tractor on it.
